No.F. 4-36/86(2012)-Acad.

Ansari Nagar, New Delhi-29.
Dated the 16-1-2013

Extract from the minutes of the Faculty meeting held on
1-1-2013

Item No.3 The Dean shared her observation regarding poor attendance of residents in CCR and CGR. She appealed to all faculty members to encourage their resident doctors and students to attend the CCR/CGR.

in kind personal to
approval

The matter was discussed and following suggestions were made by Faculty members to improve attendance in CCR/CGR:

Sun
4/1/13

i) There should be an electronic display board which displays the schedule of CCR/CGRs. This should be fixed in the main foyer so that all are aware of the upcoming academic events.

Sub Dean
7/1/13

ii) In the orientation programmes for the residents at the time of their joining, they should be informed about CCR/CGR rounds so that they are aware from the very beginning about these academic activities.

Dean pl
9/1/13

iii) It was proposed that we may consider sending sms/email to residents few days in advance.

Director pl

iv) Faculty members proposed that we should work out the systems of incentives as well as disincentives for residents to encourage participation in these programmes. It was also proposed that we may consider getting credit hours for attending CCR/CGRs. This may work as an incentive for residents to attend these activities. Some of the Faculty members pointed out that sometimes there are last minute cancellation of these events by the department. To discourage this trend, the defaulting departments should not be allotted slots for CCR/CGR for next for 1-2 years from
