# 64th AIIMS ANNUAL REPORT 2019–2020

शरीरमाद्यं खलु धर्मसाधनम्

ALL INDIA INSTITUTE OF MEDICAL SCIENCES

NEW DELHI - 110029

**Edited jointly by:**

Dr Sandeep Agarwala, Department of Paediatric Surgery

Dr Nasreen Akhtar, Department of Physiology

Dr Dalim Baidya, Department of Anaesthesiology, Pain Medicine and Critical Care

Dr Neetu Bhari, Department of Dermatology and Venereology

Dr Anjan Dhua, Department of Paediatric Surgery

Dr Rakesh Garg, Department of Oncoanaesthesia, Dr B.R. Ambedkar IRCH

Dr Vivek Gupta, Dr R.P. Centre for Ophthalmic Sciences

Dr Tony George Jacob, Department of Anatomy

Dr Sidharth Jain, Department of Urology, JPNA Trauma Centre

Dr Rajeev Kumar, Associate Dean (Academics) and Department of Urology

Dr Vipin Kumar, Department of Paediatric Surgery

Dr Rakesh Lodha, Department of Paediatrics

Dr R. Lakshmi, Department of Cardiac Biochemistry

Dr Sanjeev Lalwani, Registrar and Department of Forensic Medicine, JPNA Trauma Centre

Dr Kalpana Luthra, Department of Biochemistry

Dr Purva Mathur, Department of Laboratory Medicine, JPNA Trauma Centre

Dr Rashmi Ramachandran, Department of Anaesthesiology, Pain Medicine and Critical Care

Dr Peush Sahni, Department of Gastrointestinal Surgery and Liver Transplantation

Dr Siddharth Sarkar, National Drug Dependence Treatment Centre

Dr Pratap Sharan, Department of Psychiatry

Dr Alpana Sharma, Department of Biochemistry

Dr Deepti Vibha, Department of Neurology, Neurosciences Centre

Ms Neetu Priya, Librarian

The Hindi translation was done and supervised by the AIIMS Hindi Section led by Mr P.S. Tomar

## **All India Institute of Medical Sciences**

The All India Institute of Medical Sciences (AIIMS) was established in 1956 as an institution of national importance by an Act of Parliament to develop patterns of teaching in undergraduate and postgraduate medical education in all its branches so as to demonstrate a high standard of medical education to all medical colleges and other allied institutions in India; to bring together in one place educational facilities of the highest order for the training of personnel in all important branches of health activity and to attain self-sufficiency in postgraduate medical education.

The Institute has comprehensive facilities for teaching, research and patient care. AIIMS conducts teaching programs in medical and para-medical courses both at the undergraduate and postgraduate levels and awards its own degrees. Teaching and research is conducted in nearly 100 disciplines. AIIMS is a leader in the field of medical research with over Rs 100 crores in extramural grants received by its researchers in a year. AIIMS also runs a College of Nursing.

Various departments and centres manage practically all types of disease conditions with support from para-clinical departments. AIIMS also runs a 50-bedded hospital and the Comprehensive Rural Health Centre at Ballabgarh in Haryana and provides health cover to nearly 8 lakh people through the Centre for Community Medicine.

# AIIMS AT A GLANCE 2019–2020

Year of establishment 1956

Teaching Departments and Centres	42+7	Medical graduates	3275
Faculty members (Sanctioned 1095)	759	Postgraduates	10915
Non-faculty staff (Sanctioned 12,318)	10,189	Nursing/paramedical graduates	3454
Undergraduate students	940	Publications in journals/abstracts	2764
Postgraduate students	1966	Chapters in books/books	340

## Hospital Services

## 1. Director's Review

I feel privileged to present the Sixty-fourth Annual Report and audited statement of accounts for the year 2019–2020.

All India Institute of Medical Sciences (AIIMS), New Delhi was established in 1956 by an Act of the Indian Parliament to serve as the nucleus for nurturing excellence in medical education and all aspects of health care. It is recognized globally as India's best medical institution that combines purposeful medical education, innovative biomedical research and humane healthcare. The Institute's excellence is a collective effort of thousands of faculty members, nursing personnel, scientists, engineering staff, technicians, sanitation and health attendants and above all the energy of the youth represented by students. I am privileged to lead and serve this exceptional institution and to highlight some of its extraordinary work in this report.

### **Integrated Infrastructure: 'One-AIIMS'**

To stay relevant in a changing world, institutions must continuously reinvent themselves. AIIMS, New Delhi has initiated work on its redevelopment plan to emerge as a world class university and state-of-the-art healthcare facility. The Rs 10,345 crore plan will more than double the capacity of the hospital from the existing 2,084 beds to about 5,000 beds. The integrated 'one campus' will answer to all the investigative, therapeutic, operative, rehabilitative, and vocational needs of the patients and academic and research needs of scholars and students.

The outpatient department (OPD) at AIIMS, New Delhi was shifted to a new facility in Masjid Moth to decongest the existing outpatient services. The new spacious (93,000 square metre) eight-storey OPD building can cater to more than 10,000 patients daily. It is disability friendly with provision of lifts and ramps, and dedicated registration counters, cubicles and toilet facilities. The Department of Laboratory Medicine has developed an integrated automated robotic laboratory—'SMART Lab'—in the new OPD block. This laboratory is equipped with state-of-the-art automated analysers, which are integrated with a pre-analytical system to minimize the human interface and a post-analytical archival system for systematic sample storage and retrieval. The core laboratory facility is automated and will handle more than 2 lakh tests every day.

A new emergency section was added to the Jai Prakash Narayan Apex Trauma Centre (JPNATC) to cater to more patients. This new section has the provision for an operation theatre and a seminar hall for academic activities.

An Interventional Bronchoscopy and Pulmonology Laboratory has been set up in the Department of Pulmonary Medicine and Sleep Disorders. This is equipped with advanced bronchoscopic sampling techniques, therapeutics in pulmonology, and medical thoracoscopy.

The Department of Microbiology obtained a National Accreditation Board for Testing and Calibration Laboratories (NABL) accreditation.

### **Education**

The continued emphasis on a unique organizational culture, intense academic training and exposure to world class research has helped AIIMS, New Delhi in becoming a premier teaching institution. For the third time in a row, it has topped in the medical category in the National Institutional Ranking Framework (NIRF 2019) of the Ministry of Human Resource Development.

To prepare for the challenges and opportunities that lie ahead, we continue to creatively build foundations for the future by nurturing a diverse community of leaders committed to alleviating human suffering and promotion of health. With its 7 centres comprising of various teaching departments and facilities and 42 stand-alone Departments, and a manpower of over 10,000 including over 700 faculty members, AIIMS, New Delhi produces a large number of medical graduates, specialists (MD/MS), super-specialists (DM/MCh), PhD scholars and allied health and basic sciences experts, including nurses and paramedical professionals. During the year, we enrolled 748 scholars in various postgraduate courses. The Institute also provided postgraduate training to 467 short-term trainees. AIIMS, New Delhi continued to play a mentorship role for the other AIIMS.

AIIMS, New Delhi exposes clinician and science leaders working in healthcare fields to the real-world settings of medicine and to new trends in science and health care delivery. The institute offered Continuing Medical Education to thousands of physicians and healthcare professionals to help improve skills, knowledge and performance. We

organized/hosted over 180 workshops, symposia, conferences and training programmes in collaboration with various national and international agencies. The Centre for Medical Education and Technology (CMET) at AIIMS, New Delhi organized 53 in-house training programmes for different staff members.

Pursuit of excellence requires immersion in collaborative cultures. AIIMS, New Delhi has MoUs with the Harvard University, Stanford University, and University of Michigan in the USA; University College, London; Australia's Deakin University, Monash University, and George Institute of Global Health; Cologne University, Germany; Erasmus University, the Netherlands; and IIT-Kharagpur and IIT-Delhi.

AIIMS, New Delhi is investing in educational infrastructure development to be future ready. The BB Dixit Library has gradually developed into a predominantly e-resources (80%) facility, which provides 24x7 access to scholarly literature both on and off campus. This year, the library launched its Electronic Thesis and Dissertation facility through an online platform. The Cadaveric Surgical Skills Centre is training more than 500 doctors every year. A fully equipped state-of-the-art undergraduate practical hall has become operational in the Department of Microbiology. The Department of Anatomy has started conducting postgraduate seminars in a collaborative Wiki format. In addition, it has set up a digital histology laboratory.

New courses were also added to an already glittering inventory. The Department of Gastroenterology and Human Nutrition initiated an Advanced Fellowship Program in the field of Gastrointestinal Endoscopy, Pancreatic Diseases, Liver Diseases, and Inflammatory Bowel Diseases.

## **Research and innovation**

Research is an integral part of the trinity of mission of AIIMS, New Delhi. One of the primary mandates of AIIMS, New Delhi is to encourage research and build up the science infrastructure for conducting high quality research. AIIMS, New Delhi has always been the leader of basic, clinical and translational medical research and was the winner of India Research Excellence-Citation Award for the year 2019 for Medical and Health Sciences under Web of Science Group (Clarivate Analytics).

The Research Section serves as a catalyst for research at AIIMS, New Delhi. In 2019-20, it handled 885 extramurally funded research projects from leading national and international funding agencies as well as 160 intramural research grants amounting to Rs. 1600 crores and employing about 1700 project staff in various research positions. The funding agencies included ICMR, DBT, DST, INSA, CSIR, DRDO, Ministry of Health and Family Welfare, WHO, UNICEF, Wellcome Trust, etc. AIIMS, New Delhi has also obtained research funding for collaborative research and has created the AIIMS Endowment Fund with two Infosys chairs in the Obstetrics and Gynaecology, and Oncology departments.

India and Sweden signed a Memorandum of Intent to launch a Healthcare Innovation Centre at AIIMS, New Delhi. The announcement was made at the India-Sweden Business Summit in the presence of Swedish King Carl XVI Gustaf, Union Finance Minister Shrimati Nirmala Sitharaman, and her Swedish counterpart Mr Ibrahim Baylan, and Union Health Minister Shri Harsh Vardhan and his Swedish counterpart Mr Maja Fjaestad. The centre will mainstream digital, scalable, and affordable healthcare solutions for early diagnosis and digital intervention in the management of Non-Communicable Diseases (NCDs) such as diabetes and cancer.

Impetus to infrastructure and capacity building exercise was provided through operationalization of twin research facilities at AIIMS, New Delhi, viz. the Centralized Core Research Facility (CCRF) and the Clinical Research Unit (CRU). The CCRF has been setup to enable access to high-end research facilities and promote capacity building in AIIMS, New Delhi. The facility is an integrated hub of contemporary technologies and laboratories in the advanced areas of BSL-2/3, Genomics, Proteomics, Bioanalytics, Bioinformatics, Microscopic imaging, Flow cytometry and General facility. The Clinical Research Unit (CRU) has been set up to provide assistance in the development, application, and implementation of investigator-initiated research in compliance with global best practices. The institute has also started an innovation facilitation division and the Centre for Integrated Medical Research (CIMR).

The efforts to better understand, treat and prevent disease are supported and enhanced by our extraordinary biomedical research enterprise. In 2019–2020, the research community at AIIMS, New Delhi contributed significantly to scholarship through its leadership in innovations and publications. During the year the faculty and scientists of the Institute were involved in over 800 research projects and published over 2200 research papers in national and international journals and over 300 monographs, books and chapters in books.

Examples of some research that may affect the health of the nation include work on dietary therapies for children with drug resistant epilepsy, efforts to address the diagnostic challenges in the management of tuberculosis, burden estimates of neuropsychiatric disorders, and innovative surgical techniques, besides others. A diet trial in children with drug resistant epilepsy (published in the *Journal of the American Medical Association*) found that the seizure burden reduced significantly in children on ketogenic diet, modified Atkins diet as well as low glycaemic index therapy diet; however, low glycaemic diet had fewer side effects; while families found it difficult to comply with the Ketogenic diet. A multi-institutional team comprising of AIIMS, New Delhi and the Translational Health Science and Technology Institute (THSTI) developed three cost-effective kits that improve the sensitivity of smear microscopy, enable transport of sputum samples at ambient temperature without using bio-safe containers, and extract DNA for diagnosing drug-resistant TB. The ‘Indo-Dutch Cohort Study’ established under the leadership of AIIMS, New Delhi and Erasmus University, Rotterdam to investigate the factors responsible for stroke, dementia and cognitive dysfunction has suggested that 70% of the elderly suffer from hypertension, 40% from diabetes, 30% from high cholesterol, and 22% from anxiety and stress disorder. An analyses of India’s State-Level Disease Burden estimates by AIIMS, New Delhi and Public Health Foundation of India, showed that one in seven Indians suffer from mental disorders of varying severity, including depression, anxiety disorders, schizophrenia and bipolar disorders. The Department of Surgical Oncology has developed a new technique for performing hysterectomies (a procedure to remove the uterus) that prevents damage to the pelvic nerves and injuries to the ureter and bladder, reduces blood loss; besides improving quality of life.

## Service

The AIIMS, New Delhi hospital has been able to maintain high quality standards while providing cost effective services to a large number of patients. The AIIMS, New Delhi main hospital and its centres—Cardiothoracic and Neurosciences Centre (CN Centre), Jai Prakash Narain Apex Trauma Centre (JPNATC), Dr BR Ambedkar Institute Rotary Cancer Hospital (BRAIRCH), Dr Rajendra Prasad Centre for Ophthalmic Sciences (RPCOS), Centre for Dental Education and Research (CDER), National Drug Dependence Treatment Centre (NDDTC)—have a total bed strength of 2792. During the year 2019–2020, AIIMS, New Delhi attended to about 44.14 lakh outpatients and 2.68 lakh inpatients and performed over 2.01 lakh surgical procedures at optimal patient care service parameters with bed occupancy of about 85%, hospital stay of 9.5 days; and a low net death rate of about 2%. AIIMS, New Delhi continues to advance the delivery of healthcare within and outside India, particularly in South and Southeast Asia.

The Central Collection Facility of Laboratory Medicine has extended its blood collection timings for more efficient health care delivery and patients’ convenience. Poor patients (living below the poverty line) in need of expensive treatment not covered by packages under the Ayushman Bharat insurance scheme can now get financial assistance of up to Rs 15 lakhs under the Rashtriya Arogya Nidhi (RAN) scheme and Health Minister’s Cancer Patient Fund at various central government hospitals, including AIIMS, New Delhi.

AIIMS, New Delhi has launched a pilot project—Mission DELHI (Delhi Emergency Life Heart-Attack Initiative)—in a range of 5 km around AIIMS, New Delhi wherein people can call toll free numbers for a motorbike-borne emergency medical assistance unit in the eventuality of heart attack or chest pain. The project has institutional support from the Departments of Cardiology and Emergency Medicine of AIIMS, New Delhi and funding from the Indian Council of Medical Research (ICMR). Under the project, a pair of motorcycle-borne trained paramedic and nursing officer would be the first responders for treating heart attack patients. They would establish a virtual connect with the cardiologists at AIIMS, New Delhi, and deliver medical advice and treatment. While the emergency treatment is being provided, a CATS ambulance will arrive and take the patient for further treatment if required. Even as the patient is on way to the hospital, qualified doctors posted round the clock at the control centre at AIIMS, New Delhi will evaluate the data received from the first responders to establish the further course of treatment as soon as the patient reaches the hospital.

AIIMS, New Delhi and ICMR are working on virtual (without incising/dissecting the body) postmortem. This project will help in the dignified management of the dead body. AIIMS, New Delhi would provide training in this technique to other centres.

The Department of Psychiatry and National Drug Dependence Treatment Centre (NDDTC) have initiated ‘Consultation Liaison Addiction Psychiatry’ services to improve services for addictive disorders in medically ill patients. In addition, in a first-of-its-kind initiative, the NDDTC has launched mobile methadone vans to provide treatment to persons with opioid dependence in the inner-city neighbourhoods in East Delhi.

AIIMS, New Delhi has started a dedicated facility for assessing the risk of falls and providing preventive intervention to elderly persons most at risk. The facility named SATHI (Save the Hip Initiative) will screen those above 65 years of age who visit the orthopaedic and geriatric outpatient departments. The Department of Orthopaedics has also set up an advanced Gait laboratory and 3D printing laboratory.

A Clinical Ecotoxicology (Diagnostic and Research) Facility has been set up in the Department of Anatomy for the detection of heavy metal/other element toxicity and for estimation of micronutrient minerals in blood.

AIIMS, New Delhi retrieved 2,234 corneas last year which was the highest in the past 50 years. The institute also transplanted at least 1,426 cornea tissues with 65% utilisation rate which is much higher than the national average.

### **Public Health**

AIIMS, New Delhi faculty is often consulted by national and international bodies for development of public policies designed to improve the healthcare system. Based on the report ‘Magnitude of Substance Use in India,’ prepared by the NDDTC, the Ministry of Health and Family Welfare has prepared a National Action Plan for Drug Demand Reduction for 2018-2023. Outreach and drop-in centres (ODIC) will be established in 127 vulnerable districts under this plan.

The Airports Authority of India and AIIMS, New Delhi signed an MoU for the project MATE (Mind Activation Through Education), a school wellness programme on mental health. The project aims to reach 2,000 students of both private and government schools. It will sensitise them on issues like relationship with oneself, sex education, coping with stress, respect for self and others, problematic substance and internet use, and balance between mind and body.

To keep a check on mental and behavioural disorders among more than 16,000 inmates lodged in the 16 jails of Tihar Prison Complex, the Delhi Prison Administration in collaboration with the Department of Psychiatry, AIIMS, New Delhi has initiated a project to provide counselling to the inmates. About 7000 inmates have been assessed and counselled under the ‘Project Samarthan’, and this has led to a significant reduction in the rates of suicide and various forms of violence in Delhi prisons.

The National Blindness Visually Impaired Survey (2019) commissioned by the Ministry of Health and Family Welfare and conducted by the Division of Community Ophthalmology of the Dr R.P. Centre for Ophthalmic Sciences in 24 states and Union Territories and covering about 1.11 lakh people showed that the prevalence of blindness in the country has declined by at least 30%. The survey showed that cataract remains the number one cause of blindness in India.

AIIMS, New Delhi in collaboration with the Ministry of Health and Family Welfare launched a website and mobile application on oral health awareness, named ‘e-DantSeva.’ The digital platform contains information about the National Oral Health Programme, a list of dental facilities and colleges (along with GPRS route and satellite images of the facility for easier access), and Information, Education and Communication (IEC) material for timely advise on management of dental emergencies or oral health problems. In addition, the CDER has started training teachers of Kendriya Vidyalayas across the country on oral health so that they can sensitise students about the significance of dental hygiene and healthy eating.

### **Clean AIIMS**

The Union Home Minister Shri Amit Shah and Shri JP Nadda, the previous Health Minister mopped the floor at AIIMS, New Delhi and met sanitation workers to launch the “seva saptah” (week of service) to celebrate Prime Minister Shri Narendra Modi ji’s birthday. In this context, on the 150th birth anniversary of Mahatma Gandhi, AIIMS, New Delhi conducted an awareness campaign to sensitise people against single-use plastic. In addition, the hospital started segregating plastic waste from biomedical waste to enable the sterilisation and recycling of plastic waste.

AIIMS, New Delhi bagged the first prize under the Kayakalp award scheme for all Central government health facilities for the third year in a row. The award felicitates hospitals with the highest standards of sanitation and hygiene and is given annually by the Ministry of Health and Family Welfare, Government of India.

### **COVID Response**

In the face of the daunting health crisis, AIIMS, New Delhi demonstrated its commitment to the people by working to alleviate suffering and improve health and well-being for all through service, discovery, scholarship, and leadership. AIIMS, New Delhi initiated work to provide quality care to those affected by COVID-19 while simultaneously launching efforts to understand the nature of SARS-CoV-2 and develop containment and management strategies.

AIIMS, New Delhi faculty with extensive experience in combating infectious disease outbreaks, identified the need for broader testing capabilities, more personal protective equipment for health care providers and greater hospital capacity. AIIMS, New Delhi also set up a task force to develop a management protocol for COVID-19 and constituted several committees to respond to various challenges posed by the pandemic. The institute also partnered with other institutions to help guide containment efforts through screening, rapid testing and prevention. AIIMS, New Delhi produced COVID-19 informational resources for the public in multiple languages.

In a very short span of time, AIIMS, New Delhi faculty successfully helped design, staff and lead the COVID clinical response in India by converting the JPN Apex Trauma Centre and the National Cancer Institute (NCI), Jhajjar, which house more than 1000 beds (more than 100 Intensive Care/High Dependency Unit beds) into COVID-19 hospitals. The Ministry of Health and Family Welfare also set up a 24x7 call centre at AIIMS, New Delhi to offer guidance on treatment protocols to be followed by health care workers and institutions all over the country to ensure uniformity and quality control in treatment across India.

AIIMS, New Delhi education programs were rapidly calibrated to provide the best learning experiences possible under the circumstances while protecting the health of the entire community. Faculty, students and staff moved swiftly to remote learning and off-site work using new pedagogical approaches.

An AIIMS, New Delhi doctor's placard with the poignant message, "I stayed at work for you... You stay at home for us" on fighting coronavirus won praise from none other than the Prime Minister Shri Narendra Modi. In a tweet, Shri Modi lauded the doctor for his message ("Well said, Doctor!") and appreciated the many medical professionals in the frontline during the war against coronavirus.

## **Nostalgia and Recognition**

Rajkumari Amrit Kaur, freedom-fighter, Mahatma Gandhi's secretary and India's first lady cabinet minister and health minister, whose stewardship led to creation of AIIMS, New Delhi, was named in the TIME magazine's list of the 100 most powerful women who defined the last century. Rajkumari Amrit Kaur had worked on a number of women-centered social and political issues such as the purdah system, child marriage and the Devadasi system. She was jailed during the Quit India movement.

Her Majesty, Queen Silvia of Sweden visited the Memory and Dementia service of the Department of Geriatric Medicine on 3rd December 2019 to familiarize herself with the care provided in India as a part of her interest in dementia care.

The institute houses many WHO Collaborating Centres (WHO CC), viz. the WHO CC for Research and Capacity Building on Community-based Non-Communicable Diseases (NCD) Prevention and Control (Centre for Community Medicine), WHO CC on Substance Abuse (National Drug Dependence Treatment Centre), WHO CC for Prevention of Blindness (Dr Rajendra Prasad Centre for Ophthalmic Sciences), WHO CC for Oral Health Promotion (Centre for Dental Education and Research), WHO CC for Newborn Training and Research in Newborn Care and WHO CC on Training in Clinical and laboratory Genetics (Department of Paediatrics), and WHO CC for Training and Research in Tuberculosis (Department of Medicine). The institute also supports many Indian Council of Medical Research's 'Centre for Advanced Research and Excellence (CARE),' viz. CARE in Virtual Autopsy (Department of Forensic Medicine), CARE in Pancreatic Disease and CARE in Intestinal diseases (Department of Gastroenterology and Human Nutrition), CARE in Neuromodulation (Department of Psychiatry), CARE in Nephrology, CARE in Pulmonology, and CARE in Childhood Neurodevelopmental Disorders (Department of Paediatrics).

The Centre for Community Medicine was designated the National Centre of Excellence and Advanced Research on Anaemia control (NCEAR-A) and the National Institute for HIV surveillance. The Centre for Dental Education and Research was designated the National Centre of Excellence for Implementation of the National Oral Health Program for Ministry of Health and Family Welfare, Government of India.

AIIMS, New Delhi has made a genuine effort to meet its mandate of assisting the government in its endeavour to provide superior healthcare to the Indian people through quality education, cost effective service provision, and innovative biomedical research. As we enter the year that will test our resolve, I do so with the calm assurance that the AIIMS, New Delhi community will be steadfast in its commitment to the people of India. It has been a rare privilege to serve this great institution and to work with so many dynamic people. I extend my humble gratitude to every person at AIIMS, New Delhi whose commitment has made it a unique institution!

**Randeep Guleria**

### 3. Academic Section

**Dean**

VK Bahl

**Associate Dean**

Rajeev Kumar

**Registrar**

Sanjeev Lalwani

The Academic Section develops policy and plans, and executes academic activities. These activities encompass the undergraduate, postgraduate and doctoral programmes for medical, nursing and paramedical courses. These activities are conducted by the undergraduate, postgraduate and paramedical cells.

#### UNDERGRADUATE EDUCATION

The section handles post-admission formalities for new students, develops and revises curricula and administers teaching programmes including internal assessment of undergraduate students admitted to various courses. The courses include MBBS, BSc (Hons) Medical Technology in Radiography, Ophthalmic Techniques, Operation Theatre Technology, BSc Dental Hygiene, BSc Dental Operating Room Assistant (DORA), BSc Nursing (Post-certificate) and BSc (Hons) Nursing courses.

#### Bachelor of Medicine and Bachelor of Surgery (MBBS)

The pattern of education in MBBS course was reviewed and re-structured in July 2004. The MBBS course is of 5½ years duration and comprises of 3 phases and internship. The details are as follows:

Phase	Duration (years)	Training
First	One	Pre-clinical
Second	One-and-a-half	Para-clinical
Third	Two	Clinical
Internship	One	Compulsory rotation in various departments

At present, 100 Indian students are admitted every year to the MBBS course (50 General Category, 15 Scheduled Caste, 8 Scheduled Tribe and 27 Other Backward Classes). These admissions were made based on merit through an All-India Entrance Examination. For persons with disabilities (PWD), 5% reservation was provided on a horizontal basis. For these 100 seats, 3,89,923 applications were received and 3,38,457 candidates appeared in the entrance examination held on 25 and 26 May 2019. As on 31 March 2020, 467 MBBS students including 73 interns were on rolls. There is a provision for admitting 7 foreign nationals on the recommendations of the Ministry of External Affairs, Government of India and 7 foreign nationals were recommended for admission.

Nine meritorious MBBS students were awarded scholarships for securing first, second and third positions in the first, second and final phase of professional examinations.

In 2019, the Academic Section, with the approval of the Academic Committee, initiated skills training as a part of the undergraduate curriculum. The faculty identified and developed training modules for skills considered essential for undergraduate MBBS students. These modules were developed with the SET facility (details below) and administered by various departments engaged in undergraduate teaching.

In continuation of its push for skills training, the Academic Section arranged for 15 MBBS undergraduate students, along with 3 faculty members, to visit the Cologne Inter-professional Skills Lab of the University of Cologne, Germany under a German Academic Exchange Service (DAAD) sponsorship for training in skills and learning how to develop a skills mentorship programme.

Five MBBS students were sponsored for a visit to University College, London at the Institute of Health Engineering to participate in the UCL Global Healthcare Engineering Symposium in July 2019. They were accompanied by three faculty members.

In addition, summer workshops were organized at IIT-Delhi, IGIB-Delhi and THSTI-Faridabad where undergraduate students spent time in developing research interests and made prototype devices for further development.

### **Paramedical and Nursing Education**

In 2019–2020, 77 students (39 General Category, 11 Scheduled Caste, 6 Scheduled Tribe and 21 Other Backward Classes, 2 Foreign Nationals) were admitted in BSc (Hons) Nursing course. For BSc Nursing (Post-certificate) course, 34 students

(20 General Category, 6 Scheduled Caste, 2 Scheduled Tribe, 6 Other Backward Classes and 1 Foreign National candidates) were admitted. Students admitted to various BSc (Hons) courses were as below:

Course	Total	General	Scheduled caste	Scheduled tribe	Other backward classes	Foreign
Ophthalmic Techniques	19	10	3	1	5	1
Medical Technology in Radiography	10	5	2	0	2	1
Operation Theatre Technology	5	3	1	0	1	0
Dental Hygiene	3	1	0	1	1	0
Dental Operating Room Assistant	8	5	1	0	2	0

The number of students on rolls in these courses as on 31 March 2020 were as below:

Course	Number of students
<b><i>Nursing</i></b>	
BSc Nursing (Post-basic)	51
BSc (Hons) Nursing	284
<b><i>Paramedical</i></b>	
BSc (Hons) Ophthalmic Techniques	65
BSc (Hons) Medical Technology in Radiography	29
BSc Operation Theatre Technology	25
BSc Dental Hygiene	5
BSc Dental Operating Room Assistant (DORA)	14

## POSTGRADUATE EDUCATION

The Academic Section looks after all activities pertaining to admission and training of postgraduate students including junior and senior residents. It handles all activities related to Fellowship, PhD, DM, MCh, MD, MS, MDS, MCh/DM (Direct 6 years course), M Biotechnology (MBiotech) and MSc courses in different disciplines.

Admissions to all postgraduate courses for Indian nationals as well as sponsored candidates are made through an All-India Entrance Examination held twice a year for all postgraduate courses except MSc, MSc Nursing and MBiotechnology courses, for which the examination is held once a year. Under sponsored category, foreign nationals are admitted through the same entrance examination. In 2019-20, 748 students were admitted in various courses. The number of postgraduate and doctoral students on roll as on 31 March 2020 was 1966.

### Admissions in various courses

Course	July 2019	January 2020	Total
MSc/MBiotech/MSc Nursing (August)*	94	–	94
MD/MS/MDS/MCh/DM (Direct 6 years)	173	188	361
DM/MCh	74	102	176
PhD	45	45	90
Fellowship	12	15	27
<b>Total</b>	<b>398</b>	<b>350</b>	<b>748</b>

\*Admissions are done once in a year.

### TRAINING PROGRAMMES

There is a provision for short term, long term and elective training for students and employees of various organizations in India as well as abroad. During 2019–20, 518 persons underwent training as listed below:

S. No.	Training	Number of trainees
1	Short Term training: Indian nationals	426
2	Short Term training: Foreign nationals	41
3	Long Term training: Indian nationals	9
4	Elective Training: Foreign nationals (UG students)	40
5	WHO Fellows: Indian nationals	2
6	WHO Fellows: Foreign nationals	–
7	Permission for organizing Conferences/Workshops	188

### COMMITTEE MEETINGS

The Academic Section organized meetings of the Academic Committee, Staff Council, Dean's Committee, Faculty and Research Presentations as per details given below:

S. No.	Committee	Number of Meetings
1	Academic Committee	2
2	Staff Council	1
3	Dean's Committee	2
4	Faculty (General Discussions)	6
5.	Oration	7
6.	Research Presentations	9

### ***SARAL* System for Online Learning and Student Management**

The Academic Section, All India Institute of Medical Sciences, New Delhi along with M/s Ballistic Learning Limited, has developed a system for online learning and student management. The system *SARAL* has two components: an online learning platform where educational material is uploaded by the faculty and accessed by students based on their academic course, and a student life-cycle management part where all aspects of student interactions with the academic section are made possible. The objective of creating the *SARAL* platform was to allow blended learning, online delivery of educational content and streamline administrative management.

The system was formally launched by Professor Randeep Guleria, Director, AIIMS, New Delhi on 24 October 2019.

Users from various academic courses were enrolled into the system beginning with January 2020 batch. With the COVID-19 pandemic starting in March 2020, physical classes for undergraduate students were suspended and online teaching using the *SARAL* platform and web-streaming became widely used.

Using this platform, faculty members can upload lectures/videos/notes/content on their scheduled teaching activity and can engage students in discussions and evaluations. By 31st March 2020, 2189 users had been registered and 198 courses had been created on the platform.

### **SET (Skills, E-learning and Telemedicine) FACILITY**

Professor AK Deorari, Chairman, Skills (Dry and Wet Lab) Facility

Professor MK Singh, Chairman, E-Learning Facility

Professor A Shariff, Chairman, Telemedicine Facility

Professor Ambuj Roy, Facility Coordinator in-charge

**Faculty and Staff at SET facility activities**

#### **Objectives:**

- Establish skills facility: Dry lab, wet lab, simulation-based learning
- Establish e-platform for online learning
- Telemedicine facility to collaborate between Institutes all over India

## Skill lab

### *Undergraduate students*

- Skill-based learning for undergraduate students which is integrated in the curriculum and spread over all nine semesters.
- The program starts in 4th semester using blended online and hands-on teaching methodology
  - Number of skill training sessions: 47
  - Number of students attending the various sessions: 550
- Visit by MBBS students for designing ideas
  - Total number conducted: 1
  - Total residents attending: 4

### *Nursing students*

- Skill training program for students of College of Nursing: 7
- Number of students attended: 320

### *Postgraduate students*

- **Skill training program for residents**
  - Total number conducted: 7
  - Total residents enrolled: 145
- **Orientation to high fidelity manikin**
  - Total number conducted: 1
  - Total residents enrolled: 20
- **Ultrasound course**
  - Total number conducted: 3
  - Total residents enrolled: 117
- **Acute critical care course**
  - Total number conducted: 1
  - Total residents enrolled: 23
- **Suturing workshop**
  - Total number conducted: 1
  - Total residents enrolled: 50

**Acute Critical Care Course**

**Suturing Workshop**

### *MCh/DM/Superspeciality training courses*

1. **IAP Advanced life support course**
  - Total number conducted: 2
  - Total residents enrolled: 83
2. **Difficult Airway workshop**
  - Total number conducted: 2
  - Total residents enrolled: 58

**IAP Advanced Life Support Course**

**Difficult Airway Workshop**

*Faculty training programs (Training of trainers)*

- **Simulation based learning for improving pre-term baby care**  
—Total number conducted: 8                      —Total faculty enrolled: 290
- Workshop on unicompartmental knee replacement  
—Total number conducted: 1                      —Total faculty enrolled: 27
- WHO SEARO consultation of ICOPE demonstration  
—Total number conducted: 1                      —Total faculty enrolled: 30
- **3SET Workshop for in-house faculty training**  
—Total number conducted: 2                      —Total faculty enrolled: 60

Content Development Workshop for Faculty

Simulation based learning for improving pre-term baby care

**Wet lab**

*Cadaveric Training Workshops (for MCh students/fellowship students/faculty)*

<b>Workshop</b>	<b>Total conducted</b>	<b>Total delegates enrolled</b>
Thoracic surgery	2	73
Head and neck surgery	1	23
Multiple organ retrieval	2	56
Bariatric and colorectal surgery	3	46
Laposcopic training	2	36
Lung Transplantation	2	40
Colorectal cancer-minimal invasive procedure	1	70

*Other training sessions and Workshops (Non-cadaveric)*

Session/workshop	Total conducted	Total delegates enrolled
Suturing/Intravascular anastomosis workshop	6	216
Difficult airway workshop, percutaneous tracheostomy training	1	28
Nerve and tendon repair workshop	2	40
Indo-US symposium on allergy and asthma	1	50
MD Residents skill training program	1	18
AIIMS Breast Course	1	45
Simulation based training for improving Pre term care and Quality Improvement approach	6	223
IAP Advanced Life support Course	1	43
Workshop on Reconstruction of Aortic Valve	1	26
Animal model for per oral endoscopic myotomy (Academicals teaching on POEM)	1	8
International conference on bariatric surgery	1	15
Brainstorming meeting on DSD	1	35

#### Resuscitation training courses

Course	Total conducted	Total delegates enrolled
AHA accredited BLS and ACLS provider	5	120
AHA accredited BLS and ACLS instructor	1	10
AIIMS CRTP- BLS training programme	43	938
Code blue training	1	21
BLS and ACLS for resident doctors	2	16
INCPT BCLS workshop for physiotherapists	1	40
Workshop on CPR for optometrist	1	36
BLS course for AYUSH doctors	1	24

Distribution of skill modules for undergraduate skill learning:

<b>4th and 5th Semester</b>	<b>6th Semester</b>	<b>7th Semester</b>
Hand washing	Bag and mask	LMA insertion
IM injection	Chest compression	Arterial blood sampling
PV examination	–Adult	Endotracheal intubation
Pap smear	–Paediatric	Glucometer use
IV cannulation	Neonatal intubation	Gloving and gowning
Pulse oximeter use	Basic suturing	Fracture stabilization
	Cu-T insertion	
	Endometrial aspiration	

---

<b>8th Semester</b>	<b>Internship</b>
Adult NG tube insertion	ICD insertion
Diagnostic LP	Urinary catheterisation
Ascitic tap	Needle thoracocentesis
Cervical collar application	CVC insertion
Tru-cut biopsy	PICC insertion
Normal vaginal delivery	BLS and ACLS
Episiotomy repair	
Neonatal OG feeding	
Neonatal LP	

### Telemedicine Services

- Tele-evidence: 21
- Tele-CME: 199
- Tele-conference: 13
- Tele-consultation: 64
- Seminar: 22
- Live transmitting: 3

### Extra activities in March 2020 due to COVID-19 pandemic

- Live UG and PG classes
- Regular online classes: 94
- WEBINAR recording: 12
- Guest lecture: 14
- Lecture on Yoga & Yoga Therapy: The Biomedical Science & Research Evidence
- MILAP Conservation (Multi Institutional Learning & Practice Platform) by Surgery (TRAUMA)

### RESEARCH

#### *Ongoing projects*

1. Effectiveness and perceived usefulness of a consolidated skill-based learning program amongst medical interns: A mixed methods study
2. Comparison of King **vision** video laryngoscope **channelled and non-channelled** blades with direct laryngoscope for intubation in mannequin by medical students: A randomized mannequin study
3. Resuscitation practices in in-patient areas at All India Institute of Medical Sciences: A checklist based prospective, observational data collection study

#### *Completed projects*

1. Randomized trial to study the impact of simulation based learning over conventional training on knowledge and self-efficacy of nursing students in pediatric medicine and surgery wards
2. Comparing the effect of traditional versus simulation teaching methods on neonatal resuscitation in terms of knowledge, skills and self-confidence of nurses: A randomized controlled trial
3. Role of low fidelity simulation in acquisition of midwifery skills among nursing students: A mixed method approach

**Award of certificate of appreciation for contribution to various academic activities at the SET Facility by Director, AIIMS.**

<b>S. No.</b>	<b>Faculty Name</b>	<b>Department</b>

# Students' Wellness Centre

## Professor-in-Charge

Pratap Sharan, Department of Psychiatry

## Clinical Psychologists

Dr Anamika Sahu

Ms Aishwarya Raj (Contractual)

Ms Kalpana

Ms Divyani Khurana (Contractual)

Ms Akanksha Gupta (Contractual)

## HIGHLIGHTS

Student Wellness Centre (SWC) is dedicated to the wellness of all undergraduate students, postgraduate students, research scholars, and tenured researchers and residents at AIIMS, Delhi. This year the services were expanded to Ladies Hostel (Hostel 19) and Trauma Centre. SWC conducted various workshops on topics related to mental health and wellness to enable participants to cope better and become resilient. SWC also conducted focus group discussions with residents in various departments of AIIMS to get an understanding of issues faced by the students and residents and help solve them. The SWC has also started a Wellness Volunteer Program to develop a more approachable peer-cadre.

## EDUCATION

- Various lectures were delivered to Nursing students (1st year) by the SWC team during the year.
- Various lectures related to wellness were delivered to PG trainees by the SWC Team during Wellness workshops.
- Various lectures on 'communication with patients with chronic and terminal illness' for nursing staff

## CMEs/Workshops/Symposia/National and International Conferences

- CREST Workshop for 1st year MBBS students, 'Bringing Wellness to AIIMS Undergraduate Community', 15 July 2019, AIIMS, New Delhi
- Resident Wellness Workshops: 'Issues of Mental Health and Counselling' (8 August, 2019; 5 September; 24 October 2019; 7 March 2020), AIIMS, New Delhi
- Focus Groups on mental stress in Departments of Anatomy (15 October 2019), Biochemistry (7 May 2019; 30 July 2019, Obstetrics & Gynecology (29 October 2019; 19 November 2019) and Otolaryngology (19 November 2019; 13 December 2019), AIIMS, New Delhi
- Workshop on Communication Skills for Nurses (21 February 2020), AIIMS, New Delhi

## Lectures delivered

### Dr Anamika Sahu

1. Suicide and safety nets, Resident Wellness Workshops titled "Issues of Mental Health and Counselling", 24 October 2019, AIIMS, New Delhi
2. School in the realm of positive mental health of children and adolescents (Symposium school mental health in India: what we have achieved?), 15th Biennial Conference of Indian Association of Child and Adolescent Mental Health (IACAM), 9 November 2019, Chandigarh
3. Dealing with patients in crisis, Workshop on Communication Skills for Nurses, 21 February 2020, AIIMS, New Delhi
4. Evidence based intervention: relevance to Indian context (symposium somatic symptom disorder: A flag bearer of consultation liaison perspective), 46th national annual conference of Indian Association of Clinical Psychologists, 22 February 2019, Chandigarh
5. Suicide and safety nets, Resident Wellness Workshops titled "Issues of Mental Health and Counselling", 7 March 2020, AIIMS, New Delhi
6. 'Determinants: Form, Movement, Colour', National Level Workshop on 'Rorschach: Exner's Comprehensive System', 16 March 2020, Ranchi, Jharkhand

### Ms Kalpana Singh

1. Life work balance, Resident Wellness Workshops titled "Issues of Mental Health and Counselling", 24 October 2019, AIIMS, New Delhi
2. Life work balance, Resident Wellness Workshops titled "Issues of Mental Health and Counselling", 7 March 2020, AIIMS, New Delhi

3. Dealing with conflict, Workshop on Communication Skills for Nurses, 21 February 2020, AIIMS, New Delhi

#### **Ms Aishwarya Raj**

1. Prevention of Sexual Harassment, Students Union Panel Discussion on “Prevention of Sexual Harassment”, 16 April 2019, AIIMS, New Delhi
2. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 8 August 2019, AIIMS, New Delhi
3. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 5 September 2019, AIIMS, New Delhi
4. Say NO to Suicide, Emotional well-being of Doctors in India, 10 October 2019, IMA Hall, Delhi
5. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 24 October 2019, AIIMS, New Delhi
6. Communication with patients with chronic & terminal illness, Workshop on Communication Skills for Nurses, 21 February 2020, AIIMS, New Delhi
7. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 7 March 2020, AIIMS, New Delhi

#### **Ms Divyani Khurana**

1. Prevention of Sexual Harassment, Students Union Panel Discussion on “Prevention of Sexual Harassment”, 16 April 2019, AIIMS, New Delhi
2. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 8 August 2019, AIIMS, New Delhi
3. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 5 September 2019, AIIMS, New Delhi
4. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 24 October 2019, AIIMS, New Delhi
5. Communication with patients with chronic & terminal illness, Workshop on Communication Skills for Nurses, 21 February 2020, AIIMS, New Delhi
6. Say no to Harassment, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 7 March 2020, AIIMS, New Delhi

#### **Ms Akanksha Gupta**

1. Time Management, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 8 August 2019, AIIMS, New Delhi
2. Life work Balance, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 5 September 2019, AIIMS, New Delhi
3. 3, Life work Balance, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 24 October 2019, AIIMS, New Delhi
4. 4, Relationships and distortions, Workshop on Communication Skills for Nurses, 21 February 2020, AIIMS, New Delhi
5. 5, Life work Balance, Resident Wellness Workshops titled “Issues of Mental Health and Counselling”, 7 March 2020, AIIMS, New Delhi

#### **Oral papers/posters presented**

1. Gupta P, Jahan M, Sahu A, Prasad S, Shukla A. Coping styles and ability to function in tension type headache: An action research with stress inoculation training, 46th Annual National Conference of Indian Association of Clinical Psychologists, 23 February 2020, Chandigarh

## **PUBLICATIONS**

**Journals: 1**

**Abstracts: 1**

## **CARE FOR SCHOLARS**

### **Services**

#### ***Face to face counselling***

Existing Students Wellness Centres: Gents Hostel (Opposite Hostel 7) and Ladies Hostel (Hostel 10)

New Students Wellness Centres added: Hostel Number 19, Masjid Modh; Jai Prakash Narayan Apex Trauma Centre (JP-NATC)

**E-helpline:** wellness@aiims.edu; wellness@aiims.ac.in

**M-helpline (24\*7):** 9999865729, 999965730

### **Caseload:**

- More than 120 cases are registered with SWC during the year.
- The student wellness centre provided counselling and field support (e.g. helping students approach their guides, coordinate research meetings).

### **Booklets/Pamphlets**

- Hello AIIMS (Divyani Khurana, Pratap Sharan)
- Prevention of Substance Addictions and Behavioural Addictions (Aishwarya Raj, Siddharth Sarkar)

## **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Dr Anamika Sahu** was nominated for *Child and Adolescent award (previously known as Asha Nigam Award) 2021* for work in child and adolescent mental health in 46th National Annual Conference of Indian Association of Clinical Psychologists, 21-23 February 2020, Chandigarh.

## 4. Examination Section

### Dean (Examinations)

Siddharth Duttagupta (up to 29 February 2020)

Subrata Sinha (from 1 March 2020)

### Associate Dean (Examinations)

Ashok Kumar Jaryal

### Assistant Controller of Examinations

MK Singh

### Finance and Chief Accounts Officer (F & CAO)

Padam Singh (from 2 July 2019)

During the period under review (2019-2020), the Examination Section conducted the following Professional and Entrance Examinations:

### Postgraduate and Undergraduate Professional Examinations

S. No.	Month and year	Examination	Number of Students

### **Entrance Examinations conducted**

1. AIIMS PG Entrance Examination for admission to MD/MS/MDS courses was conducted on 5 May 2019 and 14 June 2019 for July 2019 session at 76 centres (Delhi 6, Outstation 70) and 17 November 2019 for January 2020 session at 138 centres (Delhi 4, Outstation 134), respectively. The results were declared on 19 June 2019 and 22 November 2019, respectively.
2. Selections for various Post-Doctoral (super-specialty) courses, viz. DM/MCh/MD (Hospital Administration) for July 2019 and January 2020 sessions and Departmental Assessment were done from 24 to 26 April 2019 for the July 2019 session and from 18 to 20 November 2019 for the January 2020 session.
3. The Examination section also conducted the online test for Senior Residents/Senior Demonstrators on 9 June 2019 for the July 2019 session and on 24 November 2019 for the January 2020 session.
4. Selections of candidates for registration to PhD programme for January 2019 and July 2019 and the Departmental Assessment was done on 14 and 15 June 2019.
5. The Entrance Examination for admission to MBBS course of AIIMS including fourteen new AIIMS-like institutes for August 2019 session was held in 239 (local 14 and outstation 225) centres in 151 (One hundred and fifty-one) cities of India on 25 and 26 May 2019 (2 shifts on each day).
6. BSc (Hons) Nursing Entrance Examination was held in Delhi & 6 AIIMS (Bhopal, Bhubaneswar, Jodhpur, Patna, Raipur and Rishikesh) on 23 June 2019 in CBT online mode.
7. The Entrance Examination for admission to MSc and M Biotechnology courses, August 2019 session, was held in Delhi on 29 June 2019 in online mode.
8. The Entrance Examination for admission to MSc Nursing course was held on 1 June 2019 in Delhi only in CBT online mode. The admission was made by allotment of seats on merit basis through counseling.
9. BSc Nursing (Post-Basic) Entrance Examination was held in Delhi in CBT online mode on 1 June 2019 followed by personal assessment of candidates on 26 June 2019.
10. The Entrance Examination for admission to Para-Medical courses, viz. BSc (Hons) in Bachelor of Optometry and BSc (Hons) Medical Technology in Radiography, BSc Course in Dental Operating Room Assistant (DORA), BSc course in Dental Hygiene, BSc course in Operation Theatre Technology (OTT), Medical Laboratory Technology (MLT), BSc in Operation Theatre and Anesthesiology Technology (OTAT), BSc in Medical Technology and Imaging Therapy for August 2019 session were held in Delhi in CBT online mode on 15 June 2019.
11. The Entrance Examination for fellowship programme for July 2019 session and January 2020 session were conducted in Delhi on 13 April 2019 and 9 November 2019, respectively.

### **Participation in other events**

1. The Examination Section introduced online counseling for admission to AIIMS-PG, MBBS, BSc (Hons) Para-Medical, MSc (Nursing) courses with the participation of Faculty and Staff of the Academic Section. Examination Section also actively participated in the personal assessment for BSc (Nursing) Post-Certificate course.
2. Examination Section is also providing technical expertise to various universities and institutions in India for conduct of their entrance examinations.

## 5. General Administration

### Deputy Director (Administration)

Subhasish Panda

### Deputy Secretary

Dhirendra Verma

The General Administration, including Personnel and Establishment, Security, Estate, Engineering Services Department, Stores, Coordination, Parliamentary matters, Grievances, etc. of the Institute are controlled and supervised by the Deputy Director (Administration). There are various branches looking after the above mentioned areas. Each branch is headed by a Senior Officer with supportive officers and staff members. A brief description of the Officers/Staff looking after various branches is given below.

### Chief Administrative Officer

Dr Sanjay Kumar Arya (up to 31 December 2019)

Deo Nath Sah (from 31 December 2019)

### Superintending Engineer

AIIMS Main Campus  
Manjul Rastogi

AIIMS Jhajjar Campus  
Hridesh Kumar

### Chief Security Officer

Satyendra Kumar

### Deputy Chief Security Officer

RS Rawat

Deepak Kumar

### Executive Engineers

Vidya Bhushan  
Harpal Singh  
Vinod Kumar Sharma

Joginder Malhotra  
Ashok Kumar (from 10 February 2020)  
D Vijay Raghwan (from 1 February 2020)

### Senior Administrative Officers

Narendra Kumar (up to 31 December 2019)

Deo Nath Sah (up to 31 December 2019)

Lalit Oraon (from 1 January 2020)

BS Gill (from 1 January 2020)

Renu Bhardwaj

### Administrative Officer

SL Chamoli  
Lalit Oraon (up to 31 December 2019)  
Satish Kumar Singh (up to 1 July 2019)  
Raj Kumar  
Anita Tete  
BK Singh  
Ealias PI (up to 31 May 2019)  
Saroj Pant (from 10 December 2019)

Pallav Kumar Chitej (up to 25 November 2019)  
Chakravarthy EVS (up to 30 December 2019)  
BS Gill (up to 30 December 2019)  
Rajendran Pillai G  
Nikhil Bhatnagar  
Kushal Kumar  
Vipin Kumar (from 30 July 2019)  
Sasidharan Nair KG (10 December 2019 to 31 January 2020)  
Vipin Kumar (from 30 July 2019)

Narender Kumar Gupta (from 10 December 2019)

### Assistant Administrative Officers

Bhoop Singh  
Sasidharan Nair KG (up to 10 December 2019)  
Saroj Pant (up to 19 September 2019)  
Santhosh Kumar (from 1 July 2019)  
Uttam Chand (from 27 July 2019)  
Vimal Thakral (from 27 July 2019)  
Joginder Kumar (from 27 July 2019)  
Kishan Lal (from 27 July 2019)  
Kamal Chandra Bhatt (from 27 July 2019)

Narender Kumar Gupta (up to 9 December 2019)  
Mohanan PS (up to 31 July 2019)  
RK Sharma  
Nirmala Jacinta Kujur (from 1 July 2019)  
CP Sadana (from 27 July 2019)  
Latha Paulose (from 27 July 2019)  
Asha Dogra (from 27 July 2019)  
Vidya Sagar (from 27 July 2019)  
Saroj Kumar Lal (from 27 July 2019)

Rajesh Kumar (from 27 July 2019)  
 Sanjay Nandhi (from 27 July 2019)  
 Renu Bhasin (from 27 July 2019)  
 Naresh Nangia (from 8 November 2019)  
 Santosh Manocha (Khosla) (from 8 November 2019)  
 Sohanbir (from 13 December 2019)

Surjit Singh (from 27 July 2019)  
 Suresh Kumar (from 27 July 2019)  
 Ishwar Dutt Sharma (from 27 July 2019)  
 Shakuntala Rawat (from 8 November 2019)  
 Sudesh Soni (from 8 November 2019)

**Senior Stores Officer**  
 Rakesh Kumar (from 1 August 2018)

**Store Officers**

Narender Kumar		Bhawani Ram
Arvind Kumar Sharma (up to 31 December 2019)		
Manohar Arya	Kamal Singh	Archana Sharma

Responsibilities of Establishment Section and General Administration include recruitment, service matters, conducting meetings of statutory committees, management of estate and property, purchase of equipment, materials and consumables, security arrangements, employees' welfare, etc.

The total sanctioned staff strength of the Institute is **13413**. Positions filled up to 31 March 2020 were **10948** and include staffs of all Centres/Main Hospital/DO. The number of group-wise sanctioned strength and staff in-position is mentioned below.

S. No.	Category/Group	Sanctioned strength	In-position
1.	Faculty	1095	759
2.	A (Non-Faculty)	650	489
3.	B	7359	6215
4.	C and erstwhile D	4309	3485
		<b>13413</b>	<b>10948</b>

### Composition of SC/ST Cell at AIIMS, New Delhi

#### Liaison Officers

**For SC/ST/PWD employees**

Dr Rajpal, Professor of Ophthalmology  
 Dr RP Centre, AIIMS, New Delhi

**For OBC employees**

Dr Rakesh Yadav, Professor of Cardiology  
 Cardio Neuro Centre, AIIMS, New Delhi

#### Administrative Officer

Anita Tete

During 2019-2020 the complaints/representations from SC/ST/OBC employees received in the section were as under:

Total representations received:	10
Total cases resolved/disposed:	7
Total cases under consideration:	3

## 6. Hospital

**Medical Superintendent**  
DK Sharma

**Department of Hospital Administration**

**Professor and Head**  
Sidhartha Satpathy

**Professors**

IB Singh

Sanjay Kumar Arya

**Additional Professors**

Nirupum Madaan  
Amit Lathwal

Anoop Daga  
Mahesh R

**Associate Professors**

Angel Rajan Singh

Parmeshwar Kumar

Vijaydeep Siddharth

**Assistant Professors**

Vikas H

Jitender Sodhi      Abdul Hakim

Laxmi Tej Wundavalli

Sheetal Singh

### Bed Complement

Bed Category	Main Hospital	Centre for Dental Education and Research (CDER)	Cardiothoracic and Neurosciences Centre (CNC)
General	836	17	317
ICU	92	-	74
Observation	69	-	09
Private Ward	165	-	64
<b>Total</b>	<b>1162</b>	<b>17</b>	<b>464</b>

### Hospital Performance Indices

Parameters	Main Hospital		CNC		CDER		Inference
	2019-20	2018-19	2019-20	2018-19	2019-20	2018-19	
Average length of stay (days)	9.9	9.5	10.5	10.2	5.0	5.6	Effective utilization of beds of regular admissions
Average bed occupancy rate (%)	85.9	86.8	83.8	84.9	69.6	73.6	Fair occupancy
Net death rate (%)	1.7	1.7	2.6	2.9	0.05	-	Low mortality rate despite a large number of critically ill patients are admitted to hospital
Combined crude infection rate (%)	5.6	5.8	-	-	-	-	

## 6.1 Medical Records Department

**Officer Incharge**  
Mahesh R

**Chief Medical Officer (Acting)**  
**Ashok Kumar** (up to 24 June 2019)      **Sandeep M Singh** (from 25 June 2019)

**Junior Medical Record Officers**  
Roshan Lal-II

### EDUCATION

1. A group of nine Medical Record Technology (IInd year) students visited Medical Record Section, Main Hospital and a brief lecture was delivered on Medical Record Management at AIIMS by the Medical Record Officer/Junior Medical Record Officer on 4 April 2019.

### TRAININGS

1. Mrs Neelam Baria and Mr Vijay Kumar, Medical Record Technician have been nominated for 6 months Medical Records Technology Training Programme w.e.f. 1 July 2019 to 31 December 2019 conducted at Safdarjung Hospital, New Delhi organized by CBHI, Ministry of Health and Family Welfare, Government of India.
2. Mr Sandeep M Singh, MRO, and Mr Roshan Lal, MRO attended 1-day training programme on Medical Certification of Cause of Death and assigning of ICD-10 in the Main Auditorium, Delhi Secretariat organized by the Office of the Chief Registrar (Births and Deaths) on 4 December 2019 during 10.00 am to 5.00 pm

### COURT ATTENDANCE

1. A total of 338 summons/notices were received in the Medical Record Section (Main hospital) from various Courts of Delhi and outside Delhi. The concerned doctors/ consultants (as per case) and staffs from the Medical Record Department have been deputed to attend the court on behalf of AIIMS Hospital to depose/settle the case.

### Aid in Medical Education and Research

1. Approximately 6255 Medical Case Records (Case Sheets) have been retrieved and issued to Residents authorized by the concerned Consultants for research, education and other official purposes.

### Computerization and Digitization of Medical Records

1. Digitization of in-patient medical records of main hospital was started from 2014 for easy retrieval of records. Over 1.25 crore images of case records of patients have been scanned for future reference.

### In-patient services

1. The yearly statistical health bulletin at a glance of Main Hospital, CDER and CN Centre of AIIMS are given at Table I.
2. The AIIMS hospital has maintained its tradition of services and quality of patient care in spite of increasing number of patients who visited the hospital from all over India as well as from abroad. A total number of 142185 patients were admitted during the year in various clinical units of Main Hospital, CN Centre and CDER. The details of patient load as per Department-wise, State-wise and Gender-wise, Admissions, Discharges and Average Length of Stay are given at Tables II, III and IV, respectively. The department-wise deaths and related indices are given in Table V.
3. A total number of 123258 Surgical Procedures (Major and Minor) were performed during the year in various Surgical Disciplines of Main Hospital, CN Centre and Centre for Dental & Education Research (CDER) is given at Table VI.
4. Medical Records of indoor patients are systematically classified and categorized for easy retrievals for the purposes of Education, Research/Thesis, Presentation, Insurance, Court Cases etc. These records are stored in the Compactors according to CR Numbers. All the in-patient records of Main Hospital, CN Centre and Centre for Dental & Education Research (CDER) are maintained separately by Medical Record Section of the Main Hospital.
5. In addition to the above activities, the Neurology department has commissioned its special clinic in OPD and in-patient admissions to facilitate the care of health services during this year:

S. No.	Name of Department/Special Clinics	Location
1.	Comprehensive Stroke Clinic under Neurology Department.	On working Saturday, CNC OPD, Room No. 19, 20 & 21.

### Central Admission Office and Hospital Enquiry

1. The Central Admission Office & Enquiry (CAO&E) of AIIMS functions round the clock for 365 days without break.
2. All admissions to the in-patient areas of Main Hospital, CN Centre and CDER are made through this office. It functions like the heart of the Institute and performing important functions like patient registration for initiation of Admission Slip (Face-Sheet) and issuing of attendant passes etc.
3. The Admission Office also gives information to several ministries as well as to the higher authorities of AIIMS about the hospitalization of VIPs/VVIPs.
4. In addition, the office also functions as a general enquiry providing prompt and accurate information regarding the patients and the Institute. The staffs working there are on shift duties and are manned by Receptionists, Jr. Medical Record Officer and Medical Record Technicians etc.

### Outpatient Department and Specialty Clinics

1. A total number of **20,43,602** patients attended various General Out-Patients Department (OPD), Specialty Clinics and Emergency Department of the Main Hospital, AIIMS. The details of the outpatients load profile are given at Appendix-VII.

### Other Activities

S. No.	Name of activity	Total Numbers
1.	Amendments made in Inpatients Records during the year	977
2.	Amendments made in Birth Records during the year	365
3.	Amendments made in Death Records during the year	491
4.	Admission and other charges exempted for Indigent patients and patients admitted under JSSK Scheme in Main Hospital and CDER	21115
5.	Admission and other charges exempted for Indigent patients and patients admitted under JSSK Scheme in CN Centre	1111

The statistical data for the year 2019-20 (Annual Report) has been prepared/compiled by Mr Rajbir Singh, Medical Record Technician under the supervision of Medical Record Officer.

## 6.2 Dietetics

### Officer In-Charge

Dr Mahesh R  
Additional Professor, Department of Hospital Administration

### Chief Dietician

Dr (Mrs) Parmeet Kaur

### Dieticians

Ms Swapana Chaturvedi

Ms Gurdeep Kaur

### Assistant Dieticians

Ms Vasundhara Singh  
Ms Monita Gahlot

Ms Anjali Bhola  
Ms Rekha Pal

Posted from Burns and Plastic Surgery Block  
Ms Aparna Pareek      Ms Ghazala Rahman

Department of Dietetics takes care of the therapeutic dietary needs of approximately 2300 indoor patients everyday. There are various kinds of diets provided to the patients based on the disease and dietary requirements calculated on the basis of nutritional screening and nutritional assessment done by the Dieticians in their respective wards. The approximate yearly data of different kinds of diets sent to the indoor patients of main hospital and centres, comprising around three major meals and two minor meals in a day are as follows:

#### Total number of indoor patients served hospital diet per annum (Main Hospital and Centres)

S. No.	Type of Diet	Number of patients
1.	Normal	4,18,418
2.	Private ward	88,065
3.	Semisolid	70,722
4.	Therapeutic	1,51,991
5.	Enteral feeds	59,965
	<b>Total</b>	<b>2319</b>

In addition nutrition counseling OPD and clinics are also run in the Main Hospital. The approximate number of indoor and outdoor patients counseled by the department are:

#### Total number of patients given outdoor and indoor nutrition counseling (Main Hospital)

Gender	Outdoor	Indoor	Total
Male	5206	4000	9206
Female	4561	3524	8085
<b>Total</b>	<b>9767</b>	<b>7524</b>	<b>17291</b>

#### EDUCATION

- Short term observership for MSc Foods and Nutrition students
- Nutrition classes for BSc (Hons) Nursing and Post Basic BSc Nursing students of AIIMS College of Nursing

#### Departmental CMEs/Workshops/Symposia/conferences

- 6 April 2019: World Health Day was celebrated as per theme given by WHO (Universal Health Coverage: Everyone, Everywhere) at Shishu Mandir, AIIMS campus. Children were educated about healthy eating practices and also a poster entitled "Healthy Eating" for children was displayed.

- 9 April 2019: Poster display on focus of Water, Sanitation and Hygiene (WASH) was done for the kitchen staff.
- 22 May 2019: Surgical Nutrition Updates in collaboration with IAPEN at AIIMS, New Delhi.
- 15 Oct 2019: Global hand washing day with the theme—Clean hands for all
- 16 Oct 2019: World Food Day with the theme—Healthy Diets for a Zero Hunger World

### **Lectures delivered**

#### **Dr Parmeet Kaur**

1. MNT in Gestational Diabetes-Time to move forward, Indian Dietetic Association, Delhi Chapter, 6 April 2019, New Delhi
2. Fundamentals of Nutrition for Adult Solid Organ Transplant, IAPEN Symposium Series on Surgical Nutrition, 22 May 2019, New Delhi
3. Food, Nutrition and Dietetics Education in Schools, Teacher Training Programme, CBSE, 19-20 August 2019, New Delhi
4. Importance of Nutrition during Antenatal care, Post-natal care and for the optimal growth of children (Special Invited Guest Lecture), Ayush Poshan Mah Celebration, Central Council for Research in Unani Medicine, 27 September 2019, New Delhi
5. Sports Nutrition, Board of Studies MYAS-GNDU Sports Sciences and Medicine, 30 September 2019, Amritsar
6. Nutrition in Surgical Oncology, IAPEN International conference on Surgical Nutrition, 22 and 23 November 2019, Bangalore
7. Nutrition for a healthy life, Swasth Bharat initiative by Govt. of India at Nirman Bhawan, 16 November 2019, New Delhi
8. Global Burden of obesity, IAPEN clinical Nutrition congress, 8 February 2020, Puducherry
9. Dietary recommendations for mother and child, International conference on Unani Medicine, 12 February 2020, New Delhi
10. Nutrition in Chyle leak, AIIMS Pulmocrit 2020, 8 March 2020, New Delhi

### **RESEARCH**

#### **Departmental Projects**

1. A clinical nutrition approach to improve professional dietetic practice in the surgical wards of All India Institute of Medical Sciences, New Delhi, India. A pilot study.

### **PUBLICATIONS**

#### **Journals: 5**

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Dr Parmeet Kaur** received Lifetime Achievement Award in the field of Holistic Health at the National Ayush Conference, January 2020; Certificate of Commendation by Ministry of Health and Family Welfare, Directorate General of Health Services, Government of India for Guest Lecture on Healthy Lifestyle, July 2019; Launch of IAPEN Malnutrition Week app (mobile phone based) consisting of Nutrition Screening and Assessment Tools on 22 May 2019; Expert Panel/Consultant to the Honorable Vice President of India w.e.f. 7 September 2019; Advisor, Bachelor of Vocation (B.Voc.), Health Care Management, MYAS-GNDU Sports Sciences & Medicine, Guru Nanak Dev University Campus, Amritsar. Session: 2019-20; Resource Person, Central Board of Secondary Education (CBSE), Class XI and Class XII content writing for Food, Nutrition and Dietetics Course; Resource Person of Scientific Session entitled – Unani Medicine—Towards Achieving the Sustainable Development Goal (SDG -3) of Good Health and Well Being in February 2020; Member, Healthy Eating Task Force for Monograph entitled—Eating Right for a Healthy You published by ILSI, India & South Asia Region

## 6.3 Hospital Billing Section

The donations received and payments made to patients during financial year 2019-2020 are:

Donations received from donors (Bank interest+Donations including online+Poor Fund boxes): Rs 46,57,325

Payment made to 452 patients: Rs 13,54,550

(The amount disbursed to poor patients is from donations received from donors during the year as well as from the previous balance lying in the 'AIIMS POOR FUND ACCOUNT').

## 6.4 Nursing Services

**Chief Nursing Officer (Acting)**

Ms Kamlesh Chandelia

Nursing service is an integral part of AIIMS, which aims at high quality nursing care to the patients and community. The professional nurses work in an environment that encourages professionalism and expertise in providing comprehensive patient care with the members of allied disciplines in the hospital.

### Staff strength

The main stratum of workforce in AIIMS is constituted by the well trained professional nurses from different departments. Staffing in nursing service is based on SIU (Staff Inspection Unit) norms in AIIMS.

Staff Strength in Hospital/Centers	
Chief Nursing Officer	1 (Acting)
Nursing Superintendent	5
DNS	39
ANS	200
Senior Nursing Officer	1019
Nursing Officer	3365
<b>Total</b>	<b>4629</b>

### Continuing Nursing Education

Nursing staff education is carried out throughout the year by in-service and continuing education programs to update the clinical knowledge of practicing nurses thereby aiming at improving standard of nursing care at AIIMS.

### Nursing in-service education program

A well-structured in-service education program has been initiated since January 2011. Initially it started with twice a week classes of one hour each, which was later on increased to thrice in a week. Two classes in a week are conducted for the bedside nurses (Nursing Officer and Senior Nursing Officer), whereas one class in a week is for senior nurses (Sister In-charges and above).

Facilitator	Ms Kamlesh Chandelia
Mentor	Ms Hanumati Devi
Educator	Ms Rebecca J Herald
	Ms Srinithya Raghavan
	Ms J Subbulakshmi

### Clinical Teaching

Clinical teaching was initiated in AB, C and D wings of the main hospital with an objective of upgrading standard of nursing care and solving practical issues in the area itself. This initiative was started on 1 January 2015, with active participation of bedside nurses and supervisory nursing personnel of the clinical areas. From August 2018 onwards clinical teaching was handed over to ANS In-Charge of the respective wards.

### **In-Service Education Weekly Classes**

A total of 106 lectures were taken on the listed topics in different batches. The number of nursing personnel who attended the in-service education classes was 2758.

Classes for Senior nursing Personnel/CNO/NS/DNS/ANS/SNO HR

1. Safe Staffing
2. Hepatic Disorder
3. Stroke
4. Cardiac Emergencies I
5. Cardiac Emergencies II
6. Acute Kidney Injuries
7. Respiratory Emergencies
8. SIU & Staffing
9. Corona Virus
10. Overview of Malignancies Patient Safety
11. Management of patients on ventilator
12. Hepatic Disorder
13. Stroke
14. Cardiac Emergencies I
15. Cardiac Emergencies II
16. Acute Kidney Injuries
17. Respiratory Emergencies
18. SIU & Staffing
19. Corona Virus
20. Overview of Malignancies

### **Module**

Developed a protocol for Admission/Discharge/Transfer/LAMA/Death, as there had been no such document available at AIIMS and this endeavour has been both challenging and rewarding. Hours of studying AIIMS protocols and Admission/Discharge policy circulars issued from time to time has given a final shape to this document.

### **Conferences and workshops conducted by NIE**

One day Critical care Nursing Update for bedside nursing personnel at AIIMS, New Delhi

<b>Date/Month/Year</b>	<b>Total Participants</b>
25 July 2019	37
1 August 2019	37
3 October 2019	37

### **Mental Health at Workplace for Senior Nursing Officers**

Eight full day workshops were conducted for Senior Nursing Officers of Main hospital in collaboration with College of Nursing, AIIMS.

### **Soft Skills**

A workshop to enhance Soft Skills among nurses was planned with Department of Psychiatry and one such workshop was organized on 21st February which was attended by 40 nursing officers. Monthly such workshops have been planned all through the year 2020.

### **Workshops/conferences attended**

1. Workshop on Recent Advances in Hepatology Nursing, 10 April 2019, ILBS, Vasant Kunj, Participants: 2
2. Quality Improvement: Striving towards Nursing Excellence, 15 April 2019, Participants: 2

3. A Nurse “Voice to Lead: Health For All”, 6 May 2019, Participants: 126
4. Workshop on RTI, 6 May 2019, CMET, Participants: 6
5. Training programme in Nutrition and Health Education, 10-14 June 2019, CFNEU, D2/183, Kidwai Nagar West, Participants: 4
6. ELNEC-Train the Trainers Programme, 5-7 June 2019, Participants: 9
7. Yoga Workshop, 17 June 2019, CIMR, Participants: 11
8. Advanced Nursing Care Administration and Quality Management Programme, 15-22 July 2019, AHA House, Noida, Participant: 1
9. AHA Accredited BLS and ACLS Provider Course, 5-7 August 2019, Participant: 1
10. EMINDIA 2019 Pre conference Workshop, 2 August 2019, Participants: 10
11. Orientation programme to Retiring Staff, 19-20 August 2019, Participants: 4
12. Paediatric Critical Care, 17 October 2019, Participants: 20
13. Stoma Care Hands on Workshop, 12 October 2019, Participants: 5
14. Strengthening Midwifery Practices, 14-22 October 2019, Participants: 4
15. Advanced Nursing Care Administration and Quality Management Programme, 16-20 September 2019, Participants: 2
16. Advanced Nursing Care Administration and Quality Management Programme, 21-26 October 2019, Participants: 2
17. Hematocon, Pre Conference 2019, 7 November 2019, Participants: 55
18. Hematocon, Main Conference 2019, 8 and 9 November 2019, Participants: 10
19. Care of Spinal Disorder Patients, 21 October 2019, Participants: 10
20. Congress of Asian Society of Transplant, 29 October 2019 to 2 November 2019, New Delhi, Participant: 1
21. NURSICON 2019, 1 and 2 November 2019, Participant: 1
22. HISICON 2019, 12-15 September 2019, Participants: 8
23. 1st International Nursing CME and Module Development in Child Care, 1 and 2 November 2019, Participants: 10
24. Exploring New Dimensions: Updated Care and Practices in Nursing, 14 November 2019, Participants: 20
25. Exploring New Dimensions; Updated Care and Practices in Nursing, 16 November 2019, Participants: 20
26. Changing Tides in Quality Care-Riding the Waves Together, 28-30 November 2019, Participants: 2
27. Public Lecture/CNE/CME on Child Abuse, 12 November 2019, Participants: 18
28. Research Methodology for Nursing Professionals, 2-10 December 2019, Participants: 2
29. QI Workshop in Obs & Gyne Dept, 14 December 2019, Participants: 17
30. Assertiveness in Nursing; Need of the Hour, 17 January 2020, Participants: 25
31. Simulation in Nursing, 4 February 2020, Participants: 15
32. Enhancing Soft Skills Among Nursing Personnel, 10 February 2020, Participants: 10
33. Training Programme in Nutrition and Health Education, 27-31 January 2020, CFNEU, D2/183, Kidwai Nagar West, Participants: 5
34. Emergency Nursing—An Upcoming Change, 3-7 February 2020, Participants: 2
35. Nursing Symposium—ISBMT Meet 2020, 13 March 2020, Participants: 2
36. 8th IANN Conference, 9-11 February 2020, Participants: 4
37. Nurse Led Heart Failure Management Programme, 11 February 2020, Participants: 10
38. AHA Accredited BLS & ACLS Provider Course, 10-12 February 2020, Participant: 1
39. Role of Nurse in Management of Addictive Behaviour Disorders, 9 March 2020, Participants: 12
40. Workshops on ‘Good Bedside transfusion practices,’ 16 October 2019, Participants: 15

—Three training sessions of Nurses on Deceased Organ and Tissue Donation, CMET, AIIMS.

—Five sessions for training 99 Nurses on Deceased Organ and Tissue Donation, ORBO, AIIMS.

—Wound Care and Pressure Sore Prevention Workshop at CMET, AIIMS, Participants: 30

—Workshop on, CRTP & ECG Course, AIIMS, Participants: 206

A total of 1479 nursing personnel attended 80 Workshop/Conferences during the year excluding Consultancy and participation as experts.

### Community Health Programme

NIE Team along with Chief Nursing Officer and DNS Incharge visited and delivered Health Talks in NP Co-Ed Model Senior Secondary School, Ansari Nagar West.

1. Good Touch; Bad Touch, 10–10.30 am KG to I standard, 49 students
2. Good Touch; Bad Touch, 10.30–11 am, II to V standard, 100 students
3. Breast self-examination and menstrual hygiene, 12 noon-1 pm, IX to XII, 47 students

### Deputation of Nursing Personnel for Higher studies

Nursing services at AIIMS focus on improving the nursing care by facilitating abundant opportunities for higher studies. After 5 years of regular services, nurses are eligible for pursuing higher studies with full pay. Nine nurses were pursuing Post-basic BSc nursing program and ten MSc nursing program during the year from main Hospital.

### Coordination and Organization of Educational Visits for various nursing educational institutions

Nursing educators in AIIMS conducted orientation for groups from different educational institutions across India as listed below:

Name of the College	Date	Number of Students	No. of Faculty
Government School of Nursing, Tumakuru, Karnataka	18 April 2019	GNM: 33	3
IGNOU/RAK College of Nursing	18 July 2019	Pc BSc III year: 11	-
Government College of Nursing, Mysore, Karnataka	31 October 2019	IV Year BSc: 35	2
PIMS College of Nursing, Pondicherry	7 November 2019	IV Year BSc & MSc: 35	2
DY Patel College of Nursing, Mumbai	21 November 2019	BSc & MSc: 35	2
Ramaiah College of Nursing, Bengaluru, Karnataka	6 February 2020	BSc: 35	2
CMC College of Nursing, Imphal	5 March 2020	BSc: 35	2

### Issuing credit hours certification

A total of 8 nurses were issued certificates of credit hours for registration in Nursing Council.

### Contribution as Organizers in Collaboration with Other Departments

NIE team organized various educational activities inside and outside AIIMS such as:

Conference	Collaboration With	Date	Attendance
HEMATOCON 2019	Dept of Hematology	7 November 2019	55
NURSICON 2019	Dept of Hospital Administration	10-11 December 2019	100 per day

### Coordination with KL Wig CMETi

Coordinated with KL Wig CMET in selecting and designating candidates for attending workshops organized by CMET.

### INFECTION CONTROL NURSES ACTIVITIES

#### MAIN HOSPITAL 2019-20

##### Infection Control Core Committee

Dr DK Sharma	Medical Superintendent, AIIMS, Chairman
Dr Arti Kapil	Professor, Department of Microbiology
Dr Rakesh Lodha	Professor, Department of Paediatrics
Dr Rashmi Ramachandran	Professor, Department of Anaesthesia
Dr Anoop Daga	Associate Professor, Hospital Administration
Dr Karan Madan	Assistant Professor, Department of Pulmonary Medicine

Dr Gagandeep Singh	Assistant Professor, Department of Microbiology
Dr Jhuma Sankar	Assistant Professor, Department of Paediatrics
Ms Nandayshri George	Nursing Superintendent, Infection Control
Ms Elpreda M Victor	Senior Nursing Officer, Incharge Infection Control Nurse
Ms MRE Vasanth	Senior Nursing Officer, Infection Control Nurse
Ms Betty Maria Binu	Senior Nursing Officer, Infection Control Nurse
Mr Dhawal Dwivedi	Nursing Officer, Infection Control Nurse
Mr Kunj Bihari Gauttam	Nursing Officer, Infection Control Nurse

HICCOM core committee meets periodically to discuss day-to-day activities and interventions. HICCOM administrative rounds conducted periodically with infection control core committee, identified problems discussed and rectified.

### Activities of HICCOM

1. HICCOM (Hospital Infection Control Committee) conducted monthly half day training programme for nurses, total **307** nursing officers attended. Pre- and Post-test conducted and analysis done.
2. Sensitization on hand hygiene, PPE and BMW management for various health care workers organized and total **98** workers attended.
3. The ICN took a session on Role of infection control nurse in “Clinical Nursing Update” organized by College of Nursing, AIIMS for a group of **30** in-service nursing personnel.
4. Involved in the teaching program for nursing students of college of Nursing, AIIMS related to infection control prevention and practices.
5. ICNs conducted classes for Main Kitchen staff for a group of **83** employees on hand hygiene practices, use of PPE and importance of immunization. During Kaya-Kalp rounds same topics were emphasized by infection control nurses.
6. ICN participated as resource person at hand hygiene station organized by hospital administration for SASH 2020.
7. All ICNs took active participation in organizing and conducting Kaya-Kalp-2019-20 rounds.
8. Sensitization on hand hygiene, PPE, spill management and needle stick injury protocols were emphasized to sanitary attendants and hospital attendants.
9. Sessions were conducted for Biotic workers on hand hygiene, PPE, immunization, spill management and needle stick injury protocols, personal hygiene, loading of BMW trolleys according to the BMW rules.
10. The ICNs contributed in content and finalization of revised edition of Infection control manual.
11. SOPs on Needle stick injury and Spill management protocols in the form of charts were prepared, distributed and displayed in all clinical areas of AIIMS.
12. Sensitization on infection control practices and BMW management for resident doctors, department of medicine on request of HOD medicine.
13. ICNs conducted session on hand hygiene, personal hygiene, PPE and BMW management at Laundry facility staff and Mortuary staff.

### COVID-19 Teaching and Demonstration Activities

1. ICNs are actively involved during COVID pandemic to contain the COVID-19 cases.
2. ICNs under the guidance of HICCOM AIIMS are organizing and conducting training on infection control and prevention on standard precautions for all health care workers since 1st week of February 2020.
3. HICC AIIMS is developing dynamic guidelines time to time and ICNs are emphasizing them in all clinical areas.
4. ICNs conducted training classes on standard precautions, Respiratory etiquettes and PPE donning and doffing for all health care workers from 8th floor to ground floor of main hospital. All wards of AB, C and D wings including ICUs, HDUs, day care units, private wards, New Private ward block all three floors, Emergency services, OPD block and New RAK OPD areas are covered.
5. Upon request from IRCH faculty–ICNs of main hospital demonstrated PPE donning and doffing with check list at IRCH seminar room, around 60 doctors, nurses and other health care workers attended the session.
6. ICNs of Main Hospital trained health care personnel at NCI Jhajjar in donning and doffing PPEs. ICNs conducted training program for 50 health care workers.
7. ICNs involved in training of OT technicians, security guards, ambulance drivers and maintained the attendance of all training schedules till date.
8. ICNs along with HICCOM team involved to give inputs while setting up the COVID-19 facilities in C6 ward, D6 ward and New Private ward ground floor. ICNs re-emphasized on Donning and Doffing of PPE and disinfection of goggles & face shields in 0.5% Sodium Hypochlorite Solution for 20 minutes and keep them for reuse.

9. ICNs along with ID residents were part of video shooting on Donning and Doffing of PPE for training purpose. This video is now available in AIIMS website both in English and Hindi.
10. ICNs are attending HICCOM meeting whenever required by HICCOM core group members and involved in sensitizing the dynamic guidelines on Environmental cleaning increase the frequency including all surfaces, bed rails, door knobs, lockers and high touch areas, disinfection of items, correct dilution of disinfectant solutions, terminal disinfection of COVID facility, proper fogging guidelines, transportation of samples from COVID facility, handling of linen used for patients in COVID facility, cleaning of lift each time patient transported and management of Bio Medical Waste in COVID facility & maintain the record of number of bags handed over to Biotic team and its proper transportation.
11. On request of HICCOM team ICNs are emphasizing on use of 1% Sodium Hypochlorite Solution for mopping, damp dusting of all surfaces in all Non COVID wards and to keep extra 10 Face Shield, 10 Goggles and extra PPE.
12. Special attention given in COVID facilities for educating and re-emphasizing on donning and doffing for nurses, HA and SAs as they keep changing time to time and use of PPE judiciously when and where required.

#### COVID training programme for health care workers at glance:

A total of 438 doctors, 1205 nursing officers, 44 sanitary supervisors, 684 hospital/sanitary attendants, 95 technicians, 25 ambulance drivers, 22 PCC/ PCM and 72 guards attended the HICC class on standard precautions and respiratory etiquette on COVID 19.

#### Activities of Infection Control Nurses

Collection of data on total HCAs in ICUs/ HDUs, Surgical areas on BSI, RTI (VAP), SSI, UTI, CSF/others infections, etc. Data analysis carried out month-wise for all surgical units and all ICUs and the data analysis was shared with all concerned professor in-charges of surgical units and ICUs.

#### Annual Health Care Associated Infection (HCAI) Rate

Area	Total Major Surgeries/Admissions	HCAI	%
Surgical Units	15081	553	3.6
ICUs	4869	570	11.7

Combined HCAI Rate:  $\frac{(553 + 570) \cdot 100}{19950} = 5.6\%$

Monthly surveillance and data for surgical units and ICUs calculated and submitted to MRD section for monthly newsletter.

1. Annual combined data analysis of surgical units and ICUs calculated and the same is distributed to Dr Arti Kapil Professor in-charge Microbiology Hospital infection Control, Professor DK Sharma Medical superintendent, Ms Kamlesh Chandelia, Chief Nursing Officer, Dr Anoop Daga office in-charge infection control from hospital administration and to Medical Record section.
2. Individual area rounds conducted by Infection Control Nurses on daily basis by using Checklist and whenever need arises, onsite training programme were conducted in the clinical areas and problems are rectified after discussing with the infection control core committee. (HICCOM).
3. Surveillance activities: Surveillance of environmental culture and sterility samples taken monthly basis and reports recorded and distributed to all respective areas and discussed to reinforce proper protocols to follow as per the hospital policy.

#### Surveillance Samples collected from Main Hospital during the year

Total Surveillance Samples	Total Environmental and Sterility Samples	Total In-use Solutions Samples	Total Sterile Samples		Total Unsterile Samples	
			Environmental and Sterility Samples	In-use solutions Samples	Environmental and Sterility Samples	In-use solutions Samples
3003	2174	825	1822	724	352	101

Management of outbreaks monitored and educated the HCWs about the precautions. Maintaining the Report Book for daily basis reporting and also a dedicated register for reporting Incident and intervention.

Ministry of health and family welfare has launched “**Kaya-Kalp**” -Clean hospital campaign under Swachh Bharat Abhiyan. Clean and Green AIIMS campaign guidelines have been formulated. AIIMS is uniquely poised to lead this movement of Kaya-Kalp transformation by being the agent of change and adopting these guidelines.

WHO Hand Hygiene Day observed and ICNs conducted public awareness on hand hygiene demonstrated at RAK OPD and PRC **3 times** and with active public participation.

## 6.5 Medical Social Welfare Unit

### Officer In-Charge

Dr Jitender Sodhi

Asst. Professor, Department of Hospital Administration

### Chief Medical Social Service Officer

BR Shekhar

### Supervising Medical Social Service Officer

Pankaj Kumar

## INTRODUCTION

The foundation of Medical Social Welfare Unit in AIIMS was laid in 1960 when the first Medical Social Worker was appointed in the main hospital. The Medical Social Welfare Unit is working under the supervision of Medical Superintendent. The integration of Medical Social Services has yielded positive results as it provides social, psychological and financial support for patients and alleviated distress while receiving treatment. The Medical Social Welfare Unit, Main Hospital has 12 Medical Social Service Officers (MSSOs) taking care of OPDs and Wards of 20 important departments in the main hospital. In addition to a team of MSSOs, there are 18 part-time social guides (PTSG) and one hospital attendant working under the Unit for patient care and guidance.

**Our motto: “Committed to patients, committed to AIIMS”**

### Our Objectives:

1. To create a Therapeutic-Network among the doctor, paramedical staff, the patient, the family and the community.
2. To facilitate a Holistic-Healing leading towards a complete physical, psychological, social and vocational rehabilitation.
3. To ensure the protection of the basic human rights of the patients.
4. To facilitate the various services for the poor and indigent patients.
5. To coordinate with the Hospital Administration and treating faculties to facilitate the basic patient welfare services.
6. To impart Training & Orientation of Medical Social Work to the Social Work Students.
7. To conduct & coordinate the Research studies initiated by our unit and other departments of AIIMS.

Designation	Number of staff
Medical Social Service Officer Gr. I	1
Medical Social Service Officer Gr. II	9

## HIGHLIGHTS

### *Coordination and implementation of AB-PMJAY scheme in AIIMS*

Ayushman Bharat Prime Minister Jan Arogya Yojna (AB- PMJAY), a programme of Government of India was launched on 23 September 2018 by Hon’ble Prime Minister. AIIMS is a signatory and participant in the implementation of this programme and a dedicated office for the same has been created near gate no. 1 (opposite RAK OPD) in AIIMS.

**A team of AB-PMJAY with AIIMS Director in Arogya Manthan**

The Medical Social Welfare Unit is coordinating the implementation of this scheme in AIIMS with a team of Pradhan Mantri Arogya Mitra (PMAM) & PCM under the leadership of Medical Superintendent. The MSSO is the key person to implement this scheme and the team of Medical Social Welfare Unit, under the supervision of Chief MSSO has ensured that this pioneer programme reaches maximum beneficiaries smoothly.

This dynamic centre facilitates Beneficiary Identification, Golden Card generation, Treatment package selection, Pre-authorization of the package, Surgical & Medical treatment, Claim initiation, reporting, networking and Grievance redressal. A consolidated data of patients benefitted under AB-PMJAY is depicted in the table below:

Total Walk-in	10,133
BIS request raised	4,052
Total Surgical case	2,728
Total Medical case	950
<b>Total cases</b>	<b>3,678</b>

**Team of Ayushman Bharat – AIIMS New Delhi**

#### **Financial Assistance to poor and indigent patients for treatment**

1. Received Rs 46,57,325 in AIIMS Poor Fund.
2. Helped 452 poor patients for Rs 13,54,550 through AIIMS MS Poor Fund.
3. Facilitated the assistance of Rs 1,00,000 to poor and indigent patients through MSSO Poor Fund
4. Rs 19,23,14,906 availed from National Illness Assistance Fund (NIAF) for BPL patients to get treatment of life threatening diseases.
5. Rs 4,94,50,000 availed from Rashtriya Arogya Nidhi (RAN) Umbrella Scheme of MoHFW for 660 BPL patients (340 patients from Central Committee for grant above Rs 5 lakhs and 320 from Sub-committee for grant below Rs 5 lakhs) to get treatment for life threatening diseases.

6. Arranged financial assistance through Corporate Social Responsibility (CSR)/Trust/NGOs:

Fiem Foundation	Rs 62,79,391 for 32 patients
Relaxo Footwears	Rs 9,56,681 for 14 patients
Roshni Foundation	Rs 9,38,462 for 20 patients
Baij Nath Bhandari Trust	Rs 1,48,300 for 7 patients
Jawahar Bhawan Trust	Rs 1,78,100 for 9 patients
Sahu Jain Trust	Rs 67,000 for 5 patients
Sewa Prakalp Mahila Mandal Trust	Rs 1,59,000 for 6 patients
Yuvraj Singh Foundation	Rs 5,00,000 for 1 patient
Dwarka Prasad Trust	Rs 3,00,000
Gopal Foundation	Medicines for Cancer patients

**Medical Social Welfare Unit, Room No. 9, RAK OPD**

**Free medicines and other donations for poor and indigent patients**

1. Free medicines worth Rs 13,00,000 to 12000 OPD patients through voluntary donation at MSWU.
2. Free medicines/surgical items through poor patient proforma to approximately 1000 admitted patients in AIIMS.

**Exemption of hospital charges and Railway Concession**

1. Exemption of different hospital charges including CT, MRI, PET, HLA etc. for about 15,000 BPL/poor patients.
2. Exemption on recommendation of treating/concerned faculty for approximately 5000 patients.
3. Railway Concession facility provided to approximately 10,050 outstation patients.

**Counseling and guidance:**

1. Counseled and guided approximately 42,000 patients for referrals services, healthcare schemes like AB PMJAY, RAN, financial assistance, Dialysis centres, etc.
2. Counseling and targeted therapeutic interventions of 60,000 patients were addressed related to adjustment to diagnosis, trauma, possible role changes, emotional/social responses to illness and treatment aimed at helping patients/families/care providers seeking treatment in hospital.

**Rehabilitation and referral through casualty**

1. Rehabilitated approximately 102 patients: Medico-legal cases (MLC) and Non-MLC Unknown/Unattended/ Destitute/Orphan.
2. Facilitated shifting of approximately 10,220 patients to Safdarjung and other government hospitals for admission through Casualty MSSO due to non-availability of beds.

3. Facilitated referral of patients to private hospitals for free treatment under EWS category as per the Hon'able High Court Order.

#### **Authorization of Organ Transplant under Transplantation of Human Organs Act:**

Twenty-three cases of Unrelated Kidney Donors were scrutinized, assessed, documented and presented before the Renal Transplant Authorization Committee as per the Transplantation of Human Organs Act (THOA), 1994.

#### **Training and orientation:**

Imparted Social Work training (Short Term Observership Training) through academic section, Field Work throughout the year and Orientation Sessions on 'Medical Social Services in hospital setting' for Social Work students of different colleges.

#### **Special Celebrations:**

Diwali Celebration and Magic show in AB-5 ward on 26 October 2019: The Medical Social Welfare Unit organized a Magic Show and Diwali Celebration in the presence of the Director, DDA, Medical Superintendent, Senior Financial Advisor, and Head, Department of Paediatric Surgery.

**Celebration of Diwali in AB-5 ward**

#### **Other Activities**

1. Displayed a comprehensive poster of Medical Social Welfare Unit title on 'Universal Health Coverage' in the 64th Institute Day Celebration and exhibition on 25 September 2020.
2. Celebrated World Social Work Day on 17 March 2020 with the Director, Medical Superintendent, Deputy Director (Administration), Faculty members and staff. A brochure about the Medical Social Services was also released by the Director, AIIMS.

**Release of Brochure by the Director, AIIMS on the World Social Work Day**

## Mega Blood Donation Drive

**Chief MSSO interacting with media during Mega Blood Donation Drive**

The event was a big success with approximately 3000 units of blood donation on 27 February 2020. Medical Social Welfare unit created awareness and motivated people to come forward and participate in the event on a large scale.

### **Other contributions:**

1. Non-MLC to MLC conversion 179 in Casualty.
2. Continued digitalization process for social services and Online-exemption through e-hospital.
3. The Chief MSSO gave his contributions to the Hospital Health and Hygiene promotion Sub-committee (KAYAKALP).

## **EDUCATION**

### **Teaching activities**

1. Mr BR Shekhar, Chief MSSO chaired the paper presentation session and gave Presidential address in 7th National Conference of AIAMSWP on “Social Research in Health care” organized by All India Association of Medical Social Work Professionals (AIAMSWP) North-East Zone.

**Presidential address by Mr B.R Shekhar in AIAMSWP Conference**

2. Mr BR Shekhar and Mr Vivek Kumar Singh took one day session on “Role of MSSO as Public Health Worker” in Jamia Millia Islamia, New Delhi with postgraduate students of Department of Social Work on 5 August 2019.

**Mr BR Shekhar, Chief MSSO and Mr Vivek Kumar Singh, MSSO with Faculty & students of Public Health in Jamia Milia Islamia, New Delhi**

3. Sessions were conducted by Mr BR Shekhar, Chief MSSO and Mr Vivek Kumar Singh, MSSO for Nursing Officers during their induction program in CMET, AIIMS on ‘Social Welfare Schemes for patients in AIIMS’.
4. PhD degree was awarded to Dr Kirti Arya on 29 October 2019 from University of Delhi on “Rehabilitation of Drug Users: A study of District Rehabilitation Centres in the state of Punjab”.

#### **Training activities by Medical Social Welfare Unit:**

1. **Social Work Training—Block Placement:** Imparted Social Work training (Short Term Observership Training) through academic section to 46 students of Social Work who came from following colleges across the country:
  - a. MJPRU, Bareilly, UP (12 students)
  - b. IGNOU, New Delhi (14 students)
  - c. IIT, Delhi (1 student)
  - d. Sri Shankaracharya University, Kerala (2 students)
  - e. Rajiv Gandhi University, Arunachal Pradesh (6 students)
  - f. Puducherry University (1 student)
  - g. MGKVP, Varanasi (6 students)
  - h. BHU, Varanasi (1 student)
  - i. ISS, B R Ambedkar College, Agra (2 students)
  - j. CUHP, Himachal Pradesh (1 student)

**Social Work Training-Concurrent Field Work:** Imparted Concurrent Field Work throughout the year to 4 students of from Delhi School of Social Work (DSSW) and Jamia Milia Islamia University.

2. **Social Work Orientation Session:** Five Orientation Sessions on ‘Medical Social Services in hospital setting’ were given by Mr BR Shekhar (Chief MSSO), Mr Pankaj Kumar (Supervising MSSO), Ms Leema Maiti (MSSO), Mr Vivek Kumar Singh (MSSO) & Dr Kirti Arya (MSSO) to following Social Work Student groups to Social Work students from following colleges:
  - Vorhees College, Vellore, Tamilnadu
  - Loyola College, Chennai
  - GEMS College, Mallapuram
  - Shantigiri College, Kerala
  - Bosco College, Assam
3. Training and orientation given to Mr Saurabh Kumar, MSSO Gr-I, AIIMS–Raipur, about role of MSSO in AIIMS which was organized officially through Medical Superintendent.

#### **CMEs/Workshops/Symposia/National and International Conferences**

1. **Workshop:** Ayushman Bharat: Arogya Manthan, National Health Authority, 30 September–1 October 2019, Vigyan Bhawan, New Delhi
2. **Conference:** Strengthening AB-PMJAY services in Medical College, National Health Authority, 4 March 2020, Hotel Shangri-La, New Delhi
3. **Conference:** 7th Annual National Conference of All India Association of Medical Social Work Professionals (AIAMSWP)-2020, All India Association of Medical Social Work Professionals (AIAMSWP) North-East Zone, 6 and 7 February 2020, Community Medicine Department, RIMS & JNIMS, Imphal, Manipur.

Sessions Chaired by Mr BR Shekhar, Ms Neerja Sapra, Mr Aftab Alam Shah

4. **Poster presented:** AB-PMJAY: Accelerating India's progress towards achievement of Universal Health Coverage by Md Shahid, Mr Vivek Kumar Singh and Mr BR Shekhar

**Papers presented:**

1. Maiti L, Shekhar BR. Extent and Intensity of Incest as a silent family conspiracy: The way forward
  2. Arya K Re-Imagining Medical Social Work in India: Evidence from Established Global Practices for Ensuring A Patient Centric Health Care
- 
1. **Seminar:** Women and gender equality in higher education in India: Issues and Challenges, Mahatma Gandhi Kashi Vidyapith, Varanasi, 11 January 2020, Mahatma Gandhi Kashi Vidyapith, Varanasi  
**Title:** Increasing girl child enrolment rate in primary and secondary education through NGO support
  2. **CME:** Brain Death and Organ Donation, Organ Retrieval Banking Organization, AIIMS, 5 July 2019, CMET, AIIMS, New Delhi
  3. **Workshop:** Right to Information, 16 May 2019, CMET, AIIMS, New Delhi
  4. **Workshop:** FACE (First Aid in Common Emergency), Department of Surgery, 20 May 2020, CMET, AIIMS, New Delhi
  5. **Workshop:** SAKSHAM (Empowering organizations), 21-23 September 2019 & 17-19 January 2020, SPJIMR, Mumbai

**SIGNIFICANT EVENTS**

1. Mr BR Shekhar was a panelist along with co-panelist Deputy CEO, AB-PMJAY, Farmer leader and another senior doctor in “*Vaad-Sambaad*” talk show organized by DD Kisan aired on 13 December 2019 related to AB PMJAY. The motive of the show was to cater to maximum number of beneficiaries through this platform.

**Mr B R Shekhar, Chief MSSO during the program VAAD-SAMVAAD at DD Kisan**

2. A friendly cricket match between MSSO and Resident Doctor's Association (RDA) was organized on 6 April 2019 in Doctor's hostel AIIMS. It was aimed at developing a more cordial relation and network.

**Mr B R Shekhar, Chief MSSO with Sh Ram Gopal Yadav, Chairman,  
Parliamentary Standing Committee**

3. The Department related Parliamentary Standing Committee on Health and Family Welfare examined “**The Allied and Healthcare Professions Bill, 2018.**” The committee interacted with various stakeholders. The committee invited Mr BR Shekhar, Chief MSSO to appear before the committee in the Rajya Sabha on 11 October 2019. He submitted representation to include Medical Social Work Profession in the bill and provided valuable suggestions/inputs before committee. Later on, the committee accepted all the recommendations.
4. On the challenging situation of COVID-19 pandemic MSW unit under the leadership of Chief MSSO actively participated and created awareness about COVID-19 and its prevention. The unit also mobilized support through various non-governmental organizations for arranging surgical masks, soaps, sanitizer, etc.

## **PUBLICATIONS**

**Journals: 1      Chapters in Books: 2**

## 7. College of Nursing

### Professor cum Principal

Dr Manju Vatsa (up to 30 June 2019)

Dr Sandhya Gupta (Acting) (from 1 July 2019)

### Associate Professor

Dr Deepika C Khakha  
Dr Poonam Joshi  
Ms Aditi P Sinha  
Ms Rimple Sharma  
Ms Levis Murry  
Mr Ajesh Kumar TK

Dr Kamlesh K Sharma  
Dr L Gopichandran  
Dr Pragya Pathak  
Ms Cecilia MS  
Ms Y Surbala Devi  
Ms Milan Tirwa

Dr Shashi Mawar  
Ms Sibi Riju  
Ms Ujjwal Dahiya  
Ms Manju AK Rajora  
Ms Smita Das  
Dr M Srinivasan (from October 2019)

### Assistant Professor

Ms Gita Razdan

### Nursing Tutor

Ms Kiran Singh Simak  
Ms Babita Sahoo  
Dr Seema Sachdeva  
Ms Nemkholam  
Ms Mamta Choudhary (from October 2019)  
Ms Suman Dabas (from October 2019)

Ms Gayatri Batra  
Dr Philomina Thomas  
Ms Anubha Devagourou  
Mr Hansaram

Ms Sucheta  
Ms Meena Ara  
Ms Neelima Raaj  
Ms Monika Sabharwal  
Ms Manita Dalal (from September 2019)  
Ms Savita (from September 2019)

## EDUCATION

### Undergraduate

- BSc (Hons) Nursing: **76** students graduated from the 4-year course.
- BSc Nursing (Post Basic): **21** students graduated from the 2-year course.

### Postgraduate

- MSc Nursing: **21** students graduated from the 2-year course

### New Students

- 77 students joined BSc (Hons) Nursing 1st year and 34 students joined BSc Nursing (Post-Basic) 1st year
- 25 students have joined MSc nursing program this year in the following specialties:
  - a. Oncological Nursing (3)
  - b. Critical Care Nursing (4)
  - c. Paediatric Nursing (3)
  - d. Neurosciences Nursing (4)
  - e. Nephrological Nursing (3)
  - f. Cardiological/CTVS Nursing (4)
  - g. Psychiatric Nursing (4)

The College of Nursing conducted orientation sessions:

- Two groups of delegates from Ministry of Health of Japan and Korea.
- One group of visitors from College of Nursing, DY Patil University, Pune, India
- Initiated integration of Mid-Level Health Provider (MLHP) course in UG nursing programme as per Indian Nursing Council Requirements.

### CMEs/Workshops/Symposia/National and International Conferences

1. Coordinated Eight Clinical updates for nursing officers of AIIMS
  - A. Organized by MSc Nursing 2nd year students under supervision of faculty of the college

- a) A step towards safe and sustainable critical care in children (October 2019)
  - b) Exploring new dimensions: Updated care and practices in nursing (November 2019)
  - c) Management of Addictive Behaviour Disorders (March 2020)
  - d) Exploring new dimensions: Updated care and practices in nursing (November 2019)
  - e) Assertiveness in nursing (January 2020)
- B. Organized by BSc Nursing (Post Basic) 2nd year students under supervision of faculty of the college
- f) Transforming the workplace through simulation (February 2020)
  - g) Enhancing soft skills: Moving forward towards quality care (February 2020), and
  - h) Mental health nursing update on “Management of Addictive Behaviour Disorders”, 9 March 2020
2. Coordinated Education and Training Programme for MSc Nursing Students and BSc Nursing students on Deceased Organ & Tissue Donation in collaboration with ORBO, AIIMS, New Delhi.
  3. Organized and conducted first series of nine lectures for webinars for training in care of COVID-19 patients for nursing officers and nursing students of the country as per the instructions from Ministry of Health and Family Welfare, GOI which is streaming on YouTube in March 2020.

#### Lectures delivered

**Dr Deepika C Khakha: 24**

**Dr L Gopichandran: 10**

**Ms Cecilia MS: 5**

**Mr Ajesh Kumar TK: 1**

**Dr Kamlesh Sharma: 15**

**Dr Pragya Pathak: 2**

**Ms Levis Murry: 14**

**Ms Milan Tirwa: 3**

**Dr Poonam Joshi: 28**

**Ms Ujjwal Dahiya: 1**

**Ms Y Surbala Devi: 7**

#### Dr Deepika C Khakha

1. Overview of Qualitative Research, National Conference on Research Methodology, 1 April 2019, Gurugram, Haryana
2. Burnout and its Management, CNE, 10 April 2019, New Delhi
3. Ethical practice in Clinical settings, Workshop on ‘Building innovation through Clinical practice’, 5 June 2019, New Delhi
4. Evidence Based Practice in Clinical settings, Workshop on ‘Building innovation through Clinical practice’, 5 June 2019, New Delhi
5. Stress Management at Infection Control and Prevention strategies, Peri-operative Neuro-nursing Conference, 25 June 2019, Cardio-Neuro Centre, AIIMS, New Delhi
6. Evidence Based Practice in Clinical settings, Workshop on Building innovation through Clinical practice, 3 July 2019, New Delhi
7. Ethical practice in Clinical settings, Workshop on Building innovation through Clinical practice, 3 July 2019, New Delhi
8. Prevention and Management of Burnout, Workshop on Mental Health at Workplace, 7 August 2019, New Delhi
9. Self-exploration, Induction, 29 August 2019, New Delhi
10. Guest Lecture series, Mental Health Nursing, 2-6 September 2019, Ranchi, Jharkhand
11. Quality Assurance in Nursing, Training Course in Management for Senior Nursing Administrators, 18 September 2019, Munirka, New Delhi
12. Prevention and Management of Burnout, Workshop on Mental Health at Workplace, 18 September 2019, New Delhi
13. Workforce and Patient safety, Workshop on Infection prevention and control strategies on Quality care and Patient safety, 24 September 2019, New Delhi
14. Prevention and Management of Burnout, Workshop on Mental Health at Workplace, 9 October 2019, New Delhi
15. Inter-Personal Communication between Nurse and Patient, Workshop on Neuro Anaesthesia Update 2019, 18 October 2019, New Delhi
16. Communication in Neuro-nursing, International Spine Congress & Live Operative Workshop AIIMS SPINECON, 21 October 2019, New Delhi
17. Prevention and Management of Burnout, Workshop on Mental Health at Workplace, 13 November 2019, New Delhi
18. Publishing a paper, Workshop on Introduction to Research for Clinical Nurses, 14 November 2019, New Delhi.
19. Prevention and Management of Burnout, Workshop on Mental Health at Workplace, 27 November 2019, New Delhi
20. Nature and scope of Research, Workshop on Research Methodology, 2 December 2019, New Delhi

21. Evidence Based Practice, Developing experimental design and analysis skills in Nurse Researcher, 18 December 2019, New Delhi
22. Significance of assertiveness in nursing, Workshop on Assertiveness in Nursing: Need of the hour, 17 January 2020, New Delhi
23. Prevention and Management of Burnout, Workshop on Mental Health at Workplace, 28 October 2019, New Delhi
24. Prevention and Management of Burnout, Workshop on Soft Skills, 10 February 2020, New Delhi

**Dr Kamlesh K Sharma**

1. NRP using simulation vs conventional method, Nursing update on “NRP”, College of Nursing, AIIMS, 12 October 2019, New Delhi
2. Trends and scope of nursing, Orientation Programme for GNM and BSc Nursing Fresher’s batch 2019-20, Narayan Nursing College, Gopal Narayan Singh University, 23 September 2019, Rohtas, Bihar
3. Complications-Identification & management in community, 9th International Nursing Conference on ‘Collaborative approach for Holistic Health Care’, Akal College of Nursing, Eternal University, 11 October 2019, Sirmour, Himachal Pradesh
4. How to write a research report, Workshop on ‘Introduction to research for clinical nurses’, In service education department of CNC, AIIMS, New Delhi, 14 November 2019, AIIMS, New Delhi
5. Resource person/trainer in Training (series of sessions), Training of State Trainers in Induction Module for Community Health Officers, National Health Systems Resource Centre, NHSRC, 20–22 November 2019, NIHFW, Delhi

## **RESEARCH**

### **Funded projects**

#### ***Ongoing***

1. A randomized controlled trial to compare the efficacy of mobile app vs conventional prescription of analgesics and adjuvants' adherence on selected variables among cancer patients receiving palliative care at a tertiary care centre. Gopichandran L, ICMR, 2 years, 2019-21, Rs 7.78 lakhs

#### ***Completed***

1. A study to assess knowledge and skills of nurses related to BCLS and CCLS and to evaluate the impact of training on real time assessment of resuscitation and its outcome in a tertiary care facility, Smita Das, AIIMS, 2 years, 2017-19, Rs 3.7 lakhs

### **Departmental projects**

#### ***Ongoing***

1. A comparative study of status of mood, resilience and confidence of athletes and non-athletes students (between 14-18 years) of higher secondary school in Delhi NCR
2. A comparative study to assess the breast feeding behaviour of partially paladai feed with exclusively breast fed late preterm and term neonates
3. A cross sectional study to assess the anxiety of patients with cardiac disorders related to COVID 19 pandemic
4. A cross sectional study to assess the Financial Toxicity and its impact on therapeutic compliance among cancer patients undergoing chemotherapy at DR BRA IRCH, AIIMS, New Delhi
5. A descriptive study to assess the effect of physical activity on glycemc control in children with Diabetes Mellitus Type I
6. A exploratory study of factors associated with integration of patients recovering from alcohol dependence syndrome with their family
7. A feasibility study to examine the effect of yoga based interventions on pain perception, fatigue, and quality of life in children with planned chemotherapy
8. A hermeneutic phenomenological study to assess the lived-in experiences and coping strategies of COVID positive patients at AIIMS, Delhi
9. A qualitative study to assess the experience of living kidney donors while undergoing evaluation for transplant
10. A quasi experimental study to assess the effectiveness of structured discharge counselling on selected outcome among caregiver of heart failure patient
11. A quasi-experimental study to assess the effectiveness of educational package on SBAR approach on the knowledge, attitude and practice among nurses working in neurosurgery ICU, AIIMS, New Delhi
12. A randomised controlled trial to assess the effect of Maternal audio taped voice on selected clinical parameters of sedated children in PICU of AIIMS, New Delhi
13. A study to assess stress, anxiety, depression and psychological distress during COVID 19 pandemic among employees working in corporate sector- a web based cross sectional survey.
14. A study on effectiveness of nurse led intervention on self-care behaviour, psychological symptoms and quality of life among kidney transplant recipients in a selected tertiary care hospital of New Delhi.
15. A study to assess anxiety, depression and quality of life among patients with lupus nephritis reporting at AIIMS, New Delhi
16. A study to assess impact of COVID 19 on care of heart failure patients
17. A study to assess the effect of an educational intervention for the nurses on the adherence to the bundle for prevention of Ventilator associated Pneumonia (VAP) in ICU, AIIMS, New Delhi

18. A study to assess the effectiveness of educational package on Situation-Background-Assessment-Recommendation approach on the knowledge, attitude and practice among nurses working in neuroscience ICU units, AIIMS
19. A study to assess the effectiveness of video assisted teaching on home care management with Parkinson's disease attending neurology OPD at AIIMS, New Delhi
20. A study to assess the psychological distress among security guards during COVID 19, AIIMS Delhi
21. A study to compare anxiety, depression and quality of life among caregivers of children with cerebral palsy and those with typically developing children attending paediatric neuro OPD at AIIMS, New Delhi
22. A study to develop haemodialysis patient's safety care protocol (SOP) for the patients undergoing haemodialysis at AIIMS, New Delhi and assess its feasibility, acceptability and patient satisfaction.
23. An exploratory study to assess the problems experienced by the relatives of patient admitted in critical care areas with a view to develop an ICU practice protocol for relatives and health workers at AIIMS, New Delhi
24. Association of oral health and ventilator associated pneumonia among patients admitted in intensive care unit, AIIMS, New Delhi
25. Awareness and practice among two-wheeler riders in Delhi
26. Happiness and Its determinants among Nursing Students
27. Hermeneutic phenomenological study on experience of patients Post-Heart Transplantation at AIIMS, New Delhi
28. Impact of COVID 19 pandemic on nursing education: A cross sectional survey
29. Impact of virtual interactive epilepsy education versus digital educational material in people with epilepsy and their caregivers: A randomized controlled trial
30. Perception of social support and prevalence of depression among head and neck cancer patients
31. Randomized Trial to Study the Impact of Simulation-based-Learning over Conventional Training on Knowledge and Self-Efficacy of Nursing Students in Paediatric Medicine and Paediatric Surgery Wards

### **Completed**

1. A Case Control Study to Assess the Musculoskeletal Pain, Depression and Quality of Life in Patients With Parkinson's Disease
2. A comparative study of social support on perceived needs by patients with opioid dependence syndrome and their caregivers, at NDDTC, Ghaziabad.
3. A cross-sectional study to assess the prevalence of renal dysfunction in children with solitary kidney
4. A descriptive cross sectional study to assess the knowledge and adherence behaviour to treatment regimen among chronic kidney disease patients at AIIMS hospital, New Delhi with a view to develop an informational booklet
5. A randomized controlled trial to compare the effect of traditional versus simulation teaching methods on neonatal resuscitation in terms of knowledge, skills and self-confidence of nurses
6. A study of perception regarding organ donation and scope of practice of nurses as transplant coordinators and to explore the status and position of potential donor referrals from the hospital, AIIMS before and after placement of nurse as transplant Coordinators.
7. A study to assess depression, coping strategies and treatment adherence in patients with cystic
8. A study to assess effectiveness of an educational intervention for primary caregivers on knowledge regarding immunization and immunization status of children who are undergoing cardiac surgery at AIIMS, New Delhi
9. A study to assess psychosocial, physical problems and coping strategies of patients having long term/permanent tracheostomy with a view to develop an information booklet
10. A study to assess the effectiveness of caregiver-training program on knowledge in managing aggressive patients at home
11. A study to assess the effectiveness of nurse driven mobile application (app) based discharge teaching for home healthcare practices among postoperative neurosurgical patients or caregivers in a tertiary care hospital, New Delhi, India.
12. A study to assess the effectiveness of structured educational package on knowledge and practices of caregivers of patient with spinal cord injury at Jai Prakash Narayan Apex Trauma Centre, AIIMS, New Delhi
13. A study to assess the knowledge and practice of food related triggers for asthma attack among parents of children with asthma attending paediatric OPD AIIMS, New Delhi.
14. A study to assess the knowledge regarding peritoneal dialysis home care and quality of life of patients on peritoneal dialysis at AIIMS, New Delhi with a view to develop an information booklet.
15. A study to assess the severity, risk factors and quality of life of patients associated with chemotherapy induced

- peripheral neuropathy with a view to formulate information booklet for self-management
16. A study to assess thirst intensity and thirst distress among heart failure patients admitted at CN Centre AIIMS
  17. A study to compare the perception regarding diagnosis and treatment in patients with SUD-dual diagnosis and their family caregivers and its relationship with therapeutic adherence at NDDTC, Ghaziabad
  18. Awareness, Utilization, and Determinants of using financial aid and resources by cancer patients in a tertiary hospital.
  19. Comparing the effect of traditional versus simulation teaching methods on neonatal resuscitation in terms of knowledge, skills and self-confidence of nurses: A randomized controlled trial
  20. Knowledge and attitude of nurses working in AIIMS regarding basic life support
  21. Knowledge, attitude and utilization rate of family planning methods among postpartum women in a selected tertiary care facility in India
  22. Myths and facts about COVID 19: Knowledge assessment among General Public
  23. Pathways to Severe mental illness care: A retrospective study of patients seeking psychiatric care at Department of Psychiatry AIIMS, Delhi
  24. Perception of workplace violence in emergency department
  25. Postpartum Depression and its risk factors among Indian Women in a tertiary care hospital
  26. Randomized Trial to Study the Impact of Simulation-based-Learning over Conventional Training on Knowledge and Self -Efficacy of Nursing Students in Paediatric Medicine and Paediatric Surgery Wards.
  27. Role of low fidelity simulation in acquisition of midwifery skills among nursing students: A mixed method approach
  28. Use of Force Sensitive Resistor in gauging pressure applied by a mechanical compression device over femoral sheath removal site and its association with patient level of site discomfort and post procedure complications among patient of transfemoral coronary interventions in a tertiary care hospital.
  29. Use of piezoelectric pressure sensor in gauging pressure applied by a mechanical compression device over the femoral sheath site and its application with patient's level of site discomfort and post procedure complications among patients of transfemoral coronary interventions in a tertiary care hospital

## PUBLICATIONS

**Journals: 25**

**Chapters in books: 13**

**Books: 2**

## PATIENT CARE

1. Organized Public Health Awareness Campaigns through 27 exhibitions/role plays in 2019-20 on important National/International health days/health issues, on topics like Mental Health, Prevention of Air Pollution, Breast Feeding, Breast cancer, Tuberculosis, Epilepsy, Blood donation, Food Safety, Oral Cancer and World AIDS Day etc.
2. Coordinated and supervised 14 health surveys in 2019-20 in urban community (Ambedkar Nagar) on topics like Awareness of HIV AIDS among the general public in the resettled colony in Delhi, knowledge, practices of breastfeeding among lactating mothers, Assessment of Knowledge, Attitude and Practice of diabetic patients regarding diabetes mellitus etc.
3. Participated in and co coordinated student participation in “Swasthya Chetna and Jan Sampark Abhiyan”; NCD, Screening and awareness camps at Pragati Maidan, Delhi from 14 to 27 November 2019 at 39th India International Trade Fair organised by Ministry of health and family welfare
4. On the occasion of 64th Foundation Day, 2019, co-organized departmental activities like
  - a) Poster exhibition
  - b) Organized Health Screening for general public and AIIMS employees, measuring Blood Pressure, Ht/ Wt./ BMI, Blood Sugar and Hemoglobin.
5. Provided direct patient care including health education through BSc (Hons) Nursing, BSc (Post Basic) Nursing & MSc Nursing students posted in various clinical areas throughout the year supervised by college faculty.
6. **A.** Faculty and students participated in blood donation camp on 27 February 2020 organized by Blood Bank-AIIMS  
**B.** Organized community **Awareness Campaigns** on prevention of Substance use through lectures, Role plays, film shows in Trilok Puri Centre and promotion of Mental Health, Prevention of domestic violence on World Mental Health Day.  
**C.** Coordinated and supervised 14 **health surveys** in 2019-20 in urban community (Ambedkar Nagar) on topics like Awareness of HIV AIDS among the general public in the resettled colony in Delhi, knowledge, practices of breastfeeding among lactating mothers, Assessment of Knowledge, Attitude and Practice of diabetic patients

regarding diabetes mellitus etc.

- D. Organized community survey in Trilokpuri in the area of treatment of Mental disorders, Substance use disorders, Tobacco Control Programs and Care of Elderly**

## **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

### **Participation & awards/prizes won:**

- Second Prize (Poster) was awarded to college of nursing for Poster exhibition on: “Universal Healthcare” on the Annual day by Director AIIMS, New Delhi.
- BSc (Hons) nursing students received 2nd prize in extempore and a 3rd prize in Hindi essay writing competition in state competition of Student nurses association (SNA events)
- Seven students were awarded to college of nursing for Poster exhibition on: “Universal Healthcare” on the Annual day by Director AIIMS, New Delhi.
- BSc (Hons) nursing students received 2nd prize in extempore and a 3rd prize in Hindi essay writing competition in state Student nurses association, SNA events

**Dr Sandhya Gupta**, Professor cum Principal (Actg) was appointed chairperson for preparing Proposal for upgrading existing nursing college of all seven AIIMSs into centre of excellence in nursing sciences at AIIMS, New Delhi. The proposal was prepared along with Principals of college of nursing from six new AIIMS, CMC Vellore and St John’s College of Nursing, Bengaluru and submitted to Member Secretary, Central Institute Body in March 2019.. She organized Symposium for XXI Annual Conference of the International Society of Addiction Medicine Theme – “Addiction in a Rapidly Changing World” 13-16 November 2019, New Delhi, India on theme of ‘Role of Nurse Professionals in treatment of Substance Use Disorders’; Prepared the parity for Nursing Professional in India as per ISCO classification for Ministry of Health & Family Welfare, GOI; Presentation on gerontological nursing in India WHO, SEARO, expert group consultation 12 December 2019; Drafted curriculum and courses for Certificate course in geriatric care assistance (GCA) for IGNOU; Organized and conducted first series of Nine Webinars for nurses to manage Covid-19 which is streaming on YouTube; Delivered a lecture in Webinars for nurses to manage Covid-19, organized by WHO, SEARO office, New Delhi; Participated as expert for first series of Webinars for nurses of Punjab state on to manage infection control during Covid-19 pandemic for State of Punjab; Guide for two PhD scholars of National Consortium-Indian Nursing Council and one for AIIMS, New Delhi; Member Doctoral Committee College of Nursing, AIIMS, Delhi; Member Doctoral Committee Department of Psychiatry, AIIMS, Delhi; Expert on various academic activities and committees of MOH&FW and INC; Participated as expert Trainer for Two TOT workshop of seven days for nurse-educators and senior nurses of Delhi & NCR on Management of substance use disorders Organized by Department of psychiatry and NDDTC, AIIMS, New Delhi in October and December 2019; Invited as Chief Guest for Oath taking and Lamp Lighting Ceremony of JIPMER Pondicherry on 7 January 2020; Chairperson for undergraduate and post graduate exams for College of Nursing, AIIMS, DELHI; Participated in expert Group: for preparing draft of National Nurses & Midwifery Commission, for MOH&FW; for developing draft for Nursing Practice Act for Indian Nursing Council; for curriculum planning and Course material for HIV/AIDs for NACO - Blended learning course; for revising BSc Nursing Syllabus for Indian Nursing Council; for developing contents for four courses or New BSc Nursing Syllabus for Indian Nursing Council; for developing EHR for Nurses in India for BIS, GOI; for UGC Inspection of Various Universities of various states of India; for preparing the draft for parity for Nursing Professional in India as per ISCO classification for Ministry of Health & Family Welfare, GOI; for WHO-SEARO consultation meeting in integrated care for older people (ICOPE)- for finalising a manual for nurses in old age care scheduled on 12 and 13 December 2019; for Selection Committee for two institutes; Organized three sensitization workshop in the area of treatment of drug dependence for tobacco division MOH&FW for batches of 200 nursing personnel for each of three Hospitals of Delhi, on 30 July 2019 at LHMC, New Delhi, 14 December 2020 at VMMC, Safdarjung Hospital and 30 January 2020 at RML Hospital, New Delhi. Dr. Gupta has been Chief Editor for Indian Journal of Psychiatric Nursing; Reviewer for four indexed journals: J Mental Health Human Behaviour, Current Medicine Research and Practice, Indian Journal of Social Psychiatry, Archives of Psychiatric Nursing. She has been in Editorial board of the following Journals: Journal of Nursing Education and Practice (JNEP), International Journal of Nursing Education (IJONE).

**Dr Deepika C Khakha** has been in Editorial board of the following Journals: Journal of Nursing Science and Practice, Scholar Report, Indian Journal of Advanced Nursing, Journal of Comprehensive Nursing Research and Care, Journal of Community Health Management. She has been Reviewer for the following journals: International Journal of Health & Allied Sciences, Baba Farid University Nursing journal, Advanced Research in Nursing Science, Annals of Nursing and Practice, Journal of Community Medicine & Public Health Care, *Current Psychiatry Reviews*, Journal of Affective Disorders, Journal of Education Technology in Health Sciences, Asian Journal of Psychiatry. Total no. of Citations – 17 (in National and International Journal, of published work); PhD Guide of four students; Member of the World Health Organization’s (WHO) Global Clinical Practice Network(GCPN). An international community of mental health and primary care professionals committed to furthering research and practice in global mental health. Co-Chair of Ethics committee of Institute of Liver and Biliary Sciences, Vasant Kunj, New Delhi; Member of Doctoral Research committee of two PhD scholars

of Department of Psychiatry, AIIMS, New Delhi; Member of Doctoral Research committee of Baba Farid University of Health Sciences; Member of Doctoral Research committee of PhD scholar at College of Nursing, AIIMS, New Delhi; Expert for Moderation committee for IGNOU Entrance exam on 4 October 2019; Moderator for seminar for PhD students on 20 December 2019 at Indian Nursing Council; Attended Public Defense of Shiv Shankari of PhD - A study to study concept of professionalism in nursing, its correlates and prepare a model framework of curriculum in professionalism for nursing education; At Selection committee in Research Project on National Programme for Health Care of the elderly on 23 October 2019 ;At Selection committee in Research Project on Study of Sarcopenia: Establishment of Indian norms for diagnosis prevalence and risk factors in ageing population and development of preventive strategies on 23October 2019; Judge for Award paper presentation for Evidence based practice for a conference on Developing experimental design and analysis skills in nurse researcher on 18 December 2019 at Institute of Liver and Biliary Sciences, Vasant Kunj, Delhi; A Chief Guest for Valedictory function for Evidence based practice for a conference on Developing experimental design and analysis skills in nurse researcher on 18 December 2019 at Institute of Liver and Biliary Sciences, Vasant Kunj, New Delhi; Judge for Award paper presentation at Research Methodology Conference on 18.12.19. Institute of Liver and Biliary Sciences, Vasant Kunj, New Delhi; Examiner/Paper setter for eight universities; Chairperson for Moderation committee for Entrance AIIMS, DELHI; Programme Co-Ordinator for Post Basic Nursing course; Thesis Adjunct For MSc Thesis-7; PhD Adjudicator-2; Conferences/Workshops attended: 02

**Dr Kamlesh K. Sharma** received 'AIMSONIANS OF AMERICA Book Prize Award-2018 for best Nurse in Research Work' on 25 September 2019, AIIMS, New Delhi; External Consultant Trainer Community Processes- Comprehensive Primary Health Care (CP/CPHC) with NHSRC, NIHF, Delhi; Fellowship Programme in "Clinical Research Methodology and Evidence Based Medicine" at the AIIMS, Delhi.(May 2019); Chief guest in the Orientation Programme for Nursing Fresher's batch 2019-20 at Narayan nursing college, Gopal Narayan Singh University on 23 September 2019, Jamuhar, distt Rohtas, Bihar; 'Chairperson' for the Nursing workshop on 21 October 2019 on the topic 'Care of spinal disorders patients in SPINECON, the 3rd International Spine Congress with Live Operative Workshop" organized by Department of Neurosurgery, AIIMS, New Delhi from 21 October and 22 October 2019; Certified AHA accredited BLS and ACLS provider on attending the course from 5 August to 7 August 2019 at AIIMS, New Delhi; Resource person/trainer in 3 batches of (over 90 doctors and nurses) 'Training of State Trainers in Induction Module for Community Health Officers' conducted by the National Health Systems Resource Centre, NHSRC scheduled in November and December 2019 and February 2020 at NIHF, Delhi; Resource person in 'Content Development Workshop' for faculty, at convergence block, SeT facility, AIIMS, New Delhi (5 December 2019); As faculty for 'Faculty development workshop' in 5th Annual National Conference of PediSTARS on medical simulation: SIMULUS 5 held in Chennai, Tamil Nadu on 10 and 11 February 2020; Editorial Board member for Phab Linx Journal of Community Medicine; Reviewer for 'Women's Studies International Forum' and 'International Journal of Nursing & Midwifery Research, IJoNMR', Violence and Gender; PhD Guide for three candidates of National Consortium for PH.D Nursing by Indian Nursing Council in collaboration with RGUHS; Ph.D examiner for National consortium for Ph.D in nursing, under RGUHS , Bangalore; and Dr MGR Medical University, Chennai; Ad-hoc inspector of Indian nursing council (INC); Deputy Hostel superintendent since 8 December 2014; Central Assistant Public Information Officer, CAPIO for college of nursing since July 2010. Participated in various committees of AIIMS: Chairperson for withdrawal of books from the stock of College of nursing, letter dtd 15 October 2019. Report submitted to principal dtd 25 October 2019; Condemnation committee of college of nursing and also of AIIMS hostels; Member Doctoral Committee (since 26 November 2016), Department Of College of Nursing, AIIMS, New Delhi; Nodal officer for fire at College of nursing, AIIMS, New Delhi. (letter dtd. 6 September 2019). Dr. Sharma organized Public Health Awareness Campaigns( 10) on important National/International health days; and Six health surveys in urban community; Co -Coordinated student participation in "Swasthya Chetna and Jan Sampark Abhiyan"; NCD, Screening and awareness camps at Pragati Maidan, Delhi organised by MoHFW; On the occasion of 64th Foundation Day'2019, co-organized departmental activities like Poster exhibition; and Health Screening for general public and AIIMS employees; Programme Co-Ordinator for M.Sc Nursing(2nd) year course.

**Dr Shashi Mawar** organised COLS training in urban community on World Heart Day funded by Director AIIMS; Coordinated workshop on assertiveness in Nursing 17 January 2020; Organised eight surveys in urban community and conducted 17 exhibitions and role plays on preventive and promotive aspects of health; Conducted a nukad natak in collaboration with CCM Dept on blood donation on blood donation day in front of JLN auditorium.

**Dr Poonam Joshi** completed Level three certification with Honors PediSTARS an intensive Simulation Faculty Development Program; Fellowship in Clinical Emergency Nursing, India; Completed one year Fellowship in Research Methodology and Evidence based medicine from AIIMS, New Delhi; Visiting Faculty: IGNOU, New Delhi.

**Dr L Gopichandran** has been in WHO-SEARO expert group consultation meeting in integrated care for older people (ICOPE)- finalising a manual for nurses in old age care scheduled on 12 and 13 December 2019; Expert committee member in MOHFW-GOI project -preparation of manual for National Emergency Life support for nurses (16 to 18 March 2020); Member to Adjudicate the PhD thesis of Dr MGR Medical University, Chennai; Member in screening committee

in faculty recruitment at AIIMS (2019); Co-coordinator of Medical surgical nursing update 2019-2020 organised, AIIMS; Appointed as a university inspector for Bsc nursing course affiliated by Dr Rammanohar Lohia Avadh University on 13 January 2020; Deputed as a faculty of ACLS & BCLS at AIIMS ITC, AIIMS, New Delhi by Registrar, AIIMS, New Delhi. (10 to 12 February 2020); Completed training course on Curriculum Design and Evaluation for health professional at NIHF, MOH, GOI. From 22 -26 July 2019; Appointed as Internal and External examiner and question paper setter at AIIMS New Delhi Rishikesh, AIIMS Jodhpur, AIIMS Bhopal, ILBS CON Delhi, Baba Farid University, Tata Memorial Institute, Mumbai, PGIMER, Chandigarh; Appointed as a faculty in charge for conducting various AIIMS PG, UG and Nurses recruitment examination at many cities across India in 2019-2020.

**Ms Ujjwal Dahiya** is Coordinator and Resource person for Education and Training Programme for M.Sc. Nursing Students and B.Sc Nursing students on Deceased Organ & Tissue Donation in collaboration with ORBO, AIIMS New Delhi.

**Ms Cecilia Mary S** got level 3 certification with honours in simulation from PEDISTARS, India; has developed online learning content with video on paediatric anthropometry measurements; has conducted various simulation training programme for students; was one of the coordinator for CNE on 'Transforming workplace through simulation'.

**Ms L Levis Murry** was Faculty at ONTOP online learning platform for the Essential Newborn Care Course; National Quality Improvement Mentor for Laqshya Program to improve quality of labour room and delivery services in India; Enrolled in Ph.D. in nursing program under Indian Nursing Council consortium

**Dr Seema Sachdeva** was Pursuing Clinical research methodology and evidence based medicine fellowship course from AIIMS, New Delhi

**Ms Mamta Choudhary** was Member of Society of cardiac Nurses (India) on 26/3/2020

**Ms Savita** organized Public Health Awareness Campaigns through 4 exhibitions/ role plays on important National/International health days.

## 8. Research Section

### Dean (Research)

Chitra Sarkar

### Associate Dean (Research)

Vineet Ahuja

### HIGHLIGHTS

The Research Section initiated several research funding proposals calls, held workshops and created infrastructure to stimulate research milieu amongst the faculty, scientists and students at the Institute. Earlier the focus of intramural funding support had been on single investigators from AIIMS. With the objective of creating a more vibrant research environment and to lay down lines for future long-term collaborations, the funding call proposals now have shifted their vision on catalyzing the synergic 'cross-research activity' by having collaborative projects with other institutions such as IIT and THSTI. For the first time at AIIMS, faculty could compete for intramural collaborative funding opportunity with an international university. With the objective of enhancing interdisciplinary and collaborative research interest between University College, London (UCL) and AIIMS, New Delhi, a joint research seed fund has been established and it funded joint project proposals from faculty members from both institutions. Impetus to infrastructure and capacity building exercise was through operationalization of twin facilities of Centralized Core Research Facilities (CCRF) and Clinical Research Unit (CRU). AIIMS received India Research Excellence-Citation Awards 2019 for Medical and Health Sciences under Web of Science Group (Clarivate Analytics).

### EXTRAMURAL PROJECTS

Funding agency	Number of Projects	Grant received (Rs)
DST	151	15,30,80,253
DBT	111	18,36,54,558
ICMR	317	61,29,30,048
OTHERS	306	58,89,82,408
<b>TOTAL</b>	<b>885</b>	<b>1,53,86,47,267</b>

### INTRAMURAL PROJECTS

An online submission system for intramural grants has been created.

#### Early Career Intramural research grants for Assistant Professors and Associate Professors at AIIMS

1. Single Principal investigator (PI) with co-investigators
2. Funding: Rs 5 lakhs/year, extendable to two years
3. Monitored by Internal Project Review Committee

#### Intramural inter-disciplinary collaborative research projects for all levels of faculty at AIIMS

1. Two PIs from two different departments/disciplines with complementary expertise
2. Funding: Rs 5 lakhs/year per PI for two years (Total Rs 20 lakhs)
3. Monitored by External Project Review Committee

#### Undergraduate Research Mentorship Scheme for students of AIIMS, 3rd Semester onwards

1. Group of two or three MBBS students under the guidance of a faculty member (designated as Mentor)
2. Funding: Rs 2 lakhs per project for one year
3. Monitored by Internal Project Review Committee

#### Inter-Institutional collaborative research projects with:

- IIT-Delhi
  - IIT-Kharagpur
  - THSTI, Faridabad
  - University College, London
1. Two PIs from two different institutes with complementary expertise
  2. Funding (intramural from both institutions): Rs 5 lakhs/year per PI for two years (Total Rs 20 lakhs)
  3. Monitored by External Project Review Committee

### Intramural funding during the year

S. No.	Scheme	Projects awarded	Amount awarded (Rs)
1.	Early Career Intramural Research Project	89	4,07,31,700
2.	AIIMS-Collaborative	04	40,00,000
3.	AIIMS – IITD Collaborative Projects	38	3,13,70,568
4.	AIIMS-THSTI Collaborative Projects	07	34,69,000
5.	AIIMS-UCL, London	04	20,00,000
6.	Undergraduate Mentorship Scheme	22	41,72,800
	<b>Total</b>	<b>160</b>	<b>8,57,44,068</b>

### LECTURES/EVENTS ORGANIZED

1. **DBT-BIRAC Leadership Dialogue series lecture:** ‘DBT-BIRAC Leadership Dialogue series lecture’ by Prof. Trevor Mundel, President of Global Health, Bill & Melinda Gates Foundation at JL Auditorium, AIIMS, New Delhi on 29 July 2019.
2. Lectures by Sir Andy Haines, former Director and current faculty at London School of Tropical Medicine and Hygiene on “Effect of Pollution on Health”, 12 March 2019.
3. Fulbright Outreach Program on 15 April 2019 to provide information on Fulbright-Nehru, other Fulbright and Fulbright-Kalam fellowship opportunities for study, research, teaching and professionals in the US.
4. Lecture by Professor AK Sood, President, INSA and Honorary Professor, Department of Physics, Indian Institute of Science, Bangalore on 24 July 2019 for faculty, scientists and PhD students. The title of the lecture was “A Physicist’s Talk on Life”.
5. Summer workshop with IIT-D/THSTI/IGIB for UG students. Arranged a program where all students and mentors participated to present the results of workshop.
6. Review meeting for AIIMS-IITD collaborative project on 20 February 2020 at IIT-Delhi and 25 projects were reviewed and progress found to be satisfactory.

### AWARDS AND HONOURS

AIIMS received India Research Excellence-Citation Awards 2019 for Medical and Health Sciences under Web of Science Group (Clarivate Analytics).

### ESTABLISHMENT OF THE CLINICAL RESEARCH UNIT

AIIMS has started a new research facility viz. Clinical Research Unit (CRU). This facility will work as a specialized biomedical research unit to provide high quality technical expertise and assistance in planning, designing, implementation and analysis of investigator-initiated clinical research, in compliance with the global best practices. The proposal for establishment of Clinical

Research Unit at AIIMS was approved by the Academic Committee (117th Meeting held on 20 November 2018) as well as the Governing Body (157th meeting held on 24 January 2019). The CRU functions under the supervision of the Dean (Research) and Associate Dean (Research).

**Faculty (working committee):**

1. Dr Rakesh Lodha
2. Dr Sameer Bakhshi
3. Dr Vijay Prakash Mathur
4. Dr Saurabh Kedia
5. Dr Sumit Malhotra
6. Dr Jeeva Shankar
7. Dr M. Kalaivani
8. Dr Pooja Gupta

**Grantsmanship Workshop Series for Wellcome Trust/DBT India Alliance Clinical and Public Health Fellowships**

A series of mentoring workshops were conducted for faculty members and scientists of AIIMS, New Delhi who wanted to apply for Wellcome Trust/DBT India Alliance Clinical and Public Health Fellowships.

First sensitization workshop was conducted on 6 November 2019 from 2 pm to 4 pm at Dr Ramalingaswami Board Room. The workshop was chaired by Dr Randeep Guleria, Director, AIIMS Delhi and Dr Shahid Jameel, CEO of Wellcome Trust/DBT India alliance and Professor Usha Menon from Clinical Trials Unit, Medical Research Council, UCL London joined as speakers. It was attended by nearly 200 participants ranging from faculty, scientists, research staff and PhD and postgraduate students from various disciplines.

Second Grantsmanship Workshop was planned for aspirants for concept proposal for the Wellcome Trust/ DBT India Alliance Clinical and Public Health Fellowships. A total of 38 faculty members and two senior residents submitted the concept notes to the research section and all these concept notes were reviewed by three of the lead mentors. Of these, 23 were selected for a mentoring workshop which was held on 15 and 16 January 2020. There were four lead mentors (Dr Usha Menon, UCL, London; Dr Shinjini Bhatnagar, THSTI, Faridabad; Dr Madhulika Kabra, AIIMS and Dr V Sreenivas, AIIMS) and 2-3 in-house subject experts for each proposal.

The 3rd workshop of the Grantsmanship Workshop series was held online (Zoom) on 27 and 28 April 2020 for the 17 proposals that cleared Stage-I and were invited for full/detailed proposal submission by India Alliance. Of the 17 final proposals submitted, 11 were reviewed by the lead mentors and subject experts besides online mentoring and remaining took help from the mentors by electronic methods.

Of the 18 concept notes submitted, 17 cleared Stage-I and all the 17 candidates submitted full/detailed proposal for stage-II evaluation of the India Alliance for Clinical and Public health Fellowship in April 2020.

In the first Grantsmanship workshop held on 6 November 2019, the following lectures were delivered by the faculty:

Time	Topic	Speaker
2.00–2.15 pm	Welcome CRU Introduction	Dr Chitra Sarkar, <i>Dean (Research)</i> Dr Randeep Guleria, <i>Director</i>
2.15–2.30 pm	Scheme Background (Eligibility, timelines, benefits)	Dr Pooja Gupta Dr Mani Kalaivani
2.30–2.45 pm	What do I see in the proposal?	Dr Shahid Jameel, <i>CEO, India Alliance</i>
2.45–3.00 pm	Overview of mentoring workshop series at AIIMS	Dr Usha Menon, <i>MRC-CTU, UCL, UK</i>
3.00–3.20 pm	How we prepared—challenges and experiences?	AIIMS Welcome Fellows - Dr Deepak Gautam - Dr Aparna Mukherjee
3.20–3.45 pm	Open house (Moderator: Dr Usha Menon, Dr Vineet Ahuja)	

**Other activities**

1. In the wake of Covid-19 pandemic, fast track intramural grants were announced and over 80 proposals were received. The proposals were reviewed and the shortlisted proposals were approved for funding.

Of these, 9 clinical observational studies were similar, hence it was decided to develop a common Case Record Form (CRF) for investigators for the multiple sites where Covid-19 patients were being admitted. The data of common CRF could be stored on AIIMS server and different components for each patient could be filled at different time points and from multiple locations as required.

CRU prepared the common informed consent documents and developed the online case record form in collaboration with the PIs of the 9 observational studies. These studies also required a common consent form, so that in each area the first team in patient care could take consent for all components of the data related to the patients.

The Common CRF and a common Consent Form was designed and ethical approval was obtained for the nine PIs.

The software for the common CRF has been developed, pre-tested and been made functional for all teams working for Covid-19 related research.

2. The webpage of the CRU is being prepared and would be hosted under the research section website.
3. The required standard operating procedures (SOPs) were listed and detailed SOPs are being prepared.

Inaugural session of the Welcome Trust/DBT India Alliance Workshop, 6 November 2019.

Visit of Dignitaries to the BSL3 laboratory of CCRF during the inauguration. Dr Vikram Saini explains the design, features and proposed activities of the facility.

## ESTABLISHMENT OF CCRF

### Introduction

In an effort to boost innovation and research at AIIMS, New Delhi, the idea of establishment of a centralized core research facility (CCRF) was envisaged by the Research Advisory Council of the Institute held on 7 August 2014. This was approved in the 152nd meeting of the Governing Body meeting held on 15 April 2015 and the 211th Standing Finance Committee held on 7 and 19 April 2016.

The 9th floor of the Convergence Block was allotted for this facility. During 2018–20, the facility was designed, constructed, equipment procured and manpower hired. The Central Core committee along with various sub-committees worked under the Dean and Associate Dean, Research to plan this entire facility. It was inaugurated on 24 January 2020.

Professor Venki Ramakrishnan, the recipient of the 2009 Nobel Prize in Chemistry and the 62nd President of The Royal Society was the Chief Guest on the occasion and Prof. Krishnaswamy Vijay Raghavan, Principal Scientific Adviser, Government of India was the Guest of Honour.

### Components

The CCRF is located on the 9th floor of the Convergence Block at AIIMS, and functions under the Research Section (Dean, Research). It comprises of the following eight sub-facilities:

1. Biosafety laboratory 2/3 (BSL 2/3)
2. Genomics
3. Proteomics
4. Bioanalytics
5. Bioinformatics
6. Flow Cytometry
7. Microscopy
8. General Facility

### Objectives

1. To impart a quantum thrust to basic, clinical and translational research in the high priority areas of genomics, proteomics, bioanalytics, bioinformatics, immunology, cell and infection biology using state-of-the-art platform technologies.
2. To develop a pool of trained human resources (faculty, scientists, technicians) with capacity for conducting high-end biomedical research.
3. To build capacity for and to extend technical expertise to other institutions of excellence in such research areas.

The creation of this special facility is expected to help place AIIMS at par with the world's best institutions in these highly competitive and promising fields in the near future.

### Core committee

Dr Chitra Sarkar  
 Dr Vineet Ahuja  
 Dr Subrata Sinha  
 Dr TS Roy  
 Dr Jaya Tyagi  
 Dr Madhulika Kabra  
 Dr Lalit Dar  
 Dr Pramod Garg

Dr R Goswami  
 Dr DK Mitra  
 Dr Punit Kaur  
 Dr Kalpana Luthra  
 Dr Gurvinder Kaur  
 Dr Ritu Gupta  
 Dr T Velpandian  
 Dr Sanjeev Sinha

### Logo of the facility

The logo for the CCRF facility was selected through a competition. The final logo was a composite image from the top two selected logos. The first prize for the logo was won by Ms Kiran Kumari (Department of Biotechnology) and second prize was won by Dr Hari Prasad (Department of Biophysics) and Dr Madhumita (Department of Paediatrics).

### Website

The website was designed by Dr Punit Kaur, Professor and Head, Department of Biophysics in conjunction with Computer Facility, AIIMS and AIIMS-ICMR Computational Genomics Centre. All information related to the facilities, SOPs of each sub-facility and online booking details are available on the CCRF Website: [ccrf.aiims.edu](http://ccrf.aiims.edu).

### Functioning

1. This facility would be accessible to all Faculty, Scientists, Students and Research scholars of all departments
2. Will mainly be a central high-end instrumentation unit (will not provide facility for sample storing, sample preparations, etc.)
3. Only research work will be handled, no routine diagnostic work
4. Will provide regular training programs/workshops, SOPs and resource learning materials in order to enhance capacity building and knowledge sharing
5. Running of each facility will be by faculty groups, scientists and technical staff
6. All tests/procedures will be chargeable at subsidized rates
7. Every facility can be accessed by advance booking through website in consultation with the respective facility team
  - i. Each user will need to be registered for the facility one intends to use. The users will be required to fill in and submit a booking form as available on the website
  - ii. On registration and following confirmation of payment, users will be able to consult facility for technical support and run their samples in instrument(s) followed by analysis on the core workstations.

## Activities carried out in 2019-2020

Date	Topic	Faculty involved
<i>Faculty Research Presentations</i>		
18 February 2020	Introduction to the Genomics facility	Dr Ritu Gupta
	Introduction to the Proteomics facility	Dr Hariprasad G
<i>Faculty interactive sessions</i>		
21 February 2020	Possible workflows to be followed by users, Qualitative and Quantitative Proteomics, 2D-Gel, DIGE vs. MS based Proteomics and Differential protein expression	Dr Hariprasad G Dr Punit Kaur
6 March 2020	Genomics: Next generation seq Dr M Kabra Dr R Gupta Dr M Chaudhary	
28 February 2020	Targeted and quantitative Proteomics, Environmental pollutants, Drugs of forensic importance, Targeted Metabolomics and Lipidomics, High-throughput bioanalysis, Drug pharmacokinetics, Quantitative analysis of biomarkers in large volume of samples	Dr T Velpandian Dr N Haldhar
13 March 2020	BSL 2/3: Essentials of Biosafety	Dr Vikram Saini
<i>Hands-on Workshop</i>		
29 February 2020	Hands-on Training in Polymerase Chain Reaction (PCR), RT-PCR & Real- Time PCR Technique: Application in Diagnostics & Research	Faculty and Scientists' team of General facility

- The Hands-on workshop was organized with an objective to introduce students, researchers and clinicians at AIIMS to the theoretical as well as practical (Hands-on) training for various molecular techniques like DNA, RNA isolation from various biological samples, gel runs, Primer making, PCR, cDNA synthesis and Real-Time PCR.
- There was an overwhelming response with request from 145 applicants for participation in the first workshop, of which only 21 were short-listed for hands-on training which included faculty, research students, scientists and residents from both basic and clinical departments. The remaining applicants were allowed to attend the informative and interactive lecture series on both the days of this workshop,
- The two-day workshop included four sessions (two sessions per day). The forenoon sessions included a lecture series by faculty with expertise in the area, which provided all participants about the basic knowledge of each technique to be done in the afternoon sessions of both days, including principle, procedure, research and clinical applications and troubleshooting.
- The afternoon session of the day was dedicated to hands-on training where participants were allowed to learn by performing all steps of the experiment by themselves. The wet lab work was coordinated by the Scientists and Faculty of the genomics facility.
- The overall workshop was rated very successful as per the feedback provided by the participants. The suggestions were noted to improve the workshops in the future.

### 1. BIOSAFETY LEVEL (BSL)-3 LABORATORY

#### Overview and objectives:

The BSL facility spread over about 3500 sq.ft. has design and operational features in compliance with national and international regulatory guidelines for the safe handling of pathogenic organisms. It includes the following components:

#### ***TB Technology Laboratory***

Three independent dedicated BSC units for:

- Clinical Diagnostics TB
- Basic Mycobacteriology and Infection biology
- Aerobic Class III Microbes other than *M. tuberculosis*.

One dedicated BSC unit for Class III anaerobic bacteria along with anaerobic glove box

#### ***Virology Laboratory***

Four independent dedicated BSC with necessary instrumentation:

- a. Clinical Diagnostics Virology
- b. Basic Virology culture and Infection biology

#### ***Negative pressure BSL-2 Lab***

- a. Simulator for BSL-3 negative pressure environment to be used for training researchers.
- b. Will act as Auxiliary support to main BSL-3 areas
- c. Has 2 independent dedicated BSC with necessary instrumentation

#### **Major Equipments installed**

- NuAire B2 Type class 2 Biosafety cabinets
- Cold Cabinets (4°C to 8°C)
- Upright Freezer (-20°C)
- Digital Colony Counter
- Heat Block
- Vortex
- Real Time PCR machine
- Incubators (BOD)
- Mini Centrifuge (picofuge)
- Bacterial Loop Incinerators
- Magnetic Stirrer with heating options
- Autoclave Vertical Double Jacketed
- pH meter
- Refrigerated Bench top Microfuge
- CO<sub>2</sub> Incubator
- Vertical double jacketed autoclave
- Multimode reader
- Hydrogen Peroxide Vaporizer Machine

#### **Services to be provided**

##### ***Users of BSL-3***

BSL-3 facility at AIIMS is open to faculty, scientists, residents, staff and students who are working or plan to work on risk group-3 infectious agents. All users must have successfully undergone BSL-3 training, certification and a medical health examination to avail service.

##### ***Organisms handled in BSL-3***

The facility is designed for and is compatible to work with the risk group-3 viruses and bacterial strains including clinical strains. Based on the existing expertise and requirement for diagnostic and culture work, the major microbial strains manipulated in this facility are:

**Bacteria:** *Mycobacterium tuberculosis* lab and clinical strains including MDR and XDR tuberculosis, *Rickettsia prowazekii*, *Rickettsia rickettsia*, *Legionella pneumophila*, *Bacillus anthracis*

**Viruses:** Hantavirus, HIV, Influenza A/H5N1 (HPAI) / Untypable influenza virus, West Nile, Chikungunya, Japanese encephalitis, SARS-CoV, MERS-CoV

#### **Activities of the facility**

##### ***Covid-19 diagnosis at BSL-3***

The facility is truly central to the ramped up diagnostic capacity at AIIMS. The *BSL-3 simulator laboratory* is being used for processing of samples of Covid19 suspects/ cases. Further, as the pandemic has surged, BSL-3 Virology laboratory has been activated to be used as diagnostic area, both for RT PCR and CBNAAT based diagnostics.

##### ***COVID-19 related training activities of BSL-3***

BSL-3 team has led from the front in providing training and guidance to hospital workers and sanitary attendants deployed at the PPE disinfection facility of AIIMS. Dr Vikram Saini has conducted several sessions on biosafety aspects of working with Covid-19. Dr Atul Vashisht (Scientist II, BSL-3) is deployed at the PPE disinfection site AIIMS to provide and oversee training efforts of healthcare workers.

## Members of the BSL-3 Facility

1. Dr Subrata Sinha, Professor and Head, Department of Biochemistry (Coordinator)
2. Dr Rama Choudhary, Professor, Department of Microbiology
3. Dr S.S. Chauhan, Professor, Department of Biochemistry
4. Dr Lalit Dar, Professor, Department of Microbiology
5. Dr Kalpana Luthra, Professor, Department of Biochemistry
6. Dr Sanjeev Sinha, Professor, Department of Medicine
7. Dr Urvashi B. Singh, Professor, Department of Microbiology
8. Dr Aashish Chaudhary, Associate Professor, Department of Microbiology
9. Dr Vikram Saini, Assistant Professor, Department of Biotechnology
10. Dr Kiran Bala, Assistant Professor, Department of Microbiology
11. Dr Jaya Tyagi, NASI Senior Scientist Platinum Jubilee Fellow (Special Invitee)
12. Dr Sunita Kanswal, Scientist II (Contract)
13. Dr Atul Vashisht, Scientist II (Contract)

## 2. GENOMICS FACILITY

### Overview and objectives

Recent technological developments such as high throughput Next Generation Sequencing methods and robust bioinformatics approaches have led to elucidation of potential genomic biomarkers with diagnostic, prognostic and therapeutic value in the clinics and to exponential advances in research. Generation of clinically relevant high throughput data in a resource-efficient manner in terms of time and cost on advanced instrumentation platforms available in the facility will open new opportunities for researchers of AIIMS in the field of genomics and ultimately pave the way forward to the era of personalized medicine.

### The main objectives include:

1. To create and provide an academically stimulating and collaborative environment for researchers to access high end state-of-the-art technology platforms which will be maintained centrally with optimal quality control and calibrations for efficient functioning.
2. To enhance capacity building and knowledge sharing via regular training activities. Such activities will include lecture series and workshops for the investigators on experiment designing and assays. These activities will also include formulation of guidelines and development of standard operating procedures and resource learning materials for the users.
3. To evaluate and implement cutting-edge genomic technologies
4. To facilitate the development of novel experimental methods for the researchers in response to specific needs from the investigators.

### Major Instruments installed

1. Next Generation Sequencers
  - Novaseq 6000 (Illumina)
  - Miseq (Illumina)
2. 48 capillary Genetic Analyser 3730 (Applied Biosystems)
3. nCounter Sprint Profiler (nanosttring Technologies)
4. Focussed Ultrasonicator ME220 (COVARIS)
5. Fragment Analyser (Agilent Technologies)

### Services to be provided

#### *Next Generation Sequencing:*

*A. Experiment Design: Guidance will be provided for the designing of experiments which will include*

- Guidance regarding availability and suitability of the kits as per requirement of the user
- Requirement of funds
- SOPs for library preparation
- Sequencing depth and coverage required for the experiment
- Multiplexing for required coverage

*B. Quality and Quantity Assessment of Nucleic acid/NGS Libraries: Using Fragment Analyser and/or Qubit available in the facility*

*C. DNA/RNA Shearing: Using Covaris-ME220 Focused-ultrasonicator*

*D. Sample Preparation: User training and support will be provided for sample preparation for various applications that can be done on the instruments available in the facility through regular hands-on workshops.*

*E. Library Preparation: User training and support in library preparation using various protocols: WES, WGS, transcriptome, small RNA sequencing, chiPSeq, metagenomics, PGS, etc.*

*F. Sequencing:* Depending upon the requirement of the experiment, sequencing will be carried out on any of the following instruments (i) Novaseq6000 (Illumina) or (ii) Miseq (Illumina)

*G. Provision of raw data for bioinformatic analysis with maintenance of confidentiality:* Provision of these sequencing services would be for targeted analysis or for confirmation of variants detected on NGS

#### ***Sanger sequencing on 48 capillary Genetic Analyser 3730 (Applied Biosystems)***

- A. Experiment designing for various applications such as fragment analysis, MLPA, SNP genotyping etc.
- B. Running the samples on the Genetic Analyser
- C. Data analysis

#### ***Nanostring Assay on nCounter Sprint Profiler***

- Guidance will be provided for availability and suitability of the multi gene panels/kits as per the requirement of the user
- Guidance will also be provided for RNA, DNA, protein profiling and other applications on nCounter Sprint Profiler through regular trainings and workshops.

#### **Members of the Genomics Facility**

1. Dr Madhulika Kabra, Professor, Department of Paediatrics (Coordinator)
2. Dr Kunzang Chosdol, Professor, Department of Biochemistry
3. Dr Vaishali Suri, Professor, Department of Pathology
4. Dr Ritu Gupta, Professor, Laboratory Oncology Unit, Dr BRA IRCH
5. Dr Sudip Kumar Datta, Assistant Professor, Department of Laboratory Medicine
6. Dr Gurvinder Kaur, Senior Scientist, Laboratory Oncology Unit, Dr BRA IRCH
7. Dr Madhumita Roy Chowdhury, Senior Scientist, Genetic Unit
8. Dr Lata Rani, Scientist II (Contract)

### **3. PROTEOMICS FACILITY**

#### **Overview and objectives**

The proteomics facility will enable researchers and clinicians learn and conduct proteomic experiments for protein identification, protein profiling and protein quantitation.

#### **Major Instruments installed**

- EttanPHOR IPG (GE)
- Amersham Typhoon Scanner (GE)
- Amersham Imager 680 (GE)
- Dionex Ultimate 3000 UHPLC (Thermo Scientific)
- EASY-nLC™ 1200 System (Thermo Scientific)
- Orbitrap Fusion Tribrid Mass Spectrometer (Thermo Scientific)

#### **Services to be provided**

1. Iso-Electric Focusing (IEF)
2. 2D Gel Electrophoresis
3. Gel Staining
4. Difference Gel Electrophoresis (DIGE)
5. Gel spot quantification
6. Trypsin Digestion
7. Protein Identification
8. Qualitative Proteomics: Isobaric tag based & Label free protein quantification

#### **Members of Proteomics facility**

1. Dr Punit Kaur, Professor and Head, Department of Biophysics (Coordinator)
2. Dr T Velpandian, Professor, Department of Ocular Pharmacology
3. Dr Savita Yadav, Professor, Department of Biophysics
4. Dr Pragyan Acharya, Associate Professor, Department of Biochemistry
5. Dr Hariprasad G, Assistant Professor, Department of Biophysics
6. Dr Sabyasachi Bandyopadhyay, Scientist II (Contract)

## 4. BIOANALYTICS FACILITY

### Overview and objectives

Bioanalytics facility will enable access to cutting-edge technology required for the isolation of compounds from biological sources (plants, animals, micro-organisms and human). The facility will provide the opportunity for the purification, identification, and quantification of the isolated compounds. This facility is expected to support the development of new methods for the quantification for targeted proteomics, lipidomics and metabolomics. The research facility will further enable to carry out drug metabolism, drug degradation and impurity analysis studies. Apart from the above, the facility is expected to support pharmacokinetics of drug and biological analytes, information dependent unknown compound identification.

### Major Instruments installed

1. High Precision Mass Spectrometer
2. Analytical HPLC
3. Preparative HPLC

### Services to be provided

- Quantitation of organic compounds from biological fluids
- Isolation of bioactive compound from biological matrices
- Developing newer methods for compound analysis
- Drug metabolism, pharmacokinetics and drug degradation studies
- Identification of drugs of forensic importance in biological tissues
- Quantitation needs in Targeted Proteomics, Lipidomics and Metabolomics in large number of bio-samples

### Members of the Bioanalytics Committee

1. Dr T. Velpandian, Professor, Department of Ocular Pharmacology, Dr RP Centre (Coordinator)
2. Dr Kunzang Chosdol, Professor, Department of Biochemistry
3. Dr Sharmistha Dey, Additional Professor, Department of Biophysics
4. Dr Nabanita Halder, Associate Professor, Department of Ocular Pharmacology
5. Dr Hanuman Prasad Sharma, Scientist-II (Contract)

## 5. BIOINFORMATICS FACILITY

### Overview and objectives

The Bioinformatics Facility comprises high end computer servers with GPU card. It has terminals for users and aims to provide a continuously maintained infrastructure to augment interdisciplinary and collaborative environment to researchers coupled with bioinformatics consultation and data analysis. It will operate in close collaboration with other core facilities like proteomics, bioanalytics, genomics, flow cytometry and the AIIMS-ICMR computational Genomics Centre. Overall, the facility aims to facilitate an integrative bioinformatics approach to data analysis and integration.

1. To develop a user-centered system to support faculty research efforts to use and develop bioinformatics tools and techniques
2. To strengthen the multidisciplinary research through training in bioinformatics tools
3. To maintain a technical infrastructure that supports fast and efficient computational analysis, modeling, visualization, and retrieval of data.

### Major Instruments (to be installed later this year)

#### i. HPC cluster GPU based

1. Master Node
2. Compute Node

#### ii. Analytics cluster CPU-based

Analytics compute cluster with HDFS OR similar file system with 100 TB usable storage in redundancy for analytics data

1. Name/Edge/Master Node
2. Analytics node
3. Network connectivity over 10 G

### **iii. Centralized Physical storage**

1 PB (Petabyte) centralized storage

### **iv. Peripherals**

1. All-in-One PCs
2. Workstation
3. Network Laser Printer

### **Services**

1. NGS/Genomics Data Analysis in conjunction with ICMR-AIIMS Computational Genomics Centre
2. Proteomics data analysis
3. Protein structure analysis
4. Rational Drug Design
5. Pathway and Network Analysis of Genes and Proteins.

### **Members of Bioinformatics Committee**

1. Dr Punit Kaur, Professor and Head, Department of Biophysics (Coordinator)
2. Dr Sudip Sen, Additional Professor, Department of Biochemistry
3. Dr AS Ethayathulla, Associate Professor, Department of Biophysics
4. Dr Sidhartha Kundu, Assistant Professor, Department of Biochemistry
5. Dr Manoj Kumar, Scientist-II, Department of Biophysics
6. Dr Hari Shanker, Senior Programmer, Computer Facility

## **6. FLOW CYTOMETRY FACILITY**

### **Overview and objectives**

The mission of the FACS Core Facility is to facilitate cutting-edge research by providing state of the art instrumentation and resources for fluorescent analysis of cells at the single cell level, including high-speed fluorescence-activated cell sorting.

The facility aims to provide expertise in flow cytometry including latest advances in the areas of experimental design, instrument knowledge and training, data analysis and cell sorting.

### **Major Instruments Installed**

1. Fluorescence activated cell sorter (BD FACS Aria Fusion).
2. Flow Cytometer (will be installed later in the year)

### **Services to be provided**

1. Cell Proliferation
2. Intracellular & secreted cytokine
3. Cell phenotyping
4. Apoptosis & cell cycle studies
5. Signal Transduction
6. Biomarker detection
7. DNA analysis

### **Members of the Flow Cytometry facility**

1. Dr DK Mitra, Professor and Head, Department of Transplantation Immunology and Immunogenetics (Coordinator)
2. Dr Kalpana Luthra, Professor. Department of Biochemistry
3. Dr Vineet Ahuja, Professor, Department of Gastroenterology
4. Dr Ritu Gupta, Professor, Laboratory Oncology Unit, Dr BRA IRCH
5. Dr Jayanth, Associate Professor, Department of Biochemistry
6. Dr Rupesh Srivastava, Assistant Professor, Department of Biotechnology
7. Dr Sanjeev Goswami, Scientist, Department of Transplantation Immunology and Immunogenetics
8. Dr Naseem Akhtar Ansari, Scientist-II (Contract)

## 7. MICROSCOPY FACILITY

### Overview and objectives

Microscopy facility aims to provide the use of high-end laser confocal microscopy with live cell imaging. The facility will also help in image analysis and quantitation of markers. This is a highly sophisticated microscope to facilitate the researchers towards addressing their research questions related to biomarker discovery, clinicopathology, drug assay, molecular diagnosis etc.

### Major Instruments (to be installed soon)

LASER Confocal Microscopy with Live-cell Imaging (LSM 980, Zeiss)

### Services to be provided

- Confocal Imaging
- Live-cell imaging

### Members of the Confocal Imaging facility

1. Dr TS Roy, Professor and Head, Department of Anatomy (Coordinator)
2. Dr Parthoprasad Chattopadhyay, Professor, Department of Biochemistry
3. Dr Vaishali Suri, Professor, Department of Pathology
4. Dr Sandeep Mathur, Professor, Department of Pathology
5. Dr Sarita Mohapatra, Associate Professor, Department of Microbiology
6. Dr Tony Jacob George, Associate Professor, Department of Anatomy
7. Dr Swarnendu Bag, Scientist-II (Contract)

## 8. GENERAL FACILITY

### Overview and objectives

The General Facility (GF) is set up with the major aim to provide basic and advanced molecular instrumentation services to facilitate research work. In addition, the GF will support the functioning of other sub-facilities of CCRF (including Proteomics/Genomics/Bio-analytics and Confocal microscopy facility).

The GF is established in two labs (GF1 and GF2). The GF1 lab is dedicated to provide training and services in molecular techniques for isolation, purification, quantitation and amplification of genomic material from different biological tissues. The GF2 houses equipment for protein related work (Western blotting), electroporator and microscopy.

### Major instruments installed

1. Real-time PCR machines
2. PCR machine
3. Multimode-Microplate Reader (1 to 3 in GF1)
4. Electroporation system
5. Ultracentrifuges
6. Refrigerated-Centrifuges
7. Homogenizers
8. Western Blot apparatus
9. Rapid semi Dry system
10. Agarose Gel system with power pack (4 to 10 in GF2)

### Services provided

General facility at CCRF has started providing its services to AIIMS faculty/scientists/research students since February 2020. Nearly all installed machines have been made available to the users. Some of the instruments like Real-time PCR, Homogenizer, PCR, Multimode microplate reader have already been accessed by multiple users. Various research groups from the institute have discussed with the scientists of the GF about their requirement to avail the use of these equipment for their specific research purposes in ongoing projects and/or in forthcoming projects. The use of instrumentation in this facility is free and the user has to only bring the processed samples and/or requisite consumables.

### Members of the General Facility

1. Dr Kalpana Luthra, Professor, Department of Biochemistry (Coordinator)
2. Dr Ravinder Goswami, Professor, Department of Endocrinology
3. Dr Parthoprasad Chattopadhyay, Professor, Department of Biochemistry
4. Dr Lakshmi R, Professor, Department of Cardiac Biochemistry
5. Dr Deepali Jain, Additional Professor, Department of Pathology

6. Dr Archana Singh-I, Associate Professor, Department of Biochemistry
7. Dr Jayanth Kumar, Associate Professor, Department of Biochemistry
8. Dr Vikas Sharma, Scientist-II (Contract)
9. Dr Amit Singh, Scientist-II, (Contract)

Snapshots of CCRF Workshop-series I

## ENDOWMENT FUND

1. Provides travel fellowships for students, residents, PhD scholars and research staff to participate in international conferences
2. Meeting being held every two months for selection of candidates for award of travel grant.
3. Introduction of funding for international fellowships for faculty (4 per year).

Month	Approved Applications	Amount Sanctioned (Rs.)
April 2019	5	360000
May-June 2019	13	920000
July-August 2019	10	620000
September-October 2019	10	580000
November-December 2019	10	700000
January-February 2020	7	440000
<b>Total</b>	<b>55</b>	<b>3620000</b>

## Miscellaneous/Other activities

1. **E-research newsletter** is being published quarterly.
2. **E-grants update** are being provided to the faculty on regular basis.
3. MoU was signed with UCL on 4 November 2019 for starting collaborative research projects with seed funding of 20,000 Pounds to UCL PI and equivalent support funding to AIIMS PI. There will be four project grants, each receiving grant of 5000 Pounds from each institution.
4. Revision of RRs, revision of overhead charges and rules regarding purchase of research store items through GeM being streamlined. Research Manual under preparation.
5. Ongoing computerization of Research Section.
6. Drafting of patent policy of AIIMS ongoing.
7. Research integrity/misconduct committee: Drafting of guidelines ongoing.
8. IRMI (Research Management Initiative) with DBT/India Alliance being initiated.
9. Issuing of pre-paid cards (EZ- pay card) to PIs for research projects to avoid cash advance transaction on daily expenditure.
10. Online submission system for intramural grants created

## 9.1. Anaesthesiology, Pain Medicine and Critical Care

**Professor and Head**  
Rajeshwari Subramaniam

**Professors**

Anjan Trikha  
Lokesh Kashyap  
Vimi Rewari  
Jyotsna Punj  
Anjolie Chhabra

Maya Dehran  
Ganga Prasad  
Vanlal Darlong  
Babita Gupta (JPNA TC)  
Chhavi Sawhney (JPNA TC)

Dilip R Shende  
Virender Kumar Mohan  
Renu Sinha (Dr RP Centre)  
Ravindra Kumar Pandey  
Rashmi Ramachandran

**Additional Professors**

Dalim Kumar Baidya (CDER)

Devalina Goswami (CDER)

**Associate Professors**

Puneet Khanna  
Debesh Bhoi

Bikash Ranjan Ray

Rahul Kumar Anand  
Shailendra Kumar (IVF)

**Assistant Professors**

Manpreet Kaur  
Akhil Kant Singh  
Nishant Patel  
Abhishek Kumar  
Vineeta Venkateswaran  
Kelika Prakash  
Sulagna Bhattacharjee

Souvik Maitra  
Kanil Ranjith Kumar (Dr RP Centre)  
Arshad Ayub (Dr RP Centre)  
Christopher Dass  
Venkata Ganesh  
Mritunjay Kumar

Thilaka Muthiah  
Rakesh Kumar  
Yudhayavir Singh (JPNA TC)  
Ajisha Aravindan  
Anju Gupta  
Parin Chellani  
Shreya Bharat Shah

### HIGHLIGHTS

The faculty members are doing clinical work, teaching and research with zest, interest and enthusiasm. The department was able to complete 80 research projects (non-funded), and 133 non-funded projects are continuing. Of these, the department continued to work on 17 interdepartmental research projects and completed seven such projects. With financial support from AIIMS as well as ICMR the department has completed one funded project and has eight ongoing (funded) projects. The department organized four conferences/workshops/CME involving multiple internationally well-known speakers/academicians. Many of the departmental faculty received recognition/awards at national level from various government agencies for their contribution towards Anaesthesia, Pain Medicine and Critical Care. Faculty members delivered more than 200 talks (226) on challenging topics at various national and international platforms. The department published 69 papers in well-reputed national and international journals as well as seven chapters in different books. In addition, many faculty members were elected/reappointed into the editorial boards of various reputed national/international journals. Apart from the academic sphere, the residents and faculty members participated in several cultural and sports events and have also bagged a few such events. The present year marked the path of progress in all fields of anaesthesia keeping in mind high standards targeted by our institute.

Honourable Director, Prof Randeep Guleria, inaugurating CUSA 2019, 6 December 2019

Cadaveric skills workshop, ISPCCON 2019

**A session in AAPGA 2019**

**Team "Ketamine" winning the Residents Cricket League, June 2019**

## **CME/Workshop/Symposium/National-International Conference**

1. AIIMS Anaesthesia PG Assembly (AAPGA 2019), 29 September to 3 October 2019
2. Indian Society of Pain Clinicians Conference (ISPCCON 2019), 8 to 10 November 2019
3. Comprehensive Symposium on Ultrasound for Anaesthesiologists (CUSA), 6 to 8 December 2019
4. Ninth National Conference for OT Technologists (NCOTT), 6 April 2019

4. Fluoroscopic guided SI Joint Injection, 67th Annual National Conference of Indian Society of Anaesthesiologists, 27 November 2019, Bengaluru
5. Sympathetic plexus block in cancer pain management Cadaveric workshop and CME on Cancer Pain Management, 1 March 2020, Lucknow

#### **Vimi Rewari**

1. Sepsis update—unpacking the new bundles, 1st Rajasthan Critical Care Conference, 31 August 2019, Jodhpur
2. Postoperative pain management in donor hepatectomy—What are the options?, TRANCRIT 2019, 15 September 2019, Delhi
3. Grown up Congenital heart disease—Principles of anaesthetic management for LSCS, 12th National Conference of Association of Obstetric Anaesthesiologists (AOA 2019), 28th September 2019, Chennai
4. Patient with Cardiac Implantable Electronic Devices (CIEDs) for noncardiac surgery, AIIMS Anaesthesiology Post-Graduate Assembly (AAPGA 19), 3rd October 2019, Delhi
5. Ultrasound guided Chest wall blocks, Comprehensive Symposium on Ultrasound for Anaesthesiologists (CUSA) Regional Anaesthesia Workshop, 7th December 2019, Delhi
6. A patient with pacemaker for TURP, Facts or myths in Anaesthesiology, Theme: extremes of age, 15th December 2019, Delhi

### **V Darlong**

1. Basic Life Support—What is new? Why the changes were incorporated, CME cum workshop on Basic Airway Management and Basic Resuscitation skills, 25 April 19, Jowai, Meghalaya
2. Role of Supraglottic airway devices in Airway management, CME cum workshop on Basic Airway Management and Basic Resuscitation skills, 26 April 19, Jowai, Meghalaya
3. USG guided Upper limb blocks, URAW (Ultrasound Guided Regional Anaesthesia Workshop), 18 May 2019, Delhi
4. Lecture and Video demonstrations on USG guided Upper limb blocks, Annual Academic Sessions of College of Anaesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine-2019, 3 October 2019, Colombo, Sri Lanka
5. Role of USG, Annual Academic Sessions of College of Anaesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine-2019, 4 October 2019, Colombo, Sri Lanka
6. Basic life Support, CME cum workshop on airway management, BLS and other emergency situations, 30 October 2019, Tawang, Arunachal Pradesh
7. Role of supraglottic airway devices in emergency airway management, CME cum workshop on airway management, BLS and other emergency situations, 31 October 2019, Tawang, Arunachal Pradesh
8. Basic management in different emergency scenarios, CME cum workshop on airway management, BLS and other emergency situations, 1 November 2019, Tawang, Arunachal Pradesh
9. Lectures and Video demonstrations on US guided upper limb blocks and central venous cannulation, URAW (Ultrasound Guided Regional Anaesthesia Workshop), 7 March 2020, Delhi

### **Jyotsna Punj**

1. ACLS-are we following the guidelines?, CME cum workshop on airway Management & ACLS, 25-27 April 2019, Meghalaya
2. Basic airway management, CME cum workshop on airway Management & ACLS, 25-27 April 2019, Meghalaya
3. Experiences Orientation program of MBBS students, 17 August 2019, Aligarh
4. Anaesthetic management of a patient with peripartum cardiomyopathy, 2nd international conference of Obstetric Anaesthesia of Russia, 21-23 September 2019, Moscow, Russia
5. USG for Trigeminal Neuralgia, Celiac Plexus, Stellate Ganglion and Facet Blocks, Annual Pain sessions of Sri Lanka, 3-5 October 2019, Colombo, Sri Lanka
6. USG truncal blocks, Annual Pain sessions of Sri Lanka, 3-5 October 2019, Colombo, Sri Lanka
7. Basic airway management, CME cum workshop on airway management and BLS, 30 October-1 November 2019, Arunachal Pradesh
8. BLS, CME cum workshop on airway management and BLS, 30 October-1 November 2019, Arunachal Pradesh
9. Basic airway management, Emergency workshops, 23-25 January 2020, Mizoram
10. ACLS, Emergency workshops, 23-25 January 2020, Mizoram
11. USG truncal blocks, USRAW conference, 7 March 2020, Delhi

### **Renu Sinha**

1. Retinopathy prematurity: sedation vs general anaesthesia, 5th World Congress of Ophthalmic Anesthesia 2020, 8 February 2020, Jakarta, Indonesia
2. Basics of ultrasound, Infraclavicular & axillary brachial plexus block, Annual Academic sessions & Pre-Congress workshops of Faculty of Pain Medicine of the College of Anaesthesiologist & Intensivists of Sri Lanka (COAISL), 3 October 2019, Colombo, Sri Lanka
3. Sciatic nerve block three approaches, arterial cannulation, IJV cannulation, Annual Academic sessions & Pre-Congress workshops of Faculty of Pain Medicine of the College of Anaesthesiologist & Intensivists of Sri Lanka (COAISL), 4th October 2019, Colombo, Sri Lanka

### **Ravinder K Pandey**

1. Basic Life Support—New guidelines and its applications in different case scenarios, CME cum workshop on Basic Airway Management and Basic Resuscitation skills, 25 April 2019, Jowai, Meghalaya
2. Video-laryngoscopes and Its role in management of difficult airway case scenarios, CME cum workshop on Basic Airway Management and Basic Resuscitation skills, 26 April 2019, Jowai, Meghalaya
3. USG guided lower limb nerve blocks (Femoral, Obturator, Adductor canal, FICB & LFCN) and their uses in different lower limb surgeries, URAW (Ultrasound Guided Regional Anaesthesia Workshop), 18 May 2019, Delhi

4. Lecture and Video demonstrations on USG guided PNB (Femoral, Obturator, Adductor canal and Fascia Iliaca blocks), Annual Academic Sessions of College of Anesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine-2019, 3 October 2019, Colombo, Sri Lanka
5. Lectures and Video demonstrations on USG Truncal Blocks (Paravertebral, PEC I & II, ESB and SAP blocks), Annual Academic Sessions of College of Anesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine-2019, 4 October 2019, Colombo, Sri Lanka
6. Enhancing Care in Pain Management: Multiple Challenges, Simple Strategies Annual Academic Sessions of College of Anesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine-2019, 5 October 2019, Colombo, Sri Lanka
7. Relieving pain: The role of nerve blocks, Annual Academic Sessions of College of Anesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine-2019, 5 October 2019, Colombo, Sri Lanka
8. Basic life Support, CME cum workshop on airway management, BLS and other emergency situations, 30 October 2019, Tawang, Arunachal Pradesh
9. Airway management in different emergencies (Trauma, Burns, Obstetrics, Pediatrics), CME cum workshop on airway management, BLS and other emergency situations, 31 October 2019, Tawang, Arunachal Pradesh
10. Basic management in different emergency scenarios, CME cum workshop on airway management, BLS and other emergency situations, 1 November 2019, Tawang, Arunachal Pradesh
11. Basic Life Support, Emergency training workshop, 23 January 2020, Aizawl, Mizoram
12. Basic Airway Management, Emergency training workshop, 24 January 2020, Aizawl, Mizoram
13. First Aid in Common Emergencies (FACE), Emergency training workshop, 25 January 2020, Aizawl, Mizoram
14. Airway Ultrasonography and Imaging (USGI) AIRWAY-2020: SEED to FRUIT, 22 February 2020, Delhi
15. Lectures and Video demonstrations on US guided PNB (Femoral, Obturator, Adductor Canal and FICB) and Truncal Blocks (TPVB, PEC I&II and ESB), URAW (Ultrasound Guided Regional Anaesthesia Workshop), 7 March 2020, Delhi

## RESEARCH

### Funded projects

#### Ongoing

1. Enhancing the success and safety of endotracheal intubation by development of an innovative intubation system: A pilot project, Babita Gupta, ICMR, 2 years, 2020-2022, Rs 55 lakhs
2. Assessment of IJV valve incompetence and its association with POCD in patients undergoing laparoscopic pelvic surgeries in Trendelenburg position, Akhil, AIIMS, 1 year, 2019, Rs 4 lakhs
3. Randomised comparison of costoclavicular vs lateral sagittal approach for ultrasound guided continuous infraclavicular block for postoperative analgesia, Thilaka, AIIMS, 1 year, 2019, Rs 4 lakhs

4. Impact of simulation based teaching on knowledge of performer, actual conduct of aerosol generating procedures and self-confidence while handling patients with COVID-19, Thilaka, AIIMS, 1 year, 2019, Rs 4 lakhs
5. Comparison of ultrasound guided dorsal radial artery cannulation and conventional radial artery cannulation at the volar aspect of wrist: A pilot randomized controlled trial, Souvik, AIIMS, 1 year, 2019, Rs 4 lakhs
6. Comparative evaluation of C-MAC D-Blade and Airtraq Video laryngoscope for endotracheal intubation in simulated cervical spine immobilization using cervical collar, Manpreet, AIIMS, 1 year
7. Comparison of dexmedetomidine as an adjuvant with ropivacaine alone for continuous wound infiltration in patients undergoing proximal splenorenal shunt (PSRS) surgery: A randomized control trial, Rakesh, AIIMS, 1 year, 2019, Rs 4 lakhs
8. Comparison of Anxiety scores with or without parental presence and its correlation with stress biomarkers during induction of anaesthesia in children undergoing ophthalmic procedures - A Randomized Controlled Trial, Nishant, AIIMS, 1 year, 2019, Rs 4.9 lakhs

### **Completed**

1. Intraoperative lung protective ventilation in peritonitis patients undergoing emergency laparotomy: Randomized controlled trial, Dalim K Baidya, AIIMS, 3 years, 2015-2018, Rs 1.8 lakhs

### **Departmental projects**

#### **Ongoing**

1. Safety, economic and environmental impact of desflurane in minimal flow anaesthesia (0.5 l/min) with or without nitrous oxide, compared to isoflurane- air-oxygen used with low flow (1 l/min)-a randomized, open labelled, single blinded study.
2. Safety and efficacy of low dose intrathecal anaesthesia in outpatient tubal ligation
3. To evaluate effects of a preoperative carbohydrate drink on postoperative vomiting in paediatric strabismus surgery: a randomised, controlled, observer- blinded trial
4. Analgesic efficacy and LA sparing effect of intrathecal morphine as adjunct for labour analgesia-a double-blinded randomized controlled trial
5. Prognostic significance of preoperative blood lactate and lactate clearance in patients undergoing emergency laparotomy for perforation peritonitis: A prospective observational study
6. Prognostic significance of red blood cell transfusion trigger in critically ill patients with sepsis and septic shock: prospective observational study
7. Ultrasonographic assessment of brachial artery reactivity as predictor of adverse outcome in patients undergoing emergency laparotomy for perforation peritonitis: prospective observational study
8. Early administration of Vitamin D to reduce ICU length of stay in critically ill sepsis patients: randomized controlled trial
9. Evaluation of deep learning algorithm for identification of brachial plexus in ultrasound images – an explorative study
10. Epigenetic regulations of pro-inflammatory and anti-inflammatory cytokine genes in posttraumatic sepsis and septic shock-defined by sepsis-3 classification. An exploratory study in major trauma patients.
11. Gastric residual volume measured by ultrasound to correlate with feed intolerance in ICU patients – an observational study
12. Comparison of ultrasound guided gastric emptying between breast feed and formula milk feed below six month old children – an observational study
13. Effect of addition of dexamethasone to ropivacaine for extra oral mandibular block in patients undergoing mandibular surgeries under general anaesthesia.
14. Compliance of novice users in performing endotracheal intubation using either C-Mac Video laryngoscope or MacIntosh laryngoscope after manikin skill based learning using either of the devices: a prospective randomized high fidelity simulator based study
15. Effectiveness of enteral ivabradine for heart rate control in septic shock – A randomized controlled trial.
16. The effect of levosimendan infusion on diaphragm contractility assessed by ultrasonography: a single centre randomized placebo- controlled trial
17. Analgesic efficacy and safety of Clonidine as an additive to 0.25% Ropivacaine in Stellate Ganglion Block for the treatment of Complex Regional Pain Syndrome. A prospective randomized single blind study
18. Prediction of Difficult Laryngoscopy and Orotracheal Intubation Using Lateral Neck X-ray: A Prospective Observational Double Blind Study

19. Urine albumin creatinine ratio as a marker for predicting acute kidney injury and patient outcome in critically ill sepsis patients – A prospective observational study
20. Erector spinae block versus intrathecal morphine in patients undergoing percutaneous nephrolithotomy surgery: A prospective randomised comparative pilot study
21. Renal doppler ultrasound to predict acute kidney injury in patients with acute circulatory failure in ICU: A prospective observational study
22. Comparison of positive pressure extubation with traditional extubation in critically ill patients: A randomised control study
23. Comparing the efficacy and safety of ketamine and dexmedetomidine in bariatric surgery without the use of opioids; A randomized clinical trial.
24. Intra-operative monitoring of cerebral oxygen saturation using Near Infra Red Spectroscopy (NIRS) and Assessment of risk factors for Low cerebral oxygen saturation in preterm and very preterm infants with Retinopathy of prematurity during Vitreo retinal surgeries: An observational prospective study.
25. Pulmonary arterial velocity time integral and effect of sigh breaths in predicting fluid responsiveness in acute circulatory failure
26. To determine the association between altered cerebral blood flow in the frontal cortex during sevoflurane anaesthesia and incidence of postoperative emergence delirium in children: An fNIRS based observational study.
27. Comparison of analgesic efficacy and safety of erector spinae plane block versus local infiltration in video-assisted thoroscopic surgery in adult patients comparison of analgesic efficacy and safety of erector spinae plane block versus local infiltration in video-assisted thoroscopic surgery in adult patients comparison of analgesic efficacy and safety of erector spinae plane block versus local infiltration in video assisted thoroscopic surgery in adult patients
28. Comparison between lactate clearance and neutrophil lymphocyte count ratio as a predictor of mortality in patients with sepsis
29. Incidence of Postoperative Cognitive Decline in elderly patients undergoing open surgery under general anaesthesia using Isoflurane or Desflurane: A Prospective Observational Study.
30. Efficacy of hetastarch with ropivacaine in prolongation of duration of ilioinguinal and iliohypogastric nerve blocks in paediatric inguinal hernia repair- a preliminary study
31. Efficacy of Erector Spinae Plane Block and Quadrates Lumborum Block for Perioperative Analgesia In Patients Scheduled for Renal Transplantation – A Single Blinded Randomized Controlled Study
32. Effect of Low Dose Ketamine On Inflammatory Markers and on Perioperative Analgesia In Patients Undergoing Laparoscopic hernia surgery—A prospective, randomized, comparative study
33. To study the outcomes of immediate sequential bilateral vitreo retinal surgery (ISBVS) in advanced ROP
34. Ultrasound Guided Erector Spinae Plane Block for Postoperative Analgesia in Patients undergoing Percutaneous Nephrolithotomy – A double-blinded, randomized controlled trial
35. Incidence and prognostic impact of myocardial dysfunction in septic shock—An observational cohort study
36. Comparison of analgesic efficacy of ropivacaine and levobupivacaine in labor analgesia by dural puncture epidural technique—a prospective double-blinded randomized trial
37. Preoperative intravascular volume status measured by inferior vena cava collapsibility index in patients with pheochromocytoma / paraganglioma undergoing surgical tumour removal- a prospective cohort study
38. Analgesic efficacy of ultrasound guided erector spinae block versus intrathecal morphine in patients undergoing Percutaneous Nephrolithotomy (PCNL) surgery: A prospective randomized comparative pilot study
39. Comparison of safety and efficacy of Air SP Vs. conventional Air-Q intubating laryngeal airway in children: A prospective, randomized comparative study.
40. Comparison of Glide scope and C-Mac Video laryngoscope for intubation in pediatric patients: A prospective, comparative & randomized study
41. To evaluate the safety and efficacy of different doses of Clonidine in Pectoral nerve blocks (PECS I, II) for pain relief in different Oncological Breast Surgeries: A prospective, comparative, randomized controlled trial.
42. Comparative efficacy and safety of I-gel supraglottic airway and self-pressurizing Air-Q intubating laryngeal airway during general anesthesia in infants: A prospective randomized
43. Effects of regional anesthesia on perioperative inflammatory cytokines alteration and clinical complications
44. Bilateral Ultrasound guided erector spinae plane block for postoperative pain relief in traumatic spine surgery: A randomised controlled trial
45. To compare analgesic efficacy and safety of ultrasound guided bilateral intermediate cervical plexus block with

- bilateral superficial cervical plexus block in patients undergoing thyroid surgeries under general anaesthesia
46. A study to find minimum effective volume of 0.5% ropivacaine for ultrasound guided costoclavicular block
  47. Effect of different dose regimens of Tranexamic acid in pelviacetabular fracture surgery: randomized clinical trial
  48. To compare the efficacy of Air-Q versus proseal in children (1-18 years) undergoing elective ophthalmic procedures – a randomized clinical trial
  49. Role of Microdialysis in accurate and early detection of a compromised free flap
  50. To evaluate the role of age-adjusted Charlson Comorbidity index in predicting 30 day postoperative outcome in patients undergoing surgery under general and regional anaesthesia
  51. Ultrasound guided suprainguinal fascia iliaca block in acetabular fracture surgery—randomized controlled pilot study
  52. Effectiveness of Retrolaminar block as perioperative analgesia in lumbosacral spine surgeries: Randomized controlled pilot study.
  53. Comparison of Percutaneous Radiofrequency Thermocoagulation and Percutaneous Microballoon Compression of Gasserian ganglion in Treatment of Trigeminal neuralgia—A randomized controlled trial
  54. Comparative Evaluation of Continuous Versus Intermittent Bolus Techniques In Ultrasound Guided Erector Spinae Block In Modified Radical Mastectomy Surgery– A Prospective Randomized Controlled Trial
  55. Pectointercostal fascial block as a novel technique for postoperative pain management in patients undergoing cardiac surgery
  56. To compare ultrasound guided bilateral intermediate cervical plexus block with bilateral superficial cervical plexus block in patients undergoing thyroid surgeries under general anaesthesia
  57. To assess the role of carotid artery corrected flow time (FTc), carotid artery peak velocity variation (CAPVV) and carotid artery velocity time integral (CAVTI) in prediction of post spinal anaesthesia hypotension in spontaneously breathing patients
  58. Comparison of clinical efficacy of intrathecal 0.75% isobaric ropivacaine with fentanyl vs clonidine as adjuvants in cesarean section: a prospective randomised controlled trial
  59. A Prospective study to evaluate improvement in pharyngeal airway volume and lengthening of mandible in simultaneous release of ankylosis and mandibular distraction.
  60. To evaluate and compare bite force and chewing efficiency in patients of TMJ ankylosis treated by alloplastic total joint replacement, gap arthroplasty with normal individuals.
  61. Correlation between Doppler derived carotid artery corrected flow time, pressure transducer derived radial artery flow time and pulse pressure variation: A prospective observational study
  62. Comparison of 5 factor modified frailty index and ASA classification to predict morbidity and mortality in patients undergoing arthroplasty – A prospective observational study
  63. Association of intraoperative blood glucose variability with postoperative outcomes in emergency laparotomy
  64. Role of spot urine sodium in furosemide stress test in volume overloaded critically ill patients with acute kidney injury—a prospective study
  65. Comparison of opioid based anesthesia technique and opioid free anesthesia technique in patients undergoing laparotomy for gynaecological malignancy: randomized controlled trial
  66. Assessment of inferior vena cava collapsibility index (IVCCI) and variation of carotid artery peak velocity (CAPV) as predictor of post-spinal hypotension
  67. Effect of addition of dexamethasone to ropivacaine for extraoral mandibular nerve block in patients undergoing mandibular surgeries under general anaesthesia
  68. Ultrasonographic assessment of brachial artery reactivity as predictor of adverse outcome in patients undergoing emergency laparotomy for perforation peritonitis: Prospective observational study
  69. Predictors of Intensive Care Unit Admission and Mortality In Acute Febrile Illness: A Prospective Observational Study
  70. Effect of incremental PEEP titration on postoperative lung atelectasis in adult patients undergoing elective major abdominal surgery: A randomized controlled trial
  71. Feasibility of anterior temporalis muscle ultrasound as a method to assess muscle wasting in ICU
  72. Comparison of Recovery Characteristics With Desflurane And Sevoflurane In Preterm And Ex-Preterm Infants Undergoing Retinopathy Of Prematurity Surgery: A Prospective Randomized Study
  73. Ultrasound guided costoclavicular block in paediatric population: A prospective observational study
  74. Effect of video distraction on preoperative anxiety scores in paediatric patients undergoing general anaesthesia in

- ophthalmic day care procedures: A Randomized Controlled trial.
75. Sonographic Assessment of Epidural Space Depth and Orientation in Paediatric Patients at Various Vertebral Levels: An Observational Cross-Sectional Study
  76. A comparative study of optimum versus fixed positive end expiratory pressure on incidence of postoperative lung atelectasis in patients undergoing laparoscopic gynaecological surgery: A double blinded randomised control trial.
  77. Association between perioperative acid-base abnormalities and kidney dysfunction in patients with peritonitis: A prospective cohort study
  78. Velocity- time integral and stroke volume measured in the ascending aorta for prediction of volume responsiveness in spontaneously breathing patients
  79. Association between intraoperative colloid administration & postoperative kidney dysfunction in patients undergoing major gastro-intestinal surgery: A retrospective study
  80. Effect of intraoperative oxygen use on cerebral blood flow in adult patients under general anaesthesia: A randomized controlled trial
  81. Comparison of two anaesthetic techniques in children undergoing vitreo-retinal surgery: inhalational vs TCI (Target controlled infusion) – A Randomised pilot clinical trial
  82. Comparison between medial and lateral approaches of costoclavicular brachial plexus block for upper limb surgeries- A Pilot interventional Randomised control trial
  83. Effect of High Protein Normocaloric Nutrition on Skeletal Muscle Wasting in Critically Ill Mechanical Ventilated Patients: A Randomized Double-Blind
  84. Association of malnutrition with sevoflurane requirement and awakening during day care procedures
  85. Association between pulmonary function tests and difficult airway in morbidly obese patients.
  86. Ultrasound Assessment of Gastric Emptying of Clear Fluids with Different Energy Content in Children: A Crossover Pilot Study
  87. Effect of wrist angulations on ease of radial artery cannulation in pediatric population: ultrasound-guided anatomical assessment
  88. Effect of dexamethasone on postoperative cognitive decline in elderly population: a randomized controlled triple blind trial
  89. Ultrasonographic Assessment of Tonsillar Volume in Children undergoing tonsillectomy; a predictor of post-operative morbidity
  90. Dura to spinal cord distance at different vertebral levels in children and its implications on epidural and spinal anesthesia and analgesia in Indian Population: A retrospective CT Scan - based study
  91. A randomised control trial comparing the effects of lignocaine and dexmedetomidine on the incidence of postoperative cognitive decline in elderly: a pilot study
  92. Correlation of oxygenation Index and oxygen saturation index in patients undergoing emergency laparotomy under general anesthesia: A prospective observational study
  93. A double blind randomized controlled trail – Effect of intravenous dexamethasone on the onset time and recovery profiles of atracurium in children.
  94. Effect of nicotine replacement therapy on peri-operative opioid requirement in abstinent tobacco smokers undergoing spinal fusion: a double blind randomized controlled trial.
  95. Epidemiology and clinical characteristics of COVID-19 patients requiring critical care in a tertiary care teaching hospital
  96. Comparison of Posterior tibial artery cannulation under USG guidance versus palpation technique.
  97. Association Between Perioperative Hypertension, Length of Hospital Stay and Perioperative Cardiovascular Complications: A Prospective Observational Study From Tertiary Care Centre
  98. The Study of Feasibility of Ultrasound Guided Catheterization of Right Brachiocephalic Vein in Adult Patients
  99. Predicting increased length of stay and adverse outcome in Indian Geriatric patients coming for surgery: A prospective case control study.
  100. Frailty as a predictor of adverse discharge outcomes in geriatric trauma patients undergoing surgery: A prospective Case Control Study
  101. Postural Impact on Gastric Ultrasound assessment in pregnancy: An observational study
  102. Effect of Different Dose Regimens of Tranexamic Acid on blood loss in Pelvic acetabular Fracture Surgery: A Randomized Clinical Trial
  103. Evaluation of effect of early use of Cryoprecipitate on blood components usage in trauma patients with haemorrhagic shock

104. Comparison of standard introducer tool guided vs. suction catheter guided techniques of Proseal laryngeal mask airway (PLMA) insertion in patients undergoing elective laparoscopic gynaecological surgery: a randomized controlled trial.
105. Liberal versus Restrictive Fluid Management in Ambulatory Laparoscopic Gynaecological Surgeries: A Randomized Controlled Trial
106. Impact of Simulation-based Training in Intravascular Access (STIVA) for medical students on composite learner outcomes—A Randomized Controlled Trial
107. Comparison of blind tracheal intubation through Air-Q and LMA Blockbuster: A Randomised control trial
108. Comparison of analgesic efficacy of levobupivacaine and ropivacaine in labour analgesia by dural puncture epidural technique.
109. Comparative evaluation of C-MAC D-Blade and Airtraq Video laryngoscope for endotracheal intubation in simulated cervical spine immobilization using cervical collar.
110. Assessment of Pain Score After Administration of Injection Lidocaine Versus Lidocaine- Prilocaine Cream In Patients Undergoing Prenatal Invasive Testing
111. Association between intra-operative starch use and post-operative serum creatinine level in patients undergoing elective major gastrointestinal surgery: Interim analysis of a retrospective study.
112. Impact of simulation based teaching on knowledge of performer, actual conduct of aerosol generating procedures and self-confidence while handling patients with COVID-19
113. Fascia Iliaca block above or below the Inguinal ligament? Evaluation of Efficacy in Total Hip Arthroplasty. A Randomized Prospective study
114. Effect of Airway Pressure on Cuff Pressure of Proseal Laryngeal Mask Airway in Patients Undergoing Gynaecological Laparoscopic Procedures.
115. Effective Dose of Cis-atracurium in Patients Undergoing Short Gynaecological Laparoscopic surgeries—A Prospective Double blinded Randomized trial
116. Ultrasound guided Suprainguinal Fascia Iliaca Block for Analgesia in Acetabular Fracture Repair

### **Completed**

1. Integrated ultrasound protocol in predicting weaning success and extubation failure
2. To determine whether implementation of a new ICU delirium prevention bundle will reduce the incidence of delirium compared to standard of care protocol in mechanically ventilated patients
3. Epidemiology and prognostic utility of cellular components of hematological system in sepsis
4. A comparison of efficacy of prophylactic infusion of phenylephrine versus norepinephrine for the prevention of post spinal hypotension in parturients undergoing elective Cesarean section—a randomized controlled trial
5. To compare postoperative analgesia between ultrasound guided continuous quadratus lumborum block with ultrasound guided continuous psoas compartment block in patients undergoing total hip arthroplasty under general anaesthesia
6. Efficacy of Left ventricular outflow tract velocity time integral (LVOT VTI) and carotid artery VTI as predictor of volume responsiveness to passive leg raising (PLR) in sepsis and septic shock patients by correlation with Echocardiography guided stroke volume change (delta SV%) to PLR
7. Carotid artery corrected flow time & respiratory variations of peak blood flow velocity for prediction of hypotension after induction of general anaesthesia in adult patients undergoing emergency laparotomy for peritonitis: A prospective observational study
8. Correlation between Doppler derived carotid artery corrected flow time and pressure transducer derived radial artery corrected flow time: A prospective observational study
9. Carotid artery corrected flow time and respiratory variations of peak blood flow velocity for prediction of hypotension after induction of general anaesthesia in adult patients undergoing elective surgery: A prospective observational study
10. Comparison of dexmedetomidine with a combination of ketamine and midazolam for sedation during awake fiberoptic nasal intubation, a randomized double blind comparative trial
11. Hemodynamic profile in the perioperative period in patients undergoing pheochromocytoma and paraganglionoma surgery with and without low dose diltiazem infusion
12. Anaesthetic management for ophthalmic surgical procedures in children with congenital Rubella Syndrome: A retrospective analysis
13. Correlation between duration of preoperative fasting and emergence delirium in paediatric patient undergoing

- ophthalmic examination under anaesthesia as day care procedure-observational study
14. Knee-chest position and Subarachnoid block Onset times in Obstetric parturient: A RCT
  15. Impact of preoperative anxiety on propofol induced hypotension in female patients of elective surgery under general anaesthesia
  16. Impact of preoperative anxiety on propofol induced hypotension in children undergoing elective surgery under general anaesthesia: a prospective observational study
  17. Perioperative outcome of patients undergoing major pelvic surgeries in a tertiary health centre in India: A retrospective analysis
  18. Clinical outcome, microbiological spectrum and antibiotic susceptibility of clinical isolates from adult intensive care unit in a tertiary care hospital in INDIA
  19. Effect of dexmedetomidine on serum cortisol level and perioperative haemodynamics in children undergoing elective ophthalmic surgery—A prospective, randomized, comparative study
  20. Lung Ultrasound for diagnosis of Ventilator associated pneumonia in critically ill
  21. Ultrasound assessment of airway for prediction of difficult laryngoscopy in obese patient. Observational pilot study
  22. Comparison between lactate clearance and neutrophil lymphocyte count ratio as a predictor of mortality in patients with sepsis
  23. Comparison of serum nucleosomes and tissue inhibitor of metalloproteinase 1 (TIMP1) in predicting mortality in adult critically ill patients in sepsis
  24. A comparative pilot study of manual weaning versus automated weaning in critically ill patients
  25. Accuracy of Predictive equations in guiding Tracheal intubation depth in children: A prospective observational study
  26. Comparison of Ultrasound guided femoro-sciatic nerve block versus epidural analgesia for post-operative analgesia following excision of knee tumours- A randomized control study
  27. Serum Procalcitonin, Interleukin-6 and sTREM-1 as diagnostic and prognostic markers in sepsis in Intensive Care unit
  28. Air Q ILA as a conduit for orotracheal intubation in children: A comparison between supine and lateral position
  29. Effect of different patient positions on post induction hypotension caused by Propofol— A randomized comparative trial
  30. Effect of Dexmedetomidine on Emergence Delirium and recovery parameters after Desflurane or Sevoflurane Anaesthesia in children: A prospective Observational Randomized Study
  31. Effect of positive end expiratory pressure on atelectasis in patients undergoing major upper abdominal surgery under general anaesthesia – A lung ultrasonography study
  32. Effect of change in body weight on clinical outcomes in critically ill patients
  33. Comparison of time to intubate and intubation conditions with CMAC Miller blade size 1 and CMAC Macintosh blade size 2 in paediatric patients— A Prospective randomized controlled study
  34. Role of spot urine sodium in furosemide stress test in volume overloaded critically ill patients with acute kidney injury
  35. To assess the technical feasibility of ultrasound guided out of plane lumbar sympathetic block and its confirmation by fluoroscopy in patients with peripheral arterial disease: A prospective interventional study
  36. To assess the technical feasibility of ultrasound guided out plane lumbar sympathectomy block and its confirmation by fluoroscopy in patients with peripheral arterial disease: a prospective observational study
  37. Analgesic efficacy and safety profile of Glossopharyngeal nerve block using Extraoral Anatomical landmark technique vs Ultrasound Guided technique in patients with Eagles Syndrome
  38. The use of Ultrasound as a reliable tool for endotracheal intubation when performed by novice Anaesthesia Residents—A Prospective Observational study
  39. Molecular detection of legionella pneumophila by real time PCR and characterization of isolates by sequence-based typing
  40. Evaluation of the effects of a preoperative carbohydrate drink on postoperative vomiting in paediatric strabismus surgery: a randomized controlled, observer blinded trial
  41. Transforaminal Epidural Injection of Local anaesthetic and Dorsal Root Ganglion Pulsed Radiofrequency Treatment in Lumbosacral Radicular Pain- A Randomized, Triple-Blind, Active-Control Trial
  42. Perioperative Analgesic Efficacy of Continuous Quadratus Lumborum Block or Continuous Transversus Abdominis Plane Block in Patients Undergoing Renal Transplant Surgery: A Randomized Double-Blind Controlled Study

43. To study the efficacy of serratus anterior plane block in patients undergoing trunk-based flap surgeries—a pilot study
44. Comparison between opioid based anaesthesia technique and opioid free anaesthesia technique in patients undergoing laparotomy for gynaecological malignancy: a randomized controlled trial
45. Bilateral Quadratus Lumborum Block vs bilateral transversus abdominis plane block for postoperative pain relief in TAPP laparoscopic hernia surgery: a randomised control trial
46. Diagnostic ultrasound guided lumbar medial branch block of dorsal ramus in facet joint arthropathy: Technical feasibility and validity by fluoroscopy
47. Comparison of three dimensional (3D) endovision system versus Ultra-High Definition (HD) (4K) endovision system in minimally invasive surgical procedures. An Open labelled Randomized Study
48. The effect of ultrasound guided quadratus lumborum block on postoperative analgesia and neuroendocrine stress response in paediatric patients undergoing elective open pyeloplasty—A randomized controlled trial
49. To assess the technical feasibility of ultrasound guided out of plane lumbar sympathectomy and its confirmation by fluoroscopy in patients with peripheral arterial disease: a prospective interventional study
50. Fentanyl versus Dexmedetomidine infusion in head and neck free flap surgery for comparison of haemodynamics and anaesthetic requirements
51. Comparison of efficacy of dexmedetomidine and clonidine infusions to produce hypotensive anaesthesia in patients undergoing orthognathic surgery: a randomized controlled trial
52. Incidence of postoperative cognitive decline in elderly undergoing open surgeries under general anaesthesia using isoflurane or desflurane: a prospective observational pilot study
53. Safety and efficacy of ketamine-dexmedetomidine combination versus ketamine-propofol combination for sedation during ERCP: an open-label randomized controlled trial
54. Ultrasound Guided Regional Blocks for Breast Surgery; A Comparison of Erector Spinae Plane (ESP), Thoracic Paravertebral (TPVB) and Serratus Anterior Plane (SAP) Blocks in Randomized Controlled Pilot Study
55. Ultrasound guided continuous erector spinae plane block in major hepatobiliary and lienorenal shunt surgery: a retrospective study
56. Efficacy of Left ventricular outflow tract velocity time integral (LVOT VTI) and carotid artery VTI as predictor of volume responsiveness to passive leg raising (PLR) in sepsis and septic shock patients by correlation with Echocardiography guided stroke volume change ( $\Delta SV\%$ ) to PLR
57. To study the efficacy of clonidine as an adjuvant to ropivacaine in ultrasound guided transversus abdominis plane block in adult renal transplant recipients – a double blinded randomised controlled trial
58. To assess the efficacy of local anaesthetic wound infiltration in temporomandibular joint ankylosis surgery for control of postoperative pain: Randomized controlled trial
59. To determine whether implementation of a new ICU delirium prevention bundle will reduce the incidence of delirium compared to standard of care protocol in mechanically ventilated patients
60. Evaluation of diaphragmatic muscle mass in patients receiving pressure regulated volume controlled ventilation and synchronized intermittent mandatory ventilation for acute respiratory failure: A randomized controlled trial
61. Integrated Ultrasound Protocol in predicting Weaning Success and extubation Failure: A Prospective Observational Study
62. Epidemiology and prognostic utility of cellular components of haematological system in sepsis
63. Comparison of intraocular pressure change with facemask vs laryngeal mask airway in anaesthetised children
64. Efficacy of decremental PEEP trial on postoperative oxygenation status in adult patients undergoing emergency laparotomy: A pilot randomized controlled trial
65. Carotid artery corrected flow time & respiratory variations of peak blood flow velocity for prediction of hypotension after induction of general anaesthesia in adult patients undergoing elective surgery: A prospective observational study
66. Effect of addition of dexamethasone to ropivacaine for extraoral mandibular nerve block in patients undergoing mandibular surgeries under general anaesthesia
67. Effect of dexmedetomidine on emergence delirium and recovery parameters after desflurane or sevoflurane anaesthesia in children: A prospective double randomized study
68. Comparison of analgesic efficacy of ultrasound guided quadratus lumborum block (QL) versus erector spinae plane (ESP) block in children undergoing open pyeloplasty—Randomized double blinded controlled trial
69. Diagnostic Ultrasound guided medial branch block of dorsal ramus in facet arthropathy: Technical evaluation and validation by fluoroscopy

70. The association between pulmonary function tests and difficult airway in morbidly obese patients
71. Pilot Study: Double Blind Randomized Controlled Trial for Comparison of Effect on Neuromuscular Blockade Recovery Between Calcium Gluconate Coadministered With Neostigmine and Neostigmine Only in paediatric Patients
72. The effect of ultrasound guided quadratus lumborum block on postoperative analgesia and neuroendocrine stress response in paediatric patients undergoing elective open pyeloplasty. a randomised controlled study
73. Focused airway sonography (FAS) for evaluation of laryngeal mask airway placement: an observational study

## **Collaborative projects**

### ***Ongoing***

1. A quantitative assessment of changes in inflammatory cytokines in patients undergoing cardiac surgeries with allogenic and autologous blood transfusion, All India Institute of Medical Sciences, Jodhpur
2. Real-Time, In-plane Ultrasound-Assisted Thoracic Epidural Placement in paediatric patients, All India Institute of Medical Sciences, Jodhpur
3. Evaluation of predictive performance of sonographic airway assessment parameters and comparison of their efficacy to predict difficult airway with clinical airway predictors: A Cross sectional, Prospective, Observational study, All India Institute of Medical Sciences, Jodhpur
4. Evaluation of sonographic difficult airway predictors in patients undergoing caesarean section and their comparison with that of non-pregnant women: An observational cohort study, All India Institute of Medical Sciences, Jodhpur
5. Comparison of postoperative analgesia by two different technique of paravertebral block: Conventional v/s Mid transverse process to pleura in Video assisted thoracic surgeries, All India Institute of Medical Sciences, Jodhpur
6. Effect of intraoperative low dose ketamine infusion on postoperative analgesia in laparoscopic cholecystectomy in adults under isoflurane anaesthesia, All India Institute of Medical Sciences, Jodhpur
7. Comparison of Landmark guided technique Vs Real-Time Ultrasound-Assisted Thoracic and Lumbar Epidural Placement in paediatric patients, All India Institute of Medical Sciences, Jodhpur
8. Effect of pneumoperitonium on oropharyngeal seal pressure of Proseal LMA, and Baska mask in patients undergoing laparoscopic cholecystectomy: A Randomized controlled trial, All India Institute of Medical Sciences, Jodhpur
9. Comparison of cadaver-based simulations with phantom models for teaching ultrasound guided regional anaesthesia, All India Institute of Medical Sciences, Jodhpur
10. Perioperative Music Therapy in Addition to standard treatment for the Improvement of Quality of Recovery after Anaesthesia Following Maxillofacial Surgeries: A Randomized Controlled Study, Maxillo-facial surgery
11. Incidence and risk factors of back pain after caesarean section: A prospective observational study, Obstetrics and Gynaecology
12. Evaluation of a single pre-operative pre-emptive dose of Etoricoxib for postoperative pain relief in dental surgeries under general anaesthesia: A randomized prospective double blinded placebo controlled trial, Maxillo-facial surgery
13. Use of pulsed electro-magnetic fields (PEMF) as an adjunct for treatment of chronic back pain: a prospective randomized study, Orthopaedics
14. Assessment of vaginal vault infiltration by Bupivacaine for postoperative pain after Total Laparoscopic Hysterectomy: A Randomized Controlled Trial, Obstetrics And Gynaecology
15. A Randomised Trial Of Peri-Operative Low Dose Vs Standard Dose Steroid Regimen In Patients Of Ulcerative Colitis, Gastrointestinal surgery
16. Effect of integrated Yoga on ART outcomes and Psychological stress in patients undergoing In-Vitro- Fertilization (IVF) cycles: A Prospective Randomized Controlled Trial, Obstetrics and Gynaecology, Psychiatry and CIMR
17. To study the causes/reasons of cancellation of scheduled patients for elective surgery, Surgery

### ***Completed***

1. Comparison of Sevoflurane, Propofol and Propofol with Dexmedetomidine on intracranial pressure during laparoscopic surgeries in Trendelenburg position, All India Institute of Medical Sciences, Jodhpur
2. A study to assess the effectiveness of a planned simulation teaching on the knowledge and skill of nurses working in critical care unit of AIIMS, College of Nursing
3. UV radiation to decontamination of mobile phones of Health care workers at a tertiary care hospital, Microbiology
4. Determination of duration of vecuronium and isoflurane in type 2 diabetic patients with diabetes with and without cardiac autonomic neuropathy, Physiology
5. Comparison of analgesic efficacy of ropivacaine and levobupivacaine in labor analgesia by dural puncture epidural

technique-a prospective double-blinded randomized trial, Obstetrics & Gynaecology

6. Molecular detection of legionella pneumophila by real time PCR and characterization of isolates by sequence based typing, Microbiology
7. Analgesic efficacy and safety profile of Glossopharyngeal nerve block using Extraoral Anatomical landmark technique VS Ultrasound Guided technique in patients with Eagles Syndrome, Radiology

## PUBLICATIONS

**Journals: 54**

**Abstracts: 4**

**Chapters in Books: 7**

**Books: 1**

## PATIENT CARE

Anaesthesia services were provided for elective and emergency surgeries. Apart from this, services were also provided at many peripheral areas including endoscopy, radiology, MECT, etc. The detailed list of number of patients handled is as follows

GI Surgery:	419
Surgery:	3,027
Dental surgery (CDER):	681
Plastic surgery :	298
Urology:	1416
ENT:	1154
Gynaecology:	1254
Paediatric surgery:	1568
Orthopaedics:	3835
Maternity:	2849
IVF:	663

### Ophthalmic

a) Routine+ EUA	6144
b) Emergency	1459
c) RPC USG	2567
d) MAC	536
Total	10,706

### Emergency

a) Cases	4,369
b) Calls	1,924

### ICU

a) Total	733
b) Carried forward by last month	95
c) New Admission	638
d) Discharged	520
e) Expired	118

### Peripheral services

1. MRI	316
2. MECT	642
3. CT Scan	623
4. Other radiological services (DSA, RFA, Lithotripsy)	232
5. GI endoscopy	1,360

Pain OT 552

#### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Dr Vishnu**, Junior resident, received first place in e-poster presentation, at AORA 2019.

**Dr Reshma**, Junior resident, received second place in e-poster presentation, at AORA 2019.

**Dr Ridhima Bhatia**, Senior resident, received ICMR grants for Annual Congress, Glasgow 2019 for a poster presentation.

**Dr Alka**, Senior resident, was awarded Best of meeting abstract in the 44th Annual Regional Anesthesiology and acute pain medicine meeting in Las Vegas Nevada, April 2019. The Anaesthesia team won the Resident Cricket League tournament held in June 2019.

**Professor Rajeshwari Subramaniam**, Chairperson of Pediatric Anesthesia session, ISNACC 2019, 16 February 2019, Gurgaon

**Professor Anjan Trikha** invited to deliver the prestigious Dr Pritam Singh Oration on 15 February 2020 during the 18th Indian Society of Anaesthesiologists (North Zone) conference held in Government Medical College Amritsar, Punjab. Nominated member of academic committee of Indian College of Anaesthesiologist. Nominated Chief Editor of Journal of Obstetric Anaesthesiologists and Critical Care.

**Professor Maya Dehran** provided Anaesthesia services in Anaesthesia department of MSSCH (Maharaj Sawan Singh Charitable Hospital), Beas (Punjab) for 10 days from last week of June to 1st week of July during Summer Vacation, 2019. Provided Anaesthesia services for adults and paediatric surgery patients for 7 days from 7 to 14 July in Sikanderpur Hospital (Haryana), Radha Soami Satsang, Beas. Provided voluntary General OPD services for 3 days from 30 December 2019 to 1 January 2020 during a big gathering of Radha Soami Satsang in Jaipur. Provided General OPD services and first aid for critically ill patients in Ajmer for a big gathering of Radha Soami Satsang for 4 days from 9 to 12 February 2020. Provided General OPD services in the Bhatti Dispensary at Radha Soami Satsang, Delhi, Bhatti Centre on all Sundays of the year except on my weekend duties in the hospital. Provided General OPD services and first aid care of critically ill patients during big Radha Soami Satsang gathering in Bhatti Centre, Delhi for 12 days in 2019.

**Professor Dilip R Shende**, part of the ROP care programme for premature infants coming for retinopathy of prematurity. Developed HDU facility with help of pediatrics faculty and residents to look after this premature population in RPC. Chaired the Symposium/Workshops “Intensive Care and Emergency Medicine” 7th Annual International “BEST OF BRUSSELS” Symposium on Intensive Care & Emergency Medicine (ISCCM) 3-7 July 2019 (during Summer Vacation) The Hyatt Regency Hotel, Pune, Maharashtra. Chaired the session, ICRA-PAIN 2019 (International Conference on Recent Advances in Pain) 14 September 2019, Nagpur, Maharashtra. Chaired the sessions (i) “Pain Education—the felt but unmet need!” (ii) “Current Controversies in Pain Management”. The 8th International Conference on Pain Management (ICPM 2019), 14-15 October 2019, Chandigarh, India. Chaired the session on 8 November 2019, 34th Annual Conference of Indian Society for Study of Pain (ISSPCON 2019). Chaired the session on— “Medical issues in Bariatric patients”, 2nd International Meeting on Bariatric and Metabolic Surgery (AIIMS BARICON 2019 13-16 November 2019) Aerocity, New Delhi. Chaired session in Session of Ophthalmic anaesthesia, Judge for poster session, World Congress of Ophthalmic anesthesia (5th WCOA 20206-8 February 2020), 7 February 2020-8 February 2020, Pullman Jakarta, Jakarta (Indonesia).

**Professor Ganga Prasad** was Member of specification committee of anaesthesia equipments for Post Graduate Institute of Medical Education and Research in New Delhi & Dr Ram Manohar Lohia Hospital, New Delhi. Member of bureau of Indian standard (BIS) for anaesthesia equipment, New Delhi. Member of committee for specification of anaesthesia equipments in Government e- marketing (GeM). BSc (OT technology) course at AIIMS. Reviewer of Indian Journal of Medical Research. Teaching Subject expert for selection of Assistant professor interview of north MCD Medical college, New Delhi. Technical

expert for anaesthesia & ICU equipments for AIIMS, Raebareli (UP). Chair session and judge for poster presentation in 12th annual conference of Indian association of paediatrics anesthesiologists from 7 to 9 February 2020 at Varanasi.

**Professor Vimi Rewari** delivered “Ultrasound guided Chest wall blocks” in the Comprehensive Symposium on Ultrasound for Anaesthesiologists (CUSA) Regional Anaesthesia Workshop held on the 7 December 2019. Chaired a session on ‘CLD with Coronary Artery Disease’ in the 1st LTSIMid term meeting held on August 10 2019 at Hotel Crowne Plaza, Gurgaon. Chaired a session on ‘Coagulation – Balancing the imbalance’ in the 1st LTSI Mid-term meeting held on 11 August 2019 at Gurgaon. Panelist in the panel discussion titled “End of life care: Issues” in the 1st Rajasthan Critical Care Conference on 31 August 2019 held at AIIMS, Jodhpur. Panelist in the panel discussion titled “Practical endocrine problems” at 11th National and 1st International Conference of the Indian College of Anaesthesiologists, ICACON 2019 on 7 September 2019 in New Delhi, India. Chaired a session on ‘Transplantation in ALF’ in TRANCRIT-2019 on 15 September 2019 at the Institute of Liver and Biliary Sciences, New Delhi. Chaired a session comprising of five lectures in the 12th National Conference of Association of Obstetric Anaesthesiologists (AOA 2019) on 28 September 2019 at Sri Ramachandra Institute of Higher Education and Research Chennai. Chaired a session on “Joint Pain/Back Pain” at the 5th Annual Conference of Indian Society of Pain Clinicians (ISPCCON 2019) held from 8 to 10 November 2019 at the All India Institute of Medical Sciences, New Delhi.

**Professor Jyotsna Punj** was faculty for/conducted the following workshops. CME cum workshop on airway Management & ACLS, 25-27 April 2019, Jowai, Meghalaya; Annual Pain Sessions of Sri Lanka, October 2019; CME cum workshop on airway Management and BLS, October 2019, Tawang, Arunachal Pradesh; Emergency workshop, January 2020, Aizawl, Mizoram; USRAW conference, March 2020, New Delhi; Judge for poster session in Annual Obstetrics conference of UK, May 2020, New Castle, England; Observership in Obstetric Analgesia and Anesthesia, 25-31 May 2020, Charlotte’s Hospital, London, England.

**Professor Ravinder Kumar Pandey** was Editor-in-chief of International Journal of Perioperative Ultrasound and Applied Techniques (IJPUT) since 2014. Reviewer in Indexed Journals: Indian Journal of Anesthesia (IJA), Journal of Anesthesiology and Clinical Pharmacology (JOACP), Journal of Clinical Anesthesia (JCA). Journal of Medical Case Report. Nominated as Examiner for South Campus, Delhi University, for evaluation of MD thesis (Anaesthesiology) and MD Anaesthesiology Examinations. Chief Co-ordinator of Ultrasound Guided Hands on workshop in International Conference of Pain Management: “Annual Academic Sessions of College of Anaesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine”-2019. Chief Co-ordinator of Ultrasound Guided Hands on Regional Anaesthesia Workshop, “URAW”-2019 & 2020, New Delhi. Faculty for/conducted the following workshops: URAW (Ultrasound Guided Regional Anaesthesia Workshop), 23 March 2019, New Delhi; CME cum workshop on Airway Management & ACLS, 25-27 April 2019, Jowai, Meghalaya; URAW (Ultrasound Guided Regional Anaesthesia Workshop), 18 May 2019, New Delhi; Annual Academic Sessions of College of Anaesthesiologists and Intensivists of Sri Lanka and Faculty of Pain Medicine-2019, October 2019, Colombo, Sri Lanka; CME cum workshop on airway management, BLS and other emergency situations, October-November 2019, Tawang Arunachal Pradesh; Comparative Symposium on Ultrasound for Anaesthesiologists (CUSA), 6 December 2019, New Delhi; Emergency workshop, January 2020, Aizawl, Mizoram; AIRWAY 2020: Seed to Fruit, February 2020, New Delhi.

**Professor Anjolie Chhabra** conducted the CMEs: USG Regional Anaesthesia Workshop at the 58th Annual Conference of ISA Delhi State Chapter on 12 April 2019 at Maharaja Agarsain Hospital, Punjabi Bagh, New Delhi; Anaesthesia CME cum Workshop USGRACON at Rohilkhand Medical College & Hospital, Bareilly, UP on 28 July 2019.

**Professor Rashmi Ramachandran** was judge, Oral Paper Presentations, ‘5th National Conference of Pedistars on Simulation’. Faculty for Curriculum development program, ‘5th National Conference of Pedistars on Simulation’. 12-16, August 2019-Visiting Faculty-Cologne University Skill Lab Program- “Learning Skills and Peer Teaching”. Received certification as Instructor, AHA accredited BLS and ACLS Resuscitation Courses.

**Dr Dalim Kumar Badiya**, Examiner of PDCC Critical Care Examination – at Institute of Liver and Biliary Sciences, New Delhi, June 2019. Examiner of PDF Critical Care Examination – at AIIMS Bhubaneswar, August 2019. Panelist in the panel discussion titled “End of life care: Issues” in the 1st Rajasthan Critical Care Conference on 31 August 2019 held at AIIMS, Jodhpur.

**Dr Puneet Khanna**, Grant by Korean Society of Anaesthesia to present a paper in Seoul, Korea in KOREANESTHESIA 31 October-2 November 2019; Grant by CSIR to present the paper in London UK from 8 to 10 January 2020.

**Dr Bikash Ranjan Ray**, Grant by Korean Society of Anaesthesia to present a paper in SEOUL Korea for 1000 USD in KOREANESTHESIA, 31 October to 2 November 2019. Grant from MAMS, from National Academy of Medical Sciences

**Dr Debesh Bhoi**, Faculty for AORA 2019, 7 July 2019, GEM Hospital, Coimbatore. Faculty for USGRACON, 28 July 2019, Rohilkhand Medical College and Hospital, Bareilly, UP. Faculty for AAGPA 2019, 29 September 2019, AIIMS, New Delhi. Faculty for CUSA 2019, December 2019, AIIMS, New Delhi.

**Dr Shailendra Kumar**, Poster session judge for PG Assembly, AIIMS, 30 September 2019, New Delhi. Faculty for the following workshops: Cadaveric Airway Workshop, AIIMS Neuroanaesthesia Neurocritical Care Update 2019, 18 October 2019, AIIMS, New Delhi; ISPCCON 2019, 8 November 2019, AIIMS, New Delhi. CUSA 2019, 6 December 2019, AIIMS, New Delhi; National programme for trauma care, 28 January, Sardar Patel School, New Delhi.

**Dr Manpreet Kaur**, Faculty for quality improvement international collaboration “Wake up safe”, 14 September 2019, Hyderabad. 12th National Conference of the Association of Obstetric Anaesthesiologists, 27 September 2019, Chennai. CUSA 2019, 6 December 2019, AIIMS, New Delhi; Simulus 5, 9 February 2020, Chennai.

**Dr Thilaka Muthiah** was faculty in Workshop on perioperative simulation, 2 June 2019, AIIMS, New Delhi. Faculty in Comprehensive Symposium on Ultrasound for Anaesthesiologists (CUSA), 6 December 2019, AIIMS, New Delhi. Faculty-training of trainers, Simulus 5, 9 February 2019, SRMC, Chennai.

**Dr Nishant Patel** was Faculty in Comprehensive Symposium on Ultrasound for Anaesthesiologists (CUSA), 6 December 2019, AIIMS, New Delhi.

**Dr Arshad Ayub** passed European Diploma in Regional Anaesthesia Part I.

**Dr Mritunjay Kumar**, Nominated by National Health Systems Resource Centre, MoHFW, Government of India as expert for Lifesaving Anaesthesia Skills (LSAS) and Emergency Obstetrics Care (EMOC) training curriculum.

**Dr Yudhyavir Singh**, Faculty for CUSA 2019, 6 December 2019, AIIMS, New Delhi.

**Dr Anju Gupta**, First prize in “facts and myths in anaesthesiology” at MAMC anaesthesia update (December 2019): Paper presentation. First prize in poster presentation at Indian Association of Pediatric Anaesthesia annual conference (7-9 February 2020) held at Varanasi.

## 9.2. Anatomy

### Professor and Head

TS Roy

### Professors

A Shariff  
Rima Dada  
TC Nag (Electron Microscopy)

Pushpa Dhar  
Arundhati Sharma (Genetics)

SB Ray  
Renu Dhingra  
Ritu Sehgal

### Additional Professor

Saroj Kaler Jhajharia

### Associate Professors

Tony George Jacob  
Seema Singh

Neerja Rani  
SC Yadav (Electron Microscopy)

### Assistant Professor

Prabhakar Singh (Electron Microscopy) from 17 March 2020

## HIGHLIGHTS

The Department has been a front runner in adapting its academic curriculum to the challenges posed by the COVID-19 pandemic: Theory lectures, MCQ quiz exercises, practical demonstrations and even dissections were organized by the faculty and residents, this indigenously developed photographic/recorded material was successfully disseminated online through live, interactive social meeting platforms.

The Clinical Ecotoxicology (Diagnostic & Research) Facility, a first of its kind facility in the country was established by Dr A Shariff and inaugurated by the Director, Professor Randeep Guleria on 5 August 2019. Patients have been referred to this facility from various clinical departments for detection of heavy metal/other element toxicity and for estimation of micronutrient minerals in blood. About 2000 tests have been performed, the new tests having proved efficacious in making a significant difference in the management of affected patients.

Cadaveric workshops organized by various other departments have been facilitated by the Faculty. Logistical support was extended to several departments affected by the devastating fire in August 2019, vis-a-vis access to the state-of-the-art Digital Histology Laboratory for academic and research activities.

Faculty members have delivered invited lectures in India and abroad, actively pursued their research goals through successful extramural grant applications, presented their work at National/International conferences, published their results in peer-reviewed indexed journals, served on the editorial boards of and as reviewers for National/International journals and have also reviewed project proposals for several government funding agencies.

The department provided patient care services including embalming, diagnostic testing for metabolic and genetic disorders as also genetic counseling services.

## EDUCATION

Eight PhD students were declared successful while six MSc students and one MD student completed their tenures in 2019-20. Students from outside Delhi underwent summer training in the department in various areas like genetics and electron microscopy. Several faculty members served as adjunct faculty at Jiwaji University, Gwalior for the MSc Neuroscience course.

### Conferences/Workshops organized

1. Nineteenth Biennial Conference of Association of Gerontology (India) AGI and Multi-disciplinary workshops on Emerging Scenario of Population Aging (with Department of Biophysics), 17 and 18 August 2019, AIIMS, New Delhi.
2. Thirty Seventh Annual Meet of Indian Academy of Neurosciences (IAN 2019) "Neuron to Behavior" (with Department of Physiology), 18-21 November 2019, AIIMS, New Delhi.

### **Facilitation in the conduct of conferences/workshops organized by various departments**

1. Surgical Disciplines, Hands-on Cadaveric Workshop, 5 April 2019, New Delhi.
2. Plastic & Burn Surgery, Hands-on cadaver dissection course, Preconference workshop of ACSICON-2019, 18 April 2019, New Delhi.
3. JPNTC, Hands-on Cadaveric Workshop, 4th AIIMS-ACSST Pelvic Acetabulum Course, 28 April 2019, New Delhi.
4. Emergency Medicine JPNTC, National Quiz as preconference workshop 'EM INDIA-2019' and "The Annual National Conference of Emergency Medicine Association & Academic College of Emergency Experts in India", 31 July-2 August 2019, New Delhi.
5. Plastic, Reconstructive & Burn Surgery, Hands-on cadaver dissection course, 28 and 29 September 2019, New Delhi.
6. Pediatric Surgery, 45th Annual Conference of Indian Association of Pediatric Surgeons, 31 October and 1 November 2019, New Delhi.
7. Anesthesiology, Pain Medicine and Critical Care, Cadaveric workshop, 5th Annual Conference of Indian Society of Pain Clinicians, 10 November 2019, New Delhi.
8. Neuroradiology, Hands-on Cadaveric workshop on Spinal Intervention, 28 and 29 November 2019, New Delhi.
9. Anesthesiology, Workshop on Ultrasound-guided Regional Anesthesia, 6-8 December 2019, New Delhi.
10. Orthopedics JPNTC, Post-conference Workshop at International Conference of Physical Therapy AIIMS 2019, 23 December 2019, New Delhi.

### **Other academic activities organized**

1. AIIMS Students' Association, Medical Exhibition 'Catalyst' for school-going students, 11 and 12 April 2019, New Delhi.
2. AIIMS Students' Association, Medical Exposure Visit of 130 students of Delhi Public School, RK Puram to department laboratories, 18 October 2019, New Delhi.

### **Lectures delivered**

#### **TS Roy**

1. Evolutionary changes in brain structure: Story of animals and humans Workshop on Social Network of Animals in Extreme Environments with special reference to Penguins, Zoological Survey of India, 22-25 April 2019, Port Blair
2. Changing Attitudes in Society towards Body and Organ Donation, CME cum Awareness Program on Body and Organ Donation – "Live Beyond Life", Government Institute of Medical Sciences, 18 September 2019, Greater Noida, Gautam Buddha Nagar
3. Auditory Pathways, Neuroscience Program for MSc Students, Jiwaji University, 7 December 2019, Gwalior
4. Visual Pathways, Neuroscience Program for MSc Students, Jiwaji University, 7 December 2019, Gwalior
5. Limbic System, Neuroscience Program for MSc Students, Jiwaji University, 7 December 2019, Gwalior

#### **A Shariff**

1. Hirschsprung's disease: Functional Anatomy, Embryology & Pathophysiology, Paediatric Surgical Pathology Symposium, ESIC, 8 June 2019, Hyderabad
2. Body and Organ Donation-Live Beyond Life, CME cum Awareness Programme, GIMS, 18 September 2019, Noida
3. Ethical & Regulatory Aspects of AI for Health, ICMR-NICF Symposium on AI for Health, 12 November 2019, New Delhi
4. Life sciences and Healthcare IT Innovations, Invited talk at LHIF, National Association of Software and Service Companies (NASSCOM), 21 January 2020, Ahmedabad
5. AI & Big data analytics in Healthcare, Digital Conclave, Indian Institute of Technology, 24 and 25 January 2020, New Delhi
6. Invited talk at National workshop of e-Office, e-Office in GOI, 31 January 2020, New Delhi
7. Digital Health—a new paradigm of connected care, ET Healthworld, Healthtech Summit, 13 March 2020, New Delhi

#### **SB Ray**

1. Behavioral studies on rodents including the assessment of pain, Hands-on Workshop at XXXVII Annual Conference of IAN, 18-21 November 2019, New Delhi

2. Cerebral cortex, Neuroscience Program for MSc Students, Jiwaji University, 28-30 November 2019, Gwalior
3. Diencephalon, Neuroscience Program for MSc Students, Jiwaji University, 28-30 November 2019, Gwalior
4. Cerebellum, Neuroscience Program for MSc Students, Jiwaji University, 28-30 November 2019, Gwalior
5. Brainstem and Reticular Formation, Neuroscience Program for MSc Students, Jiwaji University, 28-30 November 2019, Gwalior

#### **Rima Dada**

1. Yoga for health and wellness, MDNIY Refresher Course, 14 April 2019, New Delhi
2. Male infertility, Seminar on Yoga, PGIMER, 5 May 2019, Chandigarh
3. Complex Diseases–Yoga based lifestyle intervention–Clinical Implications, International symposium on Yoga, Patanjali Vidyapeeth, 8 May 2019, Haridwar
4. Your health ... your choice, NRCVEE Talk, Indian Institute of Technology, 7 August 2019, New Delhi
5. Relaxation techniques in Infertility management, National Congress: Breaking Silos across Adolescence to Menopause, 8 August 2019, New Delhi
6. Genetics of Male Infertility, National Congress: Breaking Silos across Adolescence to Menopause, 10 August 2019, New Delhi
7. Your health ... your choice, Lecture Series for Students and Faculty, TERI School of Advanced Studies, 21 August 2019, New Delhi
8. Genetics-Bench to bedside, Regional Symposium cum CME on Infertility, Genetics and Lifestyle: decoding the link, NEIGRIHMS, 11 and 12 September 2019, Shillong
9. Male Infertility Role of genetics and Lifestyle, Regional Symposium cum CME on Infertility, Genetics and Lifestyle: Decoding the link, NEIGRIHMS, 11 and 12 September 2019, Shillong
10. Oxidative stress and its impact on sperm genome and epigenome, National conference on Change in Lifestyle influencing adolescent health, SS Jain Subodh PG College, 28 and 29 September 2019, Jaipur
11. Molecular Tolerance in RA by Yoga based lifestyle intervention, Symposium on Yoga Research, International Association of Yoga Therapists (IAYT), 21-23 October 2019, Arkansas, MA, USA
12. Yoga and its impact on male infertility, India International Science Festival 2019–Wellness Conclave & Expo, Indian Institute of Chemical Biology, 6 and 7 November 2019, Kolkata
13. Ischaemic heart disease - Role of Yoga, International Conference on Yoga for Heart Care, 15 and 16 November 2019, Mysore
14. Effect of Yoga on Divyangjan, International Seminar on Yoga & Disabilities in SAMBHAV, India International Centre, 17 November 2019, New Delhi
15. Your genes are not your destiny, CME on stress management, Higginbottom University of Agriculture, Technology & Sciences, 22 November 2019, Allahabad
16. Integrated approach in management of unexplained male infertility, 15th Annual Congress of Indian Fertility Society: Fertilivision 2019, 6 December 2019, Gurugram
17. Complex Diseases - Impact of Lifestyle and Yoga, Lecture Series on Yoga, Department of Zoology, Deshbandhu College, 7 December 2019, New Delhi
18. Yoga as medicine: underlying mechanisms, 23rd International Conference on Frontiers in Yoga Research and its Application, S-VYASA, 3-6 January 2020, Bengaluru
19. Yoga for disease prevention and health promotion, Invited lecture, Department of Zoology, Deshbandhu College, 17 January 2020, New Delhi
20. Complex diseases - shared mechanisms, National symposium on Regulatory mechanisms underlying Physiology, Behavior and Development, Zoology Department, DU, 13 March 2020, New Delhi

#### **Arundhati Sharma**

1. Genetic association of Alcohol and Opioid dependence: Research findings from AIIMS, 21st Annual Meeting of the International Society of Addiction Medicine, 13-16 November 2019, New Delhi

#### **Renu Dhingra**

1. Cadaver skills laboratory: a boon for clinicians, CME-cum awareness programme on Body and organ donation - Live beyond life, GIMS, 18 September 2019, Greater Noida

#### **TC Nag**

1. An animal model to understand the mechanisms of retinal degeneration, International Conference on Electron Microscopy & Allied Analytical Techniques (EMAAT), HPU, 7 June 2019, Shimla

2. Pericyte viability in ageing human choriocapillaris: Role of external forces, 19th Biennial meeting of Association of Gerontology, AIIMS, 17 August 2019, New Delhi
3. Iron induced changes in rat retina mimics pathological symptoms of age-related macular degeneration, XXXVII Annual meeting of Indian Academy of Neurosciences, AIIMS, 19 November 2019, New Delhi

### **Tony George Jacob**

1. Communication skills, Mental health at workplace, Office of Chief Nursing Officer, AIIMS, 10 April 2019, New Delhi
2. Title, Abstract, Keywords, Research Methodology Course for Postgraduates, Academic Section, AIIMS, 12 April 2019, New Delhi
3. Title, Abstract, Keywords, NMJI Workshop on preparing a manuscript, CMET, AIIMS, 26 April 2019, New Delhi
4. How to concise your remarks on the paper- in Original research, Training programme on 'Effective peer review', Indian Society of Pedodontics and Preventive Dentistry; AIIMS, New Delhi and NMJI, CDER, 19 May 2019, New Delhi
5. Clinical anatomy of the Thorax (2 lectures), EM INDIA 2019-National Emergency Medicine Conference, JPN Trauma Centre, 31 July–1 August 2019, New Delhi
6. Communication skills, Mental Health at Workplace for the Nursing Cadre; Office of Chief Nursing Officer, AIIMS, 7 August 2019, New Delhi
7. Communication skills for UG Medical Students, UG Curriculum (invited guest lecture), PGIMER and RML Hospital, 9 August 2019, New Delhi
8. Communication skills for UG Medical Students, UG Curriculum (invited guest lecture), VMMC and Safdarjung Hospital, 10 August 2019, New Delhi
9. Communication skills, Mental health at Workplace, Office of Chief Nursing Officer, AIIMS, 18 August 2019, New Delhi
10. Research in Medicine, UG Curriculum (invited guest lecture), Dr BR Ambedkar Medical College and Hospital, 26 August 2019, Delhi
11. Title, Abstract, Keywords, Research Methodology Course for Postgraduates, Academic Section, AIIMS, 25 October 2019, New Delhi
12. Neuroscience Module 2, Invited lecture series, MSc Neuroscience Course, Jiwaji University, 7 November 2019, Gwalior
13. Communication skills, Mental health at workplace, Office of Chief Nursing Officer, AIIMS, 13 November 2019, New Delhi
14. Different types of publications, Workshop on Writing a Manuscript and Publishing, National Conference of IAN, AIIMS, 18 November 2019, New Delhi
15. The MCI Curriculum 2018, MBBS Curricular Reforms at AIIMS, AIIMS UG Curriculum Organizing Group, SET Facility, 26 November 2019, New Delhi
16. Communication skills, Mental health at workplace, Office of Chief Nursing Officer, AIIMS, 27 November 2019, New Delhi
17. Immunoelectron microscopy and troubleshooting, XXXV National training program in electron microscopy (EM) for Scientific Investigators, AIIMS, 5 December 2019, New Delhi
18. Effective communication, NURSICON 2019, AIIMS, 11 December 2019, New Delhi
19. Effective communication, Mental Health at Workplace, AIIMS, 28 January 2020, New Delhi
20. Effective communication at the workplace, Workshop for development of soft-skills, College of Nursing, CMET, 10 February 2020, New Delhi
21. References, Research methodology workshop for Postgraduate students – how to write a paper, AIIMS, 6 March 2020, New Delhi
22. Title, Keywords and Abstract, Research methodology workshop for Postgraduate students – how to write a paper, AIIMS, 6 March 2020, New Delhi

### **Neerja Rani**

1. Gross anatomy of brain, MSc Neuroscience Program, Jiwaji University, 22 August, 2019, Gwalior
2. Meninges & Cerebrospinal fluid, MSc Neuroscience Program, Jiwaji University, 22 August 2019, Gwalior
3. Scalp, MSc Neuroscience Program, Jiwaji University, 22 August 2019, Gwalior
4. Skull, MSc Neuroscience Program, Jiwaji University, 22 August 2019, Gwalior

## Seema Singh

1. Shoulder joint, 8th International Conference of Physical Therapy, AIIMS-2019 (INCPT), 21 December 2019, New Delhi

## Subhash Yadav

1. Therapeutic Potential Improvement of Plant Biomolecules Through Nanotechnological Intervention, International Conference on Electron Microscopy & Allied Analytical Techniques (EMAAT), Himachal Pradesh University, 5-9 June 2019, Shimla

## Oral papers/posters presented

1. Agrawal S, Priyam K, Roy TS, Jacob TG, Exocrine morphology of pancreas at six and eight weeks in the 4-week L-arginine-induced murine model of chronic pancreatitis, Asia Pacific Digestive week, 12-15 December 2019, Kolkata
2. Agrawal S, Priyam K, Sharma MK, Roy TS, Jacob TG, Progression of morphological changes in pancreas in murine model of chronic pancreatitis, 67th National conference of Anatomical society of India (NATCON 67), VMMC and Safdarjung Hospital, 17-20 November 2019, New Delhi
3. Arora P, Mochan S, Gupta SK, Saxena S, Rani N, Bhatla N, et al. Insufficient trophoblastic invasion leads to impaired placentation in preeclamptic patients: A case of control study, 67th NATCON of ASI, VMMC and Safdarjung Hospital, 17-20 November 2019, New Delhi
4. Arora P, Mochan S, Gupta SK, Saxena S, Rani N, Khetrpal P, et al. Gelatinase-A levels downregulated in early onset preeclamptic patients of Indian origin: a case control study, All India Cell Biology Conference, Indian Institute of Science Education and Research, 19-21 December 2019, Mohali
5. Arora P, Mochan S, Gupta SK, Saxena S, Rani N, Pallavi SK, et al. Status of MMP9 and TIMP1 in pregnant women with Preeclampsia in Indian population, Experimental Biology, 6-9 April 2019, Orlando, USA
6. Dhawan V, Kumar M, Chaurasia P, Deka D, Malhotra N, Singh S, et al. Unraveling the sperm transcript signature: On the road to spontaneous and assisted conception, 44th American Society of Andrology Annual Conference, 6-9 April 2019, Chicago, USA

## RESEARCH

### Funded projects

#### *Ongoing*

1. Age related changes in the human inferior colliculus: A morphological and neurochemical study, TS Roy, DST, 3 years, 2018-2021, Rs 43.86 lakhs
2. Assessment of biomarkers in aqueous humor (AH) of Retinoblastoma patients, Arundhati Sharma, ICMR, 3 years, 2019-2022, Fellowship
3. A study on the development of tolerance to morphine following co-administration of neuropeptide Y or somatostatin in rats, SB Ray, AIIMS, 1 year, 2019-2020, Rs 2 lakhs
4. Designing of rapid and cost-effective Nano-LAMP based detections of BK virus from serum of post-renal transplant patients, Subhash Chandra Yadav, ICMR, 3 years, 2019-2022, Rs 35.83 lakhs
5. Development of Quick and Specific Detection System of EWS-FLI-1 Fusion Protein, Subhash Chandra Yadav, DBT, 3 years, 2019-2022, Rs 79.86 lakhs
6. DST FIST, TS Roy, DST, 5 years, 2018-23, Rs 150 lakhs

7. Effect of angiotensin receptor modulation in rat middle cerebral artery occlusion: a morphological and biochemical study, TS Roy, DBT-JRF Project (Mr Ritesh Kumar), 3 years, 2017-20, Rs 3.3 lakhs/year
8. Effects of Lifestyle Interventions and Psychological Stress on Markers of Aging, Rima Dada, ICMR, 3 years, 2017-2020, Rs 40 lakhs
9. Effect of Yoga on Epigenetic profile in RA, Rima Dada, ICMR, 3 years, 2019-2022, SRF
10. Effect of Yoga on Rheumatoid Arthritis, Rima Dada, DST, 3 years, 2017-2020, Rs 54 lakhs
11. External delivery of Cisplatin using Human Papilloma Virus (HPV 16) based nano-carriers for treatment of cervical cancer, Subhash Chandra Yadav, AIIMS-IIT Delhi, 2 years, 2019-2021, Rs 10 lakhs
12. Fluoride levels in the body fluids and tissues in patients of the cervical ossified posterior longitudinal ligament, Seema Singh, AIIMS, 1 year, 2019-2020, Rs 5 lakhs
13. Fluorosis mitigation in ... community of Bihar through intervention and counseling, A Shariff, DST, 3 years, 2020-2023, Rs 152.76 lakhs
14. Identification, Functional characterization and in-Silico Analysis of Sarcomeric Gene Mutations in hypertrophic Cardiomyopathy Patients from Indian Population, Arundhati Sharma, ICMR, 3 years, 2018-2021, Fellowship-Research Associate
15. Identification of genetic variants and their functional evaluation in the pathogenesis of inherited cardiomyopathies, Arundhati Sharma, ICMR, 3 years, 2019-2022, Rs 72.28 lakhs
16. Identification of the underlying differential expression and disease-specific signature profile in patients with epidermal necrolysis, Arundhati Sharma, ICMR, 3 years 2019-2022 Rs 40.05 lakhs
17. Impact of advanced paternal age on sperm epigenome: Possible etiology in autism spectrum disorder, Rima Dada, DBT, 3 years, 2016-2020, Fellowship- Scientist
18. Investigation of changes in Peripheral and Central Nervous System in an experimental model of Chronic Pancreatitis in Mice, Tony George Jacob, ICMR, 3 years, 2019-2022, Rs 32.23 lakhs
19. Magnetic Nanoparticles and Quantum Dots Coupled Visual Confirmation of Cervical Cancer Cells from Cytology Sample: A Cost Effective, Quick and Suitable Test for Rural Indian Setup, Subhash Chandra Yadav, SERB, 3 years, 2018-2021, Rs 38.68 lakhs
20. Mitochondrial dynamics and status of autophagy in retinal photoreceptor cells after experimental iron overload in rats, TC Nag, ICMR, 3 years, 2019-2022, Rs 30 lakhs
21. Morphological study of the developing human cochlear nucleus and spiral ganglion. TS Roy, ICMR, 3 years, 2019-22, Rs 43 lakhs
22. Role of hydrogen sulphide as a pharmacological modulator in adverse pregnancy outcomes like preeclampsia, Renu Dhingra, DST, 3 years, 2018-2021, Rs 45 lakhs
23. Role of synaptic plasticity at spinal level in persistent pain conditions in rats, Saroj Kaler, AIIMS, 2 years, 2018-2020, Rs 5 lakhs
24. Status of hydrogen sulphide producing enzymes, matrix metalloproteinases and miR-22 in preeclampsia and their role in modulating trophoblast invasion, Renu Dhingra, CSIR, 3 years, 2019-2022, Rs 15 lakhs
25. Studying the role of RBI and MYCN in the pathogenesis of retinoblastoma, Rima Dada, CSIR, 3 years, 2018-2021, SRF
26. Unravelling the Genetic Intersections between male infertility and cancer: Role of Yoga intervention, Rima Dada, ICMR, 3 years, 2019-2022, Rs 35 lakhs
27. Unraveling the role of novel proteins in gastro-enteropancreatic and respiratory neuroendocrine tumors, Neerja Rani, DST, 3 years, 2019-22, Rs 50 lakhs
28. Utility of Artificial Intelligence in differentiating thyroid malignant lesions, Arundhati Sharma, DBT, 3 years, 2020-2023, Rs 74.16 lakhs

### **Completed**

1. Apoptosis and mitosis in developing human cochlear nucleus, TS Roy, ICMR-SRF, Project 1, 2017-2019, Rs 4.56 lakhs/year
2. Endemic fluoride induced anemia during pregnancy in Bihar...a pilot study, A Shariff, DST, 4 years, 2016-2019, Rs 39 lakhs
3. Evaluation of genetic basis of congenital hereditary endothelial dystrophy ... and clinical phenotyping of mutation positive and negative cases, Arundhati Sharma, AIIMS, 2 years, 2017-2019, Rs 10 lakhs
4. Genetic study of patients with refractory rickets and hypophosphatemia, Arundhati Sharma, ICMR, 3 years, 2015-2019, Rs 30 lakhs

5. Genome-wide association study of phenotypic extremes in primary angle closure glaucoma, Arundhati Sharma, DBT, 3 years, 2016-2019, Rs 54 lakhs
6. Simple, quick and onsite early diagnostic kit for pathogen detection during asymptomatic stage, Subhash Chandra Yadav, DBT, 3 years, 2016-2019, Rs 103 lakhs

## Departmental projects

### Ongoing

1. Age changes in the human inferior colliculus
2. Age changes in the human spiral ganglion
3. Age changes in the human cochlear nerve
4. A morphological study of the human temporomandibular joint
5. An association study of cystathionine beta synthase gene polymorphism in preeclampsia study title
6. Assessment of the efficacy of nanodrug delivery system for the treatment of open angle glaucoma in animal model
7. A study of dopaminergic neurons in the myenteric plexus of ulcerative colitis patients
8. A study of serum level of cystathionine beta synthetase and its gene polymorphisms in preeclampsia
9. A study on the genetic association and correlation of Monoaminergic and GABAergic pathway gene polymorphisms with brain imaging (PET/SPECT) in Alcohol & Opioid Dependence
10. A study on the role of ADH and ALDH gene variants in Alcohol Dependence
11. A Study to evaluate association of Single Nucleotide Polymorphisms and Epigenetic changes in Neurotransmitter Genes in Opioid Dependence
12. Autophagy and neurogenesis in middle cerebral artery occlusion of stroke model of Wistar rats
13. Correlation of fluoride levels in body fluids and bone histology in patients of ossified posterior longitudinal ligament
14. Development of nanoparticles-based detection system for cervical cancer cells from cytology samples
15. Development of the human cochlear nucleus
16. Effect of Angiotensin Receptor Modulation in Rat Middle Cerebral Artery Occlusion: a Morphological and Biochemical Study
17. Effect of curcumin on mice basal forebrain structures following arsenic trioxide exposure
18. Effect of curcumin on murine model of mild acute pancreatitis
19. Effect of garlic (*Allium sativum* L) extract on mice models of chronic pancreatitis
20. Effect of hydrogen sulphide on migration of human trophoblast cells and its status in preeclampsia
21. Effect of Resveratrol supplementation on cognitive function and Estrogen receptor profile in hypothalamus and hippocampus of Arsenic trioxide-exposed adult female mice
22. Effects of fluoride exposure on development of enteric nervous system: an experimental study
23. Epidemiological studies in male infertility
24. Epigenetic changes during epithelial to mesenchymal transition in trophoblast cells under physiological and pathological conditions
25. Epigenetic changes of Dopaminergic pathway genes and association of GRIN2A gene polymorphism in Alcohol Dependence and opioid dependence
26. Evaluation of autofluorescence in human nervous tissue
27. Evaluation of L-arginine induced chronic pancreatitis in mouse
28. Evaluation of possible association of opioid dependence with SLC6A4 and TPH2 polymorphisms
29. Evaluation of the role of curcumin supplementation on Arsenic trioxide induced neurotoxicity in the basal ganglia of mice
30. Expression of miR-22, Specificity protein-1 and cystathionine beta synthase in preeclampsia and their role in trophoblast invasion
31. Expression of nerve growth factor in colorectal carcinoma patients
32. Expression of n-myc downstream regulated gene 4 (*ndrg4*) in enteric neurons of colonic tissue of colorectal carcinoma patients
33. Genetic and Epigenetic profiling in patients of "Anterior Pituitary Adenoma
34. Genetic and Molecular basis of retinoblastoma
35. Genetic screening of patients with Men2 syndrome

36. Genetic Study of Posterior Polar Cataract
37. Immunohistochemical and Quantitative Analysis of Cytokeratin19 and cKIT in Gastrointestinal and Respiratory Neuroendocrine Tumors
38. Immunohistochemical study of microglial activation and AMPA receptors in hippocampus of rat model of experimental neuropathic pain
39. Impact of short-term Yoga based intervention on obesity
40. Impact of yoga and meditation on Epigenome in Rheumatoid Arthritis
41. Impact of Yoga based intervention on Quality Of Life Of Glaucoma Patients
42. Light-induced oxidative stress and endogenous neuroprotective mechanisms in post-hatch chick retina
43. Manta Ray study
44. Meditation and its impact on Primary Open Angle Glaucoma (POAG)
45. Meditation based stress reduction: is it therapeutic for Primary Open Angle Glaucoma (POAG)
46. Molecular analysis in Depression and impact of Yoga-A single blind RCT
47. Molecular Basis of idiopathic male infertility
48. Molecular studies in Fibromyalgia
49. Mutation analysis in Anti Mullerian Hormone gene in poor responders
50. Mutation analysis of candidate genes (NR5A1, DAX1, DHH, DMRT1, SOX9, SRY, WT1) in patients with Gonadal dysgenesis and 46, XY karyotype
51. Mutational studies in patients with Refractory rickets and Hypophosphatemia
52. Paternal factors in embryonic development
53. Remodeling in horizontal cells following light-induced retinal damage in rat
54. Role of autophagy in experimental acute pancreatitis with special reference to inflammation and cell death
55. Role of hydrogen sulphide as a pharmacological modulator in adverse pregnancy outcomes like preeclampsia
56. Role of micro RNA-30 in cystathionine gamma lyase mediated trophoblast cell invasion and status in preeclampsia
57. Role of miRNA in modulating trophoblast cell invasion
58. Role of miRNA in regulation of angiogenic factors in trophoblast cells
59. Study of microglia in the retina of rats exposed to bright light after selective Müller cell damage
60. Study of the association of matrix metalloproteinase-9 gene polymorphism in preeclampsia
61. Study on the association of Polymorphism, Methylation and Expression status of Monoamine Pathway genes with Alcohol Dependence
62. Study to identify the genetic basis underlying Stevens–Johnson syndrome (SJS)
63. Telomere dynamics in male infertility
64. To study phenotype genotype correlation in patients with 5alpha reductase 2 deficiency and androgen insensitivity
65. Visual, Rapid, Non-invasive and Cost-effective BK Virus Detection System

### ***Completed***

1. Age related changes in the Human Inferior Colliculus: A Morphological and Neurochemical Study
2. Age Related Morphological and Neurochemical changes in the Human Spiral Ganglion
3. An association study of cystathionine beta synthase gene polymorphisms in preeclampsia
4. Anatomical Variations of the Human Middle Cerebral Artery
5. A Translational randomized trial of YBLI for major depressive disorder (MDD) management in India and analyzing biomarkers of cellular aging associated with it
6. Effect of hydrogen sulphide on migration of human trophoblast cells and its status in preeclampsia
7. Effect of resveratrol on arsenic trioxide induced cardiac toxicity in mice
8. Epigenetic regulation of brain-derived neurotrophic factor in the central auditory pathway and hippocampus of neonatal chicks exposed to prenatal sound stimulation
9. Immunohistochemical analysis of high mobility group box 1 (HMGB1) and receptor for advanced glycation end products (RAGE) in different zones of early and late onset preeclamptic placenta
10. Morphological study of Developing Cochlear nucleus
11. Study of the Expression of Parvalbumin and Calbindin in the Aging Human Inferior Colliculus

## Collaborative projects

### *Ongoing*

1. Checking the feasibility of aortoplasty balloon catheter for endovascular occlusion of aorta, Surgical disciplines
2. Collaborative neuroengineering platform for excellence in innovation and translation research, Neurosurgery; CSE-IIT-D
3. Cytogenetic and Molecular Analysis in Infertility, Anatomy, AIIMS, Raipur
4. Decipher mechanistic basis of the intracellular trafficking of the optically active Nanoparticles using super resolution microscopy, Biotechnology, Jawaharlal Nehru University
5. Development of procedure-based Neuroendoscopic simulation modules and their integration with interactive E-learning platform for advanced neurosurgery skills training curriculum, Neurosurgery; CSE-IIT-D
6. Development and validation of electro-mechanical partial task trainers for minimally invasive ventricular, skull base and spine neurosurgery and inertial/haptic sensor-based objective evaluation of neuroendoscopic skills, Neurosurgery; CSE-IIT-D
7. Effect of transcranial magnetic stimulation on pain modulation status in fibromyalgia patients, Physiology
8. Effect of Yoga Based Intervention on Inflammatory Markers and Gene Expression Profile in Blood, Aqueous and Trabecular Meshwork of Primary Open Angle Glaucoma Patients: A Randomized Controlled Trial, RP Centre for Ophthalmic Sciences
9. Effect of yoga-based intervention of Intra Ocular Pressure, Quality of Life, Inflammatory Markers and Gene Expression Profile in Glaucoma Patients: a Randomized Controlled Trial, RP Centre for Ophthalmic Sciences
10. Electroencephalographic changes in early and advanced Glaucoma, RP Centre for Ophthalmic Sciences
11. Evaluation of the effect of mindfulness based stress reduction in patients with advanced primary open angle glaucoma, RP Centre for Ophthalmic Sciences
12. Genetics of alcohol and drug dependence, Psychiatry
13. Genetics of angle closure glaucoma, RP Centre for Ophthalmic Sciences
14. Genetics of MEN2 syndrome, Endocrinology
15. Genetic studies in fibromyalgia, Physiology
16. Genetic studies in hypophosphatemic rickets, Paediatrics
17. Genetic studies of cardiomyopathies, Cardiology
18. Genome wide analysis to explore stress, inflammation and cellular aging following short and long term yoga based intervention in obesity and DM, Physiology
19. Identification and Characterization of novel genetic variants associated with cardiovascular diseases in diverse ethnic populations of India, Cardiology
20. Impact of advanced paternal age and poor lifestyle on sperm epigenome: possible etiology in autism spectrum disorder, Paediatrics
21. Impact of preoperative steroids on trabeculectomy outcomes: A Randomized Controlled Trial, RP Centre for Ophthalmic Sciences
22. Impact of short term yoga based intervention in obesity, Physiology
23. Impact of yoga and meditation on Epigenome in Rheumatoid Arthritis, Medicine
24. Impact of YBLI on MDD-RCT, Psychiatry
25. Levels of Oxidative stress biomarkers in Follicular fluid of women with PCOs undergoing IVF and its relation to outcome, Obstetrics and Gynaecology
26. Loss of sperm DNA integrity in childhood cancers, RP Centre for Ophthalmic Sciences
27. MEN1 gene mutation in patients of primary hyperparathyroidism, pancreatic tumors and pituitary tumors and its clinical implications, Endocrinology
28. Microsurgical comparison of operative exposure of internal acoustic canal through middle fossa and retrosigmoid hearing preservation skull base approaches – a laboratory investigation, Neurosurgery
29. Mutation analysis of seven genes (NR5A1, DAX1, DHH, DMRT1, SOX9, SRY, WT1) in patients with Gonadal dysgenesis and 46, XY karyotype, Endocrinology
30. Oxidative stress evaluation in amniotic fluid of couples with normal and couples pregnant with fetus with congenital malformation, Obstetrics and Gynaecology
31. Oxidative stress in pathogenesis of PCG, RP Centre for Ophthalmic Sciences

32. Phase-III Clinical trial with intravasal injectable male contraceptive-RISUG, Biomedical engineering
33. Quantitative analysis of far lateral approaches, Neurosurgery
34. Retinoblastoma: Genetic and Molecular study, RP Centre for Ophthalmic Sciences
35. Role of ashwagandha in management of Infertility, Centre for Ayurveda, Guru Gobind Singh University
36. Support to Indian Institutes to Conduct Training Programme in the area of Operational Research Neurosurgery Skills Training, Neurosurgery, DHR, ICMR; CSE-IIT-D; Ministry of Health & Family Welfare
37. YKL40 levels in asthma, Biophysics
38. Yoga and impact on QOL in Glaucoma, RP Centre for Ophthalmic Sciences

### **Completed**

1. Development of 3D/stereoscopy based virtual reality simulation platform for endoscopic neurosurgery training and pre-operative neurosurgical planning, Neurosurgery; CSE-IIT-D
2. Genetic studies in congenital cataract, RP Centre for Ophthalmic Sciences
3. Genetic studies in LHON, RP Centre for Ophthalmic Sciences
4. Neurosurgery Skills Training Facility with 3D Endoscopic and 3D Microscopic Facility and Central Repository Server for Archival, Streaming and Teleconferencing, Neurosurgery; CSE-IIT-D

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

The students of the department presented their research work at National and International conferences and at a variety of forums. Several students won prestigious awards. The "Professor SS Parmar Research Foundation" award from the Indian Academy of Neurosciences was presented to Ms Shubhi Saini, the 'Gyan Scholarship' from Scigenome Research Foundation was awarded to Ms Binata Marik, the 'Corporate Member Council In-Training' award by the American Society of Reproductive Medicine was received by Dr Vidhu Dhawan and the International Immunological Society award was conferred on Ms Surbhi Gautam. The American Association of Anatomists Awards were presented to Dr Sankat Mochan, Mr Sunil Kumar Gupta and Dr Pallavi Arora. Best oral and poster presentation awards were received by Ms Surbhi Gautam at the 2nd National Biomedical Research Competition (NBRCOM 2019), IAYT Symposium 2019 on Yoga Research, Annual Conference of The International Association of Yoga Therapists and ICNPHH-2020. Ms. Priyam Kumari received the Young Investigator award from the American Pancreatic Association (APA) and Dr Soumya Agrawal received the APDW student grant. Travel grants by extramural funding agencies like the Lalor Foundation & American Society of Andrology (ASA), ICMR, DST, International Pediatric Nephrology Association (IPNA), American Pancreatic Association (APA), Asia Pacific Digestive Week (APDW-2019) and Japan Digestive Disease Week (JDDW 2019) were received by Dr Vidhu Dhawan, Ms. Surbhi Gautam, Ms Binata Marik, Kumari Priyam and Mr Manish Kumar Sharma. The AIIMS, New Delhi Endowment Fund Travel Grant were awarded to Dr Pallavi Arora for the Experimental Biology conference at Orlando, USA and the AIIMS Partial Travel endowment was granted to Ms. Binata Marik for the 18<sup>th</sup> IPNA Congress at Venice, Italy. Ms Surbhi Gautam also received the 'Excellence & Innovation in Yoga Research' awards at the 2019 IAYT Symposium on Yoga Research held at Stockbridge in USA, Annual Conference of the International Association of Yoga Therapists at Albany, USA and ICNPHH-2020 at New Delhi.

**Professor TS Roy** is currently member of the Editorial board of the journal ‘Medicine’ and associate editor of the journals ‘Pancreas’ as well as ‘Journal of Experimental and Clinical Medicine’. He undertook lecture series as Visiting Faculty for the MSc Neuroscience Program at Jiwaji University, Gwalior, Madhya Pradesh. He served as member of the PhD Reforms Committee, Staff Council, Dean’s Committee, Centralized Core Research Facility (CCRF) and Anti-Ragging Committee of AIIMS. He was paper setter and conducted comprehensive viva for PhD course at National Brain Research Center (NBRC), Manesar. Dr. Roy participated in the meeting of Board of Studies for Amity Institute of Neuropsychology & Neurosciences, Amity University, Noida and the symposium on “CME cum Awareness Programme on Body and Organ Donation – Live Beyond Life” at the Government Institute of Medical Sciences, Greater Noida. Dr Roy was resource person for the ‘Workshop on Social Network of Animals in Extreme Environments’ with special reference to penguins at Port Blair, Andaman & Nicobar Islands, in collaboration with the Ministry of Earth Sciences, Government of India and Zoological Society of India. He was the external examiner for MD examination conducted by Delhi University. He was also the MBBS external examiner for the following colleges/universities: North DMC Medical College & Hindu Rao Hospital, Malka Ganj, Delhi; Guru Gobind Singh Indraprastha University and Sardar Patel Medical College, Bikaner, Rajasthan Health University. Dr Roy was the co-organizer for the 37th Annual Meet of Indian Academy of Neurosciences (IAN 2019) “Neuron to Behavior” and the Nineteenth Biennial Conference of Association of Gerontology (India) AGI and Multi-disciplinary workshops on Emerging Scenario of Population Aging held at AIIMS, New Delhi. He chaired the ‘BK Bachawat Memorial Lifetime Achievement Award’ oration and was a panelist for the ‘School Children Science Interaction Meet’ sessions conducted during the IAN conference. He chaired the ‘MS Kanungo Lifetime Achievement Oration in Biogerontology’ at the 19th Biennial conference of the Association of Gerontology, India. He holds the following designations at AIIMS, New Delhi: Central Public Information officer (CPIO) of Anatomy Department for disclosure under the RTI Act, 2005; Chairperson of the Store Purchase Committee (SPC, DO); MBBS Preclinical Curriculum Committee and Chairperson of the Institute Cultural Committee. He was Chief Election Commissioner for election of the AIIMS representative for Delhi Medical Council (DMC). He has actively participated as member of various cultural, sports and welfare activities at the Institute and several events like the Institute Day and SYS day were organized with him at the helm, during the year 2019-20. He has served as member of the Faculty Selection Committee for the following institutions and universities: AIIMS New Delhi, AIIMS Jodhpur, AIIMS Bhubaneswar, AIIMS Rishikesh, AIIMS, Raipur, PGIMER Chandigarh, Research & Medical Education Department of Punjab Government and Sri Sri University, Bidyadharpur at Cuttack, Orissa

**Professor A Shariff** established the Clinical Ecotoxicology (Diagnostic & Research) Facility in August 2019, and since then patients are being referred from various clinical departments including Medicine, Anesthesiology, ICUs, Neurology, Endocrinology, Gynecology, Gastroenterology, Dermatology, ENT, Orthopedics, Urology, Orthodontics, Geriatric medicine, Paedodontics, etc. for toxin and micronutrient detection. He also inaugurated the Community-based Defluoridation units in Nawada, Bihar, under the project funded by The Department of Science & Technology (DST), Government of India. Dr Shariff was featured as a Promising Tech Guru in Indian Healthcare, “Celebrating the Champions of Digital Health Excellence” - a reference book published by the Economic Times newspaper. He currently holds the following designations and portfolios at AIIMS, New Delhi: Professor In-charge, Computer Facility; Chairman, Telemedicine Facility; Chairman of Store Purchase Committee (SPC), CDER; Member, Departmental Promotion Committees; Member, Project Monitoring Committee of the New OPD; Member of Core Committee for the Redevelopment of AIIMS; Member of Ethics Committee; Member of the Election Commission for FAIMS; Chairman of the CCTV committee and Chairman of Technical specification for CUG Mobile Telephony Service System. He has served as expert member of the Selection Committees for various AIIMS-like institutes in several states of India: AIIMS, Kalyani, Bhubaneswar; AIIMS, Jodhpur; AIIMS, Patna and AIIMS, Bhopal. Dr Shariff also served as Member of the Expert Committee for DHR-ICMR AI Cell, New Delhi and Member of Project Review & Steering Group (PRSG), Ministry of Electronics & Information Technology, Government of India. He was invited as Expert for the selection of General Manager for IT at ILBS, New Delhi in April and for Faculty selection at JIPMER, Puducherry in October 2019.

**Professor Pushpa Dhar** completed her last year as faculty member at AIIMS, New Delhi in March 2020. She was a Resource Faculty at the Pre-Conference Workshop of the 37<sup>th</sup> annual conference of Indian Academy of Neuroscience held at AIIMS, New Delhi. She served as Member of the Committee for addressing complaints of Sexual harassment at the Institute. She was a Member of the Board of Studies for MSc & MD (Anatomy) at the Hamdard Institute of Medical Sciences and Research (HIMSR), Delhi.

**Professor SB Ray** undertook a lecture series as Visiting Faculty for the M.Sc. Neuroscience Program at Jiwaji University, Gwalior, Madhya Pradesh. He was a Resource Faculty at the 37th annual conference of Indian Academy of Neuroscience held at AIIMS, New Delhi. He was the external examiner in Anatomy at the Delhi University for the following examinations: BPT Part I examination conducted in June 2019; MBBS first Professional examination conducted in July 2019.

**Professor Rima Dada** delivered the Dr Labhsetwar Oration at the 30th Annual Meeting of ISSRF and World Congress on Reproductive Health and the Dr Sukhbir Prasad Jain Memorial Oration at the 67th National Conference of Anatomical Society of India.. She and her team received 5 awards at National and 4 awards at International conferences. She chaired sessions in 12 conferences and SIG workshops. Dr Dada was appointed Expert for Program on Science and Yoga organized by Vigyan

Bharti, GOI. She was nominated as expert for the NBE Accreditation Assessment Programme and invited as expert for Faculty selection at various medical colleges. She was designated Central Public Information Officer and Member Secretary for Surekha Vishram Sadan, Sai Vishram Sadan and Rajgarhia Vishram Sadan. Dr Dada is currently Member of the MCI Accreditation Council for assessment, accreditation and academic audit of various medical colleges. She was nominated as an Editorial board member for the 'Annals of Neuroscience' journal and served as reviewer/board member for the following journals: Restorative Neurology and Neuro-restoration, In-Vitro Fertilization, Translational Genetics and Genomics Telomere and Telomerase, PLOs one, RBM online and several others. She was invited as expert by NCERT for revision of genetics curriculum in schools and colleges. She continues to be Jury member for Medical Research Council fellowships, Edinburgh and for Royal International Research awards in Reproductive Biomedicine and Stem cells, Iran. She is a member of the ICMR task force on male Infertility. She reviewed projects submitted to DBT, ICMR, Indo-US Technology Forum and the Wellcome Trust. Dr Dada also served as member of the ICMR Expert Committee meeting to establish centres for advanced research. She was invited as expert for PhD selection at IIT Delhi. She has evaluated 4 MD and 7 PhD theses in Genetics and was external examiner for PhD thesis in Genetics at the Ambedkar Centre and South Campus. She was examiner for BSc Genetics at Pandit BD Sharma University, Rohtak. She served as Member for the following committees at AIIMS, New Delhi: Core Committee for AIIMS convocation, Committee for selection of DMA medal, Anti-ragging committee, Curriculum committee, Institute Bio-safety committee on Recombinant DNA research and Institute committee for improvement of standard of research activities in autonomous institutions. She was election commissioner for the Students Union election. Dr Rima Dada is external faculty for MDNIY, HIMS, New Delhi, and Durgabhai Deshmukh College, Deshbandhu College, New Delhi. Her articles appeared in several national and international newspapers and she also appeared in a documentary produced by DST to promote Yoga as a Science. She appeared several times on TV programmes: Total health, Doordarshan, Vigyan Prasaar, Rajya Sabha TV and India Science App. Her article on paternal factors in early pregnancy loss published in the leading Andrology journal 'Andrologia', was the most downloaded article in 2019.

**Professor Arundhati Sharma** acted as a reviewer for many PhD theses and has been an external examiner for PhD thesis at GNDU, Amritsar. She has reviewed many manuscripts for possible publication in several journals and several project proposals of various extra-mural funding agencies. She is a Member of the Skill India Initiative of the Government of India.

**Professor Renu Dhingra** is currently a Member of the International Society of Plastination, Executive member of DASMOS, Member of the Academic Advisory panel for Virtual Teaching and Member of the Teaching Schedule committee at AIIMS, New Delhi. She is designated the Faculty in-charge of Departmental Stores. Dr Dhingra was invited as expert for Faculty Selection in various medical colleges. She also reviewed projects from ICMR, postgraduate theses from other medical colleges and research articles submitted to several journals. She facilitated soft embalming and dye injections for cadaver preparation and was the Resource Faculty in various cadaveric workshops at AIIMS: pre-conference workshop of ACS(I)CON (cadaveric dissection course for fillers and botox), cadaveric dissection course for skin grafts and flaps, cadaveric Ultrasound-guided Regional Anesthesia workshop and post-conference workshop at International Conference of Physical Therapy (INCPT-2019). She organized, directed and coordinated the online teaching programme in response to the COVID-19 pandemic as 2nd Semester Teaching In-charge for the MBBS 2019-20 batch.

**Professor TC Nag** was conferred the Fellowship of the Electron Microscopy Society of India, nominated for a plenary lecture (under Medical Sciences) and acted as a member of the National Advisory Committee at the 12th Asia-Pacific Microscopy Conference held in Hyderabad. He also served as an executive committee member at the 37th Annual meeting of Indian Academy of Neurosciences (IAN), held in AIIMS, New Delhi, where he conceived, organized and chaired a special symposium session on 'Plasticity in Developing Neuronal Circuits'. He chaired two sessions at the International Conference on Electron Microscopy & Allied Analytical Techniques (EMAAT), held in Himachal Pradesh University, Shimla. He reviewed a total of 14 manuscripts for the following journals: Aging and Disease, Anatomical Record, Archives for Physiology and Biochemistry, Biofactor, Experimental Eye Research, Journal of Microscopy and Ultrastructure, Biomedicine and Pharmacotherapy, Journal of Neuroscience Research, Microscopy Research and Technique, Pharmaceutical biology and Redox Biology. He also examined two PhD theses during this period. One MBBS student was awarded the ICMR STS fellowship and worked under him.

**Professor Ritu Sehgal** reviewed manuscripts for the journal 'Medicine'. She participated in the workshop-cum-meeting and is currently a member of the e-Learning Resource Material (eLRM) Expert Group for developing e-Learning resources and Competency Based Medical Education for MBBS students. She holds the designation of the Central Assistant Public Information officer (CAPIO) for Anatomy Department under the RTI Act, 2005. She served as Member of the Exhibition Committee for the 64<sup>th</sup> Institute Day organized in September 2019 and was a special invitee for the Advisory Council of the AIIMS Students' Union Elections held in February 2020. She was the external examiner and paper setter for the regular and supplementary Anatomy First Professional MBBS examination at the HIMSR, Jamia Hamdard University and the internal examiner for the regular and supplementary Anatomy First Professional examination for 1st year MBBS, BSc (MTR) and two new BSc Dental courses (Dental Operating Room Assistance and Dental Hygiene).

**Dr Saroj Kaler Jhajharia** was the chairperson in a scientific session at the 67<sup>th</sup> National Conference of the Anatomical society of India. She was awarded the Dr PC Bansal Memorial Gold Medal for published papers in the Journal of Anatomical

Society of India during this conference. She served as a member for the following: International Association for Study of Pain (IASP), Indian Academy of Neurosciences and AIIMS Teaching Schedule Committee. She has reviewed research articles submitted to various journals. She acted as external examiner for the Anatomy First Professional MBBS examination at AIIMS, Mangalagiri. She was Resource Faculty for the workshop and symposium 'Ultrasound for Anesthesiologists' CUSA. She was a member of the management committee for 37th Annual Meeting of Indian Academy of Neurosciences at AIIMS, New Delhi.

**Dr Tony George Jacob** served as a Member of the Working Committee, National Medical Journal of India. He participated in the Workshop and Consultative meeting of Expert Group for MCI Board of Governors, for developing question banks and is currently a member of the Expert Group for development of e-Learning Resource Material for MBBS students including Foreign Medical Graduates, MCI/NMC. He was a Special invitee to the Institutional Animal Ethics Committee in August 2019. He was also a Special invitee to the Advisory Council of AIIMS Students' Union Elections for the year 2020. Dr Tony served as a Member of the Experimental Animal Welfare Committee at AIIMS, New Delhi and Member Secretary of the Committee for Training, Consultation & Co-ordination of various activities related to the management of patients during the COVID-19 pandemic. He has represented AIIMS at four Pre-Medical and Postgraduate Entrance Examinations held in 2019 and one in 2020. He was involved in framing and validation of the question bank for the National Board of Examinations. He was also the External Examiner for the Anatomy First Professional Examinations conducted by the Delhi University and University College of Medical Sciences. He reviewed articles for various National (National Medical Journal of India, Journal of Anatomical Society of India) and International (Surgical and Radiological Anatomy, Medicine, Journal of Chemical Neuroanatomy, Journal of Microscopy and Ultrastructure, Pancreatology) journals.

**Dr Neerja Rani** was appointed Visiting Faculty at Jiwaji University, Gwalior for the M.Sc. Neuroscience course. She was also appointed as external examiner to assess the project work and conduct viva-voce related to the projects of the MSc Neuroscience 4<sup>th</sup> semester students at Jiwaji University, Gwalior. She evaluated PhD thesis and was the external examiner for the PhD thesis at the SRM Institute of Science and Technology, Kattankulathur, Tamil Nadu. She acted as the External examiner and paper setter for the regular and supplementary Anatomy First Professional MBBS examination at the HIMSR, Jamia Hamdard University and the paper-setter for the BSc Nursing first year Anatomy Annual examination at PGIMS Rohtak. Dr Neerja chaired a scientific session at the 67th National Conference (NATCON) of the Anatomical Society of India. She also served as Finance Secretary for the 37th Annual Meeting of Indian Academy of Neurosciences at AIIMS, New Delhi. She was Resource Faculty for various workshops and symposia: Hands-on cadaveric workshop organized by Surgical Disciplines, AIIMS, New Delhi; Comprehensive Symposium on Ultrasound for Anesthesiologists CUSA. She has reviewed manuscripts for the Histology and Histopathology Journal.

**Dr Seema Singh** served as the Nodal officer for organizing Anatomy classes for two new BSc Dental courses (Dental Operating Room Assistance and Dental Hygiene). She was nominated for attending the pre-bid meetings for the upcoming AIIMS (HITES). Dr Seema participated and contributed in the following conferences: Thirty seventh Annual Conference of the Indian Academy of Neurosciences (IAN-2019), Comprehensive Symposium on Ultrasound for Anesthesiologists and the 8th International Conference of Physical Therapy (INCPT-2019).

**Dr Subhash Chandra Yadav** received the six-monthly "Long-Term International Research Fellowship" from the Department of Health Research, Government of India to work on Cryo-Electron Tomography at Stanford University, California. He was the moderator for a session at the International Conference on Electron Microscopy & Allied Analytical Techniques (EMAAT), held in Himachal Pradesh University, Shimla.

#### **VISITING SCIENTIST**

Keith Crutcher, Department of Neurosurgery, College of Medicine, University of Cincinnati, USA delivered a lecture on "The fruitful cycle of technology and science" on 13 February 2020.

### HIGHLIGHTS

- 51 research projects are ongoing in the department funded by various national and international agencies such as DBT, DST, ICMR, DHR, DRDO, UGC (MOOCS), Indo-Austrian, Indo-South Africa, Wellcome Trust, Ministry of AYUSH and Intramural AIIMS, amounting to Rs. 26.5 crores and 9 research projects (Rs. 3.2 Crores) were completed this year.
- 52 departmental projects and 49 collaborative projects are ongoing with different faculty of the department.
- 53 research publications and 9 abstracts published in indexed National and International Journals of repute.
- 38 Invited talks were delivered by the faculty and 47 research papers were presented by faculty/research students (oral/poster) at various national and international scientific forums.
- Faculty and students received various awards and prizes for oral presentations along with travel grant at various national and international conferences.
- 12 MSc, 13 MD, 6 SR and 40 registered Ph D students are working in the department.
- The practical for MBBS and coursework for MD & MSc students teaching curriculum was further expanded to add more advanced classes in various topics encompassing the current advances in research.
- Department organized a Symposium on World Immunology Day on 30 April 2019.
- Department is providing clinical services to the patients and performed different tests in total of 15,298 samples.

### EDUCATION

#### Undergraduate

The department introduced some modifications in the UG teaching curriculum, aimed at enhancing both the skill development and to keep the knowledge at par with the current developments in biochemistry. Case discussions related to didactic lectures and demonstration practical on POCT devices for glucose monitoring and pregnancy testing were introduced to improve the theory-practical connect. Kit based practical were introduced for some of the routine biochemical analytes (uric acid and HDL cholesterol) for students to appreciate the differences between traditional and autoanalyzer based methods in use. Techniques related to current applications in molecular biology such as restriction digestion and restriction site mapping were also added to the curriculum.

#### Postgraduate

These include 12 M.Sc. and 13 MD students. The department also has 40 Ph.D. students. There are three DST women scientists & three N-PDF working as postdoctoral students. The postgraduate teaching curriculum was further expanded to add more advanced classes in the Molecular Biology and Cancer Biology modules. The 'Clinical Case Discussion' has been modified to discuss complex case reports from various journals for the MD, MSc students and Senior Residents. As Course Coordinator, Professor M Rajeswari has successfully completed two SWAYM-MOOCs courses in July-December

2019 under National Mission on Education through Information & Technology (NME-ICT)-through UGC-MHRD. The two courses were: 1. Biomolecules: Structure & function in health and disease and 2. Analytical techniques in Biochemistry. The number of learners registered in each course was more than 2000 and 1500 in each.

A formal course work for PhD students is also initiated.

## **CMEs/Workshops/Symposia/National and International Conference**

### ***Conference Organized***

- A Symposium on World Immunology Day on 29th April 2019 was organized by the department (Prof Alpana Sharma) at AIIMS under the auspices of Indian Immunology Society.

### **Lectures delivered**

**Subrata Sinha: 7**

**Kalpana Luthra: 3**

**Archna Singh I: 2**

**Pragyan Acharya: 1**

**Shyam S Chauhan: 2**

**Alpana Sharma: 6**

**Subhradip Karmakar: 2**

**Riyaz Ahmad Mir: 1**

**MR Rajeswari: 4**

**Kunzang Chosdol: 1**

**Ashok Sharma: 5**

**Pramod Kumar Gautam: 1**

### **Subrata Sinha**

1. Global Mental Health in an Era of Sustainable Development Family Studies in Endogamous Groups Enable the Elucidation of Distinct Predisposing Pathways in Dyslexia, South African Academy of Sciences, 31 May 2019, Johannesburg, South Africa
2. Behavior, genetics and biology: How dyslexia links divergent approaches and pathways, SNCI, Jamia Hamdard, 10 October 2019, New Delhi
3. The role of molecular biology in interventional therapeutics, NAMSCON Symposium, 12 October 2019, Bhopal
4. Scientific and clinical issues in the treatment of genetic and rare diseases, INSA Symposium, 18 December 2019, Goa
5. Genetic studies on dyslexia: What these tell us about this complex disorder, Maharashtra Dyslexia Association, 9 February 2020, Mumbai
6. Targeting hypoxia signaling in glioma, IACR, 7 February 2020, Thiruvananthapuram
7. Family studies identify novel predispositions to Dyslexia, Asian Pacific Symposium of Clinical Biochemistry and Laboratory Medicine, 18 November 2019, Jaipur

### **Shyam S Chauhan**

1. Prognostic and Therapeutic Relevance of Cysteine Cathepsins in Leukemia, Annual Day Lecture, Institute of Home Economics, 25 September 2019, New Delhi
2. Cathepsin B: A potential Therapeutic Target in Pediatric AML, 15th Asia Pacific Federation of Clinical Biochemists and Laboratory Medicine, 17-20 November 2019, Jaipur, Rajasthan

### **MR Rajeswari**

1. Triplex-forming Oligonucleotides (TFO) targeted to HMGB1 gene shows antiproliferative effect in human hepatoma cells, 107th Indian Science Congress, 3-7 January 2020, Bangalore
2. Analysis of pbmc proteome and ppi-interactome to explore the therapeutic effect of epo in Friedreich's Ataxia, International conference Movement disorder Society, India, 31 January-2nd February 2020, Trivandrum
3. Oxidative stress in a rare, neurodegenerative disorder Friedreich's ataxia, International Conference on Role of free radicals in management of human disease and Society of Free radicals research, India 12-115, February 2020 Mumbai
4. Influence of anticancer drug on the Differential expression of proteins in Hepatoma, Asia-Pacific Conference on Life Sciences & Biological Engineering, 26-28 March 2019, Kyoto, Japan

### **Kalpana Luthra**

1. Applications of single cell sorting workshop on High-Dimensional Cell and Data Analysis organized by TCS 24 April 2019 AIIMS, New Delhi
2. Isolation and characterization of an HIV-1 broadly neutralizing antibody from a clade C infected pediatric elite neutralizer FCOIS 2019, 18-21 June 2019, Boston, USA

3. Coevolution of viral and antibody response in a pair of HIV-1 infected monozygotic pediatric twins with elite neutralizing activity' IMMUNOCON 2019, 14-16 November 2019, Mumbai

#### **Alpana Sharma**

1. Reconnoitring the Plasticity and functional diversity of gamma-delta T-cells in Pemphigus vulgaris, IMMUNOCON 2019, 14-16 November 2019, Mumbai
2. MicroRNAs in multiple myeloma: From diagnosis to therapeutics, 15th APFCB Congress 2019, 17-20 November 2019, Jaipur
3. Potential of autophagy related molecules as novel diagnostic markers in liquid biopsy of cervical cancer, 30th Annual Meeting of ISSRF-2019, 7-8 August 2018, Katra, Jammu
4. Ayurvedic herbal extracts and their integration in Multiple Myeloma. Jeevaneyam 2020, 12 and 13 February 2020, New Delhi
5. Elucidating the Plasticity and functional diversity of  $\gamma\delta$ -T-cells in Pemphigus vulgaris IABSCON 2020, 27-29 February 2020, Kolhapur, Maharashtra
6. Role of antioxidants in Food fortification 9th International Conference on Food Processing, Nutrition and Fortification with Emphasis on Vitamin D 5 and 6 March 2020, Jamia Hamdard, New Delhi

#### **Kunzang Chosdol**

1. Hypoxia promotes FAT1 mediated oncogenic properties in glioma, 13th International Symposium on Cancer Prevention and Treatment, 20 and 21 February 2020, Delhi

#### **Archna Singh I**

1. Antiatherogenic functions of HDL are impaired in subjects with myocardial infarction, Women in Sciences and Engineering, IIT-Kanpur, 19 and 20 October 2019, Kanpur
2. HDL subfraction and antioxidative activity in subjects with coronary artery disease and impact of statin therapy ICC 2019, 26th Annual Conference of Indian College of Cardiology, 20-22 September 2019, Kochi

#### **Subhradip Karmakar**

1. Biology of MDS ICTR, Pune, 7 November 2019, Pune, India
2. FBXO4 and Breast Cancer ASCO 31 May 2019, Chicago, USA

#### **Ashok Sharma**

1. Epigenetic regulation of POTE genes in Epithelial Ovarian Cancer World Congress on Cancer" (WCC) 2020, 3-5 February 2020, Jaipur, India.
2. Epigenetic regulation of POTE National Conference on Cancer Biology and Therapeutics 29 and 30th November 2019, Bhubaneswar Odisha
3. Epigenetics & Cancer Young Scientists' Conference (YSC), 5th India International Science Festival (IISF 2019), 5-7 November 2019, Kolkata, WB
4. Evolving Landscape of Translational Cancer Research and Future Challenges in India, TCGA-themed conference and hands-on workshop, 21-25 September 2018 IISER Pune
5. Epigenetics & Human Diseases Science Fest, 4th September 2019, New Delhi

#### **Pragyan Acharya**

1. The Structure and Function of a Manuscript XXXVII Indian Association of Neuroscience Pre-workshop conference on Science Communication, 19-21 November 2019, New Delhi

#### **Riyaz Ahmad Mir**

1. Modern trends in Laboratory and diagnostic services National medical professionals' week (NMLW), 18 July 2019, Delhi

#### **Pramod Kumar Gautam**

1. Herbal Plant Extract Based Synthesized Metal Nanoparticle Enhances Anti-Tumor potential, Global Congress and expo on Biomaterials, 13-14 May 2019, Kuala Lumpur, Malaysia

## Oral papers/posters presented

1. Arora M, Chauhan SS. Coexpression of MAGE gene family members in cancer: An in-silico analysis, 1st TCGA Conference in India, 21-23 September 2019, Pune
2. Gupta J, Arora M, Chauhan SS. TOX expression with an inflammatory tumor microenvironment is associated with a favorable prognosis in breast cancer. First TCGA Conference in India, 21-23 September 2019, Pune

\* Ms. Anjani awarded First Prize: Poster presentation

\*\* Mr. Nitesh Mishra awarded First Prize: Oral presentation

\*\*\* Mr. Nitesh Mishra awarded First Prize: Oral presentation

# Dr Romsha Kumar awarded First Prize: Poster presentation

\$ Dr Nidhi Gupta awarded First Prize: Oral presentation

\$\$ Dr Shamima Akhtar awarded Second Prize: Poster presentation

\*\*\*\* Devanjan Dey received 2nd prize : Oral presentation-”Young Scientists’ Presentation”

## Dr. Amarpreet Kaur received an International travel award to attend and present the poster.

@ Vadanya Shrivastava received the Suttee Nag award for Best poster presentation.

### Dr Archana Singh awarded Second Prize: Oral presentation

## RESEARCH

### Funded projects

#### Ongoing

1. Rational strategies for tackling hypoxia induced adverse phenotype and therapeutic resistance in neoplasia using a glial tumor model, Subrata Sinha, DST, 5 years, 2017 –2022, Rs 98 lakhs
2. Programme Support: CRISPR-mediated technologies for the development of new therapeutics and diagnostics, Subrata Sinha, DBT, 2 years, 2020-2022 , Rs 2.89 crores
3. Cellular and Immunomodulatory Functions of Dipeptidyl peptidase III in Esophageal Cancer, SS Chauhan, ICMR, 3 years, 2019-2022, Rs 35 lakhs
4. Cysteine Cathepsins in Acute Lymphoblastic Leukemia: Implication(s) in Prognosis and Therapeutics, SS Chauhan, ICMR, 1 year, 2019-2020, Rs 5 lakhs
5. Identification of Novel Blood Based Biomarker for Early detection of Human Gallbladder Cancer, SS Chauhan, DRDO, 3 years, 2018-2021, Rs 46.16 lakhs
6. MOOCs-Swayam Biomolecules, MR Rajeswari, MHRD, 6 months, Jan-May 2020, Rs 7.2 lakhs
7. MOOCs-Swayam Analytical Techniques, MR Rajeswari, MHRD, 1 year, 2018-2020, Rs 13.5 lakhs
8. MOOCs-Swayam Re-Run Analy Tech, MR Rajeswari, MHRD, 6 months, Jan-June, 2019, Rs 1.2 Lakhs
9. Neurodegeneration with Brain Iron Accumulation: Iron-biomarker and therapeutic options MR Rajeswari PI: Austria, B Mojdehkar, International Collaboration India-Austria via DST-WTZ, 2 years, 2017-2019, Rs 18.85 lakhs
10. Assessment of Anticancer effect of Triplex Forming Oligonucleotides (TFOs) on the Expression of HMGB1 in Hepatoma Animal model system, MR Rajeswari, DST, 3 years, 2017-2020, Rs 63.14 lakhs
11. Interaction between nanoparticles and cancer cells in context of hypoxia and stemness and invasiveness characteristics, P Chattopadhyay, DST, 3 years, 2017-2020 , Rs 80 lakhs
12. Exploring the link between the RNA binding protein IGF2BP3, long non-coding RNA linc-RNA and their targets in migration and invasion of epithelial cancer cell lines, P Chattopadhyay, SERB, 3 years, 2018-2021, Rs 42 lakhs
13. Generation and characterization of HIV-1 subtype-C based trimeric immunogens from infected children, Kalpana Luthra, DBT, 3 years, 2019-2022, Rs 1.60 crores
14. Isolation and characterization of monoclonal antibodies from HIV-1 subtype C infected individuals , Kalpana Luthra, DBT, 3 years, 2017-2020, Rs 88 lakhs

15. A study of immune pathways in the pathogenesis of chronic pancreatitis, Kalpana Luthra, AIIMS, 1 year, 2019-20, Rs 5 lakhs
16. Unveiling the therapeutic potential of an Unani herbal formulation in hematological malignancy, Alpana Sharma, AYUSH, 3 years, 2017-2020, Rs 62.12 lakhs
17. Prevalence of Human Papilloma Virus (HPV) in Indian patients of Penile cancer, Alpana Sharma, DHR, 3 years, 2018-2021, Rs 25 lakhs
18. Deciphering the role of functional determinants of Dendritic cells and their immune cross talk with NK cells: Possible therapeutic target(s) in Pemphigus vulgaris, Alpana Sharma, ICMR, 3 years, 2018-2021, Rs 42.31 lakhs
19. Identifying the role of Treg cells and MDSCs in endothelial dysfunction, Alpana Sharma, ICMR, 3 years, 2019-2022, Rs 45.31 lakhs
20. Delineating the anti-cancer potential and the mechanism of action of Unani medicinal formulation Itrifal-e-aftimoon in Chronic Myelogenous Leukemia, Alpana Sharma, CCRUM AYUSH, 3 years, 2019-2022, Rs 68.66 lakhs
21. Signalling interaction between FAT1 and p53 under hypoxia: Their influence on tumor phenotype and identification of novel molecular targets in glioma, Kunzang Chosdol, DBT, 3 years, 2016-19, Rs 55.52 lakhs
22. To study the functional role of NFkB on FAT1 gene expression in Glioma, Kunzang Chosdol, ICMR, 3 years, 2017-20, Rs 33.33 lakhs
23. Molecular signature of protumorigenic inflammation in the context of the WHO 2016 classification of glioma, Kunzang Chosdol, AIIMS, 2 years, 2018-2020, Rs 20 lakhs
24. The role of FAT1 regulated miRNAs in glioblastoma (GBM) aggressiveness: Identification of potential miRNA(s) as clinical marker(s) in GBM patients, Kunzang Chosdol, SERB-DST, 3 years, 2019-22, Rs 42.33 lakhs
25. Effect of hypoxia on different neural cell types in vitro—a model to design therapeutic strategies against cerebral palsy in preterm infants, Sudip Sen, DBT, 3 years, 2018-2021, Rs 49 lakhs
26. Deciphering the osteogenic effect of *Symphytum officinale* using human bone marrow derived mesenchymal stem cells and rodent model, Sudip Sen, CCRH, AYUSH, 2 years, 2019-2021, Rs 45 lakhs
27. Deciphering neural plasticity of fetal neural stem cells on exposure to hypoxia, Sudip Sen, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
28. The modulation of insulin resistance and HDL quality by adipose tissue ABCA1 and metabolic status, Archana Singh, SERB-DST, 3 years, 2017-2020, Rs 40.1 lakhs
29. Role of hyperglycemia on macrophage effector function in pathophysiology of pulmonary tuberculosis, Archana Singh, SERB-DST, 3 years, 2018-2021, Rs 49 lakhs
30. Study of effect of Hyperglycemia on phenotypic and functional alteration in differentiated macrophages from THP1 cell line and monocytes from pulmonary tuberculosis patients, Archana Singh, ICMR, 3 years, 2019-2022, Rs 30 lakhs
31. Study of *Mycobacterium indicus pranii* and Human beta defensin-2 as adjunct and chemo-immunotherapy against *Mycobacterium tuberculosis* in vitro, Archana Singh, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
32. Evaluation of l-arginine levels in correlation with iNOS expression and NO levels in pulmonary tuberculosis and their household contacts in comparison with healthy controls, Archana Singh, TB Association of India (TBAI), 6 months, 2019-2020, Rs 0.25 lakhs
33. Role of IGF2BP1, an RNA binding protein in lymphomagenesis, Jayanth Kumar Palanichamy, DBT-Wellcome Trust India Alliance Early Career Fellowship for Clinicians and Public Health Researchers, 5 years, 2016-2021, Rs 187 lakhs
34. Role for RNA methyl transferase machinery in B-cell Acute Lymphoblastic Leukemia, Jayanth Kumar Palanichamy, AIIMS-THSTI Collaborative Research Grant, 2 years, 2019-21, Rs 20 lakhs
35. Placenta Organoids, Subhradip Karmakar, ICMR, 3 years, 2020-2023, Rs 60 lakhs
36. Nuclear hormone network in GBC, Subhradip Karmakar, DHR, 3 years, 2021-2024, Rs 70 lakhs
37. Artificial intelligence in Oncology: Harnessing big data and advanced computing to provide personalized diagnosis and treatment for cancer patients, Ashok Sharma, MEITY, 2 years, 2020-2022, Rs 292 lakhs
38. Interplay between Cancer Testis/ Germline POTE antigen and NOTCH Signaling and its association with Global DNA Methylation in Ovarian Cancer, Ashok Sharma, ICMR, 3 years, 2019-2022, Rs 42.5 lakhs
39. Genome-Wide DNA Methylation & Genomic Instability Profiling and Evaluating Its Potential as a Biomarker and Immunotherapeutic Target for Ovarian Cancer, Ashok Sharma, DBT-Ramalingaswami Project, 5 years, 2015-2020, Rs 32.5 lakhs
40. Nuclear Architecture as an Epigenetic Regulator in Pericentromeric localized Cancer-Testis/Germline Antigen POTE Expression in Ovarian Cancer, Ashok Sharma, DST, 3 years, 2017-2020, Rs 55 lakhs

41. A pilot study to analyze serum levels and intra-tumour expression of cancer-testis antigen POTEE as a new biomarker for ovarian cancer, Ashok Sharma, DHR, 2 years, 2018-2020, Rs 25 lakhs
42. Molecular characterization of Endometrial Cancer and its correlation with clinicopathological Features, Ashok Sharma, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
43. Cell Free DNA as a Tool to Predict Acute Kidney Injury in Acute on Chronic Liver Failure, Pragyan Acharya, DBT, 3 years, 2017-2020, Rs 49 lakhs
44. Tumor Dynamics and Immune cell interactions in anaplastic thyroid carcinoma, Riyaz Ahmad Mir, ICMR, 3 years, 2020-2023, Rs 30 lakhs
45. Interactome Analysis of COVID-19 spike protein C terminus: identification of potential druggable target for virus entry, Riyaz Ahmad Mir, AIIMS, 2 years, 2020-2022, Rs 8 lakhs
46. Role of PAQosome/R2TP complex in the functional assembly of wild type and mutant p53, Riyaz Ahmad Mir, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
47. Extracellular Matrix Remodelling in Obesity Induced Adipose Tissue Dysfunctions and Insulin Resistance, Rakhee Yadav, ICMR, 3 years, 2019-2022, Rs 46 lakhs
48. Study of Vascular Endothelial Growth Factor (VEGF) and its Isoforms in Obesity associated Adipose Tissue dysfunctions, Rakhee Yadav, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
49. Role of Macrophages in regulation of Bone and Blood forming stem and progenitor cell migration and development, Pramod Kumar Gautam, DST, 5 years, 2017-2022, Rs 35 lakhs
50. Development of targeted drug delivery using liposomes/nanoparticles on cancer stem cell using herbal plant extract and hsp70- tumor antigen and to evaluate its anti-tumor function, Pramod Kumar Gautam, SERB-DST, 3 years, 2019-2022, Rs 49 lakhs
51. To study the role of  $\beta$ -defensin on stem cells, cancers stem cells remodeling and its associated microenvironments, AIIMS, Pramod Kumar Gautam, 2 years, 2018-2020, Rs 10 lakhs

### **Completed**

1. Study the Role and Regulation of Human Heterogeneous Ribonucleoprotein D Expression in Oral Carcinogenesis, SS Chauhan, DST, 3 years, 2016-2019, Rs 74.66 lakhs
2. Plasma circulating DNA in mitochondrial the assessment of Friedreich's Ataxia (FA), MR Rajeswari, ICMR, 2 years, 2017-2019, Rs 34.59 lakhs
3. Isolation and characterization of human monoclonal antibodies from memory B cells of HIV-1 infected children, Kalpana Luthra, DST, 3 years, 2016-2019, Rs 63 lakhs
4. Isolation and molecular characterization of colorectal cancer stem cells, Sudip Sen, DBT, 3 years, 2015-2019, Rs 25 lakhs
5. Differentiation of fetal neural stem cells to oligodendrocytes – a disease model to decipher the pathogenesis and devise therapeutic strategies for cerebral palsy, Sudip Sen, DBT, 2 years, 2018-2020, Rs 29.2 lakhs
6. Role of TET2 in AML, Subhradip Karmakar, SERB, 3 years, 2017-2020, Rs 42 lakhs
7. Estimate the Serum Levels of Cancer-Testis Antigen POTE as a Biomarker in Epithelial Ovarian Cancer, Ashok Sharma, AIIMS, 2 years, 2016-2018, Rs 10 lakhs
8. Investigation of Purine Salvage Pathway Metabolites and Enzymes and Their Association with Severe Malaria Outcomes, Pragyan Acharya, SERB, 3 years, 2017-2020, Rs 34 Lakhs
9. Endoplasmic Reticulum (ER) stress in obesity induced adipose tissue dysfunction and inflammation, Rakhee Yadav, AIIMS, 2 years, 2017-2019, Rs 8 lakhs

### **Departmental projects**

#### **Ongoing**

1. Cellular and Immunomodulatory Functions of Dipeptidyl peptidase III in Esophageal Cancer
2. Cysteine Cathepsins in Acute Lymphoblastic Leukemia: Implication(s) in Prognosis and Therapeutics
3. Role of Prothymosin alpha in Glial tumorigenesis
4. Role of Human Heterogeneous Nuclear Ribonucleoprotein D (hnRNP D) in Oral Cancer
5. Proteomics of FRDA positive, FRDA-suspected and FRDA-carriers
6. Effect of nanoparticles on stemness and migration characteristics of cancer cells under different oxygen concentration
7. Uptake of biodegradable nanoparticles by cancer cells
8. Internalization of Carbonic Anhydrase 9 in invasive subset of cancer cell

9. Effect of zeta potential on uptake of PLGA biodegradable nanoparticles by cancer cells
10. Epigenetic therapy to reverse EMT and suppress cancer metastasis
11. Generation and Characterization of anti HIV-1 human monoclonal antibody(s) from a subtype C infected pediatric elite neutralizer
12. Generation and Characterization of pseudoviruses from an adult HIV-1 infected long term non progressor (LTNP) for potential subtype C based immunogen
13. Generation and Characterization of anti HIV-1 human monoclonal antibody from subtype C infected adult long term non progressor
14. Generation and characterization of pseudoviruses from children with perinatally acquired HIV-1 infection
15. Isolation and characterization of Human anti-HIV-1 monoclonal antibodies from infected children
16. A longitudinal study of the effect of early initiation of ART on the innate immune responses in HIV-1 infected children
17. Generation and characterization of pediatric HIV-1 C trimers towards immunogen design
18. Role of Macrophage phenotypes in the regulation of Mesenchymal stem cell migration and development in Breast Cancer
19. Effect of Bio-conjugated chemotherapeutic molecules on cancer stem cell and their associated Microenvironments
20. Elucidating the functional role of exosomes in renal carcinoma
21. To Investigate the role of R2TP complex in the assembly of p53
22. Exploring the role of innate lymphoid cells in the immunopathogenesis of pemphigus vulgaris
23. Influence of different grades of hyperglycemia on innate immune response in pathophysiology of active tuberculosis
24. Epigenetic regulation and immunotherapeutic potential of human cancer testis/germline antigen POTE
25. Characterization of monocytes and macrophages in acute on chronic liver failure
26. Identification of novel blood based biomarker for early detection of human gallbladder cancer
27. Role of gamma delta T cells and scavenger receptors in vitiligo
28. Elucidating the immune escape mechanism in renal cell carcinoma
29. Study of B cell subsets and their immune regulatory functions in urothelial carcinoma of bladder
30. Study of innate lymphoid cells in the immunopathogenesis of Pemphigus vulgaris
31. Functional interaction of FAT1 and miRNA in glioma
32. To study the gene expression in GBM cell lines under different degree of hypoxia and the role of p53 in HIF1 regulation under severe hypoxic condition
33. Hypoxia and response to chemotherapy: A study in glial tumor cell lines
34. FAT1 and p53 on chemo-sensitivity of Glioma
35. Molecular Signature of Glioma in the context of WHO 2016 classification of Glioma
36. FAT1 protein: Its processing and cellular function in glioma cells
37. Study on mitochondrial metabolic reprogramming in pediatric acute lymphoblastic leukemia (ALL).
38. Exploring a unified pathway for the anti-atherogenic effects of adiponectin, sphingosine 1-phosphate (S1P) and high-density lipoprotein (HDL) on endothelial cells
39. Investigation of the involvement of plasma membrane ATP binding cassette transporter (ABCA1) in adipose tissue mediated insulin resistance
40. Role of hyperglycemia on macrophage effector function in pulmonary tuberculosis Sudhasini: Newton bhabha fellowship (4 months, 2019)
41. Influence of different grades of hyperglycemia on innate immune response in pathophysiology of active tuberculosis
42. To study the role of B cells on macrophage polarization and their effector functions in immunopathogenesis of pulmonary tuberculosis
43. Role of IGF2BP1 in of ETV6-RUNX1 positive B cell Acute Lymphoblastic Leukemia
44. Role of RNA methylation and IGF2BP expression in B-cell Acute Lymphoblastic Leukemia.
45. The interplay of RNA methylation and IGF2BP family of RNA binding proteins in regulation of gene expression in cancer
46. Functional Characterization, Expression, and Clinical Significance of Cancer-Testis/ Germline Antigen POTE in Ovarian Cancer
47. Role of 3D Genome Architecture as Epigenetic Regulator of Pericentromeric localized Cancer-Testis/Germline

#### Antigen POTE in Cancer

48. Innate Immune Responses in Acute on Chronic Liver Failure
49. Characterization of Monocytes and Macrophages in Acute on Chronic Liver Failure
50. Study of ECM remodeling in adipose tissue dysfunctions in obesity
51. Role of macrophage phenotypes in the regulation of mesenchymal stem cell migration and development in Breast Cancer
52. Effect of Bio-conjugated chemotherapeutic molecules on Stem cells, Cancer stem cells and their associated Microenvironment

#### **Completed**

1. Elucidation of Molecular Mechanism of Differential Expression of Cathepsin B in Breast Cancer Cells with Different Metastatic Potential
2. To assess the potential utility of Cathepsin L and Cathepsin B as universal biomarker for cancer.
3. Human Heterogenous Ribonucleoprotein D (hnRNP D) mediated post transcriptional regulation of Phosphatase and Tensin homolog (PTEN) in oral cancer
4. The Expression and Clinical Significance of Serum microRNAs in Human Gallbladder Cancer
5. Inflammatory biomarkers HMGB1 and TGF-1 in peri-miniscrew implant crevicular fluid (PMICF)
6. Exploring the role of Versican and its regulation by miRNA in Multiple Myeloma
7. Gamma delta T cells in immunopathogenesis of Pemphigus vulgaris
8. Regulation of FAT1 Gene Expression in Gliomas
9. Signaling interactions between FAT1, p53 and HIF1a in glioma
10. A study on the effect of HMG-CoA Reductase inhibitors on HDL functionality in Acute Coronary Syndrome (ACS).
11. Study of Mycobacterium indicus pranii and Human Beta Defensin as adjunct in Chemo-immunotherapy against Mycobacterium tuberculosis in vitro.
12. Cloning and Functional analysis of Cancer Testis Antigen POTE in Epithelial Ovarian Cancer
13. Effect of DNA Methylation in Expression of Cancer-Testis/Germline Gene POTE in Ovarian Cancer
14. DNA Methylation Effect on POTE B Expression in Epithelial Ovarian Cancer
15. TNF alpha in Malaria Patients

#### **Collaborative projects**

##### **Ongoing**

1. A study of epigenetics of Breast cancer by evaluation of tissue site-specific Promoter DNA methylation profiles in Breast Cancer, Surgical Disciplines
2. Expression of Reg-4 and MUC-4 in patients with carcinoma of pancreas, Gastroenterology
3. miRNA as biomarker in chronic pancreatitis patients who are at high risk for developing pancreatic cancer, Gastroenterology
4. Role of miRNA mediated modulation of signal transduction in pancreatic cancer, Gastroenterology
5. Assessment of single versus subsequent microosteoperforation stimulated IL-1beta levels during orthodontic tooth movement- a pilot study, Dental Surgery
6. Evaluation of RANKL in GCF and rate of tooth movement during canine retraction assisted with low level laser therapy- a Randomised controlled trial, Dental Surgery
7. N22 region of torque teno virus: Cloning, Expression and use of translational peptides in immunological assays and proteomic analysis, Laboratory Medicine
8. Rare disease modelling using induced pluripotent stem cells, Stem Cell Facility
9. Study to identify the genotype phenotype correlation in testicular biosynthetic defects and 5- $\alpha$  reductase deficiency with respect to disorders of sex development, Paediatric surgery
10. Role of Hydrogen Sulfide as a pharmacological modulator in adverse pregnancy outcomes like preeclampsia, Anatomy
11. Association of HIPEC treatment with expression of T regulatory cells (FOXP3) in epithelial ovarian cancer and its clinical significance, Dr BRA IRCH

12. Combating the challenge of antibiotic tolerance: combining conventional anti-tubercular drugs with DevR dormancy regulator targeted approaches for improving *M. tuberculosis* clearance, Biotechnology
13. Role of T-regulatory cells (Tregs) and their clinical correlation in epithelial ovarian cancer, Surgical Oncology
14. NF- $\kappa$ B expression and its relation to functional capabilities of CD4<sup>+</sup> and other T cells among HIV infected Indian population, Microbiology
15. Human Papillomavirus status in Penile carcinoma in Indian patients and correlation with Clinico-pathological staging, Urology
16. Prospective non-randomized controlled trial to compare the efficacy of subcutaneous etanercept versus oral methotrexate in moderate to severe chronic plaque psoriasis and to correlate response with Th1, Th2, Th17 and Treg cell patterns, Dermatology
17. Study of osteogenic humoral factors on fracture healing in patients with head injury: decoding the mystery, Orthopaedics
18. Immunological evaluation in IVF failure patients, Obstetrics and Gynaecology
19. A comparative pilot study of rectus fascia pubovaginal sling surgery vs TOT in patients with urodynamically proven SUI, Obstetrics and Gynaecology
20. To study the correlation between candida and proinflammatory cytokines and chemokines in Oral Leukoplakia with antifungal therapy, Centre for Dental Education & Research
21. Molecular characterization of NF $\kappa$ B pathway in uveal melanoma, Dr R.P. Centre
22. Molecular Characterization of malignant lacrimal gland tumours, Dr R.P. Centre
23. Role of mitochondrial heterogeneity in the progression and prognosis of Acute Myeloid Leukemia (AML), IRCH
24. Dietary diversity and nutritive value of indigenous foods in addressing food security and nutritional status of vulnerable tribal communities of India, IIPH-Delhi, PHFI, India
25. Role of Serum CA-125 Level in Diagnosis and Monitoring of Treatment Response in Pulmonary and Extra-pulmonary Tuberculosis, Medicine
26. A randomized double blind placebo controlled pilot study evaluating the effect of topical urea as pre-treatment for preventing hand foot skin reaction in cancer patients on sunitinib therapy, Pharmacology
27. To study the influence of CYP2C19 polymorphism on bortezomib blood concentration and clinical response in myeloma patients, Pharmacology
28. Effect of vitamin D supplementation on seizure frequency in persons with drug resistant epilepsy and its correlation with biomarkers, Pharmacology
29. Anemia Research Consortium as part of National Centre of Excellence and Advanced Research on Anemia (NCEAR-A), Community medicine
30. Nutritional status of pregnant women as assessed by nutrient intake, anthropometry and selected serum biomarkers in an urban slum of Delhi-A community based prospective study, Community medicine
31. Effect of bioconjugated chemotherapeutic molecules on stem cell, cancer stem cells and their associated microenvironment, Biochemistry
32. Role of Macrophages phenotype in the regulation of mesenchymal stem cell migration and development in breast cancer, Biochemistry
33. Profile of serum hepatotrophic factors, serum ammonia levels and Quality of life in patients of EHPVO, Paediatric Surgery
34. Identification and in-vitro functional assay of novel driving tyrosine kinases in Indian BCR-ABL-like acute lymphoblastic leukemia: DBT Wellcome Trust India Alliance Intermediate Fellowship, Laboratory Oncology, IRCH
35. Role of mitochondrial heterogeneity in the progression and prognosis of Acute Myeloid Leukemia (AML): DST SERB Core Research Grant, Medical Oncology, IRCH
36. Molecular Analysis to explore resistance against RTK in mRCC, Urology
37. Role of Specific Single Nucleotide Polymorphism ... in Opioid Dependency, Psychiatry
38. Role of PARP1 and  $\gamma$ -Glutamyl cysteine Synthetase Inhibitor in Cisplatin Sensitivity & Correlation With DNA Methylation in Ovarian Cancer, IRCH
39. Impact of Yoga and Meditation on Epigenetic Profile in Rheumatoid Arthritis, Anatomy
40. The Role of Leukotriene A4 hydrolase gene Polymorphism and Clinical outcome correlate in Corticosteroids treated Tubercular Meningitis Patients, Neurology
41. One carbon metabolism and cognitive impairment in older Indians, Geriatric Medicine
42. Estimation of novel Proteins among Older Subjects as biomarker for cognitive impairment, Geriatric Medicine

43. To evaluate the effect of intralipid supplementation on implantation rate in women with two or more failed IVF/ICSI with elevated natural killer cell levels—a pilot randomized controlled trial, AIIMS
44. Expression of Cancer Testis Antigen POTE in Ovarian Tumors and its Clinical Significance: A Pilot Study, AIIMS
45. Molecular Characterization of Endometrial Cancer and its correlation with clinicopathological Features, AIIMS, New Delhi
46. Department of Biotechnology-Consortium on Celiac Disease, Gastroenterology
47. Identification of factors predictive for weight loss after Bariatric Surgery: Building a Model for improving outcomes and maintaining weight loss, Surgical Disciplines
48. Development of single cell derived clonal spheroids as a tool for drug discovery in cancer research with focus on HNC, JNU
49. Artificial Intelligence in oncology: Harnessing big data and advanced computing to provide personalized diagnosis and treatment for cancer patient, Biochemistry

### Completed

1. Effect of hydrogen sulphide on migration of human trophoblast cells and its status in preeclampsia, Anatomy
2. Identification of Glucose related protein 78(GRP78) as a biomarker for tumor behavior in patients of renal cell carcinoma, Urology
3. Placental growth factor as a predictive and prognostic marker for development of pre-eclampsia in high risk patients, Obstetrics and Gynecology
4. Role of placental growth factor, uterine artery Doppler and 3D Doppler ultrasound of placenta for prediction of pre-eclampsia in high risk pregnancies, Obstetrics and Gynecology
5. Role of Vascular Endothelial Growth Factor – in management of Recurrent Respiratory Papillomatosis, Otorhinolaryngology (ENT)
6. Role of placental growth factor, uterine artery Doppler and 3D Doppler ultrasound of placenta for prediction of pre-eclampsia in high risk pregnancies, Obstetrics and Gynecology
7. The effect of ultrasound guided quadratus lumborum block on postoperative analgesia and neuroendocrine stress response in paediatric patients undergoing elective open pyeloplasty. a randomised control trial, Anaesthesia Pain medicine & Critical Care
8. Development of a multiplex real time PCR (qPCR) assay for simultaneous detection of hepatitis viruses (a-g) in serum, Laboratory Medicine
9. Role of peroxisome proliferator activated receptor alpha (ppar alpha) in trophoblast invasion, Biochemistry

### PUBLICATIONS

**Journals: 42                      Abstracts:              10              Chapters in Books: 1**

### PATIENT CARE

1. CEA 2723		6. Beta HCG	682	11. Free T3	1532
2. CA 19-9	2481	7. AFP	589	12. Free T4	1532
3. Total PSA	332	8. Serum Ferritin	772	13. TSH	2035
4. CA 125	846	9. Vitamin B12	794		
5. CA 15.3	186	10. Folate	794	<b>Total</b>	<b>15298</b>

### Quality control:

Apart from routine internal quality assurance scheme, Successful monthly participation in External quality assurance scheme (EQUAS) for last one year to deliver quality reports. Department has standardized the porphyria tests and started receiving samples from different depts. of the Institute.

Department of Biochemistry has done free genetic test for ataxia patients with FRDA and suspected FRDA coming from Neurology and Paediatric Neurology and Paediatric genetics.

### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Subrata Sinha** was **Fellow of** Indian National Science Academy, Indian Academy of Sciences, National Academy of Sciences, National Academy of Medical Sciences and Indian Academy of Neurosciences. Elected as INSA Vice President 2019, Convener INSA Delhi Chapter (since 2018); **Member, Institutional Committees (Governance)**, Institute Body, Governing Body, Standing Selection committee and Academic Committee JIPMER Pondicherry (from 2019); Society, Institute of Life Sciences, Bhubaneswar (from 2018); Indian Association of Cultivation of Science (from 2020);

**Institutional Committees (Scientific, Research, Academic)** Member of Scientific Advisory Group (SAG) - Basic Medical Sciences, ICMR; Scientific Advisory Committee (SAC) of Institute of Pathology, ICMR (2008- currently Chairman); Research Council (RC) Centre for Cellular and Molecular Biology, Hyderabad (from 2017); RC, Indian Institute of Chemical Biology, Kolkata (2014-2016; from 2017); RC, Central Drug Research Institute (Special Invitee); SAC - Rajiv Gandhi Centre of Biotechnology (from 2008); SAC Institute of Life Sciences, Bhubaneswar – Special Invitee, areas related to cancer; SAC National Institute of Biomedical genomics (from 2017); **Committees of Scientific Ministries and Departments – Department of Science and Technology (DST):** Chairman, Cognitive Science Research Initiative (from 2014) and Science and Technology of Yoga and Meditation (from 2015); Member PRC Medical Sciences (SERB) (2018-20); **Indian Council of Medical Research (ICMR):** Chairman, PRC for Biochemistry, Immunology and Allergy (from 2012); Member, PRC for Translational Neurosciences (from 2014); Member, PRC for Cell and Molecular Biology (from 2013); Member, National Committee of Stem Cell Research and Therapy (from 2017); Member, PRC Nanotechnology (from 2017); Member NAC SCRT National Apex Committee, Stem Cell Research and Therapy (from 2018); Chairman – GTAC Gene Therapy Advisory Committee (from 2018).

**Professor SS Chauhan** selected for Dr Khanolkar Oration of National Academy of Medical Sciences, Chairperson of AIIMS Biosafety Committee and Professor Incharge B.B. Dixit Library, member of SERB Young Scientist –Life Sciences Expert Committee of DST. Served as expert for evaluation of intramural research grants at AIIMS, Jodhpur and selection of faculty at AIIMS Jodhpur, AIIMS Patna, AIIMS, Bhopal, PGIMER Chandigarh, Institute of Liver and Biliary Sciences, Delhi. He served as subject expert for selection of DBT-RA, CSIR-RA and ICMR post-doctoral fellowship. Prof. Chauhan is also the member of pre Scientific Advisory Committee of National Institute of Pathology (ICMR), New Delhi, and member Expert Committee of Guru Gobind Singh Indraprastha University for recognition of medical teachers. Appointed as member of UG expert committee by Board of Governors in Suppression of Medical Council of India, member of Library Committee, Institute day Celebration Committee, Biotechnology Teaching Advisory Committee, AIIMS, Bio-Safety committee, VP Chest Institute, University of Delhi, and DBT-nominee for Bio-safety committee of Institute of Genomics and Integrative Biology, Mall Road, Delhi, member, Board of Studies of Aligarh Muslim University, Aligarh and Central university of Haryana, Mahendergarh, and Course Curriculum Committee of King George Medical University Lucknow. Member, Editorial Board of Research and Reports in Biochemistry and Indian Journal of Clinical Biochemistry as well as reviewer for various national and international scientific journals. Life member of Society of Biological Chemists (India), Association of Clinical Biochemists of India, Indian Association for Cancer Research and Indian Academy of Biomedical Sciences.

**Professor MR Rajeswari**, Vice President of Society of Neurochemistry, India, December 2016, President of “DNA Society of India”. ICMR Project Review Committee (PRC) for Neurochemistry, 2006 onwards. Research Advisory Board, Central University of Rajasthan, Ajmer, Advisory Board member- Rare Disease society of India, University Grants Commission- on various committees. Member-School of Life Sciences, Central University, Rajasthan, 2013-onwards. Member, Research Council, SV University, Tirupati; Executive Council Member of Indian biophysical Society.

**Professor Kalpana Luthra** Executive Committee Member of the Indian Immunology Society. Member secretary for Expert group for developing of e-learning resource material for MBBS students and foreign medical graduates, Appointed by Medical Council of India. Member of DBT-BIRAC, Advisory Committee for evaluation of proposals on Snakebite Envenoming. Member of Expert committee to review project proposals to Biotechnology Industry Research Assistance (BIRAC) under the National Biopharma Mission Program. Member of Expert committee to review quarterly work progress of program entitled ' Translational Research Consortium for Establishing Platform Technologies to support prophylactic and therapeutic strategies for Dengue-Discovery to Proof-of-Concept, funded by NBM, BIRAC, 2019. Member of Selection committee for the post of Scientist E (Non-Medical) at ICMR, May 2019. Member of PRC of allergy immunology & Human Genetics, ICMR & Expert Group review committee of ICMR to review proposals under Cell and Molecular Biology, Genomics and Stem Cell Research. Expert member of TARE Expert committee of SERB, August 2019. Chairperson of Local Research Committee for multidisciplinary Research Unit, MAMC, 2019. External member of the Academic Committee at THSTI, Faridabad, for 2 years. Appointed as a member of Technical Evaluation committee (TEC) of HRD Scheme of DHR-ICMR (September 2019). Reviewer to international journals: Journal of Diabetes; Therapeutic Advances in Vaccines, National Journal: NMJI Co-Chairperson for Annual Report Editing Committee, AIIMS. Member of committee for MBBS curricular Reforms at AIIMS, 2019 and of AIIMS Store Purchase committee. Member, Core Committee for CCRF; Faculty Coordinator of General Facility of CCRF; member of BSL 2/3 & Flowcytometry committees. Co-chairperson for AIIMS Cultural Committee. Nominated as First Appellate Authority under Right of Information Act for College of Nursing, AIIMS, New Delhi. Member, committee for addressing complaints of Sexual Harassment at the AIIMS, December, 2019. Ph.D student Mr. Sanjeev Kumar awarded prestigious Wellcome Trust DBT India Alliance Early Career Fellowship- (June 2019) independent grant, Dr Arun Fotedar Memorial AIIMSONIANS award for best published work by AIIMS for the year 2019 and HIV Research Trusts Scholarship, UK, under the supervision of Prof. Dennis R. Burton, NAC-IAVI, The Scripps Research Institute, San Diego, California, USA from June 2019 to August 2019.

**Professor Alpana Sharma** was awarded Fellowship of Indian Academy of Biomedical Sciences, 2019 for outstanding contribution in the field of Biomedical Science. Expert Selection Committee for faculty posts at Dr Baba Saheb Ambed-

kar Medical College, Delhi Government and Lady Hardinge. New Delhi. Expert, appraisal committee of Scientist C at CCRUM New Delhi. Expert award committee of AYUSH award in Unani Medicine at AYUSH, New Delhi; Organized the Symposium on International Immunology Day on 29th April 2019 at AIIMS, New Delhi. Active member of American Association for Cancer Research, USA and International Gyne Cancer Society, USA. Assessor DNB Biochemistry Exam. External examiner for PhD thesis and viva conduction at PGIMER, Chandigarh, JN Med College, Aligarh Muslim University, JIPMER, Puducherry and KGMU, Lucknow. External examiner for MD at AIIMS, Bhubaneswar, Delhi University, Swami Vivekanand University and JN Med Col AMU and MSc at IOM, Kathmandu. Reviewed Adhoc research proposals of DBT, DST, AYUSH and UPST submitted for financial grant. Member, Annual Report Committee, AIIMS and Teaching Schedule Committee for UG at AIIMS; Dr Nidhi Gupta, PhD student awarded First Prize in Oral presentation at Int Conference of Ethnopharmacology at Jamia Hamdard; Dr Shamima Akhtar was N-PDF under mentorship awarded Second Prize at ISARCON 2019; Ms Nidhi Gupta: Received award of appreciation for PhD work from Cancer Research Foundation, February 2020.

**Dr Sudip Sen's** PhD student (Devanjan Dey) received the 2nd prize (oral presentation) "Young Scientists' Presentation" at the 8th Annual CME of Clinical Biochemistry at Sir Ganga Ram Hospital, New Delhi, 25 April 2019; PhD student (Dr Amarpreet Kaur) received an International travel award to attend and present the poster at the the Digestive Disease Week (DDW) Annual meeting, at San Diego, California, USA from 18 to 21 May 2019; MD student (Dr Vadanya Shrivastava) received the Sutte Nag award for Best poster presentation at the 37th Annual conference of Indian academy of Neurosciences, at AIIMS, New Delhi from 19-21 November 2019; PhD student (Dr. Janvie Manhas) was awarded the "Women Overseas Student Internship Award in STEMM- WISTEMM" by the Indo-U.S. Science and Technology Forum (IUSSTF), an autonomous bilateral organization jointly funded by both the Governments to promote Science, Technology, Engineering and Innovation. Under this fellowship, Janvie is visiting the 'Eli and Edythe Broad Center for Regenerative Medicine and Stem Cell Research' at the University of Southern California (USC), Los Angeles, USA, to train under Prof Leonardo Morsut in the Dept. of Stem Cell Biology and Regenerative Medicine, Keck School of Medicine, USC, for 6 months (January to June, 2020). She is working on developing synthetic biology tools to target cancer stem cells in solid tumors. The fellowship consists of a grant-in-aid budget of USD 19,000.

**Dr Jayanth Kumar**, EMBO Travel Grant to attend the 'Humanized Mice in Biomedicine' workshop held at Heidelberg, Germany. Grant provided by European Molecular Biology Organization (EMBO) November 2019. (Also won the best poster award at the same workshop)

**Dr Subhradip Karmakar**, research work on decoding Pabda fish Genome showcased in Nature Asia. News Commentary on decoding Padba sih Genome covered in Indian Express. Research Work on decoding Peacock Genome covered in Indian Express 21 August 2019

**Dr Ashok Sharma** invited by Department of Biotechnology's for the Nobel Prize Series 2019. Invited by Ministry of Health & Family Welfare and DBT India Jointly for colloquial lecture in the Young Achiever's, Young Scientists' Conference (YSC), 5th India International Science Festival (IISF 2019) held at Biswa Bangla Convention Centre (BBCC), Kolkata. Member committee of establishing the Indian Council of Medical Research- Indian Cancer Research Consortium (ICMR-ICRC), New Delhi

**Dr Rakhee Yadav**, my MD student Dr Astha Sachan (2nd year) won Mrs. Dwarka Prasad Trust Travel Grant for the session October 2019-March 2020 to present her work at 15th Asia Pacific Federation for Clinical Biochemistry and Laboratory Medicine (APFCB) Congress; Jaipur in Nov 2019.

## VISITING SCIENTISTS

1. Dr Suman Mukhopadhyay from National Cancer Institute –RAS initiative, USA has delivered talk on Uncovering the distinct impacts of oncogenic RAS on metabolism on 30<sup>th</sup> Jan 2020.
2. Dr Sunil K Tadepalli, Director, Centogene, India delivered talk on Molecular genetics on 29<sup>th</sup> Jan 2020.
3. Dr Syed Shadab Raza from USA delivered talk on ROS triggered autophagy is associated with human stem cells' impairment and survival in an aschemic brain: observations from an oxygen glucose deprivation study on 12 September 2019.
4. Prof Bhagavatula Moorthy, Director, Texas Children's Hospital, Baylor College of Medicine, Houston, USA delivered talk on Mechanistic role of cytochrome P450 (CYP1A/1B1) enzymes in hyperoxic lung injury on 9 August 2019.
5. Dr Tayla Heavican, Graduate Student Senator, Dept of Pathology and Microbiology, Univ of Nebraska Medical Centre, US delivered talk on Long term deficiency of Tet2 in CD 4+ T-cells promotes T-cell lymphoma with a Tfh cell immunophenotype on 8 May 2019.

## 9.4. Biomedical Engineering

<b>Professor and Head</b>		
Harpal Singh		
<b>Associate Professors</b>		
Neetu Singh Dinesh Kalyanasundaram		Sandeep Jha Anup Singh
<b>Assistant Professors</b>		
Deepak Joshi Amit Mehndiratta	Jayanta Bhattacharyya Arnab Chanda	SMK Rahman Biswarup Mukherjee
<b>Emeritus Professor</b>		
Veena Koul		
<b>Honorary Professor</b>		
SK Guha		

The Department of Biomedical Engineering (also known as CBME, Centre for Biomedical Engineering at IIT Delhi) now has strength of eleven permanent faculty, one emeritus professor and one honorary professor.

### HIGHLIGHTS

The department was established in 1971 as a joint venture of AIIMS, New Delhi and Indian Institute of Technology, Delhi. The department has applied engineering principles to address medical and biological problems. It has collaborative projects with major institutes and hospitals in India. The department has its vision of dissemination of knowledge and development of techniques, tools and methods for diagnosis, follow-up of treatment responses, drug delivery and help in disease treatment. The faculty of the department are dedicated towards research in the following priority areas:

- Biomaterials
- Bioinstrumentation
- Biomechanics
- Medical Imaging

In the past year, the “**Biomechatronics Lab**” was setup by Dr Arnab Chanda at the biomedical engineering department at AIIMS and the following equipment were installed for applied and clinical research

- Skid Resistant Tester from Ram Incredible Solution on 24 December 2019 for conducting Biotribology experiments
- Machining equipments (Mini CNC machine, Shear Cutting machine) from Amit Engineering Co. On 15 January 2020
- InBody 720 Analyser from InBody Inc., USA on 21 October 2020.

Ethical clearance from AIIMS was approved to launch a pilot study to understand the correlation of facial features and obesity in Indian population, by Dr Arnab Chanda (PI). 50+ subjects have already participated in this study so far.

Apart from research, the department is engaged in teaching where PG, UG and Pre-PhD courses relevant to biomedical engineering are offered at IIT Delhi.

### EDUCATION

Nine PhD students graduated in the past year.

Candidate	Thesis Title	Supervisor
M. Marieswaran	Experimentation and musculo-skeletal modelling of femur - anterior cruciate ligament - tibia complex (FATC)	Dinesh Kalyanasundaram and Sandeep Jha
Dilpreet Singh	Design, manufacturing and evaluation of customized elbow implant	Dinesh Kalyanasundaram and Pulak Pandey (Mechanical)
Vinod Parmar	Laser-material interaction studies for optoelectronics and biomedical applications	Dinesh Kalyanasundaram and GV Prakash (Physics)

Vijay Goud	Studies on carbon/polypropylene composites made through electrostatic powder coating and other methods	Dinesh Kalyanasundaram, and R. Alagurusamy and Apurva Das (Textile)
Snekha Thakran	Quantitative Analysis of Multi-Parametric MRI Data for Improving Breast Tumor Diagnosis and Grading.	Anup Singh
Ayan Debnath	Development of quantitative CEST MRI methods with clinical applications	Anup Singh
Neha Singh	Design of Robotic Hand Bases Intervention with Brain Stimulation Applications for Post-Stroke Neuro-Rehabilitation	Amit Mehndiratta
Sumit Madan	Development and evaluation of topical drug delivery system for treatment of inflammatory disorders	Veena Koul
Smita Patil	Controlling Stem Cell Differentiation for Tissue Engineering	Neetu Singh

## RESEARCH

### Patents filed: 7

1. Dinesh Kalyanasundaram, Rohan Chawla, Jayanta Bhattacharyya and Lata Kaushik, Ocular Chemoport, Indian Patent Application No: 201911043252, Filed on 24 October 2019
2. Deepak Joshi, Ashutosh Tiwari, Indian Patent Application No. 201911034729, titled Insole based foot pressure measurement system, filed in August 2019
3. Amit Mehndiratta, Neha Singh, Indian Patent Application No. 201911027688, titled Physiological Signal Guided Brain Stimulation with Adaptive Performance Feedback, filled on 10 July 2019
4. Anup Singh, Amit Mehndiratta, Sandeep Panwar Jogi, Rafeek T, Indian Patent Application No. 201911021295, titled Device for Exerting Axial Load on Load Bearing Joint of Human Being During Scanning, filed on 29 May 2019
5. Veena Koul, Indian Patent No. 330077, Application No. 2478/DEL/2013, Superparamagnetic iron oxide nanoparticle formulation as MRI negative contrast enhancing agent for cancer detection of organs of the reticuloendothelial system and process of its preparation thereof, filed in 2019
6. Singh Neetu, Kaur Tejinder, Application no. PCT201911046377, Hydrogels to improve diabetic wound healing (Applied, 2019)
7. Surender Kharbanda, James Hill, Sireesh Appajoyosyulan, Mark Rosenberg, Harpal Singh Application number PCT WO2020018778A1, Polymeric nanoparticles comprising salinomycin

### Technology Transfer to Industry: 2

1. Harpal Singh, Technology transfer to UFLEX Ltd. NOIDA for PPE Coverall for production and commercialization May 2020.
2. Harpal Singh, Technology transfer to Fibrex Construction and Chemicals Pvt. Ltd. Faridabad for breathable PPE Coverall for production and commercialization May 2020.

## RESEARCH

### Funded projects

#### Ongoing

1. Re-engineering High End Audiometric Devices for Robust and Affordable audiological testing sound, Dinesh Kalyanasundaram, Indo-German Science and Technology Centre, Rs 55 lakhs
2. Design-development-evaluation of aptamer based high sensitive-low cost kits for the detection of mycotoxins, Hariprasad, DST, Rs 36 lakhs
3. Development of methodology for quantitative multi-parametric MRI and evaluating its potential along with Machine Learning in classification of brain tumor and treatment follow up, Anup Singh, SERB-DST, Rs 30 lakhs
4. Artificial skin (Bio-inspired bi-layer polymeric hybrid Scaffold) for burn injuries and trauma care, Veena Koul, IMPRINT India, MHRD and MOH, Rs 220 lakhs

5. MUC1 pulsed DC-derived exosomes for cancer immunotherapy, Jayanta Bhattacharyya, DBT, Rs 63 lakhs
6. International Biodesign Programme, Prof. Harpal Singh, DBT, Rs 150 lakhs

## PUBLICATIONS

**Journals: 33**

**Abstracts: 23**

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

### Students

Rupsa, PhD student, guided by Dr Anup Singh, received Magna Cum Laude in May 2019.

Rafeek, PhD student, guided by Dr Anup Singh, received Magna Cum Laude in May 2019.

Veena Arora, guided by Dr Neetu Singh, received young researcher award by IIT Delhi, and was the NASI-SCOPUS Young scientist awardee for the year 2019

**Dr Amit Mehndiratta** received the E.K. Zavoisky award at 27th Proceeding of International Society of Magnetic Resonance in Medicine (ISMRM) 2019, Montreal, Canada.

**Dr Arnab Chanda** was selected for the Indo China Tour organized by the Department of International cooperation, Ministry of Science and Technology of China and Indian Embassy; visited prominent universities in Singapore and Brunei as a part of the Institute of Eminence (IOE) delegation from India.

**Dr Neetu Singh** organized the AIIMS-IITD Biodesign Summer Workshop, 2019

## VISITING SCIENTISTS AND INVITED TALKS

1. **Professor Pedro Irazoqui**, Reilly Professor of Biomedical Engineering and Professor of Electrical and Computer Engineering, Purdue University, USA, 26 February 2020, **Title:** Electroceuticals
2. **Dr Manoj Kumar**, Stem cell Institute, Department of development and regeneration, KU Leuven, Belgium, 6 January 2020, **Title:** Complex in-vitro Liver models: does organoid technology hold key for disease modelling in preclinical settings?
3. **Dr Sanhita Sinharay**, Faculty Research Instructor at MD Anderson Cancer Center, Houston, Texas in the department of Cancer Systems Imaging, 19 September 2019, **Title:** Picturing the future of healthcare through molecular imaging.

## 9.5. Biophysics

### SERB Distinguished Professor

### Professor and Head

Punit Kaur

### Professors

Savita Yadav

Sujata Sharma

### Additional Professors

G. Hariprasad Rao

Sharmishtha Dey

### Associate Professor

Ethayathulla AS

### Assistant Professors

Krishna Kumar Inampudi

Saroj Kumar

Pradeep Sharma

### Scientists

Asha Bhushan

S. Baskar Singh

Manoj Kumar

Uddipan Das

## HIGHLIGHTS

During the period under report, the department had over 25 ongoing research projects funded by extramural grants. Research in the Department is concerned with determining the molecular basis of biological process, rational structure-based drug design and discovering new specific biomarkers. The department provides facilities for data collection on protein and small molecule crystals, medical bioinformatics, protein sequencing and peptide synthesis, proteomics and dynamic light scattering. The Department had received a Fund for Improvement of Science and Technology Infrastructure in Higher Educational Institutions (FIST) grant from Department of Science and Technology (DST), Govt. of India, which has been ongoing in the last year. In the past one year, faculty and scientists had 36 research publications in various peer reviewed journals. The Department continued providing postgraduate education and short and long term training to MSc, PhD and MD students. The faculty members and scientists were invited to deliver lectures and seminars all over the country and have delivered 46 lectures. The Department was awarded the second prize for the Best exhibit at the Institute Day on 25 September 2019.

## EDUCATION

### Postgraduate

The faculty and scientists of the Department of Biophysics continued with teaching and guiding students for PhD degree, MSc (Biophysics) and MD (Biophysics). The postgraduate teaching includes theory classes, hands-on practical classes and a dissertation project.

### Short and Long term Training

The Department also imparted long- and short-term training to MSc and MTech students from different institutes and universities.

### Lectures delivered

**TP Singh: 10**

**Punit Kaur: 3**

**Savita Yadav: 5**

**Sujata Sharma: 1**

**Sharmistha Dey: 3**

**Saroj Kumar: 2**

**Jyotirmoy Banerjee: 5**

**Manoj Kumar: 1**

### **TP Singh**

1. Structure and function relationship of innate immune proteins and their applications as protein antibiotics, Workshop on Recent Advances in Bioinformatics, 23 May 2019, Jorhat
2. Observing multiple ligands in the substrate binding site of bovine lactoperoxidase, Conference on Multidisciplinary Research at ESRE: An opportunity for Indian Science, 14 June 2019, Faridabad
3. Protein antibiotics as new generation weapons against invading microbes, Newly emerging trends in the Biotechnology Under the Summer Undergraduate Research Programme, 15 July 2019, Delhi
4. Innate immunity proteins and their applications as protein antibiotics, International Conference on Molecular Medicine, 27 September 2019, Changa
5. Protein structure and drug discovery, International Symposium on New horizons in Biotechnology, 20 November 2019, Trivandrum
6. Molecular association of innate immunity proteins enhances their potency for acting as Protein Antibiotics, International Conference on Recent Trends in Structural Biology and Computer Aided Drug Design, 11 December 2019, Karaikudi
7. Structural biology and molecular medicine, Kerala Literature Festival, 16 January 2020, Kozhikode
8. Innate immunity proteins as resistance-free antibiotics- the structural basis, International Workshop on Advances in Genomics, Proteomics and Drug Discovery and Development, 5 February 2020, Bangalore
9. The role of mammalian heme peroxidase in breast cancer and Nature's remedial effort and drug designer's strategy, Emerging Trends Molecular Oncology, 14 February 2020, Jhajjar
10. Structural basis of the exploitation of innate immunity proteins as new generation antibiotics, Annual Conference of Biotechnology and Bioinformatics, 27 February 2020, Thanjavur

### **Punit Kaur**

1. Role of Structural Bioinformatics in Biological Sciences, QIP Short Term Course on Emerging Computational tool in drug design and discovery (ECTD3), 7 October 2019, Varanasi
2. Exploring C-terminal domain from Gyrase A as a drug target in *S. Typhi*, International Conference on New Horizons in Biotechnology, 20 November 2019, Trivandrum
3. Sequence based identification of resistance mechanism in *Salmonella Typhi* clinical isolates from Northern India, Advancement in Genomics, Proteomics to Drug Discovery and Development associated with neurological disorder, 5 February 2020, Bangalore

### **Savita Yadav**

1. Differential Salivary Proteomics: A tool for searching early screening markers of ovarian cancer, National conference on Changes in Lifestyle Influencing Adolescent Health, 28 September 2019, Jaipur
2. Environment, Lifestyle and Human cancers National Conference on Biotechnology in present Era, Impact on human life and Environment, 23 August 2019, New Delhi
3. Characterization of Proteins from Medicinal Plant and Scope in Management of Cancer National, Seminar on Integrative approach for management of cancer, 12 February 2020, New Delhi
4. Discovery of Differential Semen Protein Signatures for elucidation of Fertility of Acute Lymphoblastic Leukemia (ALL) Survivors, ISSRF-2020, 15 February 2020, Katra
5. Exploring differential salivary proteome in a quest for devising a non-invasive method for early screening of cervical cancer, 9th Annual International Conference of Indian Academy of Biomedical Sciences, 28 February 2020, Kolhapur

### **Sujata Sharma**

1. Structural Studies on Lactoferrin, A Moonlighting Protein Wonder, Workshop entitled Exploring Biology through macromolecules, 26 February 2020, Aligarh

### **Sharmistha Dey**

1. Novel biomarkers for sarcopenia and frailty in old age, Gericon 2019, 7 December 2019, Vellore
2. Novel blood-based biomarkers of Alzheimer's disease, IBRO-APRC MLSU School of Neuroscience, 5 August 2019, Udaipur
3. Blood based protein marker of Head & Neck Squamous Cell Carcinoma and their therapeutic intervention, Indian Science Congress 2020, 6 January 2020, Bangalore

### **Saroj Kumar**

1. Applications of infrared micro spectroscopy in disease, 6th International Congress on microscopy and spectroscopy, 12 May 2019, Turkey
2. Sample preparation, Mass spectrometry & data analysis, School and symposium on advances in Biomedical Mass spectrometry & workshop in metabolomics, 11 November 2019, Kolkata

### **Jyotirmoy Banerjee**

1. Training & demonstration of patch-clamp technique, Workshop on advanced electrophysiological methods and symposium on ion channels, 27 September 2019, New Delhi
2. Basic Neuroscience Research in Drug Refractory Epilepsy, Annual AIIMS-COE Epilepsy Workshop: SEEG, 12 November 2019, New Delhi
3. Cold Atmospheric Plasma Jet Treatment for Brain Tumors: A Possible Adjunct Therapy, Seminar on Plasma Technologies for Health Sector (PTHS-2019), 29 November 2019, Gandhinagar
4. GABAA receptor-mediated epileptogenicity varies with age at seizure onset in patients with focal cortical dysplasia (FCD), 21st Joint conference of Indian Epilepsy Society and Indian Epilepsy Association (ECON 2020), 17 January 2020, Ahmedabad
5. Investigation of the role of mass spectrometric lipid profiles of brain tissues resected from patients with focal cortical dysplasia (FCD) in defining the epileptogenic zone (EZ), 21st Joint conference of Indian Epilepsy Society and Indian Epilepsy Association (ECON 2020), 17 January 2020, Ahmedabad

### **Manoj Kumar**

1. Current Status of Protein Bioinformatics, National Conference on Recent Advances in Protein Bioinformatics, 24 February 2020, Rohtak

### **Oral papers/posters presented**

1. Kaur P, Katiyar A, Sharma P, Sharma A, Kapil A, Whole Genome Sequencing of Clinical Isolates in Salmonella Typhi from Northern India, ASM Microbe 2019, June 20-24, 2019, San Francisco, USA

## RESEARCH

### Funded projects

#### Ongoing

1. Structure and function studies of peptidoglycan recognition proteins from innate immune systems, TP Singh, SERB-DST, 5 years, 2014-2019, Rs 141 lakhs
2. Structure based In Silico Identification, Chemical Synthesis and Biological Evaluation for inhibitors against DNA Gyrase from Salmonella Typhi, Punit Kaur, ICMR, 3 years, 2019-2022, Rs 56.5 lakhs
3. AMR-Diag: A Novel Diagnostic Tool for Sequence Based Prediction of Antimicrobial Resistance, Punit Kaur, ICMR (Indo-Norway), 3 years, 2018-2021, Rs 136 lakhs
4. Characterization of silk fibroin film prepared from oak tasar (*Antheraea proylei*) cocoon for potential biomaterial applications, Punit Kaur, DBT-NER, 3 years, 2018-2021, Rs 29.67 lakhs
5. Development of novel and efficient carbohydrate enzymes for bioenergy and biovalued products, Punit Kaur, DBT-NER, 3 years, 2018-2021, Rs 23.99 lakhs
6. Effect of Non-Ionizing Electromagnetic field (EMF) on human health, Savita Yadav, ICMR, 5 years, 2017-2022, Rs 61 lakhs
7. Exploring male factors in recurrent pregnancy losses: A genomics and proteomics based approach, Savita Yadav, ICMR, 3 years, 2019-2022, Rs 49 lakhs
8. Rational Structure-based ligand design for developing the novel antibacterial agents against Peptidyl RNA-hydrolase, a drug target from the multidrug resistant bacteria, *Acinetobacter baumannii*, Sujata Sharma, ICMR, 3 years, 2017-2020, Rs 68 lakhs

9. Rational Structure-based ligand design for developing the novel antibacterial agents against the enzymes of CoA synthetic pathway in drug resistant bacteria, *Acinetobacter baumannii*, Sujata Sharma, ICMR, 3 years, 2020-2023, Rs 50 lakhs
10. Structural and functional studies on trypsin cleaved functional fragments of lactoferrin and their binding with lipopolysaccharide, Sujata Sharma, ICMR, 3 years, 2019-2022, Rs 60 lakhs
11. In silico structural and functional characterization of mycobacterium tuberculosis elongation factors, Sujata Sharma, ICMR, 3 years, 2020-2023, Rs 24 lakhs
12. Structural and Biochemical characterization of glyceraldehyde-3-phosphate dehydrogenase (GAPDH) from *A. baumannii* and design of inhibitors, Sujata Sharma, ICMR, 3 years, 2019-2022, Rs 25 lakhs
13. Therapeutic intervention of small molecule based novel activator of Sirtuin on rat model of Alzheimer's disease, Sharmistha Dey, ICMR, 3 years, 2019-2022, Rs 65 lakhs
14. Structural and biophysical characterization of bacterial cell division protein FtsZ from *Salmonella enterica*: antimicrobial drug target, AS Ethayathulla, DST, 3 years, 2016-2019, Rs 33 lakhs
15. Biophysical and structural characterization of curcumin as a potential ligand to restore p53 Y220 mutant function in human cancer, AS Ethayathulla, AIIMS, 2 years, 2017-2019, Rs 9.8 lakhs
16. Structural and functional characterization of translational rescue system by Peptidyl tRNA hydrolase by forming non-hydrolysable peptidyl tRNA complex to gain insights for drug development against tuberculosis, Krishna K Inampudi, DST, 4 years, 2017-2021, Rs 4.9 lakhs
17. Structure based design of nanobody inhibitors against EGFR: A Protein engineering approach to develop novel therapeutics for lung cancer, Krishna K Inampudi, ICMR, 3 years, 2019-2022, Rs 65 lakhs
18. Development of potent inhibitors against drug-resistant EGFR kinase for the treatment of EGFR positive tumors, Krishna K Inampudi, DST, 3 years, 2020-2023, Rs 40 lakhs
19. Development of potent inhibitors for NSP RNA polymerase and PL protease from novel corona virus for the treatment of COVID-19, Krishna K Inampudi, AIIMS, 2 years, 2020-22, Rs 8 lakhs
20. Design and development of novel imaging agents for the earlier diagnosis of Alzheimer's disease, Saroj Kumar, ICMR, 3 years, 2019-2022, Rs 37 lakhs
21. To investigate the role of dysfunctional benzodiazepine binding site on GABAA receptor in benzodiazepine-resistance associated with pharmaco-resistant epilepsy, Jyotirmoy Banerjee Office of Principal Scientific Adviser to Govt. of India under the project "Advanced Epilepsy Research: A Multidisciplinary Approach, 3 years, 2018-2021, Rs 136 lakhs
22. Investigating the role of metabolites and neurotransmitters in abnormal synaptic transmission associated with mesial temporal lobe epilepsy (MTLE) and focal cortical dysplasia (FCD): Possible biomarkers for localization of epileptogenic foci, Jyotirmoy Banerjee, DBT, Govt. of India under the project "Centre of Excellence for Epilepsy Research Phase-II", 3 years, 2018-2021, Rs 168 lakhs
23. Elucidating region-specific alterations of glutamatergic excitatory neurotransmission in a rodent pilocarpine model of temporal lobe epilepsy, Jyotirmoy Banerjee, DBT, 3 years, 2018-2021, Rs 61 lakhs
24. Effect of plasma jet on tumor tissues resected from patients with tumor linked refractory epilepsy, Jyotirmoy Banerjee, Dept of Atomic Energy (DAE), 3 years, 2018-2021, Rs 33 lakhs
25. Role of  $\alpha 7$  and  $\alpha 4\beta 2$  subtypes of nicotinic receptors in abnormal synaptic transmission associated with hippocampal sclerosis, Jyotirmoy Banerjee, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
26. Rational structure-based ligand design for developing the novel antibacterial agents against proteins involved in the histidine biosynthesis pathway in *Acinetobacter baumannii*, Pradeep Sharma, ICMR, 3 years, 2020-2023, Rs 60 lakhs
27. Drug repurposing against SARS-CoV-2 main protease: Structural and functional studies, Pradeep Sharma, AIIMS, 2 years, 2020-2022, Rs 8 lakhs
28. Structure based identification of antimicrobial compounds, Pradeep Sharma, DBT, 5 years, 2020-2025, Rs 50 lakhs
29. Comparative proteomics analysis to identify potent biomarkers during the transformation of premalignant oral conditions to malignant oral squamous cell carcinoma, S. Baskar Singh, DST, 3 years, 2019-2021, Rs 43 lakhs

### **Completed**

1. Structural Studies of peptidoglycan recognition proteins (PRPs), Peptidyl tRNA-hydrolase, Dihydrodipicolinate synthase (DHDPS), Dihydrodipicolinate reductase (DHDPR) and phospholipase A2, TP Singh, INSA, 5 years, 2014-2019, Rs 25 lakhs
2. Structure based design and synthesis of novel antitumor heteroarene anthracenediones, Punit Kaur, DST-RFBR, 2.5 years, 2017-2020, Rs 24.4 lakhs

3. Peptidyl tRNA hydrolase (Pth): Structure and functional mechanism of Pth with Non hydrolysable peptidyl tRNA, Krishna K Inampudi, AIIMS, 2 years, 2017-2020, Rs 9.8 lakhs
4. Characterization of fibroblasts to understand the possible role in breast cancer progression by FTIR imaging, Saroj Kumar, AIIMS, 2 years, 2017-2019, Rs 9.8 lakhs
5. Structural characterization of Sulfate Activation Complex from Mycobacterium tuberculosis, Uddipan Das, AIIMS, 2 years, 2017-2019, Rs 8 lakhs

## Departmental projects

### *Ongoing*

1. A structure based approach for understanding the role of Hsp90 in relation to Cdh1/Fzr, an activating subunit of anaphase promoting complex/cyclosome with drug targets
2. Structure determination of MurE ligase from Salmonella Typhi and structure based ligand design for developing new drugs
3. Design of inhibitors against MurB from S. Typhi to develop drugs for MDR pathogens using in silico screening and structure based approach
4. Therapeutic intervention of Alzheimer's disease by targeting Sirtuin in in-vivo model
5. Study on circulating level of inflammatory proteins, their signalling cascade in metastatic breast cancer and therapeutic implications for the same.
6. Study of potential modulators targeting pathways involved in hyperphosphorylation of Tau
7. Analysis of Anti-neurotoxicity of Amyloid Beta (A $\beta$ ) in Alzheimer's disease (AD) pathology targeting Lipoxygenases
8. Structural and Functional Studies of FtsZ cell division protein as a potential drug target against Salmonella Typhi.
9. Structural and functional reactivation of p53 mutant using natural compounds in human cancer cell lines harbouring mutation Y220C
10. Structural and functional characterization of p53
11. Structural and biophysical characterization of p73DBD with p53 natural promoter sequence
12. Structural and Functional studies of Mycobacterium Tuberculosis Peptidyl tRNA hydrolase - A Novel drug target of Multidrug Resistance Tuberculosis
13. Development of potent inhibitors against drug-resistant EGFR kinase for the treatment of EGFR positive tumors
14. Atherosclerotic Cardiovascular disease: unravelling the early biomarkers from biofluid exosomes by iTRAQ based quantitative proteomics
15. Structure based design of nanobody inhibitors against EGFR: A Protein engineering approach to develop novel therapeutics for lung cancer
16. Elucidate the role of Semaphorin in epileptogenesis and hyperexcitability associated with temporal lobe epilepsy.
17. Understanding age dependent dysmaturity of cerebral cortex in cortical dysplasia.
18. Understanding the mechanism of AMPA Receptor clustering in Cortical Dysplasia and non-cortical dysplasia pathologies.
19. Role of  $\alpha$ 7-nAChR and  $\alpha$ 4 $\beta$ 2-nAChR in altered synaptic transmission associated with cortical dysplasia and non-cortical dysplasia DRE pathology.
20. Elucidating the role of cytosolic phospholipase A2 in mesial temporal lobe epilepsy.

### **Completed**

1. Elucidation of circulating cell free miRNA in pathogenesis, disease progression and outcome in multiple myeloma using integrated bioinformatics and experimental approach
2. Intervention of non-classical class I Human leukocyte antigen G in HNSCC and its therapeutic implications
3. Structural and Biophysical Characterisation of p53 Wild Type and Mutant R337H
4. Peptide inhibitor designing and validation for sEGFR using computational Protein design
5. Identification of DNA Aptamers against human sEGFR to treat lung cancer
6. Biophysical characterization of the ATPase domain of SugABC transporter from Mycobacterium tuberculosis
7. Computational analysis of resistance to imatinib and related drugs in CML due to mutations in BCR-Abl kinase and design of mutation resilient inhibitors
8. Identification of DNA aptamers against human sEGFR to treat lung cancer

## Collaborative projects

### *Ongoing*

1. Genomic Analysis of *S. Typhi*, Microbiology
2. Synthesis of novel DNA Gyrase inhibitors, JMI, New Delhi
3. Harmonized Diagnostic Assessment of Dementia (DAD) for Longitudinal Aging Study of India (LASI), Geriatric Medicine
4. Medicine Study of Regeneration of Skeletal Muscle in Old Age, Geriatric Medicine
5. Structure-based design of nanobody inhibitors against EGFR: A Protein engineering approach to develop novel therapeutics for lung cancer, Life Sciences, Shiv Nadar University, Center for Computational Biology and Bioinformatics, Central University of Himachal Pradesh, Pulmonary Medicine and Sleep Disorders, AIIMS
6. A nanomedicine approach against drug-resistant EGFR kinase for the treatment of EGFR positive tumors, Pulmonary Medicine and Sleep Disorders, AIIMS, Chemistry, IIT Delhi, Biochemistry, Microbiology and Immunology, University of Ottawa, Canada
7. Targeting drug resistant tumor harboring mutant EGFRs: A next generation molecular approach for the treatment of Non-Small Cell Lung Cancer, Department of Chemistry, IIT Delhi, Pulmonary Medicine and Sleep Disorders, AIIMS, New Delhi
8. Role of Inhibitors of Apoptosis Proteins in Gastroenteropancreatic Neuroendocrine Tumors, Anatomy
9. Development of early detection technique for Parkinsons disease, Neurology
10. Development of early screening technique and understanding of cognitive impairment, Geriatrics and Neurology
11. Deciphering the role of casein kinase 2 in mesial temporal lobe epilepsy, Neurosurgery

### *Completed*

1. Elucidation of circulating cell free miRNA in pathogenesis, disease progression and outcome in multiple myeloma using integrated bioinformatics and experimental approach, Lab Oncology, IRCH
2. Evaluation of novel intracellular proteins in serum as marker of ageing, Geriatric Medicine
3. Evaluation of perimplant crevicular fluid metalloproteinase-8 (MMP-8) and cathepsin- k (CTSK) levels in immediate loaded and delayed loaded dental implants, Centre of Dental Education and Research
4. Role of kynurenic acid, a glutamate receptor inhibitor, in hyperexcitability associated with mesial temporal lobe epilepsy (MTLE), Neurosurgery
5. Deciphering the role of GABAA receptor alterations in pediatric and adult patients with focal cortical dysplasia, Neurosurgery
6. Deciphering the role of ATF3 and TGF $\beta$  signaling in Mesial Temporal lobe epilepsy (MTLE) patients, Neurology

## PUBLICATIONS

**Journals: 34**

**Abstracts: 2**

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor TP Singh** received SASTRA-G.N. Ramachandran Award for Excellence in Science-2020. Elected President of the Bio-informatics and Drug Design Society (BIDDS) (2020-2022). Elected President of the Biotech Research Society of India (2019-2021). Awarded SERB-DST Distinguished Fellowship (2019-2024)

**Professor Punit Kaur** was Elected President of Indian Crystallographic Association. Elected member of INSA-IUPAB Committee

**Professor Savita Yadav** received Fellowship of National Academy of Medical Sciences, New Delhi; Elected as Vice-President of Indian Academy of Biomedical Sciences, India; Received AIIMS Oncology Research Award (Third Prize)

**Professor Sujata Sharma** received the Kalpana Chawla Excellence Award for excellence in Science

**Dr Hariprasad G** received 2nd Prize for Logo Designing for Central Core Research Facility, AIIMS, New Delhi. The logo is displayed at the entrance of CCRF.

**Dr Sharmistha Dey** received the First prize in AIIMS Oncology Research award, 2019 AIIMS, New Delhi

**Dr Ethayatulla AS** organized the Indo-Italian Elettra Beamline Workshop: Application in drug discovery from 11 to 12 November 2019 in New Delhi.

**Dr Saroj Kumar** invited review in journal Acta Biomaterialia (Elsevier Publications, IF: 7.15), 2019; invited by MedTech4Health, Uppsala to participate in Indo-Swedish Health Year 2019 at the Swedish Embassy, India; Joint Secretary; 19th Biennial Conference of Association of Gerontology, 2019; Expert reviewer of “Polish National Grant Application”, Poland, 2019

**Dr Jyotirmoy Banerjee** received Best platform presentation at 21st Joint conference of Indian Epilepsy Society and Indian Epilepsy Association (ECON 2020) at Ahmedabad, Gujarat jointly with Dr. Aparna Dixit; Co-Editor for the journal Neurology India; Reviewing Editor for the journal Frontiers in Neuroscience (Neuropharmacology section).

## **VISITING SCIENTISTS**

The following noted scientists and eminent academicians have visited the department for presenting lectures and scientific cooperation in the past year:

Dr Rafi Ahmad, Norway

Dr Arne Michael Taxt, Norway

Dr Ekaterina Avershina, Norway

Dr Sonika Bhatnagar, New Delhi

## 9.6. Biostatistics

### Professor and Head

RM Pandey

### Professors

SN Dwivedi      V Sreenivas

### Additional Professor

Maroof A Khan

### Scientist-I

M Kalaivani

Shivam Pandey

Nilima

### HIGHLIGHTS

The department conducted two hands on workshop on various aspects of biostatistics for faculty/residents and PhD students in the Institute. Department had four ongoing extramural funded research projects. Collaborative research projects with various Centers/Departments in the Institute, includes 81 ongoing and 58 completed research projects. Faculty and Scientist in the department had 155 research publications in various peer reviewed medical journals. Faculty and Scientist: Continued to be reviewer for almost all the major medical journals in the country and for several International Medical Journals from various medical specialties; Served on various administrative and scientific committees in the Institute; Invited members of various scientific committees of the ICMR, DBT, DST, AYUSH; served on Data Safety Monitoring Boards (DSMB) of several National and International Clinical Trials; delivered invited lectures in various Institutes/Universities in the country and abroad; and served as examiners of PhD thesis submitted to various universities in the country.

### EDUCATION

The department continued teaching “Biostatistics and Essentials of Research Methods” for the undergraduate, paramedical and postgraduate courses, viz. MBBS, BSc (Hons) in Medical Technology in Radiology, MBiotech, BSc and MSc Nursing, and MD Community Medicine. Department plays major role in conducting Research Methodology, Writing and Communication workshops for the residents in the Institute, a mandatory 5 days course work in four batches. On request, faculty members delivered series of lectures for the residents, PhD students and participated in departmental scientific presentations in various Centers/Departments in the Institute. Besides guiding PhD students in the department, faculty members and scientists contributed to the academic activities of other departments in the Institute as Co-Guides, DC Members of PhD, DM, MCH, MD/MS/MHA/MDS, students. Also, departmental faculty and scientists delivered 29 invited lectures in various workshops on Research Methodology and Biostatistics in various national and international workshops/conferences.

### CMEs/Workshops/Symposia/National and International Conferences

#### Lectures delivered

RM Pandey: 7

SN Dwivedi: 22

V Sreenivas: 5

Shivam Pandey: 5

#### RM Pandey

1. Data Management and Statistical Analysis, Clinical Research Symposium of Clinical Research Methodology and Medical Writing, 24 and 25 August 2019, Coimbatore
2. Determination of Sample Size and Statistical Analysis, Workshop on Research Methodology and Research Paper Writing Techniques, 5 and 6 September 2019, Dharamshala
3. Statistical Aspects in Clinical and Genetic Epidemiology, Advance Course on Clinical & Genetic Epidemiology, 12-14 September 2019, Kalyani
4. Design and Conduct of Randomized Control Trial, Workshop on Randomized Control Trial, 23 and 24 September 2019, Kochi
5. Statistical Aspects in Development of Research Protocol, CME & Training of Trainers on How to Write Thesis, 16 and 17 October 2019, Guwahati
6. Interpreting Medical Statistics in Medical Research, Workshop on Interpreting Medical Statistics in Clinical and Public Health decision making, 11 January 2020, Meerut

7. Five lecturers on Essentials of Biostatistics, Introduction to Statistical Methods at Anti-Doping Laboratory Qatar, 25-27 November 2019, Doha, Qatar

### **SN Dwivedi**

1. Systematic Review and Meta-analysis in Non-Communicable Diseases and Public Health, CME for MPH Students, 15 April 2019, Gurugram
2. Biostatistical Issues in Medical Research, CME at Oncology Forum Academic, 17 April 2019, New Delhi
3. An Overview of Research Methodology, PG Orientation cum CDE Program on Biostatistics and Research Methodology, 14 August 2019, Rohtak
4. Building Knowledge for Precision Medicine: Baseline Data of 7137 Participants from Indo-Dutch Cohort Study, 19th Biennial Conference of the Association of Gerontology, 17 and 18 August 2019, New Delhi
5. Sampling and Sample Size Determination, Training Course on Data Analysis using Statistical Software for Health and Demographic Research, 5 September 2019, New Delhi
6. Statistics in Evidence Based Medicine for Treatment of Breast Cancer, National Conference on Emerging Trends in Statistics and Data Sciences, 7 September 2019, New Delhi
7. Designing a Randomized Controlled Trial, XXI Annual Conference of the International Society of Addiction Medicine, 13 November 2019, New Delhi
8. Fundamentals of Study Design and its measure, Workshop on Introductory Course on Research Methodology and Biostatistics for Nursing Professionals, 19 and 20 November 2019, Dehradun
9. Fundamental of Statistics, Data, Data Quality & Collection Methods, Workshop on Introductory Course on Research Methodology and Biostatistics for Nursing Professionals, 19 and 20 November 2019, Dehradun
10. Fundamental of Inferential Statistics, Workshop on Introductory Course on Research Methodology and Biostatistics for Nursing Professionals, 19 and 20 November 2019, Dehradun
11. Parametric Test & Its interpretation, Workshop on Introductory Course on Research Methodology and Biostatistics for Nursing Professionals, 19 and 20 November 2019, Dehradun
12. Issues under Randomized Controlled Trials, Workshop under the Research Project: “Fever, hyperglycemia, swallowing and hypertension management in acute stroke: A cluster randomized controlled trial (Indian Quality Enhancement in Stroke Care study- InQuEST)” under Indian Stroke Research Network, 23 November 2019, Varanasi
13. Indian Cohort, LoCARPN Study on Stroke and Cognitive Decline: The Cohort Profile, 37th Annual Conference of Indian Society for Medical Statistics, 5-7 December 2019, Patna
14. Issues in Data Collection, Large Population Based Cohort Studies, Building Knowledge for Prevention of Stroke and Dementia: A National Workshop on Population Based Cohort Studies, 17 December 2019, New Delhi
15. Research Question and Designs of Research Studies, Workshop on Fundamentals of Biostatistics and Hands on Training on SPSS for PG Students/Faculty, 16-18 January 2020, Gangtok
16. Epidemiological and Statistical Measures of Association between Categorical Variables, Workshop on Fundamentals of Biostatistics and Hands on Training on SPSS for PG Students/Faculty, 16-18 January 2020, Gangtok
17. Testing of Hypothesis: Principles, Workshop on Fundamentals of Biostatistics and Hands on Training on SPSS for PG Students/Faculty, 16-18 January 2020, Gangtok
18. Parametric and Non-Parametric Tests, Workshop on Fundamentals of Biostatistics and Hands on Training on SPSS for PG Students/Faculty, 16-18 January 2020, Gangtok
19. Statistics in Evidence Based Health Care, Annual festival “Simulation-2020”, 13 February 2020, New Delhi
20. Effectiveness of regimens used under Neo-adjuvant Chemotherapy in Treatment of Breast-Cancer: Network Meta Analysis, 8th International Translational Cancer Research Conference, 13-16 February 2020, Varanasi
21. Advanced Statistical Methods in Evidence Based Health Care: Pair vs. Network Meta Analysis, Workshop on “Statistical Techniques and Data Analysis using Software”, 25 February-1 March 2020, Rohtak
22. Sampling Methods in Qualitative Studies, CME on Qualitative Research, 5 March 2020, Gurugram

### **V Sreenivas**

1. Study Designs & Basic Analysis, Research Methods workshop for Young Scientists, 2 July 2019, New Delhi
2. Chance, Bias & Confounding, Research Methods workshop for Medical Faculty, 4 September 2019, New Delhi
3. Case-Control Study, Young Clinicians Program, 12 October 2019, Chennai
4. Sampling & Sample size estimation, Research Methods workshop for Medical Faculty & Scientists, 23 October 2019, NOIDA

5. Sample Size Determination, PG Residents, Radiotherapy, 17 March 2020, New Delhi

### **Shivam Pandey**

1. Study Designs & Basic Analysis, Research Methods workshop for Young Scientists, 2 July 2019, New Delhi
2. Chance, Bias & Confounding, Research Methods workshop for Medical Faculty, 4 September 2019, New Delhi
3. Case-Control Study, Young Clinicians Program, 12 October 2019, Chennai
4. Sampling & Sample size estimation, Research Methods workshop for Medical Faculty & Scientists, 23 October 2019, Noida
5. Sample Size Determination, PG Residents, Radiotherapy, 17 March 2020, New Delhi

### **Oral papers/posters presented**

1. Upadhyay AD, Dwivedi SN, Dhawan A, Sreenivas V. Determinants of Substance Abuse among Adolescents in India through Conventional and Hierarchical Models, 1st South East Asia Regional Group Meeting of the International Epidemiological Association, 19-21 September 2019, Colombo, Sri Lanka
2. Singh V, Deo SVS, Dwivedi SN., Negative Binomial Regression Model Assessing Factors Associated with Nodal Involvement in Oral Cancer Patients, Joint Statistical meeting (JSM2019), 27 July-1 August 2019, Denver, USA
3. Dwivedi A, Perera M, Dwivedi SN, Shukla R. Methods for Evaluating Heterogeneity in Treatment Effects in a Randomized Clinical Trial, Joint Statistical Meeting (JSM2019), 27 July-1 August 2019, Denver, USA
4. Pathak M, Dwivedi SN, Deo SVS, Thakur B, Sreenivas V. Hazard Models for Distant Recurrence in Presence of Competing Risks, namely Loco regional Recurrence & Deaths, among Breast Cancer Patients, 37th Annual Conference of the Indian Society for Medical Statistics, 5-7 December 2019, AIIMS, Patna

## **RESEARCH**

### **Funded projects**

#### ***Ongoing***

1. Air Pollution and It's Effect on Health: 20 City Multi-site Study, RM Pandey, Ministry of Environment, Forest and Climate Change, Govt. of India, 3 years, 2019-2021, Rs 26.40 lakhs
2. Multi-centric trial to study the effect of early active mobilization as compared to three weeks immobilization following tendon transfer procedures for claw hand (Data coordination and study monitoring), V Sreenivas, ICMR, 5 years, 2015-2020, Rs 21.22 lakhs
3. Chron's disease in India: A multi-center study from a country where intestinal tuberculosis as well as Johne's disease is endemic (Data coordination and study monitoring), V Sreenivas, DHR, 3½ years, 2016-2020, Rs 28.0 lakhs
4. The effect of geographical health inequalities on under five child mortality in India, MA Khan, DST, 3 years, 2017-2020, Rs 16.0 lakhs

### **Departmental projects**

#### ***Completed***

1. Pattern and Associated Factors of Lymph Node Involvement and Local Recurrence among Oral Cancer Patients: Biostatistical Considerations

### **Collaborative Projects**

#### ***Ongoing***

1. A Population Based Prospective Cohort Study to Unravel the Causes of Stroke and Cognitive Decline: A Cross-Cultural Perspective, Neurology
2. Role of hydrogen sulphide on migration of human trophoblast cells, Anatomy
3. Comparison of Critical Care TEE vs. conventional TEE in low perfusion states in patients with Septic Shock- A double blinded observational study, Anesthesiology, Pain Medicine and Critical Care
4. Interventions of human leukocyte Antigen-G in HNSCC & its therapeutic implications, Biophysics
5. Analysis of Anti-neurotoxicity of Amyloid Beta (Ab) in Alzheimer's disease (AD) pathology targeting Lipoxigenases, Biophysics

6. Study on circulating level of inflammatory proteins, their signaling cascade in metastatic breast cancer and therapeutic implications for the same, Biophysics
7. Efficacy of yoga based cardiac rehabilitation in Post-PCI patients: A prospective randomized, open-label, blinded end-point trial, Cardiology
8. Development of a scale to measure eHealth literacy among college going students aged 18-24 years, (English Version) in Faridabad, India, Centre for Community Medicine
9. To study the role of point of care ultrasound for carotid pulse check in cardiac arrest patients, Emergency Medicine
10. To study clinic epidemiological profile of patients presenting with acute abdominal pain in emergency department, Emergency Medicine
11. Harmonized diagnostic assessment of dementia (DAD) for longitudinal aging study of India (LASI), Geriatric Medicine
12. Video-observed home-based Nordic walking training versus directly-observed Nordic walking training for pre-frail older adults, Geriatric Medicine
13. Development of Indian Frailty Registry of Older Adults, Geriatric Medicine
14. Impact of frailty and geriatric syndromes on outcome of major orthopaedic surgery in older Indian, Geriatric Medicine
15. Minimally invasive evaluation of genomic aberrations in multiple myeloma, Laboratory Oncology, IRCH
16. Weight management module for menopause women: A practical guide for gynaecologists, Medicine, University of Delhi
17. Predictors of successful weight loss outcome amongst obese adults undergoing comprehensive weight loss intervention at a tertiary care hospital Medicine, University of Delhi
18. Incidence, outcome and risk factors of paradoxical reaction in HIV negative lymph node tuberculosis, Medicine
19. Predictors of severe dengue and development of a scoring system for severity, Medicine
20. Molecular characterization of Neisseria meningitides isolated from cases of acute bacterial meningitides in Delhi and adjoining area, Microbiology
21. Phenotypic and genotypic characterization of non-typeable haemophilus influenza (NTHi) from North India, Microbiology
22. Molecular epidemiology of Mycoplasma pneumonia and Pneumocystis jirovecii in immunocompromised individuals, Microbiology
23. Study of Cognition and Quality of Life in Chronic Intractable Epilepsy using Functional Magnetic Resonance Imaging (fMRI), Neurology
24. Investigation of Role of Transcranial Magnetic Stimulation in Parkinson's Disease, Neurology
25. Prevalence and determinants of cerebral micro-bleeds in people aged 50 years and above residing in urban Delhi: A population based cross sectional study, Neurology
26. Prevalence of incidental findings on Brain MRI in adults aged 50 years and above: A population based cross-sectional study, Neurology
27. Association of Vascular Risk Factors, Brain MRI Measures, Cognition and Gait in Community Dwelling adults aged 50 years and above: A population based cross sectional study, Neurology
28. Fever, hyperglycemia, swallowing and hypertension management in acute stroke: A cluster randomized controlled trial (Indian Quality Improvement in Stroke Care Study), Neurology
29. Role of MR guided Biopsy in detection of Prostate Cancer, NMR
30. Role of Magnetic Resonance in assessing therapeutic efficacy of ayurvedic treatments, NMR
31. Study on cytogenetic toxicity of low dose 131I therapy in hyperthyroid patients by using micronuclei assay, Nuclear Medicine
32. Comparison of Alpha Emitting 225Ac-DOTATATE Versus Beta Emitting 177Lu-DOTATATE Therapy in Advanced End-Stage Gastroenteropancreatic Neuroendocrine Tumor (GEP-NET) Patients, Nuclear Medicine
33. Assessment of the Changes in Quality of life and symptom burden in patients with pulmonary or airway related disease requiring pulmonary interventions- Prospective study, Onco-anesthesia & Palliative medicine
34. To study the role of vascular function and pain sensitivity in micro vascular angina, Physiology
35. Psychological Trauma Resilience in Children Adolescents: development and Psychometric Properties of a Multidimensional Scale, Psychiatry
36. Biostatistical Aspects of Prognostic Factors including Molecular Parameters in Breast Cancer Patients: An Epidemiological Appraisal, Radiotherapy

37. Role of T-Regulatory cells (tregs) and their clinical correlation in epithelial ovarian cancer, Surgical Oncology
38. Expression of selective neurotransmitters and neuropeptides in the spinal cord of morphine tolerant rats, Anatomy
39. Effects of pre & postnatal exposure to fluoride on enteric nervous system, Anatomy
40. Role of TET2 protein in Myelodysplastic syndrome, Biochemistry
41. Role of TET2 proteins in pathogenesis of AML, Biochemistry
42. Strengthening/Promoting evidence based advocacy for influenza prevention and control in India, Centre for Community Medicine
43. Effect of Vitamin D supplementation on outcome in children undergoing open heart surgery: A Randomized controlled trial, CTVS
44. Early Enteral feeding with supplemented mother's milk in post-operative pediatric cardiac surgical patients – A Randomized Controlled Trial, CTVS
45. Molecular insights into the complications of Idiopathic Hypoparathyroidism, Endocrinology & Metabolism
46. Exploration of Autoimmune basis of Indian patients with Idiopathic Hypoparathyroidism, Endocrinology & Metabolism
47. Unique features of Idiopathic Hypoparathyroidism, Endocrinology & Metabolism
48. Development and validation of a tool for assessment of adherence to gluten free diet in Indian Celiac disease patients, Gastroenterology & Human Nutrition
49. Psychiatric co-morbidities in TB/HIV co-infection, Medicine
50. Quality improvement of the invasive procedures routinely done in medicine ward, Medicine
51. Efficacy of Yoga on symptom severity and quality of life of patients suffering from pain predominant medically unexplained symptoms, Medicine
52. Psychiatric co-morbidities in TB/HIV co-infection, Medicine
53. Stoppage of empirical antibiotic therapy at clinical recovery versus at neutrophil recovery, Medical Oncology
54. Analysis of triple negative breast cancer, Medical Oncology
55. Effectiveness of bundled intervention in surgical site infections among patients undergoing clean orthopedic surgery with hardware implants: A randomized control trial, Microbiology
56. Development of a diagnostic panel of blood markers in the diagnosis and prognostication of acute ischemic stroke, Neurology
57. Genetic and clinical factors associated with aspirin resistance in Indian patients with Ischemic stroke, Neurology
58. Evaluating the role of structured education to care-givers in reducing complications in hospitalized stroke patients and improving their outcomes – A clustered randomized trial, Neurology
59. Utility of 8-channel EEG in detecting generalized spike and wave discharges in generalized epilepsy – a diagnostic study, Neurology
60. Safety and Efficacy of N-Acetylcysteine (NAC) as an adjunct to standard treatment in patients with acute Ischemic stroke – A phase-II Randomized Controlled Trial, Neurology
61. Development and use of an instrument for assessing competence of trainee doctors in providing Epilepsy primary care, Neurology
62. Early outcomes in children with ano-rectal malformations following single stage abdomino-peremeal pull-through using hanging bowel technique, Pediatric Surgery
63. Study to identify the genotype phenotype correlation in testicular biosynthetic defects and 5- $\alpha$  reductase deficiency with respect to disorders of sex development, Pediatric Surgery
64. A study on differential expression of molecular markers in urine with respect to genetic propensity to congenital uropathies, Pediatric Surgery
65. Investigations of arterial wall mechanics of low flow mediated constriction in peripheral conduit arteries, Physiology
66. Genomic expression and protein profile correlates of peripheral blood mononuclear cells in obesity after Yoga-based lifestyle intervention, Physiology
67. Muscle regeneration after iron oxide nanoparticle implantation and effect of magnetic field in complete spinal cord injury rat model, Physiology
68. Psycho-social correlates of care giving experience among caregivers of patients with Schizophrenia, Psychiatry
69. Development of Psychological Intervention Manual for adolescents with dissociative conversion disorder, Psychiatry
70. Role ultrasound guided wire localization of axillary lymph nodes in increasing the accuracy of sentinel lymph node biopsy after NACT in breast cancer, Radio-diagnosis

71. Efficacy of neoadjuvant Chemotherapy in carcinoma Esophagus – Pilot study comparing Cisplatin + 5Fu with Paclitaxel + Carboplatin, Surgical Oncology
72. A study comparing contrast enhanced computer tomography abdomen vs diagnostic laparoscopy in patients with penetrating abdominal trauma – A Randomized controlled trial, JPNA Trauma Centre
73. A randomized double blind placebo controlled pilot study evaluating the effect of topical urea as pre-treatment for preventing hand foot skin reaction in cancer patients on sunitinib therapy, Pharmacology
74. Effectiveness of Cranberry Extract Mouth- Rinse compared to Sodium Fluoride Mouth Rinse on Microbial Counts in Caries Active Children- A Randomized Controlled Trial, Center for Dental Education Research
75. Depressive disorder among adolescents in Ballabgarh, Haryana, India: A Community based cross-sectional study, Center for Community Medicine
76. Mild Cognitive Impairment (MCI) and associated factors among elderly persons in an urban resettlement colony in Delhi, Center for Community Medicine
77. Effect of Resveratrol supplementation on cognitive function and Estrogen receptor profile in hypothalamus and hippocampus of arsenic trioxide-exposed adult female mice, Anatomy
78. Mapping functional and biochemical correlates in brain of Parkinson's patients with mild cognitive impairment, NMR
79. Evaluation of the blood inventory management in a hospital based blood bank and evolution of strategy to minimize shortage and outdate of blood, Biochemistry
80. Role of sperm molecular factors in recurrent pregnancy loss, Anatomy
81. Effect of regional anesthesia on perioperative inflammatory cytokines alteration and clinical complications in orthopedic trauma surgery, Anaesthesiology and intensive care (JPNATC)

### ***Completed***

1. Role of Fluoride Toxicity on Renal Pathogenesis in Childhood Nephrotic Syndrome: an Ultra structural, Biochemical and Proteomic Study, Anatomy
2. The Effect of Ultrasound Guided Quadratus Lumborum Block on Postoperative Analgesia and Neuroendocrine Stress Response in Paediatric Patients undergoing Elective Open Pyeloplasty. A Randomized Control Trial, Anesthesiology, Pain Medicine and Critical Care
3. Study of potential modulator targeting pathways involved in the hyperphosphorylation of tau in Alzheimer disease, Biophysics
4. Development of serum protein marker and study of antioxidative effect using potential modulator for Alzheimer's disease, Biophysics
5. Effect of structured Yoga program on Stress and Professional Quality of Life among selected nursing staff in a tertiary care hospital of Delhi- A small scale phase-2 trial, Centre for Community Medicine
6. Comparison of post extraction bleeding complication in patients taking oral anticoagulants, with and without bridging therapy: a pilot study, Center for Dental Education & Research
7. Q-sofa score as a predictor of 7 & 28 days outcome in patients with suspected infection presenting to Emergency Department, Emergency Medicine
8. Gait and balance assessment in patients attending memory clinic, Geriatric Medicine
9. Comprehensive geriatric assessment of older adults attending fragility clinic in a tertiary health care setting in India, Geriatric Medicine
10. A randomized control study to evaluate the efficacy of scrambler therapy in the management of oncological pain in cancer patients, Onco-anesthesia & Palliative medicine
11. Awareness and knowledge of Indian breast cancer patients pertaining to genetic aspect of breast cancer, Surgical Oncology
12. Efficacy of intensive dietary counseling on metabolic, anthropometric and ultrasound parameters among adult Indian Non-Alcoholic Fatty Liver Disease (NAFLD) patients: A Randomized Controlled Trial, Medicine, University of Delhi
13. Biological and behavioral risk factors for obesity among outpatients and perceived barriers to weight loss among obese patients in a hospital based set-up, Medicine, University of Delhi
14. Designing and validation of evidence based questionnaire in English and Hindi for a population based cohort study in India, Neurology
15. High dose dexamethasone for primary supratentorial intracerebral hemorrhage: a pragmatic parallel group open-level randomized trial with blinded endpoint assessment (PRoBE), Neurology

16. Identification of biomarkers in Parkinson's disease using NMR, NMR
17. Metabolomics study of prostate cancer by using NMR spectroscopy, NMR
18. Dosimetric Study in Children and Adults with Differentiated Thyroid Cancer Undergoing Radionuclide (<sup>131</sup>I-Na) Therapy, Nuclear Medicine
19. Therapeutic Efficacy of Abiraterone Acetate versus Concomitant <sup>177</sup>Lu-DKFZ-PSMA-717 and Abiraterone Acetate therapy in patients with Metastatic Castration Resistant Prostate Cancer: Open Label, Two Arm, Phase II Trial, Nuclear Medicine
20. Detection of Minimal Residual Disease (MRD) in B-cell Lineage Acute Lymphoblastic Leukemia by Flow Cytometry at end of Induction, Pediatrics
21. A study of endothelial function and gene expression in healthy individuals, and their correlation with various somatotype classifications, Physiology
22. Economic Burden, Prevention and Control of Pneumonia among Elderly, Centre for Community Medicine
23. Oral Sildenafil administration in patients undergoing fontane surgery – A double blind randomized controlled trial, CTVS
24. Comparison of Pleural Effusion in fenestrated and non-fenestrated Fontane surgeries – A Randomized Prospective Study, CTVS
25. Comparison of Plasmalyte-A based del Nidocardioplegia solution with plain ringer based del Nidocardioplegia solution in pediatric patients undergoing open heart surgery – A prospective double blind randomized controlled trial, CTVS
26. The impact of modified ultrafiltration on post-operative course in patients undergoing surgery for tetralogy of fallot – a double blinded Randomized control trial, CTVS
27. A prospective split face randomized controlled study comparing injection of autologous fat alone versus autologous fat mixed with platelet rich plasma for age related facial volume deficit especially tear trough deformity; with isolation and characterization of adipose derived stem cells, Dermatology & Venereology
28. Descriptive epidemiological study of patients with dermatophytic infections attending tertiary care centre in Northern India, Dermatology & Venereology
29. Comparison of Efficacy of non-cultured extracted hair follicle root sheath cell suspension with noncultured epidermal cell suspension in re-pigmentation of leucotrichia in vitiligo, Dermatology & Venereology
30. A descriptive study to classify periocular hyperpigmentation based on clinic-investigative profile, Dermatology & Venereology
31. Estimation of epidermal ceramides in autosomal recessive congenital ichthyosis and its correlation with phenotype and genotype, Dermatology & Venereology
32. Cross-sectional study to assess autonomic nervous system imbalance and its correlation with cutaneous manifestations in patients with systemic sclerosis, Dermatology & Venereology
33. Biomarkers for assessment of villous abnormalities in patients with celiac disease and other enteropathies, Gastroenterology & Human Nutrition
34. To Study the diagnostic performance of presepsin in sepsis – A pilot study Medicine
35. Role of N-Terminal pro-BNP and cardiac Troponin-I as a biomarker to predict mortality in patients of sepsis, Medicine
36. Clinical and Biological significance of mutations in mitochondrial DNA in AML, Medical Oncology
37. A study to determine the association of trace elements and heavy metals with lung cancer and their correlation with smoking, Medical Oncology
38. Role of hENT1, RRM1, RRM2 and ERCC1 expression in advanced carcinoma of Gallbladder treated with Gemcitabine—Platinum Doublet, Medical Oncology
39. Three arm phase II/III RCT in patients with unresectable or metastatic GBC with poor performance status by best supportive care vs Erlotiniv vs capecitabine, Medical Oncology
40. Gene expression profile and its correlation with mitochondrial energy metabolism in pediatric AML, Medical Oncology
41. Role of Bone marrow micro-environment in multiple myeloma, Medical Oncology
42. To Study the diagnostic performance of presepsin in sepsis – A pilot study, Medicine
43. Quantitative real time PCR and genotyping for Cytomegalovirus in ulcerative colitis, Microbiology
44. Magnitude of Prosthetic Joint Infections (PJI) and role of amplification based DNA analysis for identifying microbial profile of prosthetic joint infections in a Tertiary Care Hospital, Microbiology

45. Impact of early organism identification by MALDI TOF on antibiotic prescription pattern & clinical outcomes, Microbiology
46. Study on role of intensive physiotherapy and trans cranial magnetic stimulation (TMS) in stroke recovery and the correlation of growth factors with intervention and recovery, Neurology
47. Standardization of dynamic F-18 FDG PET/CT protocol and comparison of whole body F-18 FDG PET CT with whole body diffusion weighted MRI for early treatment response evaluation in non-small cell lung cancer, Nuclear Medicine
48. Understanding the BRB Transponder Functions and Evaluation of Aptamers in the Experimental Model of Uveitis, Ocular Pharmacology, RP Center of Ophthalmic Sciences
49. Developing and validating QSPR model for enhanced penetration of drugs across blood ocular barriers, Ocular Pharmacology, Dr. RP Center of Ophthalmic Sciences
50. A study on the prevalence of polymorphisms in congenital uropathies and their influence on renal functional outcomes, Pediatric Surgery
51. Pharmacological modulation of inflammation in experimental model of Ischemia reperfusion injury in rat heart, Pharmacology
52. Development and validation of a questionnaire for assessing the medication adherence of hypertensive patients in India, Pharmacology
53. Randomized controlled trial to study the efficacy of exercises in early stage Parkinson's disease, Physical Medicine and Rehabilitation
54. Effect of Angiotensin Converting Inhibitor on Autonomic, Vascular and Endothelial function in Type2 Diabetes with newly diagnosed Hypertension, Physiology
55. Role of interventional radiology in obstetric related hemorrhage, Radiodiagnosis
56. A Study of Chronic Respiratory Diseases and Associated Factors among Elderly Persons in a Rural Area of Haryana, Centre for Community Medicine
57. Effect of curcumin on mice basal forebrain structures following arsenic trioxide exposure, Anatomy
58. The effect of candida and antifungal therapy on pro inflammatory cytokines in oral leukoplakia- A pilot study, Center for Dental Education & Research

## PUBLICATIONS

**Journals: 119**

**Abstracts: 9**

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor RM Pandey** had the following honors and significant events. **Ethics Committee:** Chairperson of Indian Institute of Public Health (Under PHFI), Delhi; Member: United Nations Regional Centre for Biotechnology, Under DBT. **Coordinator:** Mandatory 5 days workshop on Research Methodology, Writing and Communication, for the PG Students at the AIIMS; **Member:** Scientific Advisory Committee of National Institute of Epidemiology (ICMR); Steering Committee Member of Multi-centric collaborative study of the clinical, biochemical and molecular characterization of Lysosomal storage disorders in India; Expert Committee, Task Force project on Cleft Lip and Palate Anomaly (ICMR); Technical Advisory Group on grand challenges India/Nutrition and Health funded by Bill Milanda Gates Foundation and DBT; Expert Committee to evaluate R&D proposals on the possible impact of IMF Radiation Exposure from Mobile towers and handsets on life and related R&D initiative by DST; Expert Committee on estimation of burden of Pediatric HIV cases in India (ICMR); **Member DSMB:** Community based kangaroo mother care on newborn mortality, coordinated by WHO; **Examiner:** Ph.D. thesis submitted at Delhi University, Delhi; CMC Vellore and Kerala University.

**Professor SN Dwivedi** was **Member:** UGC Nominee, Advisory Committee, Department of Statistics, Calcutta University; National Organizing Committee for the 29th International Population Conference of International Union for Scientific Study of Population(IUSSP), to be held at Hyderabad(2021); Board of Post Graduate Studies in Statistics, Assam University, Silchar; Governing Body, Institute of Applied Statistics and Development Studies, Lucknow; Selection Committee for AIIMS, Patna; Editorial Board for World Journal of Meta Analysis; Expert Committee on Gestational Diabetes Mellitus (GDM), Task Force Committee on Methods and Project Review Committees, for Indian Council of Medical Research; International Epidemiological Association, USA; Fellow, Royal Statistical Society, UK; Committee to review the "Proposal for the Creation of a School of Public Health & Epidemiology" at the AIIMS, New Delhi; Fellowship Committee regarding FSMS Award of Indian Society for Medical Statistics(ISMS); Search Committee for other ISMS awards (Prof SK Bhattacharya Oration, Smt. Ramrati Lalima Sahai Award, Life-time Achievement Award, Prof A Indrayan Travel Grant). Institute Ethics Committee for Post Graduate studies; **Chairman,** Selection Committee, Research Section, AIIMS, Delhi; Project Steering

Committee (PSC) for New Task Force study on “Situational Analysis of Health Care Facility and Community Preparedness for Implementing Government of India Guidelines for Gestational Diabetes Mellitus”, of ICMR, New Delhi; Expert Committee to provide opinion to the National Institute of Health and Family Welfare, New Delhi, regarding recruitment rules for the post of Assistant Professor; Chaired an Invited Talk Session at Ramanujan College, University of Delhi, during a National Conference on Emerging Trends in Statistics and Data Sciences; Chaired a technical session on Alternative Ways to manage Cancer during 8<sup>th</sup> International Translational Cancer Research Conference in BHU, Varanasi; One of the Panelists for discussion on Consensus and Controversies of Medical Research in Clinical Practice in a Oncology Forum Academic Meeting at New Delhi; External Examiner to evaluate Ph.D. thesis for award of Ph.D. Degree in Statistics of University of Jammu, Jammu; Statistical Editor, Indian Journal of child Health; Editor, Demography India; Editorial Board Member, Biostatistics and Biometrics Open Access Journal; Reviewer for World Journal of Surgical Oncology; Reviewer, American Journal of Public Health; Reviewer, “Pediatrics, American Academy of Pediatrics”; Reviewer, International Society for Clinical Biostatistics; Systematic Reviews; International Journal of Educational Research and Reviews; Member, Editorial Board of Indian Spine Journal; Member, Reviewer, Indian Journal of Medical Research; Member, International Society for Clinical Biostatistics; Elected Member, International Statistical Institute, & International Association for Statistical Education, Netherlands; Founder Vice-President, Society for Evidence Based Health Care; Advisor for two Ph.D. students, University of Delhi.

**Professor V Sreenivas** was **Member**: Scientific Advisory Committee (SAC) of the National Institute for Cancer Prevention & Research, ICMR; Assessment Board for promoting the Scientists of the Indian Council of Medical Research; Task Force Committees of ICMR on Neurology, Studies on sleep disorders and DM with traditional medicines, Polycystic Ovarian Disease, Male contraceptive RISUG trial; Selection Committees & Screening Committees for various posts, ICMR; Project Review Committees of Neurology, Indian Council of Medical Research, Dept. of Health Research, India. Statistical Consultant to the Indian Journal of Dermatology and Venereal Diseases (IJDVL); Biostatistics Reviewer for Journal of Clinical Oncology (American Society for Clinical Oncology), Pediatrics (American Academy of Pediatrics), Indian Journal of Dermatology, Venereology and Leprology, and Indian Pediatrics; Statistical Consultant to the Journal of Indian Association of Child and Adult Mental Health (JIACAM); Expert for Reviewing the Research proposals, Medical Research Council, UK.; Institutional Ethics Committee, AIIMS; Subject Expert, Selection Committee for the selection of Biostatistics Faculty, Banaras Hindu University, Varanasi.

**Dr Maroof A Khan** was Editorial Board Member (Biostatistics)-International Journal of Scientific Reports; Scientific reviewer of Indian Journal of Medical Research, India; Scientific reviewer of Journal of Model Assisted Statistics & Applications, USA; Scientific reviewer of Journal of Obesity, UK; Scientific reviewer of Journal of Biomedical research, UK etc.

**Dr Shivam Pandey** was invited as a Resource Person for two & half days workshop on Introduction to Statistical Methods, at Anti-Doping Laboratory Qatar (ADLQ), Doha, Qatar.

## 9.7. Biotechnology

### Professor and Head

Jaya S Tyagi (up to 31 May 2019)

Shyam S Chauhan (from 1 June 2019)

### NASI Senior Scientist, Platinum Jubilee Fellow

Jaya S Tyagi (from June 2019 onwards)

### Associate Professor

Anushree Gupta

### Assistant Professors

Rupesh Kumar Srivastava  
Sirish Kumar Ippagunta

Bhupendra Kumar Verma  
Sumit Rathore  
Vineet Choudhary

Vikram Saini  
Mahendra Seervi

### Scientist

Shrabani Saugandhika

## HIGHLIGHTS

1. Professor Jaya S Tyagi, Chairperson, CCRF being felicitated by the AIIMS director.
2. Ms Kiran Kumari, PhD student, receiving first prize for CCRF logo designing from AIIMS director.
3. Osteoimmunology group of Dr Rupesh Kumar Srivastava, celebrating 25th anniversary of the journal 'Immunity', was featured on the journal cover page.
4. Dr Vikram Saini with Nobel laureate Dr Venki Ramakrishnan and other dignitaries during CCRF-BSL3 inauguration.
5. Ms. Leena Sapra, PhD student, receiving first prize for poster presentation at the FIMSA-IUIS-IIS International conference at Jaipur.
6. Dr Saurabh Sharma receiving JBC poster award at India-EMBO TB symposium 2020 at New Delhi.

The departmental faculty served as experts in several scientific committees of various institutes and universities of the Government of India. The department also started student mentorship and career awareness program, to cater the needs of students from diverse backgrounds.

## EDUCATION

### Postgraduate Teaching

- The Department conducts a 2 year postgraduate course in Biotechnology with emphasis on Medical Biotechnology leading to MBiotech degree. The teaching program covers 16 subjects, namely Cell and Developmental Biology, Genetics, Human Biochemistry, Medical Microbiology, Immunology & Immunotechnology, Molecular Biology, Infectious Disease Biology, Genetic Engineering & Genome Technology, Biophysics (Principles, Techniques & Applications in Medicine), Bioinformatics, OMICS (Genomics, Transcriptomics, Proteomics & Metabolomics), Biostatistics, Seminars in Laboratory Techniques (Principles & Instrumentation), Medical Biotechnology (Journal Club & Communication Skills), Seminars in Molecular Medicine & Biotechnology and Dissertation in frontier areas of medical research.
- The Department has introduced three five new credit courses in the course curriculum of M. Biotechnology (2019-2021) namely, Infectious Disease Biology, OMICS: Genomics, Transcriptomics, Proteomics, and Metabolomics, Intellectual Property Rights, Bioethics and Biosafety (IBB), Molecular Diagnostics and Clinical Biochemistry (MDB) and Laboratory course on Medical Microbiology and Infectious Disease Biology”.
- Students are given individual attention and extensive hands on training in Practical classes.
- Experts are invited from PGIMER, JNU, IGIB, ICGB, NII, IIT, THSTI, RCB, BCIL, TERI, Jamia Hamdard and University of Delhi in addition to AIIMS faculty from various specialties, to deliver seminars in biotechnology, bioinformatics, molecular medicine, genomics, proteomics etc.
- The Department conducts a Ph.D. program in the area of Medical Biotechnology.
- The Department mentors and supports young Scientists having DBT and DST National Post-Doctoral and Young Scientist award.

### CMEs/Workshops/Symposia/National and International Conferences

1. One day Workshop on single-cell capture workflow using BD Rhapsody single-cell analysis platform, 30 July 2019, Drs Rupesh K Srivastava and Bhupendra K Verma
2. Two-day workshop on Imaging techniques 24-25 May 2019, Dr. Bhupendra K Verma

### Lectures delivered

**Shyam Chauhan** (please see 9.3 Biochemistry)

**Anushree Gupta: 1**

**Bhupendra Kumar Verma: 3**

**Sirish Kumar Ippagunta: 1**

**Mahendra Seervi: 1**

**Jaya S. Tyagi: 1**

**Rupesh Kumar Srivastava: 5**

**Vikram Saini: 7**

**Sumit Rathore: 2**

**Vineet Choudhary: 1**

### Jaya S. Tyagi

1. TB diagnosis: Challenges and Opportunities Seminars in Molecular Medicine, DBT, AIIMS, 5 March 2020, New Delhi

### Anushree Gupta

1. Systems Medicine: Network of Networks Seminars in Molecular Medicine, Department of Biotechnology, AIIMS 14 March 2020 New Delhi

### Rupesh Kumar Srivastava

1. Microcystin-LR induces bone loss and impairs bone micro-architecture by modulating host immunity: Implications for Bone Health, International Conference on Breakthrough in Toxicology and Human Health (ICBTHH-2019) and 39th Annual Meeting of Society of Toxicology (STOX), Jiwaji University 27-29 December 2019, Gwalior
2. Osteoimmunology and its implications in Translational Research, Integrative Molecular Epidemiology Workshop: Bridging Environmental Health and Translational Research, ICMR-National Institute for Research in Environmental Health, 12 December 2019, ICMR-NIREH, Bhopal
3. Harnessing Immunomodulatory potential of Probiotics in management of postmenopausal osteoporosis, ICMR-NIRRH Golden Jubilee celebrations and International conference on Women's reproductive health: A step towards

improving quality of life, 20-23 February 2020, ICMR-NIRRH, Mumbai

4. Translating Immunomodulatory potential of Probiotics in management of Osteoporosis Conference on Translational and Regenerative Medicine, Noida International University, 21-23 January 2020, Noida
5. Immunoporosis: Immunology of osteoporosis Seminars in Molecular Medicine, Department of Biotechnology, AIIMS, 28 February 2020, New Delhi

#### **Bhupendra Kumar Verma**

1. Spliceosome: many facets, Seminars in Molecular Medicine, Department of Biotechnology, AIIMS, 24 February 2020 New Delhi
2. RNA toxicity and mis-splicing: Mutations in minor spliceosome results growth hormone deficiency, International Conference on Breakthrough in Toxicology and Human Health (ICBTHH-2019) and 39th Annual Meeting of Society of Toxicology (STOX), Jiwaji University, 27-29 December 2019, Gwalior
3. Basic and applied aspects of Minor spliceosome mediated gene regulation: links to human diseases, 3rd BIO-Group meeting, IIT Kanpur, 26-27 July 2019, Kanpur

#### **Vikram Saini**

1. Challenges of TB in India and the relevance of BSL3 laboratories in Medical Research Institutes, 14<sup>th</sup> Asia Pacific Association (A-PBA) Annual Bio risk Conference Biosafety & Biosecurity – For Sustainable Development in Health and Agriculture, 17-20 September 2019, Dhaka, Bangladesh
2. Disease, environment, and therapy: An integrated framework for tuberculosis control, International Centre for Diarrhoeal Disease Research (ICDDR), Dhaka, 18 September 2019 Dhaka, Bangladesh
3. Targeting host endogenous factors as a novel therapeutic strategy against tuberculosis infection, 17th Annual Meeting of SFRR-India (SFRR-INDIA-2020) & International Conference on “Role and Management of Oxidative Stress in Human Disease, BARC, 12-15 February 2020, Mumbai
4. Applications of Omics Based Approaches to understand Mycobacterial virulence and pathogenesis, Advancements in Molecular Microbiology in the Revolutionary ‘Omics’ Era” and “Micro quest” under the aegis of the Star College Scheme, Bhaskaracharya College, Delhi University, 20 February 2020, New Delhi
5. Environmental Modifiers of tuberculosis Infection and Disease control. Seminars series in Molecular Medicine, AIIMS, 23 February 2020, New Delhi
6. BSL-3 Facilities at CCRF AIIMS. Scope and possibilities, CCRF Seminar Room, 9th Floor, Convergence Block, AIIMS, 11 March 2020, New Delhi

#### **Sirish Kumar Ippagunta**

1. Negative control of immune response genes in hematopoietic and non-hematopoietic cells is essential to protect from inflammatory disease, Seminars in Molecular Medicine, Department of Biotechnology, AIIMS 02 March 2020, New Delhi

#### **Sumit Rathore**

1. Organelle dynamics and Proteomic profiling of Plasmodium falciparum under different stress conditions, 30th National Congress of Parasitology & Global Summit on Malaria Elimination, 26-28 September 2019, New Delhi
2. Plasmodium invasion, Biology Seminar in Molecular Medicine Series, 27 February 2020, New Delhi

#### **Mahendra Seervi**

1. Reversal of apoptosis: role of ‘anastasis’ in cancer relapse and drug resistance, Seminar in Molecular Medicine and Biotechnology, 29 February 2020, AIIMS, New Delhi

#### **Vineet Choudhary**

1. Biogenesis of Lipid Droplets from specialized ER subdomains: implications for lipodystrophy disease, Seminar in Molecular Medicine and Biotechnology, 29 February 2020, AIIMS, New Delhi

\*Dr Saurabh Sharma received JBC Young Emerging Scientist Best Poster Award' at "India-EMBO TB symposium 2020-Mycobacterial Heterogeneity and host tissue tropism"

\*\*Young Researcher Award to Dr Priya Kalra (2nd prize in poster presentation).

## RESEARCH

### Funded projects

#### *Ongoing*

1. Combating the challenge of antibiotic tolerance: Combining conventional anti-tubercular drugs with DevR dormancy regulator-targeted approaches for improving M. tuberculosis clearance. \*Vikram Saini/Jaya S. Tyagi, DBT, 3 years, 2018-2021, Rs 47.30 lakhs
  2. Aptamer-based Tuberculosis Diagnostics Toolbox. \*Vikram Saini/Jaya S. Tyagi, DBT, 3 years, 2018-2021, Rs 16.52 lakhs
  3. Elucidation of Cellular mechanisms involving GUT resident regulatory T cells in Probiotics mediated inhibition of Osteoporosis, Rupesh K. Srivastava, DST-SERB, 3 years, 2018-2021, Rs 65 lakhs
  4. Development of novel mushroom based synbiotic food supplement for management of Osteoporosis, Rupesh K. Srivastava, AIIMS-IIT-Delhi Inter Institutional Collaborative Research Grant, 2 years, 2019-2021, Rs 20 lakhs
  5. Identification and functional characterization of tRNA derived RNA fragments in DENV pathogenesis, Bhupendra K. Verma, DST-SERB, 3 years, 2019-2022, Rs 39.41 lakhs
  6. HarGobind Khorana Innovative Young Biotechnologist Award (IYBA), Department of Biotechnology, Govt. of India, Vikram Saini, DBT, 3 years, 2019-2022, Rs 59.06 lakhs
  7. Modulation of host bioenergetics health and redox function via Selenium supplementation as a novel approach to tuberculosis management, Vikram Saini, DST-SERB, 3 years, 2019-2022, Rs 53.85 lakhs
  8. Characterization of L, D-transpeptidases from Mycobacterium abscessus: An Emerging Opportunist Pathogen, Vikram Saini (Mentor to Dr Namrata Kushwaha Woman Scientist) DHR, 3 years, 2020-2023, Rs 30.9 lakhs
  9. Probing the biology of Toll-like receptor and Interleukin-1 Receptor in peripheral blood mononuclear cells of healthy donors using novel small molecule inhibitor, Sirish Kumar Ippagunta, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
  10. Exploring the immunomodulatory activities of novel Toll-like receptor-signaling inhibitors in peripheral blood mononuclear cells from lupus patients: A study to identify TLRs as drug targets for lupus, Sirish Kumar Ippagunta, SERB, 3 years, 2020-2023, Rs 68.01 lakhs
  11. Characterization of Parasite ligand-host receptor interactions in Plasmodium vivax infections, Sumit Rathore, ICMR, 3 years, 2019-2022, Rs 65 lakhs
  12. Circulating miRNA in Plasmodium vivax severe malaria, Sumit Rathore, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
- \*PI since 1 June 2019 upon superannuation of Dr Jaya S. Tyagi

#### *Completed*

1. To Dissect the role of Treg-Th17 cells in Lactobacillus rhamnosus mediated inhibition of Bone loss in ovx mice, Rupesh K Srivastava, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
2. Novel gene regulatory circuits associated with Dengue Virus: Exploring therapeutic potential. Bhupendra K. Verma, AIIMS, 2 years, 2018-2020, Rs 9.9 lakhs
3. Selenium supplementation and mycobacterial infections. Vikram Saini, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
4. To understand organelle dynamics in malaria parasite-Role of Autophagy. Sumit Rathore, DST, 5 years, 2013-2018, Rs 35 lakhs
5. Mechanism of anastasis in cancer cells: Its impact in disease relapse and therapy. Mahendra Seervi, DST-SERB Young Scientist, 3 years, 2016-2019, Rs 26 lakhs

6. To study the role of High salt Diet (HSD) in male fertility: Role of bone hormone osteocalcin. Shrabani Saugandhika, AIIMS, 2 years, 2017-2019, Rs 10 lakhs

## **Departmental projects**

### ***Ongoing***

1. Cellular and Immunomodulatory Functions of Dipeptidyl peptidase III in Esophageal Cancer
2. Cysteine Cathepsins in Acute Lymphoblastic Leukemia: Implication(s) in Prognosis and Therapeutics
3. Role of Prothymosin alpha in Glial tumorigenesis
4. Role of Human Heterogeneous Nuclear Ribonucleoprotein D (hnRNPD) in Oral Cancer
5. Adaptation of Mycobacterium tuberculosis and infected host in vitamin C dormancy model.
6. Analysis of host transcriptional response to Mycobacterium tuberculosis in vitamin C ex vivo model of infection and comparison with clinical responses in active TB and latent TB infection.
7. To study the role of Bifidobacterium longum in modulating Bone Health via regulating the host Osteo-immune system
8. To study the effect of Sodium Benzoate (NaB) in regulating Bone Health via modulating the host Immune System
9. Characterizing pre-mRNA splicing in context of Dengue virus
10. Characterization of functional interaction between minor spliceosome and polyadenylation machinery
11. Analyzing the effect of novel small molecule antagonist on cell surface toll-like receptor-induced pro-inflammatory cytokine expression in healthy peripheral blood mononuclear cells.
12. Analyzing the effect of novel small molecule antagonist on endosomal toll-like receptor-induced pro-inflammatory cytokine expression in healthy peripheral blood mononuclear cells.
13. Surface Proteomics of Reticulocytes in Plasmodium vivax severe malaria patients
14. To study the effect of physiological gases on metal homeostasis in microbes
15. Development of Strategies for an Efficient Expression and Purification of proteins of Mycobacterium indicus pranii
16. Identification of interacting proteins of Plasmodium vivax Tryptophan Rich Antigen 26.3 (PvTRAg26.3) with erythrocyte surface

### ***Completed***

1. Elucidation of Molecular Mechanism of Differential Expression of Cathepsin B in Breast Cancer Cells with Different Metastatic Potential
2. To assess the potential utility of Cathepsin L and Cathepsin B as universal biomarker for cancer
3. Human Heterogeneous Ribonucleoprotein D (hnRNPD) mediated post transcriptional regulation of Phosphatase and Tensin homolog (PTEN) in oral cancer
4. The Expression and Clinical Significance of Serum microRNAs in Human Gallbladder Cancer
5. Insights into transcriptional factors that co-regulate the Mycobacterium tuberculosis adaptation response to Vitamin C
6. Theranostic Application of a Novel G-Quadruplex-Forming DNA Aptamer Targeting Malate Synthase of Mycobacterium tuberculosis
7. To study the nexus between probiotic Lactobacillus rhamnosus (LR) and T cell lineages in Ovx mice
8. To dissect the role of TH17-Treg cells in Microcystin-LR induced bone loss
9. Functional characterization of minor spliceosomal proteins
10. Role of YBX proteins in RNA splicing and stability
11. Impact of micro-nutrient supplementation of microbial infections
12. Cloning, expression and purification of putative antigenic proteins of Mycobacterium indicus pranii

## **Collaborative projects**

### ***Ongoing***

1. A study of epigenetics of Breast cancer by evaluation of tissue site-specific Promoter DNA methylation profiles in Breast Cancer, Surgical Disciplines
2. Expression of Reg-4 and MUC-4 in patients with carcinoma of pancreas, Gastroenterology

3. miRNA as biomarker in chronic pancreatitis patients who are at high risk for developing pancreatic cancer, Gastroenterology
4. Role of miRNA mediated modulation of signal transduction in pancreatic cancer, Gastroenterology
5. Role of Th9 cells in Osteoclastogenesis, THSTI, Faridabad
6. Role of BPA on Bone health, Delhi University
7. Development of novel mushroom based synbiotic food supplement for management of Osteoporosis, IIT-Delhi
8. Role of Immune system in Pancreatitis, Gastroenterology
9. Expression profile of tRNA-derived fragments in T-lineage acute lymphoblastic leukemia, IRCH
10. Minor spliceosomal & Dengue, THSTI, Faridabad
11. YBX proteins in RNA splicing and stability, THSTI, Faridabad
12. Clinical significance of cancer stem cells markers and its proteins in different grades astrocytomas, Biotechnology and RP Centre
13. Exploring the Tryptophan metabolism via Kynurenine pathway and their correlation with clinical outcome in Keratoconus and Fuch's endothelial corneal dystrophy patients undergoing corneal transplantation, RP Centre
14. Link between mitochondrial morphology and mitochondrial biogenesis in Acute lymphoblastic leukemia, Biochemistry
15. To study the role of iPSC derived hematopoietic progenitor cells for hematopoietic failure among trauma Hemorrhagic shock using animal model, Emergency Medicine

### **Completed**

1. miRNA as evaluation Biomarker for tuberculosis treatment response, ICGEB New Delhi, and InStem Bangalore

### **PUBLICATIONS**

**Journals: 17   Abstracts: 2   Chapters in Books: 2**

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor Shyam S Chauhan** (please see 9.3 Biochemistry)

**Professor Jaya S Tyagi** is recipient of NASI Senior Scientist Platinum Jubilee Fellowship. She is Honorary Visiting Professor, THSTI, Faridabad, Fellow of Indian National Science Academy, Fellow of Indian Academy of Sciences, Fellow of National Academy of Sciences (India), Member of Guha Research Conference, Vice-President and Council member of National Academy of Sciences (India), Member, Panel on Scientific Values, Indian Academy of Sciences, Bengaluru, Member of Scientific Advisory Committee of National Institute for Research in Tuberculosis, Chennai, Member of Scientific Advisory Committee of THSTI, Member of RAP-SAC of National Institute of Immunology and Centre for DNA Fingerprinting and Diagnostics, Member of DBT Expert Group on Tuberculosis, Member of DBT Steering Committee and Task Force on HRD, Member of DBT Technical Evaluation Committee for Infectious Disease Biology, Member of DBT Technical Evaluation Committee in Medical Biotechnology-II for NER, Chairperson, Institutional Human Ethics Committee of IGIB, Special invitee, Intellectual Property Management Committee, AIIMS.

**Dr Anushree Gupta** is Central public Information Officer for the Department of Biotechnology, Bioinformatics course Coordinator, Attended one-week short Faculty Development Programme on “Computational Biology and Translational Bioinformatics” at IIT Roorkee from 30 September-4 October 2019.

**Dr Rupesh Srivastava.** Coordinator of departmental M. Biotech Program, Received Certificate of Appreciation by AIIMS for contribution towards establishing CCRF-Flow Facility at AIIMS-CCRF, Inauguration on January 24th, 2020, Member of Institutional IPR committee and Institutional CCRF-FLOW Cytometry committee, Invited Editor: 24th issue of the Indian Society for the Study of Reproduction and Fertility (ISSRF) Newsletter on “Translational Research in Reproductive Health” (ISSN 2395-2806), September 2019, Member of Institutional COVID-19 literature appraisal committee, his Osteoimmunology laboratory is part of the #Immunity Community that was featured as mosaic cover on the occasion of 25th anniversary of the journal ‘Immunity’, Ms Leena Sapra, PhD Scholar from this laboratory has received travel award and also won first prize for Oral presentation at FIMSA-IUIS-IIS, International conference, 12 to 16 October 2019 at Rajasthan University of Health Sciences (RUHS), Jaipur, India, Ms Asha Bhardwaj and Mr Zaffar Azam, PhD Scholars from this laboratory have received travel award Travel Award (PhD Scholar-) to be able to attend FIMSA-IUIS-IIS, International conference, 12 to 16 October 2019 at Rajasthan University of Health Sciences (RUHS), Jaipur, India.

**Dr Bhupendra Kumar Verma.** Departmental M Biotech Program Coordinator. Member, Institute “CoViD 19 diagnostic management committee”. Member, Institute “CoViD 19 Literature appraisal committee” for “Immunology, Molecular Biology and Vaccine Development”.

**Dr Vikram Saini** is the recipient of Har Gobind Khorana Innovative Young Biotechnologist Award (IYBA), Department of Biotechnology, India (2018-19). He was invited speaker for the distinguished “Overseas Friends of ICDDR” series at the International Centre for Diarrhoeal Disease Research (ICDDR), Dhaka, Bangladesh (16-17 September 2019). He was facilitated by Govt of Haryana state for contribution in education on 73rd Independence day of India. He is involved in several initiative at AIIMS including being the Convener of PPE Decontamination and Re-use committee for Covid-19, Member Secretary of Institutional Covid-19 Diagnostic Committee, Member of Central Resource Committee, Member of Selection of PPE usage at the AIIMS, New Delhi during Covid-19, Member of Institutional Biosafety Committee (IBSC), AIIMS, Core Committee member CCRF, Expert Member of CCRF-Biosafety Lab (BSL-2 and BSL-3 laboratory) sub-committee, AIIMS, Expert Member of technical Committee for nude-mice/Transgenic mice facility and A-BSL3 facility at Central Animal Facility, AIIMS, coordinator of Career awareness program in Biotechnology at Dept. of Biotechnology, AIIMS. In addition, Dr. Saini serves as the review editor at journal *Frontiers in Microbiology*.

#### VISITING SCIENTISTS

1. Dr Pawan K Dhar, Professor, JNU, New Delhi delivered seminar on 24 February 20.
2. Dr Sunil K Arora, Professor, PGI Chandigarh delivered seminar on 26 February 20.
3. Dr Amit Awasthi, Associate professor, THSTI, Faridabad delivered seminar on 26 February 20.
4. Dr Gobardhan Das, Professor, JNU, delivered seminar on 2 March 20.
5. Dr Rahul Pal, Scientist, NII, New Delhi delivered seminar on 4 March 20.
6. Dr Neel S Bhavesh, Scientist, ICGEB, New Delhi delivered seminar on 4 March 20.
7. Dr V Perumal, Associate professor, IIT, New Delhi delivered seminar on 5 March 20.
8. Dr Rita Singh, Professor, DU, New Delhi delivered seminar on 6 March 20.
9. Dr Sagar Sen Gupta, Scientist, NII, New Delhi delivered seminar on 11 March 20.
10. Dr Manidipa Banerjee, Associate Professor, IIT, New Delhi delivered seminar on 12 March 20.
11. Dr Debi Sarkar, Professor, DU, New Delhi delivered seminar on 13 March 20.
12. Dr Manjula Kalia, Associate Professor, RCB, Faridabad delivered seminar on 13 March 20.
13. Dr Shankar Bhattacharya, Scientist, THSTI, Faridabad delivered seminar on 14 March 20.

## 9.8. Centre for Community Medicine

### Professor and Head

Shashi Kant

### Professors

Sanjeev Kumar Gupta  
Baridalyne Nongkynrih

Kiran Goswami  
Puneet Misra  
YS Kusuma Kumari

Anand Krishnan  
Sanjay Kumar Rai

Sumit Malhotra

Anil Kumar Goswami

### Associate Professors

Partha Haldar  
Harshal Ramesh Salve

Ravneet Kaur  
Rakesh Kumar

### Assistant Professor

Mohan Lal Bairwa

## HIGHLIGHTS

Community based teaching, research and service provision has been the focus of faculty and staff housed within Centre for Community Medicine (CCM), at AIIMS, New Delhi. Strong outreach programmes and models of care are rendered through Urban Field Practice Area (at Dakshin Puri Extension, New Delhi) and Comprehensive Rural Health Services Project (CRHSP), Ballabgarh. Inputs are provided to several of national health programmes and initiatives of Government of India.

1. The department is designated as the National Centre of Excellence and Advanced Research on Anemia control (NCEAR-A) and spearheads *Anemia Mukht Bharat* in the country with support of several stakeholders.
2. The CCM serves as National Institute for HIV surveillance and supports National AIDS Control Organization (NACO), Government of India.
3. The department houses WHO Collaborating Centre for Research and Capacity Building on Community-based Non Communicable Diseases (NCD) Prevention and Control.
4. Mortality surveillance in the country is strengthened through AIIMS Technical support unit for SRS (Sample Registration System) based verbal autopsy in collaboration with RGI (Registrar General of India), Ministry of Home Affairs and network of institutions (MINErVA).
5. Support to Comprehensive Primary Health Care (CPHC), under Ayushman Bharat, is nurtured through an Innovation and Learning Centre that provides technical strengthening to Health and Wellness Centres (HWCs) in aspirational district, Nuh, Haryana.
6. Health promotion and focus on community level engagement in Yoga is supported in field practice area.
7. Collaborative international research projects are executed on influenza with CDC and air pollution with Health Effects Institute, USA.

The department organized “64th Annual National Conference of Indian Public Health Association (IPHA)” at AIIMS, New Delhi from 29 February to 2 March 2020 that was attended by more than 1100 national and international public health delegates.

## EDUCATION

### *Undergraduate MBBS students*

MBBS students are oriented to community-based practice through several opportunities and postings. Students in 4th and 5th semesters participate in urban based structured program and Family Health Advisory Services (FHAS), wherein families are allocated to them. They also are exposed to community-based research wherein research projects are undertaken by them both in urban and rural postings. During their 7th semester they are posted at CRHSP Ballabgarh, in four batches for six weeks each. This is a residential posting wherein they are taught concepts of epidemiology, are given an orientation to community health, including social determinants of health, community aspects of child health and mental health,

health systems at various levels, and health programmes. There are special modules to train on Integrated Management of Neonatal and Childhood Illness (IMNCI) and epidemiology. The students also undertake a brief qualitative method-based research project under module Orientation of Undergraduates to Community Health (OUCH) during this posting. Postings are concluded with internal formative assessments.

### ***Interns***

The interns are posted for a total duration of three months at the CRHSP Ballabgarh. This period is divided into six weeks at SDH, and 3 weeks at each of the PHCs located at Dayalpur and Chhainsa. The entire posting is residential. At Sub District Hospital (SDH), interns are posted in OPD and Wards that help them in learning basic clinical skills, as well as in-patient management, including conducting normal deliveries. They are rotated in all the available clinical disciplines at SDH under the supervision of respective Senior Resident (SR). During PHC posting, interns participate in health care delivery at the clinics of PHC, sub-centres as well as in antenatal clinics. They are also posted at the delivery hut at each PHC under overall supervision of SR of Community Medicine. They get experience in community level activities such as supervision of health workers, follow-up of patients that have defaulted while on anti-tuberculosis treatment, supervision of sub-centres, undertaking outreach activities, immunization and other ongoing activities at the PHC. Interns are also involved in special activities at PHCs such as Kayakalp assessment, annual census, public awareness generation and school health related activities. At the end of the CRHSP posting interns submit their log-book duly signed by respective SRs under whom they were posted for end posting assessment.

### ***Postgraduate students of Community Medicine***

The postgraduate students of Community Medicine are posted at CRHSP Ballabgarh for 18 months. This posting is residential. Out of the total duration, they spend 5 months and 10 days each, at the sub-district hospital and both PHCs on a rotation. This gives them adequate opportunity to gain the necessary skills and experiences both at the SDH and PHC. They are encouraged to take active participation in decision making and administration at the PHC. The regular teaching programme includes seminars, family and clinical case presentations, problem exercises based on hospital and field-practice area. Rest of the posting is in urban field practice area.

### ***BSc Nursing and Post certificate Nursing Students***

BSc nursing students and post certificate nursing students are posted for one and half months at CRHSP Ballabgarh. This posting is residential in nature. They spend one month at SDH and two weeks in either of the two PHCs. They are provided training in antenatal care, management of ward, and immunization. They are posted both in OPD and in Ward. They provide health talks, and IEC in OPD, and ward. Training of nursing students is supervised by a Faculty Member from the College of Nursing, AIIMS, New Delhi.

### ***In-service Training***

In addition to teaching of students, periodic in-service trainings were conducted for different cadres of staff working at the CRHSP Ballabgarh. The trainings conducted during 2019-20 were as following:

1. A refresher training on Neonatal Resuscitation for nursing staff and field health workers of the intensive field practice area was conducted on February 2020, in collaboration with Faculty members of the College of Nursing.
2. A total of 50 hours of in-service training for Health Workers and ASHA workers (24\*2=48) were conducted at PHC Dayalpur and Chhainsa (figures are inclusive). These are conducted during the meetings, each month. Topics were decided based on the training needs identified during field supervision; for the reporting period, these were as following: identification of JSY beneficiaries and facilitating them to avail benefit, management of animal bite cases, management of LBW babies, family planning - methods, importance and how to improve coverage, management of biomedical waste management, Tracking of High Risk Pregnancy and management, postnatal care for mother and newborn including complication management and kangaroo mother care, IMNCI-Identification and management of sick baby, identification, care and management of malnutrition at field level, Training on cold chain management PHC to immunization site and back to PHC, Diagnosis and management of TB cases.

### ***CMEs/Workshops/Symposia/National and International Conferences***

1. Workshop for Operational Framework of Behavioral Surveillance Survey Lite (BSS Lite-2019-2020), 4-5 April 2019, AIIMS, New Delhi.
2. INSPIRE Collaborators Meeting, 25-27 April 2019, Kolkata
3. National training of trainer workshop for BSS Lite, 20-23 May 2019, Gurugram, Haryana.
4. A Training programme on the use of "Larvicide and Insecticides", 23 July 2019, AIIMS, New Delhi
5. Centralized Training for Sampling Frame Development for BSS Lite for Central team members, 17-20 August 2019, Gurugram, Haryana.
6. INSPIRE Collaborators Annual Meeting 22-23 October 2019, Delhi

7. Workshop on “Operational research” on (pre-conference workshop during 23rd Annual Conference of North Zone Indian Association of Preventive and Social Medicine-2019), 1 November 2019, Nuh, Haryana
8. MINErVA Network and Technical Advisory Group meeting, 8 and 9 November 2019, Delhi
9. International Workshop on “Priorities for Advancing Research on Health Effects of Air Pollution in India”, 2-4 December 2019, AIIMS, New Delhi
10. Centralized training of Trainers for BSS Lite (Main Survey), 9-12 December 2019 AIIMS, New Delhi.
11. Following Pre-and post-conference workshops were organized by the department as part of 64th Annual National Conference of Indian Public Health Association, (29 February-2 March 2020)
  - a Writing a research paper (Venue: AIIMS, New Delhi)
  - b Leadership skills for public health professionals (Venue: AIIMS, New Delhi)
  - c From evidence (Meta-Analysis) to public health (Venue: AIIMS, New Delhi)
  - d Disaster Management- (Venue: NIHF, Munirka)
  - e Yoga for stress management (Venue: Morarji Desai National Institute of Yoga)
  - f Efficient Quality-assured Mobile Based Data Capture (Venue: CRHSP, Ballabgarh)

#### Lectures delivered

**Shashi Kant: 1**

**Baridalyne Nongkynrih: 6**

**YS Kusuma Kumari: 1**

**Anil Kumar Goswami: 10**

**Rakesh Kumar: 2**

**Kiran Goswami: 4**

**Puneet Misra: 6**

**Kapil Yadav: 1**

**Ravneet Kaur: 7**

**Mohan Lal Bairwa: 2**

**Anand Krishnan: 11**

**Sanjay K Rai: 3**

**Sumit Malhotra: 11**

**Harshal Ramesh Salve: 10**

#### Shashi Kant

1. Use of FCM in pregnancy and post-partum period, 64th Annual National Conference of Indian Public Health Association, 29 February-2 March 2020, New Delhi

#### Kiran Goswami

1. District disaster preparedness & management during the floods situations, Capacity Building for Public Health Emergencies Management- In collaboration with MOHFW, 1 May 2019, New Delhi
2. District disaster preparedness & management during the cyclone and Tsunami, District Preparedness for Public Health Emergencies Management for District Health Officers, NIHF, 1 May 2019, New Delhi
3. District disaster preparedness & management during the cyclone and Tsunami situations, Training of Trainers (ToT) Course on “District Preparedness for Public Health Emergencies Management” for Senior Faculties of Partner Institutions from 10-22 June 2019, New Delhi
4. District disaster preparedness & management during the floods, District Preparedness for Public Health Emergencies Management for District Health Officers, NIHF, 16-28 September 2019, New Delhi

#### Anand Krishnan

1. Influenza Burden Pyramid in India–The INSPIRE study, WHO Consultation on Influenza burden with Focus on using data for Policy and Estimating the Whole Influenza Disease Burden (the Pyramid), 25-27 June 2019, Geneva
2. Addressing Climate change and ambient air pollution: together we can, Symposium on “Climate Change Resilience in Health Sectors” on 110th foundation day of National Centre for Disease Control (NCDC), 30 July 2019, New Delhi
3. Crucial gaps in delivering health care. What is done and what is ignored, Health Care in India Series at India International Center, 22 August 2019, New Delhi
4. Violence in Hospitals, TEDEX AIIMS, 23 August 2019, New Delhi
5. The science and politics of promoting Physical Activity in urban spaces, Cross-Cultural Perspectives on urban Sustainability and health: Smart Solutions for Smart Cities in India. Webinar organized by NIEHS, USA, 30 September 2019, New Delhi
6. Climate Change and Health: Time to act is now, National Conference cum Workshop On Disaster Management and Climate Change: Perspectives from India’s North East, Jamia Millia, 16 and 17 October 2019, New Delhi
7. Non-communicable Diseases: Disease Burden, Risk Factors and Multi-Sectoral Policies, 9th Annual SEAPHEIN meeting, IIMR, 13-15 November 2019, Jaipur
8. Role of primary healthcare in changing burden of diseases: Synergizing HWC and NHPS for Ayushman Bharat, Advanced Professional Programme in Public Administration (APPA), IPA, 26 December 2019, New Delhi
9. Gender and SDGs: Non- communicable Disease, National Consultation on Gender and SDGs, 2-3 February 2020, New Delhi

10. Community based approach to make India plastic-free: What have we learnt from other environmental issues, International Conference on Innovative approaches for Plastic Free India, Jesus and Mary College, 26 February 2020, New Delhi
11. Evidence on Influenza Burden and control in India, 64th Annual National Conference of Indian Public Health Association, 29 February-2 March, New Delhi

#### **Baridalyne Nongkynrih**

1. Update on MINERVA, MINERVA: Annual network meeting-TAG meeting, 8 and 9 November 2019, New Delhi
2. Introduction to VA forms, Training of PTE on Verbal Autopsy on maternal Deaths, 19-21 November 2019, Aizawl
3. State level NPCDCS review findings, NPCDCS Regional Review Meeting, 5 and 6 December 2019, Faridabad
4. MINERVA–Understanding causes of death to save lives, NE India Public Health Conclave 2019, 12-14 December 2019, Manipur
5. Strengthening of NCD management in Primary Health Care, NE India Public Health Conclave 2019, Pre-conference workshop, 12-14 December 2019, Manipur
6. State level NPCDCS review findings, NPCDCS Regional Review Meeting, 19 and 20 December 2019, New Delhi

#### **Puneet Misra**

1. Ayushman Bharat, International Epidemiological Association South Asia Regional Meet, 19-21 September 2019, Colombo, Sri Lanka
2. Gestational Diabetes Mellitus, National Symposium on Education and Practice of Community Medicine, November 2019, Bhubaneswar
3. Career Counselling, National Conference of Indian Association of Preventive and Social Medicine, 28-30 January 2020, Mahabalipuram
4. AYUSH, 64th Annual National Conference of Indian Public Health Association, 29 February-2 March 2020, New Delhi
5. Sustainable Development, 64th Annual National Conference of Indian Public Health Association, 29 February-2 March 2020, New Delhi

#### **Sanjay K Rai**

1. BSS Lite conceptual framework, Workshop for Operational Framework of Behavioral Surveillance Survey Lite (BSS Lite-2019-2020), 4 April 2019, New Delhi
2. Quality control of SFD, Centralized Training for Sampling Frame Development for BSS Lite, 17 August 2019, Gurugram
3. Public health landscape in India beyond 2020, 1st National Symposium on Education and Practice in Community Medicine, 11 November 2019, Bhubaneswar

#### **YS Kusuma Kumari**

1. Internal migrants' health and healthcare access; an Indian experience, Resilient Future India Initiative (RFII), 16 December 2019, Mumbai

#### **Kapil Yadav**

1. Test and Treat strategy for Anemia Mukht Bharat, National Workshop on Anemia Mukht Bharat, September 2019, New Delhi

#### **Sumit Malhotra**

1. Cross-sectional studies, AIIMS PG workshop on research methodology, writing and communication, 9 April 2019, New Delhi
2. Health Promotion and prevention, Induction training on Community Health Officers (CHOs) to deliver Comprehensive Primary Health Care (CPHC), Haryana, 30 April 2019, Sohana, Haryana
3. Health promotion and prevention under CPHC, CPHC through Health and Wellness Centres (HWCs)- District Orientation Workshop, 9 May 2019, Hyderabad, Telangana
4. Planning services under health programs, knowing your team, health promotion and prevention, Induction training of CHOs to deliver CPHC-Haryana, 13 and 14 May 2019, Panchkula, Haryana
5. Delivering maternal nutrition services including counseling during antenatal and postnatal periods, impact of breastfeeding, Improving quality of Maternal Nutrition, Infant and Young Child Nutrition (MIYCN) service delivery in medical colleges, 23 and 24 May 2019, Patna, Bihar

6. Planning services under health programs, knowing your team, health promotion and prevention, Induction training of CHOs to deliver CPHC- Haryana, 10 and 11 June 2019, Panchkula, Haryana
7. Cross-sectional studies, AIIMS PG workshop on research methodology, writing and communication, 3 September 2019, New Delhi
8. Introduction to operational research, Preconference workshop-23rd Annual Conference North Zone Indian Association of Preventive and Social Medicine, 1 November 2019, Nuh, Haryana
9. Technical evaluation of VA process-validity and representativeness, Annual network meeting of mortality in India Established through Verbal Autopsy (MINErVA) Network, 8 November 2019, New Delhi
10. Advances in verbal autopsy based mortality surveillance systems- MINErVA update, Indian Public Health Association Conference 2020, 2 March 2020, New Delhi
11. Overview of CPHC through HWCs, roles and responsibilities of CHOs, work coordination of CHOs with primary care team, State Training of Trainers- Induction module for CHOs- Andhra Pradesh, 3-4 March 2020, New Delhi

#### **Anil Kumar Goswami**

1. Malnutrition, Awareness and sensitization programme, 8 April 2019, New Delhi
2. Hypertension, diabetes and ANC, Street play by undergraduate students, 26 April 2019, New Delhi
3. Prevention and Control of Dengue, Public Lecture, 16 May 2019, New Delhi
4. Hypertension, diabetes and child marriage, Street play by undergraduate students, 2 September 2019, New Delhi
5. Urban & Rural Health Services provided by CCM, AIIMS, Orientation to Students from Medical College Nasik, Maharashtra, 19 September 2019, New Delhi
6. Joint pain among elderly, Awareness campaign, 14 October 2019, New Delhi
7. HIV/AIDS, Health talk, 1 December 2019, New Delhi
8. World Leprosy Day, Health awareness programme, 30 January 2020, New Delhi
9. Social Research in Health Care, AIAMSWPCON 2020, Imphal, 6 February 2020, Imphal
10. COVID-19, Health awareness programme, 12 February 2020, New Delhi

#### **Ravneet Kaur**

1. PTE training materials, MINErVA Mid-Year Network Review Meeting and ToT for PTE Training: Workshop for Trainers, 17 May 2019, New Delhi
2. Diagnosis and Testing of Anemia, National Level Training of Master Trainers for *Anemia Mukh Bharat*, 10 October 2019, New Delhi
3. Parenteral iron, National Level Training of Master Trainers for *Anemia Mukh Bharat*, 10 October 2019, New Delhi
4. Cross-sectional studies, Research methodology workshop for PGs, 22 October 2019, New Delhi
5. Verbal Autopsy for maternal deaths, Training session for PTEs of Gurugram, Faridabad and Palwal Districts of Haryana, 31 October 2020, Gurugram
6. Expediting VA coding in MINErVA platform, Annual Network meeting MINErVA network, 8 November 2019, New Delhi
7. Ensuring timeliness in VA coding, TAG meeting of MINErVA network, 9 November 2019, New Delhi

#### **Harshal Ramesh Salve**

1. Cross-sectional Study, PG research Workshop, 22 October 2019, New Delhi
2. MINErVA – case study for involvement of medical colleges in mortality surveillance in India, THRICON 2019, 29 October 2019, Thrissur
3. Research interest groups under Minerva Network, Technical Working Group and Network meeting under MINErVA, 9 November 2019, New Delhi
4. Flip Class Room, SET Facility meeting, November 2019, New Delhi
5. Air Pollution and Health risks–case studies from New Delhi, Environmental Training Program for CPCB Research Officers, 6 December 2019, Chandigarh
6. NPCDCS State Performance Review, Meeting on NPCDCS review by MOHFW and WHO-India, 16 December 2019, Karnataka
7. Air Pollution and health risk and action needed, Annual Day function, NCDC, 1 January 2020, New Delhi
8. Assessment of quality and best practices under DMHP – Methods, 72nd Annual National Conference of Indian Psychiatric Society (ANCIPS), 25 January 2020, West Bengal

9. A collaborative research network on air pollution and health effects research in India (CAPHER) – Proposed 9 mechanism for advancing research agenda, 64th Annual National Conference of Indian Public Health Association, 2 March 2020, New Delhi
10. Climate change and its health impact: Global and national evidence, 64th Annual National Conference of Indian Public Health Association, 2 March 2020, New Delhi

#### **Rakesh Kumar**

1. Improving Quality of VA Coding, Annual network meeting of Mortality In India Established through Verbal Autopsy (MINerVA) Network, 8 November 2019, New Delhi
2. Introduction to Ballabgarh HMIS and its service and research utilisation over 60 years, Workshop on 'Efficient Quality-assured Mobile Based Data Capture', 3 March 2020, Ballabgarh

#### **Mohan Lal Bairwa**

1. Application of meta- analysis in estimating the prevalence of depression among the elderly population in India, Innovations in Data and Statistical Sciences (INDSTATS) 2019, 29 December 2019, Mumbai
2. Cross Sectional and Case Control Study: Design and conduct, Student Orientation and Research Methodology, Writing & Communication Workshop, AIIMS, New Delhi, 2 March 2020, New Delhi

#### **Oral papers/posters presented**

1. Ahmad A, Salve H, Nongkynrih B, Sagar R, Krishnan A,\* Mental Health Literacy among adolescents using a scale-based measure, 47th Annual National Conference of Indian Association of Preventive and Social Medicine, 28–31 January 2020, Chennai
2. Ahmad A, Salve H, Nongkynrih B, Sagar R, Krishnan A, Common mental disorders among adolescents in an urban area of Delhi, 64th Annual National Conference of Indian Public Health Association, 29 February–2 March 2020, New Delhi
3. Prabhakaran AO, Saha S, Gupta V, Fowler KB, Sullender WM, Broor S, et al. Determinants of influenza transmission in households in rural north India, Options X for the Control of Influenza, 28 August-1 September 2019, Singapore
4. Chandra A, Kumar R, Kant S, Krishnan A. Direct and indirect patient costs of tuberculosis care in India: A systematic review, South East Asia Regional Group Meeting of the International Epidemiological Association (IEA), 19-21 September 2019, Colombo, Sri Lanka
5. Dar L, Krishnan A, Jain S, Kumar R, Dhakad S, Choudekar A, et al. Nasal shedding of vaccine viruses after immunization with a Russian back bone live attenuated influenza vaccine in India, OPTIONS X for the Control of Influenza, 28 August-1 September 2019, Singapore
6. Salve HR, Nitika, Sharma N, Kumar R, Yadav K, Kant S, Comprehensive Structured Undergraduate Teaching Program – Learnings from CRHSP Ballabgarh, First National Symposium on Education and Practice of Community Medicine, Bhubneshwar, 12 November 2019, Odisha
7. Salve HR, Kamble B, Krishnan A, Sagar R, Lakshmi R, Kant S, et al. Association of Common Mental Disorders with Diabetes Mellitus – Evidence from community based matched case - control study in north India, 47th Annual National Conference of Indian Association of Preventive and Social Medicine, 28–31 January 2020, Chennai
8. Jaiswal A, Goswami K, Haldar P, Salve HR, Singh U. Pattern of disability due to knee osteoarthritis among elderly in rural North India, International Epidemiology Association Conference-IEA 2019, 19-21 September 2019, Colombo, Sri Lanka

- \* Best paper award, \*\* Second best paper award

## RESEARCH

### Funded projects

#### *Ongoing*

1. National Centre of Excellence and Advanced Research on Anemia Control, Shashi Kant, UNICEF, 2 years, 2018-2020, Rs 1.8 crores
2. Strengthening/Promoting evidence-based advocacy for influenza prevention and control in India, Anand Krishnan, CDC, Atlanta, 5 years, 2018-23, Rs 8.1 crores
3. Establishing a technical support unit for Verbal Autopsy based cause of death ascertainment in the sample registration system, Anand Krishnan, Registrar General of India, 3 years, 2017-2020, Rs 2.8 crores
4. Development of training course for NCD programme managers and directors for enhancing managerial and leadership skills for NCD, multisectoral governance and coordination, Anand Krishnan, WHO-SEARO, 6 months, 2019, Rs 7 lakhs
5. Effect of structured yoga program on hypertension, diabetes, stress and wellness in a community setting, its feasibility and long-term sustainability, Puneet Misra, DST, 1 year, 2018-19, Rs 40 lakhs
6. HIV Sentinel Surveillance NI and RI, Sanjay Rai, NACO, MoHFW, GoI, 2 years, 2018-2020, Rs 234.44 lakhs
7. Improving healthcare access and quality in the context of achieving universal health coverage among scheduled tribes: An implementation research in Visakhapatnam district, Andhra Pradesh, YS Kusuma, ICMR, 2.5 years, 2020-2022, Rs 29.2 lakhs
8. Assessment of Iodine status amongst pregnant women in select district of India, Kapil Yadav, ICMR, 2.5 years, 2016-20, Rs 57.6 lakhs
9. Effectiveness of point of care testing by front line workers-ANM, AWW, and ASHA in anemia control, Kapil Yadav, ICMR, 2 years, 2020-22, Rs 98.49 lakhs
10. Human Resource Development Health Research Scheme-Operational Research, Sumit Malhotra, DHR, 7 years, 2014-2021, Rs 56 lakhs
11. Innovation Learning Centre for supporting implementation of Comprehensive Primary Health Care in a selected district of Haryana, Sumit Malhotra, National Health Systems Resource Centre (NHSRC), MoHFW, 2 years, 2018-2020, Rs 41.45 lakhs
12. Assessment of implementation and barriers related to weekly iron folic acid supplementation programme in out of school adolescents within National Territory of Delhi, Sumit Malhotra, Delhi State Health Mission, Department of Health and Family Welfare, Government of NCT of Delhi, 2 years, 2018-2020, Rs 16 lakhs
13. A study to understand the effectiveness of the tele-mentoring Extension for Community Healthcare Outcomes model in improving ASHA's knowledge, skills and practice in comprehensive health care in Nuh district, Haryana, Sumit Malhotra, ECHO India, 1 year, 2019-20, Rs 21.75 lakhs
14. Prevalence of Anemia residing in Resettlement Delhi an Urban Colony of among elderly persons, Anil K. Goswami, AIIMS, 1 year, 2019-2020, Rs 5 lakhs
15. Nutritional status of pregnant women as assessed by nutrient intake, anthropometry and selected serum biomarkers in an urban area of Delhi – A community-based study, Ravneet Kaur, AIIMS, 2 years, 2019-21, Rs 8.25 lakhs
16. Comparative assessment of various models of Mobile Medical Units in rural, and remote areas, Ravneet Kaur, NHSRC, MoHFW, 2 years, 2019-20, Rs 25 lakhs
17. Developing Community level Climate based Early Warning System (CCEWS) for Vector

18. Borne Diseases in National Capital Region, India, Harshal Salve, Climate Change Program (SPLICE), DST, 3 years, 2017–2020, Rs 55.62 lakhs
19. Mortality burden of ambient PM 2.5 exposure in Delhi NCR, Harshal Salve, AIIMS–IIT Joint Collaborative Project Grant, 2 years, 2018-2020, Rs 8.9 lakhs
20. Pilot study on implementation of screening and management protocol for COPD/ Asthma under NPCDS in rural North India, Harshal Salve, NCDC, 6 months, 2019-2020, Rs 0.4 lakhs
21. Priorities for Advancing Research on Health Effects of Air Pollution in India, Harshal Salve, Health Effects Institute, Boston USA, 5 months, 2019-2020, Rs 19.93 lakhs
22. Effect of glycemic status on initial presentation and treatment response in newly diagnosed sputum positive pulmonary tuberculosis patients: A prospective study, Rakesh Kumar, AIIMS, 2 years, 2019-2021, Rs 9.85 lakhs

### **Completed**

1. Development implementation evaluation of social, and behaviour change communication (SBCC) strategy for the prevention and control of dengue in slums and slum like pockets in Delhi, Y Kusuma, ICMR & ICSSR, 2 years, 2017-19, Rs 17.8 lakhs
2. Development of assessment tools for review of National Programme for Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS), Baridalyne N, WHO-India, 6 months, 2019, Rs 15.04 lakhs
3. Development of tool for intervention at School level using WHO advocated Health promoting School for addressing NCD Risk factors, Harshal R Salve, WHO-SEARO, 6 months, 2018–2019, Rs 6.28 lakhs

### **Departmental projects**

#### **Ongoing**

1. Prevalence of GDM among Pregnant Woman attending ANC in a secondary care health facility in Haryana, India: A hospital-based study
2. Assessment of select nutritional problems among adolescent girls in an urban resettlement colony, New Delhi- A mixed method study
3. Knowledge and self-efficacy about diabetes management and its association with diabetes control in a low Socio-economic community in urban Delhi
4. Dietary diversity and associated factors among women of reproductive age in an urban resettlement colony in Delhi
5. Consumption of High Fat, Salt, Sugar (HFSS) food among adolescents in rural Haryana, India
6. Health and nutrition behavior needs assessment of community-based youth in north India.
7. Depressive disorders among adolescents in Ballabgarh, Haryana, India: a community-based cross-sectional study.
8. Evaluation of coverage of population-based screening under National Programme for the Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS) using Lot Quality Assessment Sampling (LQAS) technique in Faridabad District, Haryana.
9. Mild cognitive impairment and associated factors among elderly persons in an urban resettlement colony in Delhi.
10. Diabetes and hypertension among elderly persons in an urban resettlement colony of Delhi.
11. Prevalence of anemia among elderly persons in a resettlement colony of Delhi.
12. Impaired lung function among patients successfully treated for pulmonary tuberculosis at Ballabgarh Tuberculosis Unit, district Faridabad, Haryana
13. Economic burden, prevention and control of pneumonia among elderly
14. Relevance and capture of narratives in verbal autopsies for cause of death
15. Patterns and determinants of cooking fuel use and barriers to adoption of Pradhan Mantri Ujjwala Yojana in rural Ballabgarh, Haryana - A mixed method study
16. Development of a scale to measure e-Health Literacy among college going students aged 18-24 years (English version) in Faridabad, India
17. Determinants of treatment default in TB patients in a rural community of north India: A community based mixed method study
18. Feasibility of implementation of hospital based trauma registry for road traffic injuries at different level of health care setting and its effect on quality of patient care
19. Community based operational research study on involvement of ASHA in strengthening of primary eye care services for urban vulnerable population of Delhi
20. Community based operational research feasibility of introducing yoga and its effect on stress and perceived well-being on new medical undergraduate students of AIIMS, New Delhi.

21. Evaluation of anemia control programme in district Faridabad of Haryana: A mixed method study
22. Common Mental disorders and related mental health literacy among adolescents in an urban area of Delhi
23. A cross sectional study to assess the financial toxicity and non-compliance with its associated selected background variables among patients undergoing chemotherapy at IRCH, AIIMS New Delhi
24. A study to identify the risk factors and prevalence of oral cancer through screening among security personnel working at AIIMS, New Delhi.”
25. Impact of Comprehensive Nutritional Package (CNP) on Nutritional Status of Under-Five Malnourished Children at secondary care hospital in Ballabgarh, Haryana
26. A study to assess knowledge and practices of postnatal mothers on essential newborn care and evaluate competencies of trained ASHAs in home based newborn care in rural Haryana
27. Iron status of women who had received intravenous iron sucrose during pregnancy for treatment of moderate anaemia; 6 and 12 months post infusion

### **Completed**

1. Effect of structured Yoga program on Stress and Professional Quality of Life among selected nursing staff in a tertiary care hospital of Delhi - A small scale phase-2 trial
2. A study of chronic respiratory diseases and associated factors among elderly persons in a rural area of Haryana
3. Study of knowledge and behaviours related to salt consumption and sources of dietary sodium in women aged 20-59 years in an urban resettlement colony, New Delhi
4. Prevalence of hypertension among adolescents in rural Ballabgarh, Haryana
5. Determinants of treatment default in tuberculosis patients in a rural area of north India: a community-based mixed-method study.
6. Diabetes and hypertension among elderly persons in a rural area of Ballabgarh, Haryana.
7. Patient costs and treatment delays among newly diagnosed adult tuberculosis patients registered under Revised National Tuberculosis Control Programme in Ballabgarh block of district Faridabad, Haryana
8. Estimation of mortality burden in India due to respiratory viruses: Influenza & Respiratory Syncytial Virus,
9. Association of knowledge and self-efficacy of diabetes management with its control among patients in an urban resettlement colony in Delhi,
10. A Study of Chronic Respiratory Diseases and Associated Factors among Elderly Persons in a Rural Area of Haryana,
11. Prevalence of visual impairment and its association with vision-related quality of life among elderly persons in a resettlement colony of Delhi,
12. Cobalamin and folate status amongst children aged 6-59 months attending a secondary health care facility in district Faridabad, Haryana.

### **Collaborative projects**

#### **Ongoing**

1. First contact and pre-referral management and compliance to treatment in patients with uveitis., RP Centre for Ophthalmic Sciences
2. Development of longitudinal growth reference and assessment of growth velocity, cardio-metabolic measures and its correlates among children in India– a prospective study, Biostatistics
3. A Phase III, Randomized, Double-blind, Three arm Placebo controlled Trial to Evaluate the Efficacy and Safety of two vaccines VPM1002 and Immuvac (Mw) in Preventing Tuberculosis (TB) in Healthy Household Contacts of Newly Diagnosed Sputum Positive Pulmonary TB Patients, Pulmonary Medicine and Sleep Disorders
4. Efficacy of Energy Dense Nutritional Supplement (EDNS) as adjunct to standard DOTS therapy in improving treatment outcomes in malnourished newly diagnosed sputum positive pulmonary tuberculosis adult patients, Pulmonary Medicine and Sleep Disorders
5. Delhi Emergency Live Heart-Attack Initiative—“MISSION DELHI” Saving Heart Saving Lives, Cardiology
6. Capacity building plan for a Phase III, randomized, double-blind, placebo-controlled trial to evaluate the efficacy and safety of VPM1002 and Mw (MIP) vaccines in preventing tuberculosis (TB) in healthy household contacts of new pulmonary TB patients, Pulmonary Medicine and Sleep Disorders
7. Acceptability and adherence to nutritional supplement in the form of ready to use therapeutic food as adjunct to standard DOTS therapy among adult malnourished pulmonary tuberculosis patients in Ballabgarh Haryana, Pulmonary Medicine and Sleep Disorders
8. Unraveling causes of stroke and cognitive decline in general population, Neurology

9. Assessment of the prevalence and pattern of traumatic dental injuries in Kabaddi players of Delhi-NCR region, Centre for Dental Education and Research
10. Implementation of an Evaluation and Treatment Package for Uniform Stroke Care and outcomes in the Medical Colleges (IMPETUS). An Implementation Research Study, Neurology
11. Development and validation of dental trauma awareness tool for school teachers, Centre for Dental Education and Research
12. Development of a Comprehensive Electronic Integrated Road Traffic Injuries Surveillance – India (IRIS-India), IIHMR University, Jaipur
13. Public Health Perspective: Stroke Awareness: Education and Training to Community, Schools and Paramedical Staff in Himachal Pradesh, Neurology
14. Psycho-social Dynamics of Pregnancy Loss: Development of a Multidimensional Scale & Development and Efficacy (a Randomized Control Trial) of a Group Psychological Intervention Module, Psychiatry
15. Mortality burden of ambient PM 2.5 exposure in Rural Ballabgarh, Haryana, North India, IIT Delhi
16. Assessment of Quality and Best Practices under District Mental Health Programme, Psychiatry
17. Genome based antigenic diversity analysis of *P. vivax* in Indian populations to identify global vaccine candidates, Microbiology, Medicine
18. Emerging drug resistance in community-acquired urinary tract infection and molecular insights into dynamics of resistance traits in Indian isolates- A multi-centric cross-sectional study, Microbiology, Medicine
19. ICMR Task Force Centre on Rational use of drugs, Pharmacology
20. Taskforce projecton prevalence of hearing impairment and etiology, ENT
21. Oral health toolkit for Pediatric Oncology Patients, CDER
22. Extent of mental health issues and addictive behavior among adolescents seeking help in adolescent friendly clinics in Delhi, NDDTC, Ghaziabad
23. Prevalence of congenital heart disease in adults residing in Ballabgarh block of Haryana, India: A population based study, Cardiology
24. Evaluation of prevalence, regional phenotypic variation, co-morbidities, risk factors and the variation in response to different therapeutic modalities among Indian women with Polycystic Ovarian Syndrome (PCOS): A multi-centric study across India, Obstetrics and Gynecology
25. Comprehensive Anemia Program and Personalized Therapy, Obstetrics and Gynecology, Pediatrics
26. Emerging drug resistance in community-acquired urinary tract infection and molecular insights into dynamics of resistance traits in Indian isolates: A multi-centric-cross-sectional study, Microbiology
27. Advanced Nodal Centre for Surveillance Network of AMR in Typhoidal Salmonella in India, Microbiology

### **Completed**

1. Prevalence of NAFLD and its association with cardio- metabolic disease risk factors in North India, Endocrinology and Metabolism
2. ‘Feeding Infants and Toddlers Study’ (FITS) and the ‘Kids Nutrition and Health study’ (KNHS) in India, IIHMR University, Jaipur
3. Association of Particulate Matter Exposure and Depression: A Systematic Review and Meta-Analysis, Psychiatry, Biostatistics

### **PUBLICATIONS**

**Journals: 47    Books: 1**

### **PATIENT CARE**

Patient care at Comprehensive Rural Health Services Project (CRHSP), Ballabgarh is provided through (i) One sub district hospital (SDH), and (ii) Two Primary Health Centres (PHCs) at Dayalpur, and at Chhainsa. The Intensive Field Practice area of CRHSP as of 31 March 2020 consisted of a total population of **1,03,510**.

### **Healthcare provision statistics at CRHSP Ballabgarh**

- OPD services: **4,36,383** patients
- In-patient services: **12,115** patients
- Emergency services: **86,592** patients
- A total of **4,080** deliveries were conducted for pregnant women
- Total number of surgeries - **2,394** (only at the SDH Ballabgarh)

**Outpatient Departments:****Daily, Once weekly**

- General Medicine, Non Communicable Disease Clinic
- General Surgery, Physical Medicine and
- Rehabilitation (PMR)
- Paediatric, Paediatric Surgery
- Obstetrics and Gynaecology, Neurology
- Ophthalmology, Plastic surgery
- Psychiatry, Nutrition OPD

**Dental, Thrice weekly**

- AYUSH(Homeopathy), Ante-natal clinic
- AYUSH (Ayurveda), **Twice weekly**
- Orthopaedics, Dermatology
- Ear, Nose and Throat

#### **Revised National Tuberculosis Control Programme:**

SDH Ballabgarh is a Tuberculosis Unit (TU) under the Revised National Tuberculosis Control Programme. Three designated microscopy centres (DMCs) are attached to this unit. Total tuberculosis cases treated at Ballabgarh Hospital were as follows:

<b>Total cases started on treatment</b>	<b>1033</b>
a. New case	961
b. Previously treated case	72

## B. Community Health Services

CRHSP, Ballabgarh provides community health services in Intensive Field Practice Area (IFPA) of 28 villages through a network of two Primary Health Centres (Dayalpur and Chhainsa), and 12 sub centres. Domiciliary, outpatient, inpatient, and referral services are provided in the IFPA. Important demographic indicators for the IFPA for year (2019-20) were as follows:

Indicator	Value
Population	1,03,510
Birth Rate per 1,000 population	19.4
Death Rate per 1,000 population	6.7
Sex ratio at Birth (females per 1,000 males)	866
Infant mortality rate per 1,000 live births	30.8
Under 5 mortality rate per 1,000 live births	35.4

- 1. OPD Services in Intensive Field Practice Area:** This includes health care services provided at OPD of the PHC, as well as the OPD of the Extended Health Clinics, that are conducted at each of the villages of IPHA

PHC	New Cases	Repeat Visits	Total
Dayalpur	23,120	21,088	44,208
Chhainsa	19,116	15893	35,009
<b>Total</b>	<b>42,236</b>	<b>36,981</b>	<b>79,217</b>

Total No. of AYUSH OPD Patients registered at PHC Dayalpur: **6457**  
(There is no AYUSH OPD at PHC Chhainsa)

- 2 Inpatient Services provided at the PHCs:**

PHC	Total
Dayalpur	415
Chhainsa	378
<b>Total</b>	<b>793</b>

- 3. Emergency Services at PHCs:**

PHC	Total
Dayalpur	9843
Chhainsa	3423
<b>Total</b>	<b>13266</b>

- 4 Family Welfare and Maternal Child Health**

The following services are provided as per the guidelines of National Health Mission

Indicator	Value
Total ante natal registration	2,634
Complete TT coverage of registered cases (%)	86.8
<b>Percentage of Institutional delivery in IFPA</b>	
PHC Chhainsa (%)	98.2%
PHC Dayalpur (%)	97.7%
<b>Total deliveries in delivery huts at the PHCs</b>	
PHC Chhainsa	378
PHC Dayalpur	415

## 5. Other National Health Programmes

**National Vector Borne Disease Control Programme:** Collection of blood slides are done as a part of passive surveillance in OPD and as active surveillance during domiciliary visits in the IFPA.

Indicator	PHC Chhainsa	PHC Dayalpur
Total number of malaria slides tested	6550	6162
Total number of positive cases	9	7
Annual Parasite Incidence (per 1,000 population)	0.17	0.132
Annual Blood Examination rate (%)	12.9%	11.63%
Slide Positivity Rate (%)	0.13%	0.11%

### Revised National Tuberculosis Control Programme:

The Revised National Tuberculosis Control Programme is carried out in the IFPA according to national guidelines. Dayalpur PHC has been designated as a Microscopy Centre and caters to all villages under the IFPA. Tuberculosis patients treated in the IFPA (category wise) is as follows:

Indicator (2019-2020)	PHC Chhainsa	PHC Dayalpur
Total number of patients started on treatment	81	72
New Cases	19	72
Previously treated cases	2	0

**6. Special services:** Out Reach Speciality OPD (ORSO) is a special activity conducted at each PHC where Senior Residents posted at SDH Ballabgarh attend the patients at PHCs on a weekly basis. The services were started in June 2013. During the past year the cases attended to at each PHC were as follows:

Services	PHC Chhainsa	PHC Dayalpur
Gynaecology	170	577
Paediatrics	280	533
Ophthalmology	408	768
Psychiatry	100	252
<b>Out-Reach Speciality OPD (ORSO)* (Total)</b>	<b>958</b>	<b>2130</b>

## 7. Animal Bite Management Clinics

Special services to pregnant women	PHC Chhainsa	PHC Dayalpur
Pregnancy received IVIS	336	370
PPIUCD	83	52
High Risk Pregnancy	446	373

Both PHC Chhainsa and Dayalpur have Animal Bite Management Clinic. A total of 907 doses of Anti-rabies vaccination was provided in PHC Chhainsa and **2048** doses in PHC Dayalpur.

**8. IEC Activities:** 28 and 55 Health Talks were conducted in PHC Chhainsa and Dayalpur respectively. Neonatal care and kangaroo mother care, Breast feeding and weaning, Antenatal care, high risk pregnancy, anaemia in pregnancy, importance of institutional delivery, Immunization, Malaria and Dengue, Tuberculosis, anaemia in children, malnutrition in children, Vitamin-A deficiency, Diabetes, Hypertension, HIV/AIDS, accidents in children, personal hygiene, family planning methods, postnatal care and diet, care of newborn, swine flu, geriatric care, Mental health programme, etc.

**9. Short film shows:** Films were screened in Child welfare centre, Ballabgarh, PHC Dayalpur, and PHC Chhainsa on important topics i.e. breast feeding, antenatal care, child care, female feticide, eye care, Vitamin A deficiency, malnutrition, and diarrhoea during OPD timings.

#### 10. Special activities during financial year 2019-20 at PHCs

- 1. Intensive Mission Indradhanush:** Both the PHCs participated in Intensive Mission Indradhanush where almost 60 pregnant women and 275 kids were immunized against seven vaccine preventable diseases.
- 2. Assessment for National Quality Assurance Standards:** Both the PHCs have been working very hard with a mission of providing quality comprehensive care to the beneficiaries. Both the PHCs were certified that they follow National Quality Assurance Standards

#### Urban Health Programme

The field practice area of the Urban Health Programme, Centre for Community Medicine is located at Dakshinpuri Extension, Dr Ambedkar Nagar in South Delhi, consisting of Blocks 1-7,14,15,19, Subhash camp, Dakshinpuri catering to a population of around 35,363. Patient care services are provided at the Urban Health Centre.

#### Clinical Services

Activities	Number

Participated in Workshop on “Clinical Trial: Basics and Specialized Topics” organized by CEU, CMC Vellore, Tamil Nadu (17–19 October, 2019), First National Symposium on Education and Practice of Community Medicine, Bhubneshwar, (10–12 November 2019), nominated faculty in MBBS Curriculum Development Workshop at SET Facility AIIMS, New Delhi (26 November 2019), resource person in Training Program for PCB researcher on Air Pollution organized by SPH, PGIMER, Chandigarh (6 January 2020), invited speaker on Annual day of national Centre for Diseases Control (NCDC), New Delhi on Air Pollution, symposium as Speaker in 72nd Annual National Conference of Indian Psychiatric Society (ANCIPS),

Kolkata, West Bengal (25 January 2020), visited Patna for assessment of data management system of medical colleges for World bank (12 and 13 March 2020), part of organizing team (Convener of - Fund raising & Plenary Sessions Committee, Travel and accommodation committee) of 64th Annual National Conference of Indian Public Health Association.

**Dr Rakesh Kumar** was Part of the Expert Advisory Committee of project entitled “Strengthening Mechanisms for Tuberculosis Death Reporting under the Revised National Tuberculosis Control Program (RNTCP) and the Registrar General of India” and was member of the Project Review Committee of Indian Council of Medical Research for extramural adhoc research in Urology; received Travel Fellowship Award by the International Society for Influenza and other Respiratory Virus Diseases (ISIRV) for presenting an oral paper during the Options X for Control of Influenza conference at Singapore; attended the workshops “Health Technology Assessment for Vaccines” and “SPHERIC infectious disease modelling” at Singapore. Reviewer for Indian Journal of Public Health, the Journal of Obstetrics and Gynaecology of India and International Journal of Medicine and Public Health.

**Dr Mohan Lal Bairwa** was Special Invitee, Board of Management and Member, Board of Studies, IIMR University, Jaipur, India. Examiner of MPH Program, Delhi Pharmaceutical Sciences and Research University, New Delhi. Associate Editor (Global Health), BMC Public Health and Section Editor (Research Methods), Lung India. Reviewer of International Journal for Equity in Health; International Journal of Injury Control and Safety Promotion; BMJ Open; Indian Journal of Community Medicine; Human Vaccines and Immunotherapeutics; PLoS ONE; Global Health Action; BMC Public Health; Indian Journal of Community and Family Medicine; Bulletin of WHO; BioMed Research International

## 9.9. Dermatology and Venereology

### Professor and Head

Vinod K Sharma

### Professors

Neena Khanna  
Binod K Khaitan

Kaushal K. Verma  
Sujay Khandpur  
Somesh Gupta

M Ramam  
G Sethuraman

### Associate Professor

Kanika Sahni

### Assistant Professors

Neetu Bhari

Vishal Gupta

### EDUCATION

The department is training 22 junior residents, 10 senior residents and guiding four PhD candidates. A Competency based training of 2 weeks for MD (Medicine) and DM (infectious disease) residents has been started. Dermatology residents are being posted on rotation for 2 weeks in these departments also.

### CMEs/Workshops/Symposia/National and International Conferences Organized by the department

1. Ninth Annual conference of Contact and Occupational Dermatoses Forum of India (CODFICON 2019), 31 August and 1 September 2019.
2. First Annual Meeting of the Asian Society of Dermatopathology and Annual Meeting of DSI, 15-17 November 2019, New Delhi

### Lectures delivered

#### Vinod K. Sharma

1. Panel Discussion on Alopecia, IADVL- SIG Trichology CME-2019, 18 August 2019, New Delhi
2. Eczema in elderly, CODFICON 2019, 31 August and 1 September 2019, AIIMS, New Delhi
3. Drug Provocation if drug reaction, 5th PGCON 2019, 14 -15 September 2019, Amritsar
4. Genital Ulcer management, 37th annual conference of IADVL UP-UK CUTICON, 19 and 20 October 2019, Jhansi M.P.
5. Standardization of vitiligo Surgery, 8th DASIL World Congress, 30 October-2 November 2019, Goa
6. Photodermatosis in India, Malabar Bonhomie 2020, 15 -18 February 2020, Calicut
7. Adult Onset Eczema, Dermacon 2020, 29 January-2 February 2020, Pune

#### Neena Khanna

1. Cutaneous manifestations of PCOS & their management, 2nd M P PCOS meeting, 12 May 2019, Kolkata
2. Non melasma facial pigmentation, Cosdermindia 2019, 2-4 August 2019, Mumbai
3. Childhood leprosy -Still a problem in the era of elimination, 20<sup>th</sup> International Leprosy Congress, 10-13 September 2019, Philippine International Convention Center, Manila, Philippines
4. Are we clinically missing leprosy in era of elimination, 20th International Leprosy Congress, 10-13 September 2019, Philippine International Convention Center, Manila, Philippines
5. Adult onset acne: Overcoming management challenges, South Asian Regional Association of Dermatologists (SARCD-2019), 15-17 November 2019, Pokhara, Nepal
6. Panel discussion: Psoriasis Panel discussion: Pigmentary disorders, Dermacon 2020, 30 January-2 February 2020, Laxmi Lawns, Magarpatta City, Hadapsar, Pune

#### Kaushal K Verma

1. Occupational Dermatoses in Field Workers, 24th World Congress of Dermatology, 10-15 June 2019, Milan, Italy

2. Challenges in Management of Dermatophytosis and Acne vulgaris, CME of Doctor's Forum, MCD, 25 June 2019, New Delhi
3. Plant dermatitis- current trends and understanding, Annual Conference of Contact occupational of India, (CODFICON), 31October-1 September 2019, New Delhi
4. Can increase in concentration of test allergen reduce the patch test occlusion time?, 15th Asia-Pacific Environmental and Occupational Dermatology, 12-15 September 2019, Kuala Lumpur, Malaysia
5. Air-borne occupational contact dermatitis in tropics- challenges in diagnosis and management, 15th Asia- Pacific Environmental and Occupational Dermatology, 12-15 September 2019, Kuala Lumpur, Malaysia
6. Parthenium dermatitis- diverse manifestations and difficulties in management, XI South Asian Regional Conference of Dermatologists (SARCD-2019), 15-17 November 2019, Pokhara, Nepal
7. Patch test: An eye to Eczema, XI South Asian Regional Conference of Dermatologists (SARCD-2019), 15-17 November 2019, Pokhara, Nepal
8. Cosmetics contact dermatitis - emerging challenges, Dermatozone South 2019 Conference, 22-24 November 2019, Kovalam, Kerala
9. Parthenium allergy in India, Expert Panel on Fragrance Safety meeting, 20-22 January 2020, New Delhi
10. Recent advances in diagnosing contact dermatitis-breaking the glass ceiling, 48<sup>th</sup> National Conference of Indian Association of Dermatologists, Venereologists & Leprologists, 30 January-2 February 2020, Pune, India

### **M Ramam**

1. Granulomatous and Infectious skin diseases: Sensitivity specificity of histological examination alone. Are there any specific clues, Basic Dermatopathology Workshop and CME, 30 June 2019, Visakhapatnam
2. Histopathologic spectrum of cutaneous tuberculosis., CME on Cutaneous TB 'a Multidisciplinary Approach', 28 July 2019, New Delhi
3. Madura foot and other implantation mycoses, XL Symposium of the International Society of Dermatopathology, 19-21 September 2019, Lisbon, Portugal
4. Spontaneous repigmentation and stability in vitiligo, 8th DASIL World Congress, 30 October-2 November 2019, Goa
5. Ethical and effective use of placebo in dermatology practice., Annual CUTICON of IADVL DSB, 24 November 2019, Delhi
6. How to use placebo ethically and effectively, Cuticon-Haryana, 28 December 2019, Karnal
7. Pattern Analysis of Granulomas: Cutaneous Tuberculosis, Workshop cum CME on Granulomatous Disorders, 4 and 5 January 2020, Hyderabad
8. Histopathological Marker for Epidermal Cutaneous Mosaicism, 24th Regional Congress of Dermatology, 25-28 February 2020, Bangkok, Thailand
9. Leprosy or Sarcoidosis, 24th Regional Congress of Dermatology, 25-28 February 2020, Bangkok, Thailand
10. Pattern recognition, Dermatopathology CME of CAPPCON 2020, 14 and 15 March 2020, Kolkata
11. The spectrum of leprosy, Dermatopathology CME of CAPPCON 2020, 14 and 15 March 2020, Kolkata

### **Sujay Khandpur**

1. Spindle cell tumours, 2nd Dermatopathology Workshop and CME, 27 and 28 April 2019, Dehradun
2. Leprosy histopathology, Dermatopathology Workshop and CME, 27 July 2019, VMMC and Safdarjung Hospital, New Delhi
3. Autoimmune vesico-bullous diseases (pemphigus): Untangling the clinical, immunological & therapeutic challenges in pemphigus, 28th EADV Congress, 9-13 October 2019, Madrid, Spain
4. Role of histopathology in genital dermatoses, First Annual Meeting of Asian society of Dermatopathology and Annual Meeting of Dermatopathology Society of India, 15-17 November 2019, New Delhi
5. Deep fungal infections, Workshop cum CME on Granulomatous Disorders of Skin, 4 January 2020, Hyderabad
6. Dermatopathology slide review, PGcon, 18 and 19 January 2020, Dr RML Hospital, New Delhi
7. Conventional immunosuppressants in pemphigus: Rituximab versus pulse therapy in pemphigus, Dermacon 2020, 30 January–2 February 2020, Pune
8. Cutaneous panniculitis Role of histopathology in pigmentary dermatoses, CAPPCON 2020, 14 and 15 March 2020, Kolkata

**Kanika Sahni**

1. Panel discussion, Scar revisions and Flaps - Dermatologist Vs Plastic Surgeons View, Daas summit, 5-7 July 2019, Hotel Eros International, New Delhi
2. Patient selection for vitiligo surgery, Vitiligo Surgery workshop, Aesthetics 2019, 9-11 August 2019, India Habitat Center, New Delhi
3. Successful treatment of involuted posthemangioma scar with autologous micro fat transfer, DIAD-DIAL Conference, 12 February 2020, Dubai
4. Irritant Dermatitis, CODFICON, 1 September 2019, AIIMS, New Delhi

**Neetu Bhari**

1. PRP in patterned hair loss, ACSICON (Annual National Conference of The Association of Cutaneous Surgeons Of India) 2019, 20 April 2019, Gurugram
2. Dermatologic Manifestations of Systemic Diseases, Indian Society of Pediatric Mid Term Conference of INNOVATIVE PHYSICIANS FORUM (IPF), 7 July 2019, SMS Medical College, Jaipur
3. Quiz master, Dermatopathology Workshop-cum-CME, Dermatopathology Workshop-cum-CME, 27 July 2019, VMMC and Safdarjung Hospital, New Delhi
4. Panel discussion, Tuberculosis-The changing scenario: Epidemiology, Diagnosis, RNTCP guidelines, Resistance. Tuberculosis CME, 28 July 2019, Maulana Azad Medical College, New Delhi
5. Systemic contact dermatitis, 9th Annual conference contact and occupation dermatoses forum of India, 31 August 2019, All India Institute of Medical Sciences, New Delhi
6. Should we prescribe sunscreen/anti-tan lotion routinely?, Indian Society of Pediatric Dermatology Annual Conference 2019, 13 September 2019, Agra
7. Panel discussion, How to manage emergencies in pediatric dermatology, Indian Society of Pediatric Dermatology Annual Conference 2019, 13 September 2019, Agra
8. Normal skin structure, First Annual Meeting of Asian Society of Dermatopathology and Annual Meeting of Dermatopathology Society of India, 15 November 2019, All India Institute of Medical Sciences, New Delhi
9. Bedside tests in Dermatology, National PG update, 18 and 19 January 2020, Dr RML Hospital and PGIMER, New Delhi, New Delhi
10. How TSC affects the skin, Tuberos Sclerosis Complex Roadshow, 12 February 2020, All India Institute of Medical Sciences, New Delhi

**Vishal Gupta**

1. Platelet counts achieved by various methods – a comparative review, 17th National Conference of Association of Cutaneous Surgeons (ACSICON), 19-21 April 2019, Gurugram, India
2. Contact dermatitis to metals, 9th National Conference of Contact and Occupational dermatoses Forum of India (CODFICON), 31 August and 1 September 2019, AIIMS, New Delhi, India
3. Autoimmune bullous disorders- Difficulty in management, 2nd International Geriatric and Aesthetic Dermatology Conference (GADCON), 7 and 8 September 2019, Jaipur, India

**Oral papers/posters presented**

1. Sharma VK, Singh S, TNFAIP3 gene polymorphism in North Indian psoriasis patients, 28th EADV Congress, 9-13 October 2019, Madrid. Spain
2. Childhood leprosy–Still a problem in the era of elimination., 24th World Congress of Dermatology, 10-15 June 2019, Milan Conference Centre, Milan, Italy
3. Verma KK, Gupta P, Kumar R, Bal CS, Radioisotope P 32/Re 188 incorporated radioactive skin patches for treatment of Basal Cell Carcinoma, 24th World Congress of Dermatology, 10-15 June 2019, Milan, Italy
4. Verma KK, Himabindu S, Sethuraman G, Kalaivani M, Increase in concentration of allergen decreases occlusion time of patches - a time dose relationship for patch test reactivity, 24th World Congress of Dermatology, 10-15 June 2019, Milan, Italy
5. Dev T, Sethuraman G, Verma KK, Dermatosurgery for long standing Tropical diseases: cutting the treatment short!, 8th DASIL (Dermatologic & Aesthetic Surgery International League) World Congress, 30 October-02 November 2019, Goa, India
6. Sahni K Intractable figurate erythema as a harbinger of underlying malignancy: Erythema Gyrate Repens in an old farmer DERMACON, 30 January-2 February 2020, Pune

## RESEARCH

### Funded projects

#### *Ongoing*

1. Elucidating the role TNIP1, IL2B and NFkBIA and their target micro RNA in regulating the inflammation and skin homeostasis in psoriasis, VK Sharma, ICMR, 3 years, 2019, Rs 36.62 lakhs
2. A randomized, investigator-blind, placebo-controlled, split-head pilot study to evaluate the effects of autologous platelet-rich plasma on hair growth and lesional T-helper and T-regulatory cells expression markers in alopecia areata, VK Sharma, IADVL, 2 years, 2018, Rs 5.22 lakhs
3. A Phase 3 Multicenter, Double-Blind Study to Evaluate the Long-Term Safety and Efficacy of Baricitinib in Adult Patients with Atopic Dermatitis, VK Sharma, Eli Lilly, 1 year, 2019, Rs 1 lakh
4. A multi-center, randomized, double-blind, active and placebo-controlled study to investigate the efficacy and safety of ligelizumab (QGE031) in the treatment of Chronic Spontaneous Urticaria (CSU) in adolescents and adults inadequately controlled with H1-antihistamines. (Funded project), Neena Khanna, Novartis, 3 years, 2019-2021, Rs 11.24 lakhs
5. A phase 2, multicenter, randomized, double blind, comparative study to evaluate the reduction in incidence of scarring in acne vulgaris subjects treated with combination of benzoyl peroxide (2.5%/5%), zinc oxide and polysiloxanes compared to benzoyl peroxide (2.5%/ 5%), Neena Khanna, Dr Reddy's Laboratories, 2 years, 2017-2019, Rs 5.20 lakhs
6. Evaluation of effect of cyclosporine on inflammatory cytokine levels and dermatitis in patients of air-borne contact dermatitis due to plant parthenium, Kaushal Verma, DST, 3 years, 2019-2022, Rs 36 lakhs
7. Comparison of the efficacy of Rituximab infusion and Dexamethasone cyclophosphamide pulse in moderate to severe pemphigus vulgaris, Sujay Khandpur, ICMR, 3 years 9 months, 2015-2018, Rs 29.72 lakhs
8. Prospective non-randomized controlled trial to compare the efficacy of subcutaneous etanercept versus oral methotrexate in moderate to severe chronic plaque psoriasis and to correlate response with Th1, Th2, Th17 and Treg cell patterns, Sujay Khandpur, Pfizer Pharmaceutical, 2 years, 2016-2018, Rs 11.61 lakhs
9. A double-blind randomized trial of transplantation of cultured melanocytes from outer root sheath of plucked hair follicles vs. cultured melanocytes from epidermis, Somesh Gupta, DBT, 2017-2020, Rs 60 lakhs
10. Efficacy and safety of non-cultured extracted follicular outer root sheath cell suspension and conventional epidermal cell suspension transplantation in stable vitiligo and correlation with constituent stem cell populations, Somesh Gupta, ICMR, 2016-2020, Rs 30 lakhs
11. Analysis of the diagnostic and/or predictive potential of metabolomics in bacterial vaginosis, its treatment failure, relapse and susceptibilities to other sexually transmitted infections, Somesh Gupta, AIIMS, 2018-2020, Rs 16 lakhs
12. Th2/Th17 inflammatory cytokines modulating filaggrin expression and disease severity in children with atopic dermatitis, Neetu Bhari, IADVL, 2 years, 2019-2021, Rs 7.45 lakhs

#### *Completed*

1. Defining the role of genetic, epigenetic and immunological components involved in the pathogenesis of alopecia areata., VK Sharma, ICMR, 4 years, 2015-2019, Rs 56 lakhs
2. A phase 3 Multicenter double –blind study to evaluate the long-term safety and efficacy of baricitinib in adult patient with atopic Dermatitis, VK Sharma, Eli Lilly and company, 1 years, 2019-2020, Rs 12 lakhs
3. Measurement of quality-of-life in patients with lichen planus pigmentosus and its comparison with vitiligo and melasma, VK Sharma, IADVL, 2 years, 2017-2019, Rs 0.6 lakhs
4. Comparison of the efficacy of Rituximab infusion and Dexamethasone cyclophosphamide pulse in moderate to severe pemphigus vulgaris, Sujay Khandpur, ICMR, 3 years 9 months, 2015-2018, Rs 29.72 lakhs
5. Prospective non-randomized controlled trial to compare the efficacy of subcutaneous etanercept versus oral methotrexate in moderate to severe chronic plaque psoriasis and to correlate response with Th1, Th2, Th17 and Treg cell patterns, Sujay Khandpur, Pfizer Pharmaceutical, 2 years, 2016-2018, Rs 11.61 lakhs

### Departmental projects

#### *Ongoing*

1. A cross sectional descriptive study to categorize the etiology in patients with self-reported excessive facial hair

2. A cross sectional study to assess autonomic nervous system imbalance and its correlation with cutaneous manifestations in patients with systemic sclerosis
3. A prospective randomized controlled trial to compare the efficacy of Rituximab infusion versus intravenous Dexamethasone Pulse therapy in Pemphigus vulgaris and its correlation with phenotypic and functional determinants of B and T cells
4. An open label non-randomized preliminary study comparing handheld NB-UVB device with standard whole body NB- UVB therapy in treatment of localized vitiligo.
5. An open label non-randomized preliminary study comparing two targeted phototherapy devices i.e. daily use of home-based hand-held Narrow Band UVB comb device versus biweekly hospital-based excimer light therapy in treatment of localized vitiligo
6. Benefit of yoga in systemic sclerosis as compared to standard therapy alone: A pilot randomized control trial.
7. Comparison of patch test positivity after 24 and 48 hours of occlusion time in patients of allergic contact dermatitis.
8. Efficacy of adding PRP to 5-FU ointment and microneedling in the treatment of Acral Vitiligo
9. Evaluation of a paraffin based moisturizer as compared to a ceramide based moisturizer in children with atopic dermatitis: A double blinded, two group equivalence randomized controlled trial
10. Prospective randomized trial to compare efficacy and cost-effectiveness between rituximab therapy and dexamethasone pulse in pemphigus vulgaris
11. Quality of Life on Pruritus- Comparison of different scales
12. Study of epidemiological factors contributing to treatment failure in patients with dermatophytic infection attending tertiary care hospital in Northern
13. Study of Single Nucleotide polymorphism in TNF.α, TNFAIP3, TNIP1, TRAF3IP2, IL-17, IL-23R, IL-12 B & HLA-C genes in Indian Psoriasis patients and their association with clinical characteristics.
14. Study of vaginal microbiome and metabolome in women with bacterial vaginosis (BV) and apparently healthy controls and their correlation with diagnostic criteria, treatment failure and relapse
15. To evaluate the effectiveness and safety of topical triple therapy formulation with fractional CO2 laser and triple therapy alone in the treatment of melasma in split face randomized control study.

### ***Completed***

1. Elucidating role of micro RNA in the pathogenesis of active generalized vitiligo & in pigmentation.
2. Patch testing with mercapto mix with a high content of 2-mercaptobenzothiazole
3. Evaluation of effectiveness of combination of isotretinoin with terbinafine and terbinafine alone in the treatment of recurrent dermatophytosis
4. Patch testing with a Methylchloroisothiazoline/methylisothiazolinone mix with a higher concentration of methylisothiazoline
5. Efficacy of topical Rituximab encapsulated in nanoparticle in patients of oral pemphigus vulgaris - a randomised double blind placebo controlled trial

### **Collaborative projects**

#### ***Ongoing***

1. Th2/Th17 inflammatory cytokines modulating filaggrin expression and disease severity in children with atopic dermatitis, Genetics, Cardiac Biochemistry
2. Deciphering the mechanism of alarmins induce necroptosis and its role in immune homeostasis and inflammation in athero - sclerosis, Cardiac Biochemistry
3. Defining the role of Neutrophil Extracellular Traps (NETs) in immune regulation and inflammation, Cardiac Biochemistry
4. Evaluation of prevalence, regional phenotypic variation, co morbidities, risk factors and the variations in response to different therapeutic modalities among Indian women with polycystic ovary syndrome (PCOS): A multicenter study across India (ICMR-PCOS task force), Multicentric national study
5. Development of a population based leprosy Registry (PBLR) & new case detection strategies (NCDS) to eradicate leprosy in urban areas, TLM Shahdara
6. Radioactive Skin Patches for Treatment of Basal Cell Carcinoma, Nuclear Medicine
7. Radiocative Skin Patches for Treatment of Basal Cell Keloids, Nuclear Medicine

8. Exploring the role of innate immunity in immunopathogenesis of pemphigus vulgaris, Biochemistry
9. Autologous fat transfer for correction of cicatricial ectropion, Ophthalmology

### **Completed**

1. Exploring the role of gamma-delta T-cells in immunopathogenesis of pemphigus vulgaris, Biochemistry

## **PUBLICATIONS**

**Journals: 37**

**Chapters in Books: 9**

**Books: 3**

## **PATIENT CARE**

The department has 29 bedded ward including two isolation rooms. The total number of long admissions from April 2019 to March 2020 was 771 and total short admission was 2132. The OPD caters to both general dermatology patients (in first half) and special clinics (STD, leprosy, dermatosurgery, Pigmentation, Allergy) and lasers (Diode, Carbon dioxide, NdYAG laser, Pulse Dye laser) in afternoon. Side lab procedures and dermatosurgery procedures are conducted in both morning and afternoon. According to census, 30263 new cases were attended in Out Patient department and total number of old patients was 55857. One Senior Resident is visiting Ballabgarh for skin OPD twice a week and the department has started community dermatology OPD services in Jhajjar twice a week.

## **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor VK Sharma** was Editorial Board-International Journal of Dermatology, Dermatitis, British Journal Dermatology; Member, Executive Committee, International Society of Dermatology; Member, Research Committee, AIIMS, Rishikesh; Organizing chairperson, 9th Annual conference contact and occupation dermatoses forum of India, 31 August and 1 September 2019, All India Institute of Medical Sciences, New Delhi; Chaired Plenary session, 4th Pigmentarycon, 15-17 November 2019, Kolkata; Chairperson, Management of Hand Dermatitis, MID -CUTICON, 2nd June, Delhi; Chairperson, PEDDERMA-CON 2019, 27 and 28 July, Telangana.

**Professor Kaushal Verma** was awarded FAMS-2019 by the national Academy of Medical Sciences, New Delhi; Nominated Inspiring Physicians for 2019 by the Royal College of Physicians of Edinburgh, UK; Visiting faculty Michigan University Department of Dermatology, 19-25 July 2019 Ann Arbor, Michigan, USA; Chaired a symposium on “Occupational Dermatoses” along with Prof. Swen M. John and Prof. Hiro Yokozeki from Japan at 24th World Congress of Dermatology, 10-15 June 2019 Milan, Italy; Chaired a symposium on “Regional responses to global HIV/STI trends-IUSTI Special Symposium” at STI & HIV-2019 World Congress (IUSTI- World Conference) 13-17 July 2019 at Vancouver, Canada; Represented the Asia Pacific region as Regional Chair of the IUSTI- AP region and participated in the World Executive meeting of the IUSTI-World, 13 July 2019 Vancouver, Canada; Represented the Asia Pacific region as Regional Chair of the IUSTI- AP region in the General Assembly 15 July 2019, Vancouver, Canada; Co-Chair, Scientific Committee (Clinical Track) of the IUSTI- World Congress 2020 to be held at Bangkok, Thailand; Participated in the Scientific Committee meeting of the IUSTI- World Congress 2020 to be held at Bangkok, Thailand on 15 July 2019 at Vancouver, Canada; Participated and represented the country in the International Contact Dermatitis Research Group (ICDRG) Board meeting on 13 September 2019, Kaula Lumpur, Malaysia; Participated in the APEODS Board meeting representing India on 13 September 2019 at Kaula Lumpur, Malaysia; Chaired a Scientific session at Face Aesthetics Dermatologists Society (FADS) Annual Conference, 9 and 10 November 2019, Gurugram, Delhi NCR; Contributed to Community service health care program at Ladakh from 29 September–6 October 2019; Participated as an Expert in live phone-in Show Skin health and Skin care in Summers on DD National, Prasar Bharati on 2 May 2019; Expert for Faculty Selection, to AIIMS Jodhpur, 8 September 2019 Jodhpur, Rajasthan; External Examiner, MD (Dermatology & Venereology) Examination, BPKIHS, Dharan Nepal, 15 and 16 August 2019.

**Professor Sujay Khandpur** was President of IADVL Delhi Branch 2020; Associate Editor of IADVL Textbook of Dermatopathology; Secretary, Dermatopathology Society of India, 2019-20; Member, Special Interest Group of Dermatopathology, IADVL

**Dr Kanika Sahni** won First prize in International Case Presentation Competition at DIAD-DIAL conference in Dubai, UAE, February 2020

**Dr Neetu Bhari** was awarded Best letter to editor, IJDVL, year 2019. Patra S, Bhari N, Mohta P, Singh S, Ramam M, Agarwal S. Adult-onset Still’s disease presenting as blotchy and flagellate pigmentation. *Indian J Dermatol Venereol Leprol.* 2019; 85(6):626–8; Organizing secretary, 9th Annual conference contact and occupation dermatoses forum of India, 31 August and 1 September 2019, All India Institute of Medical Sciences, New Delhi; Clinical image competition IJMR, 2019 award

### HIGHLIGHTS

The department has been in the forefront of providing round-the-clock, holistic and world-class emergency care to patients with all types of medical, paediatric and non-traumatic surgical, as well as some of the traumatic emergencies. Nearly 1,49,443 patients visited the department in the year 2019-2020. The department has been providing training to its post-graduates in the specialty of Emergency Medicine since July 2012. In addition, the departmental faculty is involved in teaching and training of postgraduates from other departments (including Medicine, Surgery, Geriatric Medicine, Critical Care Medicine, Dermatology, Psychiatry and several others), undergraduate students, nursing students and paramedics in the field of emergency medicine including life support courses. The department is also involved in training the existing and future faculty from other colleges and hospitals in the specialty of Emergency Medicine.

Under the aegis of the Ministry of Health and Family Welfare, the department is involved in developing guidelines for comprehensive primary healthcare for burns and trauma as well as for Emergency Department at District Hospitals under the Ministry. In collaboration with South East Asia Region, WHO, the department is involved in formulating guidelines on road safety, injury prevention, as well as integration of emergency and trauma care in India. Under the AIIMS Quality Improvement Programme, Emergency Medicine Department has started several projects to further improve patient care and outcome. This has also resulted in shorter stay of patients. At international level, the department has been actively collaborating with several universities from the USA with the aim of training doctors, nurses and paramedics. Some of these Universities include University of South Florida and SUNY Downstate, New York.

### EDUCATION

The faculty organized life support courses for undergraduates, postgraduates and nurses posted in the department. It has conducted AIIMS Emergency ECG and rapid sequence intubation courses for the postgraduates of Institute as well as other colleges. The department runs a schedule of academic activities for the residents of Emergency Medicine (seminars, journal clubs, case discussions) twice a week for 9 hours. Education and skills are imparted to residents on the use of ultrasound in emergency care of patients. Simulation-based teaching (both table-top and on high-fidelity simulator) is imparted to the residents. In addition, the Faculty of the department are involved in didactic teaching of undergraduates, postgraduates and nursing students through lectures and seminars.

The department imparted short term training to Mr Yann Le Lay (France), Mr Matthieu Perin (France), Ms Fatma Azim Khan (Riyadh), Ms Karen Borges (Belgium) and Mr Ketan Singh (UK) from other countries.

### Continuing Medical Education

#### Conferences/seminars/workshops organized

1. Tactical combat course for CRPF on 5 April 2019 at JPNATC, AIIMS, New Delhi
2. CME on Trauma Update and AUTLS workshop from 9 to 10 April 2019 at AIIMS, Jodhpur
3. Emergency Sonography Workshop from 6 to 7 May 2019 at AIIMS, Rishikesh
4. EM-INDIA, National Conference on Emergency Medicine, at AIIMS, New Delhi from 31 July to 4 August 2019
5. AUTLS (Advanced Ultrasound and Trauma life support) Workshop from 6 to 7 September 2019, Pune
6. AIIMS EM-SONO Workshop on Emergency and Point of care Ultrasonography held from 14 to 15 September 2019 at LHMC, New Delhi
7. Compressive life support course for CRPF from 20 to 21 November 2019, JPNATC, AIIMS, New Delhi
8. HEMS-INDIA, Workshop on helicopter-based emergency medical services, at AIIMS, New Delhi from 26 to 28 November 2019

9. Advanced point of care ultrasound course held from 5 to 6 December 2019 at Texas, USA
10. WACEM ULTRAMAC Workshop (World Academic Council of Emergency Medicine's Ultrasound in Mass Casualties Workshop) at Tel Aviv, Israel on 12 January 2020
11. 5th National Emergency Medicine Board Review of India Course (NEMBRIC), at National Board of Examinations from 8 to 12 February 2020, New Delhi

#### **Oral papers/Posters presented**

1. Abhijit S, Praveen Aggarwal, Shalimar, Nayer Jamshed, Meera Ekka. Comparison of 3 scoring systems (AIMS 65, Pre-endoscopic Rockall, Glasgow Blatchford bleeding score) to predict 1 week outcome in patients acute Upper GI bleed presenting to Emergency Department WACEM 2019 (World Academic Congress of Emergency Medicine), 20-24 October 2019, Roda AL Bustan, Dubai
2. Gaurav Kumar, Meera Ekka, Nayer Jamshed, Praveen Aggarwal Fatal Suicidal toxicity with Sodium Azide: Minor oral presentation 18TH Annual Scientific Congress of Asia Pacific Association of Medical Toxicology (APAMT 2019), 7 November 2019, Putrajaya, Malaysia
3. Meera Ekka, Gaurav Kumar, Nayer Jamshed, Praveen Aggarwal Fatal suicidal poisoning with Imidacloprid: A rare case Report 18th Annual Scientific Congress of Asia Pacific Association of Medical Toxicology (APAMT 2019), 4-7 November 2019, Putrajaya, Malaysia

## **RESEARCH**

### **Funded Projects**

#### **Ongoing**

1. Delhi Emergency Life Heart Attach Initiative: Mission Delhi, Praveen Aggarwal, ICMR, 3 years, 2017-2020, Rs 4.9 crores
2. Evaluation of a health system-based intervention on change in thrombolysis rate in ST-segment elevated myocardial

infarction (STEMI) across selected districts of the country – A health implementation research project, Praveen Aggarwal, ICMR, 3 years, 2020-2022, Rs 87.93 lakhs

3. To study the gene expression, activation of cellular signalling pathway and its correlation with clinical outcome among trauma hemorrhagic shock THS. Sanjeev Bhoi, ICMR, 3 years, 2019-2022, Rs 58 lakhs
4. Current status of facility-based emergency and injury care in tertiary care, Sanjeev Bhoi, Niti Aayog, 1 year, 2019-2020, Rs 37 lakhs
5. Current status of facility-based emergency and injury care in secondary care. Sanjeev Bhoi, Niti Aayog, 1 year, 2019-2020, Rs 34 lakhs

## **Departmental projects**

### ***Ongoing***

1. Accuracy of AIIMS sepsis triage protocol in early identification of sepsis in Emergency Department
2. Assessing accuracy of smartphone ECG - Sanketlife in diagnosing arrhythmias
3. Assessing accuracy of smartphone ECG - Sanketlife in diagnosing STEMI
4. Assessing the serum chymase levels an early predictor of Dengue severity
5. Assessment of internal jugular vein and femoral vein collapsibility in the determination of intravascular volume status as compared to inferior vena cava collapsibility
6. Biochemical markers for the prediction of outcome in patients of cardiac arrest
7. Clinical epidemiological profile of patients with AKI in CLD
8. Clinical epidemiological study of acute abdominal pain in ED
9. Clinical profile of patients requiring emergency airway management in the Department of Emergency Medicine
10. Clinico-epidemiological profile of patients with corrosive poisoning presenting to emergency department
11. Comparative efficacy of low vs high dose Terlipressin in the management of upper Gastrointestinal bleeding: An Open label Randomized Control Trial
12. Comparison of the full outline of unresponsiveness (FOUR) score and the Glasgow Coma Scale in predicting clinical outcome of patients with altered sensorium in the Emergency Department
13. Diagnostic accuracy of transcranial ultrasound to detect clinically significant conditions in post-craniectomy patients
14. Efficacy of intra-lipid emulsion therapy in organo-phosphorus poisoning – an exploratory study
15. Epidemiology of Emergency Department Visits – An International Multicentric Study
16. Evaluation and appraisal of Triage protocol of AIIMS in terms of mortality
17. Evaluation of diagnostic characteristic of Neutrophil-Lymphocyte ratio in comparison to commonly used score (APACHE II, CTSI and BISAP) in Acute pancreatitis
18. Incidence of hypoglycemia in hyperkalemic patients following treatment with insulin and dextrose
19. Integration of point-of-care ultrasound during rapid sequence intubation in trauma resuscitation: A multicentric randomized study
20. Nebulised vs intravenous tranexamic acid in patients with haemoptysis presenting to emergency department: A randomized controlled study
21. Outcome of patients receiving cardiopulmonary resuscitation in the Department of Emergency Medicine, AIIMS, New Delhi
22. Outcome of patients with upper gastrointestinal haemorrhage presenting to Emergency Department
23. Platelet-lymphocyte ratio as a predictor of infarct related artery patency in patients with ST-elevation myocardial infarction
24. Profile of Acute Poisoning in Emergency Department: A retrospective study
25. q-SOFA scores as a predictor of 7 & 30 days mortality in patients with suspected infection presenting to the Emergency Department
26. Reducing time to antibiotics and ensuring blood culture collection in patients with Sepsis in Emergency Department
27. Role of high dose NTG bolus for patients presenting with Sympathetic Crashing Acute Pulmonary Edema to the Emergency Department – A Prospective Observational Study
28. Role of Methylprednisolone in Corrosive Esophageal Injury: A randomised Controlled Open Label Study
29. To determine by ultrasound the optic nerve sheath diameter in paediatric patient with increased intracranial pressure compared with control group

30. To determine the improvement in outcome of management of acute exacerbation of COPD in ED by implementation of COPD care bundle
31. To study clinico-epidemiological profile of patients with sympathetic crashing acute pulmonary edema (SCAPE)
32. To study the diagnostic characteristics of point of care ultrasound in patients of blunt trauma of chest

### **Completed**

1. Comparison of three scoring systems (AIMS 65, pre-endoscopic Rockall, Glasgow Blatchford) to predict 1 week outcome in patients presenting to Emergency Department with acute upper gastrointestinal bleeding
2. Water-bath ultrasound technique in the evaluation of distal hand and foot injuries in the emergency department
3. To study the risk of major cardiac events in chest pain patient after 30 days of presentation to ED in patients with acute onset chest pain categorized as low risk group based on HEART pathway
4. To study the clinical profile and pattern of complications related to chronic kidney disease among patients visiting Emergency Department
5. Role of triple rule out dual energy CT in patient presenting with acute chest pain in an Emergency setting
6. Clinical profile of patients with rheumatic heart disease presenting to Emergency Department
7. CISNE vs. MASCC score: Identifying low-risk febrile neutropenic patients in emergency department
8. Serum lactate and shock index as clinical metrics in predicting adverse outcomes in patient with STEMI
9. To study the clinical profile of patients of CLD presenting to the emergency department

### **Collaborative Projects**

#### **Ongoing**

1. Global One Day in Emergency Study–Global Multicentric Period Prevalence Study University of Michigan, Ann Arbor, USA
2. Epidemiology of Emergency Department Visits–An International Multicentric Study University of Michigan, Ann Arbor, USA

#### **Completed**

1. Development of Self-assessment tool for resident doctor’s communication skills in India, Medicine
2. Utility of Metabolic Imaging in patients with obscure abdominal pain, Surgery
3. A Survey of Electronic Health Records in the Academic Emergency Departments across India. Twelve Academic Emergency Departments within India

Procalcitonin	75	

### Procedures done in Emergency OT

Name of procedure	Total number
Tracheostomy	178
Other Procedures	17
Total minor procedures	195

### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Praveen Aggarwal** continues to be the Chief Editor of the Journal of Emergencies, Trauma and Shock, an international journal indexed in PubMed. He also continues to be a member of Signal Review Panel of the Central Drugs Standard Control Organization and the Indian Pharmacopoeia Commission for the Pharmaco-vigilance Programme of India, Member of Scientific Body, Indian Pharmacopoeia Commission, Ministry of Health and Family Welfare, Government of India. He is the Vice-President of the Academic College of Emergency Experts in India and Joint Secretary of Organized Medicine Academic Guild of India which is a Guild of major medical associations and societies in India with the aim to formulate national policies in term of patient care, education and research. He chaired sessions on echocardiography & ultrasound for emergency physicians, heart failure registry and STEMI during Emergency Cardiology Conference (EMCARD).

**Professor Sanjeev Bhoi's** team is currently assessing the status of facility-based emergency and injury care system in secondary and tertiary care in India and providing technical advice to the Niti Aayog in building emergency care system. He served as a member secretary to the newly created specialist board of Emergency Medicine to make guidelines for academic emergency medicine in India. He has created one idea of thesis with multiple universities getting involved with same methodology to evolve a multi-centric work with optimum sample size for quality research output. He is serving as the head of WHO-collaborating centre for Emergency and Trauma in the region and has been working collaboratively with various states of India and member countries of SEARO as well as world academic council for emergency medicine in building systems of integrated emergency and trauma care in India and globally.

**Dr Nayer Jamshed** is the in-charge of MD teaching program which includes weekly Seminars, Journal Club, Tintinalli's textbook-based topical discussion, evidence-based medicine and clinical case discussions. He is the in-charge of simulation-based training program of the department. He has also started the Departmental panel discussion on various topics pertaining to Emergency department. He has published 11 papers in reputed journals, a chapter in books and also is the reviewer of three journals in one year. He has organized symposium and delivered lectures on various topics. He is also a member of Institute COVID task force and was instrumental in writing for AIIMS guidelines on COVID-19. He is also one of the nodal officers for infection control program of AIIMS and COVID. He is one of the nodal officers for curriculum revision program of AIIMS. He is one teaching faculty for SET Facility and has developed modules for them. He is also the teaching faculty for AIIMS ECG and Emergency Life Support courses run by the department. Dr Jamshed is a part of departmental quality improvement program to improve quality of patient care, and the in-charge of mortality and morbidity meeting of the department. He is one of the teaching faculty for the proposed Toxicology Fellowship Program.

**Dr Tej Prakash Sinha** has focused his area of work in emergency and trauma care system building. He is involved in assessing the status of facility-based emergency and injury care system in secondary and tertiary care in India and providing technical advice to NITI Aayog in building emergency care system. Presently, his major focus area is use of point of care ultrasound for emergency & trauma. He is conducting training programs on using point of care ultrasound in Medical education by

training undergraduate students for learning anatomy and physiology and training postgraduate students for using point of care ultrasound in acute/emergency care including its use in disaster scenarios. Presently, he is serving as Educational Subcommittee Co-Chair of global emergency medicine research network “Emergency Medicine Education & Research by Global Experts (EMERGE)” with a vision to transform lives globally through emergency care research. He is serving as an officer of WHO-collaborating centre for Emergency and Trauma in the region and has been working collaboratively with various states of India and member countries of SEARO for emergency medicine in building systems of integrated emergency and trauma care in India and SEAR region.

**Dr Meera Ekka** continued to be Reviewer of various international journals and is on editorial board of Annals of Clinical Case Studies. She is member of Asia Pacific Association of Medical Toxicology. She demonstrated as a course faculty of the skill module for skill learning on “Needle Decompression in pneumothorax” for interns in skill lab, SET facility, and is the in-charge of teaching and assessment of MBBS students. She is the Faculty In-charge, store and nodal officer for fire safety for the Department of Emergency Medicine. She is involved in initiation of Triage and Screening OPD in the department. She is part of quality improvement projects for pain free Emergency Department. She is one teaching faculty for SET Facility and has developed modules for them. She is also the teaching faculty for AIIMS Emergency ECG and comprehensive Emergency and trauma care training of medical/paramedical CAPFS course run by the department. She is chief guide of four Emergency Medicine postgraduate students and moderate post graduate students for various seminars and journal clubs in seminars conducted in the department. She is one of the teaching faculties for the proposed Toxicology Fellowship Program.

**Dr Akshay** has led several evidence-based discussions in the Department. He was involved in developing content and training of Faculty and Students at the SET Facility. He has conducted several critical care workshops for competency building among PG students and Interns. In December 2019, he was recognized by the Academic Section for his contribution to the SET Facility. He has conducted qualitative research in medical education through training workshops on acute and critical care. He has completed qualitative research in communication skill training and submitted for publication. One collaborative project on National Survey of Emergency Electronic Health Records has been completed and is being written for publication. He has led several Quality Improvement Programs to improve processes of patient care including door to antibiotic time, door to first medical contact time and improving the airway management in the Department.

**Dr Prakash Ranjan Mishra** who joined as a regular faculty in the department on 18 September 2019 continued his services towards creating a robust emergency medicine department. He continues to hold AIIMS Emergency ECG Course for postgraduates which trains them in interpreting ECGs in emergency settings. He was the Organizing secretary of HEMS-India (Helicopter based emergency medical services) which will be a milestone in improving emergency medical services in the country. He was active as a faculty and moderator during EM-India (the national Emergency Medicine conference) held at AIIMS. He has developed new e-skill module for skill learning on “Pelvic binders” for MBBS students in skill lab, SET facility, AIIMS. He is actively involved in training postgraduates in Trauma care, sonography in emergencies as well as skill development using cadavers. He was a moderator for postgraduate students for various sessions of seminars and journal clubs conducted in the department and had also participated in several panel discussions as a panellist. He is a part of departmental quality improvement program to improve patient care and develop communication skills among Emergency Medicine team. He was also involved in training doctors and paramedics during workshops, as, CAPFS Course and programme for GDMOs of Coal India limited, held at AIIMS. He continues his services during the COVID-19 pandemic; is a member of COVID task force ‘clinical managerial group’ at AIIMS and has contributed to creation of screening areas for influenza-like and severe acute respiratory illness in the department of Emergency medicine.

## 9.11. Endocrinology and Metabolism

### Professor and Head

Nikhil Tandon

### Professors

Nandita Gupta (till 31 December 2019)

Rajesh Khadgawat

Ravinder Goswami

Viveka P Jyotsna

### Associate Professor

Yashdeep Gupta

### Assistant Professor

Alpesh Goyal

### HIGHLIGHTS

The department is engaged in many academic activities such as Endocrine-Pathology Conference every alternate week, Endocrinology-Surgery-Nuclear Medicine (Wednesday) and Endocrinology-Radiodiagnosis (Friday) meet every week. There are Seminars (Wednesday), Journal Clubs (Friday) and Clinical classes (Thursday) every week. During these academic events, topics of clinical importance and recent high impact articles are discussed. The department runs daily outpatient facilities, has state of the art laboratory services for hormone assays, metabolic studies and bone density measurement.

### EDUCATION

#### Undergraduate, Postgraduate, Paramedical Training

The department was actively involved in teaching undergraduate medical students and nursing students. Postgraduate students (MD) from Internal Medicine and Geriatric Medicine come for one and two month postings to the department. In addition, postgraduate fellows enrolled in MCh Breast and Endocrine Surgery, DM Nuclear Medicine and MSc Reproductive Biology also rotated for a period of 2-4 weeks in the department.

#### Long and Short Term Training

- Six candidates joined the DM course (Five General, One Sponsored).
- Two candidates permitted for short term training.

#### CMEs/Workshops/Symposia/National and International Conferences

#### Lectures delivered

**Nikhil Tandon: 18**

**Yashdeep Gupta: 3**

**Ravinder Goswami: 7**

**Alpesh Goyal: 9**

**Rajesh Khadgawat: 16**

5. Neuroendocrine dysfunction in traumatic brain injury, Annual meeting of Neurotrauma Society of India, NEUROTRAUMACOM 2019, 24 August 2019, Agra
6. Recognition of short child and interpretation of growth chart, International Congress in Type 2 diabetes and Metabolic D, 21-11 September 2019, Bhopal
7. Hypothyroidism in pregnancy, Annual Conference of Association of Physicians of India, Rajasthan-Jodhpur chapter (RAJAPICON2019), 11-12 October 2019, Jaisalmer
8. Reducing Cardio-Renal risk in T2DM: Role of SGLT-2 inhibitors, Annual Conference of Association of Physicians of India, Haryana Chapter HAPICON-2019, 3 November 2019, PGIMS, Rohtak

9. Role of OHA in Type 1 Diabetes, 47th Annual Conference of the Research Society for the Study of Diabetes in India - RSSDI, 7–10 November 2019, Jaipur Convention centre, Jaipur
10. Childhood obesity: Challenges in management, 47th Annual Conference of the Research Society for the Study of Diabetes in India - RSSDI, 7–10 November 2019, Jaipur Convention centre, Jaipur
11. Pediatric Obesity - Challenges in management, Annual Conference of Endocrine Society of India (ESICON), 22 November 2019, Nagpur
12. Growth Velocity in Indian GH children, 6th Biennial Conference of the Indian Society of Pediatric & Adolescent Endocrinology (ISPAECON 2019), 29 November - 1 December 2019, Kolkata
13. Dyslipidemia in Childhood, 6th Biennial Conference of the Indian Society of Pediatric & Adolescent Endocrinology (ISPAECON 2019), 29 November - 1 December 2019, Kolkata
14. Endocrine Lab Test Interpretation, 3rd Diabetes, Thyroid Hormone and Endocrine Update DTH 2020, 18 and 19 January 2020, Udaipur
15. Vitamin-D the Sunshine Bless or Devil's thought, 3rd Diabetes, Thyroid Hormone and Endocrine Update DTH2020, 18 and 19 January 2020, Udaipur
16. Vitamin-D the Sunshine Bless or Devil's thought, Endocrine Enrichment Training Program for DM/DNB residents 2020, 8 and 9 February 2020, Kolkata

### **Yashdeep Gupta**

1. Comprehensive management of gestational diabetes: an update, International congress on interventions in type 2 diabetes and metabolic disorders, 22 September 2019, Bhopal
2. Gestational Diabetes Mellitus, ESICON 2019, 21 November 2019, Nagpur
3. GDM: Future implications for mother and baby, SPEEDCON 2020, 2 February 2020, Gurugram

### **Alpesh Goyal**

1. Prevention and management of Rickets, 3rd National Symposium on Growth, Pediatric and Adolescent Endocrinology, Growth Hormone Research Society, 10 June 2019, New Delhi
2. Gestational diabetes mellitus: an opportunity to beat diabetes, DTECON-2019, Diabetes Welfare Society, 15 September 2019, Jaipur
3. Pitfalls in interpretation of thyroid function tests, Mid-term CME, Department of Surgery, ESI-PGIMS Hospital, New Delhi, 9 November 2019, ESI-PGIMS Hospital, New Delhi
4. Early risk factors of Childhood Obesity: Interpretation of growth charts – when to suspect a specific aetiology? SCOPE School India, World Obesity Federation, 10 November 2019, New Delhi
5. Childhood Obesity Complications: diagnosis and management, SCOPE School India, World Obesity Federation, 10 November 2019, New Delhi
6. Approach to a patient with Hypercalcemia, DTH 2020, Diabetes Thyroid Hormone Care Research Sansthan, 19 January 2020, Udaipur
7. Approach to a patient with ambiguous genitalia, SPEEDCON 2020, Society for Promotion of Education in Endocrinology and Diabetes, 2 February 2020, Gurugram
8. Dynamic tests in Endocrinology and their interpretation, Mid-term ESICON 2020, Endocrine Society of India, 16 February 2020, Gurugram
9. Management of type 2 diabetes mellitus-an overview, CME organized by Department of Hospital Administration, AIIMS, New Delhi for physicians of Coal India Ltd. at behest of Indian Institute of Coal Management, Ranchi, 25 February 2020, AIIMS, New Delhi

### **Oral papers/posters presented**

1. Socioeconomic inequalities in the prevalence of diabetes and its associated risk factors in rural India (Abstract BU03113), International Diabetes Federation (IDF) Congress 2019, 2-6 December 2019, Busan, Republic of Korea
2. Comparison of HbA1c and FPG for the diagnosis of type 2 diabetes A population-based study from Delhi, India (Abstract BU03531), International Diabetes Federation (IDF) Congress 2019, 2-6 December 2019, Busan, Republic of Korea
3. Effect of a multicomponent intervention strategy on diabetes selfcare management in South Asia: CARRS Trial (Abstract BU03393), International Diabetes Federation (IDF) Congress 2019, 2-6 December 2019, Busan, Republic of Korea
4. Cost effectiveness of a multicomponent intervention in improving diabetes care in South Asia (Abstract BU03035),

International Diabetes Federation (IDF) Congress 2019, 2-6 December 2019, Busan, Republic of Korea

5. Factors affecting diabetes control in epidemiologically transitioning communities in India: Findings from a large study (BU03096), International Diabetes Federation (IDF) Congress 2019, 2-6 December 2019, Busan, Republic of Korea

## RESEARCH

### Funded projects

#### *Ongoing*

1. Registry of people with diabetes in India with young age at the onset phase II, Nikhil Tandon, ICMR, 8 years, 2012-2020, Rs 246.99 lakhs
2. Changing diabetes in children, Nikhil Tandon, Novo Nordisk India Pvt Ltd., 8 years, 2012-2020, Rs 21 lakhs
3. A lifestyle intervention program for the prevention of type 2 diabetes mellitus among South Asian women with gestational diabetes mellitus, Nikhil Tandon, ICMR, 5 years, 2015-2020, Rs 72.77 lakhs
4. Development of Phase II Clinical Trial for an Investigational New Drug, Nikhil Tandon, Torrent Pharma, 7 years, 2014-2021, Rs 84.53 lakhs
5. To develop a strategy for postpartum follow up of woman with history of gestational diabetes mellitus by using the right test and frequency of testing and developing patient centric approach after incorporating their views, Nikhil Tandon, LUPIN, 3 years, 2018-2021, Rs 40.41 lakhs
6. Effect of intervention for lifestyle modification on improvement in sleep quality, depression score and optimal breastfeeding duration in women with history of GDM: Sub study of LIVING, Nikhil Tandon, USV, 3 years, 2018-2021, Rs 53.42 lakhs
7. Integrated Tracking Referral, and Algorithmic Management (I-TREC) System for Hypertension and Diabetes Institution, Nikhil Tandon, NIH, USA, 5 years, 2017-2022, US\$ 6.49 lakhs
8. Centre for Advanced Research and Excellence (CARE) in Young Diabetes, Nikhil Tandon, ICMR, 5 years, 2019-2024, Rs 104.95 lakhs
9. SOUL - Semaglutide cardiovascular outcomes trial in patients with type 2 diabetes, Nikhil Tandon, Novo Nordisk India Pvt Ltd., 5 years, 2019-2024, Rs 30 lakhs
10. Long - term effects of semaglutide on diabetic retinopathy in subjects with type 2 diabetes (FOCUS), Nikhil Tandon, Novo Nordisk India Pvt Ltd., 5 years, 2019-2024, Rs 27.50 lakhs
11. Bone mineral density and chronic alcoholism and changes following disulfiram deaddiction therapy, Ravinder Goswami , DBT, 3 years, 2017-2020, Rs 45 lakhs
12. Vitamin D deficiency and bone microarchitecture in asymptomatic healthy Indians: Exploring the functional significance of low serum 25(OH)D and high PTH, Ravinder Goswami, DBT, 4 years, 2019-2023, Rs 76 lakhs
13. A Randomized Placebo Controlled Prospective Phase II Clinical Study of an Ayurvedic Coded Drug ‘AYUSH-D’ on Glycemic control in Pre-Diabetic Subjects”, Rajesh Khadgawat, Central Council for Research in Ayurvedic Sciences, Ministry of AYUSH, Govt of India, 3 years, 2017-2020, Rs 35 lakhs
14. A Randomized Placebo Controlled Phase 2 Clinical Study of an Ayurvedic Coded Drug ‘AYUSH D’ in the Management of Type 2 Diabetes Mellitus as add on Therapy to Metformin, Rajesh Khadgawat, Central Council for Research in Ayurvedic Sciences, Ministry of AYUSH, Govt of India, 3 years, 2017-2020, Rs 35 lakhs
15. Efficacy and safety of Liraglutide in combination with metformin versus metformin monotherapy on glycemic control in children and adolescents with type 2 diabetes: A 26 weeks double blind randomized, parallel group, placebo controlled multi-centre trial followed by a 26-week open label extension, Rajesh Khadgawat, Novo Nordisk, 5 years, 2014–2019, Rs 30 lakhs
16. A randomised, multinational, active-controlled,(open-labelled), dose finding, (double-blinded), parallel group trial investigating efficacy and safety of once-weekly NNC0195-0092 treatment compared to daily growth hormone treatment in growth hormone treatment naïve pre-pubertal children with growth hormone deficiency, Rajesh Khadgawat, Novo Nordisk, 3 years, 2017-2020, Rs 30 lakhs
17. Development of A Standardized Formulation of Trigonella foenum-graecum Seeds For Preventing or Delaying the Development of Type-2 Diabetes in Subjects with Pre-Diabetes, Rajesh Khadgawat, ICMR, 5 years, 2017–2021, Rs 35 lakhs
18. Effect and safety of semaglutide and 2.4 mg once-weekly in subject with overweight or obesity and type 2 diabetes., Rajesh Khadgawat, Novo Nordisk, 5 years, 2017–2021, Rs 30 lakhs
19. A phase 3, open-label, randomized, multicenter, 12 months, efficacy and safety study of weekly MOD-4023

compared to daily Genotropin- therapy in pre-pubertal children with growth hormone deficiency, Rajesh Khadgawat, Opko Biologicals, 3 years, 2017-2020, Rs 25 lakhs

20. A Phase IIb, Open-label, Randomized, Comparative Study to Evaluate the Safety and Efficacy of USV CAP Formulation in Type 2 Diabetes Mellitus Subjects Uncontrolled with Metformin Hydrochloride Treatment, Rajesh Khadgawat, USV Ltd, 3 years, 2019-2021, Rs 10 lakhs
21. A trial comparing the effect and safety of once weekly dosing of somapacitan with daily Norditropin® in children with growth hormone deficiency, Rajesh Khadgawat, Novo Nordisk, 5 years, 2018-2023, Rs 20 lakhs
22. A Randomized, Double-blind, Placebo-controlled, Parallel-group, Multicenter Study to Evaluate the Effect of Efglenatide on Cardiovascular Outcomes in Type 2 Diabetes Patients at High Cardiovascular Risk, Rajesh Khadgawat, Sanofi Aventis, 5 years, 2018-2023, Rs 25 lakhs
23. A randomized, 24-week, controlled, open label, parallel arm, multicenter study comparing the efficacy and safety of the insulin glargine/lixisenatide fixed ratio combination to insulin glargine in type 2 diabetes patients, inadequately controlled on Basal Insulin with or without Metformin, Rajesh Khadgawat, Sanofi Aventis, 3 years, 2017-2020, Rs 5 lakhs
24. A Phase II trial to assess the efficacy and safety of Pasireotide.c. alone or in combination with cabergoline in patients with Cushing's disease, Viveka P Jyotsna, Novartis, 6 years, 2015-2021, Rs 10 lakhs
25. A Phase III, multi-center, double-blind, randomized withdrawal study of LCI699 following a 24 week, single-arm, open-label dose titration and treatment period to evaluate the safety and efficacy of LCI699 for the treatment of patients with Cushing's disease, Viveka P Jyotsna, Novartis, 5 years, 2016-2021, Rs 29.53 lakhs
26. An open-label, multi-center, roll-over study to assess long term safety in patients with endogenous Cushing's syndrome who have completed a prior Novartis-sponsored osilodrostat (LCI699) study and are judged by the investigator to benefit from continued treatment with osilodrostat, Viveka P Jyotsna, Novartis, 5 years, 2019-2024, Rs 20 lakhs
27. A multicentre open label parallel arm RCT evaluating whether yoga can prevent worsening of glycaemic control in patients with type 2 diabetes mellitus on oral anti-hyperglycemic drugs, Yashdeep Gupta, ICMR, 3 years, 2017-2020, Rs 75 lakhs
28. Effect of Yoga on psychological, cognitive and glycemic control in patients with T2DM and Depression: Two arm parallel Randomized controlled trial, Yashdeep Gupta, DST, 3 years, 2017-2020, Rs 36.54 lakhs
29. Assessment of Cognitive, Neuroanatomical and Neurofunctional abnormalities in adults with Type 1 Diabetes, Yashdeep Gupta, DST, 3 years, 2017-2020, Rs 34.81 lakhs
30. To evaluate the effectiveness of lifestyle intervention program in overweight/obese women [within 2 years of last child birth] when delivered to them along with their spouse as compared to them alone: Two arm parallel Randomized Control Trial, Yashdeep Gupta, ICMR, 3 years, 2019-2022, Rs 47 lakhs

### ***Completed***

1. Integrated care for co-morbid diabetes and depression, Nikhil Tandon, National Institute of Mental Health, NIH, USA, 5 years, 2014 –2019, Rs 88.22 lakhs
2. CARRS Translation Trial: Implementing Quality Improvement Strategies in Diabetes, Nikhil Tandon, ICMR-Emory University, 5 years, 2014-2019, US\$ 17.55 lakhs
3. A 52 week multicentre, multinational, open-label, active - controlled, two armed, parallel group, randomized trial in subjects with type 2 diabetes, Nikhil Tandon, Novo Nordisk India Pvt Ltd., 1 year, 2019-2019, Rs 13.75 lakhs
4. Harmonization of existing registries of diabetes in youth: a US-India Collaborative Research Partnership, Nikhil Tandon, ICMR, 4 years, 2016-2020, Rs 84.13 lakhs
5. NN1218 - 4131, Efficacy and Safety of Faster - acting Insulin Aspart compared to NovoRapid both in combination with Insulin Degludec in Adults with Type 1 Diabetes, Nikhil Tandon, Nova Nordisk India Pvt. Ltd., 4 years, 2016-2020, Rs 9.02 lakhs
6. Prevalence of Non-Alcoholic Fatty Liver Disease (NAFLD) and its association with cardio-metabolic disease risk factors in North India, Nikhil Tandon, ICMR, 3 years, 2017-2020, Rs 172.53 lakhs
7. NN924-4221 Pioneer 6-Cardiovascular outcomes: A trial investigating the cardiovascular safety of oral Semaglutide in subjects with type 2 diabetes, Nikhil Tandon, Nova Nordisk India Pvt. Ltd., 3 years, 2017-2020, Rs 21.57 lakhs
8. Functional significance of calcium sensing receptor autoantibodies in patients with idiopathic hypoparathyroidism, Ravinder Goswami, DBT, 3 years, 2016-2019, Rs 44 lakhs
9. STEP -1 Effect and safety of semaglutide 2.4 mg once-weekly in subjects with overweight or obesity, Yashdeep Gupta, Novo Nordisk Pvt Ltd, 2 years, 2018-2020, Rs 23 lakhs
10. The impact of yoga on stress, metabolic parameters and cognition (Attention and Concentration) of Indian

adolescents , Yashdeep Gupta, ICMR, 3 years, 2017-2020, Rs 64.64 lakhs

11. Validation of indigenously developed glucose sensing devices, Yashdeep Gupta, ICMR , 1 year, 2018-2019, Rs 2.40 lakhs

## **Departmental projects**

### ***Ongoing***

1. Vitamin D status and its functional significance
2. Reversibility of Bony microarchitecture abnormalities in Hyperparathyroidism
3. Molecular aspects in the pathogenesis of Basal ganglia calcification in hypoparathyroidism
4. Characterization of Neuroendocrine Tumors with Ga68-DOTANOC PET/CT and F18- FDG PET/CT and compare results with histopathology
5. Assessing Indian vegetarian diets with respect to their “potential protective impact” on cardio-metabolic health of urban adults in Delhi
6. To study the effect of personality on diet quality & academic performance among adolescents: a comparison between boys & girls
7. Determinants of bone mass in Asian Indian newborns - Nutritional perspective
8. Association of clinical, hormonal, radiological and immunohistochemical characteristics with surgical outcome among Acromegaly patients
9. To generate normative data using continuous glucose monitoring system for glycemia in pregnancy at early (< 15 weeks) and late (24 to 28 weeks) periods of gestation in women defined as normal by IADPSG criteria

### ***Completed***

1. A study on distribution of glucose tolerance among women with history of gestational diabetes mellitus by IADPSG criteria/overt diabetes in pregnancy and their spouses
2. Vitamin D status of outdoor workers
3. TREC and KREC as marker of Thymic and bone-marrow T and B cell emigrant in idiopathic hypoparathyroidism
4. To study the prevalence of vitamin D deficiency in pregnant women at first and third trimester during the routine care
5. Correlation between first trimester glucose screening & serum insulin levels with development of gestational diabetes mellitus in pregnancy
6. Prevalence of thyroid peroxidase antibody positivity in pregnant Asian-Indian subjects
7. To assess the prevalence of vitamin D deficiency in patients with non-traumatic fracture of hip
8. To study the clinical, biochemical and radiological features of primary hyperparathyroidism: impact of vitamin D nutrition and histopathology
9. To Study Carotid Intima Media Thickness (CIMT) As A Marker Of Atherosclerosis And Its Correlation To Insulin Resistance In Children With Obesity In The Age Group Of 4-18 Years
10. To study the correlation of serum vitamin D level with insulin resistance and beta cell function in subjects with obesity in the age group of 6-18 years
11. Assessment of arterial stiffness in obese children and adolescents in the age group of 6-18 years
12. To study the impact of adiposity on serum androgen parameters in apparently healthy male subjects
13. To study determinants of insulin resistance in children and adolescents with obesity
14. Study of mitochondrial defects and VDR polymorphisms in Type 2 Diabetes
15. A Randomized Double Blind Controlled Trial to Investigate the Effects of Vitamin D supplementation on Insulin Resistance and Beta cell function in obese Asian-Indian Subjects, aged 11-17 years.
16. To study the variability in content strength of commercially available cholecalciferol preparations in India
17. To study determinants of insulin resistance in children and adolescents with obesity
18. Phenotype and radiological correlation in children with growth hormone deficiency
19. To study the impact of adiposity on serum androgen parameters in apparently healthy male subjects
20. To study pituitary morphometry across different age groups
21. To study the determinants of insulin resistance in Asian Indian children with obesity aged 11-17 years
22. Effect of Vitamin D supplementation on pancreatic  $\beta$  cell functions in obese Indian subjects: A randomized

controlled trial.

23. To compare the efficacy of 90,000 and 1,80,000 IU oral single dose vitamin D for treatment of rickets in 6 month to 5 years of age
24. To study the effect of parental origin of X chromosome on clinical features and biochemical profile in patients with Turner syndrome
25. To study the prevalence of primary aldosteronism in subjects with hypertension
26. Evaluation of eating disorders and dietary patterns and their association with metabolic parameters and glycemic control in adult patients with diabetes mellitus type 2
27. Pre and Post-operative Dysglycemia in cases of Pheochromocytoma/ Paraganglioma - a tertiary care centre study in Northern India
28. To evaluate the prevalence of non-alcoholic fatty liver (NAFLD) in patients with and without previous history of gestational diabetes mellitus :A cross- sectional study [chief guide]

## Collaborative projects

### Ongoing

1. Pathogenesis of primary parathyroid adenoma, Pathology, Forensic Medicine and Anatomy
2. In vivo assessment of somatostatin receptor expression with Ga DOTANOC PET/CT in patients with autoimmune and immune related orbitopathy, Nuclear Medicine
3. Evaluation of chromatin remodeling, mTOR Pathway and SSTR expression in pancreatic neuroendocrine neoplasm, Pathology
4. A Randomised control trial to compare the safety and outcome of trans-oral vestibular and axillo breast approach for endoscopic hemithyroidectomy in patients with benign thyroid swellings, Surgical Disciplines

### Completed

1. To study relation between components of Renin angiotensin aldosterone system & vascular functions following Angiotensin converting enzyme inhibition in type 2 diabetes patients with newly diagnosed hypertension., Physiology
2. Outcome implications of ADA/ACC guidelines based insulin protocol in the management of hyperglycemia in hospitalized patients at AIIMS, Medicine
3. Assesment of nutritional status/parameters in acute leukemia patients undergoing induction chemotherapy, Haematology

The HPLC- Tandem Mass Spectrophotometer system for measuring Steroid hormones in patients samples was installed and is working satisfactorily in the RIA laboratory of the Department of Endocrinology & Metabolism.

Several validated reagent method protocols for quantitation of steroid hormones (including 25 (OH) Vitamin D) have been applied, tested & finally selected and standardized on this system by early 2019.

Currently, we are in the process of doing trial measurements of steroid hormones in patient's samples using both methods, namely HPLC-MS/MS using our validated reagent method protocols and conventional RIA for comparison of results.

#### **Biochemical investigations**

No	INVESTIGATION	NUMBER OF SAMPLES
1	Blood glucose	14819
2	Glycated hemoglobin (HbA1c)	14612
3	Urine pH	324
4	Osmolality (urine and serum)	1040
5	Lipid Profile	5285
<b>Total tests</b>		<b>36080</b>

#### **Specialty Clinics:**

- Diabetes of Young (DOY) Clinic on Saturdays
- Paediatric and Adolescent Endocrine Clinic (PAEC) on Monday afternoons.
- Gestational Diabetes Mellitus (GDM) Clinic on Friday mornings
- Community services/camps.

The department regularly hold camps especially awareness and screening programs on obesity, PCOS, diabetes, and thyroid disorders.

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Nikhil Tandon** was nominated by Director-General, WHO to serve on 13th General programme of Work (GPW 13) Measurement and Impact Framework Committee, Geneva, Switzerland; Member, Medical Council of India's Board of Governors, New Delhi; Member of the Global Health Trials Committee of The Wellcome Trust; Chairman, Scientific Advisory Committee of NIN, Hyderabad; Associate Editor for the scientific journal Global Health, Epidemiology and Genomics; Member of the KDIGO Management of Diabetes & CKD Guideline: Work Group; Nominated as Global Panel Member of the FOCUS study; Member, Governing Body, Institute of Medical Sciences, Banaras Hindu University, Varanasi; Nominated by Ministry of Earth Sciences, Government of India as Member, National Coordination Committee for Polar Science Programme (NCP), Antarctica; Member, Governing Body, National Institute of Health and Family Welfare (NIHFW), Ministry of Health and Family Welfare, Munirka, New Delhi; Chairman, Selection Committee for the selection of Medical Officers for the 38-Indian Scientific Expedition to Antarctica (ISEA), Goa; Vice President, National Board of Examination (NBE), New Delhi; Member, Institute Body (IB), Governing Body (GB), Standing Finance Committee (SFC) and Standing Selection Committee (SSC) of AIIMS, Jodhpur, Rajasthan; FOCUS (Diabetic Retinopathy Outcome study) - Investigator Meeting as Principal Investigator and Member, Global Expert Panel held on January 25, 2020 at Mumbai; District Launch of research project entitled, "Integrated Tracking, Referral, Electronic Decision Support and Care Coordination (I-TREC)", along with Mission Director, National Health Mission, (Punjab), Program Officer, National Programme for Prevention and Control of Cancer, Diabetes, CVD and Stroke (Punjab) and District Health officials at District Hospital, Shaheed Bhagat Singh Nagar, Punjab; Co-Supervisor of PhD student, University of Delhi; Public Health Foundation of India (PHFI) as a National Expert in Certificate Course in Evidence Based Diabetes Management (CCEBDM), Cycle-VI. The PHFI has undertaken to launch the above program developed and implemented by PHFI and Dr. Mohan's Diabetes Education Academy (DMDEA) from May 2019 as a joint certification programme; Chair, Scientific and Program Advisory Committee, Centre for Health Research and Development, Society for Applied Studies, New Delhi; Invited to South East Asia NCD Regional Technical Advisory Group (NCD-RTAG) by WHO-SEARO; External Examiner, DM (Endocrinology) Practical Examination, PGIMER, Chandigarh; Member, Council of the Indian Academy of Science (IASc); *Member, International Expert Committee to review applications for* Medical Research Council (MRC), London, UK; Conducted a Panel Discussion in the 8th International Chef's Conference on "Freedom from Transfat"; Faculty in the Osteoporosis Essential Course, 2019, organized by ICMR at Mumbai, 18 and 19 May, 2019; Member, ICMR delegation to National Institutes of Health (NIH), Bethesda, USA and Member, Indo-US Diabetes Research Joint Steering Committee; Queen Elizabeth Diamond Jubilee Trust's Pilot project on prevention of avoidable blindness due to Diabetic Retinopathy and Retinopathy of Prematurity in India Dissemination Summit; Expert Member, Fellowship Scrutiny Committee meeting, NASI, Prayagraj (Allahabad).

**Professor Ravinder Goswami** was Expert for the Standing Selection Committee of the AIIMS, Jodhpur for the Department of Endocrinology and Metabolism (2 May 2019); External examiner for conducting PhD Viva at, PhD Role of beta-cell released alarmin molecules in the activation of plasmacytoid dendritic cells and monocytes in type-1 diabetes mellitus PGI Chandigarh, (September 2019); Examiner for the DM exit practical examination in Endocrinology, Department of Endocrinology, SGPGIMS, Lucknow 226014. (9 and 10 December 2019); Expert in the panel of Standing Selection Committee constituted for recruitment of Faculty positions in the Department of Endocrinology & Metabolism at AIIMS, Bhopal (19 December 2019); Expert for selection of faculties in the Department of Endocrinology, AIIMS, Rishikesh (14 and 15 July 2019 and 4 March 2020); External Examiner for conducting PhD viva at Punjab University, Chandigarh for PhD "Evaluation of Gut microbiota and genetic predisposition to type 2 diabetes in Indian Population (6 March 2020); *Member, TEC 'Human Genetics and Genome Analysis programme'* DBT; Expert for Faculty Standing Selection Committee meeting of AIIMS, Jodhpur & AIIMS Gorakhpur; Member Project Review Committee for Medical Projects, CSIR since 2015 till date; Member Fellowship selection committee Indian Academy of Science, Bangalore (2018-2020); Member Core Committee of the Central Core Research Facility (CCRF); Member Dean's Research Committee (DRC) AIIMS, New Delhi; Expert for selection of faculties in the Department of Endocrinology, Indira Gandhi Institute of Medical Sciences, Patna; Member Scientific Advisory Committee of ICMR for Institutes functioning under ICMR

**Professor Rajesh Khadgawat** received ECTS East-Meets-West Award 2019 in Recognition of outstanding work which has been accepted for presentation at the 46th Annual Congress of the ECTS held from 11-14 May 2019, Budapest, Hungary; Participated in medical camp - Leh, 29 September-6 October 2019, Ladakh; Subject Expert for faculty selection - Rajasthan Public Service Commission, UPSC, Institute of Liver & Biliary Sciences (ILBS), PGI, Rohtak, AIIMS-Jodhpur, Bhubaneswar, Raipur; Member, Scientific Council of Zandu foundation of Health Research, Kolkata; Expert, National Anti Doping Agency (NADA), Ministry of Youth Affairs and Sports, Govt of India; Endocrinology External expert, Japan Anti-Doping Agency (JADA); "Board of Members (BOM), Rajasthan University of Health Sciences (RUHS), Jaipur" for a period of 3 years; Member, SAE-Death committee, DCGI; Member, Subject Expert Committee (Endocrinology), DCGI New Delhi; Subject expert, Medical Council of India; DM examiner for NRS Medical college, Kolkata, Srimanata Sanakaradeva University of health sciences, Guwahati, West Bengal University of health sciences, Sher-i-Kashmir institute of Medical Sciences, Srinagar, J & K

**Professor Viveka P Jyotsna** was Speaker in GH updates Pediatric Endocrine conference Delhi, April, 2019; Best platform paper presentation award second prize: ESICON 2019 22 November on DM thesis work of Candidate Presenter Dr Saurav Kathiwada; Conducted a Health Camp for MPs at Parliament, 22 and 29 November 2019; DM Endocrine external examiner for Guahati Medical College, 9 December 2019; Invited speaker for RSSDI, UPCON 2 February 2020

**Dr Alpesh Goyal** was awarded the Sh. Mohan Lal Wig Medal-2018 for Clinical Research on Institute Day Celebration (25 September 2019)

#### **VISITING SCIENTIST**

1. Dr Ravinder Singh, Mayo Clinic Rochester, USA visited the Department on 15 November 2019 (Friday) and delivered a Lecture.

## 9.12. Forensic Medicine and Toxicology

### Professor and Head

Sudhir Gupta

### Professors

OP Murthy

Millo Tabin

DN Bhardwaj  
Sanjeev Lalwani (Trauma Centre)

Adarsh Kumar (Trauma Centre)

### Additional Professor

Chittaranjan Behera

### Associate Professors

Kulbhushan Prasad

Abhishek Yadav

### Scientist-1

Nidhi Sharma

### Chemist

AK Jaiswal

### HIGHLIGHTS

The department is the apex referral centre for complicated medico-legal problems in India. The department is providing expert opinions in referred cases from CBI, NIA, NHRC, Courts and Crime branch of different states. It is involved in medico-legal autopsy, embalming of MLC deaths, clinical forensic medicine services, teaching, training, research, expert opinion in referred medico-legal cases & court related works. The department is running three laboratory services-Toxicology, DNA Fingerprinting and Histopathology and three support services in form of Forensic Radiology, Forensic Anthropology and Forensic Biochemistry. The department conducted 2490 medicolegal autopsies and attended 532 summons from courts.

The department has facilitated the organization of cadaveric workshops and training programmes for many clinical departments. A state-of-the-art odorless mortuary, a first-of-its-kind in the country, has been established. The department has received a grant for the development of "Centre of Advanced research and excellence in Virtual Autopsy" from ICMR and work is going on for development of this facility. An ICMR funded Task Force project entitled "Development of DNA database and Identification portal for unidentified dead bodies autopsied at AIIMS, New Delhi", by using bioinformatics tools and techniques is being implemented. A total of nine departmental research projects are continuing and four have been completed. One collaborative project was completed and seven are continuing.

### EDUCATION

There are 10 postgraduate (MD) students and one PhD student enrolled in the department. The department is also imparting training in DNA-Fingerprinting and Medical Toxicology to BSc, MSc and MD students of other universities from all over India. Five students from different universities were trained for long- and short-term training. The department organized training program for NIA Officers on "Understanding Medicolegal component of Forensic Science".

### CMEs/Workshop/Symposium/Conferences

AIIMS-Ogilvy Symposium on the Role of Forensic DNA in Justice of Survivors of Rape and Sexual Assault, 17 July 2019

#### Lectures delivered

DN Bhardwaj: 1

Adarsh Kumar: 11

Chittaranjan Behera: 2

Abhishek Yadav: 3

AK Jaiswal: 1

#### DN Bhardwaj

1. Violence in Health Care Setting: Legal aspects, ICPN-2020, 25 and 26 February 2020, Jodhpur

#### Adarsh Kumar

1. Forensic Toxicology-Issues related to poisoning, National Symposium on Poisoning as a public health problem, 26 April 2019, New Delhi

2. Organization of Forensic medicine and Custodial death investigation system in India, 52nd Kresk Conference of Forensic Medicine with international participation on the occasion of the hundred-years anniversary, 29 May-1 Jun 2019, Bratislava, Slovakia
3. Human Rights Violation in Medical Negligence Cases—NHRC experience. BAFMCON-IV 2019, 4th Annual State Conference of West Bengal, 27 and 28 June 2019, Kolkata
4. Medicolegal Issues in Child Abuse, International Conference of Forensic Odontology and Child Abuse, 31 July–3 August 2019, Lucknow
5. Forensic Anthropologists perspective, DVI Procedures and Interpol Guide with Hands on Workshop, 2 August 2019, Lucknow
6. Forensic Human Identification in India, ICRC Asia Pacific Meeting, 20-22 August 2019, Colombo, Sri Lanka
7. Crime Against Woman in Indian perspective - Journey from womb to tomb, International Conference on Police Science ICPS-2019, 6 and 7 September 2019, Gandhinagar
8. Legal aspects to be dealt by Medical Officers, CME for CHS Medical Officers, 19 October 2019, New Delhi
9. Custodial Death Investigation-NHRC Experience, 13th International Conference of Indo-Pacific Association of Law, Medicine and science (INPALMS), 9-11 Dec 2019, Dhaka, Bangladesh
10. Digital Autopsy (Virtopsy) services at AIIMS, New Delhi—a concept of Humanitarian Forensics, 41st Annual National Conference of Indian Academy of Forensic Medicine, FORENSIC MEDICON-2020, 30 January-1 February 2020, Hyderabad
11. Forensic Anthropology- An overview w.r.t Identification, All India Forensic Science Meet–2020, 22 and 23 February 2020, New Delhi

#### **Chittaranjan Behera**

1. Medico legal autopsy of Unidentified/Unclaimed bodies: Experience at AIIMS, New Delhi, 37th Annual conference of state medic legal society of Odisha (MELESOCN-2019), 1 and 2 June 2019, Bhubaneswar
2. MOHFW guidelines on medico-legal response especially sexually assaulted victims and Role of medical personnel and also on Child abuse and POCSO ACT, Training programme on Gender-based violence and Human Rights for promoting women health under NHM, 3 February 2020, New Delhi

#### **Abhishek Yadav**

1. Understanding Medicolegal component of Forensic Science, Induction training of NIA Officers, 30 August 2019, New Delhi
2. Nuanced Challenges in Bodily Injuries for determination of Cause of Death, Training Program for CBI Officers at CBI Academy, 16 May 2019, Ghaziabad
3. Understanding Medicolegal component of Forensic Science, Induction training of NIA Officers, 12 March 2020, New Delhi

#### **AK Jaiswal**

1. Quality assurance aspects of evidence handling and reporting of the cases of forensic chemistry with respect to fire, narcotics, explosives, toxicology, liquor, petroleum and trap, Workshop on emerging challenges in forensic chemistry, 18 November 2019, New Delhi

#### **Oral papers/posters presented**

1. Kaushik R, Gaur S, Satapathy S, Behera C. A study of e-suicide note at a tertiary care hospital, New Delhi, India. Sneha Suicide Update-2019, 12-14 April 2019, Chennai (**2nd Best paper Award**)
2. Anuragi RP, Behera C, Lakshmy R, Bhardwaj DN. Association of lipid profile in completed suicides: a hospital-based case-control study, Suicide Research Summit 2019 (IASR/AFSP), 27-30 October 2019, Miami, USA
3. Kaushik R, Nayak B, Yadav A, Patra BN, Gupta SK, Sharma N, et al. Genetic association of cytokines with suicidal behavior in Indian population: Preliminary findings, Suicide Research Summit 2019 (IASR/AFSP), 27-30 October 2019, Miami, USA
4. Aravindan V, Behera C, Dey A, Varughese BT. A rare cause of acute abdomen– surgeon’s dilemma, 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
5. Tyagi S, Zahid Ali Z, Behera C. Sudden death in revision augmentation mammoplasty: A rare case report. 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
6. Abdul Raouf MP, Behera C. Dyadic death due to stab wound: An unusual presentation of case report. 41st Annual

- Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
7. Balaji D, Behera C. A fatal case of Toxic Epidermal Necrolysis in post craniotomy phenytoin therapy, 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
  8. Varughese BT. Disintegrate, but not destroyed: Autopsy in a case of strangulation with decomposition changes, 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
  9. DebBarma A. A rare case of suicide by Atracurium besylate in a healthcare professional: A case report. 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
  10. Gajmer P. Sex offences and offenders (Stranger Vs Non-Stranger)-A statistical analysis of victim-offender relationship in cases of sexual offences brought for examination to department of Forensic Medicine. 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
  11. Vanika, Bhardwaj DN. Study of screening of alcohol and drugs of abuse in fatal cases of RTA, 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
  12. Kanwar HK. Shocking death! 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 Jan-1st Feb. 2020, Hyderabad
  13. Kumari R, Murty OP. Study on ligature material fibers detection, collection, identification and comparison in asphyxial deaths. 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January-1 February 2020, Hyderabad
  14. Jaiswal AK, Chand K, Priya A, Choudhary P. Simultaneous analysis of zinc, cadmium, lead and copper in biological materials such as urine and blood using voltammetry technique. International research conference (IRC 2019), 27 June 2019, London, UK (**Best paper Award**)
  15. Yadav A, Kumar A, Kumar R, Sarin RK, Jaiswal AK. Determination of aluminum and zinc to opine cases of alleged phosphide poisoning using inductively coupled plasma-atomic emission spectrophotometry (ICP-AES), 57th Annual meeting of the International Association of Forensic Toxicologists, 2-6 Sept. 2019, Birmingham, UK
  16. Jaiswal AK, Giri NG, Tabin M, Gupta SK. Voltammetric approach of arsenic determination in serum using sc Trace gold electrode. 13th INPALMS congress 2019. 11 December 2019 Dhaka, Bangladesh
  17. Yadav A. Fatality due to femoral vein rupture in a drug user, 10th International IAMLE Conference, 12-15 September 2019, Kathmandu, Nepal (**Best Faculty Oral Presentation Award**)
  18. Yadav A. Virtual Autopsy/Post Mortem CT– Practical Applicability in Indian Scenario 41st Annual Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2020), 30 January- 1 February 2020, Hyderabad (**Best Faculty Oral Presentation Award**)
  19. Sharma N, Millo T, Kumar A, Gupta SK. Human Mitochondrial DNA and its Forensic Applications, 10th International IAMLE Conference, 12-15 September 2019, Kathmandu, Nepal

## RESEARCH

### Funded projects

#### *Ongoing*

1. Centre of Advanced research and excellence in virtual autopsy, Sudhir K Gupta, ICMR, 5 years, 2019-2024, Rs 5 crores
2. TASK FORCE Project—Development of DNA database and Identification portal for unidentified dead bodies autopsied at AIIMS, New Delhi, by using bioinformatics tools and techniques, Chittaranjan Behera, ICMR, 3 years, 2018-2021, Rs 1.36 crores
3. To study the significance of Mitochondrial DNA testing for maternal lineage. Nidhi Sharma, AIIMS, 1 year, 2019-2020, Rs 5 lakhs.

#### *Completed*

1. Bioinformatics identification and invitro evaluation of single nucleotide polymorphisms associated with completed suicide in Indian population, Chittaranjan Behera, ICMR, 3 years, 2017-2020, Rs 69.11 lakhs

## Departmental projects

### *Ongoing*

1. Genetic association of cytokine gene polymorphisms with suicidal behavior in Indian population
2. Content and linguistic analysis of suicide notes collected during medico legal autopsy at AIIMS, New Delhi
3. Gross, Histological and Electron-microscopic Study of Antemortem and Postmortem Electrocution burn mark
4. Quantification and quality assessment of human DNA by RT PCR.
5. Radiological study of internal neck injuries in cases of death due to fatal pressure on the neck
6. To establish sexual dimorphism and estimate age from Hyoid Bone using Anthropological and Radiological Techniques
7. CT Scan and Digital X-ray Based Virtual Autopsy Vis A Vis Traditional Autopsy including Histopathological Examination Findings in Cases of Death due to Fatal Pressure on Neck.
8. A Comparative Study of CT Scan and Digital X-ray based on Virtual Autopsy and Traditional Autopsy Including Histopathological Examination in Various Causes of Death
9. Virtual Autopsy Findings Vis A Vis Traditional Autopsy Findings in Sudden Deaths with Cardiac Origin.

### *Completed*

1. Study of Cardiac Markers, gross findings and Histopathological Changes in Heart in cases of suspected Cardiac Deaths
2. Age Estimation Between age 1-18 years by radiological study of Epiphyseal Union around Elbow and Wrist joints
3. Screening of alcohol and drug of abuse in road traffic accident cases reported at mortuary AIIMS New Delhi
4. Ligature and compressing material fiber detection, collection, identification and comparison in asphyxia deaths

## Collaborative projects

### *Ongoing*

1. Development of rotary ultrasonic bone drilling machine prototype. IIT-Delhi and Pathology
2. To study the extent of variation in ridge characteristics and determining gender among twins using their fingerprint characteristics, Department of Forensic Medicine & Toxicology, KMC, Manipal
3. Morphometric and Morphoscopic Study of Ear and Nose in Brahmin and Rajput population of Mandi, Himachal Pradesh- A Forensic Anthropological Investigation, Department of Anthropology, Punjab University, Chandigarh
4. The role of neuroinflammation and glial activation in the suicidal deaths: A study in human postmortem brain, Anatomy
5. Morphological and genetic evaluation of sudden cardiac death, Pathology
6. Study of Biomechanical stability of spine fixation surgical procedures in cadaveric vertebrae, Biomedical Engineering
7. Sudden cardiac death in young: An autopsy and molecular study to identify the cause, Pathology

### *Completed*

1. Fibrillin 1 gene mutation and the role of TGF beta in thoracic aortic aneurysms with mucoid extracellular matrix accumulation (MEMA), Pathology

## PUBLICATIONS

**Journals: 32**

## PATIENT CARE

### A. **Casualty services:**

The department is providing round-the-clock medico-legal services like in cases of injury, sexual offences, poisoning etc. to the South and South-east district of Delhi.

### B. **Mortuary Services**

A total of **2490 (1623+867-JPNATC)** medico legal autopsies were conducted at mortuary.

**C. Clinical Forensic Medicine**

Total **513** cases of potency and other medico-legal examination brought by investigating officer and referred from court were dealt by the department. A total of **37** cases from CBI were dealt by medical board of the department. A subsequent opinion in complicated cases including reference from casualty etc. was offered in total **374** cases.

**D. Summons**

Doctors of the department attended court of law in **532** cases from Delhi and other states

**E. Medical Toxicology**

Total **436** tests for **136** samples were performed for various poisons referred from the clinical department of AIIMS, medicolegal cases and in academic cases.

**F. Forensic Histopathology**

The department is providing histopathology services for the samples of medico-legal autopsy cases from South and South-east district and also research purpose. Total **218** cases and **955** samples were done during this period.

**G. Embalming facility**

The department is providing embalming facility for MLC cases (Postmortem cases). Total **226** cases of embalming were done during this period.

**H. Organ Retrieval for Therapeutic Transplantation**

Total **100** corneas were retrieved at mortuary for transplantation by National Eye bank.

**I. Forensic Radiology Services**

Forensic Radiology services were provided to **247** cases for various medico legal and academic purposes. (Both autopsy and live cases)

**J. Forensic Anthropology Services**

Age estimation for **47** cases referred from Courts as well as Sports authorities

**K. DNA Fingerprinting Laboratory**

The laboratory provides service for disputed Parentage test by using Genetic Analyser for STR profiling of DNA (05 cases and 17 samples). DNA –Profiling of unidentified bodies sample(s) processed: DNA Isolation, Quantitation of DNA and sample RUNS (136 cases). Research Samples processed for DNA Isolation and Quantitation of DNA (961-samples, Real time PCR: 84 reaction, PCR: 1740 reaction)

**L. Forensic Biochemistry**

Total 36 samples were analyzed in nine academic cases.

**M. Community services**

The department continues to participate in training program for CBI officials, police officers and public prosecutors from all over the country.

**AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor Adarsh Kumar** was awarded the Medal of International Cooperation by the Government of Ukraine. He was awarded Fellowship of Indian Academy of Forensic Medicine at Apollo Medical College Hyderabad in Jan 2020. He was elected as Governing Council Member of Indo-pacific Association of Law Medicine & Science (INPALMS) for 2019-2021 at Dhaka, Bangladesh. He was nominated as the Assistant Ambassador of International Academy of Legal medicine for 2018-2021. He became a Member of Asia Pacific Medicolegal Association (APMLA) for another term of two years 2018-2020 at Japan. He is a Medicolegal Expert to National Human Rights Commission and Central Bureau of Investigation. He has also been nominated as a Member of the Expert Advisory Committee JALMA-ICMR, as an assessor by the Medical Council of India (MCI) and the National Assessment and Accreditation Council (NAAC). He is the Editor of Indian Journal of Forensic Medicine & Toxicology. He is an International Editorial Board Member for HSOA Journal of Forensic, Legal & Investigative Sciences (USA), Egyptian Journal of Forensic Sciences- Egypt, Adli Tip Bulletin- Turkey and The Egyptian Journal of Forensic Sciences & Applied Toxicology. He is the Associate Editor for Medicolegal Update and the web Editor for International Journal of Health Research & Medicolegal Practice. He is a member of Editorial Board of Journal of Indian Society of Toxicology, Journal of Karnataka Medicolegal Society, Indian Journal of Community & Family Medicine, Journal of Forensic Chemistry & Toxicology and Journal of Indian Academy of Forensic Medicine.

**Dr Chittaranjan Behera** has completed Psychological Autopsy certification training conducted by American Association of Suicidology at Baton Rouge, USA. He has received a letter of appreciation from CMET, AIIMS for Institute Day Exhibition. He is a reviewer for Pub Med Indexed Journal: Journal of Interpersonal Violence, Journal of Aggression and violent Behavior Journal of Forensic and Legal Medicine. He is the Assistant editor of International Journal of Medical Toxicology & Legal Medicine, ARC Journal of Forensic Sciences, Annals of Forensic Research and Analysis, Sci Fed Journal of Forensic and Journal of Forensic Medicine.

**Dr Abhishek Yadav** received a Certificate of Appreciation for outstanding contribution as Faculty In charge Mortuary to National Eye Bank- By Dr. RP Centre, AIIMS, on 34<sup>th</sup> National Eye Donation Fortnight-2018, 3<sup>rd</sup> September 2019. He participated in a talk show on the topic of “DNA technology in Forensic Science” which was telecasted on DD Science/ India Science, Department of Science and Technology. He participated in the **Interactive Academic Knowledge Exchange Programme in Bangkok**.

**Dr AK Jaiswal** obtained Fellow membership of International Scientific Research and technology (ISROSET).

## 9.13. Gastroenterology and Human Nutrition

	<b>Professor and Head</b> Anoop Saraya	
Pramod Garg	<b>Professors</b> Vineet Ahuja	Govind K Makharia
Shalimar	<b>Additional Professors</b>	Baibaswata Nayak
Saurabh Kedia	<b>Assistant Professors</b>	Deepak Gunjan

### HIGHLIGHTS

The department organized eight CME programs and numerous national conferences and patient education activities. Awarded two Centers of Advanced Research Excellence in pancreatic disease and Intestinal diseases by Indian Council of Medical Research; published 57 scientific papers.

The department initiated Advanced Fellowship Program in the field of Gastrointestinal Endoscopy, Pancreatic Diseases, Liver Diseases and Inflammatory Bowel Diseases. The faculty, residents and PhD students of the department received many awards including BEST paper awards in national and international conferences. The faculty of the department initiated and coordinated making of national guidelines on various GI diseases.

### EDUCATION

The department continued the training program for courses on DM in Gastroenterology, and PhD in Gastroenterology and Human Nutrition. The department also participated in the training of undergraduate and postgraduate students. The department initiated Advanced Fellowship Training program

**Long term training:** Twenty five DM students; six PhD students; four Fellows in Advanced Endoscopy, Hepatology, Pancreatology and IBD

**Short-term training:** 6

### CMEs/Workshops/Symposia/National & International Conferences:

1. Public Lecture on World Hepatitis Day on 28 July 2019 at AIIMS, New Delhi.
2. 64th ECCO (European Crohn's and Colitis Organization) Educational Workshop and Mid-Term meeting of CCFI, 10 and 11 August 2019 at Hotel Pullman, Aerocity, New Delhi.
3. Current Perspective in Liver Diseases (CPLD-2019); 5 and 6 October 2019 at the AIIMS, New Delhi.
4. Eleventh Consecutive Young Clinician Program (on behalf of Indian Society of Gastroenterology) from 11-13 October 2019 in Chennai
5. FIRST "Train the Trainers program" for young faculty from all around of the country (on behalf of Indian Society of Gastroenterology), from 7-10 November 2019 at Manesar, Haryana
6. Gastroenterology Young Masters (GYM-2020); 18-20 January 2020; at AIIMS, New Delhi,
7. SPARC Grant-AIIMS-UCL Symposium; 29 January 2020 at AIIMS, New Delhi.
8. Celiac Disease Awareness Day on 15 February 2020, at AIIMS, New Delhi

### Lectures delivered

**Anoop Saraya: 8**

**Pramod Garg: 5**

**Vineet Ahuja: 17**

**Shalimar: 12**

**B Nayak: 5**

**Saurabh Kedia: 4**

**Deepak Gunjan: 2**

### Anoop Saraya

1. Nutrition in Acute Pancreatitis, Annual conference, 5 April 2019, Delhi

2. Approach to A Patient of Jaundice, Mid-term conference of innovative physicians forum (IPF), 7 July 2019, Jaipur,
3. Decision on futility in intensive care for cirrhotic, on 3rd National Conference on Critical Care and Infections in Liver Diseases, 18 April 2019, Delhi
4. Antivirals in HBV: Safety in Pregnancy & Lactation, Viral Hepatitis in Pregnancy (National workshop for physicians), 27 July 2019, Delhi
5. Pathogenesis of alcoholic liver disease, Clinics in Hepato-biliary Diseases: 2019, 6 September 2019, Delhi
6. Nutrition for the critically ill, PGI-GI EMERGENCY 2019, 20 September 2019, Chandigarh
7. Nonoperative treatment is modality of choice for managing, pain in chronic pancreatitis, Asian Pacific Digestive Week (APDW) 2019, 13 December 2019, Kolkata
8. Trends & targets in management of pancreatic cancer, UPIGCON 2020, 8 February 2020, Allahabad

#### **Pramod Garg**

1. Current Management of Acute Pancreatitis, 1st International Forum of Mini-invasive Pancreatic-Biliary Surgery & the 9th multidisciplinary Diagnosis and Treatment Forum of Biliary and Pancreatic Disease, 15 and 16 June 2019, Wuhan, China
2. How will they impact my practice: Pancreatic diseases, American Gastroenterological Association (AGA) Master Class, 6 and 7 July 2019, Abu Dhabi
3. Pancreatitis Working Groups and Activities in India, Pancreas Fest 2019, 25 and 26 July 2019, Pittsburgh, USA
4. Investigating recurrent acute pancreatitis, International Association of Pancreatology (IAP) biennial congress, 16-20 August 2019, Cape Town, South Africa
5. Management of Infected Pancreatic Collections, Chinese Surgical Week (CSW)-2019, 20 October 2019, Chengdu, China.

#### **Vineet Ahuja**

1. Biologicals in IBD, Case Based discussion on medical Management of IBD, 6 April 2019, Kolkatta
2. TDM in IBD: How effective? Therapeutic Drug Monitoring In Inflammatory Bowel Disease, 2 June 2019, Mumbai
3. Manipulating the Microbiome, can we prevent?, International Digestive Disease Forum (IDDF-2019), 8 and 9 June 2019, Hong Kong
4. Microbiota for IBD: What is the useless part? Asia America Assembly of Inflammatory Bowel Disease (AAA IBD), 28 June 2019, Shanghai, China.
5. Ten common errors in IBD, Asia Pacific IBD forum guidelines group meeting, 16 and 17 August 2019, Kuala Lumpur, Malaysia
6. Translational Immunology, AIIMS THSTI workshop, 24 June 2019, THSTI Faridabad
7. What does the gastroenterologist want to know from the radiologist, 3rd Annual conference of Indian Society of Gastrointestinal and Abdominal Imaging, 27 September 2019, Kochi
8. Frequent questions from patients on IBD: Possible answers, ISG Kerala Chapter, 28 and 29 September 2019, Kollam, Kerala
9. Managing IBD in LMICs, 16th Scientific Meeting of CAPGAN-2019, 1-3 October 2019, Toronto, Canada
10. Role of gut microbiome in Haematology, National Conference of Indian Society of Haemoncology 29 and 30 November 2019, New Delhi
11. Developing Dietary guidelines for IBD, Colitis and Crohn's India midterm meeting, 16 November 2019, Ludhiana
12. Fistulizing Crohn's Disease, ENTEROCON-2019, 10 November 2019, Visakhapatnam
13. Differentiating TB from CD, Asia Pacific Digestive Week (APDW), 14 December 2019, Kolkatta
14. Microbiome for the Internist, Medicon International-2019, 21 December 2019, Kolkatta
15. Microbiome: Hope or Hype, Indian Society of Gastroenterology-AP chapter, 4 January 2020, Kurnool
16. Case based discussions for DM/DNB exams, Gastroenterology Young Master's meeting, Indian Society of Gastroenterology, 3-5 January 2020, Chennai.
17. Extrapulmonary TB: More questions than answers. India EMBO symposium Mycobacterial Heterogeneity and Host Tissue Tropism. National Institute of Immunology, 11-15 February 2020, Delhi

#### **Shalimar**

1. SLED/CRRT, Plasma exchange, and MARS in critically ill cirrhotics. Single Theme Mid-Term INASL Conference 2019, 26-28 April 2019, Jodhpur, Rajasthan

2. Nutrition in Liver Diseases., India National Association for study of the liver 2019: Nutrition in Liver Diseases., 20 and 21 July 2019, Chandigarh, Panjab
3. Management of Acute Liver Failure, INASL Task Force on Acute Liver Failure, 6 and 7 July 2019, Bhubaneswar, Orissa
4. Hepatitis E: The masquerader par excellence, 7th Annual Conference of the South Asian Association for Study of the Liver (SAASL), 9 and 10 August 2019, Guwahati & Assam
5. Acute HVOTO & PVT, and Making the best of 3-year training period: Research, 3rd PGI-GI Emergency Update, 21 and 22 September 2019, PGIMER, Chandigarh
6. EF-CLIF Meeting, 1 EF-CLIF Venice Meeting, 18 and 19 October 2019, Isola di San Giogrio, Venice, Italy
7. Nonalcoholic Fatty Liver Disease: An Indian Perspective, Current Trends in Therapeutics and Diagnostics of Non-Alcoholic Fatty Liver Disease, 10 December 2019, THSTI, Delhi
8. Debate on role of liver transplantation in early severe alcoholic hepatitis, Asian Pacific Digestive Week (APDW-2019), 13–15 December 2019, Biswa Bangla Convention Centre, Kolkata
9. Utility of Ammonia in clinical management of AD/ACLF, AIIMS-UCL Symposium on Liver Disease 2020, 29 January 2020, AIIMS, New Delhi
10. NASH Current concepts in management and evolving therapies, UPISGCON 2020, 8 and 9 February 2020, Department of Gastroenterology, Allahabad
11. Approach to Diagnosis and Management of Autoimmune Hepatitis, Annual DRA Update 2020, 16 February 2020, Lady Hardinge Medical College, New Delhi.
12. How to write a theory paper, Young Masters Program (GYM), 17-19 January 2020, AIIMS, New Delhi

### **B Nayak**

1. Oncomir in virus-associated hepatocellular carcinoma and microRNA targeting, Virocon 2020, Indian Society of Virology, 18-20 February 2020, Delhi
2. Clinical implications of microRNA in Cancer: HCC model, International Conference on Advances in Biosciences and Biotechnology (ICABB-2020), 31 January 2020, Delhi
3. IBSC policies and/or IBSC mechanisms to be followed at Research Institutions, TERI School of Advanced Studies, 24 December 2019, Delhi
4. Animal Ethics: Sensitization of Researcher on experimentation and understanding Rules/Regulation, AIIMS Seminar, 14 December 2019, Delhi
5. Assessment of circulatory microRNA and AFP for predicting early response to locoregional therapy in virus associated hepatocellular carcinoma (HCC), ISO-ISMPOCON 2019, Indian Society of Oncology, 1-3 November 2019, Indore

### **Saurabh Kedia**

1. Current use and limitations of 5-ASA, thiopurines and biologics in India, Therapeutic drug monitoring in IBD, June 2019, Mumbai, India
2. Fecal microbiota transplantation, Probiotics in IBS and IBD, 29 July 2019, Hyderabad, India
3. Post-operative recurrence of Crohn's disease, ECCO educational workshop, 11 August 2019, New Delhi, India
4. Recent advances in luminal Gastroenterology, Gastroenterology Young Masters, 19 January 2020, New Delhi, India

### **Deepak Gunjan**

1. Recent advances in pancreas (Speaker), Gastroenterology Young Masters (GYM), 17-19 January 2020, AIIMS, New Delhi
2. Panel discussion: GI bleed, 29th IASGCON, 9-13 October 2019, AIIMS, New Delhi

### **Oral Papers/Posters presented**

1. Rout G, Nayak B, Gunjan D, Shalimar, Development and validation of a novel model for outcome in patients with cirrhosis and acute variceal bleeding, The International Liver Congress, 2019, 10-14 April 2019, Vienna, Austria
2. Shalimar, Sharma S, Kumar R, Gamanagatti S, Dabigatran as an oral anticoagulant in patients with budd-chiari syndrome post-percutaneous endovascular intervention, American Association for the Study of Liver Diseases (AASLD) 2019, 8–12 November 2019, Boston, Massachusetts, USA
3. Shalimar, Nayak B, Kumar R, Gunjan D, Acharya SK, Acute Liver Failure of Indeterminate Etiology Profile,

- Prognosis, And Predictors of outcome, American Association for the Study of Liver Diseases (AASLD) 2019, 8–12 November 2019, Boston, Massachusetts, USA
4. Shalimar, Nayak B, Kumar R, Acharya SK, Gunjan D, Acute on Chronic Liver Failure in Budd-Chiari Syndrome-Profile And Predictors of outcome, American Association for the Study of Liver Diseases (AASLD) 2019, 8–12 November 2019, Boston, Massachusetts, USA
  5. Singh AD, Kumar R, Shalimar, impact of Baseline Resistance-Associated Substitutions (RAS) on the efficacy of Glecaprevir /Pibrentasvir (Mavyret©) among patients with Chronic Hepatitis C Virus (HCV) infection: A Systematic Review and Meta-Analysis, American Association for the Study of Liver Diseases (AASLD) 2019, 8–12 November 2019, Boston, Massachusetts, USA
  6. Shalimar, Acharya SK, Nayak B, Saraya A, Gunjan D, Cryptogenic or Non-A Non-E Acute Liver Failure is Associated with poor outcome in Indian patients., The Asian Pacific Digestive Week (APDW) 2019, 13-15 December 2019, Kolkata
  7. Mohanty S, Arora V, Banerjee A, Das J, Gupta S, Nayak B, Alleviation of liver fibrosis using mesenchymal stem cells derived exosomes: A cell free therapeutic approach, ISSCR 2019 (International Society for stem cell research, 26-29 June 2019, Los Angeles, USA
  8. Gupta S, Mann Z, Sharma H, Nayak B, Mohanty S, Association of Hif-1 $\alpha$  and Alix in enhanced biogenesis and secretion of exosomes from human mesenchymal stem cells under hypoxia, ISSCR 2019 (International Society for stem cell research, 26-29 June 2019, Los Angeles, USA
  9. Nadda N, Paul S, Saraya A, Gammanagatti S, Shalimar, Nayak B, Assessment of circulatory microRNA and AFP ratio for predicting early response to locoregional therapy in virus associated hepatocellular carcinoma., Indian Society of Oncology, ISO-ISMPO 2019, 1-3 November 2019, Indore
  10. Kumar S, Nadda N, Paul S, Saraya A, Gammanagatti S, Shalimar et al., Real-time PCR based evaluation of Alu, LINE1 and beta-actin gene integrity of cell free DNA in hepatocellular carcinoma, Indian Society of Oncology, ISO-ISMPO 2019, 1-3 November 2019, Indore

## RESEARCH

### Funded projects

#### Ongoing

1. Sarcopenia in chronic pancreatitis: epidemiology, diagnosis and evaluation of etiological factors and molecular mechanisms responsible for sarcopenia, Anoop Saraya, ICMR, 3 years, 2019-22, Rs 78 lakhs
2. Role of gene-regulating and immunological markers in pathogenesis of pancreatic adenocarcinoma, Anoop Saraya, ICMR, 3 years, 2018-21, Rs 41 lakhs
3. Home based blenderized formulations in acute pancreatitis: A Pilot randomised control trial (5/9/1178/2018-Nut), Anoop Saraya, ICMR, 3 years, 2018-21, Rs 39 lakhs
4. Role of miRNA mediated modulation of signal transduction in pancreatic cancer, Anoop Saraya, DST, 3 years, 2018-21, Rs 59 lakhs
5. Centre for Advanced Research and Excellence in Pancreatic Diseases, Pramod Garg, ICMR, 5 years, 2019-24, Rs 500 lakhs
6. Joint Centre on 'Reducing Cancer Mortality', Pramod Garg, Indo US Science and Technology Forum, 3 years, 2018-20, Rs 38 lakhs
7. Epigenetic reprogramming of intestinal epithelial stem cells via gut microbiota derived metabolites in ulcerative colitis. Vineet Ahuja, DST-SERB, 3 years, 2020-23, Rs 56 lakhs
8. Gut Microbiome-Regulators of the Intestinal Stem cell niche in Health and Inflammatory Bowel Disease, Vineet Ahuja, MHRD-Scheme for Promotion of Academic and Research Collaboration (SPARC), 2 years, 2019- 21, Rs 46 lakhs
9. Centre of Excellence for Intestinal Diseases, Vineet Ahuja, ICMR, 5 years, 2019-24, Rs 500 lakhs
10. Crohn's Disease in India: A multi-centric study from a country where intestinal tuberculosis as well as Johne's Disease is endemic, Vineet Ahuja, ICMR, 3 years, 2016-19, Rs 42 lakhs
11. Combined Phase 3, Double Blind , Randomized, Placebo-Controlled Studies Evaluating the Efficacy and Safety of Filgotinib in the induction and maintenance of Remission in Subjects with Moderately to Severely Active Crohn's Disease., Vineet Ahuja, Gilead Sciences, 3 years, 2018-21, Rs 16 lakhs
12. Combined Phase 2b/3, Double-Blind, Randomized, Placebo-Controlled Studies Evaluating the Efficacy and Safety of Filgotinib in the Induction and maintenance of Remission in Subjects with Moderately to Severely Active Ulcerative Colitis, Vineet Ahuja, Gilead Sciences, 3 years, 2018-21, Rs 6 lakhs
13. Entyvio (Vidolizumab IV) Extended Access Program in Ulcerative colitis and Crohn's Disease, Vineet Ahuja, Pharmaceutical product Development, 3 years, 2016-19, Rs 5 lakhs
14. Lypolytic Helicobacteri pylori enzymes and their potential role(s) in pathogenesis. Vineet Ahuja, ICMR, 3 years, 2017-20, Rs 56 lakhs
15. To study the innate inflammatory ability of macrophages in Crohn's Disease and ITB. Vineet Ahuja, DST-SERB, 3 years, 2017-20, Rs 27 lakhs
16. An open label, single arm, investigator initiated phase I/II study to assess the safety and efficacy of local administration of Stempeucel® (*Adult human Bone marrow derived, cultured, pooled, Allogeneic Mesenchymal Stromal Cells*) in patients with perianal fistulizing Crohn's disease, Vineet Ahuja, Stemtheapeutics, 1 year, 2019-20, Rs 8 lakhs
17. Department of Biotechnology-Consortium on celiac disease, Govind K Makharia, DBT, 3 years, 2017-20, Rs 359 lakhs
18. Whole gut and intestinal metagenome in patients with irritable bowel syndrome and non-celiac gluten sensitivity

- and effect of gluten free diet, Govind K Makharia, DST, 3 years, 2018-21, Rs 61.7 lakhs
19. Indo-US Joint Network Centre for Excellence in Celiac Disease, Govind K Makharia, Indo US Science & Technology Forum, 3 years, 2017-20, Rs 43 lakhs
  20. Exploration for development of wheat with low immunogenic gluten, Govind K Makharia, ICAR, 5 years, 2015-20, Rs 46 lakhs
  21. Human Microbiome Initiative of select endogamous populations of India, Govind K Makharia, DBT, 2 years, 2020-22, Rs 106 lakhs
  22. To study the Resistance Associated Variants (RAVs) in Chronic Hepatitis C patients treated with Sofosbuvir-based therapy, Shalimar, DHR, 3 years, 2017-20, Rs 44 lakhs
  23. Development of a low-cost diagnostics platform for the identification of viral DNA using CRISPR/Cas13a system, Shalimar, DBT, 3 years, 2018-21, Rs 24 lakhs
  24. Genetic basis of Budd Chiari Syndrome/hepatic venous outflow tract obstruction in Indian patients, Shalimar, ICMR, 3 years, 2019-22, Rs 72 lakhs
  25. A multicentre clinical study evaluating the novel biomarkers: dimethylarginines and ischemia-modified albumin in patients with acute-on-chronic liver failure, Shalimar, SPARC, 2 years, 2019-21, Rs 74 lakhs
  26. To identify unique differential signatures for the diagnosis of stage-specific Non-alcoholic fatty liver disease using the multi-omics approach: A pilot study, Shalimar, AIIMS-THSTI, 2 years, 2019-21, Rs 10 lakhs
  27. Liquid Biopsy for Early Prediction of Hepatocarcinogenesis in Chronic Liver Disease Patients, B.Nayak, ICMR, 3 years, 2019-22, Rs 49.5 lakhs
  28. Development of reverse genetic based recombinant Newcastle disease virus model for understanding immune response in patients infected with Hepatitis C virus, B. Nayak, DBT-NER, 3 years, 2017-20, Rs 28 lakhs
  29. CD14 gene variations in Alcohol-Induced Liver Disease (ALD) and Alcoholic Pancreatitis (ALP) in Co-morbid Condition and Relationship between Associated Polymorphisms and MD2 molecule binding to the CD14-LPBS-TLR4 Complex, B Nayak, DST, 3 years, 2017-20, Rs 27 lakhs
  30. Prevalence of antibiotic resistant genes in the healthy gut flora of individuals residing in rural community setting, Saurabh Kedia, AIIMS, 2 years, 2020-22, Rs 10 lakhs
  31. Correlation between Kv1.3 potassium channel expression in intestinal biopsy and disease severity in patients with Ulcerative Colitis, Saurabh Kedia, AIIMS, 1 year, 2019-2020, Rs 2 lakhs
  32. Role of microRNA in identifying benign versus malignant variety of cystic neoplasm of pancreas, Deepak Gunjan, AIIMS, 2 years, 2019-2021, Rs 10 lakhs

### ***Completed***

1. To study the gut mucosal injury in severe acute pancreatitis and their correlation with organ failure and mortality, Anoop Saraya, DBT, 3.5 years, 2015-19, Rs 56 lakhs
2. MicroRNAs as biomarkers in chronic pancreatitis patients who are at risk of developing pancreatic cancer, Anoop Saraya, DBT, 3.5 years, 2016-19, Rs 91 lakhs
3. Estimation of gluten content in unlabelled and labelled gluten-free food, products and commonly used food items used by celiac disease patients, Govind K Makharia, ICMR, 2 years, 2018-20, Rs 22.8 lakhs
4. Effect of H. pylori eradication therapy in patients with NAFLD having H. pylori co-infection: A pilot open label randomized controlled clinical study, Shalimar, AIIMS, 2 years, 2017-19, Rs 10 lakhs

### **Departmental projects**

#### ***Ongoing***

1. A randomized control trial of exclusive enteral nutrition with corticosteroids vs corticosteroids alone in patients with acute severe ulcerative colitis
2. A randomized controlled trial of adjunctive incremental pregabalin therapy vs placebo for pain management in chronic pancreatitis
3. Assessment of prevalence and etiology of non-responsive celiac diseases in patients on gluten free diet for one year or more
4. Comparative analysis of cost and nutritional composition of gluten-free food with their gluten containing counterparts.
5. Defining intestinal failure in patients with Celiac disease
6. Development and validation of a tool for assessment of gluten free diet in Indian celiac disease patients
7. Early use of non-invasive positive pressure ventilation in acute hypoxemic respiratory failure in acute pancreatitis:

A randomised controlled trial

8. Early versus delayed percutaneous drainage for infected acute fluid collections in acute pancreatitis: A randomised controlled trial.
9. Effect of supplementation of branched chain amino acids on parameters of sarcopenia in patients with liver cirrhosis: A double blinded randomized controlled trial
10. Efficacy and tolerability of hyperbaric oxygen therapy in small bowel stricturing and fistulizing Crohn' sisease: A stratified RCT
11. Extra small intestinal GI manifestations of celiac disease
12. Intravascular fluid guided therapy versus standard fluid therapy in predicted severe acute pancreatitis: A randomized controlled study.
13. Mesenchymal stem cell therapy in patients with acute on chronic liver failure: A double blind, randomized placebo controlled trial
14. Pooled prevalence of celiac disease in patients with chronic liver disease: Systematic reviews and meta-analysis
15. Pooled prevalence of celiac disease in patients with short stature: Systematic review and Meta-analysis
16. Predictors of response and adverse events to biologics in patients with Inflammatory bowel disease
17. Prevalence of Celiac Disease in patients of Inflammatory Bowel Disease
18. Role of immune pathways in the pathogenesis of chronic pancreatitis.
19. Role of liquid biopsy biomarkers in hepatocellular carcinoma and Hepatitis B virus induced carcinogenesis
20. Sarcopenia in chronic pancreatitis: Prevalence, diagnosis and prognostic value
21. Spectrum of dental manifestation of celiac disease in treatment naïve and those on gluten-free diet patients with celiac disease
22. Spectrum of dermatological manifestations of celiac disease
23. Treat to target strategy in active ulcerative colitis patients: A randomized control trial

### ***Completed***

1. A multiparameter model to differentiate intestinal tuberculosis from Crohn'Disease in ulcero-constrictive disease of the intestine
2. Elafin in patients with celiac disease
3. Extra small intestinal GI manifestations of celiac disease
4. Intestinal permeability in patients with acute pancreatitis- role of tight junction proteins and effect of enternal nutrition
5. Modulation of Human Immune and Inflammatory Responses by Vitamin A in Inflammatory Bowel Disease (Ulcerative Colitis, Crohn's Disease)
6. Prevalence of elevated alanine aminotransferase levels in asymptomatic healthy individuals: A community-based study from North India
7. Prevalence of sarcopenia in cirrhosis and its correlation with serum myostatin and myostatin gene expression in muscle biopsy
8. Prognostic role of autophagy in patients with pancreaticadenocarcinoma
9. Role of microRNA as biomarker and its modulation in HCC targeting mTOR pathway
10. Role of miRNA mediated modulation of signal transduction in pancreatic cancer
11. To study the prevalence of cerebral edema and neuropathological changes in acute on chronic liver failure patients

### **Collaborative projects**

#### ***Ongoing***

1. A randomized trial of endoscopic versus laparoscopic drainage of pancreatic pseudocysts, Surgical Disciplines.
2. Biopsy in Adult celiac disease (Bio.A.CeD)- the ESsCD Consensus: Multinational study, Partimento di Medicina e Chirurgia, Scuola Medica Salernitana, Università di Salerno, Italy
3. Comparison of various diagnostic modalities for identification of refractory celiac disease in a cohort of patients with celiac disease unresponsive to gluten free diet, Pathology
4. Correlation of hepatic fat content and angiographic coronary artery stenosis. Department of Cardiology, VMMC

and Safdarjang Hospital

5. Development of a low-cost diagnostic platform for the identification of viral DNA using CRISPR/Cas13a system, South Asian University, New Delhi
6. Effect of anti-inflammatory drugs on duct ligation and Na-Taurocholate model of experimental acute pancreatitis in rats, GI Surgery and Anatomy
7. Effect of urbanization on gut microbiome, mycobiome and virome in patients with inflammatory bowel disease from northern India, Department of Microbiology, Maharshi Dayanand University, Rohtak, Haryana
8. Fecal microbiome in patients with gallbladder cancer, Surgical Disciplines
9. Genetic association of cytokine with suicidality in Indian population, Forensic Medicine
10. Hepatic regenerative potential of exosomes derived from human mesenchymal stem cells in liver fibrosis model, Stem Cell facility
11. Intestinal stem cells in celiac disease, Pathology
12. miRNA as disease modifier in HLA-DQ2/ DQ8 matched first degree relatives of patients with celiac disease, Pathology
13. Nanotechnology based vaccine against hepatitis E virus, Dept. of Biotechnology, Jaypee Institute of Information Technology, NOIDA, UP
14. Prevalence of acute gastrointestinal injury in critically ill children, Paediatrics
15. Towards understanding the role of gut microbiota and their metabolites in the causation and treatment of colorectal cancer, National Institute of Immunology (NII), New Delhi

### **Completed**

1. Liver involvement in patients with celiac disease: Proof of causality using IgA/ anti-tTG co-localization Techniques, Pathology
2. Seroprevalence of celiac disease in high altitude area in India, Gastroenterology, IGMC Shimla, Himachal Pradesh
3. Association of inflammatory cytokines with suicidal deaths: a hospital based comparative cross-sectional study, Forensic Medicine
4. To assess the prognostic value of various cytokines in Acute on Chronic liver failure (ACLF) patients, Infectious disease
5. Nanoparticles based amperometric biosensor for detection of thyroid dysfunctioning, Biotechnology, Jaypee Institute of Information Technology, NOIDA, UP

### **PUBLICATIONS**

**Journals: 44**

**Abstracts: 48**

**Chapters in Books: 3**

### **PATIENT CARE**

#### **Routine Gastroenterology Clinic (Monday to Friday)**

New cases: 27593

Old cases: 53048

#### **Special clinics**

<b>Name of the clinic</b>	<b>New cases</b>	<b>Old cases</b>
Liver Clinic	867	13350
Pancreas clinic	805	3951
IBD & ITB Clinic	884	8698
Interventional Clinic	391	795
Celiac Clinic	102	864

#### **Endoscopy services**

##### **Procedures**

Diagnostic and therapeutic endoscopies:	17214
Diagnostic and therapeutic colonoscopies:	3337
Diagnostic sigmoidoscopies:	1817

Side viewing endoscopies:	670
Endoscopic retrograde cholangiopancreatography (ERCP):	2150
Endoscopic ultrasound (Diagnostic and therapeutic):	500
Fibroscan:	8954

#### GI Motility

• High resolution esophageal manometry:	376
• High resolution anorectal manometry:	197
• Biofeedback:	350
• 24 hours ambulatory pH monitoring:	7

#### Tests done in the department

S.No.	Name of the test	Nos.
	NucleicAcid isolation for testing	4154
	HBV quantitation by Real time PCR	2054
	HCV quantitation by real time PCR	1134
	HCV genotyping by Real time PCR	93
	HCV genotyping by Line probe Assay (LIPA)	102
	HEV detection quantitative	339
	HBsAg by ELISA	1482
	HBeAg by ELISA	561
	Anti Hbe by ELISA	197
	Anti HBc Total by ELISA	393
	HBc IgM by Vidas	6
	HAV IgM by ELISA	544
	HEV IgM by ELISA	578
	Anti HCV by ELISA	1142
	Arterial Ammonia	645
	IgG 4 by Nephelometry	14
	D-Xylose by colorimetry	297
	Fecal Fat by ether extraction	195
	Fecal elastase by ELISA	603
	Hydrogen breath test	111
	Urea breath test	213
	Ttg IgA by ELISA	3127
	Ceruloplasmin by turbidometry	1615
	Serum Copper by colorimetry	837
	24 hr Urinary copper	663
	Lipid peroxidation (MDA) by spectrophotometry	120
	Free radical Antioxidant potential (FRAP)	40
	Lactose	90
	Mannitol	90
	Insulin	113
	Glucose	113

S.No.	Name of the test	Nos.
	hsCRP by ELISA	113
	Apo-A1	113
	Apo-B	113
	Fecal Calprotectin	96
	Total Oxidant Stress (TOS)	80
	Total Antioxidant Stress (TAS)	80

#### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Pramod Garg** was awarded Fellow of Indian National Science Academy, India; nominated member, Scientific Advisory Board, Indian Council of Medical Research, New Delhi; Member, Scientific Advisory Group for the Division of Non-Communicable Diseases, Indian Council of Medical Research, New Delhi.

**Professor Govind Makharia** was nominated as the Co-chair of Clinical Research Committee, World Gastroenterology Organization (2019-21); Co-chairman, Global guidelines on “Diet and Gut” by World Gastroenterology Organization; Board Member, International Association for the Studies on Celiac Disease (2015-2019); Council Member, Asian Pacific Association of Gastroenterology (2019-2022); Secretary general of Indian Society of Gastroenterology (2016-2022); Editorial Advisory Board Member, Clinical and Translational Gastroenterology (American College of Gastroenterology); Member, Scientific Advisory Board, National Agro-Food Biotechnology Institute, Mohali; Member of Biosafety Committee, School of Life Sciences, JNU; Member, Academic Committee, National Institute of Immunology, New Delhi; Coordinator of the Department of Biotechnology Consortium on Celiac Disease; Group leader, Asian Pacific Working Group on Celiac disease; Governing Council Member, Indian Motility and Functional Diseases Association; Coordinator of Indian Society of Gastroenterology Task Force on Inflammatory Bowel Disease; Coordinator of Young Clinician Program, Indian Society of Gastroenterology; Developed Indian Society of Gastroenterology and Association of Physicians of India Joint Guidelines on Gastro-esophageal reflux disease

**Dr Baibaswata Nayak** awarded Best Oral Paper and Cash prize at Indian Society of Oncology, ISO-ISMPO 2019 (Sonu Kumar/ Dr Nayak, Supervisor), Second position on oral talk at Virocon 2020, Indian Society of Virology (Sonu Kumar/ Dr.Nayak, Supervisor), National Postdoctoral Fellowship, SERB (Dr Geetanjali/ Dr Nayak Mentor), nominated as reviewer of 24 national and international journals including; Review and expert committee member for Innovation & Translation Research, ICMR; Reviewer for ICMR RA and SRF, and ICMR Project review committee member for (for diarrhoeal diseases); Reviewer to extramural funding of DST SERB, AYUSH/CCRH, ICMR STS expert group; ICMR ITR (innovation translation research) group and DBT nominee for Institute Biosafety committee (IBSC).

**Dr Saurabh Kedia** awarded the Japanese society of Gastroenterology fellowship at Tokyo Medical and Dental University, Tokyo, Japan from 1st September 2019 to 30th November 2019

**Dr Deepak Gunjan** conducted Hands-on Session on POEM in Asian Pacific Digestive Week (APDW) 2019, Kolkata, Hands-on Session on POEM in Synergy 2020; an EUS-ERCPTBD convergence 2020, Mumbai, nominated Co-organizing Secretary; CPLD 2019, AIIMS, New Delhi

#### VISITING SCIENTISTS

1. Dr Kanwarpal Singh, Group Leader, Max Planck Institute for the Science of Light, Erlangen, Germany on 4 June 2019.
2. Dr Undurti N. Das, Chief Medical Officer & Chairman, Scientific Advisory Board, Asha Nutrition, California, USA on 14 January 2020.
3. Dr Anjan Dhar from UK on 26 February 2020.

## 9.14. Gastrointestinal Surgery and Liver Transplantation

### Professor and Head

Peush Sahni

### Professors

Sujoy Pal

Nihar Ranjan Dash

### Assistant Professors

Rajesh Panwar

Anand Narayan Singh

Saurabh Galodha

### HIGHLIGHTS

The department organized the 29th national conference of the Indian Association of Surgical Gastroenterology (IASGCON 2019) from 9 to 13 October 2019. This 5-day conference included a bursary program, six workshops, a CME program and 2 days of main conference.

### EDUCATION

The department is actively involved in the teaching of undergraduate students. The following topics were taught to sixth & eighth semester students through didactic lectures and integrated seminars:

Benign and malignant esophageal disorders	Portal hypertension
Upper gastrointestinal bleeding	Lower gastrointestinal bleeding
Acute intestinal obstruction	Intestinal tuberculosis
Inflammatory lesions of small and large bowel	Gall stone disease and complications
Amoebic lesions of the bowel and liver	Gall bladder cancer
Cancer of the stomach	Diseases of the Pancreas
Biliary strictures	Chronic pancreatitis
Obstructive Jaundice	Acute pancreatitis
Nutrition in surgical patients	

The department offers 3-year training leading to award of MCh in Gastrointestinal Surgery. There are 14 MCh students in the department. The department also offers short-term observership for a period of 1–3 months. The weekly academic activities include a weekly audit, presentations of abstracts of recently published papers, a seminar, journal club, and discussion on research and dissertation projects. Besides these, a combined round with Gastroenterology and a GI Radiology conference are held once in a week, and a GE-GI Surgery histopathology conference once in two weeks.

### CMEs/Workshops/Symposia/National and International Conferences organized by the department

1. Twenty-ninth National Conference of the Indian Association of Surgical Gastroenterology (IASGCON 2019), AIIMS, New Delhi, 9 to 13 October 2019
2. Cadaveric Workshop on Multiple Organ Harvesting Techniques, AIIMS, New Delhi, 10 October 2019
3. Surgical skills workshop on Bowel anastomosis, AIIMS, New Delhi, 10 October 2019
4. Surgical skills workshop on vascular anastomosis, AIIMS, New Delhi, 10 October 2019
5. Endoscopy workshop: Basic and advanced, AIIMS, New Delhi, 10 October 2019
6. Workshop: Doing Research: The methods & the statistics, AIIMS, New Delhi, 10 October 2019
7. Operative (Video) Workshop, AIIMS, New Delhi, 10 October 2019

### Lectures delivered

Peush Sahni: 75

Sujoy Pal: 17

Nihar Ranjan Dash: 4

Rajesh Panwar: 6

Anand Narayan Singh: 1

Saurabh Galodha: 3

### Peush Sahni

1. Panel Discussion, 23rd Instructional Course of ACRSICON, 3 April 2019, Gangaram Hospital, New Delhi
2. Communication in science: Thesis, Papers, ICMJE recommendations, PG Research Methodology Workshop, AIIMS, 12 April 2019, New Delhi

3. Introduction, PG Research Methodology Workshop, AIIMS, 12 April 2019, New Delhi
4. Discussion, PG Research Methodology Workshop, AIIMS, 12 April 2019, New Delhi
5. References, PG Research Methodology Workshop, AIIMS, 12 April 2019, New Delhi
6. All you need to know about publication ethics, Conference Workshop, Association of Cutaneous Surgeons of India, ACSICON 2019, 18-21 April 2019, Delhi
7. IMRAD Format, Workshop on Writing a Research Paper, 25-26 April 2019, KL CMETi, AIIMS, New Delhi
8. Introduction, Workshop on Writing a Research Paper, 25-26 April 2019, KL CMETi, AIIMS, New Delhi
9. Editorial Process, Workshop on Writing a Research Paper, 25-26 April 2019, KL CMETi, AIIMS, New Delhi

## **RESEARCH**

### **Funded projects**

#### ***Ongoing***

1. Developing and implementing a Gall Bladder Cancer Registry to collect clinico-pathological data (demography, treatment patterns, therapeutic outcomes) and collect bile/tissue samples from registered patients for a biorepository for molecular profiling/microbial analysis focusing on identifying an association between GBC and microbial infection, Sujoy Pal, AIIMS THSTI collaborative, 3 years, 2019-22, Rs 10 lakhs
2. Esophageal resection vs. no resection for corrosive esophageal strictures: A RCT, N R Dash, AIIMS, 2013-2020, Rs 5 lakhs
3. Isolation and molecular characterisation of colorectal cancer stem cells, Sujoy Pal, AIIMS, 2015-2020, Rs 25 lakhs
4. Safety and effectivity of HIPEC in Gall Bladder Cancer. Nihar Ranjan Dash, AIIMS, 3 years, 2016–19, Rs 5 lakhs

#### ***Completed.***

1. Posterior (SMA-first) approach vs. standard pancreatoduodenectomy in patients with pancreatic cancer with special focus on circumferential resection margins and medium term survival outcome: a prospective randomized controlled trial, Sujoy Pal, AIIMS, 5 years, 2013–18, Rs 5 lakhs

2. A preliminary study to document the genetic and molecular profile of resected colorectal cancers in India, Sujoy Pal, AIIMS, 3 years, 2016-19, Rs 5 lakhs
3. Development of an indigenous affordable no-frill enteral feeding pump, Peush Sahni, DST, 3 years, 2015–18, Rs 23.85 lakhs
4. Randomized controlled trial on skin preparation with chlorhexidine alcohol prep vs. savlon/betadine prep in elective gastrointestinal surgery, Peush Sahni, AIIMS, 5 years, 2012–18, Rs 1.50 lakhs

## **Departmental projects**

### ***Ongoing***

1. A randomized trial of peri-operative low dose vs standard dose steroid regimen in patients of ulcerative colitis
2. Impact of proton pump inhibitor on the development of anastomotic stricture and reflux symptoms after gastric pull up and cervical oesophagogastric anastomosis – a randomized trial
3. A prospective study to evaluate sarcopenia in adult chronic liver disease (CLD) patients waiting for liver transplantation.
4. Experimental model of acute pancreatitis with organ dysfunction
5. A study of the effect of targeted therapy on organ dysfunction in an experimental model of severe acute pancreatitis
6. External drainage of pancreaticobiliary limb vs no drainage in patients undergoing pancreaticoduodenectomy – A pilot study
7. Comparing feeding jejunostomy with nasojejunal tube placement in patients undergoing esophagectomy – A pilot study

### ***Completed***

1. Safety and efficacy of hyperthermic intra peritoneal chemotherapy in the management of gastric cancer
2. Patient reported outcome measures in ulcerative colitis – a cross-sectional observational study in a tertiary care center in India

## **Collaborative projects**

### ***Ongoing***

1. Isolation and molecular characterisation of colorectal cancer stem cells, Biochemistry
2. Development of singleplex PCR based test for detecting multiple hepatitis viruses simultaneously, Laboratory medicine
3. Isolation, identification and characterization of cancer stem cells from different histopathological grades of colorectal carcinoma, Biochemistry
4. Elucidating the role of differentially expressed gene(s) in colorectal cancer stem cells, Biochemistry
5. Genomics in Gall bladder cancer in Indian Population, Radiation Oncology

### ***Completed***

1. Assessment of frailty in geriatric patients undergoing GI surgery, Geriatric Medicine

## **PUBLICATIONS**

**Journals: 15**

**Abstracts: 20**

**Books: 1**

## **PATIENT CARE**

### **OPD**

Total number of new patients seen: 3400

Total number of old patients seen: 7406

### **Specialty clinics**

Department is running a daily clinic for stoma patients.

### Special laboratory facilities

Anal manometry, Oesophageal manometry, 24-hour ambulatory oesophageal pH monitoring, Endotraining laboratory.

### Inpatients

Total Surgical procedures: 627                      Elective: 467                      Emergencies: 160

### Special interest areas

Biliary obstruction:	90	Portal hypertension:	35
Oesophageal cancer:	19	Carcinoma gall bladder:	27
Ulcerative colitis:	45	Upper GI haemorrhage:	5
Lower GI haemorrhage:	10	Acute pancreatitis:	21
Chronic pancreatitis:	21	Biliary strictures:	15
Pancreato-duodenectomy:	56	Liver resections:	46

### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Peush Sahni** was Past President and Chair, Education Committee, Indian Association of Surgical Gastroenterology; President, Indian Association of Medical Journal Editors; Chair, Membership Committee, World Association of Medical Editors; Member, Editorial Board, Journal of Gastrointestinal Surgery (official Journal of Society for Surgery of the Alimentary Tract) and International Representative, Member Services Committee, Society for Surgery of the Alimentary Tract, USA; Member, International Committee of Medical Journal Editors; Member, Ethics Committee, Medical Council of India; Member, Board of Studies, AIIMS, Bhubaneswar; was Co-organiser of the Annual National Conference of Indian Association of Surgical Gastroenterology at New Delhi, 9-13 October 2019 at AIIMS, New Delhi; delivered the Dr B. Shanmukeswara Rao memorial oration of the Andhra Pradesh State Chapter of the Association of Surgeons of India for the year 2019.

**Professor Sujoy Pal** participated in a Community health Camp at Dharamshala, Himachal Pradesh organized under the auspices of the Hon'ble Dalai Lama from 20 June to 24 June 2019; Co-organiser of the Annual National Conference of Indian Association of Surgical Gastroenterology at New Delhi, 9-13 October 2019 at AIIMS, New Delhi; Best Paper award for the biliary free paper session (Moond V, Panwar R, Singh AN, Dash NR, Pal S, Sahni P). Biliary surgery in portal biliopathy: Short and longterm outcomes in 29th Annual conference of IASG, 9-13 October 2019, New Delhi.

**Professor Nihar Ranjan Dash** continued as President, Indian Ostomy Society and organized the Annual meeting of the Indian Ostomy Society. He was reviewer for European Radiology, BMC Surgery, BMC Case reports & Tropical Gastroenterology. He was appointed Expert for Union Public Service Commission in Surgery with specialization in GI Surgery, interviews of Lecturer Surgical Gastroenterology in Health & Medical Education Department, Jammu and Kashmir, Central Drugs Standard Control Organisation (CDSCO), Prashna India, ICMR Gall bladder task force, and selection of Faculty in the Department of Surgical Gastroenterology, AIIMS, Bhubaneswar and Jodhpur; was co-organiser of the Annual National Conference of Indian Association of Surgical Gastroenterology at New Delhi, 9-13 October 2019 at AIIMS, New Delhi.

## 9.15. Geriatric Medicine

### Professor and Head

AB Dey

### Associate Professor

Prasun Chatterjee

Avinash Chakrawarty

### Assistant Professor

Vijay Kumar

### HIGHLIGHTS

*Her Majesty Queen Silvia of Sweden* visited the Memory and Dementia service of the department on 3 December 2019 to familiarize herself with the care provided in India as a part of her interest in dementia care. The department organized a real time demonstration of care provided by various departments of AIIMS to older patients.

HONOURABLE SHRI M. Venkaiah Naidu, Vice President of India released the book “Health and Wellbeing in Late Life: Perspectives and Narratives from India” authored by Dr Prasun Chatterjee on 21 December 2019 at his official residence.

The Department organized a live demonstration of Integrated Care of the Older Person (ICOPE) for participants from 10 South-East Asia Regional Countries of World Health Organization on 19 September 2019.

The Department was a co-organizer of 19th Biennial Conference of Association of Gerontology (India) Conference at All India Institute of Medical Sciences on 17-18 August 2019 in collaboration with the Department of Biophysics.

Dr AB Dey was appointed as member of the South-East Asia Regional Expert Advisory Panel on Healthy Ageing for three years with effect from 10 July 2019.

### EDUCATION

The department is the largest postgraduate department of Geriatric Medicine in India. In addition to active participation in institutional academic activities the department placed major focus on postgraduate training with five sessions of teaching every week. Col Sumit Bhaskar of Army Medical Corps joined the department as a long-term trainee for 2 years from 1 July 2019. The department provided observership to MD student of the Department of Medicine from AIIMS, Rishikesh for establishing a Geriatric Service.

### CMEs/Workshops/Symposia/National and International Conferences Organized by the department

1. 19th Biennial Conference of Association of Gerontology (India), 17-18th August 2019, New Delhi
2. WHO SEARO- demonstration of ICOPE, 19 September 2019, New Delhi

### Lectures delivered

AB Dey: 12

Prasun Chatterjee: 5

### AB Dey

1. The making of LASI DAD—NIH Study, 19th Biennial Conference of Association of Gerontology India, 17 August 2019, AIIMS, New Delhi
2. Global and regional situations of elderly and elderly care, Consultation of Stakeholders for development of National Strategy on Ageing, Bhutan, 23 August 2019, Paro, Bhutan
3. Evidence on Healthy Ageing: India Report WHO Consortium on Metrics and Evidence for Healthy Ageing, 10 October 2019, WHO Head Quarter, Geneva, Switzerland
4. Global and regional situations of elderly and elderly care, Stakeholders Consultation on National Strategy for Healthy Ageing, Bhutan, 14 October 2019, Bajo, Wangduephodrang, Bhutan
5. 29th Prem Chand Dandiya Oration: Cognitive impairment, sarcopenia and frailty: Manifestations of Extreme Ageing, National Symposium on “Graceful Ageing: Medical, Psychological and Social Aspects”, 16 November 2019, Jaipur National University, Jaipur, Rajasthan
6. ICOPE Pilots in India, WHO Clinical Consortium on Health Ageing, 21 November 2019, WHO Head Quarter, Geneva, Switzerland

7. Jodhpur Oration- Integrated Care of the Older People (ICOPE): Old wine in a new bottle?. GERICON 2019- 17th Annual Conference of Indian Academy of Geriatrics, 7 December 2019, Christian Medical College, Vellore, Tamil Nadu
8. Integrated Care of Older People WHO SEARO ICOPE Based Training for Primary Care Physicians 16 December 2019, Yashwantrao Chavan Academy of Development Administration, Pune, Maharashtra
9. Mental Health in old age WHO SEARO ICOPE Based Training for Primary Care Physicians, 17 December 2019, Yashwantrao Chavan Academy of Development Administration, Pune, Maharashtra
10. Health of older adults and Geriatric Syndrome, WHO India State level Training of Trainers on Healthcare of Elderly for CHC Medical Officers, 25 February 2020, Hyderabad, Telangana
11. Integrated care for older people (ICOPE), WHO India State level Training of Trainers on Healthcare of Elderly for CHC Medical Officers, 25 February 2020, Hyderabad, Telangana
12. Integration of Ayurveda in Geriatric Health in Tertiary Health Care, National Seminar on Ayurveda and Integrative Medicine: its contemporary relevance 12 January 2020, Jammu, UT of Jammu & Kashmir

#### **Prasun Chatterjee**

1. Mental capacity assessment in Indian older adults, GERICON 2019- 17th Annual Conference of Indian Academy of Geriatrics 7 December 2019, Christian Medical College, Vellore, Tamil Nadu
2. Geriatric Assessment for the Rheumatologist, IRACON 2019- 35th Annual Conference of the Indian Rheumatology Association, 8 December 2019, Jawaharlal Institute of Postgraduate Medical Education and Research, *Puducherry*
3. Functional assessment in older adults, WHO SEARO ICOPE Based Training for Primary Care Physicians, 16 December 2019, Yashwantrao Chavan Academy of Development Administration, Pune, Maharashtra
4. Assessment of Intrinsic Capacity of Older Adults, **75th Platinum Jubilee of Annual Conference of the Association of Physicians of India (APICON)** 6 January 2020, **The Kunjamal N Convention Centre**, Agra, Uttar Pradesh
5. Quick assessment of Intrinsic Capacity (IC), WHO India State level Training of Trainers on Healthcare of Elderly for CHC Medical Officers, 25 February 2020, Hyderabad, Telangana

#### **Oral papers/posters presented**

1. Singh A, Association of sarcopenia and low calf circumference in Indian elderly patients, 19th Biennial Conference of Association of Gerontology India, 18 August 2019, AIIMS, New Delhi
2. Bajpai S, Development of a comprehensive cognitive evaluation protocol for older adults in Memory Clinic, 19th Biennial Conference of Association of Gerontology India, 17 August 2019, AIIMS, New Delhi
3. Agarwal RM, Posturo-graphic evaluation of faller and non-faller elders, 19th Biennial Conference of Association of Gerontology India, 17 August 2019, AIIMS, New Delhi
4. Saravanan MS, Frailty in health-seeking older population: Findings from an Indian registry, 15th International Congress of European Geriatric Medicine Society (EuGMS), 26 September 2019, ICE Krakow Congress Centre, Krakow, Poland
5. Banerjee J, Validation of a newly developed tool (SCOPE-C, Version1) for streamlining care and decision making in older adults with cancer in India, 19th Conference of the International Society of Geriatric Oncology, 15 November 2019, International Conference Center Geneva, Geneva, Switzerland
6. Saravanan MS, Correlates of falls among health-seeking older Indian population, 1st World Congress on Falls and Postural Stability, 5 December 2019, *Kuala Lumpur*, Convention Center, *Kuala Lumpur*, Malaysia

17. Jaiswal A, Quantitative assessment of cardiopulmonary fitness in the older Indian adults attending Geriatric medicine OPD AIIMS, GERICON 2019-17th Annual Conference of Indian Academy of Geriatrics, 7 December 2019, Christian Medical College, Vellore, Tamil Nadu
18. Painkra B, Predictor of survival following hospitalization for illness of recent onset among the oldest old (>85 year), GERICON 2019-17th Annual Conference of Indian Academy of Geriatrics, 7 December 2019, Christian Medical College, Vellore, Tamil Nadu

## RESEARCH

### Funded projects

#### *Ongoing*

1. Harmonized Diagnostic Assessment of Dementia (DAD) for Longitudinal Aging Study of India (LASI): Genomic Study, AB Dey, NIH (USA), 5 years, 2019-2024, Rs 2201.96 lakhs
2. Harmonized Diagnostic Assessment of Dementia (DAD) for Longitudinal Aging Study of India (LASI), AB Dey, NIH (USA), 5 years, 2015-2020, Rs 528.66 lakhs
3. Longitudinal Aging Study of India (LASI), AB Dey, MoHFW, 4 years, 2015-2019, Rs 100 lakhs
4. www.oldagesolutions.org—A web portal for older people and their care givers, AB Dey, DST, 3 years, 2019-2022, Rs 47.38 lakhs
5. Study of Sarcopenia: Establishment of norms for diagnosis, prevalence and risk factors in ageing North Indian population and development of preventive strategies, AB Dey, ICMR, 3 years, 2019-2022, Rs 88.25 lakhs
6. Validation and Implementation of Integrated Care for Older People (ICOPE) as cornerstone for community-based care of older persons in India: A pilot study, AB Dey, WHO, 1 year, 2019-2020, Rs 10.05 lakhs
7. Multimodal intervention (diet, exercise and computer based cognitive training) amongst elderly subject with Subjective cognitive impairment (SCI) attending Geriatric clinic of AIIMS, Prasun Chatterjee, DST, 3 years, 2017-2020, Rs 38.52 lakhs
8. Effect of Smart Nordic Walking Training on Mobility Independence in Community Elderly- A pilot Study, Prasun Chatterjee, ICMR, 2 years, 2019-2021, Rs 38.15 lakhs
9. Characteristics of Indian Super Agers—A pilot prospective cohort study with a potential future predictive model, Prasun Chatterjee, ICMR, 3 years, 2019-2022, Rs 61.36 lakhs
10. National Study of Knowledge, Attitude, Perception & Medical Awareness towards a Model of Intergenerational Engagement & Science, for Sanitation, Hygiene & Health, Prasun Chatterjee, DST, 1 year, 2019-2020, Rs 21.16 lakhs

### Departmental projects

#### *Ongoing*

1. Impact of Nordic Walking training on functional status in the very old: A randomized control trial
2. Geriatric Assessment of patients with hematological malignancies (Multiple Myeloma) by a newly developed scale for older persons with malignancy for their initial assessment, prognostication and care
3. Transcriptome profiling (mRNA/miRNA) of specialized skeletal muscle cells (satellite cells) for identification of factors involved in age related myopathies

4. Validation of newly developed scale (SCOPE-C, Version 1) for geriatric patients with lung cancer for their initial assessment, prognostication and care and explore the potential of tumor suppressors as biomarkers in lung cancer in older population
5. Clinical frailty scale as a predictor of mortality in older adults with SARI – A prospective observation study
6. Observations on sarcopenia in residents of old age home
7. Predictor of survival following hospitalization for illness of recent onset amongst the oldest old
8. Biological ageing indicators and its correlates in older Indians
9. Caregiver stress and burden among careers of cognitively impaired individuals
10. Incidence and prevalence of delirium and its socio-demographic, clinical and biochemical correlate in geriatric population
11. Study of biomarkers in subjects with subjective cognitive decline
12. Validation of ICT-BRIEF tool as Mortality predictor at 6 month and 1 year in older adults
13. Gait and balance profile of users of Smart Nordic Walker and Smart Shoes
14. Item reduction of SCOPE C Version 1 and validation of same in elderly with malignancy
15. Effect of intergenerational learning on cognitive reserve in elderly
16. Study of the gut micro biota in sarcopenic and non-sarcopenic in older adults
17. Gait analysis in persons aged 75 years and above

### **Completed**

1. Study of skeletal muscle regeneration in old age
2. Development of Healthcare Policies and Programmes Awareness Questionnaire (HPPAQ) to study the awareness about the national
3. Healthcare policies and programmes for senior citizens among geriatric patients and medical/paramedical professionals
4. Predicting Frailty in Indian Hospital Setting: Comparison of Three Indicators
5. Randomized placebo control trial to assess clinical and immunological efficacy of pneumococcal vaccine in Indian older adults
6. Quantitative assessment of the cardiopulmonary fitness in Indian older adults attending the Geriatric OPD
7. Assessment of autonomic function across frailty status in Indian elderly
8. Estimation of novel proteins among older subjects as biomarkers for cognitive impairment
9. One carbon metabolism and cognitive impairment in older Indians
10. Development of new frailty scale in older Indians
11. Establishment of clinical construct of intrinsic capacity in older adults
12. Biomarkers and diagnostic tools of sarcopenia in Indian older population

### **PUBLICATIONS**

**Journals: 12**

**Abstracts: 1**

**Chapters in Books: 2**

**Books: 1**

### **PATIENT CARE**

The Department provided daily OPD service and once-a-week afternoon Memory Clinic. During the year 51511 (new and revisit) consultations were provided to patients in OPD and 312 (225 new and 87 revisit) patients were seen in the Memory Clinic. Rehabilitation service from the Day Care Service of the department was provided to 14969 patients. 1623 patients were admitted under Geriatric Medicine during the year.

### **Community Service**

The faculty and residents of the Department participated in health camps for senior citizens organized by non-governmental organization Healthy Aging India in old age homes in Delhi NCR region.

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Dr Prasun Chatterjee and Dr Vijay Kumar** participated in several health education programmes of Door Darshan and delivered talk on old age issues.

**Dr Joyita Banerjee** was appointed as the National Representative for India by International Society of Geriatric Oncology (SIOG), Geneva, Switzerland.

**Professor AB Dey** participated in: Expert Group Consultation to review manual for training primary care physicians in care for older people at held in WHO Regional Office for South-East Asia, New Delhi, India from 20 to 21 August 2019; Consultation of Stakeholders for development of National Strategy on Ageing, Bhutan from 23 to 25 August 2019 at Paro, Bhutan; WHO Regional meeting on Integrated Care for Older People (ICOPE) in South-East Asia Region 18-20 September 2019, New Delhi, India; WHO Consortium on Metrics and Evidence for Healthy Ageing on 10 and 11 October 2019 at Geneva, Switzerland; Stakeholders Consultation on National Strategy for Healthy Ageing, Bhutan from 14 to 16 October 2019 at Wangdue, Bhutan; WHO Clinical Consortium on Healthy Ageing on 21 and 22 November 2019 at Geneva, Switzerland; WHO SEARO Training programme on ICOPE for Primary Care Physicians by from 16 December to 18th December 2019 at Pune, Maharashtra; WHO India State level Training of Trainers on Healthcare of Elderly for CHC Medical Officers at Hyderabad, *Telangana*.

**Dr Prasun Chatterjee** was appointed as a Consultant in WHO-SEARO in March 2020. He participated in: Expert Group Consultation to review manual for training primary care physicians in care for older people at held in WHO Regional Office for South-East Asia, New Delhi, India from 20 to 21 August 2019; WHO Regional meeting on Integrated Care for Older People (ICOPE) in South-East Asia Region 18-20 September 2019, New Delhi, India; WHO Clinical Consortium on Healthy Ageing on 21 and 22 November 2019 at Geneva, Switzerland; WHO SEARO Training programme on ICOPE for Primary Care Physicians by from 16 December to 18 December 2019 at Pune, Maharashtra; Conducted the WHO India State level Training of Trainers on Healthcare of Elderly for CHC Medical Officers at Hyderabad, *Telangana as the lead trainer; Participated and contributed substantially in* National Consultation meeting on Do Not Attempt Resuscitation (DNAR), ICMR Head Quarters on 2 December 2019.

## 9.16. Haematology

### HIGHLIGHTS

- The ISHTM-AIIMS external quality assessment programme for hemogram, conducted by Department of Hematology, AIIMS was accredited for further two years as PT provider by NABL.
- Department of Hematology continued to be Regional training Centre by International Society of Hemostasis and Thrombosis in collaboration with the Institute of Experimental Hematology and Transfusion Medicine, University Clinic Bonn.

### EDUCATION

- The department conducts DM (Clinical Haematology), DM (Haematopathology) and PhD program in the field of Haematology. The academic programme includes regular seminars, symposia, micro-teaching and case discussions.
- The faculty is involved in theory and practical classes for undergraduate students in the subjects of Pathology, Hematology and Internal medicine. Clinical case studies are taught in the department of Pediatrics. Students of MD (Pathology) are trained in Haematology.
- The department provides short term training for visiting doctors, healthcare professionals and M.Sc. students interested in the field of Haematology.
- The department has provided training in the field of clinical and laboratory hematology to one doctor from other institution for two weeks each. Also 06 M.Sc. students also undertook short-term training hematology for two months each, during this year.

### CMEs/Workshops/Symposia/National and International Conferences

- The department organized 60th Annual Conference of Indian Society of Hematology and Blood Transfusion (HAEMATOCAN 2019) 7-10 November 2019. More than 1500 delegates participated in the conference.
- It also organized three workshops on 7 November 2019. These workshops were on:
  - Flowcytometry in Benign Hematology
  - Thrombophilia
  - Haemophilia- Musculo-Skeletal

### Lectures delivered

**M Mahapatra: 9**

**Seema Tyagi: 1**

**Tulika Seth: 20**

**Rishi Dhawan: 6**

**Mukul Agrawal: 12**

**Jasmita Dass: 7**

**Ganesh Kumar V: 4**

### M Mahapatra

1. Aplastic Anemia: Indian challenge, HOPE ASIA 2019, 23-25 August 2019, Kolkata
2. Inherited Bone marrow Failure Syndromes: Old & New Tools for Diagnosis, 11th Annual conference of Odisha

Haematology, 7-8 September 2019, Bhubaneswar

3. Approach to Pancytopenia, NESHCON 2019, 20-22 September 2019, Kaziranga
4. Management of Aplastic Anemia: Issue in Management, 30th Annual Meeting of DSH, 24-25 September 2019, New Delhi
5. Aplastic Anemia in India, 2nd King's College London Bone Marrow Failure/Aplastic Anemia Meeting, 10-11 October 2019, London, UK
6. Approach to a patient who is bleeding, 30th Annual conference API Delhi state chapter, 15-16 December 2019, New Delhi
7. Perioperative management of anti-platelet and anticoagulant: When and how to stop?, 75th Annual Conference of API, 6-9 January 2020, Agra
8. Immunosuppressive therapy in Aplastic anemia, 1st International meeting on Bone marrow failure, 3-4 February 2020, Vellore
9. Ph-Negative Myeloproliferative Disorders, 4th ISHBT-EHA tutorial, 28-29 February 2019, Chandigarh

### **Seema Tyagi**

1. Optimal utilization of thrombophilia testing, Workshop on Thrombophilia, 7 November 2019, New Delhi

### **Tulika Seth**

1. Supportive care advances for BMT, Indus BMT/TCT, 5 April 2019, Chennai
2. Emicizumab panel case-based discussion for inhibitor patients, Delhi haemophilia expert forum, 27 April 2019, Delhi
3. Emicizumab panel case-based discussion for non-inhibitor patients, Hemophilia care update, 5 May 2019, Mumbai
4. Prophylaxis in haemophilia, Initiative on Hemophilia Care-V, 22 June 2019, Delhi
5. The burden of Sickle Cell Disease in India, Economist Intelligence Unit (EIU), 11 July 2019, Delhi
6. MERGE registry data, ACE 2019, 12-14 July 2019, Delhi
7. Newer therapies for Hemophilia, PHOCON, annual meeting of PHO chapter of IAP, 6-8 September 2019, Varanasi, UP
8. Thalassemia transplantation in India, Shenzhen Pediatric HSCT Symposium, 20-22 September 2019, Shenzhen, China
9. Difficult anemias: A case-based discussion, annual CME of the Dr. Athavale Foundation and Pediatric Alumni, LTMMC (DAFPAL), 29 September 2019, Mumbai, Maharashtra
10. Update on pediatric ITP therapy, Workshop benign hematology, PCNI, 27 September 2019, UCMS, Delhi
11. Changing paradigms in ITP, 3rd annual precision oncology conference, 11 October 2019, Jaipur, Rajasthan
12. Changing paradigms in ITP management-tried and tested vs new and unsubstantiated, ISO-ISMPO, 1 November 2020, Indore, MP
13. Update on FEIBA, inhibitor management in hemophilia, Haematocon 2019, Annual meeting of ISHTM, 9 November 2019, New Delhi
14. Moderated Panel discussion on patient safety over the counter medications, Workshop Patient Safety and Rights, 17 November 2019, Dehradun, UK
15. Genetic counselling foundation course, First Foundation Course on Genetic Counselling for Hematology diseases, 24 November 2019, Dehradun, UK
16. Thrombocytosis and leucocytosis: Approach, XIII Annual hematology meeting, 15 December 2019, Vadodara, Gujarat
17. Long term Complications in thalassemias, PEDICON, annual meeting of IAP, 10 January 2020, Indore, MP
18. Inhibitors in haemophilia, Update ASH at 3rd Myeloma Congress, 12 January 2020, Hyderabad, Telangana
19. AML patients above 60 years: Transplantation or not? (for transplant), 19th Annual RGCON, 8 February 2020, Delhi
20. Immune thrombocytopenia, Army Hospital (R&R) Hematology meeting, 15 Feb 2020, New Delhi

### **Rishi Dhawan**

1. Myelofibrosis: To transplant or not to transplant, Academy of Clinical Experts 2019, 14 July 2019, Delhi
2. Advances in transplant for acquired severe aplastic anemia, BMT Masterclass 2019, 8 September 2019, Mumbai
3. Management of steroid refractory chronic ITP in India, 4th Young Haematologists Orientation Program (YHOP),

22 September 2019, Lucknow

4. Indian Myeloma Quiz, 3<sup>rd</sup> Indian Myeloma Congress, 11 January 2020, Hyderabad
5. Adult ALL: Transplant or Not to Transplant, 19th International Conference RGCON 2020, 8 February 2020, Delhi
6. Self-Assessment Case Ph-Negative Myeloproliferative Neoplasms, 4th ISHBT-EHA Tutorial 2020, 28 February 2020, Chandigarh

#### **Mukul Agrawal**

1. Management of Non-transfusion dependent thalassemia, Manipur Hematology Update (I), 4 April 2019, Delhi
2. Multiple Myeloma (panelist), 6 July 2019, Mumbai
3. Myelofibrosis (panelist), Academy of Clinical Experts, 11-13 July 2019, Lucknow
4. ITP (Panelist), Emerging hematology, 20 July 2019, Hyderabad
5. Management of Non-Transfusion Dependent Thalassemia, Inclusive hematology, 28 July 2019, Delhi
6. Clinical Vignettes- Anemia, IAP- Benign hematology workshop, 27 September 2019, Chandigarh
7. Donor lymphocyte and granulocyte infusions in the management of infections - Do they work?, 5th Conference on Transplant Infectious Diseases, 29 September 2019,
8. Bumper quiz, Hematocon 2019, 8-10 November 2019, New Delhi
9. Selecting a BMT donor, RGCON 2020, 7-9 February 2020, New Delhi
10. Case presentation, Towards Disability- free Haemophilia, 29 February 2020, New Delhi
11. MRD, Nelarabine and relapsed ALL (Panelist), CME on Pediatric Leukemia and Lymphoma, 9 February 2020, New Delhi
12. Scientific based testing vs ABP Program, Regional Anti-Doping Symposium in Asia, 22-23 October 2019, New Delhi

#### **Jasmita Dass**

1. FCM in PID/infections, Pre-conference workshop during HAEMATOCON 2019, 7 November 2019, New Delhi
2. Myeloma Quiz, Indian Myeloma Congress 2020, 10 January 2020, Hyderabad
3. Approach to Acute Leukemia Diagnosis: Case Based Approach, 19th Annual International Conference, RGCON-2020, 7 February 2020, New Delhi
4. Hematopathology Quiz, 19th Annual International Conference, RGCON – 2020, 7 February 2020, New Delhi
5. Panel discussion on ALL as Panelist, Pediatric Leukemia and Lymphoma CME, 9 February 2020, New Delhi
6. Flow cytometry in CLPD, 5th Molecular Oncology Society Conference, 22 February 2020, Patna
7. Flow cytometry MRD in ALL, 5th Molecular Oncology Society Conference, 22 February 2020, Patna

#### **Ganesh Kumar V**

1. Application of Flowcytometry in pediatric hematology, Pre-conference workshop during Haematocon 2019, 7 Nov 2020, New Delhi
2. Acute Myeloid Leukemia, Army Hospital (R&R) Hematology meeting, 18 January 2020, New Delhi
3. Platelet function testing, Army Hospital (R&R) Hematology meeting, 15 February 2020, New Delhi
4. CML: Diagnosis, Monitoring and Therapy; Panel discussion, EHA-ISHBT Haematology tutorials, 28-29 February 2020, Chandigarh

## RESEARCH

### Funded projects

#### *Ongoing*

1. Mitigation of clinical phenotype by activated platelets in severe hemophilia, M Mahapatra, DBT, 3 years, 2019-2022, Rs 8 lakhs
2. NN7415-4311explorer 7, NN7415-4311, Concizumab label trial for Hemophilia B with Inhibitors, Tulika Seth, Novo Nordisk, 3 years, 2019-2021, Rs 3.5 lakhs
3. Explorer 8 NN7415-4311/4307, Tulika Seth, Novo Nordisk, 3 years, 2019-2021, Rs 3.5 lakhs
4. India 13 Multicenter project for capacity building with national training centres, Tulika Seth, NNHF, 1 year, 2019-2020, Rs 14 lakhs

#### *Completed*

1. Socio-Ecological Impact & Tribal Health: A Study on Epidemiological Diversity of Thalassemia Mutations among Tribes in India and Impact of Socio-Ecological Influences, Renu Saxena, DST, 3 years, 2017-2020, Rs 4.38 lakhs per year
2. Safety of turoctocogalfa for prophylaxis and treatment of bleeding episodes in previously treated patients with moderate or severe Haemophilia A in India, Tulika Seth, Novo Nordisk India Private Ltd, 1 year, 2018-2019
3. Clinical outcomes of CLL and MCL patients treated with Ibrutinib: An observational retrospective medical chart review from India, Tulika Seth, SiroClinPharma Pvt Ltd, 1 year, 2018-2019

### Departmental projects

#### *Ongoing*

1. Impact of molecular genetics on the phenotype of Indian sickle cell syndrome patients
2. Identification and in-silico characterization of molecular defects underlying inherited deficiencies of FVII and FX in India
3. To study the combined role the BCR-ABL1 Kinase Domain and Elsewhere mutation in Chronic Myeloid Leukemia patients with resistance to Tyrosine Kinase Inhibitors (TKIs)
4. Molecular profiling of Myelodysplastic Syndromes subgroups – MDS with single lineage dysplasia and MDS with multi-lineage dysplasia for assessment of prognosis and treatment response
5. Mitigation of clinical phenotype by activated platelets in severe hemophilia
6. Role of hMICL in BCR-abl 1 negative MPNs by FCM
7. Immunophenotyping and MRD analysis in Multiple myeloma by flow cytometry
8. Flow cytometric ploidy analysis in B-cell acute lymphoblastic leukemia
9. Minimal residual disease analysis in acute myeloid leukemia by flow cytometry using a limited antibody panel
10. Flow cytometry assessment of CD 26+ leukemia stem cells in chronic myeloid leukemia
11. Study of the role of thromboelastography in predicting risk of hemorrhage in patients with acute leukemia
12. Compare HbCZE and HPLC in diagnosis of hemoglobinopathies
13. To compare the diagnostic performance of Whole Body Low dose Computed Tomography (WB LDCT) and Conventional Skeletal Survey (CSS) in diagnosis and management of patients with Multiple Myeloma (MM) in a Tertiary Care Centre
14. Effect of tyrosine kinase inhibitor on sperm parameters and pituitary gonadal axis in male patients with Chronic myeloid leukemia
15. Imatinib dose escalation in CML: indication, responses and outcomes

16. Assessment of eligibility for treatment free remission in patients of chronic phase of CML attending OPD of a tertiary care center
17. Evaluation of transient elastography, hepatic iron concentration by MRI t2\* liver, serum liver fibrosis indexes versus liver biopsy in thalassemia major patients who are candidates for hematopoietic stem cell transplant, a comparative pilot study
18. Evaluation of response to immunosuppressive therapy and eltrombopag in aplastic anemia
19. Correlation of endogenous thrombopoietin levels with response to thrombopoietin receptor agonists and assessment of serum LDH profile in adults with primary ITP
20. To compare the side effect profile, minimal residual disease and early event free survival in patients of CD 20 positive precursor B acute lymphoblastic leukemia who receive rituximab versus those who do not receive rituximab with induction therapy

### ***Completed***

1. Evaluate the Role of Tissue Factor and Tissue Factor Pathway Inhibitor Gene Polymorphisms in the Pathogenesis of Deep Vein Thrombosis in India
2. Study of expression of cereblon protein by immunohistochemistry in newly diagnosed and treated multiple myeloma patient
3. Assessment of Nutritional status/Parameters in acute leukemia patients undergoing induction chemotherapy
4. Efficacy of low dose rasburicase in management of tumor lysis syndrome in leukaemia and lymphoma patients
5. Abdominal infections in immunocompromised hosts: A clinical, microbiological and radiological correlation
6. Nilotinib versus Imatinib deep molecular response in CML
7. Clinical and laboratory profile of patients with hypereosinophilia presenting to a tertiary care center on north India
8. Correlation of serum iron profile and Hcpidin level in patient with microcytic hypochromic anemia.
9. Role of IHC with CD 61 and p53 on bone marrow biopsies in enhancing diagnosis in suspected MDS cases- retrospective and prospective study
10. Study of bone marrow lymphocyte subset in acute myeloid leukemia

### **Collaborative projects**

#### ***Ongoing***

1. Prospective observational study to assess the prevalence of platelet refractoriness and its reasons in patients receiving multiple platelet transfusion in an Indian setting, Transfusion Medicine
2. Autoimmune haemolytic anaemia: Clinical and Serological correlation, Transfusion Medicine
3. Randomized control trial to evaluate safety and efficacy of intra vitreal injection of autologous bone marrow derived stem cells in acute cases of ischaemic central retinal vein occlusion, RP Centre
4. A population based prospective cohort study to unravel the causes of stroke and cognitive decline: A cross cultural perspective. Erasmus Medical Center, Rotterdam, Netherlands
5. Ocular GVHD in post Allogeneic HSCT patients, Transplant Immunology & Immunogenetics
6. Immune reconstitution in Haplo identical HSCT, Transplant Immunology & Immunogenetics
7. Role of platelet activation in the development of systemic inflammations in patients with type-2 diabetes, Endocrinology, AIIMS and Regional Centre for Biotechnology (RCB)
8. Outcome predictors of patients with secondary Hemophagocytic lymphohistiocytosis Medicine
9. Ras homolog gene family (RHOA) and Isocitrate dehydrogenase 2 (IDH2) mutation in Angioimmunoblastic T cell Lymphoma (AITL), Pathology
10. Identifying association of gene polymorphism and Prakriti in responders & non responders to dual antiplatelet therapy in coronary artery disease patients. Cardiology
11. To evaluate the role of serum d-dimer, neutrophil:lymphocyte ratio, platelet: lymphocyte ratio and CA125 in assessment of ovarian masses, Obstetrics and Gynaecology
12. Efficacy of intravenous iron therapy compared to oral iron treatment in iron deficient adult cyanotic, congenital heart disease patients for improvement in clinical outcome at 3 months, Cardiology

### ***Completed***

1. The effect of negative pressures used during ultrafiltration on erythrocyte, CTVS

2. Study of efficacy of topical rituximab encapsulated in nanoparticle in oral pemphigus vulgaris – a randomized double blinded placebo-controlled trial, Dermatology
3. Standardization of Voriconazole/posaconazole levels for pediatric hematology patients, Microbiology

### Community services

The department has been active in the area of thalassemia and hemophilia awareness at both community sensitization programmes, and public forums at AIIMS and with the thalassemia and Hemophilia society. The department has collaborated with GAP health and given inputs for patient safety programmes and for designing curriculum for genetic counseling for blood disorders.

Carried forward the Hemophilia patient/parent self-infusion program for anti-hemophilic factors by conducting a workshop at SET facility, AIIMS. Organized and participated in community awareness program in association with Uttarakhand state government, and NGO GAP health foundation, to organize the first patient safety conference.

### B. Laboratory Services

The Department of hematology has state-of-the-art facilities of following:

- Bone marrow aspirate, bone marrow biopsies and peripheral smears
- Immunohistochemistry
- Molecular genetics
- Hemolytic anemia workup
- Flow cytometry
- Capillary electrophoresis for hemoglobinopathies
- Coagulation workup for inherited and acquired bleeding disorders
- Platelet aggregometry

- Thrombophilia workup
- Prenatal diagnosis of Hemophilia and hemoglobinopathies

### Census of Various Laboratories (2019-20)

<b>• Bone Marrow Biopsy laboratory</b>	
• Immunohistochemistry:	449
• Reticulin slides:	815
• Massan Trichome:	10
• LAP Score:	90
• Cytochemistry:	940
<b>Total Biopsies:</b>	<b>1849</b>
<b>• Coagulation laboratory</b>	
• Coagulation test:	10846
• Thrombosis:	2126
<b>Total</b>	<b>12972</b>
<b>• Hemolytic Lab</b>	
• HPLC:	2227
• Serum Ferritin:	1106
• G6PD:	707
• DCT:	237
• OFT:	203
• PNH:	92
• Urine Hemosittrin:	34
• Cryoglobulin:	12
• Sickling test:	30
<b>Total:</b>	<b>4648</b>
<b>• Hemogram laboratory</b>	
• OPD and ward patients:	52170
• Hematology OPD patients:	41530
• Bone marrow staining:	8081
• Retic Count:	40240
<b>• Molecular diagnostic laboratory</b>	
• RTPCR/RQPCR:	<b>2340</b>
<b>• Flowcytometry</b>	
- Acute leukemia:	406
• Chronic lymphoproliferative disorders:	183
• Paroxysmal Nocturnal hemoglobinuria:	772
• Minimal Residual disease:	64
• CD34 enumeration:	41
• Platelet disorders:	20
<b>Total:</b>	<b>1486</b>

### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor M Mahapatra** is Vice-President of Indian Society of Hematology and Blood Transfusion (ISHBT); Elected as Editor in Chief of Indian Journal Hematology and Blood Transfusion (IJHBT); Represented as an Indian leader to speak on “Aplastic Anemia in India” during 2nd Kings College Bone Marrow Failure/Aplastic Anemia Meeting held at Kings

College, London, UK in October 2019; Represented as an Indian leader by ISHBT to discuss with European/American leaders in hematological education and research collaborations with India.

**Professor Tulika Seth** is Member of ethics committees- AIIMS-PG, Member of ethics committees- Delhi University, Member subcommittee of IEC AIIMS for reporting of adverse events in clinical trials, Nominated member of NBE for Hematology, National coordinator India 13 project for training of trainers at National training centers for Hemophilia care, Member Secretary of ethics committee, Can support

**Dr Mukul Agarwal** is Working as Hematology expert for Athlete biological passport management unit (ABPU) with National Anti-doping agency (NADA), India and with Anti-Doping Laboratory, Tokyo

**Dr Rishi Dhawan** was selected for one-year certificate course—Global Clinical Scholars Research Training (GCSRT) 2021 Program by Harvard Medical School, United States with 25% tuition fee waiver scholarship.

#### **VISITING SCIENTIST**

1. Dr Sanjeet Dadwal, Pofessor, Transplant Infectious Diseases, City of Hope, Duarte, United States, 30 May 2019
2. Dr Nathan Punwani Associate Professor BMT and Hematology, Cedars Sinai Medical center USA, 29 February 2020
3. Dr Nandita Khara, Associate Professor, Hematology, Mayo Clinic Arizona, United States, 5 March 2020

## 9.17. Hospital Administration

### Professor and Head

Sidhartha Satpathy

### Medical Superintendent, Dr RP Centre

Shakti Kumar Gupta

### Medical Superintendent, Main Hospital

DK Sharma

### Professors

IB Singh

Sanjay Arya

Aarti Vij

### Additional Professors

Laxmi Tej Wundavalli

### EDUCATION

The Department is running a postgraduate degree program for medical graduates, viz. MD (HA), earlier known as MHA (Masters in Hospital Administration). This course was started in February 1966, for the first time in India and has since been recognized as a distinct postgraduate discipline. In January 2016, this course had been converted to MD (Hospital Administration) in accordance with decision of Academic Committee (AC-113/10) duly ratified by GB (GB-152/7) during its meeting held on 13 April 2015. The Residency Program in Hospital Administration focuses on 'hands-on' training, where Resident Administrators are posted in the 'Administrative Control Room' of the main hospital, Jay Prakash Narayan Apex Trauma Center, and the National Cancer Institute, Jhajjar, round-the-clock as 'Duty Officers', and coordinate all the hospital activities after duty hours. The Administrative Control Room is the nerve center of the Hospital/centers. The Department also has Senior Residents, who are posted at the Main Hospital and various centers for assisting Faculty members in administrative tasks. They are also involved in the execution of new projects at AIIMS.

Faculty members also conducted several training programmes for the doctors working in various organizations including Central, State Governments, Paramilitary Forces and in various PSUs such as IICM, Ranchi and also other management institutes.

### LONG AND SHORT TERM TRAINING

1. One PG Student of MD (HA) from BP Koirala Institute of Health Sciences, Dharan, Nepal
2. Two MD (HA) students from Sher-i-Kashmir Institute of Medical Sciences, Srinagar, J&K
3. Four ITBP Medical Officers
4. One Armed Forces Medical Institute, Dy. Commandant, Bangladesh
5. Six MBA – Hospital Management students of Jamia Hamdard University
6. One student of MBA-HA from Chaudhary Charan Singh University, Meerut

### CONTINUING MEDICAL EDUCATION

1. Organized SASH (Safe & Sustainable Health)-2020 Conference, 21-23 February 2020, AIIMS, New Delhi in collaboration with Academy of Hospital Administration, Noida
2. 17th Healthcare Executive Management Development Programme, 1-7 March 2020, Goa

## Lectures delivered

**Sidhartha Satpathy: 25**

**Sanjay Arya: 6**

**Amit Lathwal: 2**

**Vijaydeep Siddharth: 8**

**Sheetal Singh: 3**

**Shakti Kumar Gupta: 4**

**Nirupam Madaan: 13**

**Mahesh R: 14**

**Abdul Hakim: 9**

**DK Sharma: 2**

**Anoop Daga: 5**

**Angel Rajan Singh: 2**

**Jitender Sodhi: 9**

## Sidhartha Satpathy

1. Pre-hospital care and Hospital Emergency Incident Command System for Disaster management, Training program on Disaster Management for senior Hospital Administrators from various states, 25 April 2019, National Institute of Health & Family Welfare, New Delhi
2. Mock drills in Disaster Management, Training of Trainers (TOT) for CDMOs. 19 June 2019, National Institute of Health & FW, New Delhi
3. CPA, TU & IDA in hospitals, Workshop on Healthcare Laws, Ethics and Regulations, 26 July 2019, SCOPE complex, New Delhi
4. Mock drills and Co-ordination with other agencies in Disaster Management Training Program for Senior Hospital Administrators, 23 September 2019, NIHFW, New Delhi
5. Outsourcing, Hospital Executive Management Development Program for Medical College Senior Faculty (HNB Univ), 26-27 September 2019, Center for Training & Research in Financial Administration, Dehradun
6. Patient safety, Hospital Executive Management Development Program for Medical College Senior Faculty (HNB Univ), 26-27 September 2019, Center for Training & Research in Financial Administration, Dehradun
7. Quality and accreditation, Hospital Executive Management Development Program for Medical College Senior Faculty (HNB Univ), 26-27 September 2019, Center for Training & Research in Financial Administration, Dehradun
8. Supply chain management, Hospital Executive Management Development Program for Medical College Senior Faculty (HNB Univ), 26-27 September 2019, Center for Training & Research in Financial Administration, Dehradun
9. Lecture discussion on AB-PMJAY- An overview, Multi-disciplinary Seminar at UAB, 25 October 2019, School of Health Sciences, UAB, Birmingham, USA
10. Contract management, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ), 27-28 November 2019, Center for Training & Research in Financial Administration, Dehradun
11. Patient safety, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ), 27-28 November 2019, Center for Training & Research in Financial Administration, Dehradun
12. Hospital Accreditation, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ), 27-28 November 2019, Center for Training & Research in Financial Administration, Dehradun
13. Public procurement, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ), 27-28 November 2019, Center for Training & Research in Financial Administration, Dehradun
14. RTI Act, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ), 27-28 November 2019, Center for Training & Research in Financial Administration, Dehradun
15. Organisation related chapters NABH standards, Quality Management & Accreditation of Health care Organization (QMAHO) course, 29 November 2019, AHA House, NOIDA, UP
16. Lecture & Panel Discussion on 'BMW management & IC in climate resilient health care systems' WHO Discussion Paper during ISHWCON-2019, 30 November – 1 December 2019, Mahatma Gandhi Medical University for Science & Technology, Jaipur
17. Contract management, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ.), 18-19 December 2019, Dehradun
18. Patient safety, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ.), 18-19 December 2019, Dehradun
19. Hospital Accreditation, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ.), 18-19 December 2019, Dehradun
20. Public procurement, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ.), 18-19 December 2019, Dehradun
21. RTI Act, Hospital Executive Management Development Program for Senior District level Officers (HNB Univ.), 18-19 December 2019, Dehradun
22. Organizational Behavior Lab & Hospital Management, Training Program on Hospital Management and Administration for MS and GDMOs of Coal India hospitals, 26-29 January 2020, Indian Institute of Coal Management, Ranchi, Jharkhand

23. Medico-legal systems, 17th Hospital Executive Management Development Program (HxMDP), 1-3 March 2020, Goa
24. Consumer Protection Act in Hospitals, 17th Hospital Executive Management Development Program (HxMDP), 1-3 March 2020, Goa
25. OB lab, 17th Hospital Executive Management Development Program (HxMDP), 1-3 March 2020, Goa

#### **Shakti Kumar Gupta**

1. Three lectures, 17th Healthcare Executive Management Development Programme (HxMDP) organized by Department of Hospital Administration, 1-7 March 2020, Goa
2. Challenges in Hospital Administration, 68th Armed Forces Medical Conference 2020, 5-7 February 2020, AFMC, Pune
3. Two lectures, Patient Safety Conclave, 17 July 2019, MTI Steel Authority of India Limited (SAIL), Shyamali, Ranchi
4. Healthcare Improvement at Tertiary Care Ophthalmology Centre in India, 26th Annual Conference of the International Association for Applied Management, 11-13th July 2019, London, UK

#### **DK Sharma**

1. RTI Act & Its Implication in Health Care Sector: Case Studies Valedictory Function, 28 September 2019, HNBU Medical Education University Dehradun, Uttarakhand
2. Case Studies in Hospital Operations: AIIMS Experience Healthcare Management Development Programme (HxMDP), 6 March 2020, Goa

#### **Sanjay Arya**

1. Six lectures on Special Programme on Hospital Management and Administration for Medical Superintendents, GDMO's of Coal India Ltd., 9-13 February 2020, Indian Institute of Coal Management, Ranchi, Jharkhand

#### **Nirupam Madaan**

1. Patient Safety: Who's baby is it anyway? CME on Patient Safety, 26 July 2019, SKIMS, Srinagar, Jammu & Kashmir
2. The e-waste conundrum! ISHWMCN-2019, 30 November 2019, MGIMS, Jaipur
3. Five lectures, Program on nursing service administration and quality management, 22 October 2019, AHA, Noida
4. Five lectures, IICM training program for Medical Superintendents, 27-29 January 2019, IICM, Ranchi
5. Quality for care in Public Healthcare Facilities, First Quality and Patient Safety Conference, 1 March 2020, Bilaspur Chapter of Critical Care Society, Chhattisgarh

#### **Anoop Daga**

1. Lectures on various topics of 'Quality in Hospital Support Services' Contact Programme of PGQM & AHO for various healthcare professionals. 18-23 April 2019, Academy of Hospital Administration NOIDA, UP
2. Moderator in Panel Discussion on 'Ayushman Bharat for Healthy India', National Symposium on 'Ayushman Bharat for Healthy India: The Path to Universal Health Coverage'. 22 June 2019, Academy of Hospital Administration NOIDA, UP
3. Lectures on various topics of Hospital Administration (eight lectures) Health Care MDP for Uttarakhand Govt. Medical Officers & Faculty, 11-12 January 2020, 26 February 2020, HNB Uttarakhand Medical Education University, Dehradun
4. Hospital Support Services (six lectures) Management Development Programme on Hospital Administration for Medical Officers, 30 January-1 February 2020, Indian Institute of Coal Management, Ranchi, Jharkhand
5. Moderator in Panel Discussion on 'CSR in Healthcare- Road Ahead for India', 'National Conference on Safe & Sustainable Hospitals' (SASH 2020), 23 February 2020, AIIMS, New Delhi

#### **Amit Lathwal**

1. Handling of internal disasters in hospital, Coal India Medical Conference (CIMECON 2020), 9 February 2020, IICM, Ranchi, Jharkhand
2. Five lectures, IICM training program for Medical Superintendents, 27-29 January 2019, IICM, Ranchi, Jharkhand

**Mahesh R**

1. Research Methodology and project writing, Quality Management & Accreditation of Health Care Organization (QM&AHO) programme, 18-23 April 2019, Academy of Hospital Administration, NOIDA, Uttar Pradesh
2. Planning and Quality needs in OPD, Quality Management & Accreditation of Health Care Organization (QM&AHO) programme, 18-23 April 2019, Academy of Hospital Administration, NOIDA, Uttar Pradesh
3. Accident and Emergency Services, Quality Management & Accreditation of Health Care Organization (QM&AHO) programme, 18-23 April 2019, Academy of Hospital Administration, NOIDA, Uttar Pradesh
4. IPD & Human resource management, Quality Management & Accreditation of Health Care Organization (QM&AHO) programme, 18-23 April 2019, Academy of Hospital Administration, NOIDA, Uttar Pradesh
5. Management of Dietary Services, 94th Training Course on Hospital Administrator for Senior Hospital Administrators, 17 October 2019, National Institute of Health and Family Welfare, New Delhi
6. Lectures of Hospital Administration (eight lectures) Health Care Executive Management Development Programme for Uttarakhand Govt. Medical Officers & Faculty, 26-27 September 2019, 27-28 November 2019, 16-21 December 2019, HNB Uttarakhand Medical Education University, Dehradun
7. International Patient Safety Goals: Ensure Safe Environment for Healthcare Workers Workshop on Patient Safety Goals, 17 September 2019, RP Centre, AIIMS, New Delhi

**Angel Rajan Singh**

1. Health Risk Assessment & Management for Environmental Pollution Training programme for 'Environmental Pollution and Its Health impacts', Haryana Institute of Public Administration, 15 May 2019, Gurgaon, Haryana
2. Healthcare Procurement Case Studies, 'Healthcare Executive Management Development Programme' organized by Department of Hospital Administration, 2 March 2020, AIIMS, New Delhi

**Vijaydeep Siddharth**

1. Five lectures, Training Programme on Hospital Management and Administration for Medical Superintendents GDMOs, Non-Specialist of Coal India Ltd., 13-15 February 2020, Indian Institute of Coal Management, Ranchi
2. Planning and Management Issues in Hospital CSSD, Linen and Laundry Services Training Course on Hospital Management for Senior Medical Officers of Border Security Force, 16 October 2019, NIHFWS, New Delhi
3. International Patient Safety Goal 4: Ensure Safe Surgery Workshop on Patient Safety Goals, 17 September 2019, RP Centre, AIIMS, New Delhi
4. Surgical Safety Checklist, NURSICON 2019, 10-11 December 2019, AIIMS, New Delhi

**Abdul Hakim**

1. Fire Safety Challenges in Existing Health Care Facilities, 'Design of Fire Protection Measures for Vital Installations and Buildings', Organized by CBRI, Roorkee, 11-13 November 2019, New Delhi
2. Challenges in the supply chain management, Strengthening of PM-JAY Services in Medical Colleges, 4 March 2020, New Delhi
3. Patient Safety (Overview), Patient Safety workshop, 10-11 December 2019, AIIMS, New Delhi
4. Six lectures: Training Programme on Hospital Management and Administration for Medical Superintendents GDMOs, Non-Specialists of Coal India Ltd. at IICM, Ranchi, 13-15 February 2020, Indian Institute of Coal Management, Ranchi

**Jitender Sodhi**

1. Six lectures, Training Programme on Hospital Management and Administration for Medical Superintendents GDMOs, Non-specialist of Coal India Ltd., 10-12 February 2020, Indian Institute of Coal Management, Ranchi
2. Importance of infection control in healthcare facilities CME on Quality and Patient Safety in Healthcare facilities, 24 April 2019, Dr RP Centre for Ophthalmic Sciences, AIIMS, New Delhi
3. International Patient Safety Goal 6: Reduce the Risk of Patient Harm Resulting from Falls Workshop on Patient Safety Goals, 17 September 2019, Dr RP Centre for Ophthalmic Sciences, AIIMS, New Delhi
4. Lectures on Support Services, Training Program on Hospital Administration and Management, 26 March 2019, IIHMR, New Delhi

**Sheetal Singh**

1. Three lectures, Contact Programme QM & AHO, 23 November 2019, Academy of Hospital Administration, NOIDA, U.P.

## **Oral papers/posters presented**

1. Choudhary AH, Vijaydeep S, Khalid, Parkash. Effective Implementation of Ayushman Bharat Scheme- A way to Universal Health Coverage, Arogya Manthan, 30 December 2019, Vigyan Bhawan, New Delhi

## **RESEARCH**

### **Departmental projects**

#### ***Ongoing***

1. A comparative analysis of APAR vs ACR systems in AIIMS
2. A satisfaction survey of battery operated buses under CSR initiative being used for intramural transportation at AIIMS
3. A study of gender sensitive behaviors in the workplace with the aim of designing gender sensitivity training modules for AIIMS, New Delhi
4. A study of process handling of the medico legal cases at the emergency deptt. of AIIMS, New Delhi from the respective of systemic improvement
5. A study of the effectiveness of a Mascot in spreading awareness about sanitation & safe disposal of hospital waste among healthcare workers at AIIMS, New Delhi
6. A study of the inventory management practices at Blood Bank of Main hospital
7. A study on prevalence of fire cracker injury and outcomes with demographic profile of patients visiting the emergency department of a tertiary care centre of North India during the festive season of Diwali
8. A study to assess the knowledge, attitude & practices towards COVID-19 among non-medical health workers/patients/attendants at a tertiary care hospital in New Delhi
9. A study to develop a hospital infrastructure project implementation model
10. A study to identify the various patients assistance and welfare schemes available in AIIMS hospital and its centres and the methods to provide financial assistance to poor patients
11. Application of queuing theory as decision making tool for OPD services in hospital
12. Fire control manual AIIMS, New Delhi
13. Gap Analysis for LAQSHAY Accreditation of Labour Room & Maternity OT Complex at main hospital
14. ICMR taskforce centre on rational use of Medicine
15. Implementation of an institutional antifungal stewardship program (AFSP) and its impact on antifungal usage and outcomes in patients with invasive fungal infections
16. Need Analysis of CSR in AIIMS
17. Study on radiotherapy services and utilization of specific radiotherapy equipment across different centers of AIIMS, New Delhi
18. Study to assess the impact of educational intervention on incidence of CLABSI line associated blood stream at ICU of JPNATC
19. To study the awareness about eye donation among patients and their attendants visiting AIIMS
20. To study the impact of mechanized laundering of floor mops on mop disinfection and sanitation services at AIIMS, New Delhi

#### ***Completed***

1. Study of leadership profile of Department Heads and its impact on work performance and well-being of fellow doctors
2. Comparative study of the emergency department of select hospitals in Delhi, with 100 and above beds, against standard guidelines
3. A study of the effectiveness of the “never use” list of abbreviations in medical prescriptions at AIIMS.
4. A study of association between the sexual assault and the socio-economic status of sexual assault survivors coming to AIIMS
5. Assessment of drug dispensing practices at free drug pharmacy at AIIMS
6. An interventional study on impact of use of mechanized laundered floor mops on mop cleaning and disinfection

## **Collaborative projects**

### ***Ongoing***

1. Evaluation of Dual dye technique for sentinel lymph node biopsy in breast cancer: Two arm open labeled parallel design non-inferiority randomized controlled trial, Surgical Disciplines
2. Costing of Standardized laparoscopic mesh repair of midline abdominal wall hernia, Surgical Disciplines

### ***Completed***

1. Evaluation of the impact of training amongst the food handlers in dietary services on knowledge, practices and beliefs of food safety behavior, Dietetics

## **PUBLICATIONS**

**Journals: 15**

## **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

AIIMS New Delhi bagged the prestigious “Kaya Kalp” award for the third year in succession in October 2019 under the category of Hospitals with a prize money of INR 3 crores. All the key- result areas showed improvement under the leadership of Faculty members of the Department, ably supported by Residents, Nursing Administrators, Hospital Officers, Infection Control Committee members, Engineering department, and others.

**Professor Sidhartha Satpathy** was awarded the International ICMR Fellowship 2019-20 for Senior Bio-Medical Scientist at University of Alabama at Birmingham, USA for 3 weeks in October-November 2019. The National Conference on Safe and Sustainable Hospitals (SASH-2020) was organized by Department of Hospital Administration in collaboration with Academy of Hospital Administration, Noida on 21-23 February 2020, at JL Auditorium, AIIMS, New Delhi; Nominated as Member of National Accreditation Board for Hospital & Healthcare providers (NABH) as AIIMS representative by Director AIIMS; Contributed to development of AIIMS Bhubaneswar as Mentor, and subject expert to assist Selection Committee for non-Faculty Administrative posts at AIIMS Bhubaneswar on 21 September 2019; Participated as Subject Expert for selection of Professor and Assistant Professor, Dept of Hospital Administration, AIIMS, Rishikesh and Mangalagiri, and Super-Specialty Cancer Hospital (SSCH), Lucknow. Expert Member of Committee for development of Bhopal Memorial Hospital & Research Center (BMHRC) by Dept of Health Research, GoI; Member of Building Committee of National Brain Research Institute, providing oversight for development of Auditorium, Academic Block and Laboratories; Also contributed as Expert Member of Academic Audit Committee of IIHMR University, for improvement of academics as mandated by UGC; Member of Committee for rationalization of recruitment rules for posts at upcoming CAPFIMS under the aegis of Ministry of Home Affairs, Govt. of India; Contributed as Editorial Committee member of JAHA and IJRFHHA, and Reviewer for National Medical Journal of India.

**Dr Shakti Kumar Gupta** was an expert member for the development of the Standard Operating Procedure for the prevention of Corona Virus Disease (COVID-19) for homes, organized by Department of Hospital Administration, AIIMS, New Delhi; Program Director for Master Class on “Essentials of Continual Quality Improvement (CQI)” organized by Research Foundation of Hospital & Healthcare Administration (RFHHA) held on 9 February 2020 at IIC, New Delhi; Program Director for 17th Healthcare Executive Management Development Programme (HxMDP) from 1 to 7 March 2020 at Pride Sun Village Resort, Goa, India organized by Department of Hospital Administration, AIIMS, New Delhi; Elected Executive member of Board of Directors of the International Association of Applied Management and Executive Vice President of the Association and Chair of the Healthcare Administration track for International Association for Applied Management Conference held in London, England, 2019; External expert member for the interview for Superspecialty Direct quota posts of Medical faculty in Chandigarh, India on 22 September 2019; Visited Bhutan as member of the expert committee for establishing 350 bedded Multidisciplinary Superspecialty hospital at Thimpu, Bhutan from 7 to 9 August 2019. The report has been submitted to MoHFW, GOI and Joint Secretary (North), Ministry of External Affairs, GOI on 12 September 2019. Appointed as External examiner for MD (Medical Administration) Examination by University of Colombo, Sri Lanka for which exams were held from 29 July to 5 August 2019 at Colombo, Sri Lanka; Appointed External Expert Member for the selection of Professor in School of Health System Studies at Tata Institute of Social Sciences, Mumbai on 28 August 2019; Attended Board Meeting along with Quality Conclave on Ayushman Bharat and its implementation from 8 to 10 August 2019 organized by Consumer Online Foundation at Banaras Hindu University, Varanasi; Attended the CME meeting on Cornea, Cataract, Refractive Surgery & Hospital Administration held at Biratnagar, Nepal on 27 July 2019; Expert Member for faculty selection in the subject of Hospital Administration at KGMU, Lucknow on 24 July 2019; Member of Expert Committee for finalization of Master plan for AIIMS, Jammu and AIIMS, Awantipora, Srinagar on 18-19 July 2019; External Expert Member of the panel discussion for the “Challenges in Hospital Administration and Way Ahead” organized by Steel Authority of India, Management Training Institute, Ranchi, Jharkhand for Learning from Each

Other Workshop on Hospital Administration – Systems and Practice, held from 16 July to 18 July 2019; Expert member to chair the scientific session at the 26th Annual Conference of the International Association for Applied Management at Holiday Inn, London, England on 12 July 2019; External examiner to conduct 2<sup>nd</sup> year practical examination for Masters in Hospital Administration held on 28 June 2019 at SGPGMIS, Lucknow; Expert member to finalize the Master plan for the establishment of AIIMS, Kashmir on 7 June 2019 at AIIMS, Rishikesh; Attended the meeting to finalize the Master plan for AIIMS, Kashmir, Jammu and Awantipora; Member of the National Executive Committee of Haemovigilance Programme of India constituted by National Institute of Biologicals, Ministry of Health & Family Welfare, Government of India; Delivered keynote address at the CME on Cornea, Cataract, Refractive Surgery & Hospital Administration at Biratnagar, Nepal.

**Dr DK Sharma** visited Nizam’s Institute of Medical Sciences, Hyderabad to act as an External Examiner to conduct Final Examination of MD (Hospital Administration); Visited Soura Srinagar (J&K) as an External Examiner for conducting the practical part of MD Hospital Administration Annual Examination (Batch-2016) for Sher-i-Kashmir Institute of Medical Sciences (Deemed University); Visited AIIMS Jodhpur to attend the Standing Selection Committee Meeting as an External Expert for selection of Faculty of Deptt. of Hosp. Admn., Visited Jaipur on behalf of MCI to inspection of assigned Medical College in either Gujarat, Dadra and Nagar Haveli, Daman and Diu, Maharashtra, Rajasthan for a critical time bound assessment of starting of new course U/s. 10(A) of the IMC Act, 1956 for MD – Hospital Administration Course; Visited Puducherry on behalf of MCI to inspection of assigned Medical College in either Gujarat, Dadra and Nagar Haveli, Daman and Diu, Maharashtra, Rajasthan for a critical time bound assessment of starting of new course U/s. 10(A) of the IMC Act, 1956 for MD – Hospital Administration Course; Attended the selection committee meeting as an Expert for Faculty Selection (Hospital Administration) at Superspecialty Cancer Institute & Hospital (SSCI&H), Lucknow; Visited Darbhanga as a part of Central Team constituted by MoHFW, GoI for setting up second AIIMS in the state of Bihar; Attended the Apical Selection Committee meeting as an Expert for the selection of Faculty (Hospital Administration) at Sher-i-Kashmir Institute of Medical Sciences (SKIMS), Jammu; Attended the selection committee meeting as a Subject Expert for selection of Faculties in the Deptt. of Hosp. Admn., AIIMS, Bhubaneswar; Visited IGNOU, New Delhi as a Member of Expert Committee Meeting for Revision of PGDHHM Programme of SOHS; Attended meeting of the committee constituted by MoHFW to finalise the master plan for establishing new AIIMS in Kashmir to be held in the office of Director AIIMS Rishikesh; Visited ESIC Medical College at Alwar, Rajasthan – Proposed plan for site visit and request for required coordination and providing a detailed report about existing infrastructure & facilities.

**Professor IB Singh** was appointed Internal Examiner for the Board of Examiners for the MD in Hospital Administration Final Examination and Evaluator for Dissertations for PG degree examination in Hospital Administration (MD) in Medical Colleges under Dr. NTR University of Health Sciences, AP; Appointed Chairman of the Board of Examiners for MD Hospital Administration examination at The Nizam Institute of Medical Sciences, Hyderabad; Appointed External Expert for recruitment of Faculty position (Hospital Administration) at AIIMS, Bhopal; Appointed external examiner for the Final Examination for the Master in Hospital Administration Course of Post Graduate Institute of Medical Education and Research, Chandigarh; Nominated as expert committee member and participated (i) 32<sup>nd</sup> Meeting of Technical Evaluation Committee (TEC) for evaluation of Detailed Project Reports Under Phase III of Centrally sponsored Scheme for ‘Establishment of New Medical Colleges attached with existing District/Referral Hospitals’- in GDHS, Nirman Bhawan and (ii) 33<sup>rd</sup> Meeting of Technical Evaluation Committee (TEC) for up-gradation of existing Medical colleges to increase MBBS seats in the country and strengthening and up-gradation of State Government Medical Colleges for starting New PG disciplines and increasing PG seats; Chaired the Scientific session: papers presented by Faculties, Professionals and students, from various institutions—open session in SASH-2020-National Conference on ‘Safe and Sustainable Hospitals’.

**Dr Nirupam Madaan** was a member of the Editorial Board, International Journal of Research Foundation of Hospital & Healthcare Administration (IJRFHHA). She was also nominated as a member of Health Informatics, MHD-17, from AIIMS, New Delhi.

**Dr Anoop Daga** was an Associate Editor, Journal of Academy of Hospital Administration (JAHA) and a member of the Editorial Board, International Journal of Research Foundation of Hospital & Healthcare Administration (IJRFHHA). He is also member of the Technical Textile Committee (incl. Medical & Surgical Textile), Bureau of India Standards (BIS). Member, Service Sector Division Council, BIS. He is also the Project in-charge of the **Mother & Child Block** (425 Beds) project. He was also the organizing Secretary for the “**National conference on Safe & Sustainable Hospitals**” (SASH 2020).

**Dr Amit Lathwal** was a resource faculty at NIHF in the training course on “District Preparedness for Public Health Emergencies Management” for District Health Officers, and at AHA for NQAS Certificate course and training course on nursing service administration & quality management. He visited Japan in August 2019 as part of Human resource development exchange programme for trauma care for studying the Japanese trauma care system.

**Dr Mahesh R** was a member of the Committee to examine the pros and cons of Central Legislation against the assault on Doctors on duty and Clinical Establishments. He is the Member Secretary, Fire Audit Team. He is also the Chairman of the sub-committee for assessment of cases for eligibility for Compassionate appointment at AIIMS, New Delhi. He is a Technical Expert, Medical Value Travel as part of Champion Service Sector Scheme, MOHFW, FICCI & SEPC Dept. of Finance Services. He chaired a Session in International Conference on Operations Research and Decision Sciences (ICORDS-2019) at IIM, Vishakapatnam. He continues to Contribute as Principal Member of Medical Equipment & Hospital Planning Division Council (MHDC), Bureau of Indian Standards.

**Dr Angel Rajan Singh** was the moderator for Project Management in Healthcare in times of Digital Disruption - The Intersection of Strategy, People, Technology and Process. “SASH 2020: Connecting The Dots...for Better Management of Hospitals” organized by Department of Hospital Administration, AIIMS, New Delhi.

**Dr Jitender Sodhi** was contributed as a reviewer for the manuscript “Patient awareness of costs of treatment at a Govt-Sponsored hospital” for Indian Journal of Pediatrics; Contributed as a Member Secretary in an inquiry committee in the institute; Contributed as convener of the registration committee of the department’s conference: **National conference on Safe & Sustainable Hospitals (SASH 2020)** held at AIIMS, New Delhi.

**Dr Abdul Hakim** was a member of the Committee of Working Group-5 ‘Strengthening of Public Hospitals through AB PM-JAY’.

**Dr Sheetal Singh** attended the Conclave & Refresher Course on 5th edition of NABH Hospital Standards as an NABH Assessor held on 15 February 2020 in New Delhi.

## 9.18. Laboratory Medicine

### Professor and Head

M Irshad (up to 30 June 2019) Renu Saxena (1 July 2019 till 31 December 2019)  
Subrata Sinha (from 1 January 2020)

### Professor

Sarman Singh (on deputation)

### Associate Professors

Sudip Kumar Datta

Shyam Prakash

### Assistant Professors

Suneeta Meena (from 17 October 2019)

Tushar Sehgal (from 4 November 2019)

Priyam Batra  
(Contract)

Shiba Ansari  
(Contract, from 19 October 2019)

Aparna Ningombam  
(Contract, from 25 November 2019)

### HIGHLIGHTS

The Department successfully developed an integrated automated robotic laboratory designated as SMART Lab in the New RAK OPD block. This lab is equipped with state-of-the-art automated analyzers, which are integrated with a pre-analytical system to minimize the human interface and a post-analytical archival system for systematic sample storage and retrieval.

Platelet Function Analyzer (Helena Platelet Aggregometer) has been successfully installed, in the Hematology section of the department for platelet function studies.

The Department has started Clinical Pathology and Molecular diagnostic services. The department has also started diagnostic services for the following parameters: HbA1c by HPLC, serum Chromogranin, Vitamin A/E and vitamin D.

The Central Collection Facility extended the blood collection timings from 7.45 AM to 11.30 AM followed by collection of post-prandial samples up to 1.30 PM. The 2nd shift extends from 1:30 PM to 3 PM. Since February 2020, sample collection facility in the New OPD block has been started.

Phlebotomy Training programs for Lab Technologists working in various laboratories in AIIMS, New Delhi, have been started.

The Journal of Laboratory Physicians, an open access journal of which Prof Sarman Singh is the Editor and Prof Arulselvi S, Prof Purva Mathur and Dr Sudip Kr Datta are Associate Editors, has been indexed in PubMed and is being currently published by Thieme Publishers.

### EDUCATION

The Department is running a 3-year MD (Laboratory Medicine) course and a thriving PhD program. There are regular teaching sessions including seminars, journal club presentations, monthly case presentations, interactive slide morphology sessions through multi-header microscope, interactive reporting sessions with discussions on Quality Control and EQAS program with regular internal assessment.

**Interdepartmental collaboration:** The Department has restarted the Integrated Seminars with Dept. of Pathology. Besides, the department facilitates teaching and training of MD Residents from Pathology, Biochemistry and Pediatrics departments through structured programs.

Departmental faculty are also involved in taking lectures for MBBS, Nursing students, and M. Biotechnology students.

### CMEs/Workshops/Symposia/Conferences Organized

Workshop on "Diagnostic Techniques in Parasitology" was organized on 7 June 2019, by the Clinical Microbiology Section in collaboration with Indian Association of Medical Microbiologists - Delhi Chapter.

### Lectures delivered

**Sudip Kumar Datta: 9**

**Shyam Prakash: 5**

**Suneeta Meena: 1**

### Sudip Kumar Datta

1. Vitamin D receptors (VDR) polymorphism: Importance in diagnostics, Advanced molecular techniques in Medical Diagnostics, 22 and 23 April 2019, Department of Biochemistry, GIMS, Greater Noida, UP
2. Role of renal transplantation on clearance of accumulated organochlorine pesticides in chronic kidney disease patients (CKD-5D): Prospective study. 23rd IFCC-EFLM European Congress of Clinical Chemistry & Laboratory

Medicine National congress of the Spanish Society of Lab. Medicine, 19-23 May 2019, Barcelona, Spain

3. Vitamin D receptor (VDR) polymorphisms: Role in personalized medicine., Symposia on Molecular Diagnostic and Therapeutics, 21 and 22 June 2019, College of Medicine & JNMH, Kalyani, India
4. Ethics in Laboratory Medicine, National Medical Laboratory Professional Week, 18-20 July 2019, AIIMS, New Delhi
5. Preanalytical errors in the era of automation, Haematocon 2019, 7 November 2019, Delhi
6. Ethics in Laboratory Medicine, International Conference on Bioethics in Health Sciences, 8-10 November 2019, SRM Medical College & Research Center, Chennai
7. Vit-D receptor polymorphisms & its implications on diagnostics, therapeutics and toxicology, Association of Medical Biochemists of India (AMBICON 2019), 13-15 December 2019, Ludhiana
8. Association of Organochlorine Pesticides with CKD & Its Implications, 5th Annual Academic Sessions 2020 of College of Chemical Pathologists of Sri Lanka, 14 and 15 February 2020, Colombo, Sri Lanka
9. PCR & RFLP: Role of the Laboratory, 5th Annual Academic Sessions 2020 of College of Chemical Pathologists of Sri Lanka, 14 and 15 February 2020, Colombo, Sri Lanka

### **Shyam Prakash**

1. An Insight of Health Scenario of Free Radicals Intoxication in Lifestyle Diseases, **International Industrial and Environmental Toxicology Congress**, 26-29 October 2019, Antalya, Turkey
2. Role of Prokineticins, growth differentiation factor-15 and nitric oxide expressions in metabolic syndrome and NAFLD, International Conference on Diabetes and Endocrinology, 26 and 27 November 2019, Jakarta, Indonesia
3. Molecular coordination of prokineticins and hepatic zinc transporter signatures in non-alcoholic fatty liver disease 9th Annual International Conference of IABSCON 2020, 27-29 February 2020, Department of Biochemistry, DY Patil Medical College, Kolhapur
4. Chemokines in liver diseases: New insight in iron trafficking proteins and Prokineticins in metabolic syndrome and non-alcoholic fatty liver disease (NAFLD), 15th Asia Pacific Federation of Clinical Chemistry and Laboratory Medicine Congress, 17-20 November 2019, Jaipur, Rajasthan
5. Prokineticins in Liver Diseases- New Insights of Iron Trafficking Proteins and Dysregulation of Nitric Oxide Behavior in Patients with Non-alcoholic Fatty Liver Disease, American Society for Cell Biology (ASCB), 7-11 December 2019, Washington DC, USA

### **Suneeta Meena**

1. Clinico-microbiological aspects and outcome of fungal keratitis at a tertiary care hospital in Uttarakhand, 13th National Conference of Society of Indian Human and Animal Mycologists, 13 February 2020, Jodhpur, Rajasthan

### **Oral papers/posters presented**

1. Abrol A, Gupta S, Singhal S, Balooni V, Ahmed S, Batra P, et al. Seroprevalence of TORCH Infections in symptomatic children under 5 years in tertiary care center like AIIMS, 2018-2019, IAMM-DC 1st Chapter Meet, 20 July 2019, New Delhi
2. Acharya S, Kumar K, Sarkar A, Ningombam A, Brijwal M, Choudhary A, et al. Dengue and high fluorescence lymphocyte count percentage in blood: A fascinating association (oral paper), 60th Annual Conference of Indian Society of Hematology & Blood Transfusion (ISHBT), 8 November 2019, New Delhi
3. Acharya S, Ningombam A, Batra P, Saxena R. A suspected case of Plasmodium vivax and Plasmodium falciparum mixed infection: Diagnostic perplexity due to sample transport delay, 11th Annual Conference of Indian Association of Medical Microbiologists Delhi Chapter, 2 November 2019, New Delhi
4. Acharya S, Ningombam A, Sarkar A, Antony VM, Kumar K. A case report: Acute myeloid leukemia with maxillo-orbito-temporal myeloid sarcoma in a child, 1st Annual meeting Hematology Cancer Consortium, 16 August 2019, Kochi, India
5. Datta SK, 15th Asia-Pacific Ethics in Laboratory Medicine: Indian scenario, Asia Pacific Federation for Clinical Biochemistry and Laboratory Medicine Congress (APFCB), 17-20 November 2019, Jaipur, India
6. Datta SK, Jinger P. Serial nutritional assessment of Breast milk in mothers of very preterm (<32 weeks) Neonates, Asia-Pacific Federation for Clinical Biochemistry and Laboratory Medicine Congress (APFCB), 17-20 November 2019, Jaipur, India
7. Gupta S, Kumar A, Kumar R, Pushpan P, Batra P, Behavior of uropathogens towards commonly used antibiotics in samples from outdoor patients: A tertiary care center experience, IAMM-DC 1st Chapter Meet, 20 July 2019, New Delhi

8. Gupta S, Vijayeta V, Batra P, Sofosbuvir a directly-acting antiviral drug failing response to treatment in patients with Chronic hepatitis C infection, 11th Annual IAMM-DC Conference, 31 October–2 November 2019, New Delhi
9. Komarraju VS, Gorai B, De Mattos LC, Prakash S. Novel function –spacer-lipid (FSL) trypanosomam Cruzi constructs as sensitive and specific FSL Kodecytes assay, 15th Asia-Pacific Federation of Clinical Chemistry and Laboratory Medicine Congress, 17-20 November 2019, Jaipur, India
10. Kumar A, Datta SK, Himani, Thakkar H, Mahajan S, Singh A. Role of renal transplantation on clearance of accumulated organochlorine pesticides in chronic kidney disease patients (CKD-5D): Prospective study. 23rd IFCC-EFLM European Congress of Clinical Chemistry & Laboratory Medicine National Congress of the Spanish Society of Lab. Medicine, 19-23 May 2019, Barcelona, Spain
11. Kumar A, Gupta S, Iqbal A, Pushpan P, Kumar R, Batra P et al. Susceptibility pattern of oral antimicrobials in uncomplicated UTI: Does Fosfomycin still stand effective? FEMS 2019, 8th Congress of European microbiologists, 7-11 July 2019, Glasgow, Scotland
12. Kumar K, Ningombam A, Acharya S, Sarkar A, Antony VM, Tiwari R, Peripheral erythrophagocytosis in a case of autoimmune haemolytic anaemia, 60th Annual Conference of Indian Society of Hematology & Blood Transfusion (ISHBT), 10 November 2019, New Delhi
13. Ningombam A, Sarkar A, Acharya S, Antony V, Tiwari R, Saxena R. Scatterplot patterns of acute myeloid leukemia with cup shaped blast in sysmex XN-series analyser, 60th Annual conference of Indian Society of Hematology & Blood Transfusion (ISHBT), 9 November 2019, New Delhi
14. Prakash S, Kumar K, Saraya A, Shalimar. Role of platelets in patients with Acute on Chronic failure (ACLF), 15th Asia-Pacific Federation of Clinical Chemistry and Laboratory Medicine Congress, 17-20 November 2019, Jaipur, India
15. Prakash S, Priyatma, Shalimar, Selvi SA, Vikram NK. Chemokines in liver diseases: New insight in iron trafficking proteins and prokineticin in metabolic syndrome and non- alcoholic fatty liver disease, 15th Asia-Pacific Federation of Clinical Chemistry and Laboratory Medicine Congress, 17-20 November 2019, Jaipur, India
16. Prakash S, Tiwari U, Priyatma, Ahuja V. Monitoring of thiopurine metabolite levels based on biochemical and haematological indices in inflammatory bowel disease (IBD), 15th Asia Pacific Federation of Clinical Chemistry and Laboratory Medicine Congress, 17-20 November 2019, Jaipur, India
17. Priyatma, Makharia GK, Ranjit KS, Prakash S. Does Chromogranin A an indicative biomarker of Gastric cancer? 15th Asia-Pacific Federation of Clinical Chemistry and Laboratory Medicine Congress, 17-20 November 2019, Jaipur, India
18. Ranjan R, Ningombam A, Senapati J, Sarkar A, Singh U, Arulselvi S. A curious case of leukopenia: Not always a disease, 60th Annual conference of Indian Society of Hematology & Blood Transfusion (ISHBT), 10 November 2019, New Delhi
19. Sarkar A, Ningombam A, Acharya S. Scatter plots from sysmex XN- series analyser as tool for screening acute promyelocytic leukaemia, 60th Annual conference of Indian Society of Hematology & Blood Transfusion (ISHBT), 9 November 2019, New Delhi
20. Saroj M, Priyatma, Vikram NK, Prakash S. Correlation of the steady state biomarker indices for glycosylated haemoglobin, lipids and anthropometry in diabetes and metabolic Syndrome, 15th Asia-Pacific Federation of Clinical Chemistry and Laboratory Medicine Congress, 17-20 November 2019, Jaipur, India
21. Singh U, Acharya S, Ningombam A, Sarkar A, Ranjan R, Saxena R. Bilirubin crystals in the neutrophils of patient with sepsis, 60th Annual conference of Indian Society of Hematology & Blood Transfusion (ISHBT), 10 November 2019, New Delhi
22. Tiwari R, Ningombam A, Antony VM, Utility of haematology analyser in identification of microclots and apoptotic bodies, 60th Annual conference of Indian Society of Hematology & Blood Transfusion (ISHBT), 10 November 2019, New Delhi

## RESEARCH

### Funded projects

#### *Ongoing*

1. Genotypic characterization of Autosomal Dominant Polycystic Kidney disease (ADPKD) in Indian population: a pilot study, Sudip Kumar Datta, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
2. Development of Opto-electronic sensor for point-of-care diagnostics of micro-albumin in urine sample, Sudip Kumar Datta, AIIMS – IIT Delhi Collaborative Research Project, 2 years, 2019-21, Rs 10 lakhs

3. Molecular expression and interaction between growth differentiation factor-15 and iron trafficking proteins in Nonalcoholic fatty liver disease, Shyam Prakash, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
4. Rapid diagnostic evaluation of micro PCR for hepatitis B virus DNA (HBV DNA) and HCV RNA quantitation, Shyam Prakash, BigTec Bangalore, 4 years, 2016-2020, Rs 30 lakhs
5. Clinical validation of two versions of salivary glucose and urea analyzers for developing of rapid non-invasive prototypes, Shyam Prakash, AIIMS-IIT Delhi collaborative research Funds, 2 years, 2019-2021, Rs 10 lakhs
6. Molecular expression and interaction between growth differentiation factor-15 and nitric oxide regulatory genes in diabetes and metabolic syndrome, Shyam Prakash, ICMR (SRF fellowship), 3 years, 2018-2021, Rs 13.7 lakhs
7. CAP-53194, a novel predictive tumor inhibitor of Polo Like Kinase-1, Shyam Prakash, DST (for WOS-A), 3 years, 2019-2022, Rs 14.73 lakhs
8. Development and validation of standalone meter for non-invasive salivary glucose quantification, Shyam Prakash, BIRAC, 2020-2021, Rs 7.91 lakhs

## **Departmental projects**

### ***Ongoing***

1. To study qualitative and quantitative abnormalities in hematological parameters in COVID-19 patients
2. A study on carbapenem and colistin resistance in urine isolates in a tertiary care center
3. Abnormality of platelet functions and effect of ammonia levels in Acute liver failure and acute on chronic liver failure.
4. Assessment of Fok 1 polymorphism of vitamin D receptor gene (VDR), Vitamin D and parathyroid hormone levels in stage 4-5 chronic kidney disease patients
5. CAP-53194, a novel predictive tumor inhibitor of polo-like kinase-1
6. Development of a multiplex real time PCR (qPCR) for simultaneous detection of Hepatitis viruses (A-G) in serum
7. Dysregulation of asymmetric dimethyl arginine and molecular expression of tight junctions (claudins) & programmed cell death ligand-1 in gastric cancer
8. Evaluation of Cathepsin B in peripheral blood of Isolated Traumatic Brain Injury patients and its correlation
9. Evaluation of myelin loss and oligodendrocyte pathology in severe traumatic brain injury
10. Free radical markers: SOD, FRAP, MDA, Nutritional markers: Soluble transferrin, HsCRP, Hepacidin, Folic acid in obesity and metabolic syndrome
11. Molecular expression and interaction between growth differentiation factor-15 (GDF-15), and nitric oxide regulatory genes in Diabetes & Metabolic syndrome
12. Molecular expression and interaction between growth differentiation factor-15 (GDF-15), iron trafficking proteins, micronutrient antioxidants in diabetes and metabolic syndrome
13. Molecular expression of GDF-15, prokineticins, NOS 2, NOS 3, PDL-1 gene, ZIP-8, ZIP-14, Claudins in nafld and metabolic syndrome
14. Molecular interaction of reactive oxygen species in mitochondrial dysfunction and Nrf-2 gene expressions in polycystic ovary syndrome (PCOS).
15. Monitoring of thiopurine drug metabolites and hematological indices in inflammatory bowel disease: An assessment of efficacy & outcome
16. Randomized controlled trial to compare the impact of exercise and nutritional interventions on changes in skeletal muscle mass and function in obese patients with sarcopenia
17. Study of mild traumatic brain injury induced novel circulating brain protein SNTF as a rapid diagnostic and prognostic biomarker for brain dysfunction
18. Study of molecular and peripheral blood biomarkers and their utility to diagnose mild and moderate TBI induced cognitive impairment
19. To establish in house method of the micro PCR for HIV quantification and compare with HIV Real time PCR
20. Translational application of novel clinically accessible biological predictors to improved identification of mild and moderate Traumatic Brain Injury (TBI) induced neuro psychological impairment.
- 21.

### ***Completed***

1. Cloning expression and purification of the novel recombinant protein from Toxoplasma gondii and its evaluation for the diagnosis of human toxoplasmosis
2. Flowcytometric Assessment of CD4+T and CD8+T cell subset populations in active pulmonary tuberculosis with

and without type 2 diabetes mellitus

3. To study suitability of citrated plasma stored in a conventional refrigerator over a 2-day period for use as internal quality control material
4. To study stability of citrated plasma stored in a conventional refrigerator over 36 hours for use as Internal Quality Control in resource finite settings.

### **Collaborative projects**

#### ***Ongoing***

1. Urine albumin creatinine ratio as a marker for predicting acute kidney injury and patient outcome in critically ill sepsis patients—A prospective observational study, Anesthesiology, Pain & Critical Care
2. Evaluation of HE4 level in epithelial ovarian cancer for diagnosis & monitoring of therapy, Laboratory Oncology
3. Application of Integrated Care Tool- BRIEF (ICT-BRIEF) in detection of Intrinsic Capacity and Geriatric Syndromes of older Indians, Geriatric Medicine
4. To evaluate the role of commercially available kit-based loop mediated isothermal amplification (TB LAMP Assay) in diagnosis of extra pulmonary TB, Medicine
5. Role of CSF Lactate and chloride in identifying the etiology of meningitis, Medicine
6. Prevalence of parasitic infections in patients with eosinophilia in a partially care hospitals in north India, Medicine, Microbiology
7. Utility of serum ferritin in Dengue fever, Medicine, Microbiology
8. Validation of an empiric tool to predict neurological outcomes in critically ill children- A prospective observational study, Pediatrics
9. The prevalence and risk factors of cystic fibrosis related diabetes in children with cystic fibrosis: cross-sectional study, Pediatrics
10. Role of Serum Matrix Metalloproteinase 7 Levels in Diagnosis and Prognostication of Infants with Extra-Hepatic Biliary Atresia, Pediatric Surgery
11. Expression of Immune checkpoints (CTLA-4, PD-1, PD-L1), cytokines and T-reg cells in Lupus Nephritis, Nephrology
12. Comparative evaluation of endocrine disrupter chemicals (organochlorine, organophosphate, Biphenyl A, Phthalate) in polycystic ovary syndrome, type-2 diabetes mellitus and healthy reproductive age Indian women, and their correlation with dietary habits (vegetarian Vs non-vegetarian) and genetic variability, Multi-centric project
13. Role of T- Regulatory cells (T-regs) in obesity and their clinical correlation in obesity associated inflammation in type 2 diabetic and chronic kidney disease (CKD), Nephrology
14. Evaluation of prevalence, regional phenotypic variation, co morbidities, risk factors and the variations in response to different therapeutic modalities among Indian women with polycystic ovary syndrome (PCOS): A Multicenter study across India, Multi-centric project
15. To examine myelination and changes in oligodendrocytes in white matter pathology post severe traumatic brain injury (sTBI) among humans, Forensic Pathology and Molecular DNA, JPNATC
16. Randomized Controlled trial to compare the impact of exercise and nutritional interventions on changes in skeletal muscle mass and function in obese patients with sarcopenia, Medicine
17. Comparison of dried blood spots and plasma samples for the quantification of amino acid using HPLC method among inborn error of metabolism patients, Genetics, Pediatrics
18. Effect of parental presence on stress biomarkers, melatonin level and anxiety scores during induction of anesthesia in children undergoing ophthalmic procedures. A randomized controlled trial, RP Centre (Anaesthesia)

#### ***Completed***

1. Macronutrient composition of very preterm (<32wk) breast milk –A prospective observational study, Paediatrics
2. Effect of low dose Rasburicase in management of tumor lysis syndrome, Hematology
3. Role of spot urine sodium in furosemide stress test in volume overloaded critically ill patients with acute kidney injury, Anaesthesia and Critical Care
4. Psychosocial stress and lipid profile as predictors of adverse pregnancy outcomes, Obstetrics and Gynaecology

### **PUBLICATIONS**

**Journals: 19**

**Abstracts: 15**

## PATIENT CARE

### CENTRALIZED BLOOD COLLECTION FACILITY:

Phlebotomy procedure done at CCF for Clinical Chemistry (1,58,000), Hematology (1,10,000), ESR (40,000), Coagulation profile (9500), Clin Path & Molecular Lab (5930), Clin Microbiology (6500), Human Nutrition (210), Endocrinology (50), Blood Bank (4100). Under the clinical Pathology and Molecular Immunology the tests done for routine services such as HbA1c (4645) and Serum Chromogranin (290)

### EMERGENCY LABORATORY SERVICES (Round the clock)

Hematology Services	No. of tests
Complete Hemogram without DLC	105954
Peripheral smear Examination	10800
<b>Coagulation Services</b>	
Prothrombin time and INR	103516
APTT	60200
<b>CSF and Body Fluids</b>	
Urine ketones/sugar	1457
Blood culture /CSF plating	9430
Body fluids including CSF microscopy for TLC, DLC	12714
<b>Sub Total</b>	<b>3,04,071</b>

#### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Dr Sudip Kumar Datta** is Corresponding Member from India for International Federation of Clinical Chemistry (IFCC) Task Force on Ethics (2018-till date); Secretary, American Association of Clinical Chemistry (AACC)- India Section (2018-till date); Executive member, Association of Medical Biochemists of INDIA (AMBI), Delhi chapter (2019-till date); awarded Six-Sigma green belt from Indian statistical institute, New Delhi on successful completion of training and project; reviewer of several Journals: Renal Failure, Toxicology Research, Int J of Diabetes in Developing Countries, Ind J of Clinical Biochemistry, Ind J of Biochemistry and Biophysics, Molecular Cell Biology, Practical Laboratory Medicine.

**Dr Shyam Prakash**, Associate Editor of Manipal J of Medical Sciences; Member of project review Committee of the SERC division of DST; Member of project review Committee of the Nutrition Division of ICMR; Reviewer of research paper in Journal of Indian J of Clinical Biochemistry; Reviewer of research paper in Journal of Clinical Nutrition ESPEN; Reviewer of research paper in Journal of Diabetes and Metabolic Syndrome: Clinical Research & Reviews; Reviewer of Molecular Biology Reports.

Ved Prakash Meena

## HIGHLIGHTS

The Department of Medicine is a vibrant department providing holistic patient care services, innovating in medical education, and conducting translational and clinical research. The department has a strong presence in the fields of infectious diseases, metabolic disorders, chest medicine and sleep disorders and a large number of medical problems requiring multi-disciplinary care. The patient-care services at the Infectious diseases, Travel Health and Adult Immunization Clinic were augmented to keep up with increasing demands. Existing facilities were strengthened, and new investigations were introduced at the point-of-care test laboratory, which functions round-the-clock and helps in taking important decisions in the management of critically ill patients. The department received re-designation as a WHO Collaborating Centre for Training and Research in Tuberculosis. The department faculty and residents are at the forefront of contributing in various national level activities like the response to COVID-19, guideline formulation in various infectious diseases like tuberculosis, HIV, dengue, chikungunya, influenza and COVID-19. This year we also started using the digital platform and launched an antibiotic application, which is the highest downloaded free antibiotic application on android platforms, worldwide. A YouTube channel that was created has also been widely appreciated. We hosted world-renowned specialists of Internal Medicine who interacted with our students, thus, helping them develop an international perspective.

## EDUCATION

The department runs comprehensive undergraduate and postgraduate teaching program which includes integrated lectures, seminars, journal club and bedside clinical case discussions. Currently, 58 MD students, 39 DM Infectious Diseases and 15 Senior Residents are being trained in the department. We are striving to improve the clinical training of undergraduates and postgraduates with better alignment between the expected outcomes, learning opportunities and assessments. There is increasing focus on regular formative assessment and feedback to students.

## CMEs/Workshops/Symposia/National and International Conferences Organized by the department/departmental faculty

- Public Lecture and panel discussion on Dengue Fever on occasion of National Dengue Day on 16 May 2019 in New Delhi
- Meeting of National Technical working group on TB-Comorbidities, 21 May 2019, New Delhi
- Symposium on “Mechanical Ventilation” on 30 May 2019 in New Delhi
- Symposium on “Quality Improvement” held on 4 June 2019 in New Delhi
- Symposium on “GI Tuberculosis” on 12 June 2019 in New Delhi
- Symposium on “Stroke” held on 4 July 2019 in New Delhi
- Symposium on “Myocardial Infarction” held on 11 July 2019 in New Delhi
- Symposium on “Autoimmune Neurology” held on 20 July 2019 in New Delhi
- Symposium on “Lymph Node TB” on 10 August 2019 in New Delhi

- ‘Expert Group meeting for Extra-Pulmonary TB Training Module Development’ from 11 to 13 September 2019 in New Delhi
- Workshop on “Antibiotic Stewardship Program” on 18 September 2019 in New Delhi
- AIIMS Medicine National Medical Quiz on 20 October 2019 in New Delhi
- ‘Expert Group meeting for Extra-Pulmonary TB Training Module Development’ from 21 to 23 October 2019 in New Delhi
- Symposium on “Lung Transplantation” on 28 November 2019 in New Delhi
- Symposium on “Insulin Therapy” held on 21 December 2019 in New Delhi

#### **Lectures delivered**

**Naveet Wig: 1**

**Naval K Vikram: 3**

**Arvind Kumar: 3**

**Prayas Sethi: 1**

**Ashutosh Biswas: 2**

**Manish Soneja: 4**

**Animesh Ray: 6**

**Sanjeev Sinha: 3**

**Neeraj Nischal: 1**

**Upendra Baitha: 1**

#### **Naveet Wig**

1. Implementation of AMS program: Practical issues & our experience AIIMS AMS Workshop, 18 September 2019, New Delhi

#### **Ashutosh Biswas**

1. Clinical management of dengue National Dengue Day, organized by Dept. of Medicine & NVBDCP, MoH & FW Govt., 16 May 2019, New Delhi
2. Nipah Virus Infection WHO South-East Asia Region, 15-16 October 2019, New Delhi

#### **Sanjeev Sinha**

1. Travel medicine AIIMS Jodhpur and Knowledge Forum, 22 September 2019, Jodhpur
2. Hazards of passive smoking, Campaign for tobacco free India, 15 October 2019, New Delhi
3. COPD, NAPCON, 12 November 2019, Kochi

#### **Naval K Vikram**

1. ‘Hypoglycemia-Definition to prevention’ 4th Annual Scientific Program, Bengal Diabetes Conference (BDCON 2019), 7 April 2019, Durgapur
2. Dietary strategies to increase lean mass. Ahuja Bajaj Symposium-V, 22 September 2019, New Delhi
3. NAFLD and Cardiometabolic Risk. 30th Annual Conference of Association of Physicians of India (Rajasthan Chapter) RAJAPICON 2019, 11-12 October 2019, Jaisalmer

#### **Manish Soneja**

1. Antibiotic policy and AIIMS antimicrobial application AIIMS AMS Workshop, 18 September 2019, New Delhi
2. Institutional AMSP, AIIMS perspective ASPICON 2019, 12 November 2019, Bhopal
3. Antibiotic Policy InDEA 2019, 17 November 2019, Bengaluru
4. Making Antibiotic Policy for a Tertiary Care Hospital APICON 2020, 6 January 2020, Agra

#### **Neeraj Nischal**

1. Hospital antibiotic policy: Applying guidelines to general practice Certificate Course in Healthcare quality; Public Health Foundation of India, 24 May 2019, Delhi

#### **Arvind Kumar**

1. Travel medicine AIIMS Jodhpur and Knowledge Forum, 8 September 2019, Jodhpur
2. Hazards of passive smoking Campaign for tobacco free India, 1 October 2019, New Delhi
3. DMARDS and latent TB ultrasonography in bedside clinical medicine, APICON 2020, 7 January 2020, Agra

#### **Animesh Ray**

1. Is pre-operative screening for OSA necessary for patients undergoing bariatric surgery? SLEEPCON 2019, 2 April 2019, New Delhi

2. Pulmonary renal syndrome – Diagnostic approach, SJH PCS: A case-based discussion, 14-15 September 2019, New Delhi
3. Semi-quantitative assessment of cardiac function Lung ultrasound in shock and fluid resuscitation, “Falls Protocol BIPCON 2019 pulmonary conference organized by Indira Gandhi Institute of Medical Sciences, 19-20 October 2019, Patna
4. Pulmonary function test, APICON 2020, 6 January 2020, Agra
5. Nebulised amphotericin B vs oral itraconazole in pulmonary aspergilloma: A parallel group RCT 7th International Workshop on Lung health 2020, 16-18 January 2020, Prague, Czech
6. Sleep Study and NIV. 23rd AGM and International Scientific Conference ‘RESPICON-2020’, 25-26 February 2020, Dhaka, Bangladesh

#### **Upendra Baitha**

1. CPR in special situation EMINDIA 2019, 3 August 2019, New Delhi

#### **Prayas Sethi**

1. PG Case discussion: Cardiovascular system MAMC Medicine update, 29 February 2020, New Delhi

#### **Oral papers/posters presented**

1. Soneja M, Bhatt M, Farooqui FA, Vikram NK, Biswas A, Roy A, et al. Myocarditis in Dengue: A Prospective Observational Study, XI National Conference of Association of Cough specialists, 12 April 2019, Washington, USA
2. Sinha S. Effect of mobile phone on sleep American Thoracic Society 2019, 17-22 May 2019, Dallas, USA
3. Vikram NK, Khatiwada S, Mohta S, Ranjan P, Madhusudhan KS, Lakshmy R, et al. Development of Predictive Equations for Ectopic Fat Deposits in Asian Indians. The Obesity Week 2019, 3-7 November 2019, Las Vegas, USA

## **RESEARCH**

### ***Ongoing***

1. Initiating antimicrobial stewardship activities in hospitals in India. Naveet Wig, ICMR, 1 year, 2019-20, Rs 10 lakhs
2. Functional analysis of human CD8 T-cell, Naveet Wig, DBT, 3 years, 2019-22, Rs 25.18 lakhs
3. National Guidelines for the management Opportunistic infections in HIV patients, Naveet Wig, NACO, 3 years, 2019-20, Rs 54 lakhs
4. New Bio-therapeutic Approaches to the Treatment of Tuberculosis, Sanjeev Sinha, Dept. of Pharmaceuticals, Govt. of India, 4 years, 2015-19, Rs 45 lakhs
5. Prevention of Relapse in Category I Treated Pulmonary Tuberculosis Patients with & Without Vitamin D3 Supplementation: A Randomized Double Blind Control Clinical Trial, Sanjeev Sinha, DHR, ICMR, 5 years, 2015-20, Rs 40 lakhs
6. Mechanism of rapid propagation of dengue virus during infection, NK Vikram, DBT, 3 years, 2018-21, Rs 20 lakhs
7. A randomized controlled trial of 6 months yogic exercise vs regular physical activity on body composition, multiple metabolic measures in North India individuals with non-alcoholic fatty liver disease and obesity. NK Vikram, DST, 3 years, 2019-21, Rs 96.39 lakhs
8. Randomized controlled trial to compare the impact of exercise and nutritional interventions on muscle functional improvement and changes in skeletal mass in obese patients with sarcopenia. NK Vikram, ICMR, 3 years, 2019-21, Rs 83.01 lakhs
9. Role of biomarkers and its utility in algorithm for early diagnosis of invasive fungal infections. Manish Soneja, AIIMS, 2 years, 2018-20, Rs 10 lakhs
10. Open labelled RCT of IV fluid therapy in Dengue fever with warning signs. Manish Soneja, ICMR, 3 years, 2019-22, Rs 57 lakhs
11. A study to evaluate the safety and efficacy of saroglitazar 4 mg versus placebo in the treatment of HIV associated lipodystrophy, Neeraj Nischal, Zydus Cadila, 3 years, 2016-19, Rs 30 lakhs
12. To evaluate the role of Kit-based Loop Mediated Isothermal Amplification (TB-LAMP) in the diagnosis of Extra-pulmonary Tuberculosis. Neeraj Nischal, AIIMS, 1 year, 2018-19, Rs 3 lakhs
13. Paradoxical reaction in lymph node tuberculosis among non-HIV subjects – Clinical implications and Outcome. Pankaj Jorwal, RNTCP, 1 year, 2019-20, Rs 1.9 lakhs

14. To study the effect of Vitamin C and Thiamine in patients with sepsis in Indian Population: Single blind, Randomized controlled trial. Arvind Kumar, ICMR, 3 years, 2019-22, Rs 50 lakhs
15. Clinical and cytokine profile of acute febrile illness patients with multi-organ dysfunction presenting with and without shock: a prospective observational study, Ranveer Singh Jadon, AIIMS, 1 year, 2019-20, Rs 2 lakhs
16. A study comparing nebulised amphotericin b with oral itraconazole for treatment of chronic cavitary pulmonary aspergillosis patients. Animesh Ray, AIIMS, 2 years, 2018-20, Rs 4.6 lakhs
17. Effect of probiotics on gut microbiome and clinical course in patients with critical care illnesses—A pilot study. Animesh Ray, ICMR, 2 years, 2019-21, Rs 35.33 lakhs
18. A study on the effects of simulation on resident doctors and nurse's knowledge and skills about basic & advanced life support. Upendra Baitha, AIIMS, 2 years, 2019-21, Rs 5 lakhs

### **Completed**

1. Consumption pattern of food and food products/items high in fat, salt and sugar among selected cities/towns and rural population of India, NK Vikram, ICMR, 15 months, 2018-19, Rs 62.59 lakhs
2. Seroprevalence of Dengue Infection, Ashutosh Biswas, NVBDCP, MoHFW, 3 years, 2016-19, Rs 30 lakhs
3. Study of leptospira & scrub typhus in patients admitted with acute undifferentiated febrile illnesses. Ranveer Singh Jadon, AIIMS, 2 years, 2017-19, Rs 4.25 lakhs
4. To study the effect of mobile phones on well-being, sleep and cognitive function, Sanjeev Sinha, DST, 4 years, 2015-19, Rs 78 lakhs
5. Effect of electromagnetic radiations due to mobile phone use on sleep and neurocognitive functions: A molecular approach, Manish Soneja, DST, 4 years, 2015-19, Rs 65 lakhs
6. The pattern of invasive fungal infections in high risk patients in medical ICU at AIIMS, New Delhi, Pankaj Jorwal, AIIMS, 2 years, 2016-18, Rs 5 lakhs

### **Departmental projects**

#### **Ongoing**

1. A prospective observational study on clinical profile and outcome of patients to standard care of chronic pulmonary aspergillosis attending tertiary hospital
2. A prospective observational study to determine cause of death in adults using minimally invasive tissue sampling
3. A study to compare the clinico-radiological and pulmonary function test profile of post tubercular and smoking related COPD patients
4. Active surveillance and targeted intervention in an ICU and HIC practices and its impact on ventilator associated pneumonia
5. Anti-tubercular therapy induced liver injury in patients with type 2 diabetes mellitus: prospective cohort study
6. Assessment of body composition and metabolic profile of young health care providers
7. Assessment of sarcopenia in HIV population
8. Burden of cardiometabolic disorders in PLHIV on second line ART
9. Characteristics and clinical outcomes of patients with spinal tuberculosis presenting to a tertiary care hospital in India
10. Clinical and etiological profile of patients with eosinophilia
11. Clinical and serological characterization of autoimmune hemolytic anemia
12. Clinical and Socio-demographic Correlates of the Patients presenting with Medically Unexplained Physical Symptoms in Medicine Outpatient Clinic
13. Clinical, radiological and functional correlation in treated pulmonary tuberculosis sequele patients
14. Clinico-etiological profile and outcome of patient of fever of unknown origin at a tertiary care center
15. Clinico-microbiological profile and outcome of patients with uro-sepsis –A prospective study in a tertiary care hospital in north India
16. Evaluating adherence to and outcome of evidence based practices in the care of the mechanically ventilated patient: A quasi-interventional study
17. Evaluation of commonly used bedside clinical Early warning scores in patients with suspected sepsis for prediction of outcome
18. Evaluation of TB LAMP assay in diagnosis of tubercular meningitis
19. Factors affecting treatment outcome in Advanced HIV disease

20. Impact of Active Continuous Surveillance in an Intensive Care Unit on Ventilator Associated Pneumonia and Association of Exogenous flora with Ventilator Associated Pneumonia
21. Incidence of respiratory syncytial virus infection in adults in the first year following hematopoietic stem cell transplant
22. Incidence, outcome and predictors of paradoxical reaction in HIV negative lymph node tuberculosis
23. Invasive Fungal Infections and role of Biomarkers and molecular approaches in early diagnosis
24. Outcome predictors in secondary HLH
25. Paradoxical reactions in HIV negative EPTB Patients—incidence, outcome and predictive factors
26. Prevalence of immunologic failure among adult HIV/AIDS patients on Anti-Retroviral Therapy (ART)
27. Psychiatric morbidities in TB-HIV Co-infection
28. Role of FDG PET in patients of spinal TB
29. Role of Impulse oscillometry in evaluation and follow-up of newly diagnosed cases of Interstitial lung diseases
30. Role of PD1 on T cells and PDL1 on monocytes in mortality associated with hospital acquired infections in septic patients
31. Role of serum ca-125 level in diagnosis and monitoring of treatment response in pulmonary and extra-pulmonary tuberculosis
32. Secondary Hemophagocytic Lymphohistiocytosis (HLH) in patients with sepsis
33. Spectrum of systemic fungal infections in medical wards at AIIMS
34. Sterile pyuria in patients admitted to medical wards: Incidence of Chlamydia trachomatis, Ureaplasma urealyticum, Mycoplasma hominis and Mycoplasma genitalium
35. Study of brain volume and cognitive assessment in patients with NAFLD
36. Synthesis, quality control and biodistribution studies of <sup>99m</sup>Tc labelled antibiotics for infection imaging
37. To evaluate the role of ‘Kit-based commercial Loop-Mediated Isothermal Amplification (TB-LAMP)’ assay in the diagnosis of Tubercular Lymphadenitis
38. Utility of PET Scan in HIV encephalopathy

### **Completed**

1. Analysis of clinical and environmental fungal isolates in medical ward and Intensive care unit—A tool for hospital infection surveillance
2. Association of lean mass, muscle strength and physical performance with diabetes and metabolic parameters
3. Burden of Dengue Among Adult Population in DELHI/NCR AIIMS, New Delhi
4. Clinical, etiological and laboratory profile of patients with pericardial effusion
5. Comparison between Obese and Non-obese Individuals with Non-alcoholic Fatty Liver Disease
6. Diagnostic utility of Bronchoalveolar lavage and Computerised tomography in diagnosis of recurrence among treated sputum scarce and sputum negative pulmonary tuberculosis suspects
7. Effectiveness of Isoniazid Preventive Therapy for tuberculosis among retro positive individuals
8. Impact of surveillance and preventive interventions on device associated infections in Medical ICU
9. Knowledge attitude practice among Medicine Health care workers of AIIMS, New Delhi
10. Quality improvement of invasive procedures in Medicine wards
11. Role of serum procalcitonin levels in the management of sepsis
12. Spectrum of systemic fungal infection in medicine ward at AIIMS, New Delhi
13. To Evaluate the incidence and Risk Factors of Mortality in Dengue Infection

### **Collaborative projects**

#### **Ongoing**

1. Effect and safety of semaglutide 2.4 mg once-weekly in subjects with overweight or obesity and type 2 diabetes, Endocrinology and Metabolism
2. A Randomized Placebo Controlled Prospective Phase II Clinical Study of an Ayurvedic Coded Drug ‘AYUSH-D’ on Glycemic control in Pre-Diabetic Subjects, Endocrinology and Metabolism
3. A Randomized Placebo Controlled Prospective Phase II Clinical Study of an Ayurvedic Coded Drug ‘AYUSH-D’ on Glycaemic control in T2DM with metformin as add on therapy Subjects, Endocrinology and Metabolism

4. A randomized double-blind placebo controlled parallel group multicentered study to evaluate the effect of EFPEGLENATIDE on cardiovascular outcomes in T2DM patients at high cardiovascular risk, Endocrinology and Metabolism
5. A randomized 24-week controlled open label parallel arm multicentered study comparing the efficacy and safety of the insulin glargine/lixisenatide fixed ratio combination to insulin glargine in T2DM patients, inadequately controlled on basal insulin with or without metformin, Endocrinology and Metabolism
6. A 26-week randomized open label parallel group comparison of SAR 341402 mix 70/30 to NovoMix® 30 in adult patients with diabetes mellitus using pre-mix insulin analogs, Endocrinology and Metabolism
7. A randomized double-blind placebo control parallel group multicentered study to demonstrate the effects of Sotagliflozin on cardiovascular risk and renal events in patients with T2DM cardiovascular risk factor and moderately impaired renal function, Endocrinology and Metabolism

## PATIENT CARE

Medicine OPD is a direct non-referral clinic running 6 days in a week. The Department runs speciality clinics including Infectious Diseases, Travel Health and Adult Immunization Clinic (Monday 2 PM), Sleep Disorders Clinic (Monday 2 PM), Obesity and Metabolic Disorders Clinic (Wednesday 2 PM) and Chest Clinic (Friday 2 PM). The Department also runs ART centre under national programs. Point-of-care test lab in CII ward provides investigations for critically ill patients including arterial blood gas analysis, biomarkers for sepsis, cardiac biomarkers, etc. The Department has a Pulmonary Function Tests lab wherein, there is no waiting period and the investigations are done and reports given on the same day. Bronchoscopy lab is situated in DII ward and equipped with state-of-the-art Endobronchial Ultrasound system. Sleep lab located in CII ward is equipped with polysomnography machines, ambulatory blood pressure monitoring system, and equipment for non-invasive assessment of endothelial dysfunction. The Department of Medicine provides diagnostic facilities for tuberculosis to patients coming to the AIIMS hospital as well as those referred from five zones of Delhi (Chest Clinics) under the RNTCP (Revised National Tuberculosis Control Programme). The Department has state-of-the-art biosafety level 3 (BSL-3) lab. Following is the data of patients in various clinics and laboratory investigations run by the department:

### OPD & Clinics

**Medical OPD:** Total cases **157590**

**Infectious Diseases, Travel Health and Adult Immunization Clinic:** Total Cases **3809**

**Sleep Clinic:** Total Cases **767**

**Chest Clinic:** Total cases **5151**

**Obesity and Metabolic Disorders Clinic:** Total cases **1405**

**Antiretroviral (ART) Centre:** Pre-ART **870** ART visits **61360**

### Laboratories:

#### **Sleep lab:**

Sleep studies	<b>330</b>	Ambulatory monitoring of blood pressure	<b>12</b>
Endothelial dysfunction studies	<b>10</b>		

#### **PFT Lab:**

Pulmonary Function Test	<b>6688</b>	6 Minute walk test	<b>398</b>
FOT	<b>446</b>		

#### **Bronchoscopy lab:**

Fibre-optic bronchoscopy	<b>424</b>	EBUS	<b>62</b>
Tracheostomy	<b>9</b>		

#### **Biochemistry Lab:**

ACE tests	<b>508</b>

#### **Intermediate Reference Laboratory (IRL) services (number of samples):**

Sputum smear:	<b>12,000</b>	Solid culture:	<b>600</b>
Liquid culture:	<b>18,739</b>	Solid Drug Susceptibility test:	<b>92</b>
Liquid DST (1st line):	<b>205</b>	Liquid DST (2nd line):	<b>559</b>
Line Probe Assay (1st line LPA):	<b>5,448</b>	Line Probe Assay (2nd LPA):	<b>848</b>
Gene/Xpert:	<b>12,407</b>		

**Point-of-care Lab**

Procalcitonin:	5115	Trop I:	2654
Pro BNP:	2600		
Arterial blood gas analysis:	26,672		
Blood Culture (From 27.10.19)	1350		

**AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor Naveet Wig** was member of National Task Force on COVID-19, Clinical Research Group (ICMR) on COVID-19, Nodal Officer, WHO Collaborating Centre for Training and Research in Tuberculosis; Chairman, National Technical Working Group on TB – comorbidities; Chairman Expert Committee, DHR – ICMR for funded workshop on clinical training and translational research; Co-chair, Standing Treatment Guidelines (Medicine), ICMR; Member, Governing Body of All India Institute of Ayurveda; Member of Scientific Body of Indian Pharmacopoeia Commission; Member of ICMR Technical Resource Group on HIV/AIDS and member of HIV/AIDS Project Review Committee (PRC) of ICMR.

**Professor Ashutosh Biswas** was nominated as Expert for Training of Rapid Response Teams on Public Health Preparedness and Response to Ebola Virus Disease at Delhi, Kolkata, Pune, Bengaluru; WHO Expert Consultant on “Nipah Virus Infection” in WHO South-East Asia Region, Expert member for a 2nd Central Team to Ernakulam to assist Govt. of Kerala for Control and containment of Nipah Virus disease and UPSC Expert for Personality Test (PT) Board for the Combined Medical Services Examination.

**Professor Sanjeev Sinha** was member of Association of Physician of India, Indiaclen, National Academy of Medical Sciences (MNAMS), Indian Chest Society, Indian Thyroid Society, American Thoracic Society, International AIDS Society, National Academy of Sciences India (NASI). He was also member of Medical Board Antarctica Expedition, Govt. of India, Goa, Scientific Committee, NACO, Ministry of Health & FW, Govt. of India, Health wellness programme, Ministry of Tourism, Govt. of India, FDC, DCGI, India. Membership of Editorial boards of indexed international journals/Review committees of National bodies and Institutions: Member of Editorial board of “Cases Journal”, Review Committee of Journal of Physical Education and Sport Management. Published from South Africa, Review Committee of Journal IJMR and Review Committee of Journal of Current HIV Research, Review Committee of projects funded by DHR, ICMR, Government of India, Fellowship of National Academy of Sciences India (NASI) and National Academy of Sciences India (NASI). He is also Member Secretary of AIIMS Ethics Committee of PGR.

**Professor NK Vikram** was awarded Fellowship of Indian College of Physicians in January 2020.

**Dr Manish Soneja** was awarded Fellowship of Indian College of Physicians in January 2020. He was Chairman Sub-Committee of Management of Influenza Guidelines, NCDC; Member Expert Group of National Guidelines on Dengue and Influenza, Member Expert Group of ICMR Antibiotic Policy, and Sub-Committee of Standing National Committee on Medicines (SNCM) on Hygiene and other health care products.

**VISITING SCIENTIST**

1. Dr Sanjeet Singh Dadwal, Clinical Professor, Division of Infectious Diseases, City of Hope National Medical Centre, California, USA (28 May 2019).

### HIGHLIGHTS

The department has always been dedicated towards patient care, teaching, research and CME programmes. It has been actively involved in teaching undergraduate and postgraduate students enrolled in MBBS, MD, PhD and BSc (Nursing) courses. The DM (Infectious Diseases) course (3- and 6-year programmes) have continued with the Department of Medicine.

The Department of Microbiology, which is an essential component of health care services, contributed significantly towards patient care. During this year it carried out a total of **2,51,925 diagnostic tests** and also played a prime role in Hospital infection control. The department played a major role in the institute's response in the management of COVID-19 related issues such as testing of samples received from patients (confirmed/suspect/contacts), training of all categories of staff at AIIMS (including various centers) in relation to the infection control practices, developing several protocols to meet the challenges posed by this pandemic and monitoring and ensuring the implementation of the infection control protocols.

It was a really proud achievement for us that we became the first Department at AIIMS, New Delhi to become **NABL accredited**. This again highlights the expertise, dedication and sincere hard work of our entire Microbiology team. This also is a reflection of best practices and quality protocols being rigorously followed in the department to ensure reliable and timely reporting for effective patient management. The external inspection committee for Kaya Kalp made several visits to laboratories and other areas of the Department and were extremely satisfied with the level of cleanliness and Bio-Medical waste management standards being followed.

The Department made a significant contribution in terms of research with **57 publications** in indexed national and international journals. Several funded research projects were started or continued during the period, many of which were in collaboration with other departments or institutes. Many award winning oral and poster presentations were made at national and international conferences.

**National Accreditation Board for  
Testing and Calibration Laboratories**  
(A Constituent Board of Quality Council of India)

**CERTIFICATE OF ACCREDITATION**

**DEPARTMENT OF MICROBIOLOGY, ALL INDIA  
INSTITUTE OF MEDICAL SCIENCES (AIIMS)**

has been assessed and accredited in accordance with the standard

**ISO 15189:2012**

**"Medical laboratories - Requirements for quality and  
competence"**

DEPT. OF MICROBIOLOGY, SECOND FLOOR, TEACHING BLOCK, NEW DELHI, DELHI, INDIA

in the field of

**Medical Testing**

Certificate Number: MC-3267

Issue Date: 15/11/2019

Valid Until: 14/11/2021

This certificate remains valid for the Scope of Accreditation as specified in the annexure subject to continued satisfactory compliance to the above standard & the relevant requirements of NABL.  
(To see the scope of accreditation of this laboratory, you may also visit NABL website [www.nabl-india.org](http://www.nabl-india.org))

Signed for and on behalf of NABL

N. Venkateswaran  
Chief Executive Officer

## EDUCATION

### Undergraduate Teaching

MBBS for Medical Microbiology BSc (Nursing) – Medical Microbiology

### Postgraduate Teaching

#### *PhD (Microbiology)*

Lecture: Once/week

Journal Club: Once/week

#### *MD (Microbiology)*

Lecture/Seminar: Once/week

Journal Club: Once/week

Tutorial: Twice/month

Practical Exercise presentation: Twice/month

Laboratory postings in different sections of the department

#### *DM (Infectious Diseases)*

Seminar: Once/week

Laboratory postings in different sections of the department

### Short-Term Training

1. The 2nd Regional Advocacy Workshop Virus Research and Diagnostic Laboratory (VRDL) Network, 5 November 2019 at AIIMS, Delhi

2. Workshop/training Organized for State Reference Laboratory ( SRLs)
3. EQAS panel distribution Workshop and training on NACO PRAYOGSHALA Online tool for laboratory data reporting to NACO, 20th January 2020. (Participants: Three State Reference Laboratories participated i.e PGIMER, Chandigarh; Govt Medical College, Patiala; Govt Medical College, Amritsar and staff of HIV Laboratory, AIIMS.)
4. Sysmex CD4 Cyflow counter (CD4 testing machine by flowcytometry) training for HIV laboratory staff in September 2019.

Department provided short-term training to 25 candidates from various parts of the country.

#### **CMEs/Workshops/Symposia/National and International Conferences**

##### **Lectures delivered**

**Rama Chaudhry: 8**

**BR Mirdha: 1**

**Seema Sood: 1**

**Gagandeep Singh: 7**

**Arti Kapil: 9**

**Immaculata Xess: 1**

**Lalit Dar: 1**

**Benu Dhawan: 1**

**Aashish Choudhary: 1**

**Nishant Verma: 2**

##### **Rama Chaudhry**

1. National plan to detect, prevent & control antimicrobial resistance, 2nd National workshop on antimicrobial resistance practices and monitoring for patient care, 4 April 2019, Puducherry
2. Critical analysis of Immunofluorescence assay (IFA) and molecular diagnostic tests for confirmation of Scrub typhus International health research convention 2019 – Stakeholders meeting on Scrub typhus, 20 July 2019, Puducherry
3. Gut Phageome as a biomarker of health and disease National workshop on clinical and translational research on bacteriophages as promising antimicrobial alternative and for therapeutics, prophylaxis and food safety, 29-31 July 2019, Hisar
4. Clinical spectrum and Lab diagnosis of Mycoplasma “Human Mycoplasma Infections: An update” Pre-conference workshop, 11 September 2019, Nepal
5. Time to take Bartonellosis seriously in India, 9th International Conference on Bartonella as Emerging Pathogens 18-20 September 2019, Paris, France
6. Current scenario of Atypical Pneumonia in India with special reference to Mycoplasma pneumonia, XIth National Symposium of Indian Association of Mycoplasmologists and International Conference on Human, Animal and Plant Mycoplasmas, 3-4 December 2019, Pune
7. Emerging bacterial diseases: Time to explore, Workshop on Anaerobic Culture Techniques, 26 February 2020, Bhopal
8. One health: Strategy to combat Antimicrobial resistance, 5th International Conference on environmental pollution and health management EPHM 28-29 February 2020, Bhopal

##### **Arti Kapil**

1. “SUPERBUGS: The End of Antibiotics” National Science Center exhibition on “The threat of Anti-Microbial Resistance and Possible Solutions”, 5 October 2019, New Delhi
2. Current scenario of AMR in Typhoid AMR Seminar at ICMR-NICED, Kolkata, 16-17 September 2019, Kolkata
3. Oration on “Hospital Infection Control and AMR”, The XVI-HISICON-2019, 13-15 September 2019, Kolkata
4. CME on “Early diagnosis and ASP”, The XVI-HISICON-2019, 13-15 September 2019, Kolkata
5. “Disinfection in hospital”, The XVI-HISICON-2019, 13-15 September 2019, Kolkata
6. Laboratories and AMR Surveillance Strategic Action Plan to Combat Antimicrobial Resistance in Delhi (SAP-CARD) by NCDC, Delhi, 26-27 August 2019, New Delhi
7. Antibigram need, construction and interpretation AMSP Workshop, AIIMS, 9 August 2019, New Delhi
8. Biosafety in Laboratory CME on “National Medical Laboratory Professionals Week 2019”, 17-18 July 2019, New Delhi
9. Diagnostic consideration in congenital and perinatal bacterial infections, Indian Association of Medical Microbiologists, Delhi Chapter, 6 April 2019, New Delhi

##### **Lalit Dar**

1. Viral diagnostics as a tool for antimicrobial stewardship, Annual Conference of the Indian Association of Medical Microbiologists (Delhi Chapter) CME, 1 November 2019, New Delhi

**BR Mirdha**

1. MTI scheme and clinical training of Microbiology, MTI scheme and clinical training of Microbiology, 12 December 2019, New Delhi

**Immaculata Xess**

1. Chronic Pulmonary Aspergillosis, SIHAM, 13-15 February 2020, Jodhpur

**Benu Dhawan**

1. Genital Mycoplasmas and co-infections among men who have sex with men: emerging patterns and new challenges, XIth National Symposium of Indian Association of Mycoplasmologists International Conference on Human, Animal and Plant Mycoplasmas, NCMR, 2-4 December 2019, Pune

**Seema Sood**

1. Prevention of Infections Among Health Personnel and Laboratory Staff, Indian Society for Assisted Reproduction (ISAR) Unique Master class on Infection & ART, 15 September 2019, New Delhi

**Sarita Mohapatra**

1. Controlling Hospital Acquired Infection: Focus on the role of environment Infection central and prevention strategies on peri-operative Neuro nursing, 25 June 19, New Delhi
2. Role of Infection control in Infection prevention, Infection prevention and control In Quality care and patient safety 25 June 2019, New Delhi
3. Gram-negative bacterial resistance with special reference to carbapenem, IAMM-Odisha Chapter, 29 September 2019, Odisha
4. Infection of the CNS (Panel discussion), Neuroanaesthesia and neurocritical care Update 20 October 2019, New Delhi
5. Clinical & Molecular Microbiology, Brainstorming meeting to identify and prioritize research questions and methodology for projects under the proposed multi-site, multi-disciplinary neonatal sepsis study consortium 30 October to 1 November 2019, New Delhi
6. Enigmatic Obstetric Challenges Simplified, CME on Tackling Obstetric Dilemmas, 16 November 2019, New Delhi
7. Best Practices in HIC, Nursicon 2019, 10 & 11 December 2019, New Delhi

**Aashish Choudhary**

1. Needlestick injury and blood-borne viruses (HBV, HCV and HIV) prevention protocols, Workshop on Good Clinical Laboratory Practices (GCLP) for VRDL network Laboratories, ICMR/DHR, 10 January 2020, New Delhi

**Gagandeep Singh**

2. Surveillance of device associated infections-Practical aspects CME on 'Hospital Infection control Practices challenges and solutions', 23 July 2019, Greater Noida
3. Therapeutic Drug Monitoring CME: Fungal infections: Recent Perspectives, 31 August 2019, New Delhi
4. Prevention of Healthcare associated infections CME: Healthcare Safety, 27 September 2019, New Delhi
5. Safety in Laboratories CME for technologists, 7 November 2019, New Delhi
6. Challenges in dermatophytosis in India SIHAM, 13 to 15 February 2020, Jodhpur
7. Sterilization and disinfection Residents Induction training and Nurses training programme on infection control Regular intervals, New Delhi
8. Standard precautions Residents Induction training and Nurses training programme on infection control Regular intervals, New Delhi

**Hitender Gautam**

1. Antibiotic Policy & swab Culture, State Level LaQshya mentoring Workshop. UNICEF & Government of Patna, Bihar. 13 June 2019, Patna
2. Practice of BMWM at Health Facilities, State Level LaQshya mentoring, Workshop. UNICEF & Government of Patna, Bihar, 13 June 2019, Patna
3. Prevention of HAI State Level LaQshya mentoring, Workshop, UNICEF & Government of Patna, Bihar, 14 June 2019, Patna
4. Disinfection & Sterilization of Labour Room/OT, State Level LaQshya mentoring Workshop. UNICEF &

Government of Patna, Bihar, 14 June 2019, Patna

5. Infection Control Practices for Technicians, Capacity building initiative for Hospital ECG and Electrophysiology Technical Staff, 17 September 2019, New Delhi
6. Panel Expert: Personalization in Febrile Neutropenia Onco-Emergency Summit, Conducted by Department of Medical Oncology, Dr. BRAIRCH, AIIMS, New Delhi, 9 November 2019, New Delhi
7. Panel Expert: Pulmonary complications in acute leukemia Onco-Emergency Summit, Conducted by Department of Medical Oncology, Dr BRAIRCH, AIIMS, New Delhi, 9 November 2019, New Delhi
8. Infection Control, Standard Precautions and General practices for Electrophysiology Technicians Electrophysiology Technicians Hospital Infection Control and Prevention Training Program, 4 December 2019, New Delhi

#### **Nishant Verma**

1. Microsporidiosis in India, RAJTROPACON 2019 (3rd Rajasthan chapter of IATP conference), 5-6 April 2019, Jodhpur
2. Interesting clinical cases in parasitology, TROPACON 2019, 6-8 September 2019, Manipal

## RESEARCH

### Funded projects

#### Ongoing

1. Seroepidemiological study of Rickettsia and Scrub typhus among patients with acute febrile illness and molecular detection by Real time PCR. Rama Chaudhry, DBT, 3 years, 2019, Rs 2269.8 lakhs
2. A detail study to understand the non-putrefying property of river Ganga in both water and sediment, Rama Chaudhry, Ministry of Water Resources, Govt of India. 2 years, 2017-19, Rs 68 lakhs
3. A study to assess the effect of a probiotic strains (Bacillus clausii) on gut microbiota and mucosal immunity in Inflammatory Bowel Disease (Ulcerative Colitis/Crohn's disease), Rama Chaudhry, Unique Biotech, 4 years, 2016-20, Rs 60 lakhs

4. Characterization of bacteriocins produced by *Lactobacillus* and assessment of Antimicrobial Profile, Rama Chaudhry, AIIMS, 2 years, 2017-19, Rs 10 lakhs
5. Community and hospital burden of antibiotic resistance in the Indian pediatric population; impact of probiotics and geography (Multicentric study), Rama Chaudhry, ICMR, 3 years, 2016-18, Rs 50 lakhs
6. Nodal Center for National surveillance of Antimicrobial resistance, 2018-2023, ICMR, New Delhi. Arti Kapil, ICMR, 5 years, 2018-23, Rs 60 lakhs for first year
7. National Surveillance System for Enteric Fever in India (NSSEFI)-Tier 3, Arti Kapil, ICMR, 1 year and 6 months, 2018-20, Rs 40 lakhs
8. Halophilic/haloalkaliphilic actinomycetes and bacteria and hypersaline habitat as potential source of antibacterial molecules for drug resistant microbes, Arti Kapil, IIT, Delhi, 2 years, 2018-19, Rs 10 lakhs
9. Regional Virus Research and Diagnostic Laboratory (RL-VRDL), Lalit Dar, DHR, 2019 onwards, Rs 500 lakhs approximately
10. National Viral Hepatitis Control Program Surveillance laboratory, Lalit Dar, MoHFW, 2019 onwards, Rs 95 lakhs approximately
11. NACO Regional Reference Laboratory for HIV viral load (VL) and early infant diagnosis (EID), Lalit Dar, National AIDS Control Organization (NACO), 2012 onwards, Rs 11 lakh per annum + reagent support
12. National Vector Borne Disease Control Programme Apex Laboratory for Dengue and Chikungunya, Lalit Dar, National Vector-borne Disease Control Programme (NVBDCP), 2012 onwards, Rs 3 lakhs per annum + reagent support
13. A multi-centric observational study to examine replicative fitness and pathogenic properties of the emerging new viral strains of HIV-1 in India, Bimal K Das, DBT, 1 year, 2018-19, Rs 21 lakhs
14. External Quality Assurance Scheme, Bimal K Das, National AIDS Control Organisation, 1 years, 2018-19, Rs 9.9 lakhs
15. CD4 Testing, Bimal K Das, National AIDS Control Organisation, 1 years, 2018-19, Rs 0.25 lakhs
16. Multicentric prospective hospital based sentinel surveillance to determine the etiology of acute bacterial in children with conventional and molecular methods, Bimal K Das, Central Research Laboratory, KIMS Medical College, Bangalore, 1 years, 2018-19, Rs 1.45 lakhs
17. Biomarker for bacteremia, anti-microbial resistance and hospital acquired infection by NMR and mass spectrometry among febrile neutropenic patients, Bimal K Das, BIRAC- DBT, 1 year, 2018-19, Rs 10.95 lakhs
18. Active surface modification strategies to inhibit biofilm formation and bacterial infections, Bimal K Das, IITD-AIIMS Multi-Institutional Faculty Interdisciplinary Research Project, 2 years, 2019-21, Rs 25 lakhs
19. Study of immunopathogenesis and disease dynamics of *Pneumocystis jirovecii* pneumonia (*Pneumocystis pneumonia*), BR Mirdha, SERB, DST, 3 years, 2018-21, Rs 44 lakhs
20. A study of the ecology, evolution and resistance mechanisms of *Candida auris*, Immaculata Xess, DST, 3 years, 2019-22, Rs 32.22 lakhs
21. Early detection of *Hemophilus ducreyi*, *Treponema pallidum*, Herpes Simplex Virus type 1 and 2 from patients with genital ulcer disease by Multiplex PCR in a tertiary care hospital, Benu Dhawan, ICMR, 3 years, 2017-20, Rs 37.63 lakhs
22. Effectiveness of bundled intervention in surgical site infections among patients undergoing clean orthopedic surgeries with hardware implants: A randomized controlled trial, Benu Dhawan, ICMR, 3 years, 2019-22, Rs 43.01 lakhs
23. Nano-enabled Biosensor for detection of *N. gonorrhoeae*, Seema Sood, DBT, 3 years, 2016-19, Rs 50 lakhs
24. Development of an aptamer based detection system for *N. gonorrhoeae*, Seema Sood, DHR, 3 years, 2016-19, Rs 46.5 lakhs
25. Studies on halophilic/haloalkaliphilic actinomycetes and bacteria from hyper saline habitat as potential source of antibacterial molecules for drug resistant microbes, Arti Kapil and Seema Sood, AIIMS-IIT Delhi Collaborative Research Grant, 2 years, 2019-21, Rs 10 lakhs
26. Crohn's Disease in India: A multicenter study from a country where intestinal tuberculosis as well as Johne's disease is endemic, Urvashi B Singh, DHR, 3 years, 2016-20, Rs 500 lakhs
27. Utility of Moxifloxacin as a treatment option in Pre-XDR-TB, Urvashi B Singh, Delhi State OR Task Force, RNTCP, 1 year, 2017-20, Rs 2 lakhs
28. Prognostic value of serum markers in Category II tuberculosis patients, Urvashi B Singh, Delhi State OR Task Force, RNTCP, 1 year, 2017-20, Rs 2 lakhs
29. Diagnosis of Pulmonary And Extra Pulmonary Tuberculosis Patients Using Differentially Expressed Proteins As

- Potential Biomarkers: An Approach Towards Development Of Point Of Care Test, Urvashi B Singh, ICMR, 3 years, 2018-21, Rs 60 lakhs
30. Rapid Molecular Drug Resistance Detection For MDR And XDR-TB And Molecular Typing Of Mycobacterium tuberculosis From Ziehl-Neelsen's Stained Microscopic Slides From Delhi State, Urvashi B Singh, ICMR, 3 years, 2018-21, Rs 60 lakhs
  31. Mapping hotspots of MDR-TB in Sikkim, Assam and Tripura using Genomics approaches , Urvashi B Singh, DBT-NER, 3 years, 2018-21, Rs 400 lakhs
  32. Early Bactericidal activity (EBA) of Rifampicin and Faropenem in Tuberculosis (Rifampicin Susceptible), Urvashi B Singh, ICMR, 2 years, 2019-21, Rs 70 lakhs
  33. Early Bactericidal activity (EBA) and Pk/Pd study of Rifampicin, Faropenem, Cefdinir with Clavulanate vs Standard of Care in Newly Diagnosed Smear Positive Rifampicin Susceptible TB, Urvashi B Singh, ICMR, 2 years, 2019-21, Rs 70 lakhs
  34. Design and Validation of point of Care Disposable Sensor Strip for Diagnosis of Tuberculosis from Urine samples, Urvashi B Singh, DBT, 3 years, 2018-21, Rs 60 lakhs
  35. Emerging drug resistance in community acquired urinary tract infection and molecular insights into dynamics of resistant traits in Indian isolates- A pan-India multi-centric cross-sectional study, Sarita Mohapatra, ICMR, 3 years, 2019-22, Rs 65 lakhs
  36. Efficacy of cold atmospheric plasma jet for its antimicrobial activity against drug resistant bacterial and fungal pathogen: An in-vitro and in-vivo study, Sarita Mohapatra, AIIMS-IIT, 2 years, 2019-21, Rs 20 lakhs
  37. Development of super hydrophobic catheters to inhibit bacterial and yeast growth, Sarita Mohapatra, AIIMS-IIT, 2 years, 2019-21, Rs 20 lakhs
  38. Active surface modification strategies to inhibit biofilm formation and bacterial infections, Sarita Mohapatra, AIIMS-IIT, 2 years, 2019-21, Rs 20 lakhs
  39. A multicentric, prospective, community-based cohort study to estimate the incidence of dengue infection in India (INDEN study), Aashish Choudhary, ICMR, 2 years, 2020-22, Rs 38 lakhs
  40. Human cytomegalovirus disease in pediatric hematological malignancies, Aashish Choudhary, AIIMS, 2 years, 2019-21, Rs 5 lakhs
  41. Comparison of conventional and molecular tests for the diagnosis of herpes zoster, Aashish Choudhary, AIIMS, 1 year, 2020-21, Rs 2 lakhs
  42. Correlation of circulating dengue types with primary and secondary dengue infection in children and adults, Aashish Choudhary, AIIMS, 1 year, 2020-21, Rs 2 lakhs
  43. Prevalence of Histoplasmosis in HIV positive patients, Gagandeep Singh, AIIMS, 2 years, 2017-19, Rs 6 lakhs
  44. Biomarkers for bacteremia, antimicrobial resistance and hospital acquired infections by NMR and Mass Spectrometry among febrile neutropenic patients, Hitender Gautam, BIRAC-DBT, 18 months, 2019-20, Rs 36.46 lakhs
  45. Study of cytokine profile and immune cells in acute and chronic meningitis, Hitender Gautam, AIIMS, 1 year, 2019-20, Rs 4.95 lakhs
  46. Magnitude of asymptomatic malaria infections in pregnant women in a community hospital, Nishant Verma, AIIMS, 1 year, 2018-19, Rs 4.98 lakhs
  47. A prospective study of viral infections in hematopoietic stem cell transplant recipients at a tertiary care hospital in India, Megha Brijwal, ICMR, 3 years, 2019-22, Rs 45 lakhs
  48. Detection and genotyping of BK polyomavirus in renal transplant recipients, Megha Brijwal, AIIMS, 2 years, 2018-20, Rs 9 lakhs

### ***Completed***

1. Defining ECOFF value for Azythromycin susceptibility in Salmonella enteric serovar Typhi and Paratyphi A, Arti Kapil, ICMR, 2 years, 2015-17, Rs 22 lakhs
2. Enhancing bio-risk mitigation awareness in public health community and creating lab. networks for surveillance and outbreaks of high-risk group viral pathogens causing VHF and respiratory infections, Lalit Dar, Centre for Disease Control (CDC), Atlanta (through NIV, Pune), 3 years, 2015-18, Rs 4.5 lakhs (per annum)
3. Invasive Fungal Infections: Epidemiology, Drug Resistance and Molecular characterization of the clinical and environmental isolates from the hospital, Immaculata Xess, ICMR, 3 years, 2017-20, Rs 52 lakhs
4. Validation of Novel Bio-signature for Diagnosis of Active Pulmonary Tuberculosis in Children, Urvashi B Singh, DBT, 3 years, 2018-21, Rs 38 lakhs
5. Validation of indigenously developed technologies for diagnosis of Pediatric Pulmonary tuberculosis: Multicentric, Urvashi B Singh, ICMR, 1 year, 2018-19, Rs 125 lakhs

6. Validation of indigenously developed technologies for diagnosis of Extra-Pulmonary tuberculosis: Multicentric, Urvashi B Singh, ICMR, 1 years, 2018-19, Rs 125 lakhs
7. To Study Current Practice in the Management of Bacterial Urinary tract infection In Patients at AIIMS, New Delhi with focus on current antibiotic usage and clinical outcome, Sarita Mohapatra, AIIMS, 1 year, 2018-19, Rs 1 lakhs
8. Clinical evaluation of viability assays for assessing treatment response in pulmonary tuberculosis, Kiran Bala, AIIMS, 1 year, 2018-19, Rs 4.94 lakhs
9. Investigation of Colistin sensitivity by different methods and rapid detection of Colistin resistance in Enterobacteriaceae, Hitender Gautam, AIIMS, 1 year, 2018-19, Rs 4.94 lakhs

## **Departmental projects**

### ***Ongoing***

1. Audit for antifungal treatment usage in adults with invasive fungal infections
2. Azithromycin for poorly controlled Asthma in Children: A randomized controlled trial
3. BK and JC polyomavirus detection in patients with allogenic hematopoietic stem cell transplant
4. Characterization of lactobacillus strains and assessment of their immunomodulatory effects
5. Clinico-Microbiological Profile and Outcome of Urosepsis – A Prospective Study in a Tertiary Care Hospital in North India
6. Comparison of conventional and molecular techniques for the diagnosis of herpes zoster (shingles)
7. Comparison of diagnostic accuracy of Real time PCR versus Nugent's scoring in Indian women with and without Bacterial Vaginosis (BV)
8. Determination of acute bacterial meningitis aetiology in children by multiplex PCR and virulence markers of *S. pneumoniae*
9. Etiological Agents in Ventilator Associated pneumonia with special emphasis on Atypical organisms
10. Identification and antimicrobial susceptibility pattern of hypervirulent *Klebsiella pneumoniae*
11. Identification and characterization of cryptic species of *Aspergillus* isolated from clinical samples
12. In vitro susceptibility of Eravacycline v/s Tigecycline in clinical isolates of XDR *Acinetobacter baumannii* and study of resistance mechanisms
13. Magnitude of Prosthetic Joint Infections and role of amplification based DNA analysis for identifying microbial profile of prosthetic joint infection in a tertiary care hospital
14. Metabolomic profile in childhood intra-thoracic tuberculosis
15. Microbiological follow up and genotypic investigation of close contacts of MDR-TB patients
16. Molecular detection and characterization of Rickettsiaceae among patients with acute febrile illness
17. Molecular detection and characterization of tick-borne Lyme Borreliosis, Human Monocytic Ehrlichiosis and Human Granulocytic Anaplasmosis
18. Molecular detection of *Legionella pneumophila* by real time PCR and characterization of isolates by sequence-based typing
19. Multiplex PCR assay for diagnosis of malaria and molecular detection of chloroquine resistance in *P. vivax*
20. Occurrence of *Chlamydia trachomatis*, *Ureaplasma urealyticum*, *Mycoplasma hominis* and *Mycoplasma genitalium* in patients with sterile pyuria
21. Prevalence of parasitic infections in patients with eosinophilia in a tertiary care hospital in North India
22. Role of aptamer technology in detection of Bacterial Vaginosis (BV) associated bacteria
23. Serum Homocysteine (HCY) as a Non-invasive diagnostic marker of spontaneous bacterial peritonitis
24. *Staphylococcus aureus* colonization in HIV infected patients: incidence, risk factors and subsequent skin and soft tissue infections
25. Stratified Antibiogram & role of educational intervention in empirical antibiotic choices & antibiotic choices
26. Study of bacterial infections in a cohort of patients clinically diagnosed of *Pneumocystis jirovecii* pneumonia (PjP)/*Pneumocystis pneumonia* (PCP) and its impact on outcome of the disease
27. Study of *Pneumocystis jirovecii* as an etiology of bronchiectasis and its effect on disease progression
28. Utility of 99m-Tc Ubiqicidin in differentiation of infective and non infective lesions

### ***Completed***

1. PCR for EBV DNA PCR in patients with suspected nasopharyngeal carcinoma

2. Real time PCR for diagnosis of invasive fungal infections
3. Screening for Candida Colonization, with Special Reference to Candida auris Among Patients Admitted In Medicine ICU
4. Prevalence of moulds and nocardial infections in patient admitted to pulmonary ward and ICU
5. Detection of *N. gonorrhoeae* in genital and extra genital sites in men who have sex with men (MSM)
6. Prevalence of intestinal colonization and blood-stream infection due to Carbapenem resistant Enterobacteriaceae in haematological malignancy patients
7. Role of HCMV reactivation in causing pneumonia in immunocompetent, mechanically-ventilated patients

## **Collaborative projects**

### ***Ongoing***

1. Effect of probiotic supplementation on cognition and motor symptom in patients with fluctuating Parkinson's disease, Physiology
2. Identification, antimicrobial susceptibility pattern and clinical correlation of the rare pathogens detected by MALDI-TOF MS in North India, Microbiology
3. AMR-Diag: A novel diagnostic tool for sequence-based prediction of antimicrobial resistance, Biophysics
4. CDC-AIIMS Cooperative Agreement projects on Influenza and other respiratory viruses, Centre for Disease Control (CDC), Atlanta (USA) and Centre for Community Medicine
5. Evaluation of various clinical and immunological parameters in predicting the outcome of sino-nasal and skull base invasive fungal diseases: A descriptive study, Otorhinolaryngology
6. A Prospective Observational study on Clinical profile and treatment outcome of patients with Chronic Pulmonary Aspergillosis attending tertiary care Hospital, Medicine
7. Invasive Fungal Infections and role of Biomarkers and molecular approaches in early diagnosis, Medicine
8. The effect of candida and antifungal therapy on pro-inflammatory cytokines in oralleukoplakia- A pilot study, Oral Medicine & Radiology
9. Candida auris: infection, colonization and risk of transmission in healthcare setting, Medicine
10. A Phase-IV, double blind, comparative, prospective, multicentric study to assess safety and efficacy of fixed dose combination of Clindamycin 100 mg & Clotrimazole 100 mg vs Clotrimazole 100 mg vaginal suppositories in patients with mixed vaginal infection, Obstetrics & Gynaecology
11. Analysis of the diagnostic/or predictive potential of metabolomics in BV, its treatment failure, relapse and susceptibilities to other STIs, Dermatology
12. Analysis of vaginal microbiome and metabolome in women affected with bacterial vaginosis before and after treatment and their correlation with relapse or recurrences, Dermatology
13. Exploration of alternate salivary diagnostic strategies for ovarian cancer, Biophysics
14. A phase IIB Open Label Randomized trial to evaluate the anti-bacterial activity, pharmacokinetics, safety and tolerability of metformin when given along with rifampicin, isoniazid, pyrazinamide and ethambutol in adults with newly diagnosed sputum positive pulmonary tuberculosis: an 8-week study, Pulmonary Medicine and Sleep Disorders
15. Phase III, Randomized, Double-blind, Placebo controlled Trial to Evaluate the Efficacy and Safety of VPM1002, Immunovac Vaccines in Preventing of Tuberculosis Disease in Healthy Household Contacts of Newly Diagnosed Sputum Positive Pulmonary TB (PTB) Patients, Pulmonary Medicine and Sleep Disorders
16. Role of Tuberculosis and genital Chlamydia trachomatis infection in women with "unexplained infertility", Obstetrics & Gynaecology
17. Effect of Glycemic status on initial presentation and treatment response in newly diagnosed sputum positive pulmonary tuberculosis patients: a prospective study, Community Medicine
18. Evaluation of Newer Molecular methods and antigen based diagnostic modalities against NTEP recommended methods in Early Diagnosis of Female Genital Tuberculosis, Obstetrics & Gynaecology
19. Clinical efficacy of using MALDI-TOF MS over Conventional processing in Blood Stream Infections patients combined with Prescription pattern monitoring: A pre-post quasi experimental study, Medicine
20. The clinicopathological evaluation of cholesteatoma aggressiveness, ENT
21. Efficacy of two different Chlorhexidine gluconate preparation for skin antiseptics in neonates: A noninferiority randomized trial, Paediatrics
22. Abdominal infections in immunocompromised hosts: A radiological, microbiological and clinical correlation, Hematology

23. NeoAMR Global Observational Study: A prospective cohort study of sepsis in hospitalised neonates, Paediatrics
24. Does the fetal immune response in case of neonatal early onset sepsis begin in utero? Paediatrics
25. Investigation of Colistin sensitivity by different methods and rapid detection of Colistin resistance in Enterobacteriaceae, Microbiology
26. To study the effect of Vitamin C and Thiamine in patients with sepsis in Indian Population: Single blind, Parallel Group, Randomized controlled trial, Medicine
27. Burden of multidrug-resistant neonatal sepsis in district hospital settings in India, Paediatrics
28. Effectiveness of a Cranberry extract mouth rinse Vs a Sodium Fluoride mouth rinse on microbial counts in caries active children-A double blind randomised controlled trial, Center of Dental Research and Education
29. In-vitro susceptibility of Eravacycline V/S tigecycline in clinical isolates of XDR Acinetobacter baumannii and study of resistance mechanisms, Microbiology
30. Isolation and Identification of Bacteriophages against MDR Bacterial strains, Microbiology
31. Multi-centric prospective hospital based sentinel surveillance to determine the aetiology of acute bacterial meningitis in children, Central Research Laboratory, K.I.M.S. Hospital & Research Centre, Kempegowda Institute of Medical Sciences, Bangalore
32. Utility of Radiolabeled Antibiotics as Imaging Agents in Establishment of a Decision Support Algorithm in Patients with Pyrexia of Unknown Origin (PUO) caused by Infection and its Impact on Short Term and Long Term Clinical Outcomes, Nuclear Medicine
33. Etiological profile of infants, children and adolescents presenting with acute, subacute and chronic encephalitis/encephalopathy in a tertiary care centre in North India, Paediatrics
34. Detection of V. Cholerae in stool samples by loop mediated isothermal amplification method, Biomedical Engineering
35. Molecular Detection of Colistin Resistance in Multidrug Resistance Gram Negative bacilli from various Clinical Samples, Texila American University
36. Comprehensive National Nutrition Survey, UNICEF
37. Multiplexed Point-of-Care test for acute febrile illness (mPOCT), Paediatrics
38. Efficacy of enriched fecal microbiota transplantation in patients with treatment naïve ulcerative colitis: A randomized control trial, Gastroenterology
39. Association of therapeutic drug levels and worm infestation with treatment response in patients with TB lymphadenitis, Medicine
40. Evaluation of risk factors for severity in Plasmodium vivax infection - A prospective study, Medicine

### **Completed**

1. A Clinical study on the investigation of carries risk in children with Cleft lip and or palate (CL/P) and non-cleft control, Orthodontics, CDER
2. Assessment of Microflora of Dental carries in Indian Children using anaerobic culture and molecular techniques, Pedodontics, CDER
3. Study of intestinal microbiota in Juvenile Idiopathic Arthritis-A Cross- Sectional Observational Study, Lady Hardinge Medical College and Associated Hospitals, New Delhi
4. Cryptococcal antigenemia in people living with HIV and AIDS, Medicine & Microbiology
5. To study the dynamic relationship of airway colonization and Endotracheal Tube Biofilm with Ventilator Associated Pneumonia, Pulmonary Medicine
6. To Study Diagnostic Performance of Presepsin in Sepsis: A Pilot Study, Medicine
7. Elucidating Role of microRNA in the pathogenesis of active generalized vitiligo and in pigment regulation, Dermatology
8. To determine if colonization of gut with carbapenemase resistant enterobacteriaceae in surveillance cultures affect the outcome of the high risk febrile neutropenic patients, Hematology
9. A proof-of-concept study of 3 days intravenous Ceftriaxone followed by switch to oral Cefexime with Nephrotic syndrome, Pediatrics
10. Randomized Controlled Trial to compare efficacy of Decongestive Compression Therapy and injection Benzathine Penicillin G vs Decongestive Compression Therapy, injection Benzathine Penicillin - G and Placement of Hydrophobic Silicone tube in upper limb Lymphedema following ALND in breast cancer, Surgery
11. Abdominal infections in immunocompromised hosts: A radiological, microbiological and clinical correlation, Pediatrics

**PUBLICATIONS**

**Journals: 45**

**Abstracts: 7**

**Chapters in Books: 2**

**Books: 1**

**PATIENT CARE**

The Department of Microbiology carried out a total of **2,51,925 tests** during the year 2019-20.

Name of assay/test/investigation	No. of tests performed	Name of assay/test/investigation	No. of tests performed
<b>BACTERIOLOGY LAB</b>		<b>PARASITOLOGY LAB</b>	
Pus samples culture and identification	13,589	<b>Intestinal parasitosis</b>	
Urine samples culture and identification	31,874	Stool examination- Ova/Parasites (wet mount/concentration)	2,289
Blood samples culture and identification	24,832	Coccidian parasites - Mod. Acid-fast/ special staining	2,289
Sputum/Throat swab/Tracheal swab samples culture and identification	13,611	In-vitro culture	30
CSF/sterile samples culture and identification	6,558	PCR assay for Microsporidia	2,289
Stool samples culture and identification	1,422	<b>Malaria</b>	
Antimicrobial susceptibility testing		Giemsa staining	4,676
Pus/Exudates/Tissue -Antimicrobial susceptibility testing	2,902	Acridine orange (AO) fluorescent staining	4,676
Urine - Antimicrobial susceptibility testing	2,425	Quantitative buffy coat (QBC)	4,676
Blood - Antimicrobial susceptibility testing	2,229	Malaria Antigen detection assay	4,676
Respiratory samples - Antimicrobial susceptibility testing	2,192	<b>Leishmaniasis (Kala azar)</b>	
CSF/sterile samples - Antimicrobial susceptibility testing	589	Giemsa staining	89
Stool samples - Antimicrobial susceptibility testing	7	Acridine orange (AO) fluorescent staining	89
Latex Agglutination (Antigen detection) from CSF Samples for Bacterial Meningitis	10	Kala-azar serology (rk-39)	663
<b>Total</b>	<b>1,02,240</b>	<b>Filariasis</b>	
<b>HOSPITAL INFECTION CONTROL (HIC) LAB</b>		Direct examination & concentration of blood	739
Surveillance cultures	26,522	Thin Smear	739
CSSD/Sterilization Monitoring	2,755	Thick Smear	739
Water samples	1,603	Acridine orange (AO) fluorescent staining	739
<b>Total</b>	<b>30,880</b>	Filaria antigen detection	739

		Quantitative buffy coat (QBC)	739
<b>ANAEROBIC, SPECIAL PATHOGENS &amp; MYCOPLASMA LABS</b>		<b>Other investigations</b>	
Anaerobic culture (Blood, Bile, BAL, CSF, Tissue)	756	Investigation for detection of <i>Pneumocystis jirovecii</i> infection (PCP) by staining & PCR assay	1262
<i>C. difficile</i> stool culture	575	Cerebrospinal fluid examination for Free Living Amoebae (FLA)	59
Stool samples for <i>C. difficile</i> ELISA	575	Worm specimens	1
Susceptibility testing for anaerobes	57	Arthropod specimens	2
PCR for <i>C. difficile</i> ( <i>tox A</i> gene)	88	Parasitic serology	
PCR for <i>C. difficile</i> ( <i>tox B</i> gene)	88	Amoebic Serology for anti-amoebic IgG antibodies by ELISA	113
<i>Bartonella</i> culture	12	Hydatid disease serology (ELISA/IHA)	135
<i>Bartonella</i> IFA	13	Toxoplasmosis serology for IgG antibodies by ELISA	57
<i>Bartonella</i> PCR (citrate synthase gene)	10	<b>Miscellaneous</b>	
<i>Bartonella</i> PCR ( <i>rib C</i> gene)	6	Examination of aspirates (Sputum, Pus etc.)	101
<i>Leptospira</i> IgM ELISA	639	<b>Total</b>	<b>32,606</b>
<i>Leptospira</i> -Urine dark ground microscopy	636		
<i>Leptospira</i> -Plasma dark ground microscopy	634	<b>VIROLOGY LAB</b>	
<i>Leptospira</i> culture (urine and plasma)	130	Molecular tests (PCR, RT-PCR)	
<i>Leptospira</i> PCR	6	SARS-CoV-2 novel coronavirus real time RT-PCR (E gene)	1,818
<i>Legionella pneumophila</i> IgM ELISA	226	SARS-CoV-2 novel coronavirus real time RT-PCR (ORF 1b gene)	152
<i>Legionella pneumophila</i> Urine Antigen (ICT)	159	SARS-CoV-2 novel coronavirus real time RT-PCR (RdRp 2 gene)	152
<i>Legionella</i> spp. culture	174	Influenza real time multiplex RT-PCR	711
<i>Legionella pneumophila</i> Real time PCR ( <i>mip</i> gene)	211	Respiratory virus panel (other than influenza) multiplex PCR	73
<i>Legionella pneumophila</i> serogroup 1 real-time PCR ( <i>wzm</i> gene)	55	HSV 1&2 DNA PCR (CSF, GUD, Ocular etc.)	82
<i>Legionella</i> PCR for MLST (44 environmental isolates, 7 genes each)	308	HCMV DNA PCR (Urine, Colonic biopsy, CSF etc.)	127
Scrub typhus IgM ELISA	623	HIV-1 RT-PCR for Early Infant Diagnosis (on DBS samples)	4,087

Scrub typhus IgM IFA	326	HIV-1 RNA RT-PCR (Viral load)	2,048
Scrub typhus IgM ICT	88	Dengue, Chikungunya & Zika virus real time RT-PCR	21
Scrub typhus nested PCR (56 kDa gene)	136	Polyomavirus (BK/JC) real time RT-PCR	295
Scrub typhus Real time PCR (47 htra gene)	24	Enterovirus (Nested, real time) RT-PCR	5
Rickettsia Spotted fever group IgM ELISA	458	Fever with rash Viral Panel (Measles, Enterovirus, Parvovirus B19, HHV-6 & HHV-7)	2
Rickettsia Typhus group IgM ELISA	458	Viral Meningitis/encephalitis PCR panel (HSV, Enteroviruses, Parechoviruses, VZV, Mumps)	54
Rickettsia Screen IgM IFA	180	Viral Gastroenteritis panel (Rotavirus, Norovirus, Adenovirus 40/41, )	5
Rickettsia nested PCR glt gene	164	Epstein-Barr virus (EBV) DNA PCR (Conventional, real time)	16
<i>Mycoplasma pneumoniae</i> IgM ELISA	226	Parvovirus B19 real time PCR	21
<i>Mycoplasma pneumoniae</i> culture	172	Cell culture (Influenza A/B, Dengue, HSV 1&2, Adenovirus, etc.)	271
<i>Mycoplasma pneumoniae</i> Real time PCR (CARDS toxin gene)	164	<b>Antigen detection</b>	
<i>Chlamydia pneumoniae</i> IgM ELISA	226	Dengue NS1 antigen (ELISA)	984
<i>Borrelia burgdorferi</i> IgM ELISA	106	Rotavirus antigen (ICT)	5
<i>Borrelia burgdorferi</i> IgG ELISA	106	Antibody detection	
<i>Borrelia burgdorferi</i> IgM immunoblot	20	Anti-Dengue IgM (ELISA)	1351
<i>Borrelia burgdorferi</i> IgG immunoblot	20	Anti-Chikungunya IgM (ELISA)	57
<i>Borrelia burgdorferi</i> Realtime PCR (CSF-target OspA)	60	Anti-Japanese Encephalitis IgM (ELISA)	20
<i>Anaplasma phagocytophilum</i> IgG IFA	140	Anti-Measles antibody- Complement fixation test (CFT)- for SSPE diagnosis (CSF/Serum)	44
<i>Ehrlichia chaffeensis</i> IgG IFA	140	Anti-Measles IgG/ total IgG (ELISA) (CSF/Serum)	32
		<b>Direct Microscopy</b>	
<i>Mycoplasma hominis</i> culture	442	Tzanck smear (for HSV 1&2, VZV)	12
<i>Mycoplasma hominis</i> PCR	508	PS for Downey cells/atypical lymphocytes (EBV-related Infectious mononucleosis)	4
<i>Ureaplasma urealyticum</i> culture	442	<b>Total</b>	<b>12,449</b>

<i>Ureaplasma urealyticum</i> PCR	508		
<i>Chlamydia trachomatis</i> PCR	530	<b>MYCOLOGY AND ICP LAB</b>	
<i>Mycoplasma genitalium</i> PCR	478	<b>Direct Microscopy/Culture</b>	
<b>Total</b>	<b>12,103</b>	Blood culture/Bone marrow/Blood BACTEC	1238
<b>SEXUALLY TRANSMITTED DISEASES (STD) LAB</b>		Respiratory (BAL, Sputum, Tracheal aspirate)	5035
		Urine	1142
High vaginal swabs (HVS)	384	C.S.F.	1465
Semen	1019	Tissue/Biopsy	861
Expressed prostatic secretions (EPS)	28	Skin scrapping/Nail/Hair	142
Urethral discharge	66	Fluid (Peritoneal, Pericardial and Ascitic fluid)	776
Cervical discharge	133	Pus	567
Vaginal discharge	3	Miscellaneous (Plates, Swabs, Catheter tips)	1092
Pharyngeal swabs	30	Fungal Serology/Antifungal /TDM/PCR	
Rectal swabs	30	Cryptococcal antigen	1016
Urethral swabs	7	Galatomannan antigen	2023
Vaginal swabs for BV (Microscopy alone)	486	Urinary Histoplasma antigen	29
Urethral discharge-PCR for <i>Neisseria gonorrhoea</i>	66	$\beta$ D Glucan assay	153
Vaginal discharge-PCR for <i>Neisseria gonorrhoea</i>	3	Histoplasma antibody	20
Cervical discharge-PCR for <i>Neisseria gonorrhoea</i>	133	Aspergillus antibody	86
Rectal swabs-PCR for <i>Neisseria gonorrhoea</i>	30	TDM(Voriconazole)	168
Pharyngeal swabs-PCR for <i>Neisseria gonorrhoea</i>	30	Antifungal Susceptibility	463
<b>Antimicrobial susceptibility testing</b>		PCR (Panfungal 11, Histoplasma 3, Cryptococcus 1, Aspergillus 2)	68
High vaginal swabs (HVS)	101	<b>Total</b>	<b>16,344</b>

		Standard Agglutination Test (SAT) for Brucella antibody	9
<b>MOLECULAR BIOLOGY LAB</b>		<b>Total</b>	<b>13,495</b>
Multiplex PCR for Acute Bacterial Meningitis (ABM)	428		
<b>Total</b>	<b>428</b>		

#### Virology laboratory

- The laboratory performed training on the molecular diagnosis of SARS-CoV-2 novel coronavirus by real time RT-PCR for institutes in Delhi NCR (Army Hospital R&R, Lady Harding Medical College (LHMC), Maulana Azad Medical College (MAMC), National IMR, and ILBS)
- The laboratory performed SARS-CoV-2 novel coronavirus testing for evacuees held at the Army camp at Manesar, and the ITBP camp at Chhawla, and various states (Punjab, Haryana, J&K, Himachal Pradesh etc.)

#### HIV Immunology laboratory

- NABL accredited laboratory - NABL Accreditation
  - Successful NABL desktop assessment of National HIV Reference Laboratory and NACO Regional Referral Laboratory for HIV Viral Load and Early Infant Diagnosis in June.
  - Successful NABL re-verification visit post fire incident (August 2019) in December 2019.

Validity: July 2018 to July 2020. NABL Scope including:

- HIV Diagnostic serology using Rapid tests

- CD4 count/CD4 percentage estimation
- HIV qualitative real time PCR for early infant diagnosis (EID)
- HIV quantitative real time PCR for viral load (VL)
- Quality Control Program (External Quality Control Activities)
  - EQAS activity with Apex lab National AIDS Research Institute, Pune
- July 2019 & January 2020: Performance: 100%
  - EQAS Panel Distributed to 4 State reference laboratories (SRLs)
- August-2019 cancelled due to fire & January 2020- 100% Participation
  - International EQAS activity with National Serology Reference Laboratory (NSRL) Australia
- June 2019 & September 2019. Performance: 100%
- ICTC activity
  - Pre-test Counseling: 2920 Patients
  - Post-test counseling: 2901 Patients

#### **Parasitology laboratory:**

- Quality Control Program (External Quality Control Activities)
  - Accorded Grade A by Indian Academy of Tropical Parasitology for its routine diagnostic services

#### **Serology Laboratory:**

- External Quality Assessment Scheme (EQAS): Participated in IAMM-EQAS, New Delhi, with concordant result.

**HICC-COVID response: The department of Microbiology is an integral part of HICC at AIIMS hospital. The faculty was a part of the following COVID-19 response related activities:**

- Preparation of various documents:
  - Infection prevention and Control Guidelines
  - Disinfection and Sterilization protocols (including Terminal Disinfection)
  - Ready reckoner for HIC related activities
  - Checklists for Donning/Doffing
  - Checklist for Disinfection/Cleaning
  - Sample collection and transport of samples
  - Appropriate usage of PPE
  - Reuse of Face shields and goggles
  - Extended use and Limited re-use of N95 protocol
  - Disinfection and reuse of PPE
  - Dead body disposal protocol
- Teaching & Training of healthcare workers
  - Videos for training
  - Posters for display
  - Live Demonstration of PPE Donning & Doffing
- Preparation of areas for donning and doffing
- Day to day resolution of HIC related issues
- Biomedical Waste Management for COVID-19
- Contribution to developing a facility for disinfection and reuse of PPE – coverall suits and N-95 masks

#### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

- Third Prize for Best Poster Presentation for Department at 64th Institute Day, AIIMS, New Delhi. 24- 27 September 2019.
- Snehlata Memorial award in recognition of best oral presentation: Sreenath K, Chaudhry R, Chandolia A, Kabra SK, Dey AB, Guleria R for “Molecular detection of novel *Mycoplasma pneumoniae* CARDS toxin in pneumonia and pulmonary disease severity” during XI-th National Symposium of IAM, 2019, 3-4 December 2019, Pune, India.
- Dr. Ramakant Memorial Award in recognition of best poster presentation: Sreenath K, Chaudhry R, Valavane A, Sagar T, Choudhary M, Varma-Basil M. et al. for “Detection and identification of *Mycoplasma pneumoniae* and

Legionella pneumophila in patients with Community-Acquired Pneumonia in New Delhi, India: A Multi-centric Study” by during XI-th National Symposium of IAM, 2019, 3-4 December 2019 Pune, India.

- “Young Investigator Award” to V Deepak Bamola to present paper “A Double-Blind, Placebo-Controlled Study in Indian Population to Assess the Effects of Probiotic strain Bacillus coagulans Unique IS2 in Inflammatory Bowel Disease” by Bamola VD, Dubey D, Samanta P, Ahuja V, Chaudhry R given by Gut Microbiota and Probiotic Science Foundation (India); in 10th India Probiotic Symposium, “Cutting Edge Science and Applications – Intestinal Microbiota and Probiotics” 29 February and 1 March 2020 in New Delhi.
- The Virology Laboratory was designated a Regional level Virus Research and Diagnosis Laboratory (RL-VRDL) under ICMR-DHR this year.
- Second best poster award: Biswal D, Verma N, Surve A, Kumar V, Mirdha BR. Intra-ocular hydatid cyst in a child: a rare case presentation. TROPACON 2019. KMC, Manipal, 6-8 September 2019.
- Best Poster Award: Singh G, Xess I, Mani P, Iram A, Soneja M, Mohan A, Xess A, Sachdev J. Clinical spectrum and antifungal susceptibility profile of Aspergillus terreus species complex: A single centre study from India. AAAM2020. Lugano, Switzerland, 27-29 February 2020.
- Best Poster Award: **Sahu M**, Soneja M, Singh G, Xess I, Wig N. Invasive aspergillosis at rare sites: Series of three cases. LID. ILBS, New Delhi, August 2019.

**Professor Rama Chaudhry** received prestigious ‘Atal Swasthya Bhushan Samman 2019’ by Honourable Lok Sabha Speaker, Parliament of India; Organised workshop on best practice of scientific writing and publishing, 22 August at SGT University, Gurgaon; Organised “Human Mycoplasma Infections: an update” Pre-conference workshop at Nepal Medical College Teaching Hospital on 11 September, 2019; Organised workshop on Mycoplasma cultivation and detection, XI National Symposium of IAM and International Conference on Human, Animal and Plant Mycoplasmas, 2 December 2019, Pune; Organised workshop on Anaerobic Culture Techniques at the All India Institute of Medical Sciences, Bhopal, 26 and 27 February 2020; Reelected as ASM ambassador to India- 2019 to 2021; Member of ASM Ambassadors leaders Council, Only Nine members selected world over; Member of Project Review committee of AMR, ICMR; Chairman of Project Review committee for Zoonoses of ICMR; Special invitee to joint Monitoring group of Ministry of Health for COVID-19; Member of Expert meeting on acceptance criteria of quality test performance on qualitative and quantitative in-vitro diagnostic kits used for COVID-19 by Drug controller of India.

**Professor Lalit Dar** was member of the ICMR High Level Task Force for the SARS-CoV-2/COVID-19; Designated by DHR ICMR as a Chair of the Viral Research and Diagnostic Laboratory (VRDL) national network comprised of 105 virology laboratories across the country; The virology laboratory achieved NABL accreditation for virological tests, including both serological and molecular diagnostic tests for infections like HIV, influenza, dengue and chikungunya; Member of the National Technical Advisory Group on Immunization (NTAGI), the apex body for advising the Government of India on its immunization policies; The virology laboratory, is a Regional Viral Research and Diagnostic Laboratory (RL-VRDL) of the Department of Health Research (DHR) since 2019. It was also designated a National Viral Hepatitis Surveillance Programme Laboratory in 2019. It is already NACO Regional Reference Laboratory for HIV Viral Load and Early Infant Diagnosis and an Apex Laboratory of the National Vector Borne Disease Control Programme (NVBDCP) for Dengue and Chikungunya; actively contributes to various agencies outside of AIIMS: Member, Core Accreditation Committee of the National Accreditation Board for Testing and Calibration Laboratories (NABL); Adjunct Faculty, Public Health Foundation of India; Member, Technical Resource Group, National Viral Hepatitis Control Programme (NVHCP); Member, ICMR Virology Project Review Committee for Virology; Member, ICMR Fellowship Committee; Member, NACO Technical Resource Group (Laboratory Services)

**Professor Seema Sood** filed for Patent: Malhotra S and Sood S. Aptamers for Neisseria gonorrhoeae. Application Number: 201911021888; Executive member- IUSTI Asia Pacific Region; Faculty- National Board of Examination (NBE); Member- Project Review Committee (ICMR) for Adhoc & Fellowship proposals; Member- Student Research Advisory Committee (SRAC) Jamia Millia Islamia; Member- Institution Human Ethical Committee (IHEC), ACBR (Dr. B.R. Ambedkar Centre for Biomedical Research); Subject Expert- Recruitment of Faculty, NITTTR, Chandigarh; Reviewer: Nature Reviews, Expert Review of Molecular Diagnostics

**Professor Urvashi B Singh** was Chairperson: Session: Symposium on Tuberculosis at Pulmocrit 2020 on 8 March 2019 organized at AIIMS, New Delhi; Advisor and Invited as an expert; Awarded Fellowship of National Academy of Medical Sciences, October 2019; Expert member in DBT appointed committee on ‘Artificial Intelligence Applications for Affordable and Accessible Healthcare-Big Data and Genomics’, August 2019; Appointed Expert Member by DCGI to the Committee for approval of Clinical Trials, New Drugs including cellular biology based drug products / stem cell derived products and new Medical Devices etc., January 2020; Appointed member of ICMR Steering Committee for National Tuberculosis Prevalence Survey, January 2020; Co-Chairperson, National Technical Expert Group on Diagnosis of Tuberculosis under RNTCP, since 2018; Member, National Technical Working Group on LTBI Management in India, since 2018; Member,

National Technical Expert Group on Treatment of Tuberculosis under RNTCP, since 2018; Member, National Technical Expert Group on Treatment of Pediatric Tuberculosis under RNTCP, since 2018; Member, National Technical Working Group on TB Co-morbidities under RNTCP, since 2018; Member, Technical Specifications Committee for RNTCP, since 2018; Member 'STOP TB New Diagnostics Working group', WHO since 2009; Expert in 'Expert Committee for finalizing validation protocols for Indian Indigenous Technologies', ICMR since 2014; India TB Research Consortium, ICMR, Member on Diagnostic, Therapeutic, Vaccine and Implementation Research Groups; Member, State TB Task Force and OR Committee; Expert member on International SAG committee of India TB Research Consortium, ICMR since 2016; Reviewer: Emerging Infectious Diseases, Medical Microbiology, Microbes and Infection, Epidemiology and Infection, PLOS One, Journal of Biosciences, Indian J Med research, Indian J Tuberculosis.

**Dr Sarita Mohapatra** conducted workshop under Swachhata Action Plan: "Antibiotic Awareness Week" from 18 November 19 to 24 November 19 at Neurosciences Center, and Cardiothoracic Center, AIIMS, New Delhi; Best poster award: Neuroanaesthesia and Neurocritical Care Update, 2019; 1st prize poster competition: IAMM Delhi Chapter, 2019

**Dr Aashish Choudhary** was awarded the degree of Fellow of the Canadian College of Microbiologists (FCCM) on 28 May 2019; Member- Institute Biosafety committee (IBSE), AIIMS Delhi; Member- BSL-3 facility, Central Core Research Facility (CCRF), AIIMS Delhi

**Dr Hitender Gautam** was nominated faculty from Department of Microbiology for 64th Institute Day, AIIMS, New Delhi, 24-27 September 2019. Third Prize for Best Poster Presentation for Department; Part of AIIMS KAYA KALP Team and Responsible for Department KAYA KALP Activities & Inspection: KAYA KALP 2019: First Prize for AIIMS, New Delhi; Committee member for Developing National Protocols for Infection Prevention and control in Maternal and child Health Care under National LaQshya Program, National Health Mission, MOHFW, GOI; Invited Expert in Ministry of Health, GOI for Infection prevention and lab strengthening guidelines, 9 July 2019; Technical Committee Member for Technical Evaluation of CSSD for Upcoming New AIIMS, under Pradhan Mantri Swasthya Suraksha Yojana, PMSSY 6 November 2019, at HITES Office, Noida; Committee member for Pre-bid meeting of Department of Microbiology related Equipment for Upcoming AIIMS under Pradhan Mantri Swasthya Suraksha Yojana. 24 July 2019, at HITES Office, Noida; External Expert JIPMER, Puducherry for purchase of MALDI-TOF, 3 April 2019; Committee member for MBBS Curriculum reforms & AIIMS Undergraduate Curriculum Organizing Group (AU-COG) at AIIMS, New Delhi w.e.f. 22 November 2019; Department NABL Core Committee Member & Deputy Quality Manager for Dept. of Microbiology, AIIMS, New Delhi: Department has been NABL Accredited w.e.f. 15 November 2019; Co-Guide for PhD in Medicine by Research Medical Microbiology program at Texila American University; Member Secretary: Infection Control Committee in Dr. BRA IRCH, AIIMS, New Delhi; Core Group Member: Hospital Infection Control Committee (HICC), AIIMS, New Delhi; Series of Lectures on daily basis for Health Care Staff of Dr. B.R.A.IRCH & Main AIIMS on "Prevention & Control of COVID-19 in Health Care Setting" AND "Donning & Doffing of PPE", 13 March to 31 March 2020, AIIMS, New Delhi; Chairperson in 60th Annual conference of Indian Society of Hematology and Blood Transfusion (HAEMATOCON 2019) "Pre-analytical errors in the era of automation". 7 November 2019, New Delhi.

**Dr Nishant Verma** was NABL accreditation of Parasitology lab; Member departmental Store purchase committee; Departmental DM ID teaching committee member; External examiner (Theory, oral and practical) for MBBS II (Supple.) examination-Microbiology, at MAMC, LHMC, and UCMS, New Delhi; External examiner for MBBS 2nd professional (Microbiology) examination at Maharishi Markandeshwar medical college & hospital, Solan, Himachal Pradesh; Training sessions for COVID-19 as HICC core committee member; Participated as an expert in a committee constituted by Central Drugs Standard Control Organisation, DGHS, Ministry of Health & Family Welfare (Medical Device & Diagnostic Division) in relation to clinical performance evaluation of new In Vitro Diagnostics medical devices at FDA Bhawan, Kotla Road, New Delhi-110002; Judge for posters (award category) at TROPACON 2019 held at KMC, Manipal (6-8 September 2019); Executive committee member: Indian Association of Tropical Parasitology; Member-Hospital Infection Society- India; Member-IAMM- Delhi Chapter; Core group member for HIC committee at AIIMS, New Delhi; Member Secretary: Infection Control Committee at CDER, AIIMS, New Delhi; Reviewer: Journal of Hospital Infection, Tropical Parasitology and PLoS neglected tropical diseases.

**Dr Kiran Bala** was Member - Indian Association of Medical Microbiologists (Life Membership 3301/19), The Union International union against tuberculosis and lung disease (Membership CU 0783207); Expert member BSL-3, BSL-2 Subcommittee of CCRF core committee at AIIMS, New Delhi 2018; Reviewer: Indian J of Urology, International J of Medicine and public health, Medical mycology, Indian J Med research, Indian J Tuberculosis, Mycopathologia; Participated in the workshop 'Basic statistical methods & hands on data analysis using stata statistical software' at Department Of Biostatistics, AIIMS, New Delhi from 9 to 12 December 2019.

## 9.21. Nephrology

**Professor and Head**  
Sanjay Kumar Agarwal

**Professor**  
Dipankar Madhusudhan Bhowmik Sandeep Mahajan

**Associate Professor**  
Soumita Kamal Kumar Bagchi Raj Kumar Yadav

**Assistant Professor**  
Arun Kumar Subbiah

### HIGHLIGHTS

Department is regularly doing state-of-the-art nephrology care including renal transplantation at affordable cost. ABO-incompatible renal transplant in the institute during this period is regularly being done. Department is continuing immunosuppressive drug monitoring and monitoring of infection in renal transplant free of charge for all renal transplant patients. The department is providing hemodialysis to nearly 80 patients per week at very low cost and free for patients below poverty line. Department is also providing bed side dialysis in many departments across institute and supporting dialysis in Trauma Centre. Department is running a bio-repository of samples for potential research in renal sciences for patients of primary glomerular disease and chronic kidney disease. Department faculty is in almost all government policy-making bodies related to chronic kidney disease, dialysis and renal transplantation. Dr. SK Agarwal is technical advisor to National Organ and Tissue Transplant Organization (NOTTO) and officer-in-charge of National Organ and Tissue Transplant Registry (NOTTR). Department has also started interventional nephrology program for vascular access for hemodialysis and peritoneal access for peritoneal dialysis within own department.

### EDUCATION

#### Long-term training

The department runs DM Nephrology, a three-year degree course for post MD (Medicine and Pediatric) candidates, selected by AIIMS on the basis of merit through all India entrance examination. Along with AIIMS Delhi, department is conducting examination for other AIIMS like institution as per need. Three candidates were admitted to DM nephrology course at AIIMS, New Delhi during this period. Residents from department of pediatrics and pathology regularly come for the training courses in Nephropathology. At present the department has three non-academic junior residents for 6 months each.

#### Short-term training

The department is providing short-term training for following:

1. Postgraduates from the department of Internal Medicine, Geriatric Medicine, Emergency Medicine, Urology, Anesthesia, Infectious disease, Critical Care Medicine and Transfusion Medicine are posted on rotational basis for a variable period of few weeks to few months.

#### CME/Workshops/Symposia/National & International Conference Organized by Department

1. World Kidney Day-2019, Public Awareness on 12 March 2020 regarding kidney diseases was organized in collaboration with RML Hospital, at AIIMS and RML Hospital, New Delhi on 11 and 12 March 2019.

#### Lectures delivered

**SK Agarwal: 9**      **Dipankar Bhowmik: 9**      **Sandeep Mahajan: 9**  
**Soumita Bagchi: 4**      **RK Yadav: 3**      **Arunkumar S: 3**

#### SK Agarwal

1. Approach to Rapidly Progressive GNIPNA-AsPNA, Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 6–7 April 2019, New Delhi
2. Public Health Initiative Directed Towards Community Screening of Hypertension and CKD, 28th Annual Conference of Hypertension Society of India, 20–22 September 2019, Mumbai
3. Hepatitis C and CKD, 14th Annual Conference of Indian Academy of Nephrology, 18–20 October 2019, Patna
4. Clinic-pathological conference, Association of Physician of India (Delhi-State Chapter) Annual Conference, 14–15

December 2019, New Delhi

5. Barriers in Deceased Donor Transplantation, Transplant Colloquium, 15 January 2020, IIT Mumbai
6. Barriers of Deceased Donor Transplantation, East Zone Nephrology Annual Conference, 18–19 January 2020, Kolkata
7. Diabetic kidney disease: Under recognized phenotypes, Annual Delhi Nephrology Society update, 2 February 2020, New Delhi
8. Compartmentalized CMV in RT, Annual Conference of North Zone Indian Society of Nephrology, 28 February – 1 March 2020, Lucknow
9. IL2R Blocker as Induction in Renal Transplantation, Annual Conference of North Zone Indian Society of Nephrology, 28 February to 1 March 2020, Lucknow

#### **Dipankar Bhowmik**

1. Community acute kidney Injury–Reasons to focus, AKI and CRRT Update, 7 April 2019, Jaipur
2. New potassium binding agents on the horizon, 25th Annual Conference Ind Soc Nephrology – North Zone, 26-28 April 2019, Shimla
3. Acute Kidney Injury, Update-AIIMS Rishikesh, 21 May 2019, Rishikesh
4. Pregnancy and kidney, Annual Conference Ind Soc Nephrology East Zone, 14 September 2019, Shillong
5. Monoclonal gammopathy of renal significance, Indian Academy Nephrology: Annual Conference, 18 October 2019, Patna
6. Renal Replacement Therapy: Overview, Update-AIIMS Patna, 19 November 2019, Patna
7. Herbs and Kidney, 50th Annual Conference Ind Soc Nephrology, 21 November 2019, Chandigarh
8. Mechanism of catabolism in CKD, 6th Advanced Course in Renal Nutrition and Metabolism, 18 January 2020, Lucknow
9. BP Guidelines: Take on for the nephrologist, Annual Conference of Indian Society of Nephrology-Northern Zone, 28 February 2020, Lucknow

#### **Sandeep Mahajan**

1. Hypertension Management, Advance Course in Renal Nutrition and Metabolism, 21 April 2019, Lucknow
2. Immune checkpoint inhibitors for the nephrologist, Annual Conference of North Zone of Indian Society of Nephrology, 26 April 2019, Kandaghat (HP)
3. New concepts in pathogenesis of lupus nephritis, World Lupus Day, 10 May 2019, Delhi
4. PNLT Act for the Nephrologist, AVATAR 2019, 20 July 2019, Delhi
5. AKI in snake bite, High Level Meeting and workshop on snake bite in Nepal: The challenges and Needs, 2 August 2019, Kathmandu, Nepal
6. Improving PD outcomes (panel discussion), ISBP-PDSICON 2019, 2 September 2019, Hyderabad
7. Overcoming Immunological Risk (panel discussion), CAST 2019, 30 September 2019, Greater Noida (UP)
8. Dengue in renal Transplant, CAST 2019, 30 September 2019, Greater Noida (UP)
9. Cases: How do I deal with it (panel discussion), ISNCON 2019, 23 November 2019, Zirakpur (Punjab)

#### **Soumita Bagchi**

1. Antimicrobial dose adjustment in acute kidney injury, Critical Care Nephrology Conference 2020, 15 March 2020, Indore
2. Novel Biomarkers of AKI beyond creatinine: what and when should be used? ISN-NZ 2020, 1 March 2020, Lucknow
3. Infectious complications after renal transplantation, CAST 2019, 29 September 2019, Delhi
4. Mechanisms of AKI and therapeutic interventions, AKI and CRRT update, 8 April 2019, Jaipur

#### **RK Yadav**

1. Tacrolimus: Role of therapeutic drug monitoring and polymorphism, ISOT Mid-term meeting 2019, 12 May 2019, Ahmedabad
2. Challenges of local manufacturing of PD fluids, 22nd Annual Conference of the Peritoneal Dialysis Society of India 2019, 21 September 2019, Hyderabad
3. Hope and innovation in Nephrology, Exploring new dimensions: Updated care and practices in nursing, 15 November 2019, Delhi

## **Arunkumar S**

1. Overall Immune profile and Guidelines for Vaccination in patients with CKD, Exploring New Dimensions: Updated care and practices in Nursing, 16 November 2019, New Delhi
2. Challenging cases in Kidney Transplantation, Fifth Update on Kidney Transplant—A Practical approach, 22 December 2019, New Delhi
3. Acanthamoeba encephalitis in renal transplant recipient, North Zone ISNCON 2020, 1 March 2020, Lucknow

## **Oral paper/poster presented**

1. Anitha S, Arunkumar S, Yadav RK, Bagchi S, Mahajan S, Bhowmik D, et al. Cryptococcal Infection in Renal Transplant Recipients - A Single Center Study, North Zone ISNCON 2020, 29 February 2020, Lucknow

12. Sangha S, Yadav RK, Agarwal SK, Bhowmik D, Mahajan S, Bagchi S, Kumar A. To study the demographic and clinical profile of non-proteinuric kidney disease in Type 2 diabetic patients, North Zone ISN, 28 February–1 March 2020, Lucknow
13. Sonal MK, Kumari K, Bardwad A, Kumar L, Bagchi S, Bhowmik D, et al. Rare and unique spectrum of MGRS from a tertiary health care center, International CME and 14th Annual Conference of Indian Society of Renal and Transplant Pathologist, 11–13 October 2019, Lucknow
14. Yadav RK, Behera V, Bhowmik D, Kapil A, Subbiah A, Bagchi S, et al. Clinico-microbiological profile and outcomes of central catheter related blood stream infections in hemodialysis patients in a tertiary care centre, ISN World congress of Nephrology 2019, 12–15 April 2019, Melbourne, Australia

## **RESEARCH**

### **Funded Projects**

#### **Ongoing**

1. Prospective cohort study to find Circulating Levels of Anti Phospholipase A2 receptor (PLA2R) Antibodies and its Correlation with Idiopathic Membranous Nephropathy (IMGN), S.K. Agarwal, ICMR, 3 years, 2017–2020, Rs 31 lakhs

2. Role of T-regulatory cells (T-regs) and their clinical correlation in obesity associated inflammation in type-2 diabetic & CKD, Sandeep Mahajan, ICMR, 3 years, 2019–2022, Rs 56.53 lakhs
3. The association of HLA antigens with primary IgA nephropathy in Indian patients, Soumita Bagchi, AIIMS, 1 year, 2019–2020, Rs 5 lakhs
4. An adaptive seamless randomized, double blind, placebo-controlled, dose ranging study to investigate the efficacy and safety of LNP023 in primary IgA nephropathy patients, Soumita Bagchi, Novartis, 2 years, 2019-2021, Rs 1.98 lakhs per patient
5. A randomized, treatment open-label, dose-blinded parallel group, three arm, proof-of-concept clinical trial to investigate the efficacy and safety of LNP023 compared with rituximab in the treatment of subjects with idiopathic membranous nephropathy. Soumita Bagchi, Novartis, 3 years, 2019-2022, Rs 2 lakhs per patient
6. A Randomized, Double-blind, Placebo-controlled, Parallel-group, Multicenter Study to Demonstrate the Effects of Sotagliflozin on Cardiovascular and Renal Events in Patients with Type 2 Diabetes, Cardiovascular Risk Factors and Moderately Impaired Renal Function, RK Yadav, Sanofi Pharma, 5 years, 2018-2023, Rs 4.71 lakhs per patient

### ***Completed***

1. Multicentric Study to Find Out Prevalence of Chronic Kidney Disease in Adults in Urban Indian population, SK Agarwal, ICMR, 7 years, 2012–2019, Rs 90 lakhs
2. Prevalence and significance of serum galactose deficient IgA1 in Indian patients with IgA nephropathy: A case control study, Soumita Bagchi, AIIMS, 1 year, 2017–2018, Rs 5 lakhs
3. Pattern of CYP3A5 and MDR-1 single nucleotide polymorphism and its Impact on Individualization of Tacrolimus based Immunosuppression in Living Renal Allograft Recipient, RK Yadav, AIIMS, 2016–2019, Rs 4.05 lakhs

### **Departmental Research**

#### ***Ongoing***

1. Clinicopathological correlation of HBV and HCV infection in patients on renal replacement therapy
2. Evaluation of changes in measured GFR, Echocardiography, markers of bone mineral metabolism and carotid intimal medial thickness (CIMT) after renal donation
3. A study of proteinuria in kidney transplant recipients in first year post transplant
4. Impact of Hepatitis C treatment on long term outcomes of renal allograft recipients in Indian setting
5. Evaluation of nutritional status and exercise tolerance in chronic kidney disease
6. A cohort study to evaluate the changes in exercise tolerance and nutritional status in chronic kidney disease patients on hemodialysis before and after renal transplantation
7. To study the role of Vitamin D levels on disease severity and outcome in Indian patients with primary IgA nephropathy from the AIIMS Primary IgA Nephropathy (APIgAN) cohort
8. Designing of rapid and cost-effective Nano-LAMP based detections of BK virus from serum and urine samples of post-renal transplant patients
9. Supportive management of IgA nephropathy-A prospective study
10. Correlation of serum Immunoglobulin A/complement factor 3(IgA/C3) with the clinical and histologic severity in patients with IgA nephropathy
11. Electrolyte and acid base disturbances in post renal transplant patients: Prospective study
12. To study vitamin D deficiency as a risk factor for PTDM after kidney transplantation

#### ***Completed***

1. A Cohort Study to Evaluate the Change in Exercise Tolerance and Nutritional Status in Chronic Kidney Disease (CKD) Patients on Hemodialysis before and after Renal Transplant
2. A cross sectional study to assess the link between fluid overload status and quality of sleep in patients on maintenance hemodialysis at AIIMS, New Delhi
3. A study to assess the effect of intradialytic exercises on urea-creatinine clearance and fatigue level of CKD patients undergoing hemodialysis at a tertiary care hospital
4. Impact of universal CMV prophylaxis with Valganciclovir on incidence and pattern of CMV infection in D+/R+ Renal Transplantation in Indian setting
5. Long term outcome of renal donors
6. Pulmonary infections in renal transplant recipients: prospective cohort observational study

7. Retrospective study for evaluating the clinical profile and treatment response and outcome of adult patients with primary FSGS
8. Study of cognitive function in patients with chronic kidney disease and the effect of renal transplantation
9. The profile and risk factors of infections requiring hospitalisation in the first year after renal transplantation
10. Three arm randomized comparison of laparoscopic peritoneal dialysis catheter insertion with or without omentectomy versus conventional open peritoneal dialysis catheter insertion in chronic kidney disease stage 5 patients in terms of catheter malfunction and post-operative complications
11. To delineate the pattern of biopsy proven renal disease in a tertiary care hospital in India
12. To study the demographic and clinical profile of non proteinuric kidney disease in Type 2 diabetic patients
13. To study the outcomes of percutaneous hemodialysis catheters in tertiary care nephrology centre

## **Collaborative Projects**

### ***Ongoing***

1. To define intestinal insufficiency in patients with celiac disease, Gastroenterology
2. Detection and genotyping of Human Cytomegalovirus from Neonates and Renal Transplant Recipients, Microbiology
3. Molecular detection and characterization of Pneumocystis Jiroveci in respiratory samples from the patients both immunocompromised as well immunocompetent with suspected interstitial pneumonia and other chronic lung diseases, Microbiology
4. To study the prevalence of UL 97 Gene Mutation in Ganciclovir Non-Responders vis a vis Responders in Indian Renal Transplant Patients, Lab Medicine
5. A Prospective study Comparing outcomes and quality of life after Laparoscopic donor nephrectomy Versus open donor nephrectomy, Surgery
6. Study of Population genetics of clinical strains of Pneumocystis Jiroveci and its clinico-epidemiological correlation, Microbiology
7. Development of Immunoblot assay for diagnosis of subclinical Cryptococcus, Microbiology
8. Detection and genotype distribution of BK polyoma virus in renal transplant recipients, Microbiology
9. Study of muscle enzyme elevation in neurosurgery and its relevance in postop acute kidney injury: A pilot study, Neuroanaesthesia
10. An immunohistochemical and ultra-structural study of glomerular capillary endothelial injury in cellular rejection, Pathology
11. Development of Immunoblot assay for diagnosis of subclinical cryptococcosis, Microbiology
12. Antifungal susceptibility testing and genotyping of Cryptococcal isolates from Delhi and other parts of India, Microbiology
13. To study the effect of 24 hour versus standard 7-day prophylactic antibiotic regimen in renal transplant recipients: A randomized control study, Surgery
14. Assessment of Fok I polymorphism of VDR gene, vitamin D and parathyroid hormone levels in stage 4-5 CKD patients, Laboratory Medicine
15. Improving maturation rates of AV fistula hemodialysis access in CKD V patients using autologous adipose tissue derived mesenchymal stem cells: A double blind, randomized placebo-controlled trial, Cardiovascular Radiology & Endovascular Interventions
16. Short term and long-term outcomes following laparoscopic donor nephrectomy and open donor nephrectomy: An ambispective comparative cohort study, Surgery
17. Genotypic characterization of Autosomal Dominant Polycystic Kidney disease (ADPKD) in Indian population: A pilot study, Biochemistry

### ***Completed***

1. Long-term outcome of anti-complement factor H antibody associated atypical hemolytic uremic syndrome, Paediatrics
2. Membranous nephropathy: a study of immunofluorescence, electron microscopy and PLA2R profile with clinical correlation, Pathology
3. Intravascular fluid guided therapy versus standard fluid therapy in predicted severe acute pancreatitis: A randomized controlled study, Gastroenterology
4. Stent vs no stent in ureteroneocystostomy in live related renal transplant: a prospective randomized controlled trial, Surgery

5. Prevalence of sarcopenia in cirrhosis and its correlation with serum myostatin and myostatin gene expression in muscle biopsy, Gastroenterology
6. A study to assess the knowledge and quality of life among CAPD patients at AIIMS hospital with a view to develop an information booklet, College of Nursing
7. Membranous nephropathy: A study of immunofluorescence, electron microscopy and PLA2R profile with clinical correlation, Pathology

## PUBLICATIONS

**Journals: 12    Abstracts: 1    Chapters in Books: 3**

## PATIENT CARE

Arunkumar S

1. Medical Camp at Leh, Ladakh (2 October 2019 to 6 October 2019)
2. Health Awareness Camp for Hon'ble M.P.'s (23 November 2019 to 4 December 2019)

### *Facilities available in the department*

In addition to providing general nephrology care for all nephrology related illnesses, department provides state-of-the-art renal replacement therapy; hemodialysis, CAPD and renal transplant at very low cost to any patient of end stage renal disease. Department provides swap transplant and ABO incompatible renal transplant. Department also provides immunosuppressive drug monitoring free of cost. During hemodialysis, ultrapure water is provided to machine so that absolutely safe hemodialysis can be provided to patients.

*Following number of patients were provided respective facility.*

## AWARDS, HONORS AND SIGNIFICANT EVENTS

**Professor SK Agarwal** conferred Dr. Siddhartha N Shah Oration on Epidemiology on “Public Health Initiative Directed Towards Community Screening of Hypertension and CKD” during 28th Annual Conference of Hypertension Society of India and 1st International Kidney and Hypertension Conference, held at Hotel Trident, Mumbai on 20-22 September 2019; Editor in chief Seminars in Dialysis (2020-continuing); Invited to mentor renal transplant program in Gandhi Medical College, Bhopal; Initiated renal transplant program at Indira Gandhi Medical College, Shimla, HP; Member of consultation meet on the need for public health approach to address Non-Alcoholic Fatty Liver Disease (NAFLD) dated 17 March 2020 at NITI AAYOG; Chair Global Burden of Disease: Indian CKD group (2017-continuing); Member “Subject Expert Committee” of “Cradio-Renal Division” of CDSCO (2016-continuing); Member of South Asian Board of Nephrology, a division of International Society of Nephrology (2011-continuing); Member of the Appellate committee of National Organ Transplant Program, Government of India; Member of committee of MOHFW for deciding the fitness of renal transplant patients for the government jobs; Member of expert group for review of Draft guidelines for CKD by National Center of Disease Control, Government of India; Editor of Indian J of Nephrology, 2015-continuing; Core group member of National Acute Kidney Injury registry of Indian Society of Nephrology; Invited to be member of Technical Expert Committee for National Program for Prevention and Control of Cancer, Diabetes, Cardiovascular Disease and Stroke (NPCDCS), August 2017-continuing; Invited as an expert in Medical Technology Assessment Board (MTAB) of government of India for renal replacement therapy in the country, 2017-continuing; Member of expert committee for making guidelines for National Organ Transplant Program; Member of expert committee making operational guidelines for continuous ambulatory peritoneal dialysis in India; Elected by the ISN-Advancing Clinical Trial (ACT) as ISN-ACT Committee member (2016-continuing); Invited to be member of “Expert Group” constituted for Kidney Diseases under Grant-in-aid (GIA) scheme of Inter-Sectoral Convergence and Coordination for Promotion and Guidance on Health Research formed by department of Health Research, 2018-continuing; Invited to be editorial board member of European Medical Journal (2018-continuing); Invited to be editorial board member of Archives in Nephrology (2018-continuing).

**Professor Dipankar M Bhowmik** is Visiting Professor Nephrology AIIMS Rishikesh; Deputy Editor of Indian Journal of Nephrology; External expert for faculty selection in: (a) AIIMS Rishikesh, (b) ILBS, New Delhi, (c) IGMER RML Hospital, (d) IGIMS Patna, (e) Rajiv Gandhi Superspecialty Hospital, Tahirpur, Delhi; DM examiner for various national institutes, PGI Chandigarh, IGMC Shimla; Trustee of Guru Kripa Trust; Member of CSIR selection committee for Pool officers; Member of National Committee List of Essential Medicines (Devices); Organised World Kidney Day celebrations in March 2020 in AIIMS, RML and Safdarjung in association with ISNNZ and IFKD; Member of Store Purchase Committee AIIMS.

**Professor Sandeep Mahajan** was awarded fellowship of Indian Society of Organ Transplantation (2019); Member of the National PD Guidelines Committee (2014-continuing); Invited to the National Expert Panel of the Certificate Course in Management of Hypertension by Public Health Foundation of India (2016-continuing); Member of the Scientific Committee of Peritoneal Dialysis Society of India (2019-continuing); Program Chair for the Post Graduate Medical Program (Nephrology) for the Texila American University (2017-continuing); Expert member of the reconstituted Task Force of Metabolic Disorders and Auto-Immune Diseases, by Department of Biotechnology, Ministry of Science & Technology (2017-continuing); Member of Committee for roll-out of Peritoneal Dialysis under the National Health Mission (2017-continuing); Nominated as Co-chairperson for the Expert Group set up by ICMR, for the preparation of standard treatment workflows (STWs) for Nephrology (2018-continuing); Nominated as Member of South Asian Guidelines for Travel and endemic infections in solid organ recipients (2019-continuing); Member of the Drug Selection Committee of AIIMS (2018-continuing); Member of the Committee on Extra Budgetary Resources and Corporate Social Responsibility (2018-continuing); Member of the AIIMS Public Awareness Committee (2018-continuing); Member of the AIIMS Project Management Committee for New Paid Ward Block (2018-continuing); Member of the Committee to review plans for expansion of AIIMS, New Delhi (2018-continuing).

**Dr RK Yadav** is the reviewer for Abstracts - 28th International Congress of the Transplantation Society (TTS 2020), Seoul, South Korea from 12 to 16 September 2020; Talk on All India Radio on Chronic Kidney Disease, 2 September 2020, Delhi; Developed a module 'Collection of Arterial blood sample' for UG teaching under SET facility.

**Dr S Arunkumar** is the recipient of ISN – ANIO Indukaka Ipcowala Advanced Scholarship for the year 2019; ERA (European Renal Association) travel award for young nephrologists to attend SEID (Scientific Education and Interaction Day).

#### VISITING SCIENTIST

1. **Dr Anju Yadav**, MD FASN, Assistant Professor and Assistant Director, Living Kidney Donor Program, Division of Nephrology Hypertension and Transplantation, Thomas Jefferson University Philadelphia, USA visited the department of nephrology on 11 February 2020 and gave a talk on "Living Related Renal Transplant: Experience from USA". She also attended CGR held between 4 and 5 PM done by department of Radiodiagnosis on Hepatic Vein Outflow Tract Obstruction and enjoyed well.
2. **Patrick Toby Hewlett COATES**, Professor of Medicine and Director of Transplantation, Australian Renal Transplant Service, Royal Adelaide Hospital, Consultant, National Transplantation Services, Australian Red Cross Blood Transfusion Service, Associate Editor: Transplantation and Immunology & Kidney International, Councillor ISN for Declaration of Istanbul Custodian Group (DICG) and President Elect Transplantation Society of Australia and New Zealand (TSANZ) visited department of Nephrology on 15 February 2020 and gave a talk on "Everolimus in Renal Transplant".
3. **Ervin Steve Woodle**, Professor of Surgery, division of transplantation, University of Cincinnati College of Medicine and Chairman, Board of Director. Israel Penn Center of Transplant Oncology visited department of Nephrology on 25 February 2020 and gave a guest lecture on "Redefining Rejection as a Basis for Development of New Rejection Therapies".

## 9.22. Nuclear Magnetic Resonance

### Additional Professors

Uma Sharma

Virendra Kumar

### Scientists

Sujeet Kumar Mewar

Pawan Kumar

### HIGHLIGHTS

The MRI Facility was operational from the beginning of the COVID19 crisis. It is the only MRI facility functional during this crisis. Using the 1.5 Tesla Aera MR scanner, an Advanced Cardiovascular MR Workshop (techniques, technologies and applications) was conducted by Department of Cardiovascular Radiology and Endovascular Interventions in collaboration with Department of NMR on 7-8 November 2019. Four radiographers from the department participated in a marathon MR scanning of Iron estimation in Thalassemia patients (230 patients in 64 hours) in a collaborative study between Department of Cardiovascular Radiology and Endovascular Interventions and Department of NMR.

### EDUCATION

The Faculties and Scientists delivered lectures and participated in the demonstration of MR techniques in the following courses in the Institute: (i) M. Biotech programme of the Department of Biotechnology – (i) Course 10 (Structural Biology and NMR Technology), Course 11 (Bioinformatics and Molecular Medicine); (ii) Third Semester, MBBS Course; (iii) MD Physiology Course, Department of Physiology.

### Short/Long Term Training

Four candidates from medical and science disciplines from various government hospitals from India and BSc Radiography students, AIIMS, underwent training in MRI, fMRI and MRS techniques.

### CMEs, National and International Conferences

#### Lectures delivered

**Rama Jayasundar: 35**

**S Senthil Kumaran: 3**

#### Rama Jayasundar

1. Evaluation of physiotherapy induced changes in post-stroke recovery using MRI, 27th Annual Meeting of International Society for Magnetic Resonance in Medicine (ISMRM), 14 May 2019, Montreal, Canada
2. Traditional system of medicine: Ayurveda, Lecture Series for Foreign Diplomats from CARICOM, Foreign Service Institute, Ministry of External affairs, Govt. of India, 22 August 2019, New Delhi
3. MR and Ayurveda: Transcending traditional boundaries Invited lecture, Ayur Biology Course, Sri Venkateswara College, University of Delhi, 21 September 2019, New Delhi
4. Applications of NMR in Ayurveda, Conference on 'A Dialogue between Modern and Vedic Sciences', Indian Institute of Technology (IIT), Benaras Hindu University (BHU), 22 September 2019, Varanasi
5. Modern research tools for studying Ayurveda and Yoga Panelist, Conference on 'A Dialogue between Modern and Vedic Sciences,' Indian Institute of Technology (IIT), Benaras Hindu University (BHU), 22 September 2019, Varanasi
6. Pharmacovigilance in Traditional Medicine, 13th Skill Development Program on Pharmacovigilance for Medicinal Products, Indian Pharmacopoeia Commission, 27 September 2019, Ghaziabad
7. Spectroscopic analysis of medicinal plants for standardization & quality assessment Invited presentation, 60th Meeting of PSC-II, National Medicinal Plant Board, Ministry of AYUSH, 28 September 2019, New Delhi
8. Contemporary Science in Ayurveda, 1st Academicians Meet on Indian Knowledge Systems, Dev Sanskriti University, 11 October 2019, Haridwar

9. Research in Indian Knowledge Systems Panelist, 1st Academicians Meet on Indian Knowledge Systems, Dev Sanskriti University, 11 October 2019, Haridwar
10. Magnetic Resonance and Ayurveda: Transcending traditional boundaries, Conference on 'Biology through an Interdisciplinary Lens', 1 November 2019, Indian Institute of Technology (IIT), Jodhpur
- 11-19. A series of 10 lectures on various aspects of Ayurveda including research, Invited lecture series for Vedic Heritage Portal, Govt. of India, Indira Gandhi National Centre for Arts (IGNCA), Ministry of Culture, 9 November 2019, New Delhi
20. Transdisciplinary research Panelist, AYUSH for future health challenges: Strengthening trans-disciplinary network for research, Savitribai Phule Pune University, 29 November 2019, Pune
21. Novel applications of NMR and MRI for transdisciplinary research Invited lecture, Conference on AYUSH for future health challenges: Strengthening trans-disciplinary network for research, Savitribai Phule Pune University, 30 November 2019, Pune
22. Transdisciplinary research and capacity building Panelist, AYUSH for future health challenges: Strengthening trans-disciplinary network for research, Savitribai Phule Pune University, 30 November 2019, Pune
23. Overview of science and logic behind Ayurveda, Lecture Series for Foreign Diplomats, Foreign Service Institute, Ministry of External affairs, Govt. of India, 11 December 2019, New Delhi
24. Pharmacovigilance of Traditional Medicine: An overview Invited lecture, 14th Skill Development Program on Pharmacovigilance for Medicinal Products, Indian Pharmacopoeia Commission, Ministry of Health & Family Welfare, Govt. of India, 13 December 2019, Ghaziabad
- 25-33. A series of 9 lectures on the scientific aspects of Ayurveda including research, Invited lectures for Annual Refresher Programme in Teaching (ARPIT) course in History of Indian Science and Technology, HRDC Centre (MHRD), Jawaharlal Nehru University, 14 December 2019, New Delhi
34. AYUSH systems and modern medicine: Why, how and where they differ, Plenary lecture at National Seminar on Integrative Research Approaches in Siddha System of Medicine – Recent Trends, Vardhaman Mahaveer Medical College, Safdarjung Hospital, 9 January 2020, New Delhi
35. A longitudinal MR study of the therapeutic effects of Yoga in post-stroke recovery, 61st Experimental NMR Conference (ENC), 9 March 2020, Baltimore, USA

#### **S Senthil Kumaran**

1. Neurobiology of Parkinson's Disease using NMR and MRI, Continuous Education Programme on the "Combating Neurological Disorders: Approaches and Methods", 18 September 2019, Delhi
2. MRI Imaging for Neuropsychiatric conditions, II Conference of Annual Report preparers, 12 December 2019, New Delhi
3. Metabolic and functional assessments in patients with Parkinson's Disease, 26th National Magnetic Resonance Society Meeting & Conference on NMR-from Molecules to Human Behaviour and Beyond, 20 February 2020, Rajkot

#### **Oral papers/posters presented**

1. Ankeeta, Kumaran SS, Jagannathan NR, Saxena R, Altered cortical thickness relevance in the early blind, late blind during the critical developmental time, 27th Annual Meeting & Exhibition of International Society for Magnetic Resonance in Medicine (ISMRM), 13-16, May 2019, Montréal, Canada
2. Ankeeta, Kumaran SS, Jagannathan NR, Saxena R, Neurocognitive modifications associated with auditory perception in children and adolescent group in early and late blind subjects: A functional magnetic resonance imaging study 27th Annual Meeting & Exhibition of International Society for Magnetic Resonance in Medicine (ISMRM), 13-16, May 2019 Montréal, Canada
3. Challa A, Jagannathan NR, Kachhawa G, Sood S, Sharma U, Kumar P, et al. ## RESEARCH

### Funded projects

#### *Ongoing*

1. NMR phytometabolomics and studies of chemosensory signature to address the fundamental question of 'rasa' in ayurvedic pharmacology, Rama Jayasundar, SERB, 3 years, 2017-2020, Rs 74.76 lakhs
2. Elucidating the pathobiology of classical ayurvedic interventions in post stroke recovery using magnetic resonance and other techniques based structural, functional and chemical biomarkers, Rama Jayasundar, SERB, 3 years, 2017-2020, Rs 79 lakhs
3. Effects of environmental and occupational noise on cognition, S Senthil Kumaran, Life Sciences Research Board (LSRB), DRDO, 3 years, 2018-2020, Rs 59.25 lakhs
4. Morphological and Neurobiological Changes in Spinocerebellar Ataxia Affected Patients (SCA) through MRI Techniques Using Computer Vision Based Analysis, S Senthil Kumaran, SERB, 3 years, 2019-2021, Rs 65.22 lakhs
5. Understanding and Facilitation of Neural Plasticity for Enhancing Post Stroke Recovery Using Low-Cost Non-Invasive Brain Stimulation Techniques, S Senthil Kumaran, DHR-ICMR, 3 years, 2017-2020, Rs 34.32 lakhs
6. Role of Normobaric Oxygen Therapy, Fluoxetin and Transcranial Direct Current Stimulation (rTDCS) in Hypoxic Ischemic Brain Injury - HIBI Initiative, S Senthil Kumaran, DBT, 5 years, 2018-2023, Rs 106.03 lakhs
6. MR spectroscopy for identification of non-invasive biomarkers in patients with gluten ataxia and celiac disease, Uma Sharma, AIIMS, 2 years, 2019-2021, Rs 4.50 lakhs
7. Elucidating the structural, neurobiological changes and identification of non-invasive biomarkers using magnetic resonance imaging and spectroscopy in major depressive disorder, Uma Sharma, SERB, 3 years, 2020-2023, Rs 33.08 lakhs

#### *Completed*

1. Spectroscopic analysis of medicinal plants for standardization and quality assessment, Rama Jayasundar, National Medicinal Plant Board (NMPB), Ministry of AYUSH, Govt. of India, 5 years, 2014-2019, Rs 48.96 lakhs
2. Elucidating the science of yoga as a therapeutic intervention in post stroke recovery study of brain using the technique of Magnetic Resonance, Rama Jayasundar, SERB, 3 years, 2017-2020, Rs 43.23 lakhs
3. Morphological, functional, Biochemical and Behavioral evaluation post-emf radiation, S Senthil Kumaran, SERB, 3 years, 2015-2018, Rs 52.70 lakhs
4. Neuro-imaging Hyposmia in Movement Disorder, S Senthil Kumaran, DST, 2014-2019, Rs 49.5 lakhs

### Departmental projects

#### *Ongoing*

1. NMR phytometabolomics for chemosensory and pharmacological evaluation for functional signatures of select medicinal plants
2. Role of Magnetic Resonance in assessing therapeutic efficacy of physiotherapy interventions in stroke patients
3. Role of Magnetic Resonance in assessing therapeutic efficacy of Ayurveda interventions in stroke patients
4. Spectroscopic studies on anti-HIV medicinal plants
5. Mapping functional and biochemical correlates in brain of Parkinson's Patients with Cognitive Impairment
6. In-bore MR guided targeted prostate biopsy in patients suffering from prostate cancer.
7. MRI and MRS of prostate cancer
8. NMR metabolomics study blood and urine in prostate cancer patients.
9. Metabonomics study of celiac disease by NMR spectroscopy
10. Metabolomic profile of healthy neonates
11. Evaluation of fumaric acid esters (FAEs) in experimental model of stroke in rats.
12. Neuroprotective study of nano carrier based Berberine chloride in middle cerebral artery occlusion model of transient focal cerebral ischemia in rats.

13. Evaluation of dihydromyricetin in experimental model of stroke and post stroke seizure susceptibility in rats.
14. MRI and MRS of prostate cancer
15. Metabolomics of patients with gluten ataxia
16. Evaluation of neuroprotective effects of safinamide in experimental model of ischemic stroke

### ***Completed***

1. Role of Magnetic Resonance in assessing therapeutic efficacy of yoga interventions in stroke patients
2. Identification of biomarkers in Parkinson's disease using NMR
3. Molecular and biochemical characterization of hepatic glycogenoses type I and III
4. Magnetic Resonance (MR) multi-parametric approach to the study of breast cancer and its correlation with molecular markers.

### **Collaborative projects**

#### ***Ongoing***

1. Spectroscopic analysis of medicinal plants for standardization and quality assessment, Ocular pharmacology and pharmacy
2. NMR phytometabolomics and studies of chemosensory signature of Ayurvedic medicinal plants, Ocular pharmacology and pharmacy
3. Elucidating the pathobiology of classical ayurvedic interventions in post stroke recovery using Magnetic Resonance and other technique based structural, functional and chemical, biomarkers, Neurology, Neuroradiology
4. Studies on anti-HIV medicinal plants, Biochemistry
5. Study of Cognition and QOL in chronic intractable epilepsy using Functional magnetic resonance imaging (fMRI), Neurology
6. Providing insights into the mechanism of modified Constraint Induced Movement Therapy in children with hemiparetic cerebral palsy – A Functional Magnetic Resonance Imaging based study, Paediatrics
7. Cue Induced Craving in Adolescent Inhalant Users: A functional magnetic resonance imaging (fMRI) study, Psychiatry
8. Neuroprotective study of lercanidipine and citalopram in experimental model of stroke in rats, Biophysics
9. Neurochemical Correlates of Cognitive Functions in Euthymic Patients with Bipolar I Disorder, Psychiatry
10. Providing insights into the mechanism of modified Constraint Induced Movement Therapy in children with hemiparetic cerebral palsy – A Functional Magnetic Resonance Imaging based study, Paediatrics
11. Cortical reorganization in complete spinal cord injured rats: Effect of superparamagnetic nanoparticles and low intensity magnetic field exposure, Physiology
12. Role of mediodorsal thalamic nuclei in sleep, Physiology
13. Robotic hand assisted Transcranial Magnetic Stimulation therapy for post stroke, Neuro-Rehabilitation, IIT New Delhi–CBME
14. Efficacy of comparative Magnetoencephalography vs Electroencephalography Source Localization and Propagation of interictal epileptic discharges in patients with drug resistant epilepsy, Neurosurgery and NBRC
15. Neurocognitive correlates of emotion and cognition among Yoga practitioners, physically active and sedentary lifestyle individuals: An fMRI and neuropsychological study, CIMR
16. Understanding movement execution and its cognitive processing in Parkinson's Disease–A pilot study. Department of Neurology, LHMC, New Delhi
17. Role of advanced ultrasound and advanced MRI in evaluation of prostate cancer, Radiodiagnosis
18. Role of multiparametric MRI in detection and localization of prostate cancer, Centre for Biomedical Engineering, IIT-Delhi
19. Metabolomics of serum in sepsis patients using proton nuclear magnetic resonance spectroscopy, Medicine
20. EEG cortical sources and connectivity of working memory and language processing in Attention Deficit Hyperactivity Disorder, Physiology
21. A comparative study of neurochemical alteration on 1h mrs in schizophrenia, obsessive compulsive disorder and schizophrenia with obsessive compulsive symptoms, Psychiatry
22. Small molecule Bio-signatures in Diagnosis of Tuberculosis, Microbiology
23. Analysis of anti-neurotoxicity of amyloid beta in Alzheimers (AD) disease pathology targeting lipooxygenases, Biophysics

### **Completed**

1. HIV associated neurocognitive decline and brain metabolism, Medicine
2. Elucidating the science of yoga as a therapeutic intervention in post stroke recovery study of brain using the technique of magnetic Resonance, Neurology and Neuroradiology

### **PATIENT CARE**

The department has three MRI scanners (two 3.0 Tesla and one 1.5 Tesla scanners) for patient care and research. The department provides continuous patient care MRI (24x7) services. The details of the number of patients scanned during the period April 2019 to March 2020 are:

Clinical Diagnostic MRI Scans	:	6119 patients
Research	:	876 patients and healthy volunteers

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor Rama Jayasundar** was nominated by Hon'ble President of India as His (Visitor's) nominee for Nagaland University Mumbai for a period of three years; Nominated by Vice Chancellor, Jawaharlal University (JNU) as a member of the Academic Council for Annual Refresher Program in Teaching Course in History of Indian Science and Technology; Invited by Ministry of External affairs, Govt. of India to address Foreign Diplomats from various countries on the science of Ayurveda; Hon'ble President of India's nominee as a member of the Executive Council of Delhi University; Hon'ble President of India's nominee for Indian Institute of Technology (IIT), Mumbai; Member of Advisory Committee of CSIR-Traditional Knowledge Digital Library (CSIR-TKDL), Council of Scientific and Industrial Research, New Delhi; Member of the Scientific Advisory Committee, Centre of Excellence, Interdisciplinary School of Health Sciences, Savitribhai Phule Pune University; Member of the Board of Governors of Indian Institute of Science Education & Research (IISER), Kolkata; Ministry of Human Resource Development (MHRD)'s nominee for the selection committee for appointment of Professors in the Indian Institute of Science Education & Research (IISER), Mohali; Nominated as member of jury for awards for Excellence in Information Technology in AYUSH Sector, Ministry of AYUSH, Government of India; Nominated as Member of the Executive Committee of the Central Council for Research in Homeopathy (CCRH), Ministry of AYUSH, Government of India; Keynote, plenary and invited speaker in 12 conferences; Editorial Board panel of Journal of Ayurveda and Integrative Medicine; Reviewer for Current Science and Journal of Ayurveda and Integrative Medicine.

**Professor S Senthil Kumaran** was elected member of Executive committee of ISMRM-Indian Chapter; Reviewer for Annals of Indian Academy of Neurology, Magnetic Resonance in Medicine, Neurorehabilitation & Neural Repair (Sage Publishing) and IEEE Access.

**Dr Uma Sharma** was Guest Editor for Frontiers in Neurosciences.

**Dr Virendra Kumar** was Editorial Board panel of Current Metabolomics and Systems Biology, Bentham Science; Reviewer for Journals: Scientific Reports, Springer Nature; Cancer Imaging, Springer Nature; World Journal of Surgical Oncology, Springer Nature; Cancer Medicine, John Wiley; Magnetic Resonance in Medicine, John Wiley; Journal of Electrical and Computer Engineering, Hindawi; Computer Methods and Programs in Medicine, Elsevier.

## 9.23. Nuclear Medicine

### Professor and Head

CS Bal

### Professors

Rakesh Kumar

Chetan D Patel (CNC)

### Additional Professors

Madhavi Tripathi

Anil K Pandey (Medical Physics)

### Associate Professors

Nishikant A Damle

Shamim A Shamim

### Assistant Professor

Khangemam Bangkim Chandra

### HIGHLIGHTS

Department of Nuclear Medicine has two distinct services: Diagnostic and Therapeutic facilities. The Diagnostic services include general nuclear medicine services using Gamma Camera, SPECT and SPECT/CT in main department and specialty services as Nuclear Cardiology unit in CNC that caters to patients referred for cardiac studies from CN center and other departments of the hospital. The main department has two PET/CT scanners and a dedicated 11 MeV Cyclotron with PET radiochemistry facility. The other division provide Therapeutic nuclear medicine facility for Endocrine tumours, metastatic Neuroendocrine tumours, metastatic castration-resistant Prostate cancers (mCRPC), pediatric cancers like neuroblastoma, adult malignant pheochromocytomas and paragangliomas, hepatocellular carcinoma, radiosynovectomy and Bone pain palliation using beta-particle emitters, namely I-131, Lu-177, P-32, Sm-153 and most recently alpha radionuclide Actinium-225 labelled DOTATATE and PSMA-617. In alpha therapy AIIMS is ahead of USA and among top 3 countries of the world using Ac-225.

### EDUCATION

The Department has 3 PhD, 5 DM, 22 MD & 18 MSc students in this academic year. Apart from that department also trained two physicians from Regional Cancer Centre at Agartala, Govt of Tripura in PET/CT for 6 months each and two Physicians from Imphal Govt Hospital, Manipur in Nuclear Cardiology for 3 months. Hands-on-training of five senior Nuclear Medicine Physicians from various National medical centres /hospitals in Therapeutic Nuclear Medicine under the supervision of Prof CS Bal from 22-24 April 2019.

Integrated teaching seminars for 6th Semester UG students taken by Professor CS Bal one on Introduction to Imaging along with Radiology faculty Prof DN Srivastav and for 8th Semester UG on Renal function Tests along with Professor Mahajan and again for 8th semester UG students on Neuroimaging along with Dr Joseph, Additional Professor in Neuroradiology.

Dr Madhavi Tripathi took Integrated seminar for 6th semester students on 19 March 20, on '*Benign and malignant tumors of the tracheo-bronchial tree including mediastinal tumors*'. Prof SK Kabra, Dr Sanjiv Sinha, Dr Smita Manchanda, and Dr Madhavi Tripathi.

### CMEs/Workshops/Symposia/National and International Conferences

#### Lectures delivered

CS Bal: 12

Rakesh Kumar: 9

Chetan Patel: 3

Madhavi Tripathi: 6

Anil Kumar Pandey: 5

Nishikant A Damle: 5

Shamim A Shamim: 2

#### CS Bal

1. Moderator, Symposia on Thyroglobulin Elevation with Negative Radioactive Iodine Scintigraphy (TENIS), Indian Thyroid Society (ITSCON2019) Annual Conference, 17-19 May 2019, Bengaluru
2. Co-Moderator, Therapy Council Meeting at SNMMI Annual Conference, USA Society of Nuclear Medicine & Molecular Imaging (SNMMI), USA, 25 June 2019, Anaheim, USA

3. Radiation Safety Issues in Nuclear Medicine Therapy, Medical Physics Conference, 20 July 2019, AIIMS, New Delhi
4. Recent Advances of Radionuclide Therapy in Neuroendocrine Tumours, National Update on Nuclear Medicine Therapy, 30 August 2019, Army Hospital R & R, New Delhi
5. PET/CT Response Evaluation Criteria following Immunotherapy, ANMPI Annual Conference, 19-21 September 2019, Pune
6. Role of Nuclear Medicine in Biliary Imaging, Pediatric Surgery Update, 23 September 2019, MAMC, Delhi
7. Radioiodine Therapy in Metastatic DTC, ISTS Annual Conference, 11 October 2019, Chennai
8. Neuroimaging in Epilepsy, National Update on Epilepsy Surgery, 13 October 2019, NIMS, Hyderabad
9. Role of Nuclear Medicine in Focal Epilepsy management, Kuwait Society of Nuclear Medicine, 25-27 October 2019, Kuwait city
10. Debate: Completion Thyroidectomy versus RAI Lobar Ablation, Thyroid Master Class 2019, 8 December 2019, Nagpur
11. Alpha Particle Therapy-Current Status, SNM Annual Meeting, 13 December 2019, Mumbai
12. Management of GEPNET by PRRT, National Update, 4 January 2020, ILBS, Delhi

#### **Rakesh Kumar**

1. Nuclear Medicine Training, Research Experience, SNMMI, 24 June 2019, Anaheim, USA
2. International Scene: Imaging, Tracers & Therapies, SNMMI, 25 June 2019, Anaheim, USA
3. PET/CT in Head & Neck Cancer, MAMC, 10 August 2019, New Delhi
4. Thoracic masses, XVII Annual SOC of Ped Radiology, 7 September 2019, AIIMS, New Delhi
5. Nuclear Medicine in Genitourinary System, AIIMS-MAMC-PGI Imaging, 16 November 2019, Delhi
6. PET/CT in Chest tumours, AIIMS Radiology Course, 30 November 2019, Delhi
7. Dual Time Point Imaging, SNM Annual Meeting, 12 December 2019, Mumbai
8. Lung VQ scan & GER scan, Pediatric Pulmonology & Intensive Care, 23 February 2020, AIIMS, New Delhi
9. Molecular Imaging in H & N Cancer, International oral cancer congress, 8 March 2020, Delhi
- 10.

#### **Chetan Patel**

1. Cardio-Oncology Nuclear Medicine Option, 1st Research Co-ordination Meeting on the International Study on Imaging in Cardio-Oncology (iCOS), 15-17 May 2019, Vienna, Austria
2. Emerging role of Nuclear Medicine in HF, CSI National Heart Failure Congress, 20 and 21 July 2019, Kochi, Kerala
3. Current trends and future application of Nuclear Imaging in HF, 12th Biennial Conference of Nuclear Cardiological Society of India, 5 and 6 October 2019, Chennai
- 4.
5. Madhavi Tripathi
6. Softwares for brain PET quantification, 3rd Annual conference of Nuclear Medicine Physicists of India-NMPAICON2019, 13 April 2019, Gurugram
7. Imaging and therapy in Neurodegenerative disorders, Nucleocon 2019, 31 August 2019, New Delhi
8. The role of molecular imaging (SPECT/PET) in better understanding neurological disorders, Combating Neurological Disorders: Approaches and methods-CEP, INMAS, 17 September 2019, Delhi
9. Case based review of Dementia, CME on Nuclear Medicine and Neurosciences, 13 October 2019, Hyderabad
10. PET imaging in Parkinson Plus syndromes, CME on Nuclear Medicine and Neurosciences, 13 October 2019, Hyderabad
11. Imaging in DRE-PET & SPECT in localization, ECON 2020, 17 January 20, Ahmedabad

#### **Anil Kumar Pandey**

1. Texture analysis and its application in nuclear medicine, 3rd Annual Conference of Nuclear Medicine Physicist Association of India (NMPAICON2019), 13 and 14 April 2019, Gurgaon
2. Prognostication of NSCLC cancer patients undergoing PET/CT scan using machine learning algorithm, CEP on Machine Learning in Nuclear Medicine, 3-5 July 2019, Delhi
3. Basic Atomic and Nuclear Physics, 2nd symposium on Basic Nuclear Medicine Physics and Radiation, Safety, 20 and 21 July 2018, Delhi

4. Radiation Hazard Evaluation and Control, Continuing Education Program on Radiation Safety in the Use of Radioactivity in Animals, 2-4 September 2019, Delhi
5. Texture Using HLAC, 51st Annual Conference of society of Nuclear Medicine, India, SNMICON 2019, 12-15 November 2019, Mumbai

#### **Nishikant A Damle**

1. Challenges in Ca Thyroid Management, ANMPICON–2019, 22 September 2019, Pune
2. Nuclear Medicine in Endocrinology, Mid-Term ESICON called EnSPIRE, 15 and 16 February 2020, Gurugram
3. PET scan in Endocrine Practice, Society for Promotion of Education in Endocrinology & Diabetes (SPEED), 1 and 2 February 2020, Gurugram
4. Nuclear Medicine in Endocrinology, ANMPI-2019, 28 April 2019, Aurangabad
5. TENIS syndrome and redifferentiation therapies–the current perspective, NUCLEOCON 2019, 30 August 2019, New Delhi

#### **Shamim A Shamim**

1. The Changing Paradigm in Treatment of Lung Cancer, CRABECON PUNJ 2019, September 2019, Jammu
2. Management of oligometastasis in prostate Cancer, PROSCON 2019, December 2019, Jammu

#### **Oral papers/posters presented**

## RESEARCH

### Funded projects

#### *Ongoing*

1. Dosimetry Of 177lu -Labelled PSMA-617 In Castration-Resistant Prostate Cancer Patients. CS Bal, ICMR, 3 years, 2017-2020, Rs 25 lakhs
2. Comparison of Alpha Emitting 225Ac-DOTATATE Versus Beta Emitting 177Lu-DOTATATE Therapy in Advanced End-stage Gastroenteropancreatic Neuroendocrine Tumor (GEP-NET) Patients. CS Bal, ICMR, 5 years, 2019-2024, Rs 150 lakhs
3. Use of PET-CT with Gallium-68 Labeled Prostrate Specific Membrane Antigen in the Diagnosis and Follow-up of Patients with Prostate Cancer, Rakesh Kumar, IAEA, 5 years, 2017-2022, Euro 15,000
4. International study on imaging in Cardio-Oncology Study (iCOS), Chetan D. Patel, IAEA, 5 years, 2019-2023, Euro 2000

5. Enhancing the capacity of neuroimaging and biomarkers: Application in early-stage Alzheimers disease with comorbidities, Madhavi Tripathi, IAEA, 4 years, 2015-2020, Euro 18,000
6. Evaluation of long acting octreotide therapy in steroid resistant Graves ophthalmopathy with somatostatin receptor expression on 68Ga-DOTANOC PET/CT, Nishikant A. Damle, AIIMS, 2 years, 2019-2021, Rs 5 lakhs/year
7. Diagnostic accuracy of antifungal scintigraphy in diagnosing invasive fungal disease (IFD) in febrile neutropenia in pediatric hematologic malignancies, Nishikant A. Damle, AIIMS, 2 years, 2019-2021, Rs 5 lakhs/year
8. Utility of Radiolabelled Antibiotics as Imaging Agents in Establishment of a Decision Support Algorithm in Patients with Pyrexia of Unknown Origin (PUO) caused by Infection and its Impact on Short Term and Long Term Clinical Outcomes, Nishikant A. Damle, ICMR, 2019-2022, 3 years, Rs 36 lakhs
9. 68Ga-PSMA PET-CT for evaluation of hepatocellular carcinoma, Shamim A Shamim, AIIMS, New Delhi, 1 year, 2019-2020, Rs 5 lakhs
10. Comparison of Re-188-HDD Lipiodol Trans Arterial Radionuclide Therapy (TART) with Re-188-DEDC Lipiodol TART in the management of advanced Hepatocellular Carcinoma: A Randomized Control Trial, Shamim A Shamim, ICMR, 3 years, 2019-2022, Rs 47.56 lakhs

## Departmental projects

### Ongoing

1. 225Ac-DOTATATE therapy in GEP-NETs
2. 225Ac-PSMA-617 therapy in castration resistant prostate cancer
3. 68Ga-PSMA PET-CT for evaluation of hepatocellular carcinoma
4. A retrospective cohort study to analyse the diagnostic accuracy of SISCOS in drug refractory epilepsy
5. A retrospective study to compare diagnostic accuracy of 18F-FCH PET/CT, 4D-CT and 99m Tc-Sestamibi in detection and localization of culprit lesions in patients with primary hyperparathyroidism
6. Biodistribution and radiation dosimetry of 68Ga-DATA.SA.FAPi in patients diagnosed with various cancers.
7. Comparison of 225Ac-PSMA-617 versus 177Lu-PSMA-617 in the treatment of metastatic castration resistant prostate cancer.
8. Comparison of Re-188-HDD Lipiodol Trans Arterial Radionuclide Therapy (TART) with Re-188-DEDC Lipiodol TART in the management of advanced Hepatocellular Carcinoma: A Randomized Control Trial
9. Design and methods of the YOGICAD study- A probe trial to evaluate the efficacy of yoga based cardiac rehabilitation in Post PCI patients
10. Diagnostic performance of CRH stimulated BIPSS in patients with ACTH dependent Cushing's syndrome
11. Dosimetric study in children and young adults with differentiated thyroid cancer undergoing radioiodine therapy.
12. Evaluation of standard uptake value ratios in 18F-tau positron emission tomography
13. Evaluation of Striatal Binding ratios on Tc-99m TRODAT SPECT/CT
14. Gastric emptying scintigraphy using standard vegan meal: Establishment of control values
15. Is there a need to change administered 131I activity in high turnover Graves disease
16. Non invasive tissue diagnosis – A comparison of the accuracy of parametric mapping on MRI with cardiac PET scan in determining the response to therapy in cardiac sarcoidosis
17. Prospective comparison between 18F-FDG PET/CT and conventional modalities for Ewing's family of tumors
18. Prospective evaluation of Prostate Specific Membrane Antigen expression in recurrent high grade gliomas using Ga-68 PSMA PET/CT.
19. Role of 18F-Fluorocholine PET/CT in the localization of culprit lesions in patients with persistent/recurrent primary hyperparathyroidism
20. Role of 68Ga-DOTA/DATA.SA.FAPi in the staging of breast cancer.
21. Role of 68Ga-PSMA-HBED-CC PET/CT in Adenoid Cystic Carcinoma
22. Role of Texture analysis in 18F-FDG PET/CT in response assessment in soft tissue sarcoma
23. Scintigraphic Image Restoration using Constrained least square filtering
24. Scintigraphic images Restoration using Richardson Lucy Algorithm
25. Standardization of technetium-99m ethylene dicysteine (99mTc-LLEC) clearance in renal transplant donors/normal human subjects and comparison with Glomerular Filtration Rate (GFR) in vitro by two plasma sample method
26. To assess the feasibility of Flourine-18 Fluoro L-Dihydroxyphenylalanine (F-18 FDOPA) PET-CT for evaluation

of cardiac sympathetic innervation in Heart Failure. Comparison with Carbon-11 Hydroxyephedrine (C-11 HED) PET-CT

27. To study the clinical profile, investigations and outcome of patients Undergoing Parathyroidectomy: A Retrospective and Prospective Experience.
28. To study the concordance of thyroid imaging and data reporting system (TIRADS) and the Bethesda system for reporting thyroid cystopathology (TBSRTC) with final histopathology in solitary thyroid nodule (STN)
29. To study the role of vascular function and pain sensitivity in microvascular angina
30. Utility of <sup>99m</sup>Tc Ubiquitin in differentiation of infective and noninfective lesions

### **Completed**

1. A pilot study to assess the therapeutic potential of <sup>177</sup>Lu-DKFZ-PSMA 617 in <sup>68</sup>Ga-PSMA HBED CC PET/CT positive anaplastic thyroid carcinoma
2. A Prospective study to determine the efficacy of Positron Emission Tomography/Computed Tomography (PET/CT) in detecting residual disease in Locally Advanced Head & Neck Squamous Cell Carcinoma managed with primary Chemo-Radiation Therapy
3. Comprehensive assessment of right ventricle function and pulmonary perfusion in patients with Eisenmenger syndrome using multi-modality imaging
4. Dosimetry and efficacy of <sup>177</sup>Lu-PSMA-617 therapy in metastatic castration resistant prostate patients
5. Effect of dietary intervention in reducing interfering infra-cardiac activity in patients undergoing <sup>99m</sup>Tc-MIBI Myocardial Perfusion SPECT
6. Efficacy of Rhenium -188 HDD lipiodol in hepatocellular carcinoma with malignant portal vein thrombosis
7. Evaluation of amnesic mild cognitive impairment using F-18 Tau and F-18 FDG PET/CT.
8. Image denoising using wavelet transform
9. Imaging PSMA expression in metastatic triple negative breast cancer using <sup>68</sup>Ga-PSMA PET/CT.
10. In vivo assessment of somatostatin receptor expression with <sup>68</sup>Ga-DOTANOC PET/CT in patients with autoimmune and immune related orbitopathy
11. Interim treatment response evaluation of high grade lymphoma using texture analysis on F-18 FDG PET/CT study
12. Prevalence of asymptomatic stress induced myocardial ischemia in patients with advanced CKD by stress myocardial perfusion scintigraphy
13. Role of <sup>18</sup>F-FDG PET-CT in staging and early treatment response evaluation in patients of soft tissue sarcoma
14. Role of <sup>68</sup>Ga-DOTANOC PET/CT in Cardiac Sarcoidosis; Comparison with Cardiac MRI
15. Synthesis, Quality Control and Biodistribution Studies Of <sup>99m</sup>Tc Labelled Antibiotics for Infection Imaging.

### **Collaborative projects**

#### **Ongoing**

1. Biodistribution and radiation dosimetry of <sup>68</sup>Ga-DOTA-SA-FAPi in patients diagnosed with various cancers. University of Mainz, Germany.
2. Evaluation of the graft kidney by contrast-ultrasound and elastography in early postoperative period, Radiology
3. Evaluation of unknown head and neck primaries metastatic to cervical lymph nodes, ENT, Ortho
4. Monosymptomatic rest tremor classification based on clinical electrophysiological and dopamine transporter binding profile in Indian patients. Department of Neurology, GB Pant Institute of Maulana Azad Medical College & Associated G.I.P.M.E.R., New Delhi
5. Role of <sup>68</sup>Ga-DOTA/DOTA-SA-FAPi in the staging of breast cancer. University of Mainz, Germany.
6. Value of Gated-SPECT MPI for Ischemia-Guided PCI of non-culprit vessels in STEMI Patients with Multivessel Disease after primary PCI, Cardiology

#### **Completed**

1. A study of clinical spectrum of drug induced movement disorders and its associated risk factors. Department of Neurology, GB Pant Institute of Maulana Azad Medical College & Associated G.I.P.M.E.R., New Delhi
2. Cognitive impairment in early onset and idiopathic parkinson's disease. Department of Neurology, GB Pant Institute of Maulana Azad Medical College & Associated G.I.P.M.E.R., New Delhi

## PATIENT CARE

Department of Nuclear Medicine has two distinct services: Diagnostic facility that includes general nuclear medicine services using Gamma Camera, SPECT and SPECT/CT in main department and specialty services as Nuclear Cardiology unit in CNC that caters to patients referred for cardiac studies from CN center and other departments of the hospital. The department does 120-150 diagnostic patient scans/studies per day.

The other division provide therapeutic nuclear medicine facility for Endocrine tumours, metastatic Neuroendocrine tumours, metastatic castration-resistant Prostate cancers (mCRPC), hepatocellular carcinoma, radiosynovectomy and Bone pain palliation using beta-particle emitters, namely I-131, Lu-177, P-32, Sm-153 and most recently alpha radionuclide Actinium-225 labelled DOTATATE and PSMA-617. The therapeutic facility provide OPD facility for 110-170 patients per day and admits about 35-50 patient studies per week. Most of the therapies in Nuclear medicine is OPD procedures and as per AERB regulations all thyroid cancer patients administered more than 30 mCi I-131 need admission. We have more than 11,000 DTC patients under our regular follow up since 1967, and more than 7000 hyperthyroid patients since 1972. We have daily OPD services with faculty and DM students taking care of both indoor and outpatient facilities.

The department routinely performs myocardial perfusion SPECT imaging which is an integral investigation in the diagnosis and management of patients with coronary artery disease. We also perform cardiac PET imaging with PET tracer F-18 FDG for assessment of myocardial viability and for cardiac infective pathologies. New diagnostic techniques for non CAD indications are now performed like Gallium-68 DOTANOC and Tc99m PYP for cardiac sarcoidosis and infiltrative/inflammatory pathologies, respectively. We have also assessed the feasibility of F-18 FDOPA for evaluation of cardiac sympathetic innervations and in an ongoing study evaluating its role in Heart failure patients. The department also performs radionuclide ventriculography for assessment of left ventricular function in CAD patients referred from the center and from IRCH for cardiac evaluation in patients receiving chemotherapy.

### The number of diagnostic scans and radionuclide therapies administered 2019-2020

<b>Routine diagnostic</b>	
99mTc-RBC Blood Pool Scan	24
DMSA	1460
DRCG	178
ECD-Ictal SPECT	229
ECD-INT SPECT	258
GER	502
GET	99
HIDA	278
LIV-SPLN	02
Lymphoscitigraphy	219
MDP Bone Scan	1803
131I-MIBG-Dx	271
131I-MIBG-Tx	27
Meckel's Scan	40
Parathyroid Imaging	213
Renal Dynamic Study	3788
Sentinel Node Imaging	02
PertechnetateThyroid Scan	457
99mTc-Trodat Scan	14
WBS -Dx	1179
WBS-Tx	864

177LU-DOTATATE	48
177LU-PSMA-617	35
177LU-EDTMP/DOTMP/BPAMD/ZOL	20
225Actinium – DOTATATE	28
225Actinium-PSMA-617	12
131I-MIBG	1145
131I-Therapy for Hyperthyroidism	300
131I-Therapy for Thyroid Cancer	798
GFR	2242

### HIGHLIGHTS

The Department started Gynaecologic Oncology services at the National Cancer Institute, AIIMS, Jhajjar, in February 2020. Both OPD and OT services were initiated with 24x7 availability of resident doctors and consultants.

### EDUCATION

The first candidates of MCh (Gynaec Oncology) and DM (Reproductive Oncology) passed the examination in December 2019.

### Short Term Training

1. The Department offers short term training in various super specialty subjects like Gynae Endoscopic Surgery, High Risk Pregnancy, Gynae Oncology, Ultrasonography and Infertility. Following Doctors were trained in different disciplines.
2. Dr Beela Venkata, Vishakapatnam, 15 March 2019 to 15 May 2019, Minimally Invasive Gynaecological Surgery
3. Dr Radha Kumari, Vishakapatnam, 15 March 2019 to 15 May 2019, Minimally Invasive Gynaecological Surgery
4. Lt Col Dr Shahnur Chisty, Bangladesh, 17 June 2019 to 16 December 2020, Maternal Foetal Medicine
5. Col Dr Ismat Ara, Bangladesh, 17 June 2019 to 16 December 2029, Maternal Foetal Medicine
6. Dr Poonam Sharma, Haryana, 3 September 2019 to 2 March 2020, Minimally Invasive Gynaecological Surgery
7. Lt Col Abhijeet Kumar, Military Hospital, Ramgarh Cantt, 1 October 2019 to 30 September 2020, Maternal Foetal Medicine
8. Dr Charu Sharma, Rajasthan, 9 December 2019 to 20 December 2019, Maternal Foetal Medicine
9. Dr Meenakshi Gothwal Rajasthan, 9 December 2019 to 20 December 2019, Maternal Foetal Medicine
10. Dr Divya Pandery New Delhi, 23 December 2019 to 5 January 2020, Obstetrics & Gynaecology

### Long Term Training

1. Lt Col Dr Vinod G Nair, Ministry of Defence, New Delhi, 31 October 2017 to 31 October 2019, Minimally Invasive Gynaecological Surgery
2. Lt Col Dr Venus Deshwal, Ministry of Defence, New Delhi, 1 November 2017 to 31 October 2019, Minimally Invasive Gynaecological Surgery

3. Lt Col (Dr) Mhaske Nilesh Madhukar, Ministry of Defence, New Delhi, 15 October 2018 to 14 October 2019, Maternal Foetal Medicine
4. Wg Cdr N Mohana Priya, Command Hospital (AF), Bangalore, 7 October 2019 to 7 October 2021, Minimally Invasive Gynaecological Surgery

### **CMEs/Workshops/Symposia/National and International Conferences**

#### **Organized by the Department**

1. Understanding Doppler in Obstetrics, 28 April 2019, AIIMS, New Delhi
2. VIIth AIIMS Fetal Medicine Workshop, 29 April 2019 to 2 May 2019 AIIMS, New Delhi
3. Bowel Suturing Practicum Workshop for MCh (Gyn Onc) & SRs, 11 May 2019, AIIMS, New Delhi
4. Fetal Echocardiography Workshop, 8 September 2019, AIIMS, New Delhi
5. 41st Annual Conference of Association of Obstetricians and Gynaecologists of Delhi 26-29 September 2019, Nehru Place, New Delhi
6. National Partners Meeting for Quality of Care Work, 16 and 17 December 2019, AIIMS, New Delhi
7. Expert Group Meeting to review undergraduate medical curriculum to strengthen comprehensive abortion care: WHO-SEARO, 23 and 24 December 2019, New Delhi

#### **Organisation of Workshops related to Quality Improvement**

1. First Residents Orientation Workshop for Quality Improvement, 13 April 2019, AIIMS, New Delhi
2. Second Residents Orientation Workshop for Quality Improvement, 11 May 2019, AIIMS, New Delhi
3. Quality Improvement Methodology Workshops, under the AOGD QI committee, 28 July 2019, LHMC, New Delhi
4. Orientation Workshop for National Mentoring for LaQshya identified Medical Colleges led by AIIMS, 30 and 31 August 2019, AIIMS, New Delhi
5. Quality Improvement Methodology Workshops, under the AOGD QI committee, 16 November 2019, MAMC, New Delhi
6. Quality Improvement Methodology Workshops, under the AOGD QI committee, 14 December 2019, AIIMS, New Delhi
7. Third Residents Orientation Workshop for Quality Improvement, 12 December 2019, AIIMS, New Delhi
8. Fourth Residents Orientation Workshop for Quality Improvement, 3 March 2020, AIIMS, New Delhi

#### **Lectures delivered**

**Sunesh Kumar: 1**

**Neena Malhotra: 27**

**Neeta Singh: 8**

**Reeta Mahey: 5**

**Rajesh Kumari: 5**

**Richa Vatsa: 1**

**Archana Kumari: 1**

**Neerja Bhatla: 24**

**Vatsla Dadhwal: 22**

**K Aparna Sharma: 52**

**Vidushi Kulshrestha: 6**

**Jyoti Meena: 7**

**Rinchan Zangmo: 1**

**Neha Varun: 2**

**KK Roy: 23**

**JB Sharma: 17**

**Garima Kachhawa: 9**

**Seema Singhal: 6**

**Juhi Bharti: 8**

**Deepali Garg: 1**

**Anubhuti Rana: 9**

#### **Sunesh Kumar**

1. Medical Education/From Past to Future, 41st AOGD Conference, 28 and 29 September 2019, New Delhi

#### **Neerja Bhatla**

1. Recent Updates in Cervical Cancer, 1st National Oncology Conclave, 6 and 7 April 2019, Ludhiana
2. Comparison of Portable Colposcopic Devices, 14th Annual Conference of the Indian Society for Colposcopy and Cervical Pathology (ISCCP), 19-21 April 2019, Visakhapatnam
3. New FIGO staging of cervical cancer, 14th Annual Conference of ISCCP, 19-21 April 2019, Visakhapatnam
4. FIGO-WHO goals for Cervical Cancer Elimination, 14th Annual Conference of ISCCP, 19-21 April 2019, Visakhapatnam
5. Portable colposcopes and the quest for elimination for Cervical Cancer, AOGIN Interim Meeting, 2019, 26-28 April 2019, Beijing, China
6. Management of Locally Advanced Ca Cervix Update in Oncology – 2019, Controversies in Gynae Oncology, 4 and 5 May 2019, New Delhi
7. Technique of Open Wertheim Hysterectomy (Video presentation), Update in Oncology– 2019, Controversies in Gynae Oncology, 4 and 5 May 2019, New Delhi

8. Portable Colposcopy and Elimination of Cervical Cancer, IV Colombian Colposcopy Congress, 23-25 May 2019, Cartagena, Colombia
9. New FIGO classification (2018) for cervical cancer and its implication, IV Colombian Colposcopy Congress, 23-25 May 2019, Cartagena, Colombia
10. Elimination of Cervical Cancer by 2030–The new goal National Congress on Technology, Advances and Infections in Obst. & Gynae, 22 and 23 June 2019, Hyderabad
11. Portable colposcopes–Taking technology to last mile facilities, 1st World Congress on Women’s Health Innovations and Inventions (WHII): Addressing Unmet Needs, 9-11 July 2019, Tel Aviv, Israel

7. Tales of Nomadic Migration, Clinical Combined Round, 11 February 2020, Delhi

#### **Juhi Bharti**

1. Video presentation on techniques of Caesarean Section, Academic Program, PG Heights Top, 7 April 2019, New Delhi
2. Group facilitator for Making own projects, Quality Improvement workshops in medical colleges and government hospitals of Delhi to orient the clinicians towards methodology for quality improvement to implement the Laqshya Labour Room Guidelines, 28 July 2019, New Delhi
3. PPH Management, Drill & Skill, Breaking Silos Across: Adolescence to menopause (Conference), 10 August 2019, New Delhi
4. Skill & Drill\_Eclampsia Current Concepts in Ob Gyn, PG Heights, 25 August 2019, New Delhi

5. Group facilitator for elements of coaching exercises, Workshop on National Mentoring for implementation of Laqshya in medical colleges organised by WHO CCR and AIIMS, New Delhi, 30 and 31 August 2019, New Delhi
6. Skill & Drill\_Eclampsia & Shoulder Dystocia, 41st Annual AOGD Conference, 29 September 2019, New Delhi
7. Skill & Drill\_Shoulder Dystocia, Academic Programme by PG Heights Top, 10 November 2019, New Delhi
8. Group facilitator for Making own projects, Quality Improvement Workshop in AIIMS to implement Laqshya labour Room Guidelines, 14 December 2019, New Delhi

#### **Richa Vatsa**

1. Antenatal counselling for suspected congenital anomalies, 1st International Nursing CME and Module development in child care, 1 and 2 November 2019, Delhi

#### **Rinchan Zangmo**

1. Intra-partum care in high risk mothers, 1st International Nursing CME & Module Development in Child Care, Department of Pediatric Surgery, AIIMS, New Delhi, 1 November 2019, New Delhi

#### **Deepali Garg**

1. Fetal surgery & ethics, 1st International Nursing CME & Module Development in Child Care, Department of Pediatric Surgery, AIIMS, New Delhi, 1 November 2019, New Delhi

#### **Archana Kumari**

1. Telemedicine during COVID-19 pandemic, Webinar organized by NARCHI, Delhi, 2 May 2019, New Delhi

#### **Neha Varun**

1. Panelist, Indian Fertility Society, 7 December 2019, Delhi
2. Panelist, ACOG, 29 January 2020, Lucknow

#### **Anubhuti Rana**

1. Fetal Growth Restriction: Current guidelines, Third Quarterly meet of SFM, 28 April 2019, AIIMS, New Delhi
2. Antihypertensive therapy, 41st Annual Conference Association of Obstetricians and Gynaecologists of Delhi, 26-29 September 2019, New Delhi
3. Active Management of third stage of labour, PG Academic program: PG Heights Tops, 2 June 2019, New Delhi
4. Eclampsia: Anti-hypertensive therapy, PG Academic program: PG Heights Tops, 25 August 2019, New Delhi
5. Screening for Preeclampsia, PG academic program: PG Heights Tops, 25 August 2019, New Delhi
6. Congenital heart disease and fetal echocardiography, PG academic program: PG Heights Tops, 10 November 2019, New Delhi
7. Shoulder Dystocia, PG academic program: PG Heights Tops, 10 November 2019, New Delhi
8. WHO India Compilation of Laws, Policies and Guidelines for Safe Abortion in India, Expert Group Meeting to review undergraduate medical curriculum to strengthen comprehensive abortion care: WHO-SEARO, 23 December 2019, New Delhi
9. Stillbirth: The way forward, CME, 21 January 2020, Rewari, Haryana

#### **Oral papers/posters presented**

1. Behera A, Rewari V, Ramachandran R, Trikha A, Kumar S. Long Term Clinical Outcome and Late Toxicity of Intensity Modulated Vs Conventional Pelvic Radiation Therapy for Locally Advanced Cervix Carcinoma, 44th Annual Regional Anesthesiology and Acute Pain Medicine Meeting, 11-13 April 2019, Las Vegas, Nevada

## RESEARCH

### Funded projects

#### *Ongoing*

1. A Double-blind, Randomized, Adaptive Design, Controlled Clinical Trial to Evaluate the Efficacy and Safety of Saroglitazar 2 mg and 4 mg Tablets Versus Placebo for Treating Women with Polycystic Ovary Syndrome (PCOS), Garima Kachhawa, Cadila Health Care Ltd., 1.5 years, 2019-2021, Rs 1 lakh
2. A feasibility study to assess the usability, usefulness and adherence to Standard Treatment Guidelines in Indian Healthcare Settings with the use of Elsevier's "Arezzo ®"-a Declarative Artificial Intelligence based Clinical Decision Support System and pathway technology, K Aparna Sharma, NITI Aayog-UK-DIT, 1 year, 2019-2020, Rs 37.83 lakhs
3. A Phase-II/III, Partially Double-blind, Randomized, Active-controlled, Multicentric Study to Assess the Immunogenicity and Safety of SIIPL's qHPV Vaccine Administered Intramuscularly in Healthy Volunteers

According to a two-dose Schedule to Cohort 1 (Girls and Boys Aged 9-14 years) and a three-dose Schedule to Cohort 2 (Women and Men Aged 15-26 years) as Compared to Merck's HPV6/11/16/18 vaccine (Gardasil®), Neerja Bhatla, Serum Institute of India Pvt. Ltd., Pune, 5 years, 2018-23, Rs 17.47 lakhs

4. A prospective study to develop a preeclampsia prediction model for the Indian Population based on contingent utilisation of historical factors and biophysical and biochemical parameters, K Aparna Sharma, AIIMS, 2 years, 2018-2021, Rs 3.5 lakhs
5. A prospective, open-label, single-center, single arm, post-marketing study to evaluate the efficacy and safety of D-chiro inositol and myo-inositol combination on ovarian function and metabolic factors in women with polycystic ovarian syndrome (PCOS), Garima Kachhawa, Ambrosia Life Science Pvt. Ltd., 2 years, 2019-2021, Rs 12.96 lakhs
6. A Randomized Controlled Trial of a Study Comparing Autologous Rectus Fascia Pubovaginal Sling versus Mid-Urethral Sling versus Burch Colposuspension Procedure in Women with Stress Urinary Incontinence. JB Sharma, ICMR, 3 years, 2019-2022, Rs 65 lakhs
7. A side-by-side comparison of a transvaginal colposcope to standard of care visual inspection in a 100-patient pilot study on women undergoing cervical cancer screening, Neerja Bhatla, Duke University, NC, USA, 3 years, 2017-20, Rs 10.53 lakhs
8. Age specific normograms of Anti-Mullerian Hormone (AMH) and Antral Follicle Counts in infertile and fertile Indian women, Neena Malhotra, CSR funded by RECPDCL, Government of India, 3 years, 2016-2020, Rs 50 lakhs
9. AIIMS National Mentoring Group for Implementation of Laqshya in Medical Colleges: A Quality Improvement Project, K Aparna Sharma, AIIMS-MOHFW-NHSRC Initiative, 1 year, 2019-2020, Funding for travel, stay and Honorarium of Mentors by GOI
10. Circulatory exosomal microRNA as marker of endometriosis-A Pilot Study, Juhi Bharti, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
11. Developing a low cost training model for teaching the skills of screening and treatment of pre invasive lesions of cervix to health care professionals, Seema Singhal, AIIMS, 1 year, 2019-2020, Rs 3.45 lakhs
12. Development of an informative tool for early detection of placenta iron status and risk of malaria: a cost-effective approach to reduce adverse pregnancy outcomes, K Aparna Sharma, DHR, 36 months, 2017-2020, Rs 101.66 lakhs
13. Effect of Yoga on maternal and perinatal outcome on Pregnancy, JB Sharma, DST, 3 years, 2020-2023, Rs 35 lakhs
14. Effectiveness and safety of 2 vs 3 doses of HPV vaccine in preventing cervical cancer: An Indian Multi-centre randomized trial, Neerja Bhatla, WHO-IARC, 11 years, 2009-20, Rs 193.36 lakhs
15. Effects of Non-Ionizing Electro Magnetic Field (EMF) on Human Health, JB Sharma, ICMR, 5 years, 2019-2024, Rs 47 lakhs
16. Enhanced, tailored antenatal care to reduce anaemia in pregnancy – The Comprehensive Anaemia Programme and Personalized Therapies (CAPPT) project, Vatsla Dadhwal, DBT, 3 years, 2018-2021, Rs 116.98 lakhs
17. Evaluation of prevalence, regional phenotypic variation, co-morbidities, risk factors and the variation in response to different therapeutic modalities among Indian women with PCOS: A multicenter study across India, Neena Malhotra, ICMR, 4 years, 2018-2021, Rs 37.58 lakhs
18. Implementation of WHO ANC Model using web based application in primary, secondary and tertiary health care levels by trained health care providers, semi-skilled healthcare providers and community health workers, K Aparna Sharma, DST, 2 years, 2019-2021, Rs 19.75 lakhs
19. Rapid point of Care Detection of HPV-Associated Malignancies, Neerja Bhatla, NCI, USA through Arizona State University, USA, 3 years, 2017-20, Rs 90.19 lakhs
20. Role of Endocrine Disrupting Chemicals (EDC'S) in Maternal and Child Health, Garima Kachhawa, ICMR, 3 years, 2018-2021, Rs 35.72 lakhs
21. To evaluate combination of biochemical endothelial markers and arterial stiffness in prediction of preeclampsia, Garima Kachhawa, ICMR (DHR), 3 years, 2018-2021, Rs 73.93 lakhs
22. To evaluate the role of Autologous Bone Marrow derived Stem Cells transplantation for premature ovarian ageing, Neeta Singh, AIIMS, 2 years, 2019-2020, Rs 10 lakhs
23. To investigate the role of natural Killer cells in implantation failure and to study immunomodulatory effect of Intralipids in women with elevated uterine natural Killer (uNK) cells in fresh non donor IVF cycles- A randomized Controlled trial, Neeta Singh, ICMR, 3 years, 2019-2022, Rs 40 lakhs
24. To study the efficacy and safety of Diosmin (900 mg) given along with Traneximic acid (500 mg) and Mefenamic acid (250 mg) in reducing menstrual blood loss in patients of Abnormal Uterine bleeding, JB Sharma, Wallter Bushnel, 4 years, 2016-2020, Rs 17 lakhs
25. To study the prevalence of FSH receptor gene polymorphisms in infertile and fertile Indian women and evaluate

response to ovarian stimulation in the infertile subset undergoing IVF/ICSI, Reeta Mahey, SERB, 3 years, 2018-2021, Rs 35 lakhs

26. Validation of Preeclampsia Congo Red Detection kit (Point-of-Care test) : Multicentric trial, K Aparna Sharma, Perkin-Elmers, 2 years, 2019-2021, Funding for Kits

### **Completed**

1. Comparison between two Regimens of Intermittent Ulipristal Acetate treatment in management of uterine fibroids, Garima Kachhawa, Jagsonpal Pvt. Ltd, 3 years, 2016-2019, Rs 4.45 lakhs
2. Development and pilot testing of smart phone based app for non-invasive detection of anaemia in pregnant women, Vatsla Dadhwal, AIIMS-UCL, 1 year, 2019, Rs 5 lakhs
3. Evaluation of Gene Xpert as compared to conventional methods in diagnosis of genital TB among infertile women, JB Sharma, Ministry of Health and Family Welfare (MOHFW), 3 years, 2016-2020, Rs 28 lakhs
4. The expression of Human Epididymis protein 4 (HE4) in ovarian carcinoma and correlation with prognosis, Neerja Bhatla, ICMR, 2 years, 2017-2019, Rs 3.19 lakhs

### **Departmental projects**

#### **Ongoing**

1. A comparative pilot study of TOT vs rectus fascia pubovaginal sling surgery in patients with urodynamically proven SUI
2. A comparison of efficacy of transrectal ultrasonography (TRUS) with magnetic resonance imaging (MRI) in assessing tumor characteristics and metastatic disease in women with cervical malignancy
3. A Cross-Sectional Case- Control Study of Depression in Incontinent Women
4. A prospective randomized control trial to compare the efficacy of darifenacin versus
5. A Prospective randomized controlled trial to study the effect of prenatal yoga on maternal weight gain and psychological stress in pregnancy and its association with pregnancy outcomes: A Pilot study
6. A prospective study of Fetal Cardiac profiling in Appropriately Grown small for Gestational age and Growth restricted fetuses and its association with perinatal outcome
7. A Prospective Study to Evaluate the Effect of Laparoscopic Salpingectomy on Ovarian Reserve in Patients with Hydrosalpinges
8. Agonist (LEUPROLIDE) prior to in-vitro-fertilization (IVF) cycle in women with endometriosis associated infertility – A Randomized Controlled study
9. Assessment of pain score after administration of 1% injection lignocaine versus emla cream in patients undergoing prenatal invasive testing
10. Assisted Reproductive Technique outcomes after growth hormone supplementation in poor responders undergoing IVF – A Randomized Controlled Trial
11. Association of placental volume and vascularisation indices in pregnancy following in vitro fertilisation & adverse pregnancy outcome
12. Comparison of a dual trigger versus a single trigger in antagonist cycles in non donor in vitro fertilization: A Randomised Controlled Trial
13. Comparison of Cervical Shear Wave Elastography, Bishop Score, and Transvaginal Cervical Length Measurement for Prediction of Successful Labor Induction: A Pilot Study
14. Comparison of Direct Trocar and Verres Needle in Establishing Pneumoperitoneum During Laparoscopy: A Clinical Trial
15. Comparison of Insulin Resistance as Marker of Psychological Morbidity (perceived stress, depression and anxiety) and Quality of Life (QoL) Between PCOS and non-PCOS Infertile women- A case control study
16. Comparison of Myoinositol plus Metformin versus Myoinositol alone in PCOS women undergoing ovulation induction and IUI cycles- A Randomized Controlled Trial
17. Comparison of portable advanced intrapartum monitoring system and standard cardiotocography for assessment of fetal heart rate and uterine contractions and correlation with neonatal outcome
18. Comparison of Quality of Antenatal Care delivered using a Web Based mobile Application as compared to the standard care protocol: A Pilot Study
19. Correlation of first trimester metabolic parameters and maternal body fat indices with development of gestational diabetes mellitus in Asian Indian women- A comparative study

20. Evaluation of efficacy and feasibility of implementation of Enhanced Recovery After Surgery (ERAS) protocol in women undergoing gynaecological surgery
21. Evaluation of Hormonal and Metabolic Parameters in Adolescent and Young Indian Girls with Menstrual dysfunction
22. Evaluation of leucocyte and platelet indices in preeclampsia compared to normotensive asian indian pregnant women
23. Evaluation of ovarian reserve after ovarian cystectomy for endometriosis between 2 different surgical techniques
24. Evaluation of Placental Elastography and Placental Vascularisation Index in Fetal Growth Restricted Pregnancy: A Case Control Study
25. Evaluation of surgical resectability of epithelial ovarian, fallopian tube and primary peritoneal carcinoma using CT based reporting system "PAUSE"
26. Evaluation of who and intergrowth-21 fetal growth charts in indian population
27. Feasibility and efficacy of an artificial intelligence based device for screening and management of preinvasive lesions of cervix
28. Feasibility and efficacy of modern minilaparoscopy with 2.9 mm laparoscope for diagnostic and level II gynaecological procedures
29. Feasibility and outcome of minilaparotomy assisted laparoscopic myomectomy for large myomas
30. Feasibility and Outcome of Minilaparotomy Assisted Laparoscopic Myomectomy for Large Myomas
31. Female sexual dysfunction in women with urinary incontinence
32. Prevalence of mental health problems (Anxiety, Depression and Stress Reaction) in mothers of preterm infants admitted to NICU: A Cross Sectional Study
33. Prospective study to develop the current nomogram of semen analysis parameters in fertile Indian males
34. Pulmonary vein pulsatility index cardiac remodelling (global sphericity index) and function (myocardial performance index) in growth restricted and normally grown fetuses
35. Randomised control trial comparing pregnancy outcome using Letrozole versus GnRH agonist HRT for endometrial preparation during frozen embryo transfer cycles
36. Relationship between middle cerebral artery peak systolic velocity and perinatal outcome in intrauterine growth restricted fetuses
37. Relationship of MCA PSV & perinatal outcome in FGR fetuses
38. Role of endometriosis fertility index for prediction of pregnancy outcome with assisted reproductive technology in patients with endometriosis: A Prospective Study
39. Role of Epigenetics in FGTB
40. Role of Gene Xpert in diagnosis of female genital tuberculosis
41. Role of Myo-inositol in the Treatment of Gestational Diabetes Mellitus Compared to Medical Nutrition Therapy alone in Asian Indian Women: A Pilot
42. Study of fetal cardiac remodeling and its postnatal persistence in pregnancies after assisted reproductive technologies
43. The Role of Paracervical Block in Reducing Immediate Post Operative Pain after Laparoscopic Hysterectomy: A Prospective Randomised Placebo Controlled Trial
44. To compare letrozole plus gonadotrophins versus gonadotrophins alone for controlled ovarian stimulation among PCOS women undergoing IVF-ICSI cycles- A Randomized Trial
45. To compare the efficacy of Solifenacin and Tolterodine in women with overactive bladder
46. To evaluate exhaled air carbon monoxide level in pregnancy and correlate with maternal and fetal outcome: A Pilot Study
47. To evaluate role of TB loop mediated isothermal amplification assay as compared to other conventional techniques in diagnosing female genital tuberculosis
48. To evaluate the combination of biochemical and biophysical markers in prediction of Preeclampsia
49. To evaluate the role of Serum D-dimer, Neutrophil/Lymphocyte Ratio, Platelet/Lymphocyte ratio and CA125 in assessment of Ovarian masses
50. To look for incidence of Urogynaecological problems in postpartum patients and its relation to mode of delivery
51. Use of normal saline Vs room temperature normal saline as distension medium for pain relief during office hysteroscopy-A Randomised Controlled Trial

### **Completed**

1. A crossover randomized study of portable transvaginal colposcope and hand-held colposcope for evaluation of cervical intraepithelial neoplasia
2. A prospective study of Fetal Cardiac profiling in appropriately grown small for Gestational age and growth restricted fetuses and its association with perinatal outcome.
3. A validation of endometriosis fertility index (efi) for non-art pregnancy in women with endometriosis associated infertility: A prospective study
4. Comparison of various modalities to diagnose occult stress urinary incontinence in pelvic organ prolapse
5. Co-relation of fetal soft tissue thickness measured Sonographically with neonatal body composition
6. Effects of myoinositol in comparison to metformin on art outcome in women with Pcos undergoing in-vitro fertilization (IVF) cycles- A “non-inferiority” trial
7. Placental growth factor, uterine artery doppler and 3D power Doppler of placenta for prediction of pre-eclampsia in high risk pregnancies
8. Prediction of adverse perinatal outcome by Cerebroplacental ratio in term Pregnancy
9. Psychosocial stress and lipid profile as predictors of adverse pregnancy outcomes
10. To evaluate the changes in serum AMH levels in endometrioma patients receiving dienogest therapy in comparison to endometriotic cystectomy
11. To study the role of Myo-Inositol-D-Chiro-Inositol Combination Versus Combined Oral Contraceptives on Clinico-hormonal and Metabolic Parameters in Young Asian-Indian Girls with Polycystic Ovary Syndrome

### **Collaborative projects**

#### **Ongoing**

1. A lifestyle intervention program for the prevention of type 2 diabetes mellitus among South Asian women with gestational diabetes mellitus. India, Bangladesh, Sri Lanka, Endocrinology & Metabolism
2. A quasi experimental study to assess the effectiveness of low fidelity simulation on knowledge regarding selected midwifery skills among undergraduate nursing students, College of Nursing
3. A randomized, open label, assessor-blind, parallel group, multi-centre Phase III study to compare the efficacy and safety of r-hMG and HP-hMG in subjects undergoing controlled ovarian stimulation for ART, Bharat Serum Pharmaceuticals
4. Assessment of BRCA and Non-BRCA mutations with multi gene panel testing in patients of ovarian cancer: A cross-sectional observational study
5. Association of HIPEC treatment with expression of T regulatory cells (FOXP3) in epithelial ovarian cancer and its clinical significance, Surgical Oncology
6. Bio-markers for prediction of successful pregnancy in women undergoing IVF: Using the proteomics approach in a North Indian population: hospital-based prospective cohort study, Clinical Epidemiology Unit
7. Detection of HPV circulating tumour DNA in cervical cancer patients before and after chemoradiotherapy by droplet digital PCR, Preventive Oncology
8. Development and Validation of a questionnaire to assess violence against doctors, Medicine
9. Development, Validation and Dissemination of Communication Skills Training Modules (CSTM) for MBBS students and Resident Doctors in India, Medicine
10. Efficacy and safety of ultrasound guided superior hypogastric plexus block in chronic pelvic pain: A Randomized Controlled Study, Anaesthesiology and Pain medicine
11. Endometrial Neurotrophic Factors and Nerve Fibres in Endometriosis Associated Pain, ICMR
12. Evaluation of Gene Xpert as Compared to Conventional Methods in Diagnosis of Genital TB Among Infertile Women, Ministry of Health and Family Welfare
13. External delivery of Cisplatin using Human Papilloma Virus (HPV 16) based nanocarriers for treatment of cervical cancer, Anatomy
14. Genetic determinants of premature and primary ovarian failure, Reproductive Biology
15. Magnetic nanoparticles and quantum dots coupled visual confirmation of cervical cancer cells from cytology sample: A cost effect, quick and suitable test for rural Indian setup, Anatomy
16. Molecular characterization of endometrial cancer and correlation with clinicopathological features, Pathology
17. R2TP complex as a target of human papilloma virus oncoproteins E6 and E7, DST

18. Role of hydrogen sulphide as a pharmacological modulator in adverse pregnancy outcomes like pre-eclampsia, Anatomy
19. STAT3 regulation via miRNAs in ovarian cancer stem cells: A therapeutic approach, Reproductive Biology
20. Status of hydrogen sulphide producing enzymes, matrix metalloproteinases and miR-22 in preeclampsia and their role in modulating trophoblast invasion, Anatomy
21. Study of Citrate Synthase Expression in Human Sperm and Oocyte Activation in Mice, Reproductive Biology
22. To develop a strategy for postpartum follow up of woman with history of gestational diabetes mellitus by using the right test and frequency of testing and developing patient centric approach after incorporating their views, Endocrinology & Metabolism
23. To establish mother-offspring-spouse cohort of women with history of gestational diabetes mellitus to study the vertical and horizontal influence on cardiovascular risk factors, Endocrinology & Metabolism
24. To evaluate the effectiveness of lifestyle intervention program in overweight/obese women (within 2 years of last childbirth) when delivered to them along with their spouse as compared to them alone: Two arm parallel Randomized Control Trial, Endocrinology & Metabolism
25. To evaluate the effectiveness of lifestyle intervention programme in women with history of gestational diabetes mellitus when delivered to them along with their spouse as compared to them alone: Two arm parallel randomized control trial, Endocrinology & Metabolism

### **Completed**

1. Comparing the vascularization potential of MSCs and MAPCs in monoculture and coculture systems with human OECs under normoxia and hypoxia, Stem Cell Facility
2. Effectiveness of Intravenous Ferric Carboxy Maltose (FCM) in improving haemoglobin level among postpartum women with moderate to severe anaemia at a Sub District Hospital, Faridabad, Haryana – An interventional study, Community medicine
3. Effectiveness of intravenous iron sucrose in the treatment of moderate anemia among pregnant women attending sub-district hospital in Haryana, North India, Community medicine
4. Etiological evaluation of nonimmune hydrops fetalis (NIHF), Pediatrics
5. Metabolomics approach for identification of differentially regulated metabolites and pathway in Preeclampsia/ Gestational Hypertension and Gestational diabetes patients during pregnancy, ICGB
6. Psychosocial Dynamics of Pregnancy Loss: Development of a Multidimensional Scale & Development and Efficacy (a Randomized Control Trial) of a Group Psychological Intervention Module, Psychiatry

### **PUBLICATIONS**

**Journals: 57**

**Abstracts: 9**

**Chapters in Books: 13**

### **PATIENT CARE**

#### **Facilities**

Colposcopy	–	806	Cryotherapy	–	23
Thermal Ablation	–	26	LEEP	–	29

#### **Community services/camps**

1. Nationwide 48 Cervical Cancer Screening and Treatment Camps conducted in 12 cities in collaboration with AOGIN-India and Kalyanmayee (CSR wing of Airports Authority of India) in 2019-20
2. Public lecture on Cervical Cancer – Role Rotary can play in its prevention at Annual Programme of The Cancer Foundation, Samvednai, 10 May 2019
3. First Prize awarded to Department of Obstetrics & Gynaecology for Poster Presentation on **Cervical Cancer: Prevention by Vaccination and Screening** on 64th Foundation Day Exhibition, AIIMS, New Delhi, 25 September 2019
4. Public Lecture on **Elimination of Cervical Cancer – What Rotary Can Do** at Annual Rotary Convention, Noida, 11 January 2020
5. National Coordinator, FOGSI Breast and Cervical Screening Camps for paramilitary forces by 225 member societies countrywide on International Women's Day, 8 March 2020

**Neena Malhotra**

Expert for Live show (Phone-in) at Good Evening India the most popular programme of Delhi Doordarshan by DD News topic is based on “IVF Treatment” on 21 May 2019 at 4 to 5 pm, New Delhi

**Vatsla Dadhwal**

Invited for the live programme “HELPLINE” Topic-Cervical Cancer on Tuesday i.e. 14 January 2020 from 03:00 to 04:00 pm on AIR FM Rainbow 102.6 MHZ

**Garima Kachhawa**

Successfully running the special Gynae Endo Clinic in the department of Obstetrics and Gynecology where patients are treated in a multidisciplinary manner

As a dedicated faculty with expertise in Minimally Invasive Surgery in Gynaecology, doing laparoscopic and hysteroscopic surgery for gynae patients especially coming for fertility treatment

**Aparna Sharma****Quality Improvement Projects**

1. Implementation of infection prevention bundle to reduce the surgical site infections in caesarean sections
2. Ensure post-test counselling for all patients undergoing prenatal diagnostic invasive procedures in Fetal Medicine OT
3. Ensure timely IUI within 30 minutes of reaching Gynecology OPD after sample retrieval for all patients planned for IUI
4. Reducing the waiting time to initiation of infertility treatment in the Gynaecology OPD
5. Establishing birth companion practice in labour room of a tertiary care centre- A quality improvement initiative

**Community Service**

1. Live Panel discussion on Lok Sabha Television on Safe Motherhood Day, 12 April 2019
2. Panel Discussion on Health Today on Birth Defects on 21 April 2019
3. Testified in high court regarding need and safety MTP at 24 weeks for a fetus with congenital malformation not compatible with life
4. Made Departmental Poster made on Universal Health care theme during Institute Day Celebrations, 24 September 2019
5. Organised the “Safe Abortion Awareness Walk” on the morning of 29 September 2019 as a part of the annual conference of the Association of Obstetricians and Gynecologists of Delhi
6. Participated in Health Camp in Naudera, Pratapgarh, organized by Samudayik Vikas Samiti, on 9 December 2019
7. Part of a live Panel Discussion on Pradhan Mantri Surakshit Matratav Abhiyan on 6 March, 2020 (Friday) from 5.00 pm to 6.00 pm through Lok Sabha Television under Healthy India Programme

**Juhi Bharati**

Participated as national mentor in AIIMS-GOI led mentoring program for implementation of Laqshya labour room guidelines in medical colleges. In this regard, visited SCB Medical College, Cuttack and organized Point of Care Quality Improvement workshop on 15 November 2019 and conducted onsite mentoring visit on 16 November 2019

**Anubhuti Rana****Quality Improvement Projects**

1. Ensure post-test counselling for all patients undergoing prenatal diagnostic invasive procedures in Fetal Medicine OT
2. Ensure timely IUI within 30 minutes of reaching Gynecology OPD after sample retrieval for all patients planned for IUI

**Community Service**

1. Organised the “Safe Abortion Awareness Walk” on the morning of 29 September 2019 as a part of the annual conference of the Association of Obstetricians and Gynecologists of Delhi.

## Details of patient care services during 2019-2020

### Distribution of Patients' attendance by type of clinics

Clinics	Number of days/ week	New patients	Old patients
High risk pregnancy clinic	3	1981	10051
Gynae Endocrine clinic	3	26	144
Gynaecological cancer clinic	2	737	3741
IVF clinic	1	1073	3427
ANC	3	749	3207
URO Gynae clinic	1	170	639
Family Welfare clinic	6	4267	4053

### Maternal Health performance

Type of services	No. of pregnant women benefited
TT 1st dose	1232
TT 2nd dose	1048
No. of pregnant women given IFA tablets	2256
No. of pregnant women detected with Hypertension (BP > 140/90) and managed	300
No. of Eclampsia cases managed	44
No. of pregnant women tested for HB	2461
No. of pregnant women treated with HB<11	604
No. of pregnant women treated with HB<7	20
No. of pregnant women tested for OGTT	2461
No. of pregnant women treated for GDM	505
No. of pregnant women given insulin out of GDM positives	109
No. of pregnant women tested using POC test for syphilis	2461

### List of Minor and Major surgeries performed during 2019-2020.

#### Foetal medicine

Surgery Details	Total
Amniocentesis	252
Amnio-Infusion	1
Amnioreduction	7
Cephalocentesis	1
Chorionic Villus Sampling	312
Cordocentesis	29
Cyst Aspiration	10
Digoxin Instillation	1
Fetoscopy + Laser Ablation	1
Intra Amniotic Infusion	1

Intra Cardiac Kcl	1
Intramymotrial Methotrexate	1
Intrauterine Transfusion	183
Kcl Instillation	2
Ovarian Cyst Aspiration	4
Pleural Fluid Aspiration	2
Radio Frequency Ablation	22
Selective Fetal Reduction	16
Vesicocentesis	4
<b>Total</b>	<b>850</b>

#### Minimally invasive (minor surgeries)

Surgery Details	Major	Minor	Total
B/L Laparoscopic Salpingoophorectomy	1		1
Cystoscopy		37	37
Davydov's Vaginoplasty	1		1
Diagnostic Hysteroscopy		946	946
Hysteroscopic Adhesiolysis	22		22
Hysteroscopic Iucd Removal	16		16
Hysteroscopic Myomectomy	25		25
Hysteroscopic Polypectomy	89		89
Hysteroscopic Septal Ressection	40		40
Hysteroscopy + Ea +Ecc		69	69
Hysteroscopy + Ea/Ecc/Mock Et		50	50
Hysteroscopy + Mirena Insertion		7	7
Hysteroscopy +Mock Et		14	14
Hysteroscopy+Mock Et+Ea		21	21
Laparoscopic Cystectomy	126		126
Laparoscopic Rudimentary Horn Excision	7		7
Laparoscopic (R) Hemihysterectomy	1		1
Laparoscopic Abdominal Cerclage	2		2
Laparoscopic Adenomyomectomy	5		5
Laparoscopic Cystectomy	30		30

Laparoscopic Davido Vaginoplasty	3		3
Laparoscopic Davydovs		1	1
Laparoscopic Extrafascial Hysterectomy+Bso+B/L Pelvic Lymphadenectomy	7		7
Laparoscopic Gonadectomy	4		4
Laparoscopic Ligation		20	20
Laparoscopic Myomectomy	50		50
Laparoscopic Ovariopexy	1		1
Laparoscopic Ovariectomy	23		23
Laparoscopic Radical Hysterectomy (Type-C)+Bso+B/L Pelvic Lymphadenectomy	2		2
Laparoscopic Rudimentary Horn Excision	6		6
Laparoscopic Salpingectomy/ Clipping	107		107
Laparoscopic Scar Site Excision	1		1
Laparoscopic Staging		1	1
Laparoscopic lymphadenectomy	1		1
Laparoscopy + Hysteroscopy + Polypectomy		1	1
Laparoscopy + Transverse Septum Excision+Vaginoplasty	2		2
Laparoscopy For Infertility (Diagnostic)	300		300
Laparoscopy For Infertility (Operative)	57		57
Laparoscopy Assisted Vaginoscopic Septal Resection	9		9
Rfa		2	2
Tlh ± Salpingectomy	102		102
Tlh ±U/L Or B/L Salpingo-Oophorectomy	52		52
U/L Laparoscopic Salpingoophorectomy	5		5
Vacc + Ligation		7	7
Laparoscopy- Diagnostic	170		170
Total	1267	1176	2443

#### Open Abdominal Surgeries

Open Abdominal Major Surgery Details	Total
Abdominal Sacrocolpopexy	8
Adenomyomectomy	6

Bilateral Ureteric Reimplantation	1
Caeseran Hysterectomy	1
Cystectomy/Ovariectomy U/L Or B/L Salpingoophorectomy	43
Debulking Surgery For Ca Ovary	93
Extrafascial Hysterectomy+ Bso+ B/L Lymphadenectomy	52
Laparotomy + Cerclage	5
Laparotomy + Tubal Recanalisation	1
Laparotomy for Ectopic	21
Laparotomy+Subtotal Hysterectomy	11
Minilap Ligation	7
Multiple Peritoneal Leiomyoma Excision + Infracolic Omentectomy	1
Laparoscopic Myomectomy	70
Radical Hysterectomy	29
Radical Trachelectomy	1
Rectus Fascia Sling Surgery	2
Scar Site Cyst Excision	1
Staging Laprotomy for Ca Ovary	72
Tah ± U/L /B/L Salpingoophrectomy	51
Tah± Salpingectomy	117
Tubal Recanalisation Surgery	6
Total Abdominal Hysterectomy	59
Total Laparoscopic Hysterectomy	53
<b>Total</b>	<b>711</b>

### Vaginal Surgeries

<b>Surgery Details</b>	<b>Major</b>	<b>Minor</b>	<b>Total</b>
Burch Colposuspension		2	2
Cerclage	5	4	9
Cervical Cerclage	5		5
Cervical Conisation	1		1
Cervicovaginoplasty	2		2
Cystocele Repair	2		2
Cystoscopy	2		2
Eua+Cervicovaginoplasty		4	4
Fothergill's Surgery	3		3
Labial Mass Excision	1		1
Labial Separation	1		1
Laparoscopic Vaginoplasty		3	3
Malecot Change	1		1
McDonalds Cerclage		22	22

Mcindoe's Vaginoplasty		10	10
Ndvh	1		1
Radical Vulvectomy + B/L Inguino-Femoral Lymphadenectomy		3	3
Radical Vulvectomy+B/L Inguino Femoral Lymph Node Dissection	3		3
Rectovaginal Fistula Repair		3	3
Rvf Repair	2		2
Sacrospinous Fixation	4		4
Tvt-O	9		9
Vaginal Hysterectomy		7	7
Vaginal Hysterectomy + Pfr	40		40
Vaginal Sacrospinous Fixation		5	5
Vaginoplasty	15	1	16
Vaginoscopy		1	1
Vesicovaginal Fistula Repair		1	1
Vulval Hematoma Drainage		3	3
Vvf Repair	1		1
With Anterior Colporrhaphy		6	6
With Anterior Colporrhaphy and Posterior Colpo-Perineorrhaphy		2	2
With Posterior Colpo-Perineorrhaphy		4	4
<b>Grand Total</b>	<b>98</b>	<b>81</b>	<b>179</b>

### Other Surgeries

Other Surgeries	Major	Minor	Total
Abdominal Scar Endometrioma Excision		6	6
Adhesiolysis		16	16
Bartholin Cyst Excision		20	20
Biopsies (Cervical/Vaginal/Vault/Vulval)		79	79
Biopsies (Vulval/Cervical/Vault)		18	18
Cerclage	6	2	8
Cervical Polypectomy		8	8
Conization		2	2
Cpt Repair	3		3
Cs Scar Ectopic Excision	1		1
Cyst Aspiration		9	9
Cystoscopy		2	2
Cystoscopy + Cocktail Therapy		2	2
Cystoscopy + Vaginoscopy		1	1
Ea + Ecc +Pap Smear		260	260
Ea+Ecc		290	290
Ea+Ecc+Polypectomy		14	14

Ea+Mock Et		1	1
Epidural Analgesia		6	6
Eua + L° + H° + Hematometra and Hematocolpos Drainage	1		1
Examination Under Anaesthesia	8		8
Exploratory Laparotomy + Ascitic Fluid Cytology + Peritoneal Biopsy	1		1
Hematoma Drainage	2		2
Hysteroscopy+Ea+Ecc+Polypectomy		4	4
Iucd Removal		10	10
Lap Fimbrioplasty		2	2
Leep		16	16
Malecot Change		3	3
Malicot Removal		1	1
Manual Removal of Placenta	1		1
Mirena Insertion		69	69
Mirena Removal		1	1
Mould Change		47	47
Myomectomy		11	11
Open Endometriotic Cystectomy	8		8
Open Uterosacral Plication	2		2
Ovarian Drilling	6		6
Ovariectomy	6		6
Pap Smear		28	28
Pelvic Lymphadenectomy	1		1
Peripartum Hysterectomy	2		2
Polypectomy		26	26
Pyometra Drainage		24	24
Rectus Fascia Sling Surgery		4	4
Resuturing		74	74
Rv Repair		1	1
Septal Resection		19	19
Therapeutic D and C		3	3
Transverse Vaginal Septum Excision	5		5
Transverse Vaginal Septum Excision	1		1
Tubal Cannulation		8	8
Tubal Clipping for Hydrosalpinx	7		7
Tuboplasty	3		3
Tvt-O / Tot		2	2
Vacc		31	31
Vacc+Cu-T		1	1
Total	64	1121	1185

## Details of various procedures carried out in Gynae OPD

### Minor:

<b>No. of MTP</b>	<b>577</b>
PNDT for pregnancies	10837
PNDT for Obstetrics	5332
Gynae Ultrasound	1658
F-form USG	286

### Delivery Details:

2. Major (LSCS)	3. 1341
4. Minor (Vaginal+Foreceps)	5. 1120
6. Total deliveries	7. 2461

## Post Partum Programme

### Achievements of different Family Planning Methods, Post Partum Programme

Methods	2018-2019	2019-2020
Cu.T	1262	1001
DMPA Injection 1st dose	118	120
DMPA Injection 2nd dose	16	33
DMPA Injection 3rd dose	8	6
DMPA Injection Fourth and more	4	6
Oral pills	446 pkts	811 pkts
CHAYYA	30	35
Conventional Contraceptives	75500 pieces	81550 pieces
Tubectomy	676	526

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Sunesh Kumar** is Peer Reviewer “European Journal of Obstetric, Gynaecology and Reproductive Medicine”; Member, Interview Board for the post of Medical Officer, Union Public Selection Commission (UPSC), New Delhi; Member, Selection Committee for selection of Faculty in Gynae at PGI, Chandigarh; Member, Selection Committee for the selection of Faculty in Gynae at PGIMER, Rohtak; Member, ICMR Group on Research in Reproductive Medicine; Member, ICMR Research Advisory Committee for Model Rural Health Research Unit (MRHRU), Rajasthan; Member, Bureau of Indian Standard, Ministry of Consumer Affairs, Food & Public Distribution, Govt. of India; Member, DBT Sub-Group Committee for finalizing the REACH Scheme for Biotechnology based Programme for Women; Member, Technical Specification/Selection Committee at AIIMS, New Delhi; Member, Staff Council Committee at AIIMS, New Delhi; Member, Ethics Committee, AIIMS, New Delhi; Member, Subcommittee on Cancer Cervix, Indian Council of Medical Research, New Delhi; Member, ICMR Committee on Healthcare Quality and Patient Steering Advisory Committee; Member, ICMR Task Force Committee on Implementation of Quality Care in India; Member, Committee to review of Fellowship Programs at AIIMS, New Delhi; President, Association of Obstetrics and Gynaecologist of Delhi (2019-2020).

**Professor Neerja Bhatla** was awarded ISCCP Excellence Award 2019 for contributions in the field of cervical cancer prevention; IOG Dr Stya Paul Awards 2019 for Best Original Study. Has been Member, WHO Expert Group and Working Groups for Cervical Cancer Elimination; Council Member, Asian Society of Gynecologic Oncology and National Academy

of Medical Sciences, India, 2019-21. Membership of Programme Advisory Committee, Scientific Advisory Committee, Research Advisory Committee, Government Advisory: Member, Programme Advisory Committee—XXIII FIGO World Congress 2021, Australia, Scientific Track – Gynecological Oncology; World Congress, International Federation of Cervical Pathology & Colposcopy (IFCPC) India 2020. Member, Scientific Advisory Committee—Scientific Advisory Board, ICMR; Strategic Advisory Group of Experts (SAGE) Working Group on HPV vaccines, WHO; National Technical Advisory Group on Immunization (NTAGI); Chair the First Task Force meeting on optimizing the use of Cesarean section in India: ICMR Hqrs, New Delhi, 12 April 2019; Technical Advisory Group for NPCDCS (National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases & Stroke) e-learning Course for medical officers to prevent and manage NCDs, 16 May 2019; Scientific Advisory Committee Meeting, KnIT program, BIRAC. Member, Government Advisory: Technical Advisory Group of India Cancer Research Consortium, ICMR; Assessor for NBE Accreditation of (i) Gynaecologic Oncology, (ii) Obstetrics & Gynaecology; Member, General Council of Srimanta Sankaradeva University of Health Sciences, Guwahati, Assam. Member, Research Advisory Committee: National Institute of Research in Reproductive Health (NIRRH), ICMR, Mumbai; Gynaecology DMG Guidelines and research group, National Cancer Grid, TMH, Mumbai. New Teaching and Service Initiatives: Gynaec Oncology Incharge, AIIMS Jhajjar. Initiated daily OPD and twice weekly OT services, including MIS services. Development of Guidelines: ICMR Guidelines on Management of Ovarian Cancer, New Delhi, 2019; WHO guidelines for Screen and Treat for cervical pre-cancer, 2020. Development of New International Collaborations: Duke University, North Carolina, USA – Development of a self-screening tool for cervical cancer screening; University College London, UK – Evaluation of genetics of ovarian cancer in India.

**Professor Neena Malhotra** was awarded the Overseas Travel RCOG's Award by Royal College of Obstetricians and Gynaecologists, London for the academic year 2019-2020 held on 20 June 2019, assisted conception unit at Birmingham women's hospital Birmingham, UK.

**Professor Vatsla Dadhwal** was Member SEC (Reproductive & Urology); Hon. Secretary Association of Obstetricians & Gynecologists of Delhi; Member for AEFI committee; Assistant Editor Journal of Fetal Medicine (issue on Infections); Examiner; Invited as Faculty to participate in the current series of post exam review of question paper workshop on 7 January 2020 at National Board of Examinations Dwarka office, PSP Area, Sector-9, opp. District Court Dwarka, New Delhi; Fellowship in Maternal Fetal Medicine-AIIMS; Co-Guide; Comparison of quality of Antenatal care delivered using a web based mobile application as compared to the standard care protocol: A pilot study; A Prospective randomized controlled trial to study the effect of prenatal yoga on maternal weight gain and psychological stress in pregnancy and its association with pregnancy outcomes: A pilot study; Completed Thesis—Prospective study of association between placental volume and vascularisation indices in pregnancies conceived by In Vitro Fertilisation compared to those conceived spontaneously and adverse pregnancy outcomes; To Evaluate the changes in Serum AMH levels in Endometrioma Patients receiving Dienogest therapy in comparison to Endometriotic Cystectomy: A pilot study; A Prospective Study of Fetal Cardiac Profiling in Appropriately Grown, Small for Gestational age and Growth Restricted Fetuses and its association with perinatal outcome; A Study to Evaluate Genetic Abnormalities in Patients with Recurrent Spontaneous Abortions (RSA).

**Professor Neeta Singh** is External Expert for Board of Studies in Deptt. of Obst & Gynae, AIIMS, Rishikesh on 15 April 2019; Awarded the fellowship of ICMR-DHR for UCL London, UK for Reproductive Medicine, 3 June 2019 – 8 August 2019; As an Adviser in “Personality Test (PT) Board for Combined Medical Services Examination 2019”, UPSC for assessing candidates who have qualified in the Combined Medical Services Examination, 2019 from 30 October 2019 – 1 November 2019 at UPSC office, New Delhi; Expert External Subject Expert in the panel of Standing Selection Committee for recruitment of Faculty position in the Department of Obstetrics & Gynaecology at AIIMS, Bhopal (MP) on 17 December 2019; Awarded Dr (Mrs) Mridula Kamboj Memorial Oration-2020 on recognition of outstanding contributions in the field of Reproductive Health by Indian Society for the Study of Reproduction and Fertility (ISSRF).

**Dr K. Aparna Sharma** was awarded John J Sciarra IJGO Prize Paper Award, Honorable Mention 2019 for Best Clinical Research Article from a Low/Middle-Income Country. (International Journal of Gynaecology and Obstetrics); Recipient of the FOGSI-Imaging Science Committee Award for the year 2019; Observership in Fetal Medicine at Harris Birthright Centre, King's College Hospital, London as a part of FOGSI-IAEC-SUN International Travelling Fellowship 5-20 June 2019; Second prize for the Departmental Poster made on Universal Health care theme during Institute day Celebrations 24 September 2019; Certificate of Appreciation from SET facility, AIIMS for involvement, advancement and innovation of SET Facility Programs; Adjunct Faculty for Institute of Health Improvement: Care International – Bihar MCH Initiative. Program Advisory Committee (Government): Part of the National Mentoring Group of Laqshya Labor room quality improvement program of MOHFW, GOI; Leading the AIIMS National Mentoring Group for Implementation of Laqshya in Medical Colleges in Ten Medical Colleges in Nine states by a network of 25 mentors from all over the country. Government Advisory Committee: Member, Expert group to review Antenatal Care Guidelines, MOHFW, GOI; Member, Expert group to review Caesarean Section Audit Form, MOHFW, GOI; Member National level Consultation Workshop on Hysterec-tomy on the 1 August 2019; Member Ethics Committee for draft MTP Amendment Bill, 8 August 2019; Member, Expert Group for Technical Deliberation for Preconception Care – 5 September 2019, MoHFW, GOI; Member, National Techni-

cal Advisory Group on Immunization (NTAGI), Sub Group on Maternal Immunisation; Member, Expert group to review Technical Guidelines for High Risk Pregnancies, MOHFW, GOI; Nominated for Medical Experts for District Advisory Committee, PC & PNDT Act, South District, New Delhi; Member, TRG on Sustainable Model for LaQshya, Labor Room Quality Improvement Program, MOHFW, GOI; Member, TRG on Potential areas of research under LaQshya, MOHFW, GOI; Member, Expert group to review Respectful Maternity & Newborn Care guidelines and training package, MOHFW, GOI. Scientific Advisory Committee: Executive Committee member, Society of Fetal Medicine (SFM), India, 2020-2022; Joint Secretary, Association of Obstetricians and Gynecologists of Delhi (AOGD), 2019-2020; Co-Chairperson, Quality Improvement Committee, AOGD, 2019-2021; North Zone Coordinator, Safe Motherhood Committee FOGSI, 2020-2022; Co-Convener, Special Interest Group on Early Pregnancy, Indian Fertility Society, (IFS) 2020-2022; Scientific Committee, Breaking Silos Across: Adolescence To Menopause, 10 and 11 August 2019; Program Advisory Committee, BMJ-IHI International Forum On Quality And Safety In Health Care, 2020; Expert Reviewer Group supporting the India-UK Healthcare Artificial Intelligence Catalyst (HAIC), to validate the version of Arezzo which is being adapted for the Indian public health system led by NITI Aayog (2019-2020); Member of Genetics and Fetal Medicine Committee of FOGSI 2019-21; Participant, South-East Asia Regional Technical Advisory Group (SEAR-TAG) towards reduction of maternal mortality and stillbirths in the context of Universal Health Coverage, 25-27 November 2019, New Delhi. Member of Institute Committees (AIIMS): Member, Hospital Quality & patient safety Committee and Creation of Quality & patient Safety Cell at AIIMS Hospital under Quality and Patient Safety Programme.

**Dr Garima Kachhawa** is Project Secretary- Post Partum Programme w.e.f. 1 February 2018 for a period of 2 years; Guest Editor in AOGD BULLETIN Volume 19 January 2020, Monthly issue 9. Dedicated Issue: Gynae Endocrinology. EDUCATION: Undergraduate: Lecture-2; Postgraduate: Guide and Perceptor for Seminar and journal club. Departmental Works: Compiled an Evaluation Proforma for assessment of Clinical Skills of Junior Residents. This helped us to provide a structured and individualized training of JRs for surgical and Clinical Skills; Also developed a Skill Enhancement Proforma for Senior Residents to track their learning and to provide individualized training in the department.

**Dr Reeta Mahey** participated as external examiner for MBBS supplementary exam (3rd Professor) at AIIMS, Rishikesh (26 April 2019); Participated as consultant in free Health Checkup Camp organized by Tibetan Patient Trust (28 February to 3 March 2020) held at Dalai Lama Temple, Macleod Gunj, Dharamshala.

**Dr P. Vanamail** co-authored publication Award John J. Sciarra IJGO Prize Paper Award, Honorable Mention 2019 for Best Clinical Research Article from a Low/Middle-Income Country (International Journal of Gynaecology and Obstetrics); IJMR Journal Reviewer; ICMR Expert Committee member for Data-base Management System.

**Dr Vidushi Kulshrestha** is Co-Editor, AOGD Bulletins for the year 2019-2020; Awarded Dr R D Pandit Research prize as a co-author on research titled, 'To evaluate the role of Gene Xpert in diagnosis of female genital tuberculosis as compared to other conventional diagnostic techniques' at 63rd AICOG on 2 February 2020 held at Lucknow; Awarded prize for the best poster as a co-author on 'Bladder an Innocent Victim' at 63rd AICOG on 2 February 2020 held at Lucknow. Facilitator/ Faculty for the following: Expert- Core group Meeting for revision of BEmOC curriculum (a NHSRC, MoHFW, GOI initiative); National Mentor for LaQshya- Labour room & Maternity OT Quality Improvement Initiative for AIIMS, Jodhpur; Facilitator for Quality Improvement Workshop held at AIIMS Jodhpur on 23 and 24 December 2020; Faculty, Medical Board, AIIMS for new entrants for MBBS, B.Sc. Nursing, in courses. (2014 onwards). Quality improvement (QI): Instrumental in Quality Improvement Initiative of the Department. SET facility team member: Drafted skill module for conduct of vaginal delivery for UG teaching. Co-moderated Quiz on General Gynaecology at 63rd AICOG held on 29 September 2019. EDUCATION: Undergraduate Lectures: Physiology of menstruation; Normal & abnormal puberty (VI Semester), 4 January 2020; Benign and premalignant lesions of uterus (VIII Semester), 6 January 2020; Postgraduate Teaching: Seminar Guide: Post-partum Hemorrhage; Twin Pregnancy: Complications; Post-datism/IUD/Still birth; Preceptor for Journal club: NEJM; Contraception. 41st Annual Conference of Association of Obstetricians and Gynaecologists of Delhi, Organised by Department of Obstetrics and Gynaecology AIIMS, New Delhi, 28 and 29 September 2019 (Member-Organizing Committee; Co-Editor- Conference Proceedings; faculty In-charge of Paper/Poster Presentation).

**Dr Seema Singhal** was awarded UICC technical fellowship award and visited Memorial Sloan Kettering cancer center, New York, USA from 25 October 2019 to 28 November 2019; Received first prize in ASGO talent show at biennial meeting of Asian society of gynaecologic Oncologists in Incheon Korea; Expert member Subject expert committee (SEC) New Drug Division DCGI; Elected as Executive member AOGIN India 2020-2022; Guest Editor of AOGD bulletin vol 19(10) February 2020, dedicated issue on Gynecological cancers; Editor AOGIN India 2017-2019; Honorable Mention in John J Sciarra IJGO Prize Paper Award for Best Clinical Research Article from a Low/Middle-Income Country. Documents drafted: Revised curriculum for LSAS. Life saving anaesthesia Skills training program under MOHFW for imparting Anesthesia skills to Medical Officers. Expert member for drafting Revised EmoC curriculum.

**Dr Rajesh Kumari** 41st Annual Conference of Association of Obstetricians and Gynaecologists of Delhi, Organised by Department of Obstetrics and Gynaecology AIIMS, New Delhi, 28 and 29 September 2019. (Member-Organizing Committee; Co-Editor- Conference Proceedings; faculty In-charge of Urogynecology Preconference workshop); Clinical secretary of AOGD 2019-2020; 1st Prize AIUG 2019 15-17 November KIMS Hospital 1st prize FECAL INCONTINENCE- Experience from tertiary care center. Facilitator/ Faculty for the following: Faculty, Medical Board, AIIMS for new entrants for MBBS, BSc Nursing, in courses (2014 onwards); Joint Organising secretary in Urogynecology Workshop organised by OBG AIIMS, New Delhi on 26 September 2019; Examiner in UROGYNECOLOGY FELLOWSHIP PROGRAMME; MBBS Examiner as external examiner at Dr SN Medical College, Jodhpur on 9 to 11 February 2020.

**Dr Jyoti Meena** received Dr RP Soonawala Award in Obstetrics for Best Oral paper at 33rd Annual Conference of RCOG held at Kolkata; FOGSI-Karan Gupta Memorial prize for best poster in miscellaneous group at 63rd All India Congress of Obstetrics and Gynaecology held at Lucknow; Felicitated for contribution to e-SET facility on 5 December 2019.

**Dr Juhi Bharti** participated in Organizing (as Joint Secretary) FOGSI Conference “Breaking Silos Across: Adolescence to menopause” on 10 and 11 August, New Delhi.

**Dr Rinchan Zangmo** was awarded Member of Royal College of Obstetricians & Gynaecologists (MRCOG) on 15 February 2020.

**Dr Deepali Garg** was awarded Fellowship of Indian college of obstetrician & gynaecologists (FICOG); Awarded Fellowship of Indian college of maternal and child health (FICMCH).

**Dr Archana Kumari** was awarded Dr Kamini Rao Orator award for North Zone for 2020; Awarded Fellow of Indian College of Obstetricians & Gynaecologists (FICOG) on 1 February 2020. Documents drafted: Module named “Interpretation of CTG” for SET Facility.

**Dr Anubhuti Rana** is National mentor for RIMS, Ranchi as a part of AIIMS National Mentoring Group for Implementation of Laqshya in Medical Colleges in Medical Colleges.

## 9.25. Orthopaedics

## HIGHLIGHTS

Excelling in the trinity of mission of AIIMS, department of orthopedics was rated the best in the country this year as well maintaining the zeitgeist of last decade. We have been the leaders in the field of orthopedic education country-wide besides providing best undergraduate and postgraduate training. Our regular cadaveric courses, workshops and conferences remained most sought-after in the field last year and covered all subspecialties of orthopedics.

The department witnessed an unparalleled rise in orthopedic research last year and had several research projects with national as well as international funding. We developed dedicated 'state of the art' research labs namely 3D printing lab, Genetic lab, Gait lab, which provided us both national and international recognition in terms of several papers of PubMed repute, papers presentation and awards.

Regarding patient care, our department grabbed unmatched skills and facilities and performed all sorts of complex orthopedic problems. Our new orthopedics operation theatres became best equipped, comparable to any advanced center in the world. We recently introduced robotic facility, EOS facility, advanced intraoperative imaging facilities and many other advanced technologies which also carry the tag of first and only facility in the country. Our "SATHI" and "SSHARA" services are first one of its own kind service in India to cater primary and secondary prevention of fragility fractures.

## EDUCATION

- Innovative and comprehensive fellowship training in Adult reconstruction, Arthroscopy, Pelvic acetabular trauma and Orthopedic oncology
- Objective and comprehensive training of postgraduates and undergraduates in the form of seminars, bedside teaching, case discussions, real life case scenarios, journal clubs

## CMEs/Workshop/Symposia/National and International Conferences

1. Current Concepts in Trauma 2019, Trauma Society of India, 5-7 April 2019, Gurgaon
2. Oxford Instructional Course, 26 and 27 April 2019, New Delhi
3. Fourth AIIMS ACSST Pelvic Acetabulum Workshop, JPNATC, 27 April 2019, New Delhi
4. Round Table Meeting on Promulgation of Emergency Nursing in India, AIIMS, 2 August 2019, New Delhi
5. Workshop on Addressing Emergencies & Critical Care under National Health Mission, Ministry of Health and Family Welfare, Govt. of India, 2 August 2019, New Delhi
6. Workshop on Unicompartmental Knee Replacement during Current Concepts in Arthroplasty, 2019, 16 August 2019, AIIMS, New Delhi
7. Current Concepts in Arthroplasty 2019, 17 and 18 August 2019, AIIMS, New Delhi
8. Best of Orthopaedic Techniques, 13 and 14 September 2019, Aerocity New Delhi
9. AIIMS Arthroplasty Program, 7 and 8 November 2019, AIIMS, New Delhi

## Lectures delivered

Rajesh Malhotra: 45

HL Nag: 4

Ravi Mittal: 16

Shah Alam Khan: 4

Vijay Kumar: 21

Bhavuk Garg: 28

Mohd. Tahir Ansari: 6

Vijay Kumar Digge: 8

Vikrant Manhas: 5

Venkatesan Sampath Kumar: 7

## Rajesh Malhotra

1. Pain Anatomy, Pain Assessment, Current Diagnosis and Scoring Systems, Seminar on Pain Management IOA – SLOA Joint Sessions, 11 August 2019, Colombo, Sri Lanka
2. TKA in Retained Implant, 41st Annual Meeting of the Royal College of Orthopaedic Surgeons of Thailand (RCOST), 20 and 21 October 2019, Bangkok, Thailand
3. THA in Frozen Hip, 29th Turkish National Congress of Orthopaedics and Traumatology, 22-27 October 2019, Antalya, Turkey
4. Hand held accelerometer based navigation for Total Knee Arthroplasty, 29th Turkish National Congress of Orthopaedics and Traumatology, 22-27 October 2019, Antalya, Turkey
5. Work-Life Balance, 29th Turkish National Congress of Orthopaedics and Traumatology, 22-27 October 2019, Antalya, Turkey
6. My Experience as a Writer of Scientific Papers, XIV International Hip and Knee Course, 31 October-2 November 2019, Medellin, Columbia
7. Accelerometer vs Console Based Navigation: Randomised Controlled Trial, XIV International Hip and Knee Course, 31 October-2 November 2019, Medellin, Columbia
8. Acute THA for Acetabular Fractures: Results in Relatively Younger Patients, XIV International Hip and Knee Course, 31 October- 2 November 2019, Medellin, Columbia
9. THA in Bony Ankylosis, XIV International Hip and Knee Course, 31 October-2 November 2019, Medellin, Columbia
10. THA in Acetabular Fractures, Current Concepts in Trauma 2019, 5-7 April 2019, Gurgaon
11. Oxford UKR-Other Indications, Oxford Instructional Course, 26 and 27 April 2019, New Delhi
12. Oxford Knee-Indian Scenario, Oxford Instructional Course, 26 and 27 April 2019, New Delhi
13. THR following Acetabular Fracture, 4th AIIMS ACSST Pelvic Acetabulum Workshop, 27 April 2019, JPNATC, New Delhi
14. THR in Spinopelvic Deformity, Arthroplasty Update JRC 2019, 13 June 2019, Delhi Cantt
15. Allograft Reconstruction in Revision THR, Arthroplasty Update JRC 2019, 13 June 2019, Delhi Cantt
16. Periprosthetic Femur Fractures, 6th AAOS-IOA Trauma Conclave, 16 and 17 June 2019, Mumbai
17. Bone grafts and substitutes-Current Evidence, 6th AAOS-IOA Trauma Conclave, 16 and 17 June 2019, Mumbai
18. Fragility Fracture Care in India: Orthopaedic Perspective and Role of FLS, CME of Indian Bone Academy, 23 June 2019, Delhi
19. Total Knee Reconstruction, PACE Webinar, 6 July 2019
20. Osteoarthritis: When will I offer TKR? Choosing the Right Patient, 3rd Annual Conference of Society of OA Research (OACON), 4 August 2019, Bangalore
21. UKR-Surgical Principles and Techniques Unicompartamental Knee Replacement Workshop, Current Concepts in Arthroplasty 2019, 16 August 2019, New Delhi
22. Oxford UKR-Complications, Unicompartamental Knee Replacement Workshop, Current Concepts in Arthroplasty 2019, 16 August 2019, New Delhi
23. Oxford UKR- Indications, Unicompartamental Knee Replacement Workshop, Current Concepts in Arthroplasty 2019, 16 August 2019, New Delhi
24. Bilateral TKR in same sitting: Advantages & Disadvantages, 7th International Annual Conference of Geriatric Orthopaedic Society of India GOSICON 2019, 5-7 September 2019, Aurangabad
25. FFN India: The Way Forward & Future Implications, 7th International Annual Conference of Geriatric Orthopaedic Society of India GOSICON 2019, 5-7 September 2019, Aurangabad
26. Posteromedial Approach to Proximal Tibia, Best of Orthopaedic Techniques, 13 and 14 September 2019, Aerocity New Delhi
27. TKA for Fractures around the Knee, Best of Orthopaedic Techniques, 13 and 14 September 2019, Aerocity New Delhi
28. Why to choose Partial Knee over Total Knee, Oxford Café Delhi, 28 September 2019, Delhi
29. Where Beginners make mistake while doing Oxford and How to address the same, Oxford Café Delhi, 28 September 2019, Delhi
30. Management of Recurrent Dislocation after THA, Ortho Conclave, 10 November 2019, New Delhi
31. Distal Radioulnar Joint (DRUJ), Ortho Conclave, 10 November 2019, New Delhi
32. How I Choose My Implant, 64th Annual Conference of Indian Orthopaedic Association (IOACON) 2019, 19-24

November 2019, Kolkata

33. FLS: Optimising the Multidisciplinary Secondary Fracture Prevention Program, 64th Annual Conference of Indian Orthopaedic Association (IOACON) 2019, 19-24 November 2019, Kolkata
34. Innovative Solutions for challenging Musculoskeletal Problems Using Allografts, 64th Annual Conference of Indian Orthopaedic Association (IOACON) 2019, 19-24 November 2019, Kolkata
35. Short Stem and its Indications, Depuy Synthes Hip Symposium 2020, 1 and 2 February 2020, Mumbai
36. Removal of well-fixed acetabular component, Depuy Synthes Hip Symposium 2020, 1 and 2 February 2020, Mumbai
37. Trochanteric Slide and Extended Trochanteric Osteotomy, Depuy Synthes Hip Symposium 2020, 1 and 2 February, 2020, Mumbai
38. Multi Disciplinary Approach to PPJ Infection: Getting Out of Trouble, UP Orthopedic Association 44th Annual Conference (UPORTHOCON), 14 and 15 February 2020, Lucknow
39. Articulations of Choice: Assuring Longevity, UP Orthopedic Association 44th Annual Conference (UPORTHOCON), 14 and 15 February 2020, Lucknow
40. An Overview of Medical and Surgical Management of Osteoporosis, D Active India Symposium (DAIS), 1 March 2020, New Delhi
41. Neglect of the Girl Child, AIIMS public lecture, 12 November 2019, New Delhi
42. When less is more: Being Conservative in Arthroplasty, 40th SICOT Orthopaedic World Congress, 4-6 December 2019, Muscat, Oman
43. Osteoporosis in India- the Enemy Within, CIMECON 2020, 9 February 2020, Ranchi
44. Periprosthetic Fractures with a THA- Dilemma: Repair or Replace, Dr TP Srivastava Oration, UP Orthopedic Association 44th Annual Conference (UPORTHOCON), 14 and 15 February 2020, Lucknow
45. Developing Dedicated Arthroplasty Team Leading Orchestra to create Rhapsodies, Presidential Oration, 64th Annual Conference of Indian Orthopaedic Association (IOACON) 2019, 19-24 November 2019, Kolkata
- 46.

#### **HL Nag**

1. Arthroscopic meniscus repair, Jodhpur Arthroscopic Symposium 2019, 20 and 21 December 2019, AIIMS, Jodhpur
2. Arthroscopic Bankart repair – How I do it, 12th JOACON 2020, 1 and 2 February 2020, Jamshedpur
3. Open Latarjet procedure for shoulder instability, 12th JOACON 2020, 1 and 2 February 2020, Jamshedpur
4. All inside ACL Reconstruction, 39th Annual conference of NZOA 2020, 14-16 February 2020, AIIMS, Rishikesh

#### **Ravi Mittal**

1. Indications of High Tibial Osteotomy, Mid Term Symposium of UPIOACON, 26 May 2019, Agra
2. FAQs in high tibial osteotomy, One day one topic, 22 September 2019, Delhi
3. Philosophy of high tibial osteotomy, One day One topic, 22 September 2019, Delhi
4. HTO – case presentation, One day One topic, 22 September 2019, Delhi
5. Live surgery- ACL reconstruction using BTB graft, Indian Arthroscopy Society annual conference, 27 September 2019, Indore
6. Latarjet procedure, Arthroscopy symposium, 6 October 2019, Delhi
7. PCL injury, Punjab Orthopaedic Association Conference, 19 October 2019, Ludhiana
8. PLC injury, Punjab Orthopaedic Association Conference, 19 October 2019, Ludhiana
9. Medial meniscus root tear, Punjab Orthopaedic Association Conference, 19 October 2019, Ludhiana
10. Arthroscopic bankart or Latarjet procedure, Arthroscopy surgeons of Nepal Conference, 8 and 9 November 2019, Kathmandu, Nepal
11. Double row repair is the way, Arthroscopy surgeons of Nepal Conference, 8 and 9 November 2019, Kathmandu, Nepal
12. Examination of shoulder impingement, Arthroscopy surgeons of Nepal Conference, 8 and 9 November 2019, Kathmandu, Nepal
13. Malunited supracondylar humerus fracture with stiff elbow, Delhi Orthopaedic Association conference, 10 November 2019, Delhi
14. HTO- indications beyond Medial OA knee, Indian Orthopaedic Association Conference, 24 November 2019, Kolkata

15. Approach to elbow injuries, Annual Conference of West Delhi Orthopaedic Association, 15 December 2019, Delhi
16. Anteromedial tibia fracture Meet the Masters, 1 February 2020, Delhi

#### **Shah Alam Khan**

1. Staged Management of Malignant Bone Lesions, 32nd Annual Conference of the North Zone of Indian Orthopaedic Association, 8-10 February 2019, Jammu
2. Difficult Reconstructions in Bone Sarcomas, 64th Annual Conference of the Indian Orthopaedic Association, 19-24 November 2019, Kolkata
3. Reconstruction following Bone Tumor Resections in Children, 26th Paediatric Orthopaedic Society of India, 9-12 January 2020, Coimbatore
4. Staged Management of Malignant Bone Lesions, 32nd Annual Conference of the North Zone of Indian Orthopaedic Association, 8-10 February 2019, Jammu

#### **Vijay Kumar**

1. Long Term Results for Meniscus Repair, 3rd Jaipur Shoulder Knee Course, 5-7 April 2019, Jaipur
2. Staged Vs Sequential: Results from Literature, 13th National Congress of Indian Society of Hip and Knee Surgeons, 12-14 April 2019, Bengaluru
3. Results of UKR in Tibia Vara, Oxford Instructional Course, 26 and 27 April 2019, New Delhi
4. Management of Acetabular Bone loss, Meet the Master Course, 30 June 2019, Varanasi
5. Management of Post Infective THR Meet the Masters 2019, 30 June 2019, Varanasi
6. Arthroplasty Pointers that ponder in Osteoporotic Skeleton, 7th international conference of Geriatric Orthopaedic Society of India, 6-8 September 2019, Aurangabad
7. Managing the femur in complex primary, Medicover Hip 360 Course, 14 September 2019, Hyderabad
8. Video Uncemented Total Hip Arthroplasty, Medicover Hip 360 Course, 14 September 2019, Hyderabad
9. Preoperative Psychological and Behavioural Factors in Outcomes Following TKA in Indian Patients, 16th Annual Conference of Indian Arthroplasty Association-IAACON 2019, 20 and 21 September 2019, Mumbai
10. Oxford Clinical Excellence and Survivorship, Oxford Café Delhi, 28 September 2019, Delhi
11. Case Selection – Are you taking the right X rays?, Oxford Café, Delhi, 28 September 2019, Delhi
12. THR in Ankylosed Hip, Anup Masters Course, 13 October 2019, Patna
13. Component Positioning and Limb Length Discrepancy, POACON 2019, 19 and 20 October 2019, Ludhiana
14. THA after Acetabular Fracture, POACON 2019, 19 and 20 October 2019, Ludhiana
15. Importance and objectives of Preoperative Planning (Patient Evaluation & Templating), POACON 2019, 19 and 20 October 2019, Ludhiana
16. Everything you always wanted to know about TKR in Ankylosed Knee, Elite Arthroplasty Congress 2019, 9 November 2019, Chandigarh
17. Balancing a THR: Managing Neck length & Offset, 64th Annual Conference of Indian Orthopaedic Association (IOACON-2019), 18 and 19 November 2019, Kolkata
18. Soft tissue balancing in THR, 39th Annual Conference of North Zone Orthopaedic Association (NZOACON 2020), 14-16 February 2020, Rishikesh
19. Workshop saw bone demonstration on Oxford unicondylar Knee, 39th Annual Conference of North Zone Orthopaedic Association (NZOACON 2020), 14-16 February 2020, Rishikesh
20. Surgical Principles and Techniques of Oxford Knee, 39th Annual Conference of North Zone Orthopaedic Association (NZOACON 2020), 14-16 February 2020, Rishikesh
21. TKR in Bony Ankylosis, Agra Arthroplasty Conclave, 29 February-1 March 2020, Agra

#### **Bhavuk Garg**

1. Magnetic growth rod for scoliosis correction, 5th Congress of Middle East Spine Society and world spinal column society, 4 April 2019, Gurgaon, Haryana
2. Anterior approach to cervical spine & ACDF, DOA basic spine course, 12 April 2019, JPNATC, New Delhi
3. Posterior column osteotomies, DOA advanced spine course, 14 April 2019, Safdarjang Hospital, New Delhi
4. Common orthopaedic problems, Invited by DGHS, MOHFW at Nirman Bhavan, 25 April 2019, New Delhi
5. Co-Cr vs. Titanium rods in deformity correction in Adolescents, 3rd International Conference on Clinical Orthopaedics & Spine Biomechanics, 26-28 April 2019, ISIC, New Delhi

6. Congenital lumbosacral scoliosis, DSS bimonthly meeting, 25 May 2018, New Delhi
7. Outcome and safety of 3D printed patient specific zigs in complex spinal deformities, CMBE biennial congress, 10-12 June 2019, Sendai, Japan
8. Sagittal parameters restoration in complex ankylosing spondylitis deformities, Spine world summit 2019, 24 and 25 June 2019, Kuala Lumpur
9. When to go for long instrumentation in LCS, Spine world summit 2019, 24 and 25 June 2019, Kuala Lumpur
10. Intradiscal therapies, AOSpine advanced specimen course, 13 and 14 July 2019, New Delhi
11. Transthoracic and retroperitoneal approaches, AOSpine advanced specimen course, 13 and 14 July 2019, New Delhi
12. Sacroiliac fixation: rationale and indications, AOSpine advanced specimen course, 13 and 14 July 2019, New Delhi
13. Cervical lateral mass screw fixation, AOSpine advanced specimen course, 13 and 14 July 2019, New Delhi
14. How to do research and write a paper, Neurotrauma 2019, 28th Annual meeting of Neurotrauma Society of India, 23-25 August 2019, Agra, UP
15. Spinal osteotomies in traumatic spine injuries. Neurotrauma 2019, 28th Annual meeting of Neurotrauma Society of India, 23-25 August 2019, Agra, UP
16. Classification of Thoracolumbar trauma and its clinical correlation, Neurotrauma 2019 28th Annual meeting of Neurotrauma Society of India, 23-25 August 2019, Agra, UP
17. Degenerative spinal deformities: when to operate, World neurosciences Summit-II, 23-25 August 2019, New Delhi
18. Post tubercular cervical deformity correction, DSS meeting, 28 July 2019, Delhi
19. Hunch-back of Notre Dame, DSS meeting, 5 October 2019, Delhi
20. Feasibility of 3D printing in spinal trauma, ISSICON 2019, 12-14 October 2019, Delhi
21. Vertebral column resection, ISSICON 2019, 12-14 October 2019, Delhi
22. Bridge above troubled waters, DSS bimonthly meeting, 16 November 2019, Delhi
23. Lumbar pedicle screw, Preconference workshop on spine IOACON 2019, 19-24 November 2019, Kolkata
24. Sacroiliac fixation: Indications, IOACON 2019, 19-24 November 2019, Kolkata
25. C-Arm and neuromonitoring in spine surgery, IOACON 2019, 19-24 November 2019, Kolkata
26. Robotics in spine surgery, NZOACON 2020, 14-16 February 2020, AIIMS, Rishikesh
27. Choosing osteotomy type for rigid kyphotic deformities, Mastering Advanced Technologies and Skills Congress in Neurosurgery (MATS 2020), 20-23 February 2020, Gurgaon, Haryana
28. Herapheri at Top, DSS meeting, 8 February 2020, Delhi

#### **Mohd. Tahir Ansari**

1. Mangled extremity management, AO Trauma Course-Advanced Principles of Fracture Management, 4 May 2019, Delhi
2. Perilunate injuries, DOA Hand Course, 19 May 2019, Delhi
3. Management of late-presenting perilunate injuries, MIDCON 2019, 7 July 2019, Delhi
4. Brunelli Ligamentoplasty, Pune Wrist Course, 27 July 2019, Pune
5. LT augmentation and evolutions, Pune Wrist Course, 27 July 2019, Pune
6. Late management of perilunate injuries, Pune Wrist Course, 28 July 2019, Pune

#### **Vijay Kumar Digge**

1. Ankle fractures – injury biomechanics & restoration, 3rd International conference on Clinical Orthopedic & Spine Biomechanics, 26 April 2019, Delhi
2. Failure in ACL reconstruction, 3rd International conference on Clinical Orthopedic & Spine Biomechanics, 26 April 2019, Delhi
3. Bone harvesting and Bone banking, Deceased Organ & Tissue Donation, 10 May 2019, Delhi
4. Bone harvesting and Bone banking, Deceased Organ & Tissue Donation, 12 September 2019, Delhi
5. Bone harvesting and Bone banking, Deceased Organ & Tissue Donation, 24 Jan 2020, Delhi
6. Pilon fracture fixation – Tips & Tricks to achieve best outcome, NZAOCON 2020, 15 February 2020, Rishikesh
7. Protocol for Achilles Tendon Rupture, NZAOCON, 15 February 2020, Rishikesh
8. Bone harvesting and Bone banking, Deceased Organ & Tissue Donation, 24 February 2020, Delhi

### **Vikrant Manhas**

1. Bone donation Training programme, ORBO, 12 April 2019, New Delhi
2. Common mistakes in applying Ilizarov frame, 2nd Basic ilizarov course, 21 April 2019, New Delhi
3. TJA in inflammatory arthritis - key issues, Arthroplasty update, 9 June 2019, New Delhi
4. Trauma case - young surgeon forum, IFASCON, 30 August 2019, New Delhi
5. Bone screw - how to get it right every time, DOA-Trauma basic course, 22 December 2019, New Delhi

### **Venkatesan Sampath Kumar**

1. Clubfoot Management, Advance Training on Ponseti Method of Clubfoot Management, 27 June 2019, Ranchi
2. Malignant Bone Tumours & Principles of Limb Salvage Surgery, Sir Gangaram Hospital & IOA Postgraduate teaching program, 29 June 2019, New Delhi
3. Panel discussion on Adult and Paediatric Sarcoma, CME on "Orthopaedic Oncology", 21 July 2019, New Delhi
4. The Not So Simple SBC, Paediatric Orthopaedic Society of India Annual Meeting 2020, 11 January 2020, Coimbatore
5. Osteochondroma-When would I intervene? Paediatric Orthopaedic Society of India Annual Meeting 2020, 11 January 2020, Coimbatore
6. Clubfoot Management One day Training on Clubfoot for orthopaedic doctors, 1 February 2020, Trivandrum
7. Interesting Oncological Reconstruction, Indian Musculoskeletal Oncology Society Meeting 2020, 6-8 March 2020, Bengaluru

### **Oral papers/posters presented**

## **RESEARCH**

### **Funded projects**

#### ***Ongoing***

1. Comparative Evaluation of Genetic and Biochemical profile in postmenopausal osteoporotic and age matched healthy women, Rajesh Malhotra, ICMR, 3 years, 2019- 2022, Rs 139 lakhs

2. A prospective randomized study to compare the systemic emboli in computer assisted navigation vs conventional surgical technique of knee replacement, Rajesh Malhotra, ICMR, 3 years, 2019 to 2022, Rs 50 Lakhs
3. Prospective, Multi-centre Outcomes Study of Persona Knee System in Total Knee Arthroplasty. Study Protocol # CSA2014-02K, Rajesh Malhotra, Zimmer, 7 years, 2015 to 2022, Rs 24 lakhs
4. A prospective randomized study to compare the systemic emboli in computer assisted navigation vs conventional surgical technique of knee replacement, Rajesh Malhotra, ICMR, 3 years, 2019-2022, Rs 50 lakhs
5. Understanding differences in the patterns of osteoarthritis in Indian and Western population: Impact on symptoms, treatment options and their outcome, Rajesh Malhotra and Vijay Kumar, DST-UKIERI, 3 years, 2017-2020, Rs 88 lakhs
6. Treatment response evaluation in extra spinal musculoskeletal tuberculosis using molecular imaging (PET-CT), Shah Alam Khan, ICMR, 3 years, 2018-2020, Rs 8 lakhs
7. Surveillance in Paediatric Bone Sarcomas, Shah Alam Khan, Jiv Daya Foundation, USA, 3 years, 2016-2019, USD 20,000
8. Study of Osteogenic Humoral Factors on Fracture Healing in Patients with Head Injury: decoding the Mystery, Vijay Kumar Digge, DST, 3 years, 2018-2021, Rs 49 lakhs
9. Comparative evaluation of genetic and cytokines profile in age matched Indian subjects with and without knee osteoarthritis, Bhavuk Garg, ICMR, 3 years, 2017-2020, Rs 140 lakhs
10. A Prospective, Active-controlled, Randomized, Double blind, Multicentre, Phase III Study to Compare the Safety and Efficacy of Biosimilar Denosumab of Enzene Biosciences Limited versus Innovator Denosumab in the Treatment of Postmenopausal Osteoporosis, Bhavuk Garg, Alkem Laboratories, 2 years, 2018-2020, Rs 8 lakhs
11. Bone health assessment in transgender population: A pilot study, Bhavuk Garg, ICMR, 2 years, 2018-2021, Rs 72 lakhs
12. Designing of patient specific Total Elbow Replacement prosthesis for Indian Population, Bhavuk Garg, ICMR, 3 years, 2019-2022, Rs 84.63 lakhs
13. Use of O-arm navigational technique versus Free hand standard method in pedicle screws placement for the treatment of Spinal disorders: A Randomized controlled trial, Bhavuk Garg, AIIMS, 1 year, 2019-2020, Rs 5 lakhs
14. Evaluation of Immune Checkpoints in tumour micro-environment of Osteosarcomas, Venkatesan Sampath Kumar, AIIMS, 2 years, 2018-2020, Rs 5 lakhs

#### ***Completed***

1. CV185-158: Phase IV, Open-Label, Multi-center Study to Evaluate the Safety of Apixaban in Indian Subjects Undergoing Elective Total Knee Replacement or Total Hip Replacement Surgery, Rajesh Malhotra, PPD, 4 years, 2015 to 2019, Rs 33 lakhs
2. Epigenetic insight looking at possible differential miRNA expression among osteoporotic elderly and young patients with hip fractures, Bhavuk Garg, AOTRAUMA Asia Pacific Research Grant, 2 years, 2018-2019, Rs 1.7 lakhs
3. Anatomy of the apical pedicles in scoliosis, Bhavuk Garg, AIIMS, 1 year, 2019-2020, Rs 1.25 lakhs

#### **Departmental projects**

##### ***Ongoing***

1. A Prospective Randomized Study to compare Computer Assisted Navigation Vs Free Hand Surgical Technique of Total Hip Replacement
2. Double Blind Randomized Control Trial to Assess the Outcome of Open Vs. Arthroscopic Excision of Dorsal Wrist Ganglion
3. Prospective Observational study of Transfusion Practices in Severely injured Trauma Patients in Emergency department at Level 1 Trauma Centre
4. Delay in Surgery after Hip Fracture: Reasons and Impacts on Outcomes
5. To evaluate the tunnel/socket morphology in an arthroscopic ACL reconstruction with two different method of graft fixation methods: A prospective randomized control trial
6. Determination of accuracy of implant positioning and limb alignment in medial unicom part mental knee arthroplasty with computer navigation- an ambispective study
7. Functional and radiological outcomes following plating for displaced fractures of patella
8. Functional and radiological outcomes of fixed versus mobile bearing navigated UKR in patients with AMOA: A RCT
9. Double blind randomised control trial to assess the outcome of pulley release and pulley reconstruction for de quervain's tenosynovitis
10. Higher Forgotten Joint Score In Cruciate Retaining V/S Posterior Stabilising Total knee arthroplasty
11. Double blind randomised control trial to assess the outcome of open vs arthroscopic excision of dorsal wrist ganglion

12. Functional Impact of Congenital Hand Differences: Initiation and maintenance of the congenital Upper Limb Differences (could), Registry at All India Institute of Medical Sciences (AIIMS)

### **Completed**

1. A prospective randomized clinical trial to compare clinical, fluoroscopic and radiological outcome between medial pivot and lateral pivot knee
2. A Prospective Randomized Study to Evaluate Kinematic and Mechanical Alignment in Total Knee Arthroplasty
3. Molecular imaging of tuberculosis
4. Implant migration analysis using RSA and clinic-radiological outcome in Indian population undergoing mobile bearing UKR
5. A Prospective Randomized Study to compare Computer Assisted Navigation Vs Free Hand Surgical Technique of Total Hip Replacement
6. A Prospective Randomised Study To Compare Large Console, Image Less Computer Assisted Navigation Vs Accelerometer Based Portable Navigation Technique Of Total Knee Replacement

### **Collaborative projects**

#### **Ongoing**

1. Understanding Differences in the Patterns of Osteoarthritis in Indian and Western Population: Impact on Symptoms, Treatment Options and Their Outcome, UKIERI-DST
2. The safety and efficacy of transcatheter arterial embolization in moderate osteoarthritis and medial knee pain, Cardiovascular Radiology and Endovascular interventions

#### **Completed**

1. Safety Suitability and Clinical Effectiveness of Unicompartmental Knee Replacement in the Indian Population, DST-UKIERI
2. Biomechanical Investigation of Extracorporeal Irradiation Therapy in Malignant Bone Tumors, IIT, Delhi
3. Quantification of tendon injuries using high frequency ultrasonography in upper limb injuries, Radiology

### **PUBLICATIONS**

**Journals: 45**

**Chapters in Books: 4**

**Books: 1**

### **PATIENT CARE**

- The Orthopedic outpatient and operative care to poor patients - RAAHAT Camp, Mandla (M.P.) on 10-13 November 2019
- Member of committee constituted by AIIMS for Rastriya Arogya Nidhi (RAN) to provide financial assistance for poor patients
- Installation of state of the art modular Ortho OT complex
- Gait lab
- Genetic Lab
- O arm facility
- EOS facility
- SATHI and SSHARA services
- New OPD block
- Robotic spine surgery
- Morning General OPD, twice a week
- Running "Sports Clinic" in the afternoon, once a week
- Attending the injured athletes at Medical Centre, J.L. Nehru Stadium, New Delhi, in the afternoon, once a week

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor Rajesh Malhotra** was awarded best paper award for the paper entitled: "Influence of Etiology and Onset of Deformity on 3D Gait Pattern of Patients with Complex Spinal Deformity" during the 3rd International Conference on Spine & Orthopaedic Biomechanics on 26-28 April 2019 in New Delhi; Awarded IMA Doctor's Day Award 2019 for

Most Distinguished Services during the Doctor's Day Celebration on 1 July 2019 at IMA, New Delhi; Awarded the CME Educator Award (Individual) during CME Excellence Summit and Awards with media partner CNN News 18 in New Delhi on 7 August 2019; Awarded First Prize in the Exhibition Category- Universal Healthcare during 64th Foundation Day Celebration at AIIMS, New Delhi on 25 September 2019; Awarded First Prize for Hindi Dictation during the Hindi Week Celebration at AIIMS, New Delhi from 2 to 14 September 2019; was **Member** of 2nd Meeting of the Technical Expert Committee (TEC) on "Biomedical Engineering (Medical Devices, Diagnostics and Implants) on 11 July 2019 at Department of Biotechnology, New Delhi; Expert for Scientific and Technical Advisory Group (STAG) meeting of medical biotechnology of DBT on 14 and 15 October 2019;\_Expert Member, Technical /Advisory Core Committee on International Cooperation- Sweden, Finland, France of DBT; Expert, Expert Committee for shortlisting of proposals received against call for proposals on "Nanotechnology interventions in Dentistry and Bone diseases" and "Nanotechnology based tools to enhance agricultural productivity"; Third Technical Expert Committee on Biomedical Engineering (Devices, Diagnostics and Implants);\_Technical Expert Committee meeting on "Nanobiotechnology"; Bionest Committee at AIIMS, New Delhi; **Co-Chairman**, National core group of experts for Strengthening Emergency and Trauma Care Services of Ministry of Health & Family welfare; Editorial Board Member, Medical Journal of Dr DY Patil Vidyapeeth; Editor, Journal of Clinical Orthopaedics and Trauma; Expert for Selection Committee for the interview of Nursing Tutor, scientist I (Biostatistics) and Clinical Psychologist on 16 April 2019 at AIIMS, New Delhi; Chief Guest in ASAMI Indian Basic Ilizarov and Deformity Course in New Delhi on 8 and 9 June 2019;\_Invited by Commandant, Army Hospital to perform Reconstruction using Allograft surgery for Revision of Failed Distal Femoral Megaprosthesis at Army Hospital (R&R), Delhi Cantt on 13 June 2019;\_Visit to Leeds, UK under the DST-UKIERI Project entitled: "Understanding differences in the patterns of osteoarthritis in Indian and Western population: Impact on symptoms, treatment options and their outcome" on 26-29 June 2019; Chief Guest in DOA-MIDCON 2019 in New Delhi on 7 July 2019; Guest of Honour in 8th Annual Convocation of Academy College of Emergency Experts at AIIMS, New Delhi on 3 August 2019;\_Visit to Narita, Japan under "Human resources Exchange Program in Trauma and Acute Medicine" on 19-24 August 2019; Guest of Honour in Swatchh Yamuna Abhiyan at Constitution Club, New Delhi on 25 December 2019.

**Professor Hira Lal Nag** was Chairman, Sports Medicine Section, Central working committee of IOA; Editorial board member, Journal of arthroscopy and sports medicine, official journal of IAS; Expert Member, Human Rights Committee; Member, EHS Advisory Committee; Live surgical demonstration of "High tibial osteotomy" at Jaipur and "All inside ACL reconstruction" Kolkata; Surgical demonstration of "Meniscus Repair" on dry model at Jodhpur; Honorary consultant for Sports Authority of India (SAI); Appointed Member, Hospital Management Board; Nominated Member, Technical Specification Selection Committee of Surgical Items; External Examiner for MS Examination at JIPMER, Puducherry and PGIMER, Dr RML Hospital; Vice President, Orthopaedic Research Society, AIIMS; Member, store purchase committee, AIIMS; External Expert, Standing Selection Committee for selection of Faculty, Department of Orthopaedics, AIIMS, Rishikesh; Unit Incharge of Orthopaedics Unit-II & Acting Head of Department from time to time; Faculty Incharge, Orthopaedics OT; Member, Medical equipment committee for SIC (expansion), Safdarjung Hospital; Member, Medical team of Health Camp at Leh; Member, Enquiry Committee for SIC, Safdarjung; External Expert, Standing Selection Committee, for selection of Faculty, Dept of Orthopaedics, AIIMS, Gorakhpur; Expert Member, Indian Standard Bureau for Orthopaedic Implants; Member, Committee for special audit of SIC, Safdarjung Hospital, New Delhi; Member, UG Expert Committee, MCI; External Expert, Standing Selection Committee, for selection of Faculty, Dept of Orthopaedics, Govt Institute of Medical Sciences, Gr. Noida, UP; External Expert, Standing Selection Committee, for selection of Faculty, Dept of Orthopaedics, PGIMER, Rohtak, Haryana.

**Professor Vijay Kumar** was elected Joint Secretary, North Zone Orthopaedic Association; Organized a "Walk for Elderly" during Combined Meeting of 6th International Geriatric Orthopaedic Society of India Conference, Fragility Fracture Network (India) & Current Concept in Arthroplasty 2018 at AIIMS, New Delhi on 7 September 2018; Visited Leeds University under DST UKIERI Project entitled "Understanding differences in the patterns of osteoarthritis in Indian and Western population: Impact on symptoms, treatment options and their outcome", 23 June-2 July 2018.

**Dr Bhavuk Garg** received the Asia Pacific Mimics innovation Award 2019; was Young Fellows Association (YFA) Liaison Representative to the American College of Surgeons Advisory Council for Orthopaedic Surgery; Assistant editor, Indian Journal of Orthopedics; Associate editor, Journal of Clinical Orthopedics & Trauma; Editorial board member, North American Spine Society Journal (NASSJ); AO spine International faculty; Member: SRS patient education committee; Delhi Representative, North Zone Orthopaedic Association; Member executive committee, Association of spine surgeons of India; Member, Task Force on Stem Cell Research and Regenerative Medicine, DBT; Task force on elearnspine.org, Association of spine surgeons of India (ASSI); Task force on scoliosis screening, Association of spine surgeons of India (ASSI); Task force on capacity building, Association of spine surgeons of India (ASSI); Task force on EPTB guidelines, AIIMS; Member, AIIMS TB core committee.

**Dr Mohd. Tahir Ansari** received the AO trauma fellowship: 4 November-13 December 2019; BG Clinic and University Hospital, Tubingen; Germany.

**Dr Vijay Kumar Digge** was Chairperson for the debate on posteromedial corner injury at KASCON held at Bengaluru on 29 June 2019 and Chairperson for the ankle session at IASCON held at Indore on 28 September 2019.

**Dr Vikrant Manhas** successfully completed “AO advance trauma course”, organised by AO foundation on 2-4 May 2019 in New Delhi and “Teacher mentor programme” organised by CMET, AIIMS on 18 July 2019; Table instructor for Oxford UKA saw bone Workshop in “CCA 2019”, 16-18 August 2019 at AIIMS, New Delhi; Successfully completed “Amsterdam foot and ankle course” on 13 and 14 December 2019 at Jaipur, Rajasthan; Workshop on lag screw exercise, external fixator and DHS in “DOA Basic Trauma Course”, 22 December 2019 in New Delhi; Organised a guest lecture on “Recent advances in foot and ankle surgery” by Dr Nasef Mohamed Nasef on 28 February at New Delhi; Appointed as reviewer of “Indian Journal of Orthopaedics” on 26 March 2020.

**Dr Venkatesan Sampath Kumar** visited Ganga Hospital, Coimbatore on “APOA- Ganga Hospital Travelling Trauma Fellowship” between 17 and 24 June 2018.

#### **VISITING SCIENTIST**

1. Dr Ching Lau, USA, Guest Lecture on Genomic Landscape of Osteosarcoma, 10 April 2019, AIIMS, New Delhi
2. Dr Ormonde M Mahoney from Athens, Georgia, Guest Lecture on Current Trends and Controversies in TKR, 16 October 2019, AIIMS, New Delhi
3. Professor Rohit Amritanand, CMC, 12 July 2019, Vellore
4. Professor Raymond P Onders, Cleveland Medical Centre, Ohio, 25 July 2019, USA

## 9.26. Otorhinolaryngology

### Professor and Head

Suresh Chandra Sharma (up to 31 January 2020)

Alok Thakar (from 1 February 2020)

### Professor

Rakesh Kumar

### Additional Professor

Kapil Sikka

Chirom Amit Singh

### Associate Professor

Rajeev Kumar

Prem Sagar

David Victor Kumar Irugu (up to 16 September 2019)

Arvind Kairo

Shuchita Singh

Hitesh Verma

### HIGHLIGHTS

The department continued its activities to impart quality education to its own students and also to delegates and observers. It conducted 10 major and minor workshops in the year. The department planned the International Workshop on Head and Neck Surgery which was to include cadaveric demonstration dissection and Live surgery demonstration but the workshop had to be postponed due to the Covid pandemic. The department conducted two advanced cochlear implant electrode design and insertion technique workshops and CI rehabilitation workshops. The department continued with conducting two Head and Neck cadaveric workshops in July and November. It also organized one cadaveric endoscopic sinus surgery and one microvascular anastomosis course along with pre-conference head and neck CME for SAARC and IAOHNS ENT Conference. Our Public awareness and panel discussion on "World Hearing Day" on 3rd March 2020 was well attended where many patients were screened for hearing and their queries answered.

### EDUCATION

The formal lecture schedule for MBBS students was in the 6th and 8th semesters and consists of 1-hour lectures. The undergraduate students are posted in the department (OPD and Ward) for 2 months on rotation basis. They learn the basic ENT examination, become familiarized with diagnosing the common ENT diseases and learning the elementary management, including communication skills. The clinical training consists of:

1. Two classes on introduction to the clinical aspects of ENT including proper ear, nose and throat examination
2. Bedside teaching and case discussion on common ENT conditions like CSOM, Deviated Nasal septum, Nasal polyps, Cancer larynx, etc.
3. Orientation to commonly used ENT instruments and X-Rays in ENT practice
4. Exposure to commonly done OPD procedures like nasal packing, ear packing, cautery, etc.
5. Exposure to selective operative procedures like tracheostomy, tonsillectomy, septoplasty, nasal polypectomy, etc.
6. Preventive Otolaryngology and head & neck cancer

At the end of the Otorhinolaryngology posting, the students are able to:

1. Examine and diagnosis common ear, nose, and throat problems.
2. Suggest common investigative procedures and their interpretation to diagnose and manage the patient.
3. Treat the common ENT and Head & Neck problems at primary care centre, while treating the patient.
4. Train to perform various minor surgical procedures like ear syringing, nasal packing and biopsy procedure.
5. Have awareness of Preventive otology and head & neck cancer for public guidance.

For postgraduates (PG), major goals are patient care, teaching, research ability, and team work. PG students have to do presentation of seminar/paper, research writing, and acquire Clinical decision making ability and management expertise. Postgraduate students perform major and minor surgical procedures under supervision of a faculty member/a senior resident. They are trained to perform major and minor operations independently. During training, they are posted in orientation programme including exposure to Audiology Section and Vestibular Laboratory, learn bedside history taking in ward, OT exposures, casualty, ICU requirement and their visit to related disciplines such as Neurosurgery/Anaesthesia, Care of indoor (Medical; preoperative and postoperative) patients. Attends operation theatre and emergency operations. Assists ward rounds and visit other wards with senior colleagues to attend call/consultations from other departments. Participates in the teaching sessions in ward for bedside clinical aspect, in specialty clinics in afternoon in seminar/journal Club and do emergency duty as per Roster of the department. Postgraduate students also have to do thesis under guidance of faculty.

The department also runs a superspecialty course of MCh Head and Neck Surgery and fellowship in Skull Base surgery. The MCh residents have been allocated duties in the respective specialties in OPD, OT and also attend academic activities jointly with departments of radiation oncology, medical oncology, pathology, neurosurgery etc. MCh residents and Skull Base Fellows also are promoted to participate in research projects jointly with faculty members. They present Seminars and Journal clubs by rotation. MCh residents are also posted in NCI Jhajjar for clinical and academic duties.

The department also organizes workshops and conferences for benefits of national and international delegates from time to time on various recent topics of interest. The department also welcomes delegates for observership from India and abroad and hosts them to observe departmental activities, specialty clinics, seminars and operative procedures.

### **Long Term Training**

Major Dr Roohie Singh, Graded Specialist (ENT), Military Hospital, Hisar, 1 year, May 2019 onwards

### **Short Term Training**

Dr Manvi Saini, Specialist (ENT), NDMC Charak Palika Hospital, New Delhi, 6 weeks, 15 July 2019 to 23 August 2019

### **Elective training**

1. Internship posting of students of Bachelor's in Audiology and Speech Language Pathology (BASLP), AYJNISHD, Regional Centre, Noida
2. TYBASLP students of AYJNISHD (Divyagjan), Mumbai, visited the Department on 21 February 2020 as part of their education tour

The department had observers and rotation postings from Departments of Emergency Medicine, Pediatrics, Medicine, Physiology and Fellows under the School of International Biodesign (SiB)

### **CMEs/Workshops/Symposia/National and International Conferences**

1. Public awareness camp and Panel Discussion on World Hearing Day, 3 March 2020
2. Two-day advanced surgical and electrode design workshop on cochlear implants: Improving hearing performance with innovation, 12 and 13 February 2020, AIIMS, New Delhi
3. Microvascular techniques and suturing workshop, 27-31 January 2020, AIIMS, New Delhi
4. Second Hands on Functional Endoscopic Sinus Surgery Cadaveric workshop, 18 and 19 January 2020, ACSST Trauma Centre, AIIMS
5. Ninth Cadaveric Head and Neck Course, 26 and 27 November 2019, ACSST, Trauma Centre, AIIMS
6. CI Habilitation and Awareness workshop for parents, 13 and 14 November 2019, AIIMS and Mandi House Auditorium
7. Two-day advanced surgical and electrode design workshop on cochlear implants: Improving hearing performance with innovation with focus on CI 532 Electrode for Cochlear Implant, 7 and 8 November 2019, AIIMS
8. Pre conference workshop on Head and Neck, 8th Annual Conference of Indian academy of Otolaryngology, Head and Neck Surgery and 11th SAARC ENT conference, 15 August 2019
9. Eighth Cadaveric Head and Neck Course at ACSST, 17 and 18 July 2019, Trauma Centre, AIIMS
10. Tenth AIIMS cadaveric and 2nd international workshop, 24-28 March 2020: Postponed due to COVID Pandemic

### **Lectures delivered**

**SC Sharma: 1    Alok Thakar: 46    Rakesh Kumar: 18**  
**Kapil Sikka: 25    Chirom Amit Singh: 13    Rajeev Kumar: 10**  
**Prem Sagar: 9    Arvind Kumar Kairo: 6    Shuchita Singh: 6**  
**Hitesh Verma: 15**

### **SC Sharma**

1. Robotic Surgery: Role of TORS in Head & Neck Surgery, CME on Head and Neck Cancers, 3 May 2019, AIIMS, Rishikesh

### **Alok Thakar**

1. Angiofibroma- Optimizing Surgical Resection & Minimizing Recurrences Expert Series- Instructional Course American Academy of Otolaryngology & Head-Neck Surgery Meeting (AAOHNS), 15-18 September 2019, New Orleans
2. Optic Nerve Decompression and Orbital Decompression Society of Otolaryngologists of Nepal (SOL), 22 April 2019, Kathmandu

3. Oral Submucous Fibrosis- surgical treatment of Trismus, Society of Otolaryngologists of Nepal (SOL), 22 April 2019, Kathmandu
4. Panelist, Oropharynx Cancer—Surgical v/s Nonsurgical; Robotic V/s Endoscopic, 4th Congress of International Guild of Robotic and Endoscopic Head-Neck Surgery, 4-6 October 2019, Gurgaon
5. Early Oral Cancer Choosing Wisely, Indo-UK Collaborative Meeting-Value added Cancer Care for India, 15 October 2019, New Delhi
6. Case Discussions- Oral Cancer Choosing Wisely, Indo-UK Collaborative Meeting-Value added Cancer Care for India, 15 October 2019, New Delhi
7. Early Oral Cancer – Guidelines & Beyond Guidelines, International Conference on Oral Cancer & Reconstruction, 13 and 14 December 2019, New Delhi
8. Moderator, Panel Discussion, Advanced Oral Cancer International Conference on Oral Cancer & Reconstruction, 13 and 14 December 2019, New Delhi
9. Panelist, Case based discussions, International Conference on Oral Cancer & Reconstruction, 13 and 14 December 2019, New Delhi
10. Optic Nerve Decompression- Surgical Technique and Indications, AIIMS Neurosurgery Endonasal Endoscopic Skull Base Surgery Dissection Course, 6 April 2019, New Delhi
11. Endonasal Endoscopic CSF leak repair- surgical technique and results, AIIMS Neurosurgery Endonasal Endoscopic Skull Base Surgery Dissection Course, 6 April 2019, New Delhi
12. Treatment guidelines for early laryngeal cancer, BLK Hospital Laryngeal Laser Course, 6 April 2019, New Delhi
13. Early Oral Cancer, Increasing incidence of Head-Neck Cancer & its management in North-Eastern States, NEGRIMS, 3 May 2019, Shillong
14. Panelist- Prevention & treatment of Head-Neck Cancer, Increasing incidence of Head-Neck Cancer & its management in North-Eastern States, NEGRIMS, 3 May 2019, Shillong
15. Laser Resection for Advanced Laryngeal Cancer, Manipal Head-Neck Surgery and Laser Workshop, 19 and 20 July 2019, Manipal
16. Cancer Larynx - Surgical Organ Preservation, Manipal Head-Neck Surgery and Laser Workshop, 19 and 20 July 2019, Manipal
17. Moderator, Panel Discussion – Cancer Larynx, Manipal Head-Neck Surgery and Laser Workshop, 19 and 20 July 2019, Manipal
18. Panelist, Panel Discussion – Oral Cancer, Manipal Head-Neck Surgery and Laser Workshop, 19 and 20 July 2019, Manipal
19. The Robot in Otolaryngology & Head-Neck Surgery, Manipal Head-Neck Surgery and Laser Workshop, 19 and 20 July 2019, Manipal
20. Panelist, FESS and Sinus Surgery ENT Conclave, 10 August 2019, Indore
21. Robotic Thyroidectomy, Indian Academy of Otolaryngology& Head-Neck Surgery Annual Meeting, 15-18 August 2019, Gurgaon
22. Moderator, Panel Discussion on Oral Cancer, Indian Academy of Otolaryngology& Head-Neck Surgery Annual Meeting, 15-18 August 2019, Gurgaon
23. CO2 laser resections in cancer larynx, Delhi Oncology Forum, 6 September 2019, New Delhi
24. Total Parotidectomy- Cadaveric Demonstration, Indian Academy of Otolaryngology& Head-Neck Surgery Annual Meeting, 15-18 August 2019, Gurgaon
25. The Robot in Otolaryngology & Head-Neck Surgery, Annual meeting of Gujrat Association of Otolaryngologists of India, Udaipur, 28 September 2019, Udaipur
26. Solitary Thyroid Nodule, Annual meeting of Gujrat Association of Otolaryngologists of India, Udaipur, 28 September 2019, Udaipur
27. Panelist, Voice and laryngeal disorders, Annual meeting of Gujrat Association of Otolaryngologists of India, Udaipur, 28 September 2019, Udaipur
28. Trans Oral Ultrasonic Surgery (TOUSS), 19th Annual Conference of the Foundation for Head-Neck Oncology, 11-13 October 2019, Chennai
29. Impact of Vocal fold medialization on Ventilatory Function, Phonocon mid-term meeting, 18 October 2019, New Delhi
30. The role of minimally invasive surgery in morbidity mitigation, Multi-Disciplinary Cancer Symposium, 15 and 16 November 2019, Jalandhar

31. Moderator, Panel Discussion, Intra treatment morbidity mitigation in Head-Neck Cancer, Multi-Disciplinary Cancer Symposium, 15 and 16 November 2019, Jalandhar
32. Robotic Surgery in the Head & Neck, Head-Neck Cancer Symposium, Army Research & Referral (R&R) Hospital, 17 November 2019, New Delhi
33. Speech Rehabilitation after laryngectomy, AIIMS Head-Neck Cadaveric Course, 26 November 2019, New Delhi
34. Panelist, MESS in FESS Image Guidance in Sinus Surgery, AIIMS Rishikesh, 23 November 2019, Rishikesh
35. Panelist, Ethical treatment of Vertigo, Annual Conference of the Otolaryngologist of India, 10 and 11 January 2020, Nagpur
36. Optic and Orbital Decompression-Why When & How, Annual Conference of the Otolaryngologist of India, 10 and 11 January 2020, Nagpur
37. Vertigo Diagnosis and Treatment- Principles & Clinical Approach, Annual conference of the Otolaryngologist of India, 10 and 11 January 2020, Nagpur
38. Surgical Organ Preservation in Cancer Larynx, Laryngology Update, AOI, 7 March 2020, Lucknow
39. Surgical Demonstration-Laser Cordectomy, Multi-Disciplinary Cancer Symposium, 15 and 16 November 2019, Jalandhar
40. Surgical Demonstration-Type I medialization Thyroplasty, Multi-Disciplinary Cancer Symposium, 15 and 16 November 2019, Jalandhar
41. Surgical Demonstration-FESS Image Guidance in Sinus Surgery, AIIMS Rishikesh, 23 November 2019, Rishikesh
42. Surgical Demonstration-Superficial Parotidectomy, Bihar & Jharkhand Annual Meeting, Ranchi, 6 December 2019
43. Surgical Demonstration-Hemi-Thyroidectomy, Bihar & Jharkhand Annual Meeting, Ranchi, 6 December 2019
44. Cadaveric Demonstration-Hemi-Thyroidectomy, AIIMS Head Neck Cadaveric Dissection Course, July 2019, New Delhi
45. Cadaveric Demonstration-Superficial and Total Parotidectomy, Indian Academy of Otolaryngology & Head-Neck Surgery, Pre-Conference CME, 15 Aug 2019, New Delhi
46. Cadaveric Demonstration – Hemi Thyroidectomy, AIIMS Head Neck Cadaveric Dissection Course, November 2019, New Delhi

#### **Rakesh Kumar**

1. Cochlear Implant, Oration at AOI (HP chapter), 1 June 2019, IGMC, Shimla
2. ENT problems and new options in their management, Swasthaya Sanjivini by All India Radio, 15 July 2019, AIR, New Delhi
3. Petrous apex cholesteatoma, Monthly meet of AOI (Delhi), 19 July 2019, AIIMS
4. Demonstrated Pinna plasty- Mustarde's Suture technique and dimple creation, 7th National Facial Plastic Surgery course, 4-6 September 2019, Rammiah Medical College, Bengaluru
5. Demonstrated the local facial flaps- paramedian forehead, nasolabial, bilobed and rhomboid, 7th National Facial Plastic Surgery course, 4-6 September 2019 Rammiah Medical College, Bengaluru
6. Demonstrated the facial reanimation using Labbe's technique of temporalis muscle lengthening, 7th National Facial Plastic Surgery course, 4-6 September 2019, Rammiah Medical College, Bengaluru
7. Hands on certificate course on Robotic Surgery, 7th National Facial Plastic Surgery course, 4-6 September 2019, Rammiah Medical College, Bengaluru
8. Otoplasty, 7th International Rhinoplasty and Facial Plastic Surgery workshop, 7 and 8 September 2019, Care Hospital, Hyderabad
9. Mentored Airway surgery, General Surgical mentoring, 15 October 2019, Bhopal, AIIMS
10. Mentored Laser laryngeal surgery, Surgical Mentoring, 9 November 2019, LHMC
11. Steps of parotid surgery, 9th Head Neck Dissection Course, CTERF, 26 and 27 November 2019, AIIMS
12. Mentored the Temporal bone dissection section, 2nd Temporal bone dissection and cochlear implant live, 28 and 29 September 2019, IGIMS, Shimla
13. Management of Iatrogenic facial palsy, ENT update, 5 and 6 December 2019, MAMC, New Delhi
14. Live demonstration of open septorhinoplasty for a post traumatic postsurgery crooked nasal deformity and nasal obstruction, 3rd Annual Live surgical and hands on soft cadaveric dissection course on Rhinoplasty and Facial plastics, 12 and 13 December 2019, Jodhpur, AIIMS
15. Nasal hump correction, 3rd Annual Live surgical and hands on soft cadaveric dissection course on Rhinoplasty and Facial plastics, 12 and 13 December 2019, Jodhpur, AIIMS

16. Scar revision, 3rd Annual Live surgical and hands on soft cadaveric dissection course on Rhinoplasty and Facial plastics, 12 and 13 December 2019, Jodhpur, AIIMS
17. Nasolabial flap on cadaver, 3rd Annual Live surgical and hands on soft cadaveric dissection course on Rhinoplasty and Facial plastics, 12 and 13 December 2019, Jodhpur, AIIMS
18. Mentored CI surgeries, General Surgical Mentoring, 10 and 11 February 2020, Bhopal, AIIMS

#### **Kapil Sikka**

1. Panelist, Public awareness and panel discussion on Hearing For Life, World Hearing Day, 3 March 2020, AIIMS, New Delhi
2. Key surgical factors for success, 2 day advanced surgical and electrode design workshop on cochlear implants, Improving hearing performance with innovation, 12 and 13 February 2020, AIIMS, New Delhi
3. Surgical steps of Endoscopic Angiofibroma excision, 2nd Hands on Functional Endoscopic Sinus Surgery Cadaveric workshop, 18 and 19 January 2020, ACSST, Trauma Centre, AIIMS, New Delhi
4. Panelist, How to sequence systemic therapy for metastatic SCCHN in 2020, Optimizing outcomes for SCCHN IN 2020, 17 January 2020, New Delhi
5. All about Vagal and Carotid body paragangliomas, World Skull Base course, 23 and 24 December 2019, MS Ramaiah Institute, Bengaluru
6. All about Paranasal Sinus Malignancies, World Skull Base course, 23 and 24 December 2019, MS Ramaiah Institute, Bengaluru
7. Live Cadaveric Demonstration of Maxillary swing Approach, World Skull Base course 23 and 24 December 2019, MS Ramaiah Institute, Bengaluru
8. Chyle leak, Oncology Forum Meeting 2019, 7 and 8 December 2019, New Delhi
9. Live Cadaveric Demonstration of Neck Dissection, 9th Cadaveric Head and Neck Course, 26 and 27 November 2019, ACSST, Trauma Centre, AIIMS
10. Panelist, Difficult scenarios in Cochlear Implantation, 28th Annual National Conference of Indian Society of Otolaryngology, 15-17 November 2019, Biswa Bangla Convention Centre, Kolkata
11. Skull Base Osteomyelitis, 28th Annual National Conference of Indian Society of Otolaryngology 15-17 November 2019, Biswa Bangla Convention Centre, Kolkata
12. Panelist, Panel on Bleeding from tumors, Workshop on Oncologic emergencies, 9 November 2019, AIIMS, New Delhi
13. Panel on Starting a CI Program, 17th Annual Conference of Cochlear Implant Group of India, 11-13 October 2019, Mumbai
14. Factors impacting outcomes in Cochlear Implants, our experience, 5th World Congress on Cochlear Implants in emerging nations, 9-11 October 2019, Cairo, Egypt
15. Infected ears, 5th World Congress on Cochlear Implants in emerging nations, 9-11 October 2019, Cairo, Egypt
16. CI in Infected Ears, 5th World Congress on Cochlear Implants in Emerging Nations, 9-11 October 2019, Cairo, Egypt
17. Participated in round table on CI- Standard Surgery for formulation of guidelines on the topic, 5th World Congress on Cochlear Implants in Emerging Nations, 9-11 October 2019, Cairo, Egypt
18. (De) Addiction patterns of recently diagnosed Oral and Laryngeal squamous cell carcinoma patients and its impact on perioperative outcomes, 7th World Congress on International Academy of Oral Oncology IAOO 2019, 31 August-3 September 2019, Rome, Italy
19. Video on Marginal Mandibulectomy for Mandible abutting early squamous cell carcinoma of buccal mucosa, 7th World Congress on International Academy of Oral Oncology IAOO 2019, 31 August-3rd September 2019, Rome, Italy
20. Cochlear Implant Candidacy, 8th Annual Conference of Indian Academy of Otolaryngology, Head and Neck Surgery and 11th SAARC ENT Conference, 15-18 August 2019, Gurgaon
21. Newer advances in parathyroid identification: ICG; autotransplantation, Pre-conference workshop; 8th Annual Conference of Indian academy of Otolaryngology, Head and Neck Surgery and 11th SAARC ENT Conference, 15-18 August 2019, Gurgaon
22. Extent of neck dissection in early oral cancer, Master course in Oral Cancer Management, 2-4 August 2019, Tata Memorial Centre, Mumbai
23. Malignant Carotid Body tumor, AOI Monthly meet, 19 July 2019, AIIMS, New Delhi

24. Demonstrated Neck Dissection in live demonstration, 8th Cadaveric Head and Neck Course, 17 and 18 July 2019, AIIMS, New Delhi
25. Narrow Band Imaging, Eurasian Society of Head and Neck Oncology, VI Eurasian Head & Neck Cancer Forum, 11-14 July 2019, Moscow, Russia

#### **Chirom Amit Singh**

1. Is routine use of frozen section in oral cancer justified? UK-India Oral Cancer Alliance Symposium on advances in imaging technologies, 27 and 28 April 2019
2. Basic surgical technique Laryngectomy, 5th Head and Neck cadaveric dissection workshop, 17 and 18 July 2019, AIIMS, New Delhi
3. Cadaveric demonstration of laryngectomy, 5th Head and Neck cadaveric dissection workshop 17 and 18 July 2019
4. Facial reanimation 8th Annual Conference of Indian academy of Otolaryngology, Head and Neck Surgery and 11th SAARC ENT conference, 16-18 August 2019, Gurgaon
5. Oral cavity Reconstruction- choosing between locoregional and Free flaps 8th Annual Conference of Indian academy of Otolaryngology, Head and Neck Surgery and 11th SAARC ENT Conference, 16-18 August 2019
6. Panelist, Indian FHNO Symposium, Gingivo-Buccal Cancer 7th World Congress on International Academy of Oral Oncology IAOO 2019, 31 August-3 September 2019, Rome
7. Conservation Laryngeal Surgery – Open partial organ preservation surgery, AIIMS Surgical Oncology Course in Head Neck Oncology, 13 and 14 September 2019
8. Moderator, T3 Carcinoma hypopharynx, Delhi Head and Neck Oncology Group (DHNOG) CME, 6 September 2019
9. Panelist, Panel discussion on Bleeding from tumors, Workshop on Oncologic emergencies, 9 November 2019
10. Basic surgical technique Laryngectomy, 5th Head and Neck cadaveric dissection workshop, 26 and 27 November 2019
11. Cadaveric demonstration of laryngectomy, 5th Head and Neck cadaveric dissection workshop, 26 and 27 November 2019
12. Optimizing outcome in oral cancer reconstruction, International conference on oral cancer and reconstruction, 13 and 4 December 2019
13. Surgical steps of endoscopic medial maxillectomy, 2nd Hands on Functional Endoscopic Sinus Surgery Cadaveric workshop, ACSST, 18 and 19th January 2020

#### **Rajeev Kumar**

1. Open Partial Laryngectomies: When and Why?, EASHNO–2019, The VI Eurasian Head & Neck Cancer, 11-14 July 2019, Moscow, Russia
2. Assessment of depth of invasion on clinical palpation and radiology and its correlation with histopathological depth of invasion in carcinoma tongue patients, EASHNO–2019, The VI Eurasian Head & Neck Cancer, 11-14 July 2019, Moscow, Russia
3. Frontolateral Laryngectomy, Delhi AOI 2019, 19 July 2019, AIIMS, New Delhi
4. Managing Olfactory Neuroblastomas, 6th Annual Conference of IAOHNS and 11th SAARC ENT Conference, 15-18 August 2019, Gurugram, Haryana
5. Evaluation and management of potentially malignant lesions of the oral cavity, International conference on Oral cancer and Reconstruction, 13 and 14 December 2019, New Delhi
6. Endoscopic Sphenopalatine artery ligation, 2nd AIIMS Hands–On FESS cadaveric workshop, 18 and 19 January 2020, ACSST, JNPATC, AIIMS, New Delhi
7. Surgical technique of neck dissection, 9th Head and Neck Cadaveric workshop 2019, 26 and 27 November 2019, ACSST, JPNATC, AIIMS, New Delhi
8. Panelist on case based discussion, Unsafe CSOM, ENT Update-2019, 5-7 December 2019, MAMC, Delhi
9. Post-traumatic facial nerve palsy- Controversies in management, 39th Annual Conference of Neuro-otological and Equilibriometric Society of India, NES-2020, 21-23 February 2020, AIIMS, Patna
10. Management of carcinoma temporal bone, 39th Annual Conference of Neuro-otological and Equilibriometric Society of India, NES-2020, 21-23 February 2020, AIIMS, Patna

#### **Prem Sagar**

1. Case Based Discussion on Thyroid Cancer, 8th AIIMS Head and Neck Dissection Course, 17 and 18th July 2019, CTRF, JNPATC, AIIMS, New Delhi

2. Acquired Laryngomalacia, AOI Delhi Branch monthly clinical meet, 19 July 2019, AIIMS, New Delhi
3. Management of Vestibular Migraine 6th Annual Conference of Indian Academy of Otorhinolaryngology Head & Neck Surgery (IAOHNS 2019) & 11th SAARC ENT Conference, 15-18 August 2019, Gurugram
4. Panelist in discussion on Different case scenarios of vertigo, 6th Annual Conference of Indian Academy of Otorhinolaryngology Head & Neck Surgery (IAOHNS 2019) & 11th SAARC ENT Conference, 15-18 August 2019, Gurugram
5. Case Based Discussion on Thyroid Cancer, 9th Head and Neck Dissection Course, 26 and 27 November 2019, CTRF, JNPATC, AIIMS, New Delhi
6. Surgical steps of endoscopic orbital decompression, 2nd FESS Hands on Cadaveric Workshop, 18 and 19 January 2020, CTRF, JNPATC, AIIMS, New Delhi
7. Surgical steps of endoscopic optic nerve decompression, 2nd Hands-On FESS Cadaveric Workshop, 18 and 19 January 2020 CTRF, JNPATC, AIIMS, New Delhi
8. Setting up a Vertigo Clinic, 39th Annual Conference of Neurotological and Equilibriometric Society of India, NES-2020, 21-23 February 2020, AIIMS, Patna, Bihar
9. Moderator of the panel on 'Nuances in Tinnitus', 39th Annual Conference of Neurotological and Equilibriometric Society of India, NES-2020, 21-23 February 2020, AIIMS, Patna, Bihar

#### **Arvind Kumar Kairo**

1. Surgical principles for Neck dissection, 8th Head and Neck Cadaveric workshop 2019, 17 and 18 July 2019, New Delhi
2. Pinnaplasty, 6th IAOHNS and 11th SAARC ENT conference 2019, 16-18 August 2019, Gurugram
3. Facial flaps and Suturing techniques, 6th IAOHNS and 11th SAARC ENT Conference 2019, 16-18 August 2019, Gurugram
4. Parotid surgery, 3rd Hands on Cadaveric workshop, 30 August 2019, AIIMS, Jodhpur
5. Nasal bleeding management, Official Emergency Medicine National Conference by the Emergency Medicine Association (EMA) and Academic College of Emergency Experts (ACEE) in India, 31 July-4 August 2019, New Delhi
6. Preoperative consideration in FESS, 2nd FESS Cadaveric workshop 2020, 18 and 19 January 2020, New Delhi

#### **Shuchita Singh**

1. Avoiding Complications in Thyroidectomy, 8th Head and Neck Cadaveric dissection workshop 2019, 17 and 18 July 2019, ACSST, JNPATC, New Delhi
2. Avoiding complications in Thyroidectomy, 9th Head and Neck Cadaveric dissection workshop 2019, 26 and 27 November 2019, ACSST, JNPATC, New Delhi
3. Gradenigo's syndrome–Tubercular origin, Delhi AOI monthly meet, 19 July 2019, AIIMS, New Delhi
4. Assessment of swallowing and speech in head neck cancer, 6th IAOHNS and 11th SAARC ENT conference 2019, 16-18 August 2019, Medicity Institute and Research Centre, Gurugram
5. Faculty, Panel discussion–T3 Carcinoma Hypopharynx, 2nd Delhi Head and Neck Oncology group CME, 9 September 19, New Delhi
6. Frontal Sinus, CME on FESS, 2 November 2019, Jamia Hamdard, New Delhi

#### **Hitesh Verma**

1. Complications of FESS, Rhinology Update, BSAMH, 1-5 April 2019, New Delhi
2. Choosing right neck operation, Cadaveric Head and Neck Dissection Course, CTRF, Faculty trauma center, 18 July 2019, AIIMS, New Delhi
3. Challenges in endoscopic revision surgery in skull base region, Delhi AOI monthly meet, 19 July 2019, AIIMS, New Delhi
4. AIIMS Perspective of thyroid surgery, CME Thyroid surgery and airway management, SGPGIMS, 18 July 2019, Lucknow
5. Diagnosis and planning in Rhinoplasty, IAOHNS 2019, 18 Aug 2019, Gurugram
6. Serum galactomannan evaluation in AFRS: Can consider as marker of invasion, RHINOCON 2019, 1 September 2019, Chandigarh
7. Osteoplastic flap approach for posterior table leak, Explore ENT 2019, 30 August 2019, Agra
8. Quiz master, Functional Endoscopic sinus surgery, HIMSA, 2 November 2019, New Delhi

9. Complication of FESS Functional Endoscopic Sinus surgery, HIMSA, 2 November 2019, New Delhi
10. Choosing right neck operation, Cadaveric head and neck dissection course, CTRF, Facility trauma center, 27 November 2019, AIIMS, New Delhi
11. Role of vitamin in allergic rhinitis, RAJAOICON, 15 December 2019, Ranthambore
12. Robotic parapharyngeal surgery (VIDEO), RAJAOICON, 15 December 2019, Ranthambore
13. Uncinectomy, Maxillary Anrostomy, 2nd Cadaveric FESS course, CTRF, Facility Trauma center, 17 January 2020, New Delhi
14. Ethmoidectomy, 2ND Cadaveric FESS course, CTRF, Facility Trauma center, 17 January 2020, New Delhi
15. Upper airway surgery for OSA, AIIMS PULMOCRIT, 7 March 2020, New Delhi

## RESEARCH

### Funded projects

#### *Ongoing*

1. Prevalence & Etiology of hearing impairment- National Task Force project (Coordinating Centre), Alok Thakar, ICMR, 4 years, 2015-2019, Rs 97 lakhs
2. Effects of non-ionizing electromagnetic field on human health: effects on auditory and vestibular system, Rakesh Kumar, ICMR, 3.5 years, Rs 90 lakhs
3. Sound4All: Re-engineering High-end Audiometric Devices for Robust and Affordable Audiological Testing Phase 2, Kapil Sikka, Indo German Science and Technology Center (IGSTC), 3 years, 2019-2022, Rs 54 lakhs
4. Factors impacting outcomes of Cochlear Implants in Pediatric population, Kapil Sikka, ICMR, 3 years, 2019-2022, Rs 2.84 lakhs
5. The Clinicopathological evaluation of Cholesteatoma aggressiveness, Kapil Sikka, AIIMS, 2 years, 2018-2020, Rs 6.5 lakhs
6. Study of Human Papilloma Virus (HPV) Association in Sinonasal Tumors, Kapil Sikka, AIIMS, 2 years, 2018-2020, Rs 20 lakhs
7. Evaluation of unknown head and neck primaries metastatic to cervical lymph nodes, Chirom Amit Singh, AIIMS, 2 years, 2018-2020, Rs 4.95 lakhs
8. Evaluation of genetic profile of olfactory neuroblastoma, Rajeev Kumar, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
9. An evaluation of HLA, phagocytic function and trace elements in cases of sinusitis, invasive fungal sinusitis and non-invasive fungal sinusitis, Hitesh Verma, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
10. Development of single-cell derived clonal spheroids as a tool for drug discovery in cancer research with focus on Head and Neck Cancer, Hitesh Verma, ICMR, 3 years, 2019-2022, Rs 3 crores
11. Salivary micro-RNA: Their utility as bio-marker during molecular changes in tobacco users vs. tobacco non-users, Shuchita Singh, AIIMS, 2 years, 2016-18, Rs 9.8 lakhs
12. Study of Inner Ear Protein Otolin-1, Vitamin D and Ionized Calcium in circulation as a biomarker in non-Meniere's disease vertigo patients, David Victor Kumar Irugu, AIIMS, 2 years, 2018-2020, Rs 8.66 lakhs
13. Pilot comparative study on expressional level difference of 'psoriasin' between different squamous ear diseases in patients undergoing mastoid surgeries BRCC3 Expression as a prognostic marker in Oropharyngeal Carcinoma Patients and its effect on radiotherapy resistance, Arvind Kumar Kairo, AIIMS, 2 years, 2018-2020, Rs 9.05 lakhs
14. Prevention of Radiotherapy Induced Xerostomia by intraductal administration of N- Acetyl, Arvind Kumar Kairo, ICMR, 3 years, 2020-2023, Rs 36 lakhs

#### *Completed*

1. To elucidate the functional relevance of Sin3B mRNA alternate splicing in pathogenesis of oral squamous cell carcinoma (OSCC), SC Sharma, Science and Engineering Research Board (SERB), 2 years, 2017-2019, Rs 3.55 lakhs
2. Evaluation of level of Vascular Endothelial Growth Factor' – in cases of Recurrent Respiratory Papillomatosis, Hitesh Verma, AIIMS, 2 years, 2016-18, Rs 4.7 lakhs
3. Clinical and biochemical evaluation for depression in patients with recently diagnosed head and neck cancer, Prem Sagar, AIIMS, 3 years, 2016-2019, Rs 8 lakhs

### Departmental projects

#### *Ongoing*

1. Allogenic tissue engineered tracheal transplantation in wistar rats – preclinical study
2. To evaluate the role of transnasal esophageal endoscopy for detection of synchronous esophageal neoplasm in head and neck cancer patients

3. Impact of OSMF on Occult and Overt lymph node metastasis in Gingivobuccal complex carcinoma of Oral Cavity- A prospective study
4. Design and development of Tracheoesophageal prosthesis for improved deployment and voice rehabilitation in post-laryngectomy patients.
5. Parathyroid identification in thyroid surgery by naked eye evaluation, microscopic evaluation and by near infrared fluorescence using indocyanine green
6. Evaluation of clinical features and treatment outcomes in patients with Skull Base Osteomyelitis
7. Evaluation of serum Otolin 1as biomarker and significance of serum vitamin D in BPPV Patients
8. Comparison of different cochlear implantation outcome scores with auditory cortical activity seen on fNIRS in prelingual profound SNHL patients at least 3 years after cochlear implantation
9. Severity of OSA- An evaluation with effect of surgery by inflammatory markers and correlation with anatomical factors
10. Evaluation of fat implantation in patients with sulcus vocalis and videolaryngostroboscopic assessment before and after treatment
11. To determine the incidence of paratracheal lymph node metastasis in patients with carcinoma larynx and hypopharynx planned for partial/ Total Laryngectomy
12. Outcomes of patients undergoing same stage pinna reconstruction and canalplasty
13. Coblation assisted endoscopic excision of juvenile nasopharyngeal angiofibroma: A prospective pilot study
14. Survival outcomes and quality of life evaluation for surgically treated oral cavity carcinoma patients

### ***Completed***

1. Assessment of depth of invasion in oral cavity squamous cell carcinoma (T1-T3) by clinical palpation and radiology and their correlation to histopathological depth of invasion
2. Study of microvascular density and tumour associated macrophages in oral squamous cell carcinoma
3. A prospective study to explore patterns of nicotine dependence in newly diagnosed cases of head and neck squamous cell carcinoma and evaluate its association with perioperative complications
4. Outcome in patients undergoing surgical correction of microtia
5. Evaluation of various clinical and immunological parameters in predicting the outcomes of sinonasal and skull base invasive fungal diseases: A descriptive study
6. A pilot study on the causal relationship of gastroesophageal reflux and obstructive adenoid or adenotonsillar hypertrophy in paediatric population
7. SDH-X mutation in head and neck paragangliomas: A clinicopathological study
8. Effect of short term endotracheal intubation on laryngeal function
9. Clinico radiological correlation of severity of disease with vit D and immune markers in cases of allergic rhinitis and nasal polyposis
10. Comparison of post cochlear implant outcomes in children with inner ear malformation vs normal anatomy
11. Prospective pilot study to evaluate the incidence of lymph node metastasis in olfactory neuroblastoma
12. EMG findings in dysphonia due to laryngopharyngeal reflex disease and correlation with treatment outcome: an observational study
13. To correlate functional near infrared spectroscopy measurement of auditory cortex activation with auditory verbal outcome in prelingual profound sensorineural hearing loss patients after cochlear implantation
14. Assessment of clinical profile in patients of Menieres Disease and Vestibular Migraine
15. Exploration of first echelon lymph node drainage of squamous cell carcinoma of tonsil with reference to lateral retropharyngeal lymph node of rouviere
16. Role of 68 gapsmahbed cc scan in patients with juvenile nasal angiofibroma S
17. Assessment of host immunological tumour response by histochemistry in cancer oral cavity and its impact on prognosis-retrospective cohort study
18. A prospective study to determine the efficacy of PET-CT scan in determining residual disease in locally advanced head and neck squamous cell carcinoma managed with primary chemoradiotherapy (Department of Nuclear Medicine)
19. A pilot study to assess the therapeutic potential of Lu- 177 DKFZ- PMSA 617 in Ga-68 PSMA HBED CC PET-CT positive anaplastic thyroid carcinoma (Department of Nuclear Medicine)

## Collaborative projects

### Ongoing

1. Prevalence of human papilloma virus in head-neck squamous cell carcinoma (AIIMS Site), Head Neck Co-operative Oncology Group (HNCOG)
2. Evaluation of machine learning techniques including deep learning for the identification of Malignancy in tissue samples, Pathology
3. 3D Printed Tracheal grafts for Regenerative application, Stem Cell Facility
4. Molecular Characterization of Olfactory Neuroblastomas for classification into prognostically and therapeutically relevant subgroups, Pathology
5. Interdisciplinary variations in the spectrum of oral mucosal lesions, Dermatology
6. Pilot study on comparison of efficacy and usability of indigenous handheld suction assembly for pediatric tracheostomised patients with the existing suction devices, Pediatrics
7. Developing suctioning machine for cleaning tracheostomy tubes, IIT Delhi
8. Cleft Lip and Palate anomaly in India: Clinical profile Risk factors and current status of treatment: A hospital based study, Centre for Dental Education and Research
9. Serum Zinc levels in Indian population with chronic idiopathic tinnitus, Pharmacology
10. A longitudinal Survey to assess Patient Satisfaction for Nurse Initiated Follow Up Tele-Consultation among patients discharged from a selected tertiary care hospital, Nursing
11. An OMR sheet based feed-back survey on in-patient satisfaction regarding various hospital services in a selected tertiary care hospital, College of Nursing
12. Phenotypic and genotypic characterization of non-typeable Haemophilus influenzae (NTHi) from North India, Microbiology
13. A Study of nasopharyngeal carriage of Haemophilus influenza in north Indian population, Microbiology
14. Fluorosis mitigation in scheduled caste community of Bihar through intervention and counselling, Anatomy
15. Pilot study on comparison of efficacy and usability of indigenous handheld suction assembly for paediatric tracheostomised patients with the existing suction devices, Paediatrics
16. Clinico-radio-pathological evaluation of different possible primary sites in cases of FNAC proven SCC of lymph node in head and neck malignancy, Radio-diagnosis and Pathology
17. Role of ultrasound in predicting the depth of tumour invasion and lymph node metastasis in early tongue carcinoma, Radiology
18. Evaluation of split- bolus dual energy CT in staging of carcinoma larynx, Radiodiagnosis
19. Evaluation of WNT and SHH signalling pathways in olfactory neuroblastomas, Pathology, Medical Oncology
20. To compare the functioning of delayed surgical obturator fabricated using conventional and vacuum formed method in maxillectomy patients: a randomized control study, Prosthodontics and Pathology
21. To evaluate the role of Kit-based Loop-Mediated Isothermal Amplification (TB-LAMP) assay in the diagnosis of Extra-pulmonary tuberculosis (EPTB), Medicine

## PUBLICATIONS

**Journals: 43**

**Abstracts: 3**

**Chapters in Books: 3**

## PATIENT CARE

Apart from OPD, Operation theatre and minor OT services, the department runs a rehabilitation unit of audiology and speech pathology and specialty clinics in Audiology and skull base with cochlear implant, rhinology, vertigo, voice and swallowing, and twice a week Head and neck cancer clinic. Department also provides rural services at CRHSP Ballabgarh and Outreach OPD, Jhajjar. The statistics are as follows:

Ward Admissions (D4 Ward): 5298

Long admissions: 1469

Short Admissions: 3829

Number of patients operated

Main OT:

Major cases: 2690

Minor cases: 1938

Minor OT:

OPD procedures: 16960

Number of patients seen in OPD

New patients: 46910

Old registration: 65382

Number of patients seen in RUAS

New patients: 2755

Old Registrations: 2273

Total: 5028

Total audiological tests done (PTA+Tympanometry+FFA+BERA+OAE+ASSR): 29,075

### Specialty Clinics

S. No.	Clinic	New cases	Old cases	Total
1	Vertigo	131	267	398
2	Otology and Skull Base	122	34	156
3	Cochlear Implant	264	547	811
4	Voice	294	246	540
5	Rhinology	207	87	294
6	Head and Neck Cancer	1208	4515	5723
7	Head and Neck Rehabilitation Clinic	76	87	163
8	Radiology Conference	1024	-	1024

### Community service clinics

- Twice weekly clinics in community hospital in Ballabgarh with once a week operating facilities
- Weekly clinics in primary health centre in Gurgaon
- Weekly clinics in community hospital in IIT Delhi
- The department is providing daily OPD services at Outreach OPD Jhajjar and thrice a week OT services.

### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor SC Sharma** was Chairman designate of National Medical Commission; President, AIIMS, Jodhpur; Member, Institute Body of AIIMS, Raebareli; Fellow (Member of University Senate), Punjab University, Chandigarh; Member, Institute Body, Standing Purchase Committee and Standing Estate Committee of PGIMER, Chandigarh; Chairman, HR Sub-committee of PGIMER, Chandigarh; Honorary Advisor (Deafness), under the National Programme for Prevention and Control of Deafness (NPPCD) in the Ministry of Health & Family Welfare, Govt. of India, New Delhi; Member, Technical Steering Committee, National Programme for Prevention and Control of Deafness (NPPCD) in the Ministry of Health & Family Welfare, Govt. of India, New Delhi; Member, Authorization Committee under the Transplantation of Human Organs Act, 1994, AIIMS, New Delhi; Co-Chairman, Engineering Advisory Committee, AIIMS, New Delhi; Subject Expert, Committee for Sleep disorders, cognitive dysfunction & ENT projects under the programme entitled "Possible Impact of EMF Radiation Exposure from Mobile Towers and Handsets on Life" and related R&D initiatives, Science & Engineering Research Board, Government of India, Vasant Kunj, New Delhi; Chairman, 'Ear, Nose and Throat Surgery Instruments' Sectional Committee of Bureau of Indian Standards (MHD04); Member, Executive Committee of the Haryana Welfare Society for Persons with Speech & Hearing Impairment, Panchkula; Member, Committee to taking initiative of promoting a culture of excellence in the new AIIMS (constituted by Hon'ble Minister of Health and Family Welfare, GOI); Visiting Professor in Department of ENT, AIIMS, Rishikesh; Member, 'National Medical Devices Promotion Council' under the aegis of Department for Promotion of Industry & Internal Trade (DIPP), Ministry of Commerce and Industry, Government of India; Attended official function (inaugurated Modular Operation Theatre) of AIIMS, Jodhpur on 10 April 2019; Accompanied the Hon'ble Vice President of India during his visit to Ranchi and Chennai, 10th – 13 August 2019; Chief Guest of the '7th Annual Day' function of AIIMS, Jodhpur on 15 September 2019; Visited the site of ESIC Medical College at Alwar, Rajasthan as a Team Member on 16 September 2019 (Ref. No. F.10-8/92(D) Estt. I dated 5 September 2019); Chaired the 2nd Convocation ceremony of AIIMS, Jodhpur on 7th December, 2019.

**Professor Alok Thakar** is Chairperson, ICMR Committee for Standard Treatment Workflows in ENT, 2019; Co -Chairperson, Subcommittee for Medical Devices, Standing National Committee on Medicines; Co-ordinator for Head- Neck Cancer National Cancer Grid; Honorary President - Foundation for Head-Neck Oncology; Council Member - Asia-Pacific Society of Thyroid Surgery (APTS) – 2019-2022; Convenor - Delhi Head-Neck Oncology Forum; WHO Expert Member- Regional Expert Group on Hearing Care for South-East Asia Region; International Faculty American academy of Otolaryngology & Head-Neck Surgery (AAOHNS 2019), New Orleans; Visiting Professor, Department of Otolaryngology, AIIMS Rishikesh

(2019); Member, Board of Studies Department of Otorhinolaryngology, Faculty of Health Sciences, Manipal University 2017; Member, Project Review Committee, Indian Council of Medical Research; Padmabhusan Dr. Dukhan Ram Memorial Oration- New Perspectives to Vocal fold paralysis, Bihar & Jharkhand 2019 Annual Conference, Dhanbad, 6-8 December 2019; Keynote Lecture- Surgical Reanimation for the paralyzed facial nerve, Annual meeting of Gujrat Association of Otolaryngologists of India Udaipur, 28 September 2019.

**Dr Rakesh Kumar** is Chairperson of MHD-4 of BIS for looking after standards of ENT surgical instruments in India; Honorary Vice President, Otorhinolaryngologic Research Society of AIIMS (ORSA); Honorary Consultant at Department of Otorhinolaryngology and HNS, IGIMS Patna; Honorary Visiting Consultant at Department of Otorhinolaryngology and HNS, AIIMS, Rishikesh; Attended workshop on improving hearing outcome in cochlear Implant at St Mary Hospital, Seol, South Korea; Starting new facilities at other places in India-**Cochlear implant programme** at AMU Aligarh; Organized Three workshops/conferences and CMEs. Ninth Head Neck Dissection Course, CTERF AIIMS, New Delhi, 26-27 November, 2019 and two hands on workshops for Training ENT surgeons in advanced cochlear implantation; Oration on Cochlear Implant at Himachal Pradesh Chapter of AOI held at IGMC, Shimla on 1 June 2020; Invited as external examiner for MS (ENT) at Govt. Medical College, Haldwani, Guwahati, KGMU, Lucknow, Delhi University, RML; Invited as external subject expert in the panel of standing selection committee for recruitment of faculty at AIIMS, Bhubneshwar and Bhopal; Invited guest faculty at various.

**Dr Kapil Sikka** is Editorial Board Member and Assistant Editor, Indian J of Otolaryngology; Reviewer, Indian J Otolaryngology, Indian J Otolaryngology, Head and Neck Surgery, Indian J Pediatrics, Indian J Cancer; Joint Secretary, Association of Otolaryngologists of India, Delhi State Branch; Hony Treasurer, Otorhinolaryngologic Research Society of AIIMS (ORSA), 2017; Organising Secretary, International Head and Neck Cadaveric workshop; Mentoring team, Cochlear Implant program at JNU Aligarh and DMC Ludhiana; Member Medical Board, AIIMS; Member, editorial team for research directory, AIIMS; Organised Public awareness camp and Panel Discussion on World Hearing Day on 3 March 2020. Was widely covered by media, both print and electronic; Conducted 2 day advanced surgical and electrode design workshop on cochlear implants “Improving hearing performance with innovation” at AIIMS, New Delhi on 12 and 13 February 2020; Invited faculty at 12 national and international Workshops and Conferences; Conducted 8 and 9 Cadaveric Head and Neck Course at ACSST, Trauma Centre, AIIMS in July and November 2019; Organized CI Habilitation and Awareness workshop for parents on 13 and 14 November 2019 at AIIMS and Mandi House Auditorium. Addressed the parents and their queries; Expert, panel discussion on prevention and early diagnosis of Cancer on “Swasth Bharat” on Lok Sabha TV... Addressed live queries on 8 November 2019; Faculty trainer for CI 532 Electrode for Cochlear Implant and conducted workshop for same on 7 and 8 November 2019; Faculty for development of Extra Pulmonary TB Training module and also preparation of training content; Awarded scholarship by THNS (Taiwan Head and Neck Society ) for attending the 13th Annual Meeting of THNS, Taichung City, 26-28 July 2019; External Examiner, MCh Exam at Tata Memorial Hospital, Mumbai; Member, Workshop for institutions identified for issue of disability certificates under All India Quota To ensure application of uniform criteria as per amended Regulations by MCI conducted at AIIMS on 1 June 2019. Led the session on Hearing and Speech Disability; Mentor, CI Program at Safdarjung Hospital, New Delhi

**Dr Chirom Amit Singh** Organized and conducted 2nd Microvascular anastomosis workshop (Live rate model) from 27 to 30 January 2020; One of the members of AIIMS team who conducted health camp at Dharamshala from 19 to 23 June 2019; Reviewer BMJ Innovations; Co-Organised and Conducted 8th and 9th Cadaveric Head and Neck Course at ACSST, Trauma Centre, AIIMS in July and November 2019; Organised Public awareness camp and Panel Discussion on World Hearing Day on 3 March 2020. Was widely covered by media, both print and electronic; Faculty incharge, ENT Department store and faculty incharge Undergraduate Exams; External Examiner, SPMC Bikaner RUHS; Chairperson, Management of Oropharynx, Larynx and Hypopharynx Cancer: Surgical Vs Non surgical & Robotic Vs Endoscopic 4th Congress of IGRhNS on 4-6 October 2019.

**Dr Rajeev Kumar** was awarded Second Prize in “Junior Consultant Award Paper” category in 6th Annual Conference of IAOHNS and 11th SAARC ENT Conference from 15th to 18th August, 2019 at Gurugram, Haryana; Honorary Treasurer of Association of Otolaryngologists of India, Delhi Branch, 2019-2020; Reviewer in the following medical journals: **Indian Journal for Otolaryngology and Head & Neck Surgery, Journal of Medical Case Reports, Indian Journal of Radiology and Imaging, World Journal of Paediatric Surgery, BMJ Case reports.**

**Dr Prem Sagar** was awarded Gold Medal in Temporal bone dissection competition in 28th Annual Conference of Indian Society of Otolaryngology (ISOCON 2019) on 15-17 November 2019 in Kolkata, West Bengal; Judged session on PG Award Paper presentation, 28th Annual Conference of Indian Society of Otolaryngology (ISOCON 2019), 15-17 November 2019 Kolkata, West Bengal; **Member** of Expert group for review of Health Benefit Packages for ENT under AB-PMJAY, Ministry of Health and Family Welfare, Govt. of India; Member of Expert group for Standard Treatment Workflows (STWs) for ENT by Ministry of Health and Family Welfare, Govt of India. Co-opt Member of the panel on ENT Sectional Committee looking after and setting up the standard of ENT Surgery Instruments, MHD 04 by Bureau of Indian Standards; Honorary Editor

of Association of Otolaryngologists of India, Delhi Branch, 2019-2020; Executive body member of Neuro-Equilibriometric Society (NES)- India, 2019-2020; Reviewer in the following medical journals: Annals of Otology, Rhinology & Laryngology, SAGE Journals; Indian Pediatrics, official journal of Indian Academy of Pediatrics, Springer Nature. International Archives of Otorhinolaryngology, Thieme publication, Developmental Medicine & Child Neurology, a Mac Keith Press publication and official journal of the American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) and the British Paediatric Neurology Association (BPNA), Journal of International Medical Research, SAGE Journals; BMJ Innovations, BMJ Journals.

**Dr Shuchita Singh Pachaury** organized a Talk on Endoscopic ear surgery by a foreign guest faculty, by Dr Pryer at AIIMS, New Delhi on 9 December 2019.

**Dr Hitesh Verma participated in** Allergy and ear disease. “Hello Doctor program” Sahara news 24 November 2019; Health camp. Shiv kumari Dubey teaching institute, Pratapgarh on 7 December 2019; CORONA virus talk. INDIA TV, 13 March 2020; MBBS supplementary examination. 12 March 2020, HIMSA

## 9.27. Paediatrics

### Professor and Head

Ashok K. Deorari (Neonatology)

### Professors

Vinod K. Paul (On deputation to NITI Ayog) (Neonatology)

Arvind Bagga  
(Nephrology)

Sushil K Kabra  
(Pulmonology, Intensive Care, Tuberculosis)

Madhulika Kabra  
(Genetics)

Pankaj Hari  
(Nephrology)

Sheffali Gulati  
(Neurology)

Rakesh Lodha  
(Pulmonology, Intensive Care, Tuberculosis)

Rachna Seth  
(Oncology)

Vandana Jain  
(Endocrinology)

Ramesh K Agarwal  
(Neonatology)

### Associate Professors

Neerja Gupta  
(Genetics)

M Jeeva Sankar  
(Neonatology)

Aditi Sinha  
(Nephrology)

Biswaroop Chakrabarty  
(Neurology)

Kana Ram Jat

Jhuma Sankar  
(Pulmonology, Intensive Care, Tuberculosis)

Rajni Sharma  
(Endocrinology)

Anu Sachdeva  
(Neonatology)

Prashant Kumar Jauhari  
(Neurology)

Rohan Malik  
(Gastroenterology)

Jagdish Prasad Meena  
(Oncology)

Narendra Kumar Bagri  
(Rheumatology)

### Assistant Professors

Aditya Kumar Gupta  
(Oncology)

Ankit Verma  
(Neonatology)

### Scientists

Madhumita Roy Chowdhary  
Rashmi Shukla (Contract)

Amita  
Kajal Jain

### Other Staff

Anuja Agarwala (Dietician)  
Pallavi Mishra (Biochemist)  
Dhaneshwar Yadav

Sumita Gupta (Senior Physiotherapist)  
Sadhna Arora (Technical Officer)  
Neena Mehta

(Medical Social Service Officer)

### HIGHLIGHTS

The Department holds the distinction of running six DM courses, two WHO collaborating centres (WHO Collaborating Centres one in Newborn Training & Research in Newborn Care and another on Training in Clinical and Laboratory Genetics) and two ICMR advanced centres of Excellence (Nephrology & Pulmonology) and a Centre for Advanced Research for Childhood Neurodevelopmental Disorders. There are at present 46 DM students and 38 MD students enrolled in Academic programs and another 34 non-academic senior residents postions.

Divison of Neonatology organised 'Advocacy meeting for National Newborn Health' on 21 November 2019 with WHO India country office support for partners (Niti Aayog, GOI, UNICEF, PATH, USAID, IAP, NNF India) and state leaders at Director's Board Room, AIIMS, New Delhi

Under leadership of Departmental Faculty Postgraduate students brought multiple lares to the Department.

### Awards

- Dr. Umang Bharadwaj and Dr. Satya Prakash MD Residents won the NNF National Quiz, held at NEOCON in Hyderabad between 12-15 December 2019

- Dr. S. Madathil, DM won the Dr. S.S. Manchanda Neonatology Research Award for his study titled, “Intravenous Fentanyl versus Intravenous Ketamine for analgesia during laser treatment for Retinopathy of prematurity (ROP) in preterm infants – A Randomized Trial”, at the 57th IAP PEDICON held in Indore from 9-12 January 2020
- Dr. Sagar T, MD won the Dr. Meherban Singh Gold Medal Award for his study titled, “Comparison of Physiological responses during Kangaroo care by fathers and mothers in stable preterm neonates: A non- inferiority cross over study”, at the IAP NEOCON held in Bangalore from 27-29 September 2019

Nearly 10 research papers from various Divisions were judged as Best Paper in various specialty conferences

## EDUCATION

Department is running six DM courses in Neonatology, Nephrology, Neurology, Genetics, Oncology and Pulmonology & Intensive care with 43 students enrolled. A Vibrant PhD program is ongoing with five students.

**MD Program:** An MD program involving a total of 37 students is ongoing. There are regular teaching sessions and a system of ongoing internal assessment. New flip class teaching by Faculty once a month has been introduced. We undertook several training workshops including the Neonatal resuscitation & Paediatrics Advanced Life support programme for postgraduate students of the Department and Ventilation Workshop for the for postgraduate students of the Department.

**DM Program:** All the Divisions have regular structured teaching activities 3-4 times a week. Interdisciplinary and inter-departmental teaching in the form of integrated seminars and case discussions, are encouraged in all disciplines. Regular small workshops and interactive case discussions involving residents and faculty are held. Pulmonology Division uses Telemedicine to connect to other institutions. Neonatology Division organised weekly workshops on common topics such as Kangaroo Mother Care, Total Parenteral Nutrition, understanding equipments, which involve hand on training of residents and nurses. The Division organised 24 such workshops in the last year.

**MBBS teaching:** Departmental faculty is involved in bedside teaching of MBBS students during their posting in Pediatrics (OPD and wards) along with lectures, structured tutorials and integrated seminars. Department of Paediatrics have contributed for the development of skill modules for Undergraduate Medical students for SET facility. Division of Neonatology organised a workshop for UG students on Standard Treatment Protocols for management of Sick neonates using wall charts, simulators, tablets, case studies and workshop on neonatal resuscitation for sixth semesters.

## Endocrinology

- Education and Patient Interaction Programs were held regularly for children with Type 1 Diabetes. New resource material has been developed for children with type 1 diabetes. These include booklets on carbohydrate counting and healthy recipes.
- A dedicated interactive bilingual website for Type 1 diabetes has been developed. It has been made widely available through the Indian Society of Pediatric and Adolescent Endocrinology
- Interactive group sessions are held regularly for children with obesity and their families. A dietician, psychologist and yoga instructor (all employed in research projects) are part of the multi-disciplinary team.

## Gastroenterology

- Short Visit (14-26 September 2019) to Boston Children’s Hospital & Harvard Centre for excellence in celiac disease as part of INDO –US Science and technology Forum (IUSTF) faculty exchange program
- Short term training (24-30 November 2019) in Pediatric IBD at Malaga Spain
- Co organized annual Celiac day and Public lecture at AIIMS New Delhi with Department of Gastroenterology on 15 February 2020 with over 500 people attending
- Upgradation and sanctioning of new equipment: capsule endoscopy, enteroscopies, pH impedance apparatus
- Addition of Gastroenterology Specialty Nurse to the team and her training

## Neonatology

- Dr Ashok Deorari has been elected as President of National Neonatology Forum of India for the year 2020, an organization with nearly 8500 members
- Division of Neonatology is re-designated a WHO Collaborating Centre (2019-23) for training and research in Newborn Care

- Our WHO Collaborating Center for Newborn health supported by UNICEF, UNFPA, USAID and WHO disseminates QI to organizations through its on-line resources, face-to-face workshops and the Point of Care Continuous Quality Improvement (POCQI) module. A dedicated website (<http://aiimsql.org/>) on quality improvement provides free resources for teaching and learning QI, and as a platform for capacity building of teams and sharing QI work. Many SEARO (South East Asian Regional Organization) countries have initiated QI work in their areas. Division has facilitated many workshops for Improving Quality of Hospital Care for Maternal and Newborn Health in India.
- The Division of Neonatology has partnered with PGI, Chandigarh and GMCH, Chandigarh, and Public Health Foundation of India to improve the quality of care of preterm neonates being treated in special newborn care units (SNCU) in four states of the country. The major objective of this activity was to reduce the incidence of retinopathy of prematurity (ROP) in preterm neonates by implementing evidence based practices.
- Division of Neonatology is using e-Learning for disseminating Evidence Based Practices on Newborn Health for healthcare professionals. Currently, three e-learning courses are being offered ([www.ontop-in.org](http://www.ontop-in.org)): Sick newborn care, Newborn nursing and CPAP. We have completed nearly 18 sick newborn and eight essential newborn care courses.
- Developed an App on mobile phone on Preterm baby care package (Download on Android as WHO AIIMS PTC & iOS as Preterm Care) which deals in evidence-based management of the preterm infant is available online and has been completed by 3000 healthcare professionals [www.pretermcare-elimintaingroup.org](http://www.pretermcare-elimintaingroup.org).
- Organised 'Advocacy meeting for National Newborn Health' on 21 November 2019 with WHO India country office support for partners (Niti Aayog, GOI, UNICEF, PATH, USAID, IAP, NNF India ) and state leaders at Director's Board Room, AIIMS, New Delhi

### **Nephrology**

- Professor Arvind Bagga was awarded the prestigious IPNA Education award during the triennial congress of the International Pediatric Nephrology Association, held in Venice, Italy
- Dr Aditi Sinha was member of the core group for IPNA guidelines on management of steroid resistant nephrotic syndrome

### **Neurology**

- Department of Pediatrics organized 4th Dr OP Ghai Memorial Oration which was given by Prof Veena Kalra on "Pediatric Neurology: Present and Future" on 27 November 2019 at AIIMS, New Delhi

### **Oncology**

- Organized patient education and awareness program for child cancer programs
- Organized public lecture and exhibition on childhood cancers
- Facilitated financial assistance from government and non government organization to families with a child cancer patient
- Prepared modules on E-Learning on Cancer Fundamentals as part of initiative by Indian Cancer Society

### **Rheumatology**

- Patient awareness talk on "Autoimmune diseases in children" in public awareness programme "Total Health" on Doordarshan broadcasted on 27 January 2019

### **Genetics**

1. Undergraduate Teaching including teaching for Nurses : 20 lectures on common Genetic, and Pediatric problems
2. Postgraduate Teaching (Pediatrics): 5-6 days a week
3. Also involved in Biotechnology PG teaching
4. PhD (Genetics) teaching – 2 classes per week

### ***Short Term Training Record - 2019-2020***

1. Dr Ankur Singh, 1-30 April 2019, 1 month, Molecular, Cytogenetics, Biochemical, Institute of Medical Sciences, Banaras Hindu University, Varanasi
2. Dr Siva S, 30 September 2019 to 31 March 2020, 6 months, Molecular, Cytogenetics, Biochemical DBT under UMMID initiative
3. Dr Ambrish, 14 October 2019 to 15 April 2020, 6 months, Cytogenetics, DBT under UMMID initiative
4. Dr Ekta, 16 October 2019 to 15 April 2020, 6 months, Molecular, Cytogenetics, Biochemical, Lady Harding Medical College, New Delhi
5. Neetu Kataria, 15 February 2019 to 30 April 2019, 2 ½ months, Molecular Lab, College of Nursing, AIIMS, Rishikesh, Uttarakhand
6. Ms. Surbhi, 01 June 2019 to 30 July 2019, 2 months, Biochemical Lab, Molecular Lab, Maharshi Dayanad University, Haryana
7. Ms. Sonia Jangra, 01 June 19 to 31 July 19, 2 months, Biochemical Lab, Molecular Lab, Maharshi Dayanad University, Haryana
8. Lt. Col. Shivani Sangwan, 17 June 2019 to 16 June 21, [Long Term Training], 2 years (24 months), Cytogenetic Lab, Office of DGAFMS/DG-1D, Ministry of Defence, New Delhi

### ***Fellowship/Rotation Intra and inter Departmental***

1. Dr Rahul Sinha, DM (Pediatric Neurology) Student in Deptt. of Pediatrics, 1-30 March 2020, One month, Through: Professor Sheffali Gulati, Department of Pediatrics, AIIMS, New Delhi
2. Dr Gurleen Oberoi DM Hematopathology in Deptt. of Hematology, 1-10 July 2019, 10 days, All 3 labs, HOD, Department of Hematology
3. Dr Upinder Singh J.R. (Acad.) Lab.Medicine, 1-30 November 2019, One month, All 3 labs, HOD, Deptt of Lab. Medicine
4. Dr Vadanya Shrivastava, Dr Rameshwar Tiwary, Dr Sanket Katpara MD students, 14-24 September 2019, 10 days, All 3 labs, PG Teaching-in-charge, Deptt. of Biochemistry
5. Dr Ayushman Dobhal, Dr. Nikhil Chandran, Dr. Suman Saha, Dr. Astha Sachan, MD students, 31 October 2019 to 11 November 2019, 10 days, All 3 labs, PG Teaching-in-charge, Deptt. of Biochemistry
6. Dr Danish Ali, J.R.(Acad.) Lab.Medicine, 1-31 May 2019, 1 month, All 3 labs, Dr M Irshad, HOD, Lab Medicine
7. Dr Priyanka Goswami, J.R.(Acad.) Lab.Medicine, 1-31 May 2019, 1 month, All 3 labs, Dr M Irshad, HOD, Lab Medicine
8. Dr.Srimantinee Routray, J.R.(Acad.) Lab.Medicine, 1-30 April 2019, 1 month, All 3 labs, Dr. M. Irshad, HOD, Lab Medicine
9. Dr.Abhirup Sarkar, J.R.(Acad.) Lab.Medicine, 1-30 April 2019, 1 month, All 3 labs, Dr. M. Irshad, HOD, Lab Medicine

### **Neonatology**

#### ***MD Program***

1. The division undertook two training workshops on Neonatal Resuscitation Program for postgraduate students of the Department
2. The division organised weekly workshops on common topics such as Kangaroo Mother Care, Total Parenteral Nutrition, understanding equipment, involving hands on training of residents and nurses. There were 12 such workshops in the last year.
3. The attendees of these workshops included postgraduate residents and nurses in the division.

#### ***DM program***

1. The division organised weekly workshops on bedside echocardiography, parenteral nutrition, ventilator settings in respiratory disorders and neonatal equipment. A senior DM resident (final year) under the mentorship of division faculty steers the training which involves other DM residents and senior MD residents.
2. The division organised five integrated seminars and case discussions involving other disciplines in the teaching programme.

## **MBBS teaching**

1. Department of Paediatrics has contributed for development of skill modules for Undergraduate Medical students for SET facility. The Division of Neonatology organised a workshop for seventh semester students on Standard Treatment Protocols for management of Sick neonates using wall charts, simulators, tablets and case studies. And a regular neonatal resuscitation programme workshop in small groups for sixth semester students.
2. UG students are encouraged to use E contents developed by the Division, available on [www.newbornwhocc.org](http://www.newbornwhocc.org) or on Mobile Apps

## **Nephrology**

The DM program currently has 5 residents. Two residents completed the course in 2019.

### **Long- and Short-term training in Pediatric Nephrology**

- Dr Ajite Adebukola, from Abuja, Nigeria, trained for 3 months during June-August 2019
- Lieutenant Colonel Zaw Min Htwe, lecturer & consultant pediatrician in Defense Services Medical Academy, Yangon, Myanmar, completed his 6-months training in April 2019
- Two fellows continued their two-year fellowship training; Lieutenant Colonel Aditi Sharma, classified specialist pediatrician from the Indian Army (training since August 2018) and Dr Jasintha Sabanadesan, trainee from Breach Candy, Sri Lanka (training since March 2019).

**International Pediatric Nephrology Association (IPNA) Asian Pediatric Nephrology Association (AsPNA) Junior Master Class (Cycle 2, year 1):** This triennial event was conducted on 6-7 April 2019 at AIIMS, New Delhi. Faculty included ~25 nationwide experts in Pediatric Nephrology and four eminent international speakers, namely Professors Pierre Cochat (Lyon, France), Hui Kim Yap (Singapore), Elena Levtchenko (Leuven, Belgium) and Amita Sharma, (Boston, USA). About 110 delegates, chiefly postgraduate residents and trainees in Pediatric Nephrology from across India, attended the meeting.

**Training of Specialty Nurses:** Two technicians and two nursing officers from Kalawati Saran Children's hospital observed in the pediatric hemodialysis unit for two weeks in March 2020.

## **Neurology**

1. **DM Paediatric Neurology ongoing program** (11 students till December 2019; now 10 students)
2. **Undergraduate Teaching** (Professor Sheffali Gulati is Preceptor) including teaching for Nurses: all the three faculty members were actively involved in the 4th, 6th and 8th semester undergraduate teaching programmes.
3. **Postgraduate teaching programme:** All the 3 faculty members were actively involved in the post graduate teaching programme.
4. **Short Term Trainees:** Dr. Md. Abu Sayed (Bangladesh) 18 February 2019 to 14 April 2019
5. **Rotation of intra-institute of students and residents:** MD (PMR) residents, DM (Adult Neurology) 15, MSc Nursing 6, Fellow Pediatric Neurosurgery 1
6. **Innovative Educational activities:**  
E learning modules on various aspects of Child Neurology  
Mobile app based diagnostic tool developed: Autism, Epilepsy, Attention Deficit Hyperactivity Disorder and Neuro Motor Impairments.  
Autism Sensory Integration intervention pamphlets (English and Hindi)

## **Pulmonology, Intensive Care, Tuberculosis**

1. DM (Pediatric Pulmonology and Intensive Care) ongoing two batches completed. Two days a week teaching program along with 3 teleconferencing with PGIMER Chandigarh. Other Medical institutions (AIIMS, Jodhpur, AIIMS Bhubaneswar) also join it.
2. Division is mentoring students in MD (Pediatrics); MSc (Nursing); BSc Nursing; MBBS; PhD program

## **Rheumatology**

1. Faculty in conducting workshop on "Clinical Immunological Investigations: A Primer for Residents" held on 10 November 2019
2. Involved in drafting teaching modules for undergraduates in SET facility and formulating "Pulse Oximetry" module.

## **CMEs/Workshops/Symposia/National and International Conferences**

### **Endocrinology**

- AIIMS workshop and brainstorming meeting on Disorders of Sex Development, on 2n November 2019 at AIIMS, New Delhi

### **Genetics**

1. Birth defects, From Count to Care, 20 April 2019, AIIMS, New Delhi
2. Educational Program on Turner Syndrome, Jointly organised by University of Colorado, Sir Ganga Ram Hospital and All India Institute of Medical Science, 19 January 2020, AIIMS, New Delhi.
3. Tuberous sclerosis CME & Symposium for patient & Parent Education in collaboration Tuberous Sclerosis India Alliance, 11-12 February 2020, AIIMS, New Delhi
4. From Genes to Genome—Rejuvenating the Concepts!! 25 January 2020, AIIMS, New Delhi

### **Neonatology**

1. A total of Five simulation-based learning for improving 'Preterm baby care' using 'Point of Care Quality Improvement' approach (Total: 5) supported by Public Health Foundation India, 11-13 January 2019, 17-19 May 2019, 11-13 September 2019, 11-13 November 2019, 27-29 December 2019, AIIMS, New Delhi
2. Breastfeeding workshop (Comprehensive lactation management centre (CLMC) team supported by Common Wealth Human Rights Initiative, India, 7 August 2019, AIIMS, New Delhi
3. POCQI (Point of care quality Improvement) (for Pediatricians and IAP working committee), 3 and 4 November 2019, New Delhi
4. POCQI (Point of care quality Improvement), (for Pediatricians and IAP working committee), 20 and 21 December 2019, New Delhi
5. Quality Improvement sensitisation workshop for newly joined residents as part of Research methodology foundation course, 4 March 2020, New Delhi

### **Neurology**

1. Organized National Workshop on Sensory Modalities in the treatment of children with Autism in Center of Excellence & Advanced Research on Childhood Neurodevelopmental Disorders on 13-14 April 2019 at SET facility, Convergence Block, AIIMS, New Delhi
2. Training of working professionals in Alternative and Augmentative communication along with Action for Ability Development and Inclusion (AADI) inauguration on 14 February 2020 for 7 weekends

### **Oncology**

1. Public lecture & panel discussion, Childhood cancer awareness, 17 February 2020, AIIMS, New Delhi.
2. Patients education program, Childhood cancer, 09 December 2019, AIIMS, New Delhi.
3. C2S meeting Childhood cancer Survivorship & late effects, 03 December 2019, AIIMS, New Delhi.
4. CCR Eosinophilia exotica! Think beyond allergy & infections, 15 October 2019, AIIMS, New Delhi.
5. Patient education program Childhood cancer, 13 May 19, AIIMS, New Delhi.
6. 15th meeting of NIPOF (North India Pediatric Oncology Forum), 20 July 2019, Sir Ganga Ram Hospital, New Delhi.
7. Annual Oncology Forum on behalf of NIPOF, 08 December 2019, New Delhi

### **Pulmonology, Intensive Care, Tuberculosis**

1. AIIMS Pediatric pulmonology and Intensive Care: Module 8: Pulmonary rehabilitation Course, 20-21 July 2019, AIIMS, New Delhi
2. AIIMS Pediatric Pulmonology and Intensive Course Module 9 on Imaging in Pediatric Pulmonology, 21-22 February 2020, AIIMS New Delhi
3. IJP Annual function and 12th Dr KC Chaudhuri oration, 7th Dr IC Verma excellence in research award, best original research award and competitive clinical grand round, AIIMS, Board room on 29 September 2019

## Lectures delivered

### Vandana Jain

1. Panelist for discussion on childhood obesity, Third Meeting of National Technical Board on Nutrition (NTBN), 12 April 2019, New Delhi
2. Adverse effects of Growth Hormone Therapy, “Growth Disorders: Solving difficult issues” organized by Department of Endocrinology, AIIMS, 20-21 April 2019, New Delhi
3. What’s new in treatment and monitoring of patients with classical Congenital Adrenal Hyperplasia, Annual Meet of Growth Hormone Research Society, 8-9 June 2019, New Delhi
4. Lecture: Molecular findings in Indian children with XY DSD, AIIMS workshop and brainstorming meeting on Disorders of Sex Development, 2 November 2019, New Delhi
5. Moderator of three panel discussions on need for local guidelines, diagnostics and best management practices in XY DSD, AIIMS workshop and brainstorming meeting on Disorders of Sex Development, 2 November 2019, New Delhi
6. Clinical diagnosis and problems in Turner Syndrome, Turner Syndrome symposium organized by Divisions of Genetics and Pediatric Endocrinology, Department of Pediatrics AIIMS, New Delhi, 19 January 2020, New Delhi
7. Panelist for Growth and endocrine issues in childhood cancer survivors, Symposium on Childhood Cancer Survivors, 17 February 2020, New Delhi

### Rajni Sharma

1. Moderator, Panel discussion on Non-GH Management of Turner syndrome, Growth Hormone symposium, Department of Endocrinology, AIIMS, Growth Hormone Society of India and Indian Society of Pediatric and Adolescent Endocrinology, 23-24 April; 2019, New Delhi
2. Neonatal Diabetes, HOPE (Hospital and Office based Pediatric Endocrinology) symposium organized by Indian Academy of Pediatrics Gurgaon in association with IAP, Gurgaon and Medanta Hospital, 30 April 2019, Gurgaon
3. Panel discussion, Congenital hypothyroidism screening guidelines, HOPE (Hospital and Office based Pediatric Endocrinology), Indian Academy of Pediatrics Gurgaon in association with IAP, Gurgaon and Medanta Hospital, 30 April 2019, Gurgaon
4. Moderator, How short is too short; Short stature, Endocrine conference ENDOCON, Delhi Indian Academy of Pediatrics, 6 October 2019, New Delhi
5. Panel discussion on disorders of puberty, Endocrine conference ENDOCON, Delhi Indian Academy of Pediatrics, 6 October 2019, New Delhi
6. Nutrition in Endocrine Diseases, 1st International Nursing CME, 1 November 2019, Department of Pediatric Surgery, AIIMS, New Delhi
7. Disorders of Sex Development: classification and management. AIIMS workshop and brainstorming meeting on Disorders of Sex Development, 2 November 2019, AIIMS, New Delhi.
8. Management guidelines of Silver Russel syndrome, Indian Society of Pediatric and Adolescent Endocrinology (ISPAE) 6th Biennial meeting, 29 November-1 December 2019, Kolkata, West Bengal
9. Growth in Turner syndrome, Turner symposium organized by Division of Genetics and Pediatric Endocrinology, Department of Pediatrics AIIMS, New Delhi, 19 January 2020, AIIMS, New Delhi

### Rohan Malik

1. Immunosuppressed child presenting to the Clinic; What the pediatrician needs to know, ISPGHANCON 2019, 20 October 2019, Chennai
2. Fatty Liver in Pediatrics, ISPGHAN Midterm 2019, 14 July 2019, Kolkata
3. Case scenarios in pediatric IBD, ISPGHAN Midterm 2019, 14 July 2019, Kolkata
4. Hepatitis C in children, International Pediatric Gastroenterology and Hepatology summer school, 2 November 2019, Apollo Hospital, New Delhi
5. Bloody Diarrhea in children, IAP Master Class on Diarrhea, 23 February 2020, Gurugram, Haryana

### Madhulika Kabra

1. Current Strategy for Genetic / Genomic Education in India, 9th International conference on Birth Defects & Disabilities in the Developing world, 23 February 2020, Colombo, Sri Lanka

2. Genetic Disorders- How to choose the correct test, 8th Annual Conference of Molecular Pathology Association of India, MPAICON 2020, 11 January 2020, Jaipur
3. Newborn Screening, Eighteenth ICMR Course on Medical Genetics and Genetic counseling, 28 August 2019, SGPGI, Lucknow
4. Approach to Neurodegenerative disorders, Eighteenth ICMR Course on Medical Genetics and Genetic counseling, 28 August 2019, SGPGI, Lucknow
5. Reaching out for Rare Diseases in Developing Countries, 7th International conference on Rare and Undiagnosed diseases Addressing patient needs for Rare Disorders in India, 14 April 2019, New Delhi
6. eLearning on Genomics for community, Antenatal Screening, Expert Meeting on Genomic & Genetic Disorders (WHO), 8-11 April 2019, Pretoria, South Africa

### **Neerja Gupta**

1. Simplified Approach to Diagnosis of Birth defects and Overview of Birth Defect Surveillance, Many birth defects, one voice. Birth Defects - From "Count to Care" *An awareness program for health care professionals*, 20 April 2019, Delhi
2. Regional overview of birth defect surveillance data quality and common quality gaps, Regional meeting to strengthen integrated surveillance and prevention of birth defects, stillbirths and congenital Zika virus infection to accelerate reduction in newborn mortality, 9 July 2019, Nepal
3. Acute metabolic disorders, Illustrative cases, Eighteenth ICMR Course, 29 August 2019, Lucknow
4. Skin as a clue to the diagnosis, Eighteenth ICMR Course, 29 August 2019, Lucknow
5. Management of IEM: what do we have, Awareness workshop on IEM by Indore IAP, 1 September 2019, Indore
6. Genetic diagnosis of inherited hematological disorders, 23rd Annual Conference of Pediatric Hematology Oncology, 6 September 2019, Varanasi
7. Genetic disorders: Magnitude of the problem in India, Launch of DBT sponsored UMMID program, 23 September 2019, Delhi
8. Genomics in Clinical Practice, Integrative Molecular Epidemiology Workshop: Bridging Environmental Health and Translational Research, 12 December 2019, ICMR-NIREH, Bhopal
9. Exome in clinics-What a clinician must know!!; From Genes to Genome"-Rejuvenating the Concepts!!, 25 January 2020, Delhi

### **Madhumita Roy Chowdhury**

1. Molecular Techniques in hematology, Invited lecture, HAEMATOCON 2019, CME HEAMOTECH, 7 November 2019, New Delhi
2. How Important is Genetic Testing in TSC?, Symposium on Tuberous Sclerosis Complex, Set Facility-I, AIIMS, 12 February 2020, New Delhi

### **Ashok K Deorari**

1. Quality improvement in neonatal care – Indian perspective, Leadership and Management for improving Quality of Neonatal-Perinatal care, 14 April 2019, Chandigarh
2. Quality improvement approach for prevention of blindness in India, 3rd ROP Project Steering Committee Meeting, 24 April 2019, Hyderabad
3. Quality improvement approach in improving maternal & newborn practices, Quality Improvement on Mother and Newborn Care, 28th and 29 May 2019, Raipur
4. Concepts of Oxygenation in sick newborn, Neonatal Ventilation Workshop, 24 May 2019, Hyderabad
5. Safe care for Preterms: Evidence based, 13th Annual South Zone Neonatology Conference (South Neocon, 2019), 29 June 2019, Vijayawada, Andhra Pradesh
6. Use of Digital Technology in Medical Education – Reality or just a Hype!, Visiting Faculty - Academic Interactions with Faculty, Residents and Nursing Officers, 5-6 August 2019, AIIMS Rishikesh
7. Science of Non invasive ventilation in newborn, Neonatal Non-invasive Ventilation Workshop, 17 August 2019, KEM, Pune
8. Assisting Selection Committee as an expert, Selection Committee Meeting of ILBS, 3 September 2019, New Delhi
9. Dwipen Bagachi Oration, Quality Improvement on Mother and Newborn Care, 1st EAST ZONE NEOCON and 23rd Annual Conference of Neonatology Society of West Bengal, 7 September 2019, Kolkata

10. Oxygenation Principles in sick newborn, Neonatal Ventilation Workshop, 13 September 2019, Hyderabad, Telangana
11. Safe care for preterm- Doctor's Role, 2nd West Zone Pedicon 2019, 21 September 2019, Surat
12. Keynote Speaker, Quality improvement in neonatology, IAPNEOCON 2019 – The 12th National Conference of the IAP Neonatology Chapter, 28 September 2019, Bangalore
13. Strengthening quality of newborn care in the state of Odisha- Aspirational Districts, Koraput, Strengthening quality of newborn care in the state of Odisha, 30 September 2019, Koraput, Odisha
14. Dr Puneet Sharma Oration, Innovative solutions to newborn care, West Zone NEOCON 2019, 5 October 2019, Jaipur
15. Preterm Care—Safe and Effective Neonatal Practices, 50th Annual Conference of MP IAP- Golden Jubilee MP-PEDICON, 9 November 2019, Indore
16. Quality of Care in Pediatrics practice, Fourth Annual meeting of Pediatric Research & Education Society of India (PRESIDE), 22 November 2019, New Delhi
17. Panel Discussion – Quality Improvement Initiatives – implementation in NICU, 39th NNF NEOCON, 12- 15 December 2019, Hyderabad
18. Quality healthcare for newborn resuscitation, 12th NRP National Training of Trainers (TOT), 7-8 January 2020, Indore
19. Quality Child Care: Vision Statement, 57th National Conference of Indian Academy of Pediatrics (PEDICON 2020), 10- 13 January 2020, Indore
20. India's Journey of Quality, Equity and Dignity, All India Congress of Obstetrics and Gynaecology (AICOG 2020), 31 January and 1 February 2020, Lucknow
21. Quality Healthcare -Role of Neonatal Nurses- Keynote speaker, Annual Conference, Indian Association of Neonatal Nurses, 10 February 2020, AIIMS, Bhubneshwar
22. Quality improvement in neonatal practice: Role of Nurses & Doctors, Indo Norwegian CME in Neonatology, 7 March 2020, LHMC, Delhi
23. Choosing Right Antimicrobials, Annual CME, Rainbow Children Hospital, New Delhi, 14 July 2019, New Delhi
24. Challenges to clinical trials in children with emphasis on neonates, Enabling AMR-related clinical trials in India, 25 November 2019, ICMR, New Delhi

#### **M Jeeva Sankar**

1. Role of sepsis screen in diagnosing neonatal sepsis - where do we stand?, Advanced Neonatal Intensive Care Course (ANICC), 14 July 2019, Delhi
2. Multi-drug resistance in neonatal sepsis - prevention and treatment, CME on 'Emerging and Re-Emerging Pediatric Infections: Strategies for Future', 10-11 August 2019, Pune
3. Clinical Trial (Parallel/Cross over; Superiority, Equivalence, Non-Inferiority), Workshop on 'Research Methodology, Writing and Communication' for MD and DM/MCh residents, 3rd September 2019, Delhi
4. Writing a research paper: Methods, Workshop on 'Research Methodology, Writing and Communication' for MD and DM/MCh residents, 6 September 2019, Delhi
5. Descriptive statistics, Workshop 'Doing Surgical Research: The methods & the statistics', 10 October 2019, Delhi
6. Clinical Trial (Parallel/Cross over; Superiority, Equivalence, Non-Inferiority), Workshop on 'Research Methodology, Writing and Communication' for MD and DM/MCh residents, 22 October 2019, Delhi
7. Writing a research paper: Results; tables & figures, Workshop on 'Research Methodology, Writing and Communication' for MD and DM/MCh residents, 25 October 2019, Delhi
8. Systematic review and meta-analysis, Young Clinicians' Program, Indian Society of Gastroenterology, 12 October 2019, Chennai
9. Understanding the Kaplan Meier curve, Young Clinicians' Program, Indian Society of Gastroenterology, 12 October 2019, Chennai
10. Case-control study, Train the Trainer's workshop 2019; Indian Society of Gastroenterology, 8 November 2019, Gurugram
11. Meta-analysis and interpretation of forest plot, Train the Trainer's workshop 2019; Indian Society of Gastroenterology, 8 November 2019, Gurugram
12. Neonatal sepsis in India, Workshop on 'Developing state consortium on antimicrobial resistance in neonates', 21 November 2019, Delhi

13. Sample size estimation: making it simple, Annual conference of National Neonatology Forum – NEOCON 2019, 14 December 2019, Hyderabad
14. Statistics: understanding the jargon, Annual conference of National Neonatology Forum – NEOCON 2019, 15 December 2019, Hyderabad
15. Respiratory support for preterm care, National Consultation on Care of Preterm and Low Birth Weight Infants, 13-14 January 2020, Delhi
16. Bronchopulmonary dysplasia (BPD) and steroids - Old gun and new bullets, CME ‘Bridging Excellence in Neonatology’, 15 February 2020, Delhi
17. Clinical Trial (Parallel/Cross over; Superiority, Equivalence, Non-Inferiority), Workshop on ‘Research Methodology, Writing and Communication’ for MD and DM/MCh residents, 3 March 2020, Delhi
18. Writing a research paper: Results; tables & figures, Workshop on ‘Research Methodology, Writing and Communication’ for MD and DM/MCh residents, 6 March 2020, Delhi
19. A clinician’s guide to meta-analysis, Indo Norwegian CME on ‘Recent Advances in Neonatology’, 7 March 2020, Delhi
20. Grant opportunities in India, Neonatal Conference on Research and Expert Talks ‘NeoCORE 2020’, 14-15 March 2020, Chennai
21. Stakeholders Meeting on Risk Factors for Neonatal Sepsis in Low-Resource Settings, CDC’s Global Communications Center Meeting, April 2019, Atlanta
22. WHO recommendations on postnatal care-Scoping Meeting, WHO/HQ meeting, April 2019, Geneva, Switzerland
23. Trial Protocol and Site Implementation Plan Development Workshop: Optimizing place of treatment and antibiotic regimens for young infants with signs of PSBI, WHO/HQ meeting, September 2019, Geneva, Switzerland

#### **Anu Sachdeva**

1. Preterm care package: “Do no Harm”, POCQI (Point of care quality Improvement) and Preterm baby package workshop, 17-19 May 2019, Delhi
2. Preterm care package: “Do no Harm”, Quality Improvement training for improving healthy survival of preterm infants’, 29 and 30 June 2019, Shimoga
3. How to do LaQshya ongoing Mentoring of QI, Teams in Medical colleges (Remote), “National mentoring for Implementation of LaQshya in Medical Colleges”, 30 and 31 August 2019, Delhi
4. Preterm care package: “Do no Harm”, Preterm care best practices workshop, 6 September 2019, Kolkata
5. Approach to common fetal anomalies: detection at birth, Panel on “Approach to common fetal anomalies”, 28 September 2019, New Delhi
6. “Early Intervention as in NICU; our follow up data”, Clinical Approaches, Solutions and Skill Building Workshop, 4 October 2019, Delhi
7. Preterm care package: “Do no Harm”, Regional meeting to accelerate reduction in newborn and child mortality towards achieving SDG 2030 targets., 15th to 17 October New Delhi
8. Preterm care package: “Do no Harm”, POCQI (Point of care quality Improvement) and Preterm baby package workshop, 11-13 November 2019, Delhi
9. Quality Improvement: Step 2, POCQI (Point of care quality Improvement), 3 and 4 November 2019, New Delhi
10. Quality Improvement: Step 2, POCQI (Point of care quality Improvement), 12 December Hyderabad
11. Preterm care package: “Do no Harm”, POCQI (Point of care quality Improvement) and Preterm baby package workshop, 19 and 20 December 2019, Kolkata
12. Cost effective care in NICU - How to achieve?”, Hyderabad NNF Neocon 2019, 13 December Hyderabad
13. Quality Improvement: Step 2, POCQI (Point of care quality Improvement), 20 and 21 December 2019, Delhi
14. Preterm care package: “Do no Harm”, Point of care quality Improvement) and Preterm baby package workshop, 27 to 29 December 2019, Delhi

#### **Arvind Bagga**

15. Potassium handling and its disorders, IPNA-AsPNA Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 6-7 April 2019, Board Room AIIMS, New Delhi
16. Hemolytic uremic syndrome: Evolving consensus, IPNA-AsPNA Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 6-7 April 2019, Board Room AIIMS, New Delhi

17. Advances in acute kidney injury, World Congress of Nephrology, 12 April 2019, Victoria Convention Center, Melbourne
18. Management of difficult nephrotic syndrome, World Congress of Nephrology, 13 April 2019, Victoria Convention Center, Melbourne
19. Renal tubular acidosis, World Congress of Nephrology, 14 April 2019, Victoria Convention Center, Melbourne
20. Current status of pediatric renal replacement therapy in India, RRT KIDS 2019: CME and Workshop on Pediatric Dialysis and Nutrition, 19-21 July 2019, Chennai
21. Non-dialytic management and nutrition in pediatric acute kidney injury: An update, Critical Care Pediatric Nephrology Course, 4 August 2019, Gurgaon
22. Urinary tract infection in children, IPNA Training Course in Pediatric Nephrology, 6 August 2019, Jigme Dorji Wangchuk National Referral Hospital, Thimphu, Bhutan
23. Management of nephrotic syndrome, IPNA Training Course in Pediatric Nephrology, 6 August 2019, Jigme Dorji Wangchuk National Referral Hospital, Thimphu, Bhutan
24. Hemolytic uremic syndrome: Diagnosis and management, IPNA Training Course in Pediatric Nephrology, 7 August 2019, Jigme Dorji Wangchuk National Referral Hospital, Thimphu, Bhutan
25. Acute glomerulonephritis, IPNA Training Course in Pediatric Nephrology, 7 August 2019, Jigme Dorji Wangchuk National Referral Hospital, Thimphu, Bhutan
26. Approach to renal tubular disease, IPNA Training Course in Pediatric Nephrology, 8 August 2019, Jigme Dorji Wangchuk National Referral Hospital, Thimphu, Bhutan
27. Advances in acute and chronic dialysis for children in South Asia, Annual CME of Institute of Child Health: RR Kids 2019, 15 August 2019, Institute of Child Health, Kolkata
28. Neonatal acute kidney injury, Update on neonatology, Akron Children's Medical Center, 14 September 2019, Akron Children's Medical Center and Akron Nephrology Associates, AGMC Cleveland Clinic, Cleveland, Ohio, USA
29. Orphan drugs, Update on neonatology, Akron Children's Medical Center, 14 September 2019, Akron Children's Medical Center and Akron Nephrology Associates, AGMC Cleveland Clinic, Cleveland, Ohio, USA
30. Challenges in developing world, 16th Congress of the Asian Society of Transplantation, 28 September 2019, India Extension Mart Limited, Greater NOIDA, Greater NOIDA, India
31. Anti CFH-HUS, 18th Congress of the International Pediatric Nephrology Association (IPNA), 17-21 October 2019, Palazzo del Cinema, Convention Center, Venice-Lido, Venice, Italy
32. Research Methodology, 31st Annual Conference of the Indian Society of Pediatric Nephrology, 13 December 2019, Armed Forces Medical College, Pune
33. Transplantation in atypical hemolytic uremic syndrome, Annual Conference of the North Zone Indian Society of Nephrology, 15 December 2019, Delhi
34. Secondary hypertension: A closer look, PNSP's 25th Anniversary Year and 24th Annual Convention, 17-19 November 2019, Ateneo School of Medicine and Public Health, Mandaluyong, Philippines
35. Atypical hemolytic uremic syndrome (HUS): New insights and new challenges, 5th International Scientific Conference of Pediatric Nephrology Society of Bangladesh, 8 February 2020, BSMM University, Shahbag, Dhaka, Bangladesh
36. Nephronophthisis & medullary cystic kidney diseases, 5th International Scientific Conference of Pediatric Nephrology Society of Bangladesh, 9 February 2020, BSMM University, Shahbag, Dhaka, Bangladesh

### **Pankaj Hari**

1. Acute Kidney Injury: Evaluation and management, IPNA-AsPNA Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 6 April 2019, Board Room AIIMS, New Delhi
2. C3 glomerulopathy, IPNA-AsPNA Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 7 April 2019, Board Room AIIMS, New Delhi
3. Vesicoureteric reflux: much ado about nothing, IPNA-AsPNA Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 7 April 2019, Board Room AIIMS, New Delhi
4. Childhood lupus nephritis, Registry on childhood lupus nephritis, 22 June 2019, Kolkata
5. Acute and rapidly progressive glomerulonephritis, Pediatric Nephrology CME, 28 July 2019, Prayagraj, Prayagraj
6. Urinary tract infections: Consensus and controversies, Pediatric Nephrology CME, 28 July 2019, Prayagraj, Prayagraj
7. Plasmapheresis in pediatric renal disorders, Critical Care Pediatric Nephrology Course, 4 August 2019, Gurgaon
8. Urinary tract infection in children, Update in Pediatric Nephrology, 18 December 2019, Max Super Specialty Hospital, Shalimar Bagh, New Delhi

9. Management of ADPKD in Children, 31st Annual Conference of the Indian Society of Pediatric Nephrology, 20-22 December 2019, Armed Forces Medical College, Pune
10. Approach to antenatally detected hydronephrosis, Pediatric Nephrology Teaching Course & Peritoneal Dialysis Hands on Workshop, 16 February 2020, Army Hospital R&R, New Delhi

#### **Aditi Sinha**

1. Physiology of acid base handling, IPNA-AsPNA Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 6 April 2019, Board Room AIIMS, New Delhi
2. Cystic kidney diseases, IPNA-AsPNA Junior Master Class in Pediatric Nephrology and XI Annual Pediatric Nephrology Training Course, 7 April 2019, Board Room AIIMS, New Delhi
3. Ten commandments for managing a child with AKI, East Zone Pediatric Nephrology Update 2019, 28 April 2019, Montana Vista, Uttarayan, Siliguri
4. How do I manage the first episode of nephrotic syndrome, East Zone Pediatric Nephrology Update 2019, 28 April 2019, Montana Vista, Uttarayan, Siliguri
5. Acute kidney injury: Evaluation and management, Pediatric Nephrology CME, 28 July 2019, Pragagraj, Prayagraj
6. Antenatally detected hydronephrosis, Pediatric Nephrology CME, 28 July 2019, Pragagraj, Prayagraj
7. Peritoneal dialysis catheter insertion, Critical Care Pediatric Nephrology Course, 4 August 2019, Gurgaon
8. Plasmapheresis, Critical Care Pediatric Nephrology Course, 4 August 2019, Gurgaon
9. Acute kidney injury: Preventing iatrogenic insults, PEDICON North Zone and Pediatric Conference of North India, 29 September 2019, New Delhi
10. Pathophysiology and prevention of chronic kidney disease (webinar), IPNA-European Society of Pediatric Nephrology Junior Master Class, 14 October 2019, Convention Center, Lido, Italy
11. What is the role of levamisole (Non -steroidal treatment of steroid sensitive nephrotic syndrome), 18th International Pediatric Nephrology Association Congress 2019 at Venice, Italy, 19 October 2019, Convention Center, Lido, Italy
12. Sepsis associated AKI: How is it different, Pediatric Renal Basic Life Support Course (PRBLS), 16 November 2019, St. John's Medical College and Hospital, Bangalore
13. Recent trends in management of nephrotic syndrome, Pediatric Nephrology in Office Practice, 28 September 2019, New Delhi
14. Disease course of nephrotic syndrome: Results of a nationwide registry, 31st Annual Conference of the Indian Society of Pediatric Nephrology, 14 December 2019, Armed Forces Medical College (AFMC), Pune
15. Current usage of rituximab in pediatric nephrology, Pediatric Nephrology Symposium, 22 January 2020, Institute of Child Health (ICH), Kolkata
16. Case discussions in renal tubular acidosis, Pediatric Nephrology Teaching Course & Peritoneal Dialysis Hands on Workshop, 16 February 2020, Army Hospital R&R, New Delhi
17. Post-transplant infections in an Indian context, 1st Primer on Pediatric Renal Transplant: IPNA-ISN-TTS Teaching Course, 6-7 March 2020, Christian Medical College, Vellore, Chennai

#### **Sheffali Gulati**

1. Autism- Diagnostic Tools (DSM 5based) Going E-Way, World Autism Awareness Week for Scientific Conclave on Autism, ADHD, Anxiety-Mental Health Challenges "Evidence Based Approach" by Indian Academy of Pediatrics, Chandigarh and Asha, Centre for Autism & Intellectual Developmental Disorders, Chandigarh, National Centre for control of Diseases, MoHFW, National Health Mission, Haryana, IAP Chapter of Neurodevelopmental Pediatrics, 2 April 2019, Chandigarh
2. Evaluation of a child with unexplained developmental delay and panelist for a case discussion, IAN First Master Class in Pediatric Neurology by Pediatric Neurology Unit, Department of Neurological Sciences, Christian Medical College, 05 April 2019, Christian Medical College, Vellore, Tamil Nadu
3. Neurodevelopmental disorders with special emphasis on ASD, the journey thus far, National Workshop on Sensory Modalities in the treatment of children with Autism, Center of Excellence & Advanced Research on Childhood Neurodevelopmental Disorders, 13-14 April 2019, SET facility, Convergence Block, AIIMS, New Delh
4. Moderator for the session: Landau Kleffner syndrome, and CSWS, NuPed 2019: CME on difficult childhood epilepsy, 14 April 2019, New Delhi
5. New ILAE seizure and epilepsy classification, KSCH Pediatric EEG Course Neurology Division, Department of Pediatrics, Kalawati Saran Children's Hospital, 30 April 2019, Kalawati Saran Children's Hospital, New Delhi
6. When do we suspect a congenital myopathy?, 18th Asian and Oceanian Myology Center Meeting 2019 (AOMC 2019), 2nd June 2019, Mumbai

7. Neurodevelopmental Disorders: Diagnosis with mobile, IAP Delhi's monthly Clinical meeting in collaboration with IAP Central Delhi City Branch, Indian Academy of Pediatrics, 20 June 2019, New Delhi
8. Moderator for session on Non 5Q Spinal Muscular Atrophies, 2nd edition of Monsoon Summit 2019, Kerala Association of Neurologists, 13 July 2019, Kochi
9. Acute Encephalitis Syndrome in context of Muzzafarpur's Chamki Bukhar, Vigyan Prasar Deptt of Science and Technology, Govt of India, 23 July 2019, C-457, Sector 10, Noida, UP
10. ASD the Journey Thus far, Indo-Canadian ASD Initiative Round table Meeting, 24 July 2019, Hyderabad
11. Diagnostic challenges in congenital myopathies and congenital muscular dystrophies, 19th Annual Conference of Neurology Chapter of IAP "Neuropedicon 2019", 27 July 2019, Hyderabad
12. Moderator: Neurophysiology of bladder control and Clinical evaluation of neurological bladder abnormalities; Examination of the unconscious child, 7th Workshop on "Clinical Evaluation in Pediatric Neurology, Lady Hardinge Medical College and associated Kalawati Saran Children's Hospital, 3 August 2019, Seminar room, KSCH, New Delhi
13. Screening tool for Autism", National Original Research Convention (NORC 2019), 10 August 2019, Dwarka, New Delhi
14. Dietary Therapies in intractable epilepsy: Our experience, "Practice pearls in Epilepsy- Case based management", 10 August 2019, Hotel Claridges, New Delhi
15. Approach to childhood Headache, National Summit of Pediatric Neurology "Natneurocon 2019", 17 August 2019, Raipur
16. Moderated the Panel discussion on Drug treatment in childhood epilepsy, National Summit of Pediatric Neurology "Natneurocon 2019", 17 August 2019, Raipur
17. Panelist to develop a protocol for SMA patients to receive Spinraza as a part of Humanitarian Access Program in India. Spinraza individual patient Humanitarian Access Program, 24 August 2019, Mumbai, New Delhi
18. Moderated a session: What's new in medical care of Paediatric Epilepsy, World Neurosciences Summit II, 25 August 2019, Aerocity, New Delhi
19. Independent living and supported decision making, State level conference "Think College" Higher Education Option for Person with Disabilities and Developmental Disabilities (PIDD), 30 August 2019, Satyagraha Mandap, Gandhi Smriti, New Delhi
20. Neurodevelopmental disorders: Autism Spectrum Disorder, Cerebral Palsy, Down Syndrome and Intellectual disability: current scenario for families and teachers, Air Force Golden Jubilee Institute, 31st August 2019, Subroto Park, Dhaula Kuan, New Delhi
21. Moderator, Non-pharmacological treatments (Diet and surgery) and supportive care., AOCN-IES consensus meeting for the diagnosis and treatment of West Syndrome, 1st September 2019, Army R & R Hospital, Dhaula Kuan, New Delhi
22. Neurodevelopmental Disorders: the journey thus far and beyond", 83rd Board meeting of the National Trust, DEPwD, MSJE, Govt of India, 11 September 2019, Conference Room, DEPwD, 5th Floor, Antyodaya Bhawan, CGO Complex, Lodhi Road, New Delhi
23. Moderator, Impact of Social-Emotional Learning, International Conference on 'Early Childhood Development for Children with Intellectual Disabilities', Amity Institute of Rehabilitation Sciences and Amity School of Physical Education and Sports Sciences, Special Olympics Bharat, 12 September 2019, Amity University, Noida
24. Cerebral Palsy – what's new?, 15th Asian and Oceanian Congress of Child Neurology (AOCCN-2019), 19-22 September 2019, Kuala Lumpur, Malaysia
25. Clinical Pediatric Neurology: Relevance in arena of Radio-genomics, Preconference workshop: Demystifying Diagnostics in Pediatric Neurology: A Practical Approach. NZ PEDICON and PCNI, 2019 Department of Pediatrics, VMMC and Safdarjung Hospital and IAP Delhi, 27 September 2019, Medical Education Unit, VMMC and Safdarjung Hospital New Delhi
26. Moderated session on: Semiology –does it really matter in diagnosing seizure?, PEDICON –NZ and PCNI 2019 conference "Child Healthcare in Harmony and Emerging trends in Neonatal and Pediatrics Care and Challenges" IAP Delhi State Branch, 28 September 2019, New Delhi
27. Pediatric updates on Muscular Dystrophy, Awareness programme on Muscular Dystrophy, Indian Medical Association, 30 September 2019, Indraprastha Marg, IP Estate\ New Delhi
28. Follow-up Identification of an At Risk Child for Developmental Delay, Early Care of a Child with Developmental delay & follow up of the NICU Graduate, My Whole Child Center for Special Needs, Indian Academy of Pediatrics – Delhi and Indian Child Abuse Neglect & Child Labour Group, 4 October 2019, New Delhi
29. Moderator, Neurodegeneration with brain iron accumulation and Neuroimaging in Cerebral Palsy, 1st National

Symposium on Pediatric Neuroradiology Bridging Clinical and Radiological Perspectives, DNPNG and AOCN, 19 October 2019, New Delhi

30. Neurodevelopmental Disorders: The Journey thus far, The Dreams and Their Realization- going e way; empowering professionals and parents, National Workshop on building legal capacity of persons with Intellectual and Developmental Disabilities, National Trust, Ministry of Social Justice and Empowerment, Govt of India and Indian Law Institute, 23 October 2019, Indian law Institute, Opposite Supreme Court of India, Bhagwan Das Road, New Delhi
31. Panelist, Mental wellbeing in children and adolescents, presentation on Neurodevelopmental Disorders the journey thus far (2 decades) and beyond: AIIMS Experience. Comprehensive mental healthcare in life course-Action plan GOI and National Mental health program, Chhattisgarh, 13 November 2019, Raipur, Chhattisgarh
32. Autism Spectrum Disorder: Manifestation Causes and Management, Advanced Diploma in Child Guidance & Counseling, National Institute of Public Cooperation and Child Development, 21 November 2019, NIPCCD, 5 Siri Institutional Area, Hauz Khas, New Delhi
33. Neurodevelopmental Disorder-Journey thus far and beyond, Interactive session for parents and professionals relayed Pan India, Awareness for Inclusion Foundation, 28 November 2019, Microsoft, Gurugram
34. Needs of mental health for PIDD and their care takers, National Seminar on Mental Health and Social Inclusion of Person with Intellectual and Developmental Disability (NSMH02) Rehabilitation Council of India (RCI).29 November 2019, Institute of Human Behaviour and Allied Science (IHBAS), Dilshad Garden, Delhi
35. Keynote address, Neurodevelopmental disorders: The journey thus far, The Dreams and their realization-going e way, empowering professionals and parents, National conference on Assessment and diagnosis of Autism Spectrum Disorder, National Institute for Empowerment of Persons with Multiple Disabilities (Divyangjan), 4 January 2020, CBSM Delhi, PSP Sector-13, Dwarka, New Delhi
36. Approach to Neuroregression, PEDICON 2020 57th National conference of IAP, 9 January 2020, Indore, Madhya Pradesh
37. Case based session on Autism Spectrum Disorder and Opsoclonus Myoclonus Ataxia Syndrome, PEDICON 2020 57th National conference of IAP, 9 January 2020, Indore, Madhya Pradesh
38. Panelist, Rehabilitation of older and special needs OAS children, National consultative workshop on child adoption in India, Central adoption resource authority, Ministry of women and child development, Government of India, 14 January 2020, Teen Murti Marg, Teen Murti Bhavan, New Delhi
39. Mental health Concept, identification, challenges & Comorbidities, National conference on understanding disability and mental health towards inclusion and empowerment, National Institute for Empowerment of Persons with Multiple, Disabilities (Divyangjan), DEPwD (Divyangjan), MSJ&E,GOI,Chennai, 17 January 2020, New Maharashtra Sadan, Kasturba Gandhi Marg, New Delhi
40. Epilepsy in the setting of Neurocutaneous Syndromes. 21st Joint Annual Conference of IEA and IES: ECON 2020, 18 January 2020, Ahmedabad, Gujarat
41. Need to mainstream persons with Disabilities into the Jan Andolan of POSHAN Abhiyaan, Redefining Welfare, Safety and Security of Women and Children- Role of Institutions, Ministry of Women and Child Development, 27 January 2020, Chanakyapuri, New Delhi
42. Neurodevelopmental Disorders, The Journey thus far, the Dreams and their realization, going w-way, empowering parents and professionals, 3rd International BMI Autism Conference: Diagnosis to treatment- No Child left behind; Enabling meaningful inclusion, Behavior Momentum India, 1 February 2020, Hyderabad
43. Clinical Practice, research and policies in Neuro-developmental Disorders: An update *Given presentation through skype*, 4th Annual Multidisciplinary National Conference on Disability and Rehabilitation, Calicut University; Social Justice Department, Govt. of Kerala, 7 February 2020, CDMRP-Calicut University, Kerala
44. Moderated a session on Approach to a child with abnormal movements, 6th BLK Annual Pediatric update Delhi; Indian Academy of Pediatrics, 9 February 2020, New Delhi
45. Panel discussion on “Epilepsy”, Total Health, 9 February 2020, Mandi House, New Delhi
46. Neurological and Neurodevelopmental issues in TSC and moderated a panel discussion, Symposium on Tuberous Sclerosis Complex (TSC), Division of Genetics, Department of Pediatrics, AIIMS & Tuberous Sclerosis Alliance of India., 12 February 2020, AIIMS, New Delhi
47. Alternative and Augmentative communication, Training of working professionals in Alternative and Augmentative communication along with Action for Ability Development and Inclusion (AADI), 14 February 2020, AADI, Hauz Khas, New Delhi
48. Autism Spectrum Disorders: Clinical service, research and advocacy: our experience over last 2 decades, Indo-Canadian Autism network symposium leaving a footprint – founding a network I-CAN 2020, 17 February 2020, Hyderabad

49. AES etiologies in India: AIIMS experience, IAE Symposium on Acute Encephalitis Syndrome Indian Association of Epidemiologists and Department of Community Medicine, VMMC and Safdarjung Hospital, 22 February 2020, Safdarjung Hospital, New Delhi
50. Co-moderator, Pediatric Sleep Disorder, 4th International Sleep Update 2020 Ace School of Sleep Medicine and World Sleep Society, 23 February 2020, New Delhi
51. Technology and Apps in Neurodevelopmental Disorders, 10th AOCN 2020 Annual Conference Child Neurology Group, Karnataka, 29 February 2020, Bengaluru
52. Maturation of EEG, The International Workshop on Epilepsy, 1 March 2020, PGIMER & Dr RML Hospital, New Delhi
53. Childhood Autism Rating Scale and panelist/ expert for all the discussions and case studies Via Skype, Elicitation Board disclosure meeting, 11 March 2020, Paris, France

#### **Biswaroop Chakrabarty**

1. Moderator for Rasmussen Encephalitis and related disorders, NuPed 2019, Difficult Childhood Epilepsy, 14 April 2019, New Delhi
2. EEG in Idiopathic generalized epilepsy in children, KSCH Pediatric EEG course, KSCH, 2nd May 2019, New Delhi
3. EEG in metabolic and degenerative disorders in children, KSCH Pediatric EEG course, KSCH, 2 May 2019, New Delhi
4. Seizure Mimics, Pediatric Neurology CME, 21 July 2019, Ahmedabad
5. Febrile Seizures, Pediatric Neurology CME, 21 July 2019, Ahmedabad
6. Resource Faculty, Workshop on clinical evaluation in Pediatric Neurology, KSCH, 4 and 5 August 2019, New Delhi
7. Acute Febrile encephalopathy, PCNI and PEDICON North Zone 2019, 29 September 2019, New Delhi
8. Approach to a child with Headache, IAP Delhi monthly clinical meeting, Lok Nayak Hospital, 16 October 2019, New Delhi
9. Movement Disorders in Children, Pediatric Neuro Update, GSVM Medical College, 20 October 2019, Kanpur
10. Acquired CNS demyelination, Pediatric Neuro Update, GSVM Medical College, 20 October 2019, Kanpur
11. Moderator for panel discussion on "Acute Encephalitic syndrome", PEDICON 2020, 10 January 2020, Indore
12. Development, Behavior, Nutrition and Immunisation, CBSE Wellness Teacher Training Program, 28 January 2020, New Delhi
13. Febrile seizures; are they benign?, Pediatric Neurology Update, 22 February 2020, New Delhi
14. Delegate, Ace School of Sleep Medicine, 23 February 2020, New Delhi

#### **Prashant Jauhari**

1. Activation procedures in EEG, KSCH Pediatric EEG course, KSCH, 30 April 2019, New Delhi
2. Faculty for Hands on EEG training, KSCH Pediatric EEG course, KSCH, 9 May 2019, New Delhi
3. Resource Faculty, Workshop on clinical evaluation in Pediatric Neurology, KSCH, 4 and 5 August 2019, New Delhi
4. Approach to stroke in children, Pediatric Neuro Update, GSVM Medical College, 20 October 2019, Kanpur
5. Case based approach to childhood onset epilepsies, Pediatric Neuro Update, GSVM Medical College, 20 October 2019, Kanpur
6. How to plan investigations of an epileptic child, Pediatric Neuro Update, GSVM Medical College, 20 October 2019, Kanpur
7. Chief Guest for National Workshop on Advanced Quantitative Research Methods (AQRM) in Social Sciences, Department of Education, Central Institute of Education (CIE), University of Delhi, 9-15 December 2019, New Delhi
8. Quantitative research: Need of the hour, Department of Education, Central Institute of Education (CIE), University of Delhi, 9 December 2019, New Delhi
9. Neuroregressive disorders, Pediatric Neurology Update, 22 February 2020, New Delhi

#### **Rachna Seth**

1. World Health Organization (WHO) Global Initiative for Childhood Cancer: Discussion, Childhood Cancer Town Hall and Networking, 24 June 2019, Max Super Specialty Hospital, Saket, New Delhi
2. Optimum management of Hodgkin Lymphoma, 23rd Annual Pediatric Hematology Oncology Conference (PHOCON 2019), 6-8 September 2019, Department of Pediatrics, Institutes of Medical Sciences, BHU, Varanasi
3. Neonatal Tumors: How to approach, 23rd Annual Pediatric Hematology Oncology Conference (PHOCON 2019),

6-8 September 2019, Department of Pediatrics, Institutes of Medical Sciences, BHU, Varanasi

4. After treatment completion registry of childhood cancers: Multicenter study-Phase -1 (In PoG study), 23rd Annual Pediatric Hematology Oncology Conference (PHOCON 2019), 6-8 September 2019, Department of Pediatrics, Institutes of Medical Sciences, BHU, Varanasi
5. Cancer survivorship & Late effects: concept of Survivor Clinics, 4th Pediatric Oncology Support Services Conference (PHOSSCON 2019), 7-8 September 2019, Varanasi, Department of Pediatrics, Institutes of Medical Sciences, BHU, Varanasi
6. Fungal infections in Pediatric Oncology, Oncology Forum Annual Meeting 2019, 7-8 December 2019, New Delhi
7. Moderator of session, BEST OF SIOP 2019", 12 December 2019, Rohini, New Delhi
8. Childhood Cancer Survivors: panel discussion, CME in Pediatric Hematology Oncology Pediatric Hematology-Oncology Unit, 1- 2 February 2020, Advanced Pediatrics Centre, PGIMER, Chandigarh
9. Multicenter wide childhood cancer survivor registry: Synopsis/preliminary results, Brainstorming late effects & Survivorship, 3 December 2019, AIIMS, New Delhi
10. Guest speaker, Childhood Cancer: way forward, 30 September 2019, Safdarjung Hospital

#### **Jagdish P Meena**

1. Panel discussion on Rhabdomyosarcoma, 15th meeting of NIPOF (North India Pediatric Oncology Forum), 20 July 2019, Sir Ganga Ram Hospital, New Delhi
2. Panel discussion on bacterial infection in immunocompromised host, 23rd Annual Conference of Pediatric Hematology Oncology (PHOCON), 6-8 September, 2019, BHU
3. Interactive discussion on Sarcoma, CME in Pediatric Hematology Oncology, 1- 2 February 2020, PGIMER, New Delhi
4. Managing B-NHL in AYA population, CME on Pediatric Leukemia and Lymphoma, 8-9 February 2020, Sir Ganga Ram Hospital, New Delhi

#### **Aditya Kumar Gupta**

1. Hematopoietic stem cell transplant-clinical and technical perspectives, Guest Lecture, 26 June 2019, BHU, Varanasi
2. Colony Stimulating factors, 23rd Annual Conference of Pediatric Hematology Oncology (PHOCON), 6-8 September 2019, BHU, Varanasi
3. Role of health care professional as stakeholder in pediatric cancer care, PHOSCON, 23rd Annual Conference of Pediatric Hematology Oncology, 23rd Annual Conference of Pediatric Hematology Oncology (PHOCON), 6-8 September 2019, BHU, Varanasi
4. Panelist for session on chemotherapy in low grade gliomas, CME on Pediatric Brain Tumors, 10 November 19, Sir Ganga Ram Hospital, New Delhi
5. Outpatient management of febrile neutropenia, CME on Lymphomas and Leukemias, 8 February 2020, Sir Ganga Ram Hospital, New Delhi
6. Osteonecrosis in Pediatric ALL, Best of SIOP 2019, 11 January 2020, Rajiv Gandhi Cancer Institute

#### **SK Kabra**

1. Pediatric Tuberculosis, Diagnosis, clinical features and imaging, CME on Pediatric Tuberculosis, IAP Vishakapatnam branch, 7 April 2019, Vishakhapatnam
2. Pediatric Tuberculosis diagnosis 2: Microbiology, CME on Pediatric Tuberculosis, IAP Vishakapatnam branch, 7 April 2019, Vishakhapatnam
3. Pediatric tuberculosis in special circumstances (Perinatal tuberculosis, HIV TB), CME on Pediatric Tuberculosis, IAP Vishakapatnam branch, 7 April 2019, Vishakhapatnam
4. Panel discussion on Tuberculosis, North Zone Pediatrics Conference, IAP NOIDA, 21 April 2019, Greater Noida
5. Profile Pediatric Poisoning, National Symposium on Poisoning as a Public Health Problem, (Symp-NIPC 2019). National Poison Information Center, Department of Pharmacology, AIIMS, New Delhi, 26 April 2019, New Delhi
6. Dengue in children: issues for management, National Dengue day organised by Department of Medicine AIIMS and National Vector Control program, Ministry of Health and Family Welfare at AIIMS, 1 May 2019, New Delhi
7. Pediatric Tuberculosis: Recent Update in RNTCP, Annual CME of IAP Haryana, organized by IAP, Faridabad branch, Asian Institute of Medical Sciences, 19 May 2019, Faridabad
8. Cystic Fibrosis in Asia report of survey, council meeting of Asian Pediatric Pulmonology Society, 18th International

conference of Pediatric Pulmonology (CIPP) and 5th Annual Conference of Asian Pediatric Pulmonology Society, 29 June 2019, Chiba, Japan

9. Cystic Fibrosis in India, 18th International conference of Pediatric Pulmonology (CIPP) and 5th Annual Conference of Asian Pediatric Pulmonology Society, 29 June 2019, Chiba, Japan
10. Cystic Fibrosis and Chronic lung diseases, Workshop on second Pediatric Pulmonology update, organized by IAP Guwahati branch, 6-7 July 2019, Guwahati
11. Management algorithm for chronic cough, Second Pediatric Pulmonology update, organized by IAP Guwahati branch, 6-7 July 2019, Guwahati
12. Recurrent pneumonia, Second Pediatric Pulmonology update, IAP Guwahati branch, 6-7 July 2019, Guwahati
13. Panel discussion: Stridor in children, Second Pediatric Pulmonology update, IAP Guwahati branch, 6-7 July 2019, Guwahati
14. Update in Childhood Tuberculosis, 4th Annual CME of Rajasthan Respiratory Chapter, organized by IAP Respiratory Chapter, Rajasthan and IAP Udaipur branch, 14 July 2019, Udaipur
15. Panel Discussion: Childhood Tuberculosis., 4th Annual CME of Rajasthan Respiratory Chapter, organized by IAP Respiratory Chapter, Rajasthan and IAP Udaipur branch, 14 July 2019, Udaipur
16. TB update, Pediatric Pulmonology Update, Academy of Pediatrics, Nagpur, 28 July 2019, Nagpur
17. Panel discussion: Pneumonia, Pediatric Pulmonology Update, Academy of Pediatrics, Nagpur, 28.7.2019, 28 July 2019, Nagpur
18. Panel Discussion: Childhood asthma, Pediatric Pulmonology Update, Academy of Pediatrics, Nagpur, 28 July 2019, Nagpur
19. Home oxygen II, AIIMS Pediatric pulmonology and Intensive Care course Module 8. Department of Pediatrics AIIMS New Delhi, 21 July 2019, New Delhi
20. Asthma Update: what is new in GINA 2019, North Delhi Pulmocon 2019 organized by IAP North Delhi branch, 4 August 2019, New Delhi
21. Absence of evidence is not evidence of absence: CF & PCD story, National Original Research Convention (NORC 2019) on 11 August 2019, New Delhi
22. Cystic Fibrosis: A disease with clinical markers from newborn to adulthood, CME on Update on common and not so uncommon Pediatric Problems, Department of Pediatrics, Jawarlal Nehru Medical College, Aligarh Muslim University, 25 August 2019, Aligarh
23. Flexible bronchoscopy in children, CME on Update On Common And Not So Uncommon Pediatric Problems, Department of Pediatrics, Jawarlal Nehru Medical College, Aligarh Muslim University, 25 August 2019, Aligarh
24. Panel discussion: Tumor Board: Thoracic Masses in Childhood, Annual Conference of Indian Society of Pediatric Radiologists. Department of Radiodiagnosis, AIIMS New Delhi, 7 September 2019, New Delhi
25. Emerging modality in F O Bronchoscopy- EBUS, 2<sup>nd</sup> Delhi Respicon, Pediatric Respiratory Society, RML Hospital, 15 September 2019, New Delhi
26. Chronic lung Diseases- Transformation of care from Childhood to Adults, 2nd Delhi Respicon 2019, Pediatric Respiratory Society Delhi at RML Hospital, 15 September 2019, New Delhi
27. Difficult pneumonia, Pediatric conference of North Zone and North India, IAP Delhi, 28-29 September 2019, New Delhi
28. Panel discussion: Newer guideline for tuberculosis., Pediatric conference of North zone and North India. Organized by IAP Delhi, 28-29 September 2019, New Delhi
29. Childhood Pneumonia, 6th annual meeting of Childhood Respiratory Disease Study Circle of Sri Lanka, 6 October 2019, Colombo
30. Etiological Spectrum of Bronchiectasis, 6th Annual Meeting of Childhood Respiratory Disease Study Circle of Sri Lanka, 6 October 2019, Colombo, Sri Lanka
31. Panel discussion: Pediatric Tuberculosis, 6th Annual Meeting of Childhood Respiratory Disease Study Circle of Sri Lanka, 6 October 2019, Colombo, Sri Lanka
32. Panel discussion: School age asthma, 6th Annual Meeting of Childhood Respiratory Disease Study Circle of Sri Lanka, 6 October 2019, Colombo, Sri Lanka
33. Diagnosis of cystic fibrosis, in workshop Diagnosing and Managing Emerging Respiratory Diseases (Cystic Fibrosis and Primary Ciliary Dyskinesia), 31st National Conference of Respiratory Chapter of Indian Academy of Pediatrics (RESPICON 2019), 11-13 October 2019, Indore
34. Diagnosis of cystic fibrosis, in workshop Diagnosing and Managing Emerging Respiratory Diseases (Cystic Fibrosis and Primary Ciliary Dyskinesia), 31st National Conference of Respiratory Chapter of Indian Academy of Pediatrics

(RESPICON 2019), 11-13 October 2019, Pune

35. Clinical symptoms of primary ciliary dyskinesia., 31st National Conference of Respiratory Chapter of Indian Academy of Pediatrics (RESPICON 2019), 11-13 October 2019, Pune
36. Open house on question and answer on respiratory illnesses, 31st National Conference of Respiratory Chapter of Indian Academy of Pediatrics (RESPICON 2019), 11-13 October 2019, Pune
37. Panel discussion: Cystic fibrosis –Newer Horizons in diagnosis and management, 31st National Conference of Respiratory Chapter of Indian Academy of Pediatrics (RESPICON 2019), 11-13 October 2019, Pune
38. Immunology of Pulmonary TB-Current Understanding, 31st National Conference of Respiratory Chapter of Indian Academy of Pediatrics (RESPICON 2019), 11-13 October 2019, Pune
39. Expert in Interesting Cases- Presentation and discussion, 31st National Conference of Respiratory Chapter of Indian Academy of Pediatrics (RESPICON 2019), 11-13 October 2019, Pune
40. Role of Xpert ultra and Urine LAM in diagnosis of TB in children, Child and Adolescent TB Working group”, 30 October 2019, Hyderabad
41. Childhood Tuberculosis - Defining magnitude of the problem, Natural History of Disease, Monitoring of treatment – Defining response and non response, Management of adverse effects, Neonate of a mother with TB, Prevention of TB. Post-graduate course, in 50th Union world conference on lung health at Hyderabad, 30 October 2019, Hyderabad
42. Approach to a case of problematic or unresponsive asthma, 53rd Conference Indian College of Allergy Asthma and Applied Immunology 2019, National Institute of Tuberculosis and Respiratory Diseases (NITRD) at NITRD, 9 October 2019, New Delhi
43. Childhood TB management: National guidelines, Pediatric Update, IAP Allahabad and Department of Pediatrics, MLN Medical College, Allahabad, 10 Novemebr 2019, Allahabad
44. Management of asthma in children, Pediatric Update, IAP Allahabad and Department of Pediatrics, MLN Medical College, Allahabad, 10 November 2019, Allahabad
45. Multi Drug resistant Tuberculosis, Fourth Annual meeting of Pediatric Research and Education Society of India (PRESIDE), Department of Pediatrics, Maulana Azad medical College and AIIMS, 23 November 2019, New Delhi
46. Management of Acute Bronchial Asthma (Current evidence based recommendation), Annual Conference of AIP Assam (ASPEDICON 2019), IAP Tinsukia, 29-30 November 2019, Tinsukia
47. How to improve diagnosis of Tuberculosis. Respiratory CME, Surat Pediatric Association, 26 January 2020, Surat
48. Pulmonary Function Test in Under five children, Respiratory CME, Surat Pediatric Association, 26 January 2020, Surat
49. Panel Discussion: Common Respiratory Problems. Respiratory CME, Surat Pediatric Association, 26 January 2020, Surat
50. TB Diagnostic Part 2 (Microbiology etc), Childhood TB Workshop North Regional TOT at India HabitatCenter, 9 February 2020, New Delhi
51. Treatment of Tuberculosis, Childhood TB Workshop North Regional TOT at India Habitat Center, 9 February 2020, New Delhi
52. Special conditions: HIV and TB and Neonate born to mother with TB, Childhood TB Workshop North Regional TOT at India Habitat Center, 9 February 2020, New Delhi
53. Case Discussion: HIV infection, Course in Clinical examination for Post Graduates (COCEP), University College of Medical Sciences, GTB Hospital, 16 February 2020, Delhi
54. CT Chest Part III: clinicradiological correlation. AIIMS Pediatric pulmonology and Intensive Care Course: Module 9. Organized by department of Pediatrics at AIIMS, 22-23 February 2020, New Delhi
55. How to make your paper worthy of publication?, 2nd IAP ResRCHcon organized by Department of Pediatrics, Lady Hardinge Medical College, 29 February and 1 March 2020, New Delhi

#### **Rakesh Lodha**

1. Resource Faculty for the workshop, Workshop on “Research writing and publishing in medicine”, 13-15 July 2019, National Academy of Medical Sciences, Bir Hospital, Kathmandu
2. Resource Faculty for the workshop, Workshop on “Art and Science of Writing a Paper”, 23- 24 September 2019, Indraprastha Apollo Hospital, Delhi

#### **Kana Ram Jat**

1. Primary Ciliary Dyskinesia, UP PEDIA RESPIRA 2019, 6-7 July 2019, Noida, UP
2. 60, Cystic fibrosis-Is it common in India?, UP PEDIA RESPIRA 2019, 6-7 July 2019, Noida, UP

3. Operational aspects: training of care giver, monitoring at home, visit by staff, use of social media etc, AIIMS Pediatric Pulmonology and Intensive care Course: Module VIII- Pulmonary rehabilitation, 20-21 July 2019, New Delhi

#### Ongoing

1. “Chemo to Cure (C TO C)” study of cancer survivorship, Rachna Seth, JIV DAYA foundation, 8 years, 2011-2021, Rs. 120 lakhs
2. A collaborative, multicenter, national study for newly diagnosed patients with acute lymphoblastic leukaemia, (ICiCle), Rachna Seth, National Cancer Grid & ICMR, 5 years, 2017-2022, Rs. 30 lakhs
3. A Phase 3, Randomised, Double blind, Placebo-controlled efficacy and safety study of Ataluren in patients with non sense mutation Duchenne Muscular Dystrophy and Open label extension, Sheffali Gulati, PTC Therapeutics, USA, 2 years, 2019-2020, 50 lakhs
4. A Randomized, double blind placebo controlled six month study to evaluate the efficacy, safety and tolerability of Sarizotan in patients with Rett syndrome with respiratory symptoms, Sheffali Gulati, Neuron Pharmaceuticals, Italy, 2 years, 2017-2020, Rs 42 lakhs
5. A Study for Evaluation of the performance of the stool Provenessing Kit Combined with Xpert MTB/RIF Ultra for Paediatrics TB Diagnosis, Rakesh Lodha, FIND, INDIA, 15 months, 2019-2020, Rs. 42.82 lakhs
6. Anti-complement factor H (FH) associated hemolytic uremic syndrome (HUS) in children: Immunological and genetic basis, and functional characterization of autoantibodies, Aditi Sinha, DST, 3 years, 2017-2020, Rs 68.21 lakhs
7. Autoantibody associated alternative complement pathway dysregulation in nephrotic syndrome secondary to membranoproliferative glomerulonephritis, Pankaj Hari, DBT, 3 years, 2017-2019
8. Biomarkers of Acute Gastrointestinal Injury in Critically ill Children, Rakesh Lodha, ICMR, 2 years, 2019-2021, Rs. 55.84 lakhs
9. Breakpoint Mapping of Apparently Balanced Chromosome Rearrangements Associated with Clinical Phenotypes, Rashmi Shukla, AIIMS, 2 Years, 2019-2021, 10 lakhs
10. Burden of multidrug-resistant neonatal sepsis in district hospital settings in India, M Jeeva Sankar, BMGF, US, 2 ½ Year, 2019-2021, USD 12,43,286
11. Center for advance research in Pediatric Respiratory Diseases. ICMR, 2018-2023. Rakesh Lodha, Kanaram Jat, Jhuma Sankar, Rs 620 lakhs Projects as follows (i) Capacity building for management of chronic respiratory disorders in children. (ii) Cystic Fibrosis in India: Prevalence, Mutation Profile and Development of Registry (iii) Interstitial lung disease in children (iv) Point of care testing for Primary Ciliary Dyskinesia in Children.
12. Center of Excellence & Advanced Research on Childhood Neurodevelopmental disorders with its projects in 5 thrust areas, Sheffali Gulati, GIA (supported by MOHFW) and IIFCL (as part of its CSR), 5 years, 2017-2022, Rs 1130 lakhs
13. Comparison of dried blood spots and plasma samples for the quantification of amino acid using HPLC method among inborn error of amino acid metabolism patients, Pallavi Mishra, AIIMS, 2 Years, 2019-2020, 10 lakhs
14. COMPASS: Communication-focused parent-mediated treatment for Autism Spectrum Disorder in South Asia trial (University of Manchester and Sangath), Sheffali Gulati, MRC, UK, 4 years, 2018-2022, Rs 1120 lakhs
15. Comprehensive evaluation of underlying molecular mechanisms of severe fetal and neonatal Mendelian developmental defects using whole exome sequencing, Neerja Gupta, Madhulika Kabra, DHR, 2 years, 2018-2020, Rs 49.3 lakhs
16. Contribution of Copy Number and Sequence Variants in Cilia and Sonic Hedgehog Pathway Genes in the Formation of AVSD in Down Syndrome, Rashmi Shukla, ICMR, 3 years, 2019-2022, 65 lakhs
17. **Deciphering idiopathic intellectual disability (DIID) through Next Generation Sequencing (DIID-NGS study)**, Neerja Gupta, Madhulika Kabra, DBT, 3 years, 2018-2021, Rs 86.81 lakhs
18. Deciphering molecular pathogenesis and clinical spectrum of Isolated Lateralized Overgrowth/ Isolated Hemihyperplasia, Madhumita Roy Chowdhury, AIIMS, 2 years, 2018-2020, Rs. 10 lakhs
19. Dengue Infection in India, SK Kabra, NIH, 5 years, 2015-2020, Rs. 90 lakhs
20. Dengue Virus Infection In India, Rakesh Lodha, NIH, USA, 5 year, 2015-2021, Rs 210 lakhs
21. Detection of circulating cell free micro RNA in the blood sample of neuroblastoma patients and its clinical correlation, Aditya K Gupta, AIIMS, 2 years, 2020-2022, Rs 10 lakhs
22. Detection of genetic mutations profile of Primary Ciliary Dyskinesia and correlation of mutation with clinical phenotype in Indian Children, Kana Ram Jat, DBT, New Delhi, 3 years, 2018-2021, Rs 30.86 lakhs
23. Developing reinforcement based AI model for improvising the predictive skills of individuals with autism, Sheffali Gulati, AIIMS–IIT Delhi Collaborative Research Project, 1 year, 2019-2020, Rs 5 lakhs

24. Development of a high throughput genome editing pipeline based on based on an orthologous CRISPER/Cas9 system (FnCas9) and its application in the generation of 3D organoides for disease modelling and correction In collaboration with IGIB, Madhulika Kabra, Neerja Gupta, Madhumita Roy Chowdhury, DBT, 2 years, 2019-2021, Rs 120 lakhs
25. Early Detection of Sepsis in Paediatric Intensive Care Units through Integration of Clinical and Big Data, Rakesh Lodha, Wellcome Trust –DBT, 5 years, 2015-2020, Rs. 196 lakhs
26. Efficacy of Metformin in reduction of hepatic fat fraction and insulin resistance in overweight adolescents with NAFLD: an RCT, Vandana Jain, ICMR, 3 yrs, 2018-21, Rs. 59.2 lakhs
27. Establishing a biorepository& registry for patients with hemolytic uremic syndrome, Arvind Bagga, ICMR, 5 years, 2017-2022,
28. Evaluation of geno-phenome of Indian patients with skeletal dysplasia using comprehensive genomic evaluation and translational bioinformatics, Neerja Gupta, Madhulika Kabra, ICMR, 3 years, 2019-2022, 57 lakhs
29. Evaluation of read through compounds for nonsense suppression of ATM mutations in Indian patients, Rashmi Shukla, ICMR, 3 years, 2019-2022, 45 lakhs
30. Ex vivo Correction of ATM Splice Variants Using Antisense Oligonucleotides, Rashmi Shukla, (SRF Fellowship awarded to Ms Akhila Sankar), ICMR, 3 years, 2019-2022, 16 lakhs
31. Formulating & disseminating evidence-based guidelines for diagnosis & therapy of childhood renal illnesses, Arvind Bagga, ICMR, 5 years, 2017-2022,
32. Human B Cell responses and receptor repertoire in dengue patients from India, Rakesh Lodha, DBT, 2 years, 2019-2021, Rs. 46.6 lakhs
33. ICMR Registry for Rare and other inherited disorders, Madhulika Kabra, Neerja Gupta ICMR, 6 years, 2019-2025, Rs 109 lakhs
34. Integrated molecular biology of biological markers: Role of copy number alterations of genes in Indian Childhood B Lineage Acute Lymphoblastic Leukemia, Nivedita, Rachna Seth, UGC women Scientist Fellowship, 5 years, 2018-2022, Rs. 40 lakhs
35. Longitudinal Big-Data Mining for Prediction and precision in Critical care Medicine, Rakesh Lodha, DST, 2 year, 2018-2020, Rs. 35.74 lakhs
36. Mobile app based Augmentative and Alternative Communication based intervention in Children with ASD, Sheffali Gulati, AIIMS UG Research mentorship Scheme, 2 years, 2019-2021, Rs 2 lakhs
37. Molecular alterations in childhood acute lymphoblastic leukemia (ALL): Role of Cytokine receptor –like F actor-2 (*CRLF2*) rearrangements and Janus kinase (JAK) mutation, Rachna Seth, ICMR, 3 years, 2015-2019, Rs. 38 lakhs
38. Molecular evaluation of gene copy number variations and mutation profile in pediatric Acute Myeloid Leukemia (AML) patients and its association with disease prognosis, Jagdish Prasad Meena, AIIMS, 2 years, 2018-2020, Rs 4.76 lakhs per year
39. Multicenter randomized double blind placebo controlled trial to evaluate the effects of intra erythrocyte dexamethasone sodium phosphate on neurological symptoms in patients with Ataxia Telangiectasia, Sheffali Gulati, Ery Del, S.p.A, Italy, 2 years, 2018-2020, 72 lakhs
40. Multi-system health outcomes (neurodevelopment, growth, respiratory, cardiac, metabolic and renal) of extremely preterm (<28 weeks OR <1000 g) at 2-5 years of age, Anu Sachdeva, AIIMS, 1 year, 2019-2020, Rs. 5 lakhs
41. NeoAMR Global Neonatal Sepsis Observational Study (NeoOBS): a prospective cohort study of sepsis in hospitalized neonates, Ramesh Agarwal, DNDi and GARDP, Swaziland, 1 ½ year, 2018-2020, Rs 151.35 lakhs
42. NeoAMR Global Neonatal Sepsis Observational Study (NeoOBS): a prospective cohort study of sepsis in hospitalized neonates, Ramesh Agarwal, ICMR, 1 ½ year, 2018-2020, Rs 102.46
43. Noninvasive markers of injury in celiac disease, Rohan Malik, AIIMS, 2 years, 2019-2020, Rs 10 lakhs
44. Open label, randomized, controlled trial to compare the efficacy of daily therapy with low dose prednisolone vs. standard therapy on alternate days in patients with frequently relapsing or steroid dependent nephrotic syndrome, Arvind Bagga, ICMR, 5 years, 2017-2022,
45. Optimizing insulin and diet regimes for children with type 1 diabetes in low resource settings, Vandana Jain, Department of Health Research, 2.5 yrs, 2017-20, Rs. 25 lakhs
46. Pediatric Renal Biology Program: Research on nephrotic syndrome, Arvind Bagga, DBT, 5 years, 2016-2021, Rs 800 lakhs
47. Pilot study of genetic variations among Indian children with vesicoureteral reflux, Pankaj Hari, ICMR, 5 years, 2017-2022,
48. Prevalence of mycoplasma and chlamydia infection in children with poorly controlled asthma, Kana Ram Jat,

- AIIMS, 2 years, 2019-2021, Rs 9.8 lakhs
49. Pro-Adrenomedullin as a Novel Biomarker for Predicting Infections and Response to Antimicrobial Therapy in Febrile Neutropenic Children with Cancer and its Comparison to Procalcitonin, Jagdish Prasad Meena, DST, 3 years, 2020-2023, Rs. 42.18 lakhs
  50. Procalcitonin guided antibiotic therapy in children, Jhuma Sankar, ICMR, 3 years, 2019-2021, Rs. 81 lakhs
  51. ICMR Advanced Centre for Research in Pediatric Kidney Diseases, Arvind Bagga, ICMR, 5 years, 2017-2022, Rs 160.95 lakhs
  52. Randomized open labeled controlled trial to compare the efficacy and safety of levamisole versus long term alternate days steroids made daily during infection, in patients with frequently relapsing steroid sensitive nephrotic syndrome, Arvind Bagga, ICMR, 5 years, 2017-2022
  53. Randomized, multicentric, open label, parallel group trial to compare the efficacy of 6-months versus 3-months therapy with prednisolone for the first episode of idiopathic nephrotic syndrome in children younger than 4 years, Arvind Bagga, DBT, 5 years, 2016-2021,
  54. Respiratory Complications of Primary and Acquired Immunodeficiency Disorders in children, SK Kabra, ICMR, 5 years, 2018-2022, Rs 600 lakhs
  55. Serum and urinary microRNAs as biomarkers of renal histology and response to therapy in children with steroid resistant nephrotic syndrome, Arvind Bagga, DBT, 5 years, 2016-2019
  56. Serum matrix metalloproteinase- 9: A potential biomarker for predicting calcification and epilepsy in Neurocysticercosis; a longitudinal observational study, Biswaroop Chakrabarty, AIIMS, 3 years, 2016-2019, Rs 5 lakhs
  57. Serum sICAM5 and MP9/TIMP1 Ratio: Potential Predictors Of Disease Activity In Children With Encephalopathy With Electrical Status In Sleep (ESES) Syndrome, Prashant Jauhari, AIIMS, 2 years, 2017-2019, Rs 5 lakhs
  58. Signs of shock in children, Jhuma Sankar, DST, 3 years, 2019-2021, Rs. 35 lakhs
  59. Systematic Pulmonary Tuberculosis Case finding among severely malnourished children admitted to nutritional rehabilitation centres. SK Kabra, ICMR, 2 years, 2018-2020, Rs 14.2 lakhs
  60. To compare efficacy and safety of Melatonin and Triclofos in inducing sleep in children posted for sleep deprived sleep EEG: A double blind, parallel design, randomised clinical trial, Prashant Jauhari, Undergraduate research mentorship scheme AIIMS, 2 years, 2020-2021, Rs 1.1 lakhs
  61. To determine the role of Ikzf1 gene and various IKAROS isoforms in pathogenesis of B cell acute lymphoblastic leukemia (BALL) in Indian pediatric population, Kakali Purkayastha, Rachna Seth, DBT under BIOCARE grant, 3 years, 2018-2020, Rs. 60 lakhs
  62. To establish the comprehensive lactation management centre (CLMC) to universalize access and uptake of human milk for babies to improve neonatal outcomes, Kajal Jain, CHRI, India, 3 years, 2018-2021, Rs. 18.31 lakhs and equipment for CLMC
  63. To evaluate the efficacy of oral probiotic supplementation in children with Autism Spectrum Disorders (ASDs): A randomized double blind, placebo controlled Trial, Sheffali Gulati, ICMR, 2 years, 2019-2021, Rs 33.32 lakhs
  64. To explore the role of synovial fluid proteomics in predicting the disease course and subtypes of Juvenile Idiopathic Arthritis, NK Bagri, ICMR, 3 years, 2019-2021, Rs. 42.12 lakhs
  65. To provide technical support to sustain the regional learning platform for improving quality of care, Prof. Ashok Deorari, WHO, 1 year, 2020-2021, 34.44 lakhs
  66. Training of Clinicians cum Creation of Genetic Diagnostic unit' in Human Genetics with an Aspirational District component, under Unique Methods of Management and treatment of Inherited Disorders (UMMID) initiative. Madhulika Kabra, Neerja Gupta, DBT, 3 years, 2019-2022, Rs 400 lakhs
  67. Translation Research Consortium for establishing platform Technologies to support Prophylactic and Therapeutic Strategies for Dengue Discovery to Proof-of-Concept, Rakesh Lodha, BIRAC, DBT, 4 years, 2019-2023, Rs. 161.68 lakhs
  68. Understanding disease biology and diagnosis of bacterial sepsis in hospitalized neonates: A multi- centre study, Ramesh Agarwal, DBT, India, 5 years, 2015-2020, Rs. 209.12 lakhs
  69. Use of Biomarkers and Imaging for early detection and treatment of chemotherapy induced cardio toxicity in newly diagnosed children of acute leukemia, Rachna Seth, ICMR, 3 years, 2019-2022, Rs. 70.68 lakhs
  70. WHO guidelines on postnatal care of the mother and the newborn, M Jeeva Sankar, WHO, 4 Months, 2019-2020, Rs. 7.14 lakhs
  71. Whole exome sequencing in patients with non-diarrheal & non-autoimmune form of hemolytic uremic syndrome, Arvind Bagga, ICMR, 5 years, 2017-2022,

## Completed

1. APW on Quality Assurance & Quality Improvement for Birth Defects surveillance in SEAR, Madhulika Kabra, WHO, 1 year, 2019-2020, Rs 12 lakhs
2. Balanced salt versus normal saline in initial fluid resuscitation in septic shock, Jhuma Sankar, DST, 3 years, 2017-2019, Rs 71 lakhs
3. Blood heavy metal levels and quantitative EEG correlates in children with autism, Sheffali Gulati, ICMR, 4.5 years, 2014-2019, Rs. 49.04 lakhs
4. Developing guidelines on complementary feeding for preterm babies <34 weeks of gestation, M Jeeva Sankar, ICMR, 1 year, 2018-2019, Rs. 9.51 lakhs
5. Development & validation of a scalable mobile platform for screening of developmental neuropsychiatric disorders in low-resource settings: START-Screening Tools for Autism Risk using Technology (MRC Foundation Award Scheme, UK), Sheffali Gulati, MRC, UK, 2 years, 2017-2019, Rs. 4.8 lakhs
6. Does the fetal immune response in case of neonatal early onset sepsis begin in utero?, Kajal, AIIMS, 2 years, 2017-2019, Rs. 9.5 lakhs
7. Effect of outdoor air pollution on acute respiratory symptoms in Delhi: A multisite study. Technical coordinator site. SK Kabra, ICMR, 2 years, 2017-2019, Rs. 56.21 lakhs
8. Effect of Rituximab added to standard chemotherapy therapy on minimal residual disease during induction in CD-20 positive pediatric acute lymphoblastic leukemia: a randomized controlled pilot study, Aditya Kumar Gupta, AIIMS, 1 year, 2018-2019, Rs. 3.5 lakhs
9. Efficacy and safety of vitamin D supplementation in asthmatic children who are vitamin D deficient: a randomized controlled trial (ESDAC trial), Kana Ram Jat, ICMR, 2 years, 2017-2019, Rs 34.88 lakhs
10. Efficacy of a family based comprehensive yoga program for weight reduction among overweight children and adolescents: An RCT, Vandana Jain, Ministry of Ayush, 3 years, 2016-2019, Rs 51.6 lakhs
11. Evaluating the efficacy and safety of an innovative and affordable Goat Lung Surfactant for the treatment of respiratory distress syndrome in preterm neonates: a multi-site randomized clinical trial, Ramesh Agarwal, Wellcome Trust, UK, 3 ½ years, 2016-2019, Rs. 1008.63 lakhs
12. Facilitation of research on neonatal sepsis and antimicrobial resistance in LMICs: A collaboration with GARDP/DNDi, Ramesh Agarwal, Drug for Neglected Disease initiative (DNDi), 1 year, 2018-2019, Rs. 45.78 lakhs
13. Honey versus standard treatment for bed sores in critically ill children, Jhuma Sankar, World Federation of Pediatric Intensive and Critical Care-HARD grant, 1 year, 2017-2018, Rs. 6.5 lakhs
14. Improving diagnosis and management of inherited rare disorders of sex development in India, Vandana Jain, ICMR, Delhi and BMBF, Germany, 2.5 years, 2017-2019, Rs. 47 lakhs
15. Integrate quality improvement training in preterm newborn care package and pre-service education, Ashok Deorari, WHO, 1 year, 2018-2019, Rs. 33.56 lakhs
16. Intermittent versus continuous ScvO2 monitoring in children with septic shock, Jhuma Sankar, AIIMS, 3 years, 2015-2018, 8 lakhs
17. International study on atypical hemolytic uremic syndrome, Arvind Bagga, CEFIPRA (DST), 3 years, 2016-2019, Rs. 12.25 lakhs
18. Minimally invasive autopsy (MIA) in the evaluation of fetal malformations and still births- A feasibility study for the development of a standard protocol for still birth evaluation, Neerja Gupta, Madhulika Kabra, ICMR, 3 years, 2017-2020, Rs 29.59 lakhs
19. Multiplex point-of-Care test for acute febrile illness (mPOCT). Rakesh Lodha, THSTI, 2 years, 2017-2019, Rs. 32 lakhs
20. Pharmacokinetics of Second-Line Anti-Tubercular Drugs in Children. Rakesh Lodha, DHR, 2 years, 2017-2019, Rs. 24.58 lakhs
21. Predicting Response to Methotrexate In Children With Juvenile Idiopathic Arthritis: Role Of Biomarkers, AIIMS, 2016-2018, 2 years, Rs. 4 lakhs
22. Prenatal screening initiative by dried blood spots: role for triaging and resource utilization, Neerja Gupta, Madhulika Kabra, DBT, 3 years, 2016-2019, 17.86 lakhs
23. Reducing retinopathy of prematurity by improving the quality of neonatal care in special care neonatal unit, Ashok Deorari, PHFI, 3 ½ years, 2016-2019, Rs 114.03 lakhs
24. Validation and Indian Adaptation of the adapted ASQ-3 (Ages and Stages Questionnaire) as a developmental screening tool as compared to reference standard tool (DASII-Developmental Assessment Scale for Indian Infants) in at risk Indian children 2 to 24 months of age, Sheffali Gulati, ICMR, 2 years, 2017-2019, Rs 19.01 lakhs

## Departmental projects

### Ongoing

1. Safety of Procalcitonin Guided Discontinuation of Antibiotic Therapy among Children Receiving Cancer Chemotherapy and Having Low Risk Febrile Neutropenia – A Randomized Non-Inferiority Trial (ProFenC study)
2. A pilot study on the causal relationship of gastro-esophageal reflux and obstructive adenoid or adeno-tonsillar hypertrophy in paediatric population, Functional outcomes of children with severe sepsis, To develop algorithm for diagnosis of cystic fibrosis in resource limited setting using clinical features, lab tests and aquagenic wrinkling of palms
3. A Randomized Sham Controlled Trial Of Targeted Low Frequency rTMS Therapy In Childhood And Adolescent Focal Onset Refractory Epilepsy.
4. Assessment of dysregulated adipokines in survivors of acute lymphoblastic leukemia
5. Association of *IKZF1* gene alterations and *Cytokine Receptor Like Factor 2 (CRLF2)* expression with prognostic markers at presentation and response to induction chemotherapy in Indian children with Acute Lymphoblastic Leukemia (ALL)
6. Azithromycin for poorly controlled asthma in children: a randomized controlled trial.
7. Body composition (Fat mass and fat free mass) in preterm (28-34 week) Very low birth weight (<1500 g) infants fed unfortified breast milk compared to fortified breast milk: A Randomized controlled trial
8. Body composition in preterm newborns at birth and in early infancy by air displacement plethysmography: A longitudinal study
9. Body composition monitoring in patients on hemodialysis
10. Characterization of the immune response of HIV 1 infected children
11. Childhood and Adolescent Sleep Awareness in Caregivers and Health care Professionals: a Community and Hospital Based Survey
12. Clinical and Molecular Characterization of Congenital Limb Defects Using Genomic Approaches
13. Comparison of oxidative biomarkers between Autism Spectrum Disorders and Typically Developing children between 2 – 18 years of age
14. Cortical excitability in children aged 5 to 12 years with Electrical Status Epilepticus in Sleep (ESES) compared to non-epileptic healthy children using Transcranial Magnetic Stimulation.
15. Development and validation of a prediction model based on machine learning for early recognition of multi-drug resistance in newborns with sepsis admitted in a tertiary health centre
16. Development and Validation of a Weight Estimation Tool for Acutely Ill Children Who Cannot be weighed.
17. Devising A Formula For The Insertion Length of Peripherally Inserted Central Catheter (PICC) In Indian Newborns – A Prospective Observational Study
18. Diagnostic and treatment gap in Neurodevelopmental Disorders in children aged 1 month to 18 years: An observational study
19. DTI, fMRI and qEEG correlates of cognition and behaviour in children and adolescents with well controlled non-lesional epilepsy: An observational study.
20. Early versus delayed initiation of parenteral nutrition in critically ill children
21. Effect of visual inspection based abdominal monitoring vs routine prefeed abdominal girth monitoring on time to reach full enteral feeds in preterm neonates ( $\leq 32$  weeks' gestation) - A randomized controlled trial
22. Efficacy and safety of intravenous rituximab versus tacrolimus for frequently relapsing nephrotic syndrome
23. Efficacy and safety of olanzapine as an add on therapy in children receiving highly emetogenic chemotherapy. A randomized double blind placebo controlled study
24. Efficacy of intravenous rituximab versus oral mycophenolate mofetil in sustaining remission in steroid resistant nephrotic syndrome maintained on calcineurin inhibitors for more than 2-years: Open-label non-inferiority randomized controlled trial
25. Efficacy of Pulse Dexamethasone in addition to standard therapy versus standard therapy alone in children with Juvenile Idiopathic Arthritis: A double blind randomized controlled trial
26. Estimating the prevalence of sensory processing abnormalities in children aged 3-15 years with cerebral palsy using the sensory profile caregiver questionnaire 2: a cross sectional observational study.
27. Evaluation of diaphragm function of ventilated children using bed side ultrasonography
28. Evaluation of HIV-1 subtype C Envelop in infected children
29. Evaluation of repetitive Transcranial Magnetic Stimulation as an adjunct to modified Constraint Induced Movement

Therapy in improving Upper Limb Function in Children with Hemiparetic Cerebral palsy aged 5-18 years - A Randomized Controlled Trial.

30. Evaluation of trisaccharide BM-652 as a potential biomarker in serum of ERT naive patients with MPS I and MPS II aged 6 months-18 years”
31. Fat gain trajectory from birth to 6 months in healthy infants, and its effect on serum insulin, IGF-1 and adiponectin at 2 years of age
32. Feasibility and efficacy of sustained low efficiency dialysis in critically ill children with severe acute kidney injury
33. Feasibility, effectiveness and sustainability of the implementation of —facility-team-driven approach for improving the quality of care in the Special Newborn Care Unit in South India
34. Furosemide stress test in predicting progression to acute kidney injury (AKI) stage III in children admitted to the ICU with early stages of AKI
35. Gastrointestinal dysfunction in children with septic shock (DM thesis)
36. Incidence and determinants of outcome of neutropenic enterocolitis in pediatric cancer patients
37. Ketamine Mouthwash versus Placebo in the Treatment of Severe Oral Mucositis Pain in Children with Cancer; A randomized double-blind Placebo-controlled trial
38. Long-term safety of rituximab therapy in children with NS: Prevalence of human anti-chimeric antibodies (HACA), hypogammaglobulinemia and BK and JC viruria
39. Molecular detection and characterization of Rickettsia among patients with acute febrile illness.
40. Molecular detection and characterization of Tick born Lyme Borreliosis, Human Monocytic Ehrlichiosis and Human granulocytic Anaplasmosis
41. Neurological outcomes in critically ill children (MD thesis)
42. Neutropenic Diet vs Standard Indian diet in reducing the incidence of febrile neutropenia following chemotherapy in pediatric oncology patients: A Randomized controlled Trial
43. Norepinephrine versus epinephrine in children with septic shock (DM thesis)
44. Optimal EEG duration in children and adolescents with seizures: An observational study
45. Performance of two visual methods of assessment of neonatal jaundice- Kramer’s and Modified Kramer’s method in healthy term and near term neonates
46. Predictors of outcomes in Juvenile Dermatomyositis: a cross-sectional study (Institute UG research grant)
47. Prevalence of acute gastrointestinal injury in critically ill children, Changes in muscle thickness and muscle echogenicity in critically ill children during their initial 7 days’ stay in PICU: an observational study
48. Prevalence of microdeletions in NF1 gene and evaluation of phenotypic spectrum of patients with Neurofibromatosis Type 1
49. Pulmonary dysfunction in childhood Hodgkin lymphoma survivors
50. Pulmonary dysfunction in Hodgkin Lymphoma survivors
51. Remediating Indian school going children having Specific learning disorder with Dyslexia using Artificial Intelligence based structured intervention program: A longitudinal intervention study.
52. Respiratory complications in primary and acquired immunodeficiency disorders in children
53. Role of Intestinal Fatty Acid binding protein and Citrulline in the diagnosis of Celiac disease and evaluation of Compliance on follow up
54. Short term efficacy and safety of atorvastatin for treatment of dyslipidemia in children with chronic kidney disease
55. Study Of Bacterial Infections in a cohort of patients clinically diagnosed Of *Pneumocystis Jirovecii* Pneumonia (Pjp)/ *Pneumocystis* Pneumonia (Pcp) and its impact on outcome of the disease.
56. The Incidence and Risk Factors for Occurrence of Acute Kidney Injury in Newly Diagnosed Pediatric Patients with Acute Lymphoblastic Leukemia receiving High Dose Methotrexate
57. To study changes in muscle thickness and muscle echogenicity in critically ill children, aged 1-18 years during their initial 7 day stay in picu: an observational study
58. To study the infant pulmonary function tests (IPFT) in children with airway anomalies and to correlate these with bronchoscopy finding.
59. To study the prevalence and the risk factors of psychiatric morbidities and sleep disturbances in pediatric Acute lymphoblastic leukemia survivors
60. To study the prevalence of dosage anomalies at 22q11 locus and Evaluate the phenotypic spectrum of facio-auriculo-ocular spectrum disorders

## **Completed**

1. “Simulation-based” education vs. “conventional” education in improving the practices and knowledge of health care professionals for stabilization of a preterm neonate in delivery room: A randomized trial
2. A cross-sectional observation study to assess the prevalence of renal dysfunction in children with solitary functioning kidney
3. A pilot study of the genetic variation among Indian children with vesicoureteral reflux
4. A Study on clinical profile and outcome of Chronic pulmonary aspergillosis patients attending speciality clinic in tertiary hospital in North India
5. Association of IKZF-1 gene alterations & Cytokine Receptor like Factor 2 (CRLF2) expression with prognostic markers at presentation & response to induction chemotherapy in Indian children with Acute Lymphoblastic Leukemia (ALL)
6. Body composition of healthy term neonates at birth by air displacement plethysmography
7. Cardiovascular outcomes in renal transplant recipients
8. Characterization of bone marrow involvement in pediatric Hodgkin lymphoma using 18F-FDG PET/CT and its comparison with blind bone marrow biopsy
9. Comparison of Efficacy of Low Glycemic Index Therapy and Modified Atkins Diet among Children with Drug Resistant Epilepsy: A Randomized Non-Inferiority Trial
10. Comparison of performance of two point-of-care glucose meters in detection of hypoglycemia among at risk neonates
11. Comparison of symptom severity as per AIIMS Modified INDT-ADHD tool with Conner’s Parent reported scale in 6-18 year old children and adolescents with ADHD
12. Comparison of three different methods of orotracheal tube length estimation in neonates: A postmortem study
13. Correlation of cord blood and breast milk IGF-1 levels with neonatal adiposity in infants born to mothers with gestational diabetes mellitus - A prospective cohort study
14. Cystic kidney disease in infants and children: clinical spectrum and ultrasound findings
15. Decreasing administration of first dose of antibiotics is associated with increased mortality in children with septic shock
16. Developing a counselling package for the mothers and the families for care of low birth babies between 1800 gm to 2499 gm
17. Developing a structured remedial intervention program for Indian school going children having Specific learning disorder with Dyslexia: A longitudinal intervention study
18. Development and Validation of a Questionnaire based tool to identify sleep problems in school going children and adolescents aged 2-18 years
19. Diagnostic accuracy of predictive algorithms in detecting retinopathy of prematurity
20. Efficacy of two different chlorhexidine gluconate preparations for skin antisepsis in neonates: a non-inferiority randomized trial
21. Etiological evaluation of nonimmune hydrops fetalis (NIHF)
22. Evaluation of metabolic abnormalities in children with nephrolithiasis
23. Evaluation of molecular alterations at 11p15.5 locus in Isolated Hemihyperplasia
24. Fentanyl versus ketamine for analgesia during laser treatment for retinopathy of prematurity (ROP) in preterm infants an interventional case series study
25. Fortification of expressed breast milk with preterm formula powder vs. human milk fortifier in preterm very low birth weight neonates: A randomized, non-inferiority trial
26. Functional characterization of anti-factor H autoantibodies in patients with hemolytic uremic syndrome
27. Incidence and risk factors of periventricular - intraventricular hemorrhage and periventricular leukomalacia in preterm neonates born before 32 weeks’ gestation or with birthweight less than 1500 gm: A Prospective cohort study
28. Inter-observer agreement between Primary Care Physicians and Pediatric Neurologists in classifying epilepsy among children aged one month to 18 years using AIIMS modified INDT EPI Tool according to ILAE 2017 classification scheme
29. Molecular & biochemical characterization of Hepatic Glycogenosis Type I & II
30. Mutation spectrum in TSC gene in Indian patients with Tuberous sclerosis
31. National Knowledge and training centre for neurodevelopment disorder affecting infants, children and adolescents from 1 month to 18 years of age and work on up gradation, developing innovations for website [www.pedneuroaiims.com](http://www.pedneuroaiims.com).

org ; developing e-learning modules, mobile apps and operationalizing interactive forum on the website ( UG Summer Fellowship: 2 students)

32. Plasma PCSK9 in children with steroid resistant nephrotic syndrome
33. Polyneuropathy in Critically Ill Mechanically Ventilated Children
34. Prevalence and Risk factors of ABPA in children with poorly controlled asthma
35. Prevalence of Non Alcoholic Fatty Liver Disease (NAFLD) in Children with Down Syndrome
36. Prevalence of sleep disordered breathing in Asthmatic children
37. Quality improvement initiative to promote potentially best practices in the first week of life in preterm neonates <32 weeks gestation: focus on prevention of bronchopulmonary dysplasia
38. Risk factors for mortality in children with severe dehydration and shock (completed)
39. Risk factors for sepsis induced myocardial dysfunction
40. Sepsis -3 vs. Goldstein definition in diagnosis of septic shock
41. Spectrum of Neurological Manifestations In Indian Patients With Gaucher Disease - A Prospective Study
42. Study of hematocrit profile in term and preterm at-risk infants during the initial 48 hours of life: A prospective Cohort study
43. To evaluate efficacy of Sensory Integration Therapy (SIT) reinforced with standard therapy in improving gross motor function in spastic cerebral palsy children aged  $\geq 3$  to 12 years with GMFM level I-III with sensory processing abnormalities
44. To generate Ultrasound muscle-based parameters for evaluation of Hypotonia in children aged 1 month to 18 years
45. To Study The Behavioral Problems, Psychiatric Co Morbidities, And Cognitive Functioning, In Children And Adolescents With Bronchial Asthma
46. To study the mutation spectrum & its correlation with histopathology, neuroimaging & biochemical metabolites in Indian patients with mitochondrial disorders
47. Urinary metabolomic profile of term healthy male neonates from first 24 to 72 hours of life

## **Collaborative projects**

### ***Ongoing***

1. A comparative study to evaluate the efficacy of Ibedone in comparison with placebo in Leber's Hereditary optic Neuropathy patients- A pilot study, RP Centre
2. A Multi-center, Open labelled Trial to evaluate the sensitivity and specificity of DSM IV TR and DSM 5 in diagnosis of Autism Spectrum Disorder, 5 sites across India
3. A phase 2 double arm randomized trial comparing conventional radiotherapy alone Vs hypofractionated radiotherapy with concurrent and adjuvant temozolomide in patients with diffuse intrinsic pontine glioma, Radiotherapy
4. Anti-complement factor H (FH) associated hemolytic uremic syndrome (HUS) in children: Immunological and genetic basis, and functional characterization of autoantibodies, Institute of Genomics & Integrative Biology, New Delhi
5. Collaborative study for Relapsed/Refractory Hodgkin Lymphoma, Indian Pediatric Oncology Group (InPoG)
6. Community based assessment of disability among adult population in Delhi using WHO International Classification of Functioning, Community Ophthalmology
7. Cortical sources and connectivity in Autism spectrum disorder: A QEEG study, Physiology
8. Delhi Air Pollution: Health and Effects, University of Edinburgh, Informatics, University of Edinburgh, Cardiology, Imperial College, London, Institute of Occupational Medicine, Sri Ramachandra University, Chennai, Indian Institute of Technology Kanpur, Indian Institute of Technology Delhi, International Clinical Epidemiology Network, India, University College of Medical Sciences
9. Development of a high throughput genome editing pipeline based on based on an orthologous CRISPER/Cas9 system (FnCas9) and its application in the generation of 3D organoides for disease modelling and correction, IGIB, New Delhi
10. Efficacy, safety and tolerability of Modified Atkins Diet in Adolescents and Adults with Drug Resistance Epilepsy: A Randomized Controlled Trial, Neurology
11. Enhanced, personalized versus routine antenatal care in the amelioration of anemia in pregnancy in rural LMIC settings- the Comprehensive Anemia Program and Personalised Therapies (CAPPT) project, Obstetrics and Gynecology

12. Establishment of a genomic facility to develop, test and validate an informative, cost-effective and efficient panel of genetic markers for chronic pancreatitis, Gastroenterology
13. ICMR Young Diabetes registry, Endocrinology and Metabolism
14. Identification of novel driving tyrosine kinases in Indian pediatric Ph-like ALL, Lab Oncology
15. Impact of advanced paternal age and poor lifestyle on sperm epigenome: possible etiology in Autism Spectrum Disorder, Anatomy
16. Multicentric India left Task Force Project, CDER, AIIMS
17. Neurodevelopmental outcomes in children with cyanotic congenital heart disease following open heart surgery, Pediatric cardiology
18. Outcomes of primary Ranibizumab vs laser for treatment of zone 2 Type 1 ROP, Ophthalmology
19. Pain assessment in Childhood cancer assessment, College of Nursing
20. Pediatric Renal Biology Program: Research on nephrotic syndrome Institute of Genomics & Integrative Biology, New Delhi, Translational Health Sciences & Technology Institute, Govt. of India, Faridabad; Research and Referral Hospital, New Delhi, St. John's Medical College, Bengaluru, Christian medical College, Vellore
21. Pilot study of genetic variations among Indian children with vesicoureteral reflux, Institute of Genomics & Integrative Biology, New Delhi
22. Prospective Study to compare role of 18F-DOPA PET/CT and 131I-MIBG Scintigraphy in Neuroblastoma, Nuclear medicine
23. Role of FDG PET/CT in assessment of initial chemotherapy response in pediatric Langerhans cell histiocytosis, Nuclear medicine
24. Role of F-DOPA PET-CT in pediatric and adult patients with hyperinsulinemic hypoglycemia, Nuclear Medicine
25. The Indian Childhood Cancer Survivorship Study (C<sub>2</sub>S study), After treatment completion registry of childhood cancers: Multicentre study
26. Use of 'My Whole Child; Child Health and Development Interactive System', a web based platform for holistic evaluation and management of Indian children and adolescents upto 18 years of age; a tertiary centre pilot study, Chadis, USA
27. Utility of Contrast Enhanced Ultrasound (CEUS) and whole body MRI in response assessment in Juvenile Idiopathic arthritis, Radiodiagnosis
28. Whole exome sequencing in patients with non-diarrheal & non-autoimmune form of hemolytic uremic syndrome, Institute of Genomics & Integrative Biology, New Delhi

### ***Completed***

1. Comparative proteomic profiling of PBMC isolated from FRDA patients and that in presence of different frataxin up-regulating therapeutics, Biochemistry
2. Correlation of fetal soft tissue thickness measured sonographically with neonatal body composition, Obstetrics and Gynecology
3. Emotion Recognition and Social Behaviour in children with Autism Spectrum Disorder: A study of Behavioural and Phenotypic Linkage, IIT, Kanpur
4. Establishing objective measures for identifying children with Autism Spectrum Disorders using eye-tracking technology in the UK and India (EIRA: Eye-tracking assessment for children with Autism), Birkbeck, University of London
5. Imaging of Infantile Brachial Plexopathy, Radiology
6. Interim assessment response evaluation of high grade lymphoma using texture analysis on F18 FDG PET/CT, Nuclear Medicine
7. International study on atypical hemolytic uremic syndrome, Laboratoire d'Immunologie, Ho<sup>^</sup>pital Europe<sup>^</sup>en Georges Pompidou, INSERM UMRS 872, Paris, France
8. Molecular biology of immature T-acute lymphoblastic leukemia, Lab Oncology
9. Pattern of CYP3A5 & MDR-1 single nucleotide polymorphism & its impact on individualization of Tacrolimus based immunosuppression in living Renal Allograft recipient, Nephrology
10. Prenatal screening initiative by dried blood spots: role for triaging and resource utilization, MAMC, New Delhi
11. Prognostic and surgical outcomes of cataract surgery in paediatric uveitis, Ophthalmology
12. Study of bone mass in Asian Indian Newborns, Endocrinology
13. Surgical outcomes of sutureless clear corneal microincision vitrectomy surgery in end stage 5 ROP, Ophthalmology

14. The pathways to cure for Autism Spectrum Disorders, Public Health Foundation of India (PHFI), New Delhi
15. The pattern of visual impairment in spectrum of hypoxic ischemic encephalopathy, Department of Ophthalmology, RP Centre
16. Understanding and improving the nonverbal biomarkers of object perception in autistic subjects, IIT Delhi

## PUBLICATIONS

**Journals: 162 Abstracts: 44 Chapters in Books: 22 Books: 5**

## PATIENT CARE

Name of Service	New Cases	Old Cases	Total Attendance
Paediatric General OPD	32994	81124	114118
Pediatric Neurology Clinic (PNC)	888	5683	6571
Paediatric Neuromuscular disease	208	1375	1583
Pediatric Gastroenterology Hepatology and Nutrition (PGC)	244	1862	2106
Paediatric Well Baby Clinic	512	08	520
Paediatric High Risk Neonatology Clinic (HRC)	315	1723	2038
Pediatric Renal Nephrology Clinic (RMC)	455	3488	3943
Paediatric Chest Clinic (PCC)	400	3422	3822
Paediatric Tuberculosis Clinic	186	1174	1360
Paediatric Rheumatology Clinic (PRC)	452	2981	3433
Paediatric Genetics and Birth Defects Clinic	3317	1214	4531
Paediatric Genetic Antenatal cases	2477	144	2621
Paediatric Oncology Clinic	317	2341	2658
Pediatric Cancer Survivors' Clinic (PCSC)	177	1318	1495
Pediatric Endocrine and Metabolism Clinic (PEC)	141	1053	1194
Child Development Clinic (CDC)	1107	2480	3587
Neurocysticercosis clinic (NCC)	194	1119	1313
Autism Clinic	470	2510	2980
Pediatric Psychology Clinic	442	185	627
Pediatric Myopathy Clinic	461	1871	2332
Grand Total			

In addition, Cystic fibrosis and Paediatric HIV services were provided in Paediatric Chest Clinic.

Kangaroo Mother Care unit is run along with follow-up services of normal and at-risk neonates.

**Physiotherapy Services** were provided to the patients in various clinics (Neurology, Myopathy, Genetics, High risk, Endocrinology, Development, Chest, Rheumatology) and seeking general OPD services.

**Total physiotherapy sessions provided during 2019-2020: 4550**

### Indoor services

- Indoor services include admission facilities in general wards, day care facility, neonatal units (NICUs A and B), Kangaroo Mother Care unit and Pediatric Intensive care facility.
- The Department operationalized an 8-bedded **High Dependency Unit** in children ward to cater to child patients

with life-support and other special needs. A special training program for the nurses of the HDU was held.

- Children requiring short procedures or interventions are admitted for a day in the Day Care Unit situated in the C5 ward.

### Total indoor admissions

Long admissions in Paediatric wards: 2861

Admission in day care facility: 16,600

Patient admitted in PICU

Admissions in NICU A+B: 612

### Specialized investigations

#### Endocrinology

Body composition analysis by PEAPOD: 385

#### ECLIA tests

1. Human Growth Hormone: 645	2. Insulin: 150
3. Vitamin B12: 165	4. Folic acid: 165
5. Ferritin: 65	6. HBsAg: 70
7. HCV: 70	8. PCT: 650
9. FT <sub>4</sub> : 20	10. Vitamin D: 50
11. Cortisol: 30	

#### Gastroenterology

Diagnostic Gastroscopy: 700	Endoscopic variceal ligation and sclerotherapy: 300
Endoscopic glue injection: 5	Endoscopic hemoclip application: 2
Foreign body removal: 15	Percutaneous endoscopy gastrostomy: 5
Colonoscopy: 120	Liver biopsy: 55

#### Genetics

<b>Cytogenetics Lab:</b>	Peripheral and cord blood cultures 398
Amniotic fluid cultures 233	Chorionic villi cultures 20
QF-PCR 583	

#### Molecular Lab

##### Routine tests carried out:

1. Beta Thalassemia ( $\beta$  Thal) mutation analysis carried out in - 201 families  
Prenatal diagnosis for  $\beta$  Thal offered to – 81 families
2. Spinal Muscular atrophy (SMA) mutation analysis carried out in - 141 cases  
Prenatal diagnosis for SMA offered to – 14 families
3. Duchene Muscular dystrophy (DMD) mutation analysis carried out in - 347 families  
Prenatal diagnosis for DMD offered to – 22 families
4. Fragile X screening carried out in – 345 families
5. Cystic fibrosis molecular analysis carried out in – 104 cases  
Prenatal diagnosis for Cystic fibrosis offered to -05 families
6. Achondroplasia mutation analysis carried out in – 18 cases  
Prenatal diagnosis for Achondroplasia offered to - 03 families

7. Non-syndromic hearing loss (Connexin 26) screening carried out in – 24 cases  
Prenatal diagnosis for Connexin 26 offered to - 03 families
8. Sex Chromatin related abnormalities in – 42 cases
9. Albinism Screening carried out in – 01 case  
Prenatal diagnosis for Achondroplasia offered to - 02 families
10. RETT Syndrome analysis carried out in –31 cases  
Prenatal diagnosis for RETT syndrome offered to - 03 families

**Tests carried out on Research basis:**

1. Prenatal diagnosis for BWS offered to – 01 family
2. Megalencephalic leukoencephalopathy (MLC) mutation analysis carried out in –07 cases
3. Prenatal diagnosis for Mitochondrial mutation analysis carried out in – 02 cases
4. Prenatal diagnosis for MPS (MPS-I) offered to - 01 family
5. Prenatal diagnosis for GSD offered to - 01 family
6. Prenatal diagnosis for Krabbe Disease offered to – 01 family
7. Prenatal diagnosis for APERT offered to – 01 family
8. Prenatal diagnosis for GA offered to - 01 family

**Biochemical Genetics Lab:**

1. **Antenatal Screening: 1654**
  1. Triple Marker - 65
  2. Dual Marker – 1589
2. **Enzyme Assays for Inborn Error of Metabolism: 667** (including Chitotriosidase)
  - Gaucher Disease: 67
  - Neimenn pick disease: 55
  - Hurler (MPS-I): 22
  - Hunter (MPS-II): 20
  - Sanfilippo (MPS III B, C, D): 16
  - Morquio A (MPS-IVA): 22
  - Morquio B (MPS-IV B): 11
  - GM1 Gangliosidosis: 33
  - Metachromatic leukodystrophy: 43
  - MPS-VI: 14
  - MPS VII: 2
  - Tay-Sach's: 35
  - Sandoff disease: 5
  - Mucopolidosis: 6
  - Krabbe's: 35
  - Neuronal Ceroid Lipofuscinosis: 42
  - Pompe: 32
  - Biotinidase Deficiency: 57
  - Galactosemia: 48
3. **Biomarkers for LSDs**
  - Chitotriosidase: 102
  - Urinary GAGs: 74
4. **Prenatal Diagnosis of Lysosomal storage disorders**
  - Non Immune Hydrops: 17
  - Other Lysosomal Storage disorders: 17
  - Gaucher Disease: 3
  - GM2 Gangliosidosis: 3
  - GM1 Gangliosidosis: 2
  - MPS IVA: 2
  - Others: 7 (MLD, MPSI, MPSII, MPSVI, NPD, Krabbes, NCL)
5. **Small Molecule Inborn Errors of Metabolism**
  - Blood Ammonia: 149
  - TLC: 98
  - HPLC: 63

## 6. Urine Chemical tests

Small Molecules: 96

Large Molecule (MPS, Oligosaccharide): 15

### Neonatology

Invasive blood pressure monitoring: 110

Targeted neonatal echocardiography: 120

Targeted neonatal ultrasonography: 120

High frequency ventilation: 34

Inhaled nitric oxide: 14

Total parenteral nutrition: 100

AABR: 200

Therapeutic hypothermia: 7

Arterial blood gas analysis: 300

Point of care glucose estimation: 800

Hematocrit: 450

Total serum bilirubin: 600

Gram staining: 300

Laser therapy for ROP: 390

### Nephrology

#### Special tests and procedures

Kidney transplants in children	14
Hemodialysis	1535
Acute peritoneal dialysis (including automated peritoneal dialysis)	64
Continuous ambulatory peritoneal dialysis	163
Plasmapheresis sessions	677
Continuous renal replacement therapy	13
Sustained low efficiency dialysis	27
Temporary hemodialysis catheter placement (internal jugular, femoral)	85
Renal biopsies	133
Ambulatory blood pressure monitoring	340
Monitored infusions (albumin, cyclophosphamide, rituximab)	1481
ELISA for antibodies to complement factor H	334
Surface CD46 expression	56

### Neurology

Total number of procedures done

- 1) EEG – 2207, Video EEG – 1637, Ambulatory EEG – 132 (Total EEG – 4076)
- 2) NCS and EMG – 295
- 3) RNST - 25
- 4) PSG – 150
- 5) Day Care Procedures: Lumbar Puncture – 176, Skin biopsy – 33, Nerve biopsy – 7, Muscle biopsy – 70
- 6) Spinraza treatment to spinal muscular atrophy patients under SIPHAP (SPINRAZA INDIVIDUAL PATIENT HUMANITARIAN ACCESS PROGRAM)

Loading dose (4 doses fortnightly) given to SMA type 1- 2 patients: SMA type 2- 10 patients.

<b>Psychological and Developmental test</b>	
VSMS for SQ (for SQ, Cochlear Implant)	3600
Developmental Profile 3	4000
Childhood Behavior Checklist	6800
Malin's Intelligence Scale for Indian Children	4500
Wechsler Intelligence scale for children	40
House Tree Person test	1100
Developmental scale for Indian Infants (DASII)	570

Sensory Profile 2	280
DSM-5 for Autism Spectrum Disorder	1010
Childhood Autism Rating Scale	540
INCLIN tool for ASD	126
ISAA tool for ASD	126
DSM-5 for Attention Deficit Hyperactivity disorder	120
INCLIN tool ADHD	74
AIIMS modified tool for ADHD	74
CONNER's rating Scale for ADHD	95
Grade Level Assessment Device	300
NIMHANS battery for learning disorder	152
<b>Total Patients = 12,680</b>	
<b>Including ward and Emergency Patients: (13, 535)</b>	
<b>Intervention and Counseling</b>	
<b>Total Psychological intervention</b>	
Early stimulation therapy	1360
Behavioral Intervention	5600
Psychological & personality assessment using HTP (Functional)	740
Psychological counseling for Nocturnal Enuresis	65
Counseling for Tic disorder	52
Cognitive Behavior Therapy	1200
Parent's counseling in Ward	195
Parent's counseling in Emergency	35
<b>Certification</b>	
<b>Disability Certification</b>	
Patients evaluated for certification	<b>325</b>

### Oncology

S. No	Tests	Numbers
1	Pro BNP	175
3	URIC ACID	144
4	SGOT	84
5	SGPT	84
6	PHOSPHATE	24
7	MAGNESIUM	144
8	BILIRUBIN (DIRECT)	60
9	BILIRUBIN (TOTAL)	60
10	TROPONIN-I	175
11	TOTAL PROTEIN	24
12	ALBUMIN	24
13	CREATININE	24

14	UREA	24
15	POTASSIUM	24
16	Flowcytometry & MRD estimation for acute lymphoblastic leukemia	100
17	Hemogram I critical care lab	4000
18.	Bone marrow	700
19.	CSF/ITM	1100
20.	Biopsy	600
21.	PRP/PRBC transfusion	1200

### **Pulmonology, Intensive Care, Tuberculosis**

#### **Special lab tests**

1. High Speed Video Microscopy: 274
2. Transmission Electron Microscopy from nasal brush: 150
3. Mutations for PCD 150
4. Sweat chloride estimation: 631
5. Pediatric flexible bronchoscopy 321
6. EBUS (Endobronchial ultrasound) 43
7. Spirometry 1251
8. Infant PFT 368
9. Plethysmography 7
10. Impulse Oscillometry (IOS) 781
11. Fractional excretion of Nitric Oxide (FeNO): 671
12. Nasal Nitric Oxide (NO): 221
13. Total and specific IgE 192
14. Specific IgE against aspergillus 74
15. Specific IgG against aspegillus 71
16. Specific IgG against Lentil 12
17. Specific IgG against avian antigen 15
18. Exercise testing 72
19. 24 hours esophageal pH study 15
20. Cryo lung biopsy 2
21. Stool for Xpert ultra 36
22. Urine for LAM by fusiLAM 36
23. Rapid strip test for Dengue 101

#### **Rheumatology**

Telephonic services: 240

Collaborative Uvea-JIA clinic in partnership with Department of Ophthalmology (July 2019 Onwards) children screened: 430

Transitional care services in collaboration with Department of Rheumatology (transferred to adult care): 05

Intra-articular steroid (IACS) administrations & US guided IACS:

- Joints injected: 279
- USG guided IACS injections: 14
- Diagnostic arthrocentesis: 06
- Diagnostic Skin biopsy: 04

Administration of Biological agents for various rheumatic disorder: 41

#### **Senior physiotherapist**

Performed 98 cardio-pulmonary exercise testing in Pediatric Medicine OPD

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

### Students/ Research Staff

- 1) First position in Neuropedicon Neurology Quiz, 28 July 2019 (Dr Prabhjot Kaur and Dr Juhi Gupta)
- 2) Dr Priyanka Madaan won the 2019 International Scholarship Award for her thesis titled “Neurocognitive outcomes and their Diffusion Tensor Imaging (DTI) correlates in children with Mild Traumatic Brain Injury (mTBI)”

**Dr Rajni Sharma** delivered a talk at Doordarshan on “Hypothyroidism” on DD News Total Health Programme on 7 July 2019; took part in Public lecture and panel discussion on “Obesity: a growing epidemic” organized by Department of Medicine at AIIMS on 16 October 2019.

**Professor Madhulika Kabra** was invited by the WHO for an Expert group meeting on Genomic & Genetic Disorders at Pretoria South Africa; was appointed as a Co- Chair for the ICMR Rare Disease Task Force

**Dr Madhumita Roy Chowdhury** secured a First prize for poster presentation in the Clinical Research & Basic Sciences Category at Sixth Annual Conference of the Society for Indian Academy of Medical Genetics & Indo-US symposium on Genetic Neuromuscular Disorders organized by NIMS, Hyderabad & CDFD Hyderabad, from 21st to 23rd November 2019.

**Dr Rashmi Shukla** was awarded the Short Term ICMR-DHR International Fellowship for Senior Biomedical Scientists 2019-2020.

**Professor Ashok Deorari:** West Zone Neocon 2019 Oration ‘Innovative solutions to RMCHA education’; West Bengal state NNF Prof Bagchi Oration: “Quality of Care”; Dronacharya Award for the best teacher at CME Excellence Summit and Awards; Special mention award #mBillionth2019 for the preterm care App developed for Best Practices in Preterm “Do No Harm”.

**Professor Ramesh Agarwal** acted as the Guest Editor to a supplement to Journal of Perinatology entitled “Goat lung surfactant for treatment of respiratory distress syndrome in preterm neonates in India”.

**Dr M. Jeeva Sankar** was Coordinator of the “Basic Course in Bio-medical Research”, an online course for post-graduate medical students and faculty of the country; course approved by Board of Governors - in supersession of Medical Council of India and conducted by NIE, ICMR; Member of the Technical Expert Committee (TEC) on Maternal and Child Health – Developmental and Disease Biology, Department of Biotechnology, Government of India; Expert and Member of the Project Monitoring Committee (PMC) of the BIRAC-DBT-BMGF Grand Challenges India for reviewing the progress of research projects; Member of the Working Committee of the ‘Clinical Research Unit (CRU)’, AIIMS, New Delhi, which shall provide resources and services to advance clinical research in the institute; Member of the ‘First Level Screening Committee’ under Grant-in-aid scheme of Department of Health Research, Ministry of Health and Family Welfare (MoHFW), Government of India for reviewing the research proposals on Child Health; Member of the Guideline Development Group (GDG) of the World Health Organization in Maternal and Perinatal Health; Member of the Centre Core Committee (C3) for the Maternal and Child Health program of the Knowledge Integration and Translational (KnIT) Platform, supported by BIRAC, Department of Biotechnology, Government of India; Global and national collaborator to the ‘Global Burden of Diseases, Injuries, and Risk Factors Study (GBD)’ – the largest effort to measure epidemiological levels and trends of disease burden worldwide – for Health Metrics and Evaluation (IHME) at the University of Washington; Member of the Technical Group overseeing the conduct of the ‘Fellowship in Clinical Research Methodology and Evidence Based Medicine’ course at AIIMS, New Delhi; Member of the Expert Consultation Group on ‘STG Development Manual’ that facilitates development of Standard Treatment Guidelines for the MoHFW, Government of India; Member of Editorial Group of ‘NNF – Clinical Practice Guidelines 2019’; involved in hand-holding neonatologists across the country to help develop the guidelines.

**Dr Anu Sachdeva** was Member of the Consultation Group on ‘STG Development Manual’ that facilitates development of Standard Treatment Guidelines for the MoHFW, Government of India; Member of Writing Group of ‘NNF – Clinical Practice Guidelines 2019’.

**Professor Arvind Bagga** received International Pediatric Nephrology Association Education award, 2019; Secretary General of Asian Pediatric Nephrology Association; Assistant Secretary, International Pediatric Nephrology Association; Editor, Asian Journal of Pediatric Nephrology; Editor, Cochrane Kidney and Transplant Group; Editorial Board, Pediatric Nephrology; Indian Journal of Pediatrics; Pediatrics & Child Health; World J Pediatrics; Member, Pediatric Review Group, Indian Council of Medical Research; Research Advisory Committee: Department of Biotechnology, Government of India; and All India Institute of Medical Sciences.

**Professor Pankaj Hari** was Council Member from India, to International Pediatric Nephrology Association; Member, Best Practices & Standards Committee, International Pediatric Nephrology Association; Member, Editorial Board, Asian Journal of

Pediatric Nephrology, Indian Journal of Trauma and Emergency Pediatrics, Journal of Progress in Pediatric Urology, International Journal of Nephrology Urology; Reviewer for Clinical Journal of American Society of Nephrology, British Medical Journal (Open), Pediatric Nephrology, Nephron, Kidney and Blood Pressure Research, Acta Paediatrica, Renal failure, Indian Pediatrics.

**Dr Aditi Sinha** received Dr. HB Dingley Memorial Award, for research in Pediatrics, Indian Council of Medical Research for the year 2018; Member, core group for IPNA Guidelines on management of steroid resistant nephrotic syndrome; Joint Secretary, Indian Society of Pediatric Nephrology; Member, Editorial Board, Pediatric Nephrology, Asian Journal of Pediatric Nephrology; Section Editor for Nephrology, Indian Journal of Pediatrics; Reviewer for Pediatric Nephrology, Indian Pediatrics, Indian Journal of Nephrology, Indian Journal of Pediatrics.

**Professor Sheffali Gulati** was awarded Atal Swasthya Bhushan Samman 2019 for her extraordinary services extended through clinical practice in Sevron Foundation on 21 December 2019 at NDMC Convention Centre, Sansad Marg, New Delhi; Award by Pediatric Neurology Chapter of IAP, in recognition of outstanding contribution in the field Pediatric Neurology and Commendable devotion and hard work to Pediatric Neurology Chapter of IAP during Neuropedicon 2019; Advisory Board Member, Academy of Pediatric Neurology, IAP 2019 onwards; Chairperson elect, Academy of Pediatric Neurology, IAP, March 2020; Patron 3rd International BMI Autism conference, Behavior Momentum India, February 2020; Only Asian Expert selected for Elicitation Board Expert Group for Autism Spectrum Disorder, France, January 2020; Felicitated for Championing Inclusion of Differently abled by Learning Ladder Family April 2019; Serving as Editorial Board Member (4); Reviewer for various International and National Journals (including BMJ open, Journal of Inherited Metabolic disease, American Journal of Medical Genetics, Journal of Child Neurology, Frontiers, Epileptic Disorders); Examiner and Reviewer of various theses of MD, DCH DM and PhD. Member of many International and National Professional bodies (23); Expert for various committees: Ministry of Health and Family Welfare: Rashtriya Bal Swasthya Karyakram; formulating guidelines for treatment of rare diseases. Consultation on Early Childhood Development: Journey of the First 1000 days, National trust: Autism; National Coordinator of master trainers in Autism tools; early intervention, Selected as representative of Ministry of Health and Family Welfare for reviewing National Trust Act Amendmen, Member of ICMR Project Review Group of Reproductive Biology, Maternal & Child Health, Member of DBT Technical Expert Committee (TEC) of Maternal and Child Health-Developmental and Disease Biology, Biotechnology Industry Research Assistance Council (BIRAC): Expert for evaluation of projects, National List of Essential Medicines (NLEM): member of the "Neurology/ Psychiatry Expert Group", Indian pharmacopeia mission: Expert of Subject review committee for 6th edition of National Formulary of India (NFI) 2019-2020, Member of MCI expert group for drafting DM (Pediatric Neurology curriculum), Teacher qualifications and Expert for Inspections of Medical colleges, including for DM pediatric Neurology, UGC expert for evaluating medical universities, selection for fellowships, travel grants, Member Neurology Expert Group to discuss the advisory and editorial board recommendations for STWs, and the Health Benefit Packages under the AB-PMJAY scheme in collaboration with the NHA, Ministry of Women and Child Development: Expert for Sensitizing the communities to the needs of persons with disabilities in Promoting Promising Dietary Practices: Social & Behavioral Change Communications (SBCC) strategies to advance "Jan Andolan" in PoshanAabhiyaan, Ministry of Social Justice and empowerment: Chairperson of subcommittee on Certification of Developmental Disorders including Autism; Member of National Expert Committees: for developing guidelines for assessment and certification of specified disabilities; Disabilities requiring high support; Identification of posts in government jobs for persons with disabilities, PH reservation in MCI and Combined Medical Services; sub committee on multiple disabilities; Expert group for finalizing training module for In-Service Training & Sensitization Programme, Rehabilitation Council of India; UNICEF: Global partnership on children with disability- ECD task force; NCERT: inclusion of children with special needs in mainstream schools, ECCE, Member of Expert committee on Education of children with special needs

**Dr. Biswaroop Chakrabarty** was part of Central Team of Experts deputed by MOHFW during AES outbreak in June 2019, Muzaffarpur, Bihar; Part of the High Powered National Consultation on AES in Bihar at ICMR Headquarters, New Delhi on 19 July 2019; Nominated as a member of the Anti-infectives expert group for revision of National list of Essential Medicine by Standing National Committee, Department of Health and Family Welfare (Drug Regulation System), MOHFW and attended the first meeting on 7 February 2020.

**Professor Rachna Seth** was Chairperson survivorship & late effects subcommittee of Indian Pediatric Oncology Group, the research body of pediatric hematology Oncology chapter, Indian Academy of Pediatrics; Continuing as member of Editorial board, Indian Pediatrics; Co-ordinator DM Program Pediatric Oncology, AIIMS; External examiner for DM Pediatric Oncology at TMH Mumbai & Kidwai memorial hospital, Bengaluru; Member Global Retinoblastoma Study Group; Ongoing First multicenter childhood cancer survivorship registry steered by AIIMS, Pediatric Oncology division, Dept. of Pediatric; Felicitated by Director, AIIMS at "World Blood Donor Day" on 14 June 2019; DM Pediatric Oncology residents presented cases at IJP Clinical grand round (September 2019) and IAP Delhi meeting (July 2019); Chairperson: CME in Pediatric Hematology Oncology, CME on pediatric leukemia and lymphoma, CME on brain tumors.

**Dr Aditya Gupta** was starting Allogenic Hematopoietic Stem Cell Transplant in the Division. Three allogenic HSCT have been done in the year 2019 and the total number of HSCT done is 15 (since 2017); Chairing a session on The best TKI in Pediatric CML; CME on Lymphomas and Leukemias; 9 February 2020. Sir Ganga Ram Hospital.

**Professor SK Kabra** delivered SMS Medical College seven decade celebration oration on “Innovative Approach for Identification and Management of a Rare Disease in Resource Poor Setting: Cystic Fibrosis a Prototype” at SMS Medical College, Jaipur on 25 January 2019; Late Prof A. C Baruah Oration on “Cystic fibrosis diagnosis & management” in Annual Conference of AIP Assam (ASPEDICON 2019) organized by IAP Tinsukia at Tinsukia on 29-30 November 2019; Member: Technical working group for updation of guidelines on Paediatric TB. Ministry of Health and Family welfare, central TB division. GOI; Member Technical working group on Latent TB Infection Management in India. Ministry of Health and Family welfare, central TB division. GOI; Chairperson: Subcommittee Latent TB Infection Management in India. Ministry of Health and Family welfare, central TB division. GOI.

**Dr KR Jat** was awarded Top Reviewer for Indian Pediatrics, 2019; Associate Editor: BMC Pediatrics; Reviewer for following journals: Cochrane Collaboration, Chest, Pediatrics, Pediatric Pulmonology, Indian Pediatrics, Allergy, asthma and clinical immunology, Pediatric Allergy, Immunology, and Pulmonology, Indian Journal of Pediatrics, Respiratory care, Indian J of Critical Care Medicine (IJCCM), Plos One, BMC infectious disease, BMJ Open. **Membership of scientific societies:** Member of PRESIDE (Pediatric Research and Education Society of India), Member of European Respiratory Society (ERS), Member of American Thoracic Society (ATS), Life member of Respiratory Chapter of Indian Academy of Pediatrics (IAP), Life Member of Indian Academy of Pediatrics (IAP), Life Member of Rheumatology Chapter, IAP, Life member of Indian Rheumatology Association (IRA), Life member of Indian Immunology Society (IIS), Instructor for Pediatric Advanced Life Support (PALS) and Basic Life Support (BLS), Trainer of Asthma Training Module (ATM), Respiratory Tract Infection-Group Education Module (RTI-GEM), and Pediatric Tuberculosis module.

**Dr Jhuma Shankar** was Organizing team of “Basic life support course for health care providers at AIIMS”- 11 August 2019; Organized “Advanced life support course at AIIMS-7th and 8 September 2019; Organizing team of “AIIMS Pediatric Pulmonology and Intensive Care Module 2019”- 20 July to 21st July 2019; Organised training program for doctors and nurses from Bihar for acute encephalitis syndrome for 2 batches (1-14 February and 7-21 March 2020); Faculty and resident were posted in Muzaffarpur, Bihar at Sri Krishna Medical College and Hospital, for the 2019 Acute Encephalitis Syndrome outbreak for 2 weeks for patient care, training, supervision and guideline development. We were involved in investigation of the epidemic, in making draft management protocol and are involved in Bihar governments Standard Operating Procedure development for AES in Muzaffarpur, Bihar.

**Dr Narendra Bagri** has Life membership of Indian Rheumatology Association (LM-1300) 2019; Membership of Pediatric Rheumatology European Society membership (PRESM2019-I/283) 2019; Nominated as medical member of NOC committee, Central Adoption Resource Authority (CARA), Ministry of Women & Child Development from 201; Participated in Health Camp organized by Samudayik Vikas Samiti at Pratapgarh, Uttar Pradesh on 7 December 2019; Contributed as medical experts from AIIMS, New Delhi to Muzaffarpur, Bihar to join the Central team of experts during the acute encephalopathy syndrome 2019.

## VISITING SCIENTIST

1. Professor Olaf Hiort (Professor of Pediatric Endocrinology at Lubeck University, Lubeck, Germany and European Lead of the Euro- Network for rare Diseases, and Dr. Ralf Werner, Geneticist at Lubeck University, Lubeck, German), visited the division of Pediatric Endocrinology from 30 November to 2 December 2019.
2. Dr Nicole Fleischer, Head of Applications & Research, FDNA Inc delivered a lecture on “Identifying facial phenotypes of genetic disorders using deep learning” on 13 November 2019.
3. Dr Inderneel Sahai (Chief Medical Officer of the New England Newborn Screening Program and Senior Attending in the Department of Genetics and Metabolism at Massachusetts General Hospital, Boston) took lectures on Metabolic myopathies and Newborn screening on 3 October 2019.
4. Dr Anibh Das (Head of Paediatric Metabolic Medicine at the Department of Paediatrics, Hannover Medical School) delivered lecture on Hepatorenal tyrosinaemia: diagnosis, treatment, outcome and monitoring’ on 25 September 2019.
5. Dr Sadiqua Anjum (DM Neonatology), Osmania Medical College, Hyderabad, Telangana from 1 January 2020 to 15 January 2020
6. Dr Karamalla Saddam Hussaain (DM Neonatology), Maulana Azad Medical College, New Delhi, India from 1 September 2019 to 15 September 2019
7. Dr Kaushiki Shankar (DM Neonatology), Maulana Azad Medical College, New Delhi, India from 1 October 2019 to 15 October 2019
8. Dr Parvati Chabd Dadwal, University of Queensland, Canada from 24 January 2019 to 23 February 2019

## 9.28. Paediatric Surgery

### Professor and Head

M Bajpai

### Professor

Sandeep Agarwala

M Srinivas (on deputation)

**Additional Professor**  
Shilpa Sharma (JPNATC)

### Associate Professors

Vishesh Jain  
Prabudh Goel

Anjan Dhua  
Devendra Kumar Yadav

### Assistant Professors

Ajay Verma

Aparajita Mitra (Contract)

### HIGHLIGHTS

The Department organized the 45th Annual Conference of the Indian Association of Pediatric Surgeons (IAPSCON 2019) along with the CME cum Live Operative Paediatric Urology workshop from 30 October to 3 November 2019. The event coincided with the Golden Jubilee celebrations of the establishment of the Department of Paediatric Surgery in the Institute. To commemorate the occasion, the event also witnessed the Meeting of the Alumni of the Department in the evening of 30 October 2019 and the First International Nursing CME and Module Development in Child Care. The events were attended by more than 300 delegates with widespread representation from all parts of India and abroad. The department introduced for the first time in the Annual Conference of IAPS features like Live telecast wordover and launched a smartphone application for the smartphone. An alumni meet was also held which was attended by more than 150 alumni from the Department scattered over the world. A “First Day Cover celebrating the Golden Jubilee of the Department of Paediatric Surgery” was released by the Department of Postal Services, Government of India. The Department launched the Journal of Progress in Paediatric Surgery at this conference.

The department is poised for expansion with faculty, space and staff in the upcoming maternal and child health centre, developing all sub-specialties and caring for children with serious malformations, advanced cancers, trauma and others.

### EDUCATION

#### *Undergraduate, postgraduate, paramedical teaching*

The department is actively involved in teaching and training of MCh Pediatric Surgery trainees, postgraduate, undergraduate, nursing students, BSc and MSc nursing students. A new and innovative idea to develop and improve teaching and academics in our department is creation of a google group called “Surgery-paedia”. Day to day in clinical practice and during seminar various doubts and queries are generated. The doubts and queries are allotted to residents who read about the query and post the answer in the google group for the benefit of everybody. The platform has been further enhanced by cataloguing the communications system wise for easier and faster search and retrieval.

#### **Short term training was provided to:**

- Dr Shipra Sharma, Medical Institute, Chattisgarh, 24 July 2019 - 23October 2019
- Dr Sandeep Kumar, Dr Ram Manohar Lohia Hospital, 1-31 October 2019
- Dr Addagatla Rajashekhar, Dr Ram Manohar Lohia Hospital, 1-30 November 2019
- Dr Ritesh Kumar, Dr Ram Manohar Lohia Hospital, 2-31December 2019

#### **CMEs/Workshops/Symposia/National and International Conferences**

- 45th Annual conference of the Indian Association of Pediatric Surgeons (IAPSCON) from 1 to 3 November 2019
- CME cum Live operative Pediatric Urology Workshop on 30 and 31 October 2019
- 1st International Nursing CME and Module Development in Child care on 1 and 2 November 2019
- Public Awareness Lecture series Program on Child Sexual Abuse on 12 November 2019

## Lectures delivered

**M Bajpai: 8**

**Vishesh Jain: 3**

**Devendra Kumar Yadav: 1**

**Sandeep Agarwala: 8**

**Anjan Dhua: 6**

**Ajay Verma: 1**

**Shilpa Sharma: 34**

**Prabudh Goel: 5**

### **M Bajpai**

1. Vesicoureteric reflux: Much ado about nothing, IPNA-AsPNA Junior Master Class and XI Annual Training Course in Pediatric Nephrology, 7 April 2019, AIIMS, New Delhi
2. Voiding Dysfunction, IPNA-AsPNA Junior Master Class and XI Annual Training Course in Pediatric Nephrology, 7 April 2019, AIIMS, New Delhi
3. CDH: The AIIMS experience, First National Meeting on Congenital Diaphragmatic Hernia 2019, 15 September 2019, Apollo Hospital, New Delhi
4. Paediatric Surgery: Revelations and Opportunities, Professor IC Pathak Oration CME, 7 October 2019, PGI, Chandigarh
5. Inaugural address, 45th Annual Conference of the Indian Association of Pediatric Surgeons (IAPSCON 2019), 30 October – 3 November 2019, AIIMS, New Delhi
6. Inaugural address, Golden Jubilee celebrations of the establishment of the Department of Paediatric Surgery in the Institute. Meeting of the Alumni of the Department, 30 October 2019, AIIMS, New Delhi
7. Inaugural address, CME cum Live Operative Paediatric Urology Workshop, 31 October 2019, AIIMS, New Delhi
8. Inaugural address, 1st International Nursing CME and Module Development in Child Care, 1 November 2019, AIIMS, New Delhi

### **Sandeep Agarwala**

1. Guest Lecture on Management of Vascular liver tumors in children, 4th Annual Pediatric Solid Tumor Workshop 2019, 27 and 28 April 2019, Tata Hospital, Mumbai
2. Management of Liver tumors other than Hepatoblastoma, 4th Annual Pediatric Solid Tumor Workshop 2019, 27 and 28 April 2019, Tata Hospital, Mumbai
3. Video presentation on colonic interposition for esophageal replacement- How it is done, Annual Meeting of the Delhi chapter of Pediatric Surgeons and CME on Pediatric Esophageal disorders, 21 and 22 September 2019, Army Hospital, R & R, New Delhi
4. Surgical technique, tips and pearls of EA-TEF- Scalpel to suture- The way I do it, Annual Meeting of the Delhi chapter of Pediatric Surgeons and CME on Pediatric Esophageal disorders, 21 and 22 September 2019, Army Hospital, R & R, New Delhi
5. Guest lecture on Hepatoblastoma, Preconference workshop and Annual Conference of Karnataka state chapter of IAPS in Bangalore, 30 November 2019, Bengaluru
6. Guest Lecture: Overview of management of soft tissue sarcomas, Masterclass in Sarcoma, 8 and 9 February 2020, JIPMER, Pondicherry
7. Hirschsprung's disease: Surgical approach: Video presentation, Annual Meeting of the Indian Association of Surgical Gastroenterology (IASG), 9 – 13 October 2019, AIIMS, New Delhi
8. Surgery for CDH: When, Where and Why, First National Meeting on Congenital Diaphragmatic Hernia 2019, 15 September 2019, Apollo Hospital, New Delhi

### **Shilpa Sharma**

1. Head Trauma. ATLS Provider Course, Dr RML Hospital, 24 May 2019, New Delhi
2. Disability Skills Station, ATLS Provider Course, Dr RML Hospital, 24 May 2019, New Delhi
3. Triage Scenarios, ATLS Provider Course, 24 May 2019, New Delhi
4. Initial Assessment Skills Stations, ATLS Provider Course, 25 May 2019, New Delhi
5. Moderator of Scientific Session VI on neonatal colorectal anomalies, Pediatric Colorectal club-26th International Meeting Belgrade (Serbia), 11 June 2019, Belgrade, Serbia
6. Shock assessment and management, ATLS Provider Course, 20 June 2019, New Delhi
7. Circulation Skills Stations, ATLS Provider Course, 20 June 2019, New Delhi
8. Pretest group discussion faculty, ATLS Provider Course, 20 June 2019, New Delhi
9. Geriatric Trauma, ATLS Provider Course, 21 June 2019, New Delhi
10. Triage Scenarios, ATLS Provider Course, 21 June 2019, New Delhi

11. Initial Assessment Skills Stations, ATLS Provider Course, 22 June 2019, New Delhi
12. Esophageal Atresia and Tracheo esophageal fistula. Is it time to change? The newer modalities. CME- Pediatric Esophageal Disorders., 21 and 22 September 2019, Army Hospital, R & R, New Delhi
13. Stem cell applications in Pediatric Surgery and Urology, 2nd Monthly clinical meeting 3 October 2019, Delhi
14. Moderated session on oral case presentations, 6th World Congress of Pediatric Surgery 30 October - 4 November 2019, Doha, Qatar
15. Introduction and Types of Child abuse, Public Awareness Lecture series on Child Abuse, 12 November 2019, New Delhi
16. Panel Discussion, Public Awareness Lecture series on Child Abuse, 12 November 2019, New Delhi
17. Strategies and interventions in managing surgical problems in children, 1st Annual National Conference pediatric and neonatal nurses forum, India PNNFICONF-2019, 21 November, 2019, Ludhiana
18. Stem cells in Neurological diseases. 5th International Regenerative Medicine Conclave, 23 November 2019, Delhi
19. Thoracic Trauma, ATLS Provider course, PGIMER, RML Hospital, 28 November 2019, New Delhi
20. Breathing Skill station, ATLS Provider Course, PGIMER, RML Hospital, 28 November 2019, New Delhi
21. Pretest group discussion faculty, ATLS Provider course, PGIMER, RML Hospital, 28 November 2019, New Delhi
22. Spine and Spinal cord Trauma, ATLS Provider course, PGIMER, RML Hospital, 29 November 2019, New Delhi
23. Initial Assessment Practice and Team, ATLS Provider course, PGIMER, RML Hospital, 29 November 2019, New Delhi
24. Triage Scenarios Discussion. ATLS Provider course, PGIMER, RML Hospital, 29 November 2019, New Delhi
25. Initial Assessment Skills Stations, ATLS Provider course, PGIMER, RML Hospital 30 November 2019, New Delhi
26. Introduction to the ATLS 10th Edition, Course on Forensic Examination in sexual Assault Cases, 20 and 21 December 2019, New Delhi
27. Surgical Strategies in Neuroblastoma, 6th Annual Conference of Society of Surgical Oncology, 21 December 2019, Mumbai
28. Thoracic Trauma, ATLS Provider Course, PGIMER, 20 February 2020, New Delhi
29. Breathing Skill station, ATLS Provider Course, PGIMER, 20 February 2020, New Delhi
30. Pretest group discussion faculty, ATLS Provider Course, PGIMER, 20 February 2020, New Delhi
31. Geriatric Trauma, ATLS Provider Course, PGIMER, 21 February 2020, New Delhi
32. Adjuncts skill station, ATLS Provider Course, PGIMER, 21 February 2020, New Delhi
33. Triage Scenarios Discussion, ATLS Provider Course, PGIMER, 21 February 2020, New Delhi
34. Laparoscopic Cholecystectomy - Where Can It Go Wrong, PESICON, Pune, 28 February 2020, Pune

#### **Vishesh Jain**

1. Cut it, wrap it.... how to deal with a lazy esophagus, CME- Pediatric esophageal disorders, 21 September 2019, Army Hospital (R&R), Delhi
2. Ethical issues in DSD and parental counselling, 1st International Nursing CME and Module Development in Child Care, 2 November 2019, AIIMS, Delhi
3. Avoiding and managing complications in difficult bronchoscopy and esophagoscopy, Annual conference of the Pediatric endoscopic surgeons of India (PESICON 2020), 28 February 2020, Pune

#### **Anjan Dhua**

1. Neural tube defects, Birth Defects awareness program for Health professionals, 20 April 2019, AIIMS, Delhi
2. This one or that one? The options, CME- Pediatric esophageal disorders, 21 September 2019, Army Hospital (R&R), Delhi
3. Clean intermittent catheterization- An important tool, 1st International Nursing CME and Module Development in Child Care, 2 November 2019, AIIMS, Delhi
4. What are disorders of sex differentiation? 1st International Nursing CME and Module Development in Child Care, 2 November 2019, AIIMS, Delhi
5. Role of UDS in PUV, Annual Meet of Delhi Chapter of IAPS, 1 December 2019, MAMC, Delhi
6. Challenging Pediatric Cases: Mock tumour board, AIIMS Radiology Course on Imaging of Chest Tumours, 1 December 2019, AIIMS, Delhi

### **Prabudh Goel**

1. Isoperistaltic Gastric tube for esophageal replacement, CME- Pediatric esophageal disorders, 21 September 2019, Army Hospital (R&R), Delhi
2. Approach to Common Fetal Anomalies (Panel discussion), AOGD- 2019, 28 and 29 September 2019, Delhi
3. Disorders of Sexual Differentiation, 1st International Nursing CME and Module Development in Child Care, 2 November 2019, AIIMS, Delhi
4. How do I do it: Gastric Neobladder, Live operative Pediatric Urology workshop, 30 and 31 October 2019, AIIMS, Delhi
5. Managing Sharp Airway Foreign Bodies, Annual conference of the Pediatric endoscopic surgeons of India (PESICON 2020), 28 February 2020, Pune

### **Devendra Kumar Yadav**

1. Penile lengthening in Exstrophy, Exstrophy Epispadias workshop, 4-6 April 2019, JIPMER, Puducherry

### **Ajay Verma**

1. Omission of care as an act of child abuse, Public Awareness Lecture series on Child Abuse, 12 November 2019, AIIMS, Delhi

### **Oral papers/posters presented**

1. Agarwala S, Jain V, Dhua A, Jana M, Kandasamy D, Kumar R, Bal CS, Bhatnagar V. Presentation management and outcome of children with ureteroceles, Annual Congress of Asia Pacific Association of Pediatric Urology (APAPU) in conjunction with Society of Pediatric Urology New Zealand and Australia, 8 – 10 November 2019, Perth, Australia
2. Anand S, Agarwala S, Dhua A, Jana M, Kandasamy D, Kumar R, Bal CS, Bhatnagar V. Experience of management of bilateral pelvi-ureteric junction obstruction (pujo) in children- can surgery be avoided on one side? Annual Congress of Asia Pacific Association of Pediatric Urology (APAPU) in conjunction with Society of Pediatric Urology New Zealand and Australia, 8 – 10 November 2019, Perth, Australia

\*Awarded Papers

## RESEARCH

### Funded projects

#### *Ongoing*

1. Biocompatible dressing for paediatric hypospadias repair, Shilpa Sharma, AIIMS-IIT Delhi, 2 years, 2019-2021, Rs 10 lakhs
2. Centre for advanced research in congenital uropathies & CKD, Minu Bajpai, AIIMS, 5 years, 2018, Rs 190 lakhs
3. Development of a portable rapidly adjustable camera holding device to minimize image tremor and fatigue of the camera holding assistant during minimally invasive surgery in children, Vishesh Jain, AIIMS-IIT Delhi, 2 years, 2020-2021, Rs 10 lakhs
4. Development of technology-based doctor patient interface to facilitate patient care and health research in paediatric urology, Prabudh Goel, ICMR, 3 years, 2019, Rs 130 lakhs
5. Electromotive administration of Intravesical Botulinum Toxin A in Pediatric Neurogenic Bladder, Shilpa Sharma, AIIMS, 2 years, 2019-2020, Rs 5 lakhs
6. Establishing Guidelines for Fetal Counseling for Surgical Congenital Anomalies, Shilpa Sharma, DBT, 4.5 years, 2014-20, Rs 48.36 lakhs
7. Reference range of serum alpha feto protein in children below 3 years of age, Devendra Kumar Yadav, AIIMS, 2 years, 2015-2020, Rs 2.3 lakhs

### **Completed**

8. Effect of Curcumin and its combination with Piperine in experimentally induced Liver fibrosis in rats: A comparative analysis., Shilpa Sharma, AIIMS, 2 years, 2016-2018, Rs 5 lakhs
9. Role of Bone marrow mononuclear cells and Renal Stem cells in renal preservation in Obstructive Renopathy—An Experimental study in mice, Shilpa Sharma, AIIMS, 2 years, 2013-2015, Rs 5 lakhs
10. Role of cortical transit time on MAG3 scintigraphy in children with PUJ obstruction, Vishesh Jain, AIIMS, 2 years, 2015-2019, Rs 1.65 lakhs

### **Departmental projects**

#### **Ongoing**

1. A comparative study of smooth muscle cell characteristics and myofibroblasts in processus vaginalis of pediatric inguinal hernia, hydrocele and undescended testis
2. A prospective study of the short term outcomes of operated cases of distal penile hypospadias in terms of immediate and early complications.
3. A study on differential expression of molecular markers in urine with respect to genetic propensity to congenital uropathies
4. Antegrade or retrograde insertion of transanastomotic feeding tube in primary repair of esophageal atresia with tracheoesophageal fistula on leak rate and wound infection
5. Assessment of intra-hepatic portal anatomy (left and right portal veins) and anatomical feasibility of Rex shunt surgery on computed tomography portography in pediatric patients with Extra-hepatic Portal Vein Obstruction
6. Assessment of renal function in children with unilateral non-syndromic Wilms' tumor: An ambispective control study
7. Comparison of Double "J" and Infant feeding tubes as stents in open Cohen's ureteric reimplantation -A Randomized Study
8. Differences in microvessel density and growth factor levels between inner and outer preputial skin in distal hypospadias
9. Early outcomes in children with anorectal malformations following single-staged abdomino-perineal pull through by hanging bowel technique: an ambispective cohort study
10. Evaluation of cardiotoxicity related to administration of Adriamycin in children with solid tumors
11. Hypospadias Outcomes Long-Term Database (HOLD): A Prospective Cohort Study
12. Long term outcomes of bladder functions in patients treated for posterior urethral valves
13. Longterm outcome of PSARP in Anorectal malformation
14. Neonatal Anogenital Distance Nomogram and its correlation with anthropometry for North Indian Population
15. Normative Assessment of Pediatric Penile Length in Indian Population
16. Normative values of renal length, parenchymal thickness and renal elastography in Indian Pediatric population
17. Outcome of treatment with ICE (Ifosphamide, carboplatin and etoposide) salvage regime in children with relapsed / recurrent solid tumors
18. Outcomes of non-operative management of Unilateral Pelvi-ureteric Junction Obstruction
19. Plasma GDNF Levels In Spina Bifida: Correlation With Neurological Impairment In Children
20. Profile of serum hepatotrophic factors, serum ammonia levels and quality of life in pts of EHPVO
21. Prospective study of treatment of children with Hepatoblastoma on treatment with Monotherapy and PLADO regime
22. Prospective study of treatment of children with Rhabdomyosarcoma on treatment with IRS-5 regimen
23. Prospective study of treatment of children with Wilms' tumor on treatment with modified NWT5-5 regimen
24. Prospective study on five drug regimen for the management of Clear Cell Sarcoma of the Kidney
25. Prospective Study to Evaluate the Trend of Serum Procalcitonin Levels in Surgical Neonates and Infants and its Correlation with Events during the Post-Operative Period
26. Prospective, Observational Study to evaluate the vasodilatory effect of caudal block in pediatric patients
27. Quality Improvement (QI) project to ensure compliance with administration of maintenance intravenous fluids to Paediatric Surgical patients called for day-care procedures in the pre-operative waiting period
28. Retrospective study of the factors that affect the long-term outcome of operated cases of hypospadias

29. Role of Plasma Renin Activity in predicting renal damage in patients with neurogenic bladder and its correlation with existing parameters of renal damage
30. Role of pulmonary metastatectomy in pediatric solid tumors
31. Role of Serum Matrix Metalloproteinase-7 levels in diagnosis and prognostication of infants with extra-hepatic biliary atresia
32. Sonographic Assessment of Epidural Space Depth and Orientation in Paediatric Patients at Various Vertebral Levels: An Observational Cross-Sectional Study
33. Study to identify the genotype-phenotype correlation in testicular biosynthetic defects and 5- $\alpha$  reductase deficiency with respect to Disorders of Sex Development
34. To study the long-term effects of disease and its treatment in survivors of childhood solid tumors
35. Validation of Sliding Scale Penometer for Measurement of Stretched Penile Length in Pediatric Age-Groups

### ***Completed***

1. A study on the prevalence of polymorphism in nephrogenic genes in congenital uropathies and their influence on renal functional outcomes
2. Assessment of long term postoperative outcomes of anorectal function in patients with Hirschsprung's disease
3. Comparison of analgesic efficacy of ultrasound guided quadratus lumborum block versus erector spinae plane block in children undergoing open pyeloplasty: a randomized double blinded controlled study
4. Esophageal button battery in the pediatric population
5. Evaluation of interstitial cells of Cajal- like cells (ICC-LC) and histopathology in congenital pelviureteric junction obstruction and their correlation with intraoperative findings
6. Functional bladder outcomes in patients in patients with bladder/prostate rhabdomyosarcomas
7. Long term outcome of Disorders of Sexual Differentiation
8. Measurement of Stretched Penile Length by the Ruler Method: Estimation of Intra-observer and Inter-observer variations and standardization of the technique
9. MR evaluation of intra-hepatic biliary ductular architecture in patients of EHBA after Kasai portoenterostomy
10. Prognostic factors and outcomes in neuroblastoma in a developing country: An ambispective study
11. Sensitivity and specificity of focussed assessment with sonography for Trauma in determining paediatric solid organ injury following blunt trauma abdomen
12. Study of Immuno-histochemistry correlation of anti-TERT antibody and tumour behaviour in Hepatoblastoma- A pilot study
13. Study of temporal relationship between early markers of renal injury in children with congenital uropathies with and without genetic propensity to renal injury
14. Study on the prevalence of polymorphism in nephrogenic genes in congenital uropathies and their influence on renal functional outcomes
15. To compare aspartate aminotransferase to platelet ratio index, supersonic shear wave elastography and histopathology of the liver in patients of biliary atresia as tools to evaluate hepatic fibrosis
16. To study the temporal relationship between early markers of renal injury in children with congenital uropathies with and without genetic propensity to renal injury

### **Collaborative projects**

#### ***Ongoing***

1. Biofabrication of Skin Graft Substitutes using Functionalised Materials for Tissue Regeneration, Stem Cell Facility, CTVS
2. Efficacy of hetastarch with ropivacaine in prolongation of duration of ilioinguinal and iliohypogastric nerve blocks in paediatric inguinal hernia repair- A preliminary study, Anaesthesia
3. Hepatic regenerative potential of exosomes derived from human Mesenchymal Stem Cells in liver injury model
4. Long term outcomes of bladder functions in patients treated for Posterior Urethral Valves, Radiology, Nuclear Medicine
5. Presentation, management and outcomes in children with adrenocortical tumors, Pathology and Biostatistics
6. Rare disease modelling using induced Pluripotent Stem Cell, Stem Cell Facility, CTVS

7. Role of MIBG therapy for advanced non-responsive and recurrent neuroblastoma, Nuclear Medicine, Stem Cell Facility, CTVS
8. Study of prognostic factors in thoracic PNET, Medical Oncology, Radiotherapy, Radiodiagnosis
9. To study the long-term effects of disease and its treatment in survivors of pediatric solid tumors, Medical Oncology, Reproductive Biology, Obstetrics and Gynecology, Cardiology
10. Understanding the therapeutic role of adult stem cell derived exosome in combating virus induced neurodegenerative disease

### **Completed**

1. Efficacy of two different Chlorhexidine gluconate preparations for skin antiseptics in neonates: A non-inferiority randomized trial, Paediatrics
2. Intra- and interobserver variability in the measurements of Cortical Transit Time following MAG-3 Scintigraphy in children with unilateral PUJ obstruction, Nuclear Medicine
3. Presentation, outcomes and management in children with ureterocoele, Nuclear Medicine
4. Role of cortical transit time on MAG3 scintigraphy in children with PUJ obstruction, Nuclear Medicine

### **PUBLICATIONS**

**Journals: 27**

**Abstracts: 24**

**Chapters in Books: 7**

### **PATIENT CARE**

#### **Out Patient Department**

Pediatric surgery outpatient department is run every day. In addition specialty clinics are also run to provide more focused attention to few conditions.

#### **Various specialty clinics run by the Department and faculty:**

- Antenatal Diagnosis
- Craniosynostosis
- Follow Up
- GI Hepatobiliary
- Hydrocephalus
- Intersex and Hypospadias
- Solid Tumor
- Thoracic Surgery
- Urology

#### **Facilities available**

- Intensive care unit for neonates
- High dependency area
- Computer based Urodynamic and uroflowmetry study
- Computer based Anorectal manometry
- Computer based Esophageal manometry
- 24 hours pH monitoring for Gastroesophageal reflux
- Impedence Manometry for Gastroesophageal reflux

#### **Community services**

- Weekly outpatient clinic and operative session at CRHSP, Ballabgarh

#### **Attendance in OPD and Specialty clinics**

OPD/Clinic	New Cases	Old Cases	Total
General	7664	18308	25972

Hydrocephalus	0	34	34
Urology	411	1971	2382
Intersex and urology	16	250	266
Tumor	24	498	522
Craniosynostosis	Nil	Nil	Nil
CRHSP, Ballabgarh	2207	Nil	2207

### Admissions

AB5 ward: 2481 (1101 Long admissions; 1163 short admissions and 118 long admission) AB5/ICU: 162

### Surgical procedures

#### Main OT

**Routine:** Major Procedures: 1202; Minor Procedures: 242

**Emergency:** Major Procedures: 343; Minor Procedures: 11

**OPD procedures:** 2884

Biopsies in OPD: 78

**CRHSP, Ballabgarh:** Cases operated: 82

Minor procedures: 166

### Special Investigations

Urodynamic study: 411

Uroflowmetry: 216

Anorectal manometry: 88

### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor M Bajpai** received distinguished teacher award during the CME on Paediatric Surgery in R&R hospital: 21 and 22 September 2019; Professor-in-charge-International Cooperation, Domestic and International MoUs, 3 December 2019, AIIMS, New Delhi; Addressed Her Majesty, The Queen Sylvia of Sweden on Developing collaboration between Swedish Trade Commissioner's office in India and AIIMS, New Delhi, on behalf of All India Institute of Medical Sciences and in the capacity of Professor -in-charge-International Cooperation, Domestic & International MoUs, 3 December 2019, AIIMS, New Delhi; Co-Chair Working Group: Committee on Terms of Reference UCL Global Engagement Office, UK and AIIMS, New Delhi; Led by Director, AIIMS, represented AIIMS, New Delhi on the invitation of Ministry of Health and Welfare (MOHW), Taiwan, National Cheng Kung University (NCKU) and National Cheng Kung University Hospital (NCKUH), Taiwan from 8 – 12 April 2019; Chairman: Cafeteria management committee; As Professor-in-charge-International Cooperation, Domestic and International MoUs- Conducted 35 meetings with international delegates, heads of institutions, Deans, Vice-chancellors, Ambassadors of Governments, Trade Commissioners and representatives from Embassies; Organizing Chairman: 45th Annual Conference of the Indian Association of Pediatric Surgeons (IAPSCON 2019); Organizing Chairman: CME cum Live Operative Paediatric Urology workshop from 30 October – 3 November 2019; Organizing Chairman: Golden Jubilee celebrations of the establishment of the Department of Paediatric Surgery at AIIMS, New Delhi; Organized the Meeting of the Alumni of the Department in the evening of 30 October 2019; Organizing Chairman: First International Nursing CME and Module Development in Child Care; Designed LOGO on behalf of the Department and for the release of "First Day Cover celebrating the Golden Jubilee of the Department of Paediatric Surgery" by the Department of Postal Services, Government of India; Launched the Journal of Progress in Paediatric Surgery for the Department of Paediatric Surgery at the All India Institute of Medical Sciences, New Delhi during the IAPSCON 2019.

**Professor Sandeep Agarwala** was awarded the MS Ramakrishnan Oration 2019 of the Indian Association of Pediatric Surgeons; Executive Board Member for the Asian Association of Pediatric Surgeons; Section Editor for the Indian Journal of Pediatrics; Vice Chairman of the Resource Challenged Nations Study Group of SIOPEL; Chairman 62nd Annual Report Committee of AIIMS; Co-Chairman Faculty coordination committee for Pulse 2019, AIIMS; Secretary AIIMSONIANS- The Alumni Association of AIIMS; Member of Committee to consider PhD reforms at AIIMS; Chairman of Messes, shops and establishments committee of AIIMS; Hostel superintendent for AIIMS; Member, Committee for selection of Shri Mohan Lal Wig Medal for Clinical Research; Course instructor for Surgical Oncology Course, Conducted by International Society of Pediatric Surgical Oncology (IPSO), and the European Board of Examination, and European Society of Pediatric Surgery prior to Annual Congress of the European Society of Pediatric Surgery; Course instructor for Master class in Pediatric Surgical Oncology, Conducted by International Society of Pediatric Surgical Oncology (IPSO), and the European Board of Examination, and European Society of Pediatric Surgery.

**Dr Shilpa Sharma** was reelected Executive Body Member World Federation of Association of Pediatric Surgeons 2017-2019, 2020-2022; Executive Council Member of the International Society of Hypospadias and DSD 2018-2020; Chairman of the Delhi Chapter of Indian Association of Pediatric Surgery 2019-2021; Secretary of Research Section of Indian Association of Pediatric Surgery 2018-2020; Editorial Board Member of Pediatric Surgery International; Editorial Board Member of Annals of National Academy of Medical Sciences; Awarded membership of National Academy of Medical Sciences; Member Standing Selection Committee for faculty recruitment of AIIMS, Patna for 2019, 2020; Member, Institute Ethics Committee, Superspecialty Pediatric Hospital and Postgraduate Teaching Institute, Sector 30, Noida.

**Dr Vishesh Jain** was External member on the selection board for selection of Assistant Professor (Paediatric Surgery) held on 4 October 2019, ABVIMS, Dr RML hospital, New Delhi; received Best paper awards for 7 presentations over the last 1 year; Thesis received the UC Chakraborty Award for the best research by the Indian Association of Pediatric Surgeons; Joint Secretary of the 45th Annual Conference of the Indian Association of Pediatric Surgeons; received Travel scholarship by University Grants Commission for presenting a research paper in Japan in May 2019.

**Dr Anjan Dhua** is Member as external expert of Technical Specification Committee of Paediatric Surgery Dept. in ABVIMS, Dr RML Hospital, New Delhi; External member on the selection board for selection of Assistant Professor (Paediatric Surgery) held on 18 September 2019, ABVIMS, Dr. RML hospital, New Delhi; Chairperson in Morning session in “CME-Live operative pediatric urology workshop”, IAPSCON 2019, 30 October 2019, AIIMS; Chairperson of session “Basic sciences in pediatric solid tumors” on 21 December 2019, SOSCON- Mumbai; Chairperson of session “Panel discussion on solid tumour” on 21 December 2019, SOSCON- Mumbai; Nominated as departmental nodal officer for fire safety drills at AIIMS, Delhi; Member of Institute’s Annual Report Drafting Committee; Joint Secretary of the 45th Annual Conference of the Indian Association of Pediatric Surgeons.

**Dr Prabudh Goel** was awarded Fellowship of Indian Association of Pediatric Surgeons; awarded Fellowship of International Scientific Research Organization for Science, Engineering and Technology; honored with the Sushruta Medical Science Award for the year 2018-2019 in July 2019; conferred the Shiromani Award for Excellent and Honorary efforts in the field of Medical and Social Service in August 2019; Award of Excellence for Commendable Contribution in Field of Social Service, Science, Sports, Education, Law, Journalism, Environment and Society from the Advance Research Institute for Development of Social Science in September 2019; Award of Excellence for Committed, Dedicated and Meritorious Service to Teaching, Research, Sports, Environment, Media and Administrative Contribution in September 2019.

**Dr Ajay Verma** delivered a public lecture on child abuse on 12 November 2019.

#### VISITING SCIENTIST

1. Dr Sumit Dave, Associate Professor Surgery and Pediatrics, London Health Sciences Centre, Victoria Hospital, London, Ontario, Canada
2. Dr Andrew McNeely, BC Children Hospital, Vancouver, Canada
3. Dr Mohan S Gundeti, Chicago, USA

## HIGHLIGHTS

In the year 2019-2020, Department of Pathology has been able to maintain high-level academics and efficient clinical services. The department is engaged in routine diagnostic reporting of Histopathology (total of 56000 cases) and Cytopathology cases (total of 27000 cases), teaching of undergraduate and postgraduate students, as well as high quality research in various areas of pathology.

New facilities have been added in the department related to molecular pathology and cytogenetic work-up, which include *in-situ* hybridization, capillary electrophoresis, real-time PCR etc. In addition, the department has established tissue microarray system and flow-cytometry set-up. The diagnostic immunohistochemical panel has been expanded and a total of 60000 slides have been stained and studied during this period. The Department is regularly providing reports for Her-2/neu amplification in breast cancers (total 120 cases) and *EGFR* gene mutation in lung cancer (total 450 cases) using molecular methods.

The Department faculty have received funding for 32 extramural projects and 18 intramural projects. A total of 197 papers have been published in peer reviewed national and international journals. The faculty of the Department have presented their research work at various national and international platforms and received awards individually or to their residents. Prof. Chitra Sarkar received the Lifetime Achievement Award from the Delhi Neurological Association for her contributions in Neuropathology. Professor AK Dinda has been nominated as Executive Council Member of Global Council of Regulatory Science Research at Global Summit on Regulatory Science 2019 (GSRS19), European Commission, Joint Research Centre Ispra, Italy. Dr Prasenjit Das has received Kunti Devi Mehrotra Award for Best Published Paper by the Indian Association of Pathologists & Microbiologists. The Department has organized one CME on Bone marrow biopsies, one annual conference of Delhi chapter of IAPM and three post-graduate teaching sessions for Delhi postgraduate students of Pathology. Dr MK Singh has been made the adaptation editor for Robbin's Textbook on Pathological basis of Disease with South Asia content (10th edn.)

Department has organized the visit of Dr Ian Cree who is World Health Organization (WHO) editor of blue books of classification of all tumors from International Agency for Research on Cancer (IARC), Lyon, France. Professor Chitra Sarkar has been nominated as a member of working committee of CIMPACT-NOW (Consortium to Inform Molecular and Practical Approaches to CNS tumor Taxonomy) under the aegis of WHO. Professor Chitra Sarkar has been invited to be a co-author in upcoming 2020 WHO classification of CNS tumors and Updates of CIMPACT-NOW. Professor MC Sharma and Dr Kavneet Kaur have also been invited co-author chapters in the upcoming 2020 WHO Classification of CNS Tumors. Dr Deepali Jain has been selected to editorial board position and author of upcoming 2020 WHO classification of tumors of Lung, Pleura, Thymus and Heart.

## EDUCATION

### Postgraduate

MD students: 31

Senior Residents: 19

PhD students: 10

### Short term training / Long term training.

1. Dr/Ms Neha Kumari completed ShortTerm Training, 1-30 April 2019
2. Dr Malvika Gaur Completed Short Term Observership, 25 March-11 April 2019
3. Dr Chettan Dass Completed Short Term observership, 1 March-31 May 2019
4. Dr/Ms Neha Garg completed Short Term Training, 5 July-5 November 2019
5. Dr Sarita Asotra completed her training, 30 September 2019 to 8 February 2020
6. Dr Asmeet Kaur completed Short Term Training, 30 September 2019 to 7 October 2019
7. Dr Archana Chirag Buch completed one month training, 13 May-13 June 2019
8. Dr Natasha Dogra is undergoing Long Term Training, 28 December 2018 to 27 December 2020

### CMEs /Workshop/Symposia/National and International Conferences

CME on Bone marrow Biopsy, 10 November 2019, AIIMS, New Delhi

### Lectures delivered

**Chitra Sarkar: 3**

**Mehar C Sharma: 10**

**Geetika Singh: 4**

**Sudheer Arava: 7**

**Saumya Ranjan Mallick: 5**

**Prashant Ramtake: 2**

**Manoj K. Singh: 2**

**Vaishali Suri: 3**

**Asit Ranjan Mridha: 5**

**Prasenjit Das: 8**

**Seema Kaushal: 7**

**Adarsh W. Barwad: 2**

**AK Dinda: 9**

**Sandeep Mathur: 6**

**Deepali Jain: 10**

**Rajni Yadav: 5**

**Shipra Agarwal: 2**

**Aanchal Kakkar: 4**

### Chitra Sarkar

1. Michaelangelo said—Ancora Imparo Sir Ganga Ram Hospital, Delhi 10 November 2019, Sir Ganga Ram Hospital, Delhi
2. CImpact-NOW (cImpact: The consortium to inform molecular and practical approaches to CNS tumor taxonomy) EBM 2020: Contemporary management in Neuro-Oncology, 28 February 2020, Tata Memorial Centre, Mumbai
3. Pathological Classification of Intracranial Germ Cell Tumors and its Clinical Implications ISNOCON, 5 April 2019, Bhopal

### Manoj K. Singh

1. Role of Virtual Teaching in medical teaching. The DTH / NPTEL – Medicine Workshop, IIT, Madras 29 April 2019, IIT, Madras
2. Role of Virtual Teaching in medical teaching. The DTH / NPTEL – Medicine Workshop, IIT, Madras 29 August 2019, IIT, Madras

### AK Dinda

1. Development of Indian Guideline for Nanopharmaceuticals: The Challenges. Global Summit on Regulatory Science 2019 (GSR19) – Keynote Address October 1, 2020 European Commission, Joint Research Centre Ispra, Italy
2. Artificial Intelligence and Digital Pathology: Basic consideration. CME on Artificial Intelligence in Pathology at APCON 2019 December 6, 2019 PGIMER Chandigarh
3. Nano in Medicine “New Dimensions in Nanoscience and Nanotechnology for Industry 4.0” at 11th Bengaluru India Nano Conference, 3 March 2020 Convention Hall – Lalit, Bangalore
4. Application of Nanotechnology in Medicine: Understanding the safety guideline for product development Inaugural workshop for the C-DNA (CeNSE DBT Nanobiotechnology Alliance), 4 and 5 November 2019 Centre for Nano Science and Engineering at IISc, Bangalore
5. IgA Nephropathy: The Diagnostic & Prognostic Challenges CME – Recent Advances in Diagnostic Pathology 2019, 29 June 2019, IPGIMER, Kolkata
6. Indian Society of Nanomedicine - Bridging the gap between Academia –Industry Nano Biotek 2019 & Global Bio India 2019, 21 – 23 November, Aerocity, Delhi
7. Understanding regulatory need; the challenge for nano-enabled product development Global Bio India 2019, 22 November, 2019, Aerocity, Delhi

8. Nano-Agri and Human Health Regulatory Regime in SMART Agriculture 2019, 7 November 2019, India Habitat Centre, Delhi
9. Nano-Bio Interface: The Challenges for Translation Symposium - Assam Technology University 2020, 27 February 2020, Assam Technology University, Guwahati

#### **Mehar C Sharma**

1. Interesting case presentation, Delhi Neurological Society Meeting, 7 March 2020, AIIMS, Delhi
2. Clinicopathological conference (CPC Epilepsy), ECON 2020, 19 January 2020, Ahmedabad, Gujarat
3. Histomorphological approach to mesenchymal tumours of oral & maxillofacial region, AIIMS oral pathology symposium, 6 January 2020, AIIMS, New Delhi
4. Biomarkers of clinical relevance, CNS tumours of clinical relevance, 11th Annual Conference of the Indian Society of Neuro-oncology, 5-9 April 2019, Jehan Numa Palace, Bhopal, Madhya Pradesh
5. Update in Embryonal tumors of the CNS, Annual CME in Pathology, 23 November 2019, Government Medical college, Amritsar, Punjab
6. Approach to muscle diseases, Annual CME in Pathology, 23 November 2019, Government Medical college, Amritsar, Punjab
7. Approach to sinonasal tumours, Annual CME in Pathology, 23 November 2019, Govt Medical college, Amritsar, Punjab
8. Approach to Posterior fossa midline tumours, Neurosurgery CME, 10 July 2019, AIIMS, Rishikesh, Uttarnchal
9. Clinicopathology conference (CPC Internal Medicine), 26 November 2019, AIIMS, Delhi
10. Prognostic stratification of posterior fossa ependymomas using H3K27me3 immunohistochemistry and fluorescence in-situ hybridization for chromosome 1q21, 48th Annual meeting of International Society of Pediatric Neurosurgeon, 4-8 October 2019, Birmingham, United Kingdom

#### **Vaishali Suri**

1. Utility of molecular markers/platforms for routine diagnostic work up of CNS tumors, 11th Annual Conference of Indian Society of Neuro-Oncology and preconference workshop, 4-7 April 2019, Jehan Numa Palace, Bhopal
2. Histopathology and clinically relevant molecular markers for Diffuse Midline Gliomas, 11th Annual Conference of Indian Society of Neuro-Oncology, 4-7 April 2019, Jehan Numa Palace, Bhopal
3. Pathology of low grade gliomas: the evolution, CME on pediatric brain tumours, 10 November 2019, Sir Ganga Ram Hospital, New Delhi

#### **Sandeep Mathur**

1. LBC of Squamous lesions of the cervix, CYTOCON 2019, 10 November 2019, PGIMER, Chandigarh
2. Interesting Case presentation in Fluid Cytology, CYTOCON 2019, 10 November 2019, PGIMER, Chandigarh
3. Pre-treatment Pathological Diagnosis in Breast Cancer: Message to Oncologists, Breast Cancer Updates 2019, 27 July 2019, AIIMS, Bhubaneswar
4. Medley of Challenging Cases in Gyn Pathology, UP PATHCON 2019, 16 November 2019, JNMC, Aligarh
5. Role of Ancillary testing in salivary gland cytology, CME: Salivary gland cytology, 15 February 2020, ABI-PGIMER RML, Delhi
6. Curioa et-exotica: Case Presentation, 25th AIPNA-ICP CME, 1 February 2020, Ahmedabad

#### **Geetika Singh**

1. Renal Immunohistology on paraffin sections: Strengths and limitations, World Congress of Nephrology 2019, 12-15 April 2019, Melbourne, Australia
2. Glomerulitis–A journey with Banff, CAST 2019–16th Congress of Asian Society of Transplantation, 2 October 2019, India Exposition Mart, Greater Noida
3. Recent advancements and challenges in histopathological techniques: Direct Immunofluorescence, NMLPW 2019 CME, 18 July 2019, AIIMS, New Delhi
4. Artificial Intelligence in Renal Pathology, Annual Delhi Nephrology Society update, 2 February 2020, India Habitat Centre, New Delhi

#### **Asit Ranjan Mridha**

1. Effect of Conventional drilling and Rotary Ultrasonic drilling on bone, Electron Microscopy & Allied analytical techniques (EMAAT-2019), 5-9 June 2019, Shimla

2. Molecular Updates on Bone tumours, CME on Bone and Soft tissue tumours and Renal Pathology, 19 and 20 October 2019, Silchar, Assam
3. Approach and case-based discussion of bone tumours, CME on Bone and Soft tissue tumours and Renal Pathology, 19 and 20 October 2019, Silchar, Assam
4. Approach and case-based discussion of soft tissue tumours, CME on Bone and Soft tissue tumours and Renal Pathology, 19 and 20 October 2019, Silchar, Assam
5. Slide Seminar on “Paediatric soft tissue tumours”, The 68th Annual national Conference of Indian Association of Pathologists and Microbiologists (IAPM) and International Academy of Pathology-Indian division (IAP-ID)-APCON 2019, 5-8 December 2019, Chandigarh

### **Deepali Jain**

1. ALK FISH testing Mini symposium, Stage IV Non-Small Cell Lung Cancer (NSCLC)–focus on ALK-ROS1 and IL Immunotherapy, 20 April 2019, Chandigarh
2. Indian Academy of Cytologists session on Image guided FNAC, FNA of mediastinum, 2 cases, International Congress of Cytology, 5-9 May 2019, Sydney, Australia
3. Indian Academy of Cytologists session on Image guided FNAC, Rapid on-site evaluation and triaging of samples, International Congress of Cytology, 5-9 May 2019, Sydney, Australia
4. Thyroid Asian FNA group, Cytology of Hurthle cell lesions, multi-institutional experience from Asian countries, International Congress of Cytology, 5-9 May 2019, Sydney, Australia
5. Molecular Symposium: IHC in non-cell block cytology, International Congress of Cytology, 5-9 May 2019, Sydney, Australia
6. Global Infections: Asian Perspective, Biennial Pulmonary Pathology Society meeting, 26-28 June 2019, Dubrovnik, Croatia
7. Discussant, Advances in diagnosis of common types of NSCLC World Conference on Lung Cancer, 7-10 September 2019, Barcelona, Spain
8. EBUS TBNA Sample processing and ROSE, Amrita Bronchology and Interventional Pulmonology 2019, 21 September 2019, Kochi,
9. Pearls, perils and pitfalls of respiratory effusion cytopathology, Cytocon 2019, 7 November 2019, Chandigarh
10. Year in review: Advances in liquid biopsy, National Lung Cancer Conference (NALCCON), December 2019, Lucknow

### **Sudheer Arava**

1. Thoracic masses, Pediatric radiology, 7-9 November 2019, AIIMS, New Delhi
2. CPC, AIIMS Pulmocrit, 7-8 March 2020, AIIMS, New Delhi
3. Panel discussion on ILD, AIIMS pulmonology course, 7 September 2019, AIIMS, New Delhi
4. Cardio live: Endomyocardial biopsy pathologists perspective in ISHLT, 1 and 2 October 2019, AIIMS, New Delhi
5. Histopathology of atherosclerosis, ISAR, 3 August 2019, AIIMS, New Delhi
6. Case presentation, ASI DSI, 15-17 November 2019, AIIMS, New Delhi
7. Verrucous hyperplasia, APCON 2019, 2-4 December 2019 PGI Chandigarh

### **Prasenjit Das**

1. Endoscopic diagnosis in Inflammatory bowel diseases, International CME: Update on Pathology of the GIT and Pancreas at AIIMS, Kochi, 13 and 14 July 2019, AIIMS, Kochi
2. Celiac disease and other intra-epithelial lymphocytosis, International CME: Update on Pathology of the GIT and Pancreas at AIIMS, Kochi, 13 and 14 July 2019, AIIMS, Kochi
3. Debate on ‘Histological utility of Liver fibrosis assessment’, 8th Ramalingaswami Oration and Hepatopathology Meeting at ILBS, New Delhi, 7 August 2019, ILBS, New Delhi
4. Update in Inflammatory bowel diseases, IAP-ID mid-year symposium on IBD. Talk on- Updates in Inflammatory bowel disease, 21 September 2019, KPC Medical College, Kolkata
5. Diagnostic dilemma in IBD, IAP-ID mid-year symposium on IBD. Talk on- Updates in Inflammatory bowel disease, 21 September 2019, KPC Medical College, Kolkata
6. Group discussion on vascular liver diseases and management, International CME on Liver Diseases, 4 October 2019, Seth GS Medical College & KEM Hospital, Mumbai

7. IgA/anti-tTG co-localization for identification of Celiac Associated Liver Diseases, International Symposium on Celiac Disease at Paris, France International Celiac Disease Symposium, 4 September 2019 Paris, France
8. Interpretation of endoscopic intestinal biopsies, 5 October 2019, TMH, Department of Pathology, Mumbai

#### **Rajni Yadav**

1. Moderator, Case Presentation Session, 8th Dr V Ramalingaswamy Oration and Hepatopathology Meeting, 7 and 8 August 2019, ILBS, Delhi
2. Speaker, AJCC update for Colorectal Cancer, Delhi IAPM Quarterly Meet, 31 August 2019, AIIMS, Delhi
3. Liver pathology: Hands on microscopy and Discussion session, AIIMS PG Teaching Program, 29 September 2019, AIIMS, Delhi
4. Slide Seminar, Non-Neoplastic diseases of liver, Liver Pathology: International Update 2019, 3-5 October 2019, Seth GSMC and KEM Hospital, Mumbai
5. GI pathology: Hands on microscopy and Discussion session, AIIMS PG Teaching Program, 2 February 2020, AIIMS, Delhi

#### **Saumya Ranjan Mallick**

1. CD4 positive T cell Lymphoma, VI EAFO Oncopathology Seminar Hematolymphoid Neoplasms, 16 and 17 May 2019, Russia
2. Diffuse Lymphoid Proliferation, VI EAFO Oncopathology Seminar "Hematolymphoid Neoplasm, 16 and 17 May 2019, Russia
3. T follicular Helper cell Lymphoma, APCON 2019, 6-8 December, PGIMER, Chandigarh
4. Principle and Applications of Fluorescent In-situ Hybridization Molecular Pathology Association of India Annual Conference (MPAICON 2019), 10-12 January 2020, Sri Ram Cancer Center, Mahatma Gandhi Medical College & Hospital, Jaipur
5. Indolent Lymphoma recent, Update MOSCON 2020, Molecular Oncology Society of India, 22 and 23 February 2020, Bihar

#### **Seema Kaushal**

1. Emerging renal and bladder tumor entities, Interactive microscopy workshop on pitfalls and pearls in urologic and gynaecologic pathology, 31 August 2019, Tata Medical Centre, Kolkata
2. Pathology of Bladder Tumors, Update on bladder tumors, CGR, 6 September 2019, AIIMS, New Delhi
3. Interesting Cases Symposium, First International Conference In Genitourinary Oncopathology, 9 November 2019, BIA Cancer Hospital and Research Institute, Hyderabad
4. Moderator, International Pathology Day Guest lectures by Head of WHO Classification of tumors (Dr Ian Cree) and Head of European Congress of Pathology (Dr Holger Moch), 13 November 2019, AIIMS, New Delhi
5. Pathology of Genitourinary System, 3rd session of AIIMS PG Teaching Program, 24 November 2019, AIIMS, New Delhi
6. Slide seminar on GU tumors, APCON 2019, 7 December 2019, PGIMER, Chandigarh
7. Bladder tumors symposium, Dialogues in urooncology: Urooncology Summit 2020, 21 February 2020, MP Urological hospital and Teaching Institute, Nadiad, Gujarat

#### **Shipra Agarwal**

1. Papillary thyroid carcinoma: What do you need to know as a pathologist (prognostic parameters) Delhi Chapter (Quarterly meet) of IAPM, 31 August 2019, New Delhi
2. AUS/FLUS in Indian experience with thyroid FNA, Global Asian Forum: Thyroid FNA Cytology in Asian Countries, 16 November 2019, Okayama, Japan

#### **Prashant Ramtane**

1. Talk, IAPM, Delhi Chapter, 31 August 2019, AIIMS, New Delhi
2. Case presentation CME on Bone marrow biopsy, 10 November 2019, AIIMS, New Delhi

#### **Adarsh W. Barwad**

1. Cinico-pathological conference, North Zone Indian society of Nephrology Congress, SGPGI Lucknow, 28 February to 1 March 2020, SGPGI Lucknow

## **Aanchal Kakkar**

1. Salivary Gland Cancer: Where are we now?, Quarterly Meeting of Delhi Chapter of IAPM, 31 August 2019, AIIMS, New Delhi
2. Pathology Aspects of Oral Cancer, International Conference on Oral Cancer and Reconstruction, 13 December 2019, U-Chicago Centre, New Delhi
3. Expanding Horizons of Epithelial Pathologies of Oral and Maxillofacial Region beyond Oral Squamous Cell Carcinoma, First AIIMS Oral Pathology Symposium, 6 January 2020, CDER, AIIMS, New Delhi
4. Interesting Cases, HEADS UP-International Update in Head and Neck Pathology and Computational Pathology 2020, 18 January 2020, Tata Medical Center, Kolkata

## **Oral papers/posters presented**

1. Agarwal S, Yadav D, Khandpur S, Ramam M, Arava S, Singh MK. Scalp biopsy in alopecia: transverse vs vertical section, XL Symposium of the ISDP, 20 September 2019, Lisbon, Portugal
2. Agrima Sharma, Suri VS, Sharma MC, Sarkar C. 'Clinicopathological evaluation of PD-L1 expression and cytotoxic T-lymphocyte infiltrates across intracranial molecular subgroups of ependymomas: are these tumors potential candidates for immune check-point blockade? European Association of Neurooncology, annual meeting (EANO-2019), 19-22 September 2019, Lyon Convention Center Lyon, France
3. Das P, Baloda V, Battu S, Sahoo R, Vishnubhatla S, Sharma A, et al. PD1, PD-L1 and Her2 neu expression in gall bladder adenocarcinomas and their prognostic significance, Annual Meeting of United States and Canadian Academy, 29 February - 4 March 2020, Los Angeles Convention Center, Los Angeles, USA
4. Das P, Battu S, Singh A, Datta Gupta S, Makharia GK. Exploration of intestinal stem cell niche in patients with celiac disease Annual Meeting of United States and Canadian Academy, 29 February- 4 March 2020, Los Angeles Convention Center, Los Angeles, USA
5. Das P, Gahlot G, Singh A, Baloda V, Verma AK, Khanna G, et al. Improved Light Microscopic And Computer-assisted Image Analysis Based Classifications for Assessment of Intestinal Mucosal Biopsies in Adults International Celiac Disease Symposium, 4 September 2019, Paris, France
6. Garg H, Kaushal S, Seth A. A case of chromophobe RCC with membranous glomerulopathy DSI-Urology Meet, 22 February 2020, AIIMS, New Delhi
7. Garg H, Kumar S, Kaushal S. IgG4 disease masquerading as testicular tumor' 27th Annual North Zone USICON, 15-17 November 2019, Greater Noida (First Prize as Best Free Poster Category)
8. Garg H, Singh P, Nayak B, Kaushal S. Cystitis cystica: Knowing the nature of unknown voiding dysfunction, 27th Annual North Zone USICON, 15-17 November 2019 Greater Noida (First Prize as Best Poster)
9. Grind staff E, Pambuccian S, Alshaikh S, Hiroshima K, Hjerpe A, Jain D, et al. Usage of Immunohistochemistry in Body Fluid Cytology: Variation Uncovered by an International Study of over 20,000 Cases from Seven Countries and Four Continents, USCAP 2020, 28 February to 5 March 2020, Los Angeles Convention Centre, USA
10. Guleria P, Malik PS, Barwad A, Mathur SR, Iyer VK, Jain D. Single Cell Pattern' of Adenocarcinoma Cells in Effusion Cytology: Morphologic Challenges of Lung Cancer, International Congress of Cytology, May 2019, Sydney, Australia
11. Jain D, Singh V, Malik P, Mohan A. Epidermal Growth Factor Receptor (EGFR), mutation spectrum in pulmonary adenocarcinomas: Indian experience World Conference on Lung Cancer, 7-10 September 2019 Barcelona, Spain
12. Jain S, Mallick S, Ramteke P, Agarwal M, Dhawan R, Saxena R. Nodal Erythroid Sarcoma a diagnostic enigma Hematocon 2019, 60th Annual Conference of Indian Society of Hematology and Blood Transfusion, 7-10 November, New Delhi
13. Jain S, Mallick S, Ramteke P, Gogia A, Bakhshi S, Sharma A. Panorama of Lymphoma in India: A tertiary care center review Hematocon 2019, 60th Annual Conference of Indian Society of Hematology and Blood Transfusion, 7-10 November, New Delhi
14. Jain S, Sakthivel P, Thakar A, Pramanik R, Biswas A, Sharma A, et al. Prognostic implications of Tumor infiltrating lymphocytes and Tumor associated macrophages in nasopharyngeal carcinoma HEADS UP- International Update in Head and Neck Pathology and Computational Pathology 2020, 18 January 2020, Tata Medical Center, Kolkata
15. Kakkar A, Roy D, Sarangi J, Sharma SC. Metastases to parotid gland: A challenging scenario 68th Annual National Conference of Indian Association of Pathologists and Microbiologists (IAPM) – APCON 2019, 6-8 December 2019, PGIMER, Chandigarh
16. ## RESEARCH

### Funded projects

#### Ongoing

1. A comprehensive analysis of mammalian target of rapamycin (mTOR) and mitogen activated protein (MAP) Kinase signaling pathways in non- small cell lung carcinoma, Deepali Jain, Lady Tata Memorial Trust Young Researcher Award, 5 years, 2015-2020, Rs 29 lakhs
2. A multi-centric study to develop comprehensive molecular genetic panels for glioblastoma personalized therapy. Chitra Sarkar, DBT, 5 years, 2016-2021, Rs 50 lakhs (approx.)
3. A novel Immuno Nano Fluorescence Assay (INFA) system for noninvasive detection of prostate cancer using urine based protein biomarkers, PSA and MSMB, AK Dinda, DST, 3 years, 2018-2021, Rs 70.89 lakhs
4. Analysis of circulating DNA for BRAF (T1799A) mutation as a futuristic non-invasive tool for diagnosis of papillary thyroid cancer. Shipra Agarwal, ICMR, 3 years, 2018-2020, Rs 8.12 lakhs
5. Clinicopathological and serological assessment of adult-onset idiopathic inflammatory myopathies (IIM) aimed at improved characterization of sporadic inclusion body myositis, MC Sharma, ICMR, 3 years, 2020-2023, Rs 50 lakhs
6. Comparison of various diagnostic modalities for identification of refractory celiac disease in a cohort of patients with celiac disease unresponsive to gluten -free diet, P Das, ICMR, 3 years, 2019-22, Rs 38.29 lakhs
7. Correlation of Immunologic Milieu and PD-L1 in Non-Small Cell Lung Carcinoma, Deepali Jain, AIIMS, 2 years, 2018-2020, Rs 8 lakhs
8. Development of Labyrinth based mechanical and fast isolation technique for identifying circulating tumor cells of colorectal carcinomas for metastasis evaluation, Asit Ranjan Mridha, DHR, 3 years, 2019-2022, Rs 30 lakhs
9. Development of minimal invasive novel injectable hydrogel and nano-carrier - hybrid system for localized targeted cancer therapy, AK Dinda, DHR, 3 years, 2018-2021, Rs 75.56 lakhs
10. Development of Rotary Ultrasonic Bone Drilling Machine Prototype, Asit Ranjan Mridha, SRISTI, Ahmedabad, Gujrat, 2 years, 2018-2020, Rs. 15 lakhs
11. DHR-ICMR Advance Medical Oncology Diagnostic Services (DIAMONDS) under HTA Inpiot research project, Chitra Sarkar, DHR-ICMR, 3 years, 2020-23, Rs 170 lakhs
12. Evaluation of Artificial Intelligence as a Diagnostic Tool for Automated Detection and Grading of Colorectal Cancer, Rajni Yadav, AIIMS-IIT Delhi, 2 years, 2018-2020, Rs 20 lakhs
13. Evaluation of EGFR mutations, HPV status and PD-L1 expression in pathogenesis of sinonasal squamous neoplasms, Aanchal Kakkar, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
14. Evaluation of Machine Learning Techniques including Deep Learning for Identification of Malignancy in Tissue Samples, Aanchal Kakkar, AIIMS-IITD collaborative research project, 2 years, 2018-2020, Rs 20 lakhs
15. Evaluation of molecular sub types of peripheral T cell lymphoma, S Mallick, AIIMS, 2 years, 2019-2020, Rs 10 lakhs
16. Explainable Deep Learning for Automated Evaluation & Grading of Duodenal Biopsies, P Das, AIIMS-IIT Delhi Collaborative Research Project, 2 years, 2019-2021, Rs 10 lakhs
17. Identification of Comparative Genetic and Epigenetic Alterations of Various Proto-Oncogenes and Tumor Suppressor Genes, Implicated in Development of Aberrant Crypt Foci of Proximal Versus Distal Colon. P Das, DST under Women Scientist Scheme, 3 years, 2017-2020, Rs 27 lakhs
18. Identification of novel molecular subtypes of prostate cancer as potential therapeutic targets for immunotherapy, Seema Kaushal, ICMR, 3 years, 2020-2023, Rs 25 lakhs
19. Immunohistochemical characterization of four common viruses in a clinically suspected cases of viral myocarditis, Sudheer Arava, AIIMS, 2 years, 2018-2019, Rs 10 lakhs
20. Immunomodulators in small cell lung cancer: Basis for implementation of cancer immunotherapy, Deepali Jain, DST, 3 years, 2019-2022, Rs 40 lakhs
21. Immunophenotypic profile of tumour infiltrating cells of the immune system & expression of PDL1 in triple negative/Her-2 neu positive breast cancer patients and their correlation with response to neoadjuvant chemotherapy, Sandeep R Mathur, DST, 3 years, 2017-2020, Rs 21 lakhs

22. Integrative transcriptome analyses of different histological and molecular subgroups of meningiomas to identify prognostic signature and therapeutics, V Suri, ICMR, 2019-2022, Rs 62 lakhs
23. JC Bose Research Fellowship, Chitra Sarkar, DST, 5 years 2016-2020, Rs 15 lakhs per year
24. miRNA as disease modifier in HLA-DQ2/DQ8 matched first-degree relatives of patients with celiac disease, P Das, DST, 3 years, 2018-2021, Rs 45 lakhs
25. Molecular characterization of Endometrial Cancer and its correlation with Clinicopathological Features, Sandeep R Mathur, AIIMS, 2 years, 2018-20, Rs 10 lakhs
26. Molecular characterization of olfactory neuroblastomas for classification into prognostically and therapeutically relevant subgroups, Aanchal Kakkar, SERB, 3 years, 2020-2023, Rs 47 lakhs
27. Molecular subtyping of Muscle Invasive Bladder Cancer on the basis of IHC markers, Seema Kaushal, AIIMS, 2 years, 2019-2021, Rs 4.9 lakhs per year
28. MUC1 Pulsed DC-derived exosomes for cancer immunotherapy, Adarsh Barwad, DBT, 3 years, 2019-2021, Rs 62.27 lakhs
29. NIRMAAN 3D-Novel minimally invasive Implants for Reconstructive surgery using materials providing mechanical instruction and prepared by 3D printing, AK Dinda, DBT, 4 years, 2018-2022, Rs 64.34 lakhs
30. Normal superior and inferior parathyroid glands: Molecularly similar or dissimilar? Shipra Agarwal, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
31. Novel minimally invasive implants for Reconstructive surgery using Materials providing mechanical instruction and prepared by 3D printing, AK Dinda, DBT (Indo-Dutch), 3 years, 2018–2021, Rs 50.88 lakhs
32. Pharmacological effects vitamin D in diabetic cardiomyopathy via ACE2/Angiotensin (1-7)/Mas receptor axis in experimental diabetic rats, Asit Ranjan Mridha, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
33. Prognostic relevance of p53 mutation in advanced soft tissue sarcoma, Asit Ranjan Mridha, AIIMS, 2 years, 2018-2020, Rs 5 lakhs
34. Proposal for Creating & Testing Virtual Teaching Modules (MOOCs) in various areas of Healthcare, Manoj Kumar Singh, Swayam & Swayam Prabha (Ministry of HRD), 3 years, 2018 -2021, Rs 3.15 lakhs
35. Ras Homolog Member A (RHOA) and Isocitrate Dehydrogenase (IDH2) mutations in Angioimmunoblastic T-cell lymphoma, S Mallick, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
36. Sequencing Target genes aimed at Neuromuscular disorders in India (STAND-INDIA), MC Sharma, ICMR, 3 years, 2018-2021, Rs 50 lakhs
37. Study of Clinical, Laboratory and Pathological Profile of Pediatric Patients with Persistent Cholestasis, Rajni Yadav, AIIMS, 2 years, 2018-2020, Rs 9.9 lakhs
38. Study of HPV association in Sino-nasal epithelial tumors, Deepali Jain, AIIMS, 2 years, 2018-2020, Rs 20 lakhs
39. Study of Urinary Exosome as a Predictive biomarker for podocytic injury in childhood idiopathic nephrotic syndrome, Geetika Singh, DBT, 3 years, 2018-2021, Rs 76.17 lakhs
40. Sudden cardiac death: Histopathological and molecular study to identify the course, Sudheer Arava, ICMR, 3 years, 2019-2021, Rs 69 lakhs
41. Surrogate molecular and Immunohistochemical markers to categorize the colorectal carcinomas as per the Comprehensive molecular subtypes and its clinical relevance, P Das, AIIMS, 2 years, 2019-21, Rs 10 lakhs
42. The Genetic Landscape of Alport Syndrome in India with Phenotypic Correlation, Geetika Singh, ICMR, 3 years, 2020-2023, Rs 80 lakhs
43. To evaluate the molecular subtypes of peripheral T Cell Lymphomas, S Mallick AIIMS, 2 years, 2019-20, Rs 10 lakhs
44. To evaluate the role of CMYC, BCL2, BCL6 AND Epstein Barr virus on survival in patients with refractory/relapsed primary diffuse large b cell lymphoma: An ambispective study, S Mallick, DST, 3 years, 2016-2019, Rs 30 lakhs
45. To evaluate the role of microenvironment clonality assay and 9P24 alteration in diagnosis and prognostication of refractory Hodgkin's Lymphoma, S Mallick, DST, 3 years, 2017-2020, Rs 35 lakhs
46. To evaluate the role of R2TP Complex as a novel regulator of PI3K/Akt/mTOR and AR signalling pathway in prostate cancer, Seema Kaushal, DHR, 3 years, 2020-2023, Rs 26 lakhs
47. Tumor Immune landscape: PDL1 expression and evaluation of tumor immune interplay by investigating the immune cell infiltration in supratentorial ependymoma and its correlation with survival outcomes, MC Sharma, ICMR, 3 years, 2020-2023, Rs 35 lakhs
48. Unraveling the role of miRNA clusters (C14MC & C19MC) in oligodendrogliomas: Study using genetic and functional approach with clinicopathological correlations, Chitra Sarkar, ICMR, 3 years, 2017-2020, Rs 10 lakhs per year

49. Unravelling the functional relevance of Snail paralogs in the pathogenesis of pediatric ependymomas, MC Sharma, DST, 3 years, 2018-2020, Rs 45 lakhs
50. Utility of newer immunohistochemistry markers in proper characterization of small B-cell non-Hodgkin's lymphomas, Prashant Ramteke, AIIMS, 2 years, 2017-2019, Rs 6.5 lakhs

### Completed

1. Analysis of NPHS1, NPHS2, WT1, ACTN4 and INF2 in non syndromic focal segmental glomerulosclerosis, Adarsh Barwad, AIIMS, 2 years, 2016-2018, Rs 10 lakhs
2. Association of BK Polyoma virus and urothelial carcinoma: A study in the Indian population, Geetika Singh, AIIMS, 1 year, 2012-2014, Rs 4.93 lakhs
3. Detection and comparison of EGFR mutations in matched tumor tissues and sera of patients with pulmonary adenocarcinoma, Deepali Jain, DBT, 3 years, 2016-2019, Rs 25 lakhs
4. Evaluation of HPV status and its correlation with AKT/ mTOR signaling pathway activation in oral and oropharyngeal squamous cell carcinomas, Aanchal Kakkar, AIIMS, 2 years, 2017-2019, Rs 8.8 lakhs
5. Gene expression analysis of oncogene transcript in Aberrant Crypt foci, in comparison to the normal colonic mucosa and colorectal carcinoma, from formalin fixed paraffin embedded tissue samples, P Das, DBT, 3 years, 2015-2019, Rs 25 lakhs
6. Intestinal stem cells in celiac disease, P Das, AIIMS, 1 year, 2018-2019, Rs 5 lakhs
7. Study of p 53 immunoexpression and Ki67 LI in patients with advanced soft tissue sarcoma, Asit Ranjan Mridha, AIIMS, 2 years, 2016-2019, Rs 10 lakhs
8. The Virtual Skills Laboratory, Manoj K Singh, Deity (Department of Electronics and Information Technology, 2 years, 2014-2018, Rs 262.5 lakhs

### Departmental projects

1. Analysis of EGFR downstream pathways in NSCLC and elucidating mechanisms for TKI resistance
2. Analysis of immune check point markers in gliomas
3. Clinico pathological Profile of Anaplastic Large cell lymphoma
4. Comparison of molecular and immune profile of Epithelioid GBMs and PXA
5. Detection of streptococcal bacterial DNA with polymerase chain reaction in excised valvular tissue of RHD patients
6. Detection of human papilloma virus in sinonasal epithelial tumors
7. Differential expression of apoptosis related miRNA in diagnosis and Prognosis of Wilms Tumor and Neuroblastoma
8. EMT pathway in meningioma
9. Evaluation of chromatin remodeling, mTOR pathway and SSTR expression in pancreatic neuroendocrine neoplasms
10. Evaluation of EGFR mutations and AKT/ mTOR pathway in sinonasal squamous neoplasms
11. Evaluation of MSI and PDL1 Expression in Upper Tract Urothelial Carcinomas
12. Histological Analysis and Subcategorization of Progressive Familial Intrahepatic Cholestasis
13. Histopathological evaluation of surgically excised rheumatic heart valves
14. Molecular characterization of Endometrial Cancer and its correlation with Clinicopathological Features
15. Molecular profiling of Epithelioid Glioblastoma
16. Prognostic relevance of p53 mutation in patients with advanced soft tissue sarcoma
17. Programmed Death Ligand -1 Expression in Molecular subtypes of Muscle Invasive Bladder Cancer
18. Ras homolog gene family (RHOA) and Isocitrate dehydrogenase 2 (IDH2) mutation in Angioimmunoblastic T cell Lymphoma (AITL)
19. Study of EGFR-MAPK, NFKB and SHH pathway activation in corticotroph pituitary adenomas
20. Study of intra-tumoral heterogeneity in surgically resected gall bladder adenocarcinoma
21. Study of iron homeostasis in chronic kidney disease
22. Study of p53 immunoexpression and Ki67 LI in patients with advanced soft tissue sarcoma
23. Study of PD-L1 expression and correlation with mutational profiling in thyroid carcinomas.
24. Study of WNT and Sonic hedgehog signaling pathways in olfactory neuroblastoma
25. Study on the activation of lectin pathway of complement in membranoproliferative glomerulonephritis
26. Sudden cardiac death in young: An histopathological and molecular study to identify the cause

27. Utility of a Panel of Surrogate Immunohistochemical and Molecular Markers to Classify Human Colorectal Carcinomas according to the Consensus Molecular Subtypes and Clinical Correlation

### ***Completed***

1. A comparative study of efficacy and composition of various cell populations of extracted hair follicle outer root sheath cell suspension prepared using a single enzyme (trypsin) and multiple enzymes (trypsin, collagenase and dispase) for transplantation in vitiligo
2. An immunohistochemical and ultrastructural study of glomerular capillary endothelial injury in cellular rejection
3. Analysis of selected Transcription factors and Receptors in Primary Hyperparathyroidism.
4. Cell death Ligand 1 and its association with T regulatory cells In Non Small cell lung carcinoma: Use of cytology specimen.
5. Clinicopathological Profile of Diffuse Large B Cell Lymphoma
6. Clinical and Histopathological Analysis of Tonsils in Obstructive Airway Patients
7. Clinicopathological study of infant gliomas
8. Development of low cost functionalized biocompatible polymeric wound dressing
9. Development of targeted nanodrug delivery system for Rheumatoid Arthritis
10. DNA methylation array for molecular subgrouping of medulloblastomas (Dr Chitra Sarkar)
11. Expression of Her 2 neu stain in gall bladder carcinoma and its clinical impact
12. Expression of Matrix Metalloproteinase-2, Matrix Metalloproteinase-9, Tissue Inhibitor Metalloproteinase-1, Tissue Inhibitor Metalloproteinase-2, Collagen I and IV Expression in Thoracic Aortic Aneurysms
13. Expression of PD1, PD-L1 and CD8 cell markers in gall bladder carcinoma and their clinical impact
14. EZH2-WNT expression and correlation in tumor invasiveness, stem cell phenotype and progression in pituitary adenomas
15. Fibrillin 1 gene mutation and TGF beta in TAAA of non marfanoid individuals
16. Histological Features of acute on chronic failure on Tru-cut Liver Biopsies
17. Histopathological and electron microscopic changes in ligamentum flavum in patients with degenerative lumbar canal stenosis Study of p 53 immunoexpression and Ki67 LI in patients with advanced soft tissue sarcoma
18. Membranous Nephropathy: A study of immunofluorescence, electron microscopy and PLA2R profile with clinical correlation
19. PDL-1 expression and tumor infiltrating lymphocytes in triple negative breast cancer and its correlation with clinico-pathologic features and response to chemotherapy (MD Thesis)
20. Programmed Death Ligand-1 (PDL-1) and its Association With T Regulatory Cells in Non-small Cell Lung Carcinoma: Use Of Cytology Specimens
21. Study of galactose deficient IgA1 in glomerular diseases
22. Subtyping of primary muscle invasive bladder carcinoma into basal and luminal types on the basis of immunohistochemical markers
23. Targeted nanoparticle based drug delivery system for the treatment of Kalazar
24. Targeted sequencing of IDH negative gliomas
25. Utility of urinary circulating cell free DNA in EGFR mutation testing of pulmonary Adenocarcinoma

### **Collaborative projects**

#### ***Ongoing***

1. A prospective comparison of mri-inbore targeted biopsy with 12-core systematic transrectal ultrasound biopsy in the diagnosis of prostate cancer, Radiology
2. A prospective observational study comparing CT scan vs PET CT scan in carcinoma ovary for determining the pre operative disease burden and resectability, Surgical Oncology
3. A prospective study to evaluate the accuracy of axillary staging using ultrasound guided fine needle aspiration cytology (fnac) in early breast cancer patients, Surgical Oncology
4. A Study of Immune Pathways in the Pathogenesis of Chronic Pancreatitis, Gastroenterology
5. Artificial skin (Bio-inspired bi-layer polymeric hybrid scaffold) for burn injuries in trauma care (IMPRINT Project), Center for Biomedical Engineering, IIT, Delhi

6. Assessment of disease severity inpatients with epithelial ovarian cancer by EMT related protein expression and micro RNA 200a,b,c, Gyn &Obs
7. Autoantibody associated alternative complement pathway dysregulation in nephrotic syndrome secondary to membranoproliferative glomerulonephritis Pediatric Nephrology
8. Autologous non cultured dermal cell suspension transplantation in treatment of facial volume loss, Dermatology
9. Bio statistical Aspects of Prognostic Factors Including Molecular Parameters in Breast Cancer Patients: An Epidemiological Appraisal, BRA-IRCH
10. Biomarkers based early diagnosis and understanding of breast cancer metastasis by infrared imaging, Biophysics
11. Brain metastasis in lung cancer, Medical oncology
12. BRCC3 expression as a prognostic marker in Oropharyngeal squamous cell carcinoma patients and its effects on radiotherapy resistance, Otorhinolaryngology
13. Cancer stem cells in Colon Carcinoma, Biochemistry
14. Cellular and Immunomodulatory Functions of Dipeptidylpeptidase III in Esophageal Cancer, Biochemistry
15. Circulating microRNAs as biomarkers for testicular germ cell tumors: A pilot study, Reproductive Biology
16. Comparative evaluation of MicroRNA profiling and cytokine profiling analysis in patients with Pulmonary Sarcoidosis and Mediastinal tuberculosis, Pulmonary Medicine
17. Comparative evaluation of miRNA in mediastinal sarcoidosis and tuberculosis, Pulmonary Medicine & Sleep Disorders
18. Comparison of cold cup versus bipolar biopsy specimens for bladder carcinoma, Urology
19. Comparison of standard 12 cores systematic TRUS guided biopsy and MRI-fusion biopsy in the detection of prostate cancer-a prospective randomized study, Urology
20. Correlation of barrel index determined by MRI in early cervical cancer with operability, lymph node status and local extension of disease, Gynaecology & Obstetrics
21. CT texture analysis of renal masses for prediction of histopathology, Radiology
22. Detection of streptococcal bacterial DNA with polymerase chain reaction in excised valvular tissue of RHD patients, Cardiology
23. Development of a new formulation and packaging for reducing adverse effects and injection pain of Mycobacterium vaccine and its clinical trial in recalcitrant anogenital and extra-genital (common) warts, Dermatology
24. Development of non-invasive diagnostic kit for ovarian cancer: A new walk on old path, Biophysics
25. Development of Rotary Ultrasonic Bone Drilling Machine Prototype, Mechanical Engineering, IIT, Delhi
26. Differences in the Microvessel Density and Growth Factors between the inner and outer preputial skin in Distal Hypospadias, Pediatric Surgery
27. Efficacy of cold atmospheric plasma jet for its antimicrobial activity against drug resistant bacterial and fungal pathogen: An in-vitro and in-vivo study, Microbiology
28. Estrogen Related Receptor gamma (ERR $\gamma$ ) as a potential biomarker and therapeutic target for thyroid cancer and its correlation with iodine handling genes in thyroid cancer, Medical Oncology Lab
29. Evaluation of anti-urolithiatic activity of herbal extracts in animal model, National Innovation Foundation, Ahmedabad
30. Evaluation of genetic profile of olfactory neuroblastomas, Otorhinolaryngology
31. Evaluation of immune checkpoint in tumor microenvironment of osteosarcoma, Orthopaedics
32. Evaluation of Immune escape mechanism in RCC, Biochemistry
33. Evaluation of Renal Cell Carcinoma with C11-Methionine PET/CT and comparison with 18 Flourodeoxyglucosw PET/CT, Nuclear Medicine
34. Evaluation of unknown head and neck primaries metastatic to cervical lymph nodes, Otorhinolaryngology
35. Exploring the phenotypic and functional role of  $\gamma\delta$  T cell subsets along with Pattern recognition receptors (PRRs) in the immunopathogenesis of PemphigusVulgaris, Pharmacology
36. Exploring the role of adipose tissue ABCA1 in determining serum HDL cholesterol, Biochemistry
37. Fat gene in gliomas, Biochemistry
38. FBXO4 as a novel Ubiquitin Ligase that targets cyclin D1 in pathogenesis of breast cancer, Biochemistry
39. Finding the correlation of toll like receptors (TLRs) with inflammation in patients with chronic heart failure, Cardiology
40. Genetic Study on Sertoli Cell Only Syndrome, Reproductive Biology

41. Human Papillomavirus status in Penile carcinoma in Indian patients: Incidence, type distribution and correlation with Clinico-pathological staging, Urology
42. Identification of Glucose related protein 78(GRP78) as a biomarker for tumor behavior in patients of renal cell carcinoma, Urology
43. Identification of Potential Molecular markers (PRL3 phosphatase, CAV2, LAMA4) in Renal Cell Carcinoma for predicting tumour behaviour, Urology
44. Molecular and immune profile of midline gliomas, Neurosurgery
45. Molecular and immunological characterization of benign fibrous lesions affecting oral and maxillofacial region, Oral Pathology and Microbiology, CDER
46. MUC! Pulsed DC-derived exosomes for cancer immunotherapy, IIT, Delhi
47. Mycobacterium paratuberculosis in human Crohn's disease and Jone's disease: A multicenter Indian study, Gastroenterology
48. Optical Characterization of Breast cancer, Surgery
49. Pharmacological effects vitamin D in diabetic cardiomyopathy via ACE2/Angiotensin (1-7)/Mas receptor axis in experimental diabetic rats, Pharmacology
50. Phenotypic and molecular characterization of Th17 and Treg cells in renal cell carcinoma, Biochemistry
51. Potassium channel expression in the intestinal tissues of patients with ulcerative colitis correlates with disease severity and long term outcomes, Gastroenterology
52. Prevalence of Dermatitis Herpetiformis in patients with celiac disease Gastroenterology
53. Prevalence of refractory celiac disease: An Institutional study, Gastroenterology
54. Production of a crucial therapeutic protein for Trauma and Accident care in Escherichia Coli system (IMPRINT Project), The School of Biological Sciences, IIT, Delhi
55. Retrospective Analysis of Testicular Germ Cell tumours at IRCH, AIIMS, Medical Oncology
56. Role of B Cells in Urinary Bladder Carcinoma, Biochemistry
57. Role of circulating tumour cells and CXCR1 expression in patients with metastatic RCC, Urology
58. Role of micro RNA in identifying benign versus malignant variety of cystic neoplasm of pancreas, Gastroenterology
59. Role of MRI in evaluation of residual tumor burden following neoadjuvant chemotherapy in patients with breast cancer, Radiodiagnosis
60. Role of PAQosome Complex in the Regulation of Beta Oxidation during Prostate Cancer Progression, Biochemistry
61. Role of Phosphofructokinase-P (PFKP) in Breast cancer, Med Oncology BRA-IRCH
62. Role of Shearwave Elastography and Multiparametric MRI in the assessment of endometrial pathology, Radiodiagnosis
63. Studies on the effect of Roxithromycin in an experimental model of prostatitis, Pharmacology
64. Study of Autophagy associated HMGB-1 and its related molecules in Urothelial Carcinoma of Bladder, Biochemistry
65. Study of cardiac markers, gross findings and histopathological Changes in heart in cases of suspected cardiac death, Forensic Medicine
66. Study of intestinal stem cell niche in celiac disease, Gastroenterology & RCB, Faridabad
67. Study of miRNA profile in Sertoli Only Syndrome (SCOS), Reproductive Biology
68. Study of miRNA-182 and miRNA-187 as potential biomarkers in prostate cancer patients and its correlation with serum PSA, Gleason score and staging of prostate cancer, Urology
69. Study of PKC signaling in Ovarian Serous Carcinoma, Med Oncology BRA-IRCH
70. Study of Sesamol in Bleomycin induced pulmonary toxicity in rat, Pharmacology
71. The clinicopathological evaluation of cholesteatoma aggressiveness, Otorhinolaryngology
72. The Role of <sup>68</sup>Ga-PSMA-PET/CT Scan as a single Staging Modality in Prostate Cancer, Nuclear Medicine
73. Thymic tumors and VATS Laparoscopic Surgery
74. To characterize immune landscape of SCLC in tumor and peripheral blood circulation, Pathology
75. To identify unique differential signatures for the diagnosis of stage-specific Non alcoholic fatty liver disease using the multi-omics approach: A pilot study, Gastroenterology
76. To study correlation of TIRADS and cytological grading with final histopathology in solitary thyroid nodule, Surgical disciplines

77. Use of Cancer Testis Antigen POTE-E in preoperativediagnosis of Epithelial Ovarian Tumors: A Pilot Study, Gyn &Obs
78. Utility of newer immunohistochemistry markers in proper characterization of small B- cell non-Hodgkin's lymphomas, Pathology
79. Utility of Radiolabeled Antibiotics as Imaging Agents in Establishment of a Decision Support Algorithm in Patients with Pyrexia of Unknown Origin (PUO) caused by Infection and its Impact on Short Term and Long Term Clinical Outcomes, Nuclear Medicine

### **Completed**

1. A Comparative Evaluation of HPV E6/E7 mRNA Assay and High Risk HPV DNA Test for the Diagnosis of High Grade Cervical Intraepithelial Neoplasia, Gynaecology & Obstetrics
2. A pilot study to assess the therapeutic potential of Lu-177\_DKFZ\_PSMa 617 in Ga-68 PSMA HBED CC PET CT positive anaplastic thyroid carcinoma, Nuclear Medicine
3. Abnormalities in metabolic pathways in Celiac disease investigated by the metabolic profiling of small intestinal mucosa, blood plasma and urine by NMR spectroscopy, NMR
4. Assessment of the role of early dynamic PET/CT with 18F-Fluorocholine in differentiation of parathyroid lesions and lymph nodes in patients with primary hyperparathyroidism, Nuclear Medicine
5. Clinical Significance of Notch Pathway Associated microRNA-107 in Pancreatic Ductal Adenocarcinoma, Gastroenterology
6. Clinical Utility of cell-free DNA in intraoperative pleural lavage fluid and plasma for patients with resectable primary pulmonary malignancies – A pilot study, Surgical oncology
7. Comparison of 4D CT, 4D MRI and Fluorocholine PET in the Localisation of Parathyroid Lesions in Patients with Primary Hyperparathyroidism (HPT), Radiodiagnosis
8. Comparison of diagnostic yield using graded suction pressures during EBUS TBNA, Pulmonary Medicine & Sleep Disorders
9. Evaluation of Transient Elastography, Hepatic Iron Concentration by MRI T2\* Liver, Serum Liver Fibrosis Indexes versus Liver Biopsy in Thalassemia Major patients who are candidates for Hematopoietic Stem Cell Transplant (HSCT), A Comparative Pilot study, Hematology
10. Mesenchymal stem cells (MSCs) offer a drug tolerant and immune-privileged niche to Mycobacterium tuberculosis, Gastroenterology, AIIMS & IGIB, New Delhi
11. Microarray based Gene Expression Profiling of Advanced Gall Bladder Cancer: A Pilot Study, Medical Oncology
12. Minimally invasive autopsy (MIA) in the evaluation of fetal malformations and still births- A feasibility study for the development of a standard protocol for still birth evaluation, Pediatrics
13. Molecular classification of breast cancer using FDG PET CT, MRI and NMR: A pilot study, Surgery
14. REG4 expression in Pancreatic Ductal Adenocarcinoma can serve as a potential marker both for Diagnosis and Assessment of Prognosis, Gastroenterology
15. Role of hENT1, RRM1, RRM2, and ERCC1 expression in Advanced gall bladder Carcinoma treated with Gemcitabine-Platinum Doublet, Medical Oncology
16. Role of hENT1, RRM1, RRM2, and ERCC1 expression in Advanced gall bladder Carcinoma treated with Gemcitabine-Platinum Doublet, Medical Oncology
17. Role of HRCT in the diagnosis of apparently idiopathic interstitial lung diseases, Radiodiagnosis
18. Role of shearwaveelastography and multiparametric MRI in the assessment of endometrial pathology, Radiodiagnosis
19. Role of sono-elastography in the assessment of uterine pathology, Radiodiagnosis
20. Scalp biopsy: A comparison of vertical and transverse sections in alopecia diagnosis, Dermatology
21. Sculpturing corneal constructs using micropatterned surface and decellularized cornea, Textile Engineering, IIT Delhi, Stem Cell Facility, RP Center
22. Study of predictors of diagnostic yield of various interventional pulmonology procedures for Lung Cancer, Pulmonary Medicine & Sleep Disorders
23. To Study Spectrum of Extra Small Intestinal Gastrointestinal Tract Involvement in Celiac Disease, Gastroenterology

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

### Resident Awards

**Best poster award** won by Roy D, Kumar H, Sarangi J, Kakkar A, Jain D, Mathur SR, Iyer VK, Dhar A, Fine Needle aspiration cytology of retiformhemangioendothelioma: a maiden case report. Eighth Annual Conference of Delhi Chapter of Indian Academy of Cytologists, 21st September 2019, New Delhi, India

**Best poster award** won by Roy D, Kakkar A, Jain D, Mathur SR, Iyer VK, Fine needle aspiration cytology of metastases to parotid gland, 49th Annual Conference of Indian Academy of Cytologists, 7-10 November 2019, Chandigarh, India  
Kumar M Awarded **First Prize as Best Research Paper - Marudhara Jodhpur Prize session at Annual USICON 2019**

**Young Investigator Award:** Varsha Singh PhD Student: National Lung Cancer Conference (NALCCON), KGMC, Lucknow for work entitled as 'Survival analysis of common and uncommon EGFR (Epidermal Growth Factor Receptor) mutations in non-small cell lung carcinoma (NSCLC), December 2019

**Runner up prize** for poster presentation to Dr Shraddhanjali Satapathy at National Lung Cancer Conference (NALCCON), KGMC, Lucknow for work entitled as 'EGFR mutation testing on plasma and urine samples: A pilot study evaluating the value of liquid biopsy in lung cancer diagnosis and management', December 2019

**Dr Satya Monga Award** (Dr Tripti Nakra) for published paper titled INSM1 is a robust nuclear immunostain for the diagnosis of small cell lung carcinoma in cytology smears, Cytocon, November 2019.

**Professor Chitra Sarkar** was Member of working committee of CIMPACT-NOW (Consortium to Inform Molecular and Practical Approaches to CNS tumor Taxonomy), Co-author in upcoming WHO classification of CNS tumors and updates of CIMPACT-NOW, Appointed as President, AIIMS, Kalyani by Ministry of Health & Family Welfare, Chairperson of the Committee constituted by Ministry of Health & FW to suggest recommendations regarding Bhopal Memorial Hospital and Research Centre (BMHRC), Member, Governing Body of Institute of Medical Sciences, Banaras Hindu University Member, THSTI Society Committee Nominated Member of DST-INSPIRE Fellowship Standing Committee Nominated Member of Expert Evaluation Committee of DST-INSPIRE Fellowship Chairperson, Women's grievance cell, AIIMS, Chairperson, Prevention of Sexual Harassment of Women at AIIMS, Coordinator for Memorandum of Understanding between AIIMS and other Institutions for collaborative research, Member of Nano Mission Council (NMC) of Department of Science and Technology, Government of India, Member, Apex Committee for North Eastern Region Biotechnology Programmes of Department of Biotechnology, Vice President of the International Society of Neuropathology, Secretary, Neuropathology Society of India, Selection committee member for Ranbaxy Awards, Member of Sectional committee (Health Sciences) of INSA, Member, Editorial Board of journal Neuropathology (published from Japan), Member, Assessment Committee for scientists' promotions of ICMR, Member of the Governing Body and Scientific Advisory Committee of National Brain Research Centre, Manesar, Member of the Scientific Advisory Committee of Institute of Pathology, New Delhi, Co-chairperson of Human Ethics Committee of National Institute of Immunology, New Delhi, Member, Oncology Sub-Committee of NCD-III, ICMR.

**Professor Manoj K Singh** Chaired Session 68th Annual Conference of Indian Association of Pathologists & Microbiologists & IAP-ID, 5 December 2019 to 8 December 2019, Department of Histopathology, PGIMER, Chandigarh.

**Professor AK Dinda** was nominated as Executive Council Member of Global Council of Regulatory Science Research at Global Summit on Regulatory Science 2019 (GSRs19), European Commission, Joint Research Centre Ispra, Italy.

**Professor Sandeep R Mathur** has been appointed as Secretary of the Delhi Chapter of Indian Academy of Cytologists for 3 years till 2020.

**Dr Deepali Jain** was Editorial Board Member World Health Organization Classification of Tumors Of Lung, Pleura, Thymus and Heart; Responsible author and Co-author of several chapters of World Health Organization Classification of Tumors Of Lung, Pleura, Thymus and Heart; Member Pathology Committee International Association for Study of Lung Cancer (IASLC), USA; 2019 PPS Travel award by Pulmonary Pathology Society USA, Dubrovnik, Croatia, June 2019; ICMR Travel Award 20<sup>th</sup> International Congress of Cytology, Sydney, Australia, May 2019; Chairperson Symposium on lung cancer AIIMS Pulmocrit 2019 March 2020 Delhi; Member Brain Storming Committee on COPD-DBT.

**Dr Seema Kausal** was nominated as Founder Executive Member of SGUP (Society of Genitourinary Pathologists) of India; paper entitled "Improved Correlation of Urinary Cytology Specimens by Implementation of the Paris System in biopsy proven Upper and Lower Urinary Tract Urothelial Carcinomas" was awarded as one of the top five papers in theme of Urine Cytology at International Conference of Cytology held at Sydney in May 2019; Chaired the session on "Common

Problems in Pathological Assessment of Testicular Tumors” Dialogues in urooncology: Urooncology Summit 2020, 22 February 2020, MP Urologiacal hospital and Teaching Institute Nadiad, Gujarat

**Dr Prasenjit Das** received Professor Kunti Devi Mahrotra Award for Published paper of the IAPM 2019-20 for Published paper of the APCON 2019, by the Indian Association of Pathologists & Microbiologists; Invited to present our research on patients with celiac disease and was a visiting Pathologist at the Beth Israel Deconess Medical Centre & Harvard Medical School, Boston, from 31 October -13 November 2019 under Celiac disease joint Research Network for excellence funded by Indo-US Science & Technology Forum (IUSSTF); invited to be the NationalEditorial Board Member, Indian Journal of Pathologists & Microbiologists from 1 January 2020.

**Dr Adarsh Barwad** Awarded Long term international fellowship for young scientist under ICMR/DHR 2019-2020 scheme at University of Pittsburgh PA, USA.

#### **VISITING SCIENTIST**

Dr Ian Cree MD WHO blue book editor IARC, Lyon, France

Dr HolgerMoch MD Professor of Pathology University of Zurich, Zurich, Switzerland

### HIGHLIGHTS

“SYMP NPIC – 2019”: National symposium on Poisoning as a public health problem was organized on 26 April 2019 to mark the 25th year of establishment of National Poison Information Centre (NPIC).

### EDUCATION

The Department is engaged in the teaching programmes of BSc Nursing (Hons), BSc OT Technician, MBBS, MSc (Medical Pharmacology), MD, PhD and DM (Clinical Pharmacology) courses.

### CMEs/Workshops/Symposia/National and International Conferences Organized by department

Fifth Annual Conference of the Delhi Chapter of Indian Society for Atherosclerosis Research (ISAR-DCCON 2019), 3 August 2019, AIIMS, New Delhi.

### Lectures delivered

**VL Kumar: 1**

**Sharda Shah Peshin: 2**

**Pooja Gupta: 3**

**Thomas Kaleekal: 1**

**Harlokesh Narayan Yadav: 2**

**Amita Srivastava: 1**

### VL Kumar

1. Therapeutic potential of plant derived latex: A case study, 5th IUPHAR World Conference on the Pharmacology of Natural: Products & 51th Annual Conference of Indian Pharmacological Society, 5-7 December 2019, National Institute of Nutrition, Hyderabad

### Pooja Gupta

1. Writing an effective abstract, Publication skill development: An Indian Pharmacological Society Initiative, 7 July 2019, ESIC Medical College, Hyderabad
2. About India Alliance Fellowship, Grantsmanship Workshop Series, 6 November 2019, AIIMS, Delhi
3. Safety of Antidiabetic Drugs, National CME on New Therapeutic Strategies for Type-2 Diabetes, 30 November 2019, AMU, Aligarh

### Harlokesh Narayan Yadav

1. Recent Trend in radiopharmaceuticals in drug discovery, Himachal Pharmacy College, 12 -13 September 2019, Nalagarh, Himachal Pradesh
2. Conditioning of heart: Recent update, International Conference of Cardiovascular Science-2020, 21-23 February 2020, DIPSAR, New Delhi,

### **Sharda Shah Peshin**

1. Moderated a Panel Discussion, 'Toxicovigilance & Prevention', "SYMP NPIC – 2019" - National Symposium on Poisoning as a public health problem, 26 April 2019, AIIMS, New Delhi,
2. The NPIC at AIIMS, New Delhi: A snap shot, "SYMP NPIC – 2019" - National symposium on Poisoning as a public health problem, 26 April 2019, AIIMS, New Delhi,

### **Thomas Kaleekal**

1. Epidemiology and SWOT analysis of Poison Information Centre in Indian scenarios with experience and evidence relevant to National Poisons Information Centre (NPIC), AIIMS, New Delhi, 'SAVEETA TOXICON 2020' International Workshop on AHLS, Poisoning & Simulated Disaster Management, 3-6 March 2020, Saveeta Medical College, Chennai

### **Amita Srivastava**

1. Household Poisoning-a glimpse, Toxic Detective- Masterclass on Toxicology, Hands-on training and Simulation Workshop, organized by Indian Society of Toxicology in association with Department of Emergency, Medanta-The Medicity & Department of Forensic Science and Criminal Investigation, Legal Desire, 4 February 2020, Medanta-Medicity, Gurugram

### **Oral papers/posters presented**

1. Arya DS, Bhatia J. Amelioration of Myocardial Injury in Diabetic Rats By Kaempferol, 29th European Meeting on Hypertension and Cardiovascular Protection (ESH-2019), 21-24 June 2019, Milano Congressi, Milan, Italy
2. Bhargava P, Bhatia J, Arya DS. Cardioprotective Effect of Hesperidin in an Experimental Model of Cardiac Hypertrophy, 29th European Meeting on Hypertension and Cardiovascular Protection, 21-24 June 2019, MiCo Milano Congressi, Milan, Italy
3. Bhargava P, Bhatia J, Arya DS. Cardioprotective Effect of Hesperidin in an experimental model of Cardiac Hypertrophy 5th Annual Conference of Indian Society for Atherosclerosis Research, Delhi Chapter, 3 August 2019, AIIMS, New Delhi, (Young Investigator Award-First Prize in Basic category)
4. Bhargava P, Arya DS, Bhatia J. Cardioprotective Effect of Hesperidin in Experimentally Induced Cardiac Hypertrophy In Rats, 16th Annual Conference of the International Society for Heart Research (ISHR, 2019), 15-17 February 2019, Jaipur
5. Bhatia J, Khan S, Arya DS. Febuxostat attenuates cardiac ischemia reperfusion injury by modulating MAPK/NF- $\kappa$ B/TNF- $\alpha$  pathway, 29th European Meeting on Hypertension and Cardiovascular Protection, 21-24 June 2019, MiCo Milano Congressi, Milan, Italy
6. Bhatia J, Tomar A, Kaushik S, Khan S, Malik S, Nag TC, et al. Galangin pharmacologically modulates Cisplatin-induced nephrotoxicity by targeting MAPK pathway, 5th IUPHAR World Conference on the Pharmacology of Natural Products (WCP-NP) & 51st Annual Conference of the Indian Pharmacological Society (IPS), 5-7 December 2019, National Institute of Nutrition, Hyderabad.
7. Joshi B, Singh D, Wasan H, Sharma U, Jagannathan NR, Dinda AK, et al. Tideglusib exerts neuroprotective effect in brain ischemic reperfusion injury in rats, 5th European Stroke Organization Conference (ESOC-2019), 22-24 May 2019, MiCo Milano Congressi, Milan, Italy
8. Kaushik S, Tomar A, Arya DS, Bhatia J. Sesamol modulates mechanistic pathways in a dose dependent manner in bleomycin-induced pulmonary toxicity in rats, 5th IUPHAR World Conference on the Pharmacology of Natural Products (WCP-NP) & 51st Annual Conference of Indian Pharmacological Society(IPS), 5-7 December 2019, National Institute of Nutrition, Hyderabad, Telangana, India, Hyderabad (IPS-CON – Best Poster Presentation Award (PC Dandiya Prize)
9. Kumar R, Arora R, Sarangi SC, Ganeshan NS, Kaleekal T, Gupta YK. Pharmacodynamic and pharmacokinetic interaction of hydroalcoholic leaf extract of Centella asiatica with valproate and phenytoin in experimental model of epilepsy in rats, 5th IUPHAR World Conference on the Pharmacology of Natural Products (WCP-NP) & 51st Annual Conference of Indian Pharmacological Society (IPS), 5 – 7 December 2019, ICMR – National Institute of Nutrition, Hyderabad
10. Rashid H, Katyal J, Tripathi M, Sood M, Gupta YK. Validation of the Indian version of Neurological Disorders Depression Inventory for Epilepsy (NDDI-E), 33rd International Epilepsy Congress, 22-26 June 2019, Convention Centre, Bangkok, Thailand
11. Rashid H, Katyal J, Tripathi M, Sood M, Gupta YK. Depression and Suicidal Ideation in Persons with Epilepsy: A Prospective Observational Study, 33rd International Epilepsy Congress, 22-26 June 2019, Convention Centre, Bangkok, Thailand

12. Rashid H, Katyal J, Tripathi M, Sood M, Gupta YK. Depression in persons with epilepsy on antiepileptic drugs and their correlation with serum brain-derived neurotrophic factor (BDNF) levels, 21st Joint Annual Conference of Indian Epilepsy Society and Indian Epilepsy Association (ECON 2020), 17-19 January 2020, Ashram Road, Ahmedabad
13. Reeta KH, Singh D, Sharma U, Jagannathan NR, Gupta YK. Monomethylfumarate exerts neuroprotection in experimental model of stroke by its anti-inflammatory and antioxidant properties, 14th World Congress on Inflammation, 15-19 September 2019, International Conference Centre, Sydney, Australia
14. Reeta KH, Singh D, Wasan H. Involvement of apoptosis related proteins in the neuro-protective effect of dihydromyricetin in transient focal ischemia reperfusion injury in rats, 24th World Congress of Neurology, 27-31 October 2019, World Trade Centre, Dubai, United Arab Emirates
15. Samuel SS. Menace of Chemical Terror Attacks in India in the Last Five Decades, International Conference on Medical & Health Sciences by Research forum, 29-30 January 2020, Karol Bagh, New Delhi.
16. Sarangi SC, Pattnaik SS, Katyal J, Kaleekal T, Dinda AK. Effect of Ocimum sanctum on Kindling Model of Epilepsy in Comparison to Levetiracetam, 33rd International Epilepsy Congress, 22-26 June 2019, Convention Centre, Bangkok
17. Sarangi SC, Kaur N, Tripathi M. Quality of Life and Cost of Treatment Assessment in Persons With Epilepsy on Monotherapy of Conventional and Newer AEDs, 33rd International Epilepsy Congress, 22-26 June 2019, Convention Centre, Bangkok
18. Sarangi SC, Dash Y. Impact of Climate Change on Non-Communicable Diseases like
19. Depression in India, AGU Fall Meeting 2019, 9-13 December 2019, Moscone convention center, San Francisco, CA, USA
20. Singh D, Wasan H, Joshi B, Prakash R, Sharma U, Jagannathan NR, Dinda AK, Reeta KH. Temporal expression profile of heme oxygenase-1 after cerebral ischemia reperfusion injury in rats, 5th European Stroke Organization Conference (ESOC-2019), 22-24 May 2019, MiCo Milano Congressi, Milan, Italy
21. Singh D, Wasan H, Sharma U, Dinda AK, Reeta KH. Dihydromyricetin exerts neuroprotection in ischemia reperfusion induced neuronal damage by inhibiting apoptosis and astrogliosis, International Society of Neurochemistry, American Society for Neurochemistry Meeting 2019, 4-8 August 2019, Palais des congrès de Montréal, Montreal, QC, Canada
22. Singh D, Verma V, Reeta KH. Sinaptic acid mitigates intracerebroventricular streptozotocin induced oxidative stress and neuro-inflammatory changes in rats, 24th World Congress of Neurology, 27-31 October 2019, World Trade Centre, Dubai, United Arab Emirates
23. Sopory P, Reeta KH. Study of pyrrolidine dithiocarbamate on experimental models of Alzheimer's disease in rats, Experimental Biology 2019 (American Society of Pharmacology and Experimental Therapeutics), 6-9 April 2019, Orange County Convention Centre, Orlando, Florida, USA.
24. Vangaveti S, Das P, Kumar VL. Hepatoprotective and nephroprotective effects of silymarin in a rat model of cyclosporine-induced organ damage, 5th IUPHAR World Conference on the Pharmacology of Natural Products (WCP-NP) & 51st Annual Conference of Indian Pharmacological Society (IPS), 5-7 December 2019, National Institute of Nutrition, Hyderabad
25. Wasan H, Singh D, Joshi B, Sharma U, Jagannathan NR, Dinda AK, Reeta KH. Evaluation of neuroprotective effects of dihydromyricetin in experimental model of ischemic stroke, 5th European Stroke Organization Conference (ESOC-2019), 22-24 May 2019, MiCo Milano Congressi, Milan, Italy
26. Wasan H, Singh D, Joshi B, Sharma U, Jagannathan NR, Reeta KH. Evaluation of neuroprotective effects of safinamide in experimental model of ischemic stroke, 24th World Congress of Neurology, 27-31 October 2019, World Trade Centre, Dubai, United Arab Emirates

## RESEARCH

### Funded projects

#### *Ongoing*

1. Ameliorative potential of Vinpocetin in Streptozotocin induced diabetic cardiomyopathy in Wistar rats, Harlokesh Narayan Yadav, ICMR, 3 years, 2019-2022, Rs 16.80 lakhs
2. Anti-inflammatory strategy in the treatment of pulmonary Artery Hypertension: an Experimental study, SK Maulik, ICMR, 3 years, 2017-2020, Rs 30 lakhs
3. Depression in persons with epilepsy (PWE): Correlation with Serum biomarkers and CYP2C19 polymorphism, a pilot study, Jatinder Katyal, AIIMS, New Delhi, 2 years, 2018-2020, Rs 7.87 lakhs

4. Development of Solid Lipid Nanoparticles for oral delivery of Liraglutide, an anti-diabetic drug, Harlokesh Narayan Yadav, DBT, 2 years, 2018-2020, Rs 14.75 lakhs
5. Early biomarkers for chemotherapy induced cardiotoxicity in patients with hematological malignancies, Shalini Rawal (Pooja Gupta-Mentor WOS-B), DST, 3 years, 2019-2022, Rs 30.24 lakhs
6. Effect of antidepressants on neurodegeneration and neuroplasticity in patients with depression, SC Sarangi, ICMR, 3 years, 2019-2022, Rs 29.03 lakhs
7. Effect of antiepileptic drug monotherapy with Levetiracetam and Valproate on metabolic status in women with epilepsy, SC Sarangi, AIIMS, New Delhi, 2 years, 2018-2020, Rs 5 lakhs
8. Effect of Sildenafil monotherapy versus vitamin and Sildenafil combination in experimental model of pulmonary hypertension in rats, Harlokesh Narayan Yadav, AIIMS, New Delhi, 2 years, 2019-2020, Rs 10 lakhs
9. Evaluation of effect of Asiaticoside & Medecassoside on pharmacodynamics and pharmacokinetics of azathioprine in rat model of colitis, Thomas Kaleekal, AIIMS, New Delhi, 2 years, 2019-2021, Rs 4.9 lakhs (for first year)
10. Evaluation of Fumaric Acid Esters (FAEs) in Experimental Model of Stroke in Rats, KH Reeta, DBT, 3.5 years, 2015-2019, Rs 57.54 lakhs
11. Evaluation of Safinamide in Experimental Model of Stroke and Post Stroke Seizure Behaviour in Rats, KH Reeta, DST, 3 years, 2018-2021, Rs 27.61 lakhs
12. Genomic and Biochemical Correlation of "Prakriti" Stratified Patients diagnosed with Coronary Artery Disease (CAD): An Integrative Approach towards Personalized CAD Management, Pamila Dua (Dr KH Reeta-Guide), DST (Women Scientist), 3 years, 2019-2022, Rs 31.21 lakhs
13. ICMR Task force Centre on Rational use of drugs, Pooja Gupta, ICMR, 3 years, 2019-2022, Rs 15.75 lakhs
14. Modulation of AMPA receptor: Effect on post-stroke damage after focal cerebral ischemia reperfusion injury in rats, KH Reeta, ICMR, 3 years, 2019-2022, Rs 51.40 lakhs
15. Pharmacodynamic and pharmacokinetic interactions of the ayurvedic formulation (BGR-34) with Glibenclamide in experimental model of diabetes in rats, SC Sarangi, AIMIL Pharmaceuticals, New Delhi, 3 years, 2018-2021, Rs 21.01 lakhs
16. Pharmacological and Molecular approaches to investigate the effect of Adhato dasavica in experimental model of bleomycin induced pulmonary fibrosis, Jagriti Bhatia, Central council for research in Unani medicine, Department of AYUSH, 3 years, 2018-2021, Rs 55.42 lakhs
17. Pharmacological effects of Vitamin D in diabetic cardiomyopathy via ACE-2/Angiotensin (1-7)/Mas receptors axis in experimental diabetic rats, Harlokesh Narayan Yadav, AIIMS, New Delhi, 2 years, 2018-2020, Rs 20 lakhs
18. Pharmacological screening of Homeopathic drugs used in rheumatoid arthritis, Surender Singh, AYUSH, 2 years, 2017-2019, Rs 27.56 lakhs
19. Role of GSK3 $\beta$  in modulating autophagy and apoptosis in permanent and transient model of ischemic stroke in rats, Devendra Singh (Dr KH Reeta - Guide), ICMR (RA), 3 years, 2019-2022, Rs 21.58 lakhs
20. Surface engineered Silver (Ag) nanoparticles and Peptide conjugate for angiogenesis based animal wound management, Harlokesh Narayan Yadav, DBT, 3 years, 2018-2021, Rs 87.36 lakhs
21. Targeted Co-delivery of P53 modulator and anti-cancer drugs to achieve synergistic effect for cancer therapeutics, Harlokesh Narayan Yadav, DST, 3 years, 2016-2021, Rs 35 lakhs
22. To evaluate the effect of topical urea in secondary prophylaxis of hand foot skin reaction in cancer patients undergoing sunitinib chemotherapy, Pooja Gupta, AIIMS, New Delhi, 1 year, 2019-20, Rs 5 lakhs
23. To study the influence of CYP2C19 polymorphism on bortezomib blood concentration and clinical response in myeloma patients, Pooja Gupta, DST, 3 years, 2017-2020, Rs 25.31 lakhs

### ***Completed***

1. Evaluation of the nephroprotective effect of Berberine and Diadzein in Cisplatin induced nephrotoxicity in rats, Jagriti Bhatia, DBT, 3 years, 2015-2019, Rs 24.99 lakhs
2. Formulation and evaluation of lipid based nanoparticles of Epalrestat in experimental diabetic neuropathic pain in Wistar rats, Harlokesh Narayan Yadav, AIIMS, New Delhi, 2 years, 2017-2019, Rs 5 lakhs
3. Nano-Berberine for Protection against Chemotherapy Induced Cardiotoxicity in vitro, Pooja Gupta, AIIMS, New Delhi, 1 year, 2018-2019, Rs 5 lakhs
4. Role of brain derived neurotrophic factor (BDNF) as a potential biomarker in seizure related cardiac abnormalities, Jatinder Katyal, DST (SERB), 2 years, 2017-2019, Rs 22.03 lakhs

## **Departmental projects**

### ***Ongoing***

1. Ameliorative potential of Vit. D in experimental diabetic cardiomyopathy in rats
2. An evaluation of cognitive impairment in persons with epilepsy(PWE) on Levetiracetam versus Sodium Valproate monotherapy
3. Berberine nanoparticles for protection against 5-Fluorouracil induced Cardiotoxicity – an in vitro and in vivo study
4. Comparison of effect of antidepressants on neurodegeneration in patients with depression
5. CYP2C19 polymorphism in Persons with Epilepsy on Levetiracetam
6. Depression in persons with epilepsy(PWE): Correlation of Serum BDNF and Zinc levels
7. Effect of add on zinc with Levetiracetam in seizure induced depression in rats
8. Effect of Benidipine alone and in combination with Bosentan and Sildenafil in Monocrotaline induced pulmonary arterial hypertension in rats
9. Effect of Vit. D on Monocrotaline induced pulmonary hypertension in rats
10. Evaluation of effect of oral hypoglycaemic agents on cognitive function in young and middle-aged type 2 diabetes mellitus patients.
11. Markers of Chemotherapy-induced Cardiotoxicity in Hematological Malignancy Patients Receiving Doxorubicin-containing Regimens
12. Open-label placebo versus double-blind placebo treatment for experimentally induced pain in healthy volunteers: A pilot study
13. Pharmacological and molecular characterization of the cardioprotective effect of Teriflunomide in experimental models of myocardial infarction and diabetic I/R-injury in rat heart
14. Pharmacological studies delineate the effect of Nilotinib in experimental models of Non Alcoholic Fatty Liver Disease (NAFLD)
15. Prescribing Pattern in Advanced Non-small Cell Lung Cancer (NSCLC) at IRCH, AIIMS with Quality of Life and Cost Analysis
16. Randomized placebo controlled crossover study to evaluate the effect of single dose of paracetamol on the psychomotor skills, cognitive and decision making capabilities in healthy volunteers
17. Studies on the effect of Artesunate in experimental model of sepsis
18. Studies on the effect of Roxithromycin in an experimental model of prostatitis
19. Studies on the effect of Roxithromycin in experimental model of sepsis
20. To evaluate the effect of Abatacept on Carbon Tetrachloride induced hepatotoxicity
21. To study the effect of Sesamol in Bleomycin induced pulmonary toxicity in rats
22. VEGF-A as a biomarker for diagnosis and therapeutic monitoring in patients with extra-pulmonary tuberculosis: A pilot study

### ***Completed***

1. A pilot study exploring glucose regulated protein-78 (grp78) as a biomarker of responsiveness to Bortezomib based regimen in patients with multiple myeloma
2. A randomized double blind cross-over study to assess the effect of regular and decaffeinated coffee on psychomotor performance in healthy volunteers during post-lunch period
3. Comparison of newer and conventional antiepileptic drugs in focal and generalized seizures in terms of quality of life and cost of treatment
4. Development of nanoparticles based oral formulation of Liraglutide and evaluation of its effect in high fat diet induced obesity in mice.
5. Effect of antiepileptic drugs on physical activity, reproductive endocrine health and quality of life in women with epilepsy
6. Effect of Ascorbic acid supplementation on pulmonary functions in persons of age  $\geq 35$  years: A Randomized Controlled Pilot Study
7. Effect of H. pylori eradication therapy in patients with non-alcoholic fatty liver disease (NAFLD) on liver fat: A Randomized Controlled Pilot Study
8. Effect of U-50488, a kappa opioid receptor (KOR) agonist and IRL-1620, an endothelin B (ETB) receptor agonist on epileptogenesis and cardiac changes in rat lithium pilocarpine (LiP) seizure model.
9. Factors associated with seizure recurrence in persons with epilepsy undergoing anti-epileptic drug tapering: A

prospective observational Study

10. Formulation of oral Liraglutide polymeric nanoparticles and evaluation of its hypoglycemic activity in experimentally induced diabetes mellitus in Wistar rats

### **Collaborative projects**

#### ***Ongoing***

1. A randomized Randomized controlled Controlled pilot Pilot Trial to compare the efficacy of Rituximab infusion versus intravenous Dexamethasone Pulse therapy in Pemphigus vulgaris and its correlation with phenotypic and functional determinants of B and T cells, Dermatology
2. Effectiveness of Cranberry Extract Mouth- Rinse compared to Sodium Fluoride Mouth Rinse on Microbial Counts in Caries Active Children-A Randomized Controlled Trial, Department of Pedodontics and Preventive Dentistry, CDER
3. High resolution Genomic screening using SNP Microarray to find out Genomic Causes in Idiopathic Sertoli Cell Only Syndrome (SCOS) cases, Reproductive Biology

#### ***Completed***

1. A study to determine the association of trace elements and heavy metals with lung cancer and their correlation with smoking, Medical Oncology, IRCH
2. Comparative evaluation of Simvastatin gel and diode laser for pulpotomy in primary molars: single blind, phase 2 randomized trial, Pediatric Dentistry, CDER

### **PUBLICATIONS**

**Journals: 31**

**Abstracts: 16**

### **PATIENT CARE**

#### **National Poisons Information Centre (NPIC)**

The National Poisons Information Centre (NPIC) in the Department of Pharmacology has completed 25 years of service in imparting information on management of poisonings. It plays a vital role in providing relevant information on management of poisonings. Round the clock service rendered by NPIC is availed by treating physicians, government agencies, NGOs, and general public from all over the country. 8126 calls were received by NPIC from 1st April 2019 to 31st March 2020.

#### **Month-wise calls received by NPIC**

<b>Month</b>	<b>Number of Calls</b>
Apr-19	659
May-19	737
Jun-19	646
Jul-19	684
Aug-19	622
Sep-19	621
Oct-19	638
Nov-19	572
Dec-19	750
Jan-20	731
Feb-20	746
Mar-20	720
<b>TOTAL</b>	<b>8126</b>

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor VL Kumar** was Chairperson in Session I, Common Poisons: Issues and perspectives, in “SYMP NPIC – 2019” - National Symposium on Poisoning as a Public Health Problem, organized by National Poisons Information Centre, Department of Pharmacology, AIIMS, on 26 April 2019 at AIIMS, New Delhi

**Professor KH Reeta** was on Specialist Board in specialty Pharmacology, National Board of Examinations, March 2019 onwards; Expert Member, 1st Biomedical and Health Sciences (Core Research Grant) Project Advisory Committee Meeting, Science and Engineering Research Board, Department of Science and Technology, Government of India; Member, Subject Expert Committee, CDSCO

**Dr Pooja Gupta** is Co-Ordinator for ADR monitoring centre (ADR-AMC) under Pharmacovigilance Programme of India (PvPI) and Medical Device Monitoring Centre (MDMC) for Materiovigilance Program of India (MvPI) by Ministry of Health and Family Welfare, Government of India.

**Dr Sudhir Sarangi**, obtained Certificate of Achievement for poster presentation at 33rd International Epilepsy Congress, 2019 held at Bangkok, Member of Institute Ethics Subcommittee for monitoring of adverse events in clinical trials at AIIMS, New Delhi; Subject expert for Standing National Committee on Medicine (SNCM) for revision of National List of Essential medicines (NLEM) 2015 organized by ICMR, New Delhi; Subject expert for 4th Meeting of Subject Review Committee for revision of National Formulary of India organized by Indian Pharmacopoeia Commission, MoHFW, Govt of India on 15 November 2019 at Translational Health Science and Technology Institute (THSTI), Faridabad.

**Dr Thomas Kaleekal** was Chairperson in Session III, on ‘Technological advancements in application of LCMS/MS in unknown poison identification’ and Demonstration of Micromedex databases, in “SYMP NPIC – 2019” - National Symposium on Poisoning as a Public Health Problem, organized by National Poisons Information Centre, Department of Pharmacology, AIIMS, on 26 April 2019 at AIIMS, New Delhi.

**Dr Amita Srivastava** received IAMLE fellowship in 10th International conference on legal medicine, medical negligence and litigation in medical practice and 10th International conference on current trends in forensic sciences, forensic medicine and technology (IAMLE 2019) held on 12-15 September 2019 at Kathmandu, Nepal (SAARC);, Chairperson in Session III, on ‘Technological advancements in application of LCMS/MS in unknown poison identification’ and Demonstration of Micromedex databases, in “SYMP NPIC – 2019” - National Symposium on Poisoning as a Public Health Problem, organized by National Poisons Information Centre, Department of Pharmacology, AIIMS, on 26 April 2019 at AIIMS, New Delhi; Chairperson in session on ‘Forensic Pharmacology’, in the 10th International conference on legal medicine, medical negligence and litigation in medical practice and 10th International conference on current trends in forensic sciences, forensic medicine and technology (IAMLE 2019), on 12-15 September 2019 at Kathmandu, Nepal.

## 9.31. Physical Medicine and Rehabilitation

### Professor and Head

U Singh

Sanjay Wadhwa

### Professors

SL Yadav

Gita Handa

### Associate Professor

Srikumar V

### Assistant Professor

Asem Rangita Chanu

### Superintendent Physiotherapist

Mrs Smita Das

### Senior Physiotherapist

Mr OP Yadav

### Superintendent Occupational Therapist

Mr Raman Kumar Singh

### Senior Occupational Therapist

Mrs Lily Farhat Parveen

### Senior Technical Officer

Mr Ajay Babbar

### HIGHLIGHTS

Many faculties and residents of the department attended the 14th Annual Conference of Indraprastha Association of Rehabilitation Medicine “Delhi PMR Conference 2019” at ABVIMS and Dr RML Hospital, New Delhi on 30 November and 1 December 2019 on the theme —Critical care rehabilitation: New Horizon in PMR. The event was attended by eminent faculties from Delhi and rest of India who shared their experiences and enriched the knowledge.

### EDUCATION

Undergraduate teachings for the VIII Semester and VI Semester were undertaken by the department. Eleven postgraduate students are doing MD (PMR). PMR DNB Students from RG Kar Medical College (Kolkata) visited our department as part of their teaching/training program. Postgraduate and fellowship training for Palliative Care and Onco-Anesthesiology, Pediatric Neurology and Pain Fellows was conducted in the department. One surgeon from the Army Medical Corps started his Long Term Training in our department.

### CMEs, National and International Conferences

#### Lectures delivered

**U Singh: 5**

**Sanjay Wadhwa: 13**

**Gita Handa: 4**

**Srikumar V: 9**

**Hafis Rahman: 1**

#### U Singh

1. Problem of high prevalence of osteoporosis and morphometric vertebral fractures in Indian males aged 60 years and above: Should age for screening be lowered, International spine and spinal injuries conference, 13 October 2019, New Delhi
2. Panelist during the panel discussion: SCI specific web portal to achieve favorable community health outcomes, International spine and spinal injuries conference, 13 October 2019, New Delhi
3. Management of prolapse intervertebral disc, International spine and spinal injuries conference, 13 October 2019, New Delhi
4. Management issues in Physical Medicine and Rehabilitation. Training course on hospital management for Senior Medical Officers of Border Security Force, Organized by NIHFV, 17 October 2019, New Delhi
5. Panelist and Chairperson during the Panel Discussion on Platelet Rich Plasma, IPARM CME on Regenerative Medicine and Rehabilitation, 15 February 2020, New Delhi

### **Sanjay Wadhwa**

1. WHO Disability Action Plan, Indian Federation of Neuro-Rehabilitation Conference, IFNRCON 2019, 20 April 2019, Mumbai
2. How to improve Neurorehabilitation Services in India? Indian Federation of Neuro-Rehabilitation Conference, IFNRCON 2019, 20 April 2019, Mumbai
3. ICF- Background, Aims, Application and Properties, Basic Training Programme on International Classification of Functioning, Disability and Health (ICF) of FIC for Training of Trainers (TOT), 3 July 2019, Mohali
4. ICF- Overview of Components and Definitions, Basic Training Programme on International Classification of Functioning, Disability and Health (ICF) of FIC for Training of Trainers (TOT), 3 July 2019, Mohali
5. PMR Ayushman Bharat Packages, Panel Discussion during National Mid-Term CME Programme of IAPMR, 21 September 2019, Rishikesh
6. PMR in Meningomyelocele, National PMR Refresher Course, 11 October 2019, Jaipur
7. Technical aspects: Locomotor disability in LMN disorders, 27th Annual Conference of the Indian Academy of Neurology (IANCON-2019), 4 October 2019, Hyderabad
8. Traumatic Brain Injury: Rehabilitation is Need of the Hour, 27th Annual Conference of the Indian Academy of Neurology (IANCON-2019), 4 October 2019, Hyderabad
9. Improvement of Gait in Stroke, 48th Annual Conference of IAPMR, IAPMRCON 2020, 17 January 2020, Kozhikode, Kerala
10. Beyond Disability, Towards Empowerment, 48th Annual Conference of IAPMR, IAPMRCON 2020, 18 January 2020, Kozhikode, Kerala
11. Assessment Guidelines for Locomotor Disabilities, National-Level Video Conference on Disability Evaluation Guidelines - Clarifications, 17 February 2020, Delhi
12. Spinal Cord Injuries and its Rehabilitation, CME on “Challenges and Scope of Rehabilitation”, 28 February 2020, Raipur
13. Role of PMR Specialists in the Future of Healthcare, Round Table Conference on “Professionals and Future of Healthcare”, 1 March 2020, New Delhi

### **Gita Handa**

1. “Pressure Sore management: Mobilization or bed rest” - Panelist, ISSICON -2019, 12 October 2019, New Delhi
2. Rehab surgery interface: Do we have the ideal synergy - Moderator, ISSICON 2019, 13 October 2019, New Delhi
3. Spinal Cord Society Best Poster Award -Judge, ISSICON 2019, 13 October 2019, New Delhi
4. Disability Competencies in UG curriculum: The way forward - Moderator, Delhi PMRC on 2019, 30 November 2019, New Delhi

### **Srikumar V**

1. Motor Neuron Disease - Rehabilitation, 7th Annual National Conference of Indian Federation of Neurorehabilitation, 20 April 2019, Mumbai
2. Panelist: Do spine bio-mechanical alterations due to lumbar fixations translate to adjacent segment disease?, 3rd International Conference on Clinical Orthopaedics and Spine Biomechanics, 27 and 28 April 2019, New Delhi
3. Panelist: Effect of prosthesis on gait parameters, 3rd International Conference on Clinical Orthopaedics and Spine Biomechanics, 27 and 28 April 2019, New Delhi
4. Imaging in Trauma – TBI & SCI, Annual Midterm CME of Indian Association of Physical Medicine and Rehabilitation, 20-22 September 2019, Rishikesh
5. Neurogenic Bowel, National PMR Refresher Course, 10 October 2019, Jaipur
6. Wheelchair Prescription, National PMR Refresher Course, 10 October 2019, Jaipur
7. Moderator: Pressure Sore management - Mobilization or bed rest, International Spine and Spinal Injuries Conference 2019, 12-14 October 2019, New Delhi
8. Panelist: Rehab surgery interface: Do we have the ideal synergy, International Spine and Spinal Injuries Conference 2019, 12-14 October 2019, New Delhi
9. Rehabilitation of Upper Extremity in Stroke: Current Concepts, 48th Annual National Conference of Indian Association of Physical Medicine and Rehabilitation, 16-19 January 2020, Kozhikode, Kerala

## Hafis Rahman

1. Introduction to regenerative medicine and Role of PRP in MSK rehabilitation, IPARM CME: Regenerative medicine and rehabilitation, 15 February 2020, New Delhi

## Oral Papers/Posters Presented

1. Arya S, Bhatia R, Nanda S, Yadav RK, Srikumar V. Effect of yoga on pain, functional disability and corticomotor excitability in chronic low back pain patients, 12th European Congress on Integrative Medicine, 13-15 September 2019, Barcelona, Spain
2. Benny R, Srikumar V, Chanu AR, Singh U, Devasenathipathy K, Raghavendra L. A Randomized Controlled Trial to compare the effect of single dose platelet rich plasma and corticosteroid injection in patients with carpal tunnel syndrome, 48th Annual National Conference of Indian Association of Physical Medicine and Rehabilitation, 16-19 January 2020, Kozhikode, Kerala
3. Handa G. Advances in Prosthesis and Orthosis for Trauma cases, IAPMR Mid Term CME, 21 September 2019, AIIMS, Rishikesh
4. Haneena F, Yadav SL, Singh U, Nehra A, Srikumar V, Chanu AR. A cross sectional study to evaluate the relation of gross motor function and hand function with intelligence in children with cerebral palsy, 48th Annual National Conference of Indian Association of Physical Medicine and Rehabilitation, 16-19 January 2020, Kozhikode, Kerala  
**(Dr Sanath Kumar Memorial Best Poster for PGT)**
5. Mallik KC. Rehabilitation of spinal cord injury associated with metabolic syndrome and cardiac autonomic dysfunction in a young male: A case report, 5th Annual Conference of Indian Society for Atherosclerosis Research-Delhi Chapter, 3rd August 2019, New Delhi
6. Mallik KC. Ultrasound guided Erector Spinae Block for Acute and Chronic Back pain: A Novel Technique, Clinical meet of IPARM- Delhi Chapter of PMR, 10 August 2019, New Delhi
7. Neyaz O, Srikumar V, Equebal A, Biswas A. Change in urodynamic pattern and incidence of urinary tract infection in patients with traumatic spinal cord injury practicing clean self-intermittent catheterization, International Spine and Spinal Injuries Conference 2019, 12-14 October 2019, New Delhi
8. Parihar R, Handa G, Srikumar V, Devasenathipathy K. A Randomized Controlled Trial to compare effect of ultrasound guided corticosteroid injection versus conservative treatment on pain, function and ultrasonographic features of common extensor tendons in patients with lateral epicondylitis, 48th Annual National Conference of Indian Association of Physical Medicine and Rehabilitation, 16-19 January 2020, Kozhikode, Kerala
9. Sahu S, Srikumar V, Chanu AR, Singh U. A Randomized Control Trial to compare effectiveness of electrical stimulation of foot and oxybutynin in overactive bladder in persons with spinal cord injury, 48th Annual National Conference of Indian Association of Physical Medicine and Rehabilitation, 16-19 January 2020, Kozhikode, Kerala
10. Swarnakar R, Wadhwa S, Srikumar V, Goyal V, Sreenivas V. PARK-EASE trial: A Randomized Controlled Trial to study the efficacy of exercises in early-stage Parkinson's disease, 2019 International Congress of Parkinson's Disease and Movement Disorders, 25 September 2019, Nice, France
11. Swarnakar R, Wadhwa S, Srikumar V, Goyal V, Sreenivas V. PARK-EASE Trial: A Randomized Controlled Trial to study the efficacy of exercises in early stage Parkinson's Disease, 2nd National Biomedical Research Competition (NBRCOM-2019), at PGIMER, Chandigarh, 17 November 2019, PGIMER, Chandigarh, India
12. Swarnakar R, Wadhwa S, Srikumar V, Goyal V, Sreenivas V. Effects of exercises on motor and non-motor symptoms in early-stage Parkinson's Disease: Results from the PARK-EASE trial, Delhi PMRC on 2019, 30 November 2019-1 December 2019, ABVIMS and Dr RML Hospital, New Delhi, India
13. Swarnakar R, Wadhwa S, Srikumar V, Goyal V, Sreenivas V. A Randomized Controlled Trial to study the efficacy of exercises in early stage Parkinson's disease, 48th Annual National Conference of Indian Association of Physical Medicine and Rehabilitation, 16-19 January 2020, Kozhikode, Kerala
14. Swarnakar R, Rahman H, Srikumar V. A Pilot Observational Study of Hirayama Disease: Clinico-radiological features and Long Neck Hypothesis, 48th Annual National Conference of IAPMR – IAPMRCON 2020, 17-19 January 2020, Kozhikode, Kerala
15. Vasudeva A, Sahu S, Chanu AR, Yadav SL. Assessment of pain and structure after an intra-articular injection of adalimumab in osteoarthritis of the knee: A case report, IPARM Clinical Meet, 10 August 2019, AIIMS, New Delhi
16. Yadav SL. Disability Care in the Country, Continuing Rehabilitation Education 2019 with the theme "Principles of Amputee Rehabilitation: Current Perspective, 11 and 12 May 2019, Artificial Limb Centre, Pune.
17. Yadav SL, Vasudeva A, Choudhary A. A Randomized Controlled Trial to compare the effect of Zoledronic Acid versus a structured exercise program in primary osteoporosis, 13th International Society of Physical & Rehabilitation Medicine World Congress (ISPRM2019), 9-13 June 2019, Kobe, Japan

18. Yadav SL. Congenital Limb Deformity, PMR Refresher Course, 10-12 October 2019, Jaipur
19. 19. Yadav SL. Research in PMR: Opportunities and Challenges (Presidential Oration), 48th National Conference of Indian Association of Physical Medicine and Rehabilitation, 17 January 2020, Calicut
20. 20. Yadav SL. Surgical Considerations in Prosthesis: Recent Advances, 25th National Conference of Orthotics and Prosthetics Association of India, 7-9 February 2020, Bhubaneswar
21. 21. Yadav SL, Vasudeva A, Sahu S. A Randomized Controlled Trial to compare the efficacy of intra-articular Hylouronic Acid in primary osteoarthritis of the knee, 14th International Society of Physical and Rehabilitation Medicine World Congress (ISPRM2020), 4-9 March 2020, Orlando, USA
22. 22. Saxena S, Yadav SL. Quantitative analysis of effect of footwear modifications in osteoarthritis knee on radiological and gait parameters, 17th International Society for Prosthetics and Orthotics World Congress, 6-8 October 2019, Kobe, Japan
23. 23. Yadav SL. Principles of Amputee Rehabilitation: Current Perspective, Continuing Rehabilitation Education 2019, 11 and 12 May 2020, ALC, Pune

## RESEARCH

### Funded projects

#### *Ongoing*

1. Smart dynamic fabric actuator for prolonged standing professionals for management of chronic leg pain, Srikumar Venkataraman, AIIMS-IIT Delhi Collaborative Research Project, 2 years, 2018-2020, Rs 10 lakhs

#### *Completed*

1. Development and Testing of custom 3D printed foot orthotics using foot images from Smartphone for various foot problems, Gita Handa, BIRAC (DBT), 1.5 years, 2017-2019, Rs 12 lakhs

### Departmental projects

#### *Ongoing*

1. A cross sectional study to observe the prosthetic usage and functional status of upper limb amputees
2. A cross-sectional study to assess balance impairment and risk of fall in patients with Ankylosing Spondylitis.
3. A randomized controlled trial to compare effectiveness of smart dynamic fabric actuator with exercises in chronic musculoskeletal leg pain associated with prolonged standing
4. A Randomized Controlled Trial to Effect of Intra – Articular Adalimumab versus Intra – Articular Hyaluronic Acid in Patients with Primary Osteoarthritis of the Knee
5. Comparing Change in Disease Activity with Exercise Tolerance in Persons with Ankylosing Spondylitis on Adalimumab Therapy – An Observational Pilot Study
6. Comparing Change in Disease Activity with posture and balance in Persons with Ankylosing Spondylitis on Adalimumab Therapy – An Observational Pilot Study
7. Comparison of hamstring extensibility of patients having chronic nonspecific low back pain with healthy controls
8. Damper control in Lower Limb Prosthesis
9. Effect of Transcranial Magnetic Stimulation on Pain Modulation Status in Fibromyalgia Patients
10. Evaluation of efficacy of sensory integration therapy as an adjunct to standard care versus standard care alone in improving gross motor skills in children with cerebral palsy GMFCS I-III with sensory processing abnormalities: A single blinded randomized study
11. Hirayama Disease: Clinicoradiological features and long neck hypothesis
12. Incidence of recurrence of pressure injury in spinal cord injury patients
13. Post traumatic growth and its association with functioning and quality of life in patients with spinal cord injury.
14. Randomized Controlled Trial to compare the impact of exercises and nutritional interventions on changes in skeletal muscle mass and function in obese patients with sarcopenia.
15. The International Spinal Cord Society (ISCoS) Database Project
16. Work-related low back pain among health care professionals of AIIMS, New Delhi: a cross-sectional study

### ***Completed***

1. A Randomized Controlled Trial randomized control trial to compare effect of ultrasound guided corticosteroid injection versus conservative treatment on pain, function and ultrasonographic features of common extensor tendons in patients with lateral epicondylitis
2. Prevalence of Bifid Median Nerve in Carpal Tunnel Syndrome: A Case Control study
3. Lipofibromatous hamartoma of median nerve presenting as carpal tunnel syndrome
4. Pectoralis major tear: a rare cause for shoulder pain
5. Sacral osteomyelitis in a diabetic patient masquerading as coccydynia
6. A Randomized Controlled Trial to Compare the Effect of Zoledronic Acid versus a Structured Exercise Programme in Primary Osteoporosis
7. A Randomized Controlled Trial randomized control trial to compare the effect of single dose platelet rich plasma and corticosteroid injection in patients with carpal tunnel syndrome
8. A Randomized Controlled Trial randomized control trial to compare effect of platelet rich plasma and dextrose prolotherapy in patients of chronic plantar fasciitis
9. A cross sectional study to evaluate the correlation of gross motor, hand function, caregiver reported quality of life with intelligence in children with cerebral palsy
10. A Randomized Controlled Trial randomized control trial to compare effectiveness of electrical stimulation of foot and oxybutynin in overactive bladder in persons with spinal cord injury
11. PARK EASE Trial: A randomized controlled trial to study the efficacy of exercises in early stage Parkinson's disease
12. A Randomized Controlled Trial to Compare the Effect of Intra - Articular Adalimumab versus Intra - Articular Hyaluronic Acid in Primary Osteoarthritis of the Knee
13. Rehabilitation medical professional's perceptions on spirituality and health
14. Needs and experiences of patients with chronic pain in spiritual care and rehabilitation

### **Collaborative projects**

#### ***Ongoing***

1. A Study of Pain Status and Motor Cortex Excitability in Chronic Low Back Pain patients: Effect of Transcranial Magnetic Stimulation, Physiology
2. Design of Artificial Hand with Artificial Fingers. In collaboration with North Eastern Hill University, Shillong, NEHU, Shillong
3. Design, development and validation of ergonomically enhanced surgical instruments, Surgery
4. Detection of pressure points on residual limbs in transtibial amputees using thermal imaging, Biomedical Engineering/ IIT-D
5. Effect of yoga on pain and corticomotor excitability in chronic low back pain, Physiology
6. Electrophysiological analysis of cognitive load during locomotion and balancing and to investigate the improvement in gait and balance in lower limb amputees after using tactile feedback, Biomedical Engineering, AIIMS/IIT Delhi
7. Force Myography (FMG) driven affordable active lower limb prosthesis for resource-limited countries, IIT Delhi, University of Oregon, USA
8. Randomised control trial to compare the impact of progressive resistive exercise and nutritional interventions in skeletal muscle mass and function in obese patients with sarcopenia, Medicine
9. Synergy based Adaptive Prosthesis for Transfemoral Amputee. (Under ICMR), IIT, Delhi.

#### ***Completed***

1. Effect of motor imagery on corticomotor excitability and pain status in Rheumatoid Arthritis, Physiology
2. Evaluation of Pulmonary Function in Ankylosing Spondylitis, Physiology

## PATIENT CARE

<b>New Patients</b>	
OPD (Physician Consultations)	10939
New Registrations (P&O Workshop)	2615
<b>Total New Cases</b>	<b>13554</b>

<b>Old Cases</b>	
OPD (Physician Consultations)	24917
P & O Workshop	5678
Disability Evaluation Clinic	92
Railway Concession Certificates	159
OPD visits (PT Section)	18674
OPD visit (OT Section)	17156
OPD visit (MSW)	4669
Foot Clinic	101
EMG/NCV Lab Procedures	34
Diagnostic Ultrasound and interventional procedures	2517
Minor OT procedures	5010
<b>Total old cases</b>	<b>79007</b>

### Special Clinics of the department:

1. Musculoskeletal ultrasound guided interventions
2. Custom molded insoles in Foot Clinic
3. Wheelchair prescription and checkout clinic for customized wheelchair delivery as per WHO guidelines
4. Musculo-skeletal laboratory: Computerized evaluation and exercise equipment
5. Foot lab/Clinic
6. Disability Evaluation Clinic.
7. Brace Check-Out Clinic: Checking prosthetic and orthotic devices made in our workshop before final delivery to the patients.
8. Case Conference: Discussion of long-term rehabilitation patients for goal setting and treatment evaluation.
9. Gym Round Clinic: Evaluation of the therapy of the indoor patients admitted under PMR.

### Community Services

**Patient Care:** The departmental Faculty and Resident Doctors are periodically involved in Rural Camps in Mathura for the welfare of the persons with disability.

**Mass Media: Public Awareness Lectures and TV Health Programmes:** Dr Sanjay Wadhwa, Professor and Dr SL Yadav, Professor have participated a number of talks/programs on the TV/Radio for public health awareness and issues related to Disability.

### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor U Singh** is Member, Academic Committee, National Institute for the Orthopaedically Handicapped, Kolkata; Expert for the Research Degree Committee in MYAS-GNDU, Amritsar; Emeritus Editor, Indian Journal of Physical Medicine and Rehabilitation; Editorial Board Member, Spinal Cord Series and Cases, Journal of International Spinal Cord Society (ISCoS), UK; Consulting Editor and Reviewer, Journal of Rehabilitation Council of India Locomotor and Associated Disabilities; Reviewer, Annals of Indian Academy of Neurology; Reviewer, Indian Journal of Neuro-surgery; Reviewer, Journal of Spinal Cord Medicine; Reviewer, Journal of American Academy of Physical Medicine and Rehabilitation; Reviewer, Leprosy Review; Editorial Board Member, Indian Journal of Physiotherapy and Occupations Therapy; Honorary member of the editorial board for the International Journal of BioSciences and Technology (IJBST); Senior Editor: Astro-

cyte, Multispecialty Journal by National Board of Examinations, New Delhi, from December 2013; Chairman, Scientific Session 1, IPARM, Clinical Meeting, AIIMS, New Delhi, 10 August 2019; Chairperson and Judge for best paper award, Scientific Session XVIII. International spine and spinal injuries conference, New Delhi, 13 October 2019; Awarded second prize for Hindi Dictation Competition for the year 2018-19 during the Hindi Fortnight, organized by AIIMS, New Delhi, 14 September 2019.

**Professor Sanjay Wadhwa** is Convenor, International Standards Organization. Technical Committee 173, Working Group 12 (ISO/TC173/WG12); Chairman, Sectional Committee (MHD09) of Bureau of Indian Standards (BIS) till 2023; President of the Indian Association of Physical Medicine & Rehabilitation (IAPMR) w.e.f. 1 April 2019 for a 2 years term (2019-2021); Vice-President of the National Academy of Medical Sciences (NAMS) till June 2021; Member of Governing Council of the National Academy of Medical Sciences (NAMS) till June 2021; Member of the Medical and Hospital Division Council of Bureau of Indian Standards (BIS) till 2023; Member, Disability Committee, Medical Council of India; Member, Project Review Committee on Disability, ICMR; Member, Project Review Committee on Geriatrics, ICMR; Organized, as Programme Officer, a Training Workshop on Disability Assessment Guidelines for Ten Medical Colleges/Institutions designated for Issuing Disability Certificates for NEET UG Examination, on 1 June 2019 in the Seminar Room, Department of Anatomy at AIIMS, New Delhi. It was requested by the MCI (Board of Governors); Organized a Meeting of Sub-Committee under IAPMR for Drafting PMR related Benefit Packages under Aayushman Bharat Pradhan Mantri Jan Aarogya Yojana on 6 June 2019 in the Department of PMR at AIIMS, New Delhi; Organized a Lecture-cum-Demonstration for PG Students on “Vestibular Rehabilitation” by Dr Puneet Dhaliwal, PhD (PT) on 15 October 2019 in the Department at AIIMS, New Delhi; Organized Nation-wide Consultations for evolving Consensus and Drafting the PMR related Benefit Packages under Aayushman Bharat Pradhan Mantri Jan Aarogya Yojana. Submitted on behalf of IAPMR the Draft Document to the CEO, PM-JAY, Government of India on 12 March 2020; Participated as an Expert during a TV Programme Total Health on DD News on “How to Stay Fit During the Nation-Wide Lockdown on account of Coronavirus Infection/COVID-19” on 29 March 2020; Participated as an Expert during a TV Programme on DD News to Raise Awareness on the occasion of “International Day of Persons with Disabilities” on 3 December 2019; Participated as an Expert during Programme on Lok Sabha Television (LSTV) on “Spinal Cord Injuries” on 6 September 2019; Participated as an Expert during an important Programme ‘Sports 360’, on Doordarshan on “Sports Injuries” on 16 November 2019; Participated in the “SCI Rally to Raise Awareness About Issues Related to Spinal Cord Injuries” at Raj Path, India Gate on 7 September 2019.

**Professor SL Yadav** did Research in PMR: Opportunities and Challenges (Presidential Oration) during 48th National Conference of Indian Association of Physical Medicine and Rehabilitation, 17 January 2020, Calicut, Kerala; Fellowship of IAMLE (Indian Association of Medicolegal Experts) for the Year 2019; UGC (Ministry of Human Resource Development, Government of India) appointed as a mentor in the EEC efforts to help the, IOE Institutions in their journey the World ranking ladder.

**Dr Srikumar V** is Reviewer, SN Comprehensive Clinical Medicine, Springer Publications; Member, Development Group, Traumatic Brain Injury – Package of Rehabilitation Interventions, World Health Organization (WHO), Geneva; Member, Technical Committee, Wearable Electronic Devices and Technologies (LTD-33), Bureau of Indian Standards, Ministry of Consumer Affairs, GOI; Resource Person, CME on Spinal Cord Injury – Tamil Nadu Chapter of Indian Association of Physical Medicine and Rehabilitation, Govt. Institute of Rehabilitation Medicine, 2 February 2020, Chennai; Chairperson, Session on Alternative therapies and Recent Trends, International Spine and Spinal Injuries Conference 2019, 12-14 October 2019, New Delhi; Chairperson, PGT Award Paper Session, 48<sup>th</sup> Annual National Conference of Indian Association of Physical Medicine and Rehabilitation, 16-19 Jan 2020, Kozhikode; Chairperson, Civil Services Examination - 2019 Medical Board for Person’s with Benchmark Disabilities (Locomotor Disability), Department of Personnel & Training, Ministry of Personnel, Public Grievances and Pensions, GOI; External Examiner, MD (Physical Medicine and Rehabilitation) Thesis Evaluation, 13 February 2020, SMS Medical College, Jaipur; Non-examiner coordinator, Practical Examination, Diplomate of National Board (Physical Medicine and Rehabilitation), 27 September 2019, AIIMS, New Delhi; Nodal officer, Indents of Machinery and equipment under plan and GeM, Department of PMR; Treasurer, Indian Association of Physical Medicine and Rehabilitation; Joint Secretary, Indraprastha Association of Rehabilitation Medicine.

**Dr Asem Rangita Chanu** is Reviewer, Journal of Medical Society; Chairperson, Civil Services Examination - 2019 Medical Board for Person’s with Benchmark Disabilities (Locomotor Disability), Department of Personnel & Training, Ministry of Personnel, Public Grievances and Pensions, GOI; Content Provider from PMR for AIIMS website; Chief Guide in PG Thesis – A Cross Sectional Study to Observe the Prosthetic Usage and Functional Status of Upper Amputees; Member of Doctoral Committee for PhD student (Dr Souvik Manna) in Community Ophthalmology - Community based assessment of disability among adult population of Delhi using WHO-ICF.

## **Resident Doctors**

1. Our Department Poster on 'Basics and Advances in Rehabilitation & Breaking Barriers in Rehabilitation' was put up during the 64th Institute Day Exhibition-2019 of AIIMS, New Delhi.
2. Dr Hafis Rahman (SR), Dr Krishna B (JR) were awarded 1st place in quiz conducted at the 14th Annual Conference of IPARM titled Delhi PMR Con 2019.
3. Dr Ansarul Haq Miyan and Dr Aravind PR (JRs) were awarded 2nd place in quiz conducted at the 14th Annual Conference of IPARM titled Delhi PMR Conference 2019.
4. Dr Fatima Haneena P (JR), won Dr Sanat Kumar Sarkar Memorial Medal for best post-graduate poster presentation in 48th Annual National Conference held at Kozhikode, Kerala on 18 January 2020.
5. Dr Kanhu Charan Mallik (SR) was awarded IFNR Young Fellowship award during the IFRCON-2019 for the essay on the topic 'Vision Neurorehabilitation-2025'.
6. Dr Kanhu Charan Mallik (SR) was awarded Young Investigator Award (Consolation) in Clinical research in ISAR-DCCON 2019, organized by the Department of Pharmacology, AIIMS, New Delhi.
7. Dr Raunak Kumar (SR) was awarded 2nd prize (silver) at VMMC & SJH for academic performance in PG batch MD PMR On Occasion of Bhagwan Mahaveer Janam Jayanti Mahotsav, 16 April 2019.
8. Dr Raktim Swarnakar (JR) received MDS (Movement Disorder Society) Congress 2019 Travel Grant Award for presenting poster in the International Congress of Parkinson's Disease and Movement Disorders, 22-26 September 2019 in Nice, France
9. Dr Raktim Swarnakar (JR) received Mrs Dwarka Prasad Trust Travel Grant Award for the session October 2019-March 2020 for attending and presenting paper at 2nd National Biomedical Research Competition (NBRCom-2019), at PGIMER, Chandigarh on 17th November 2019.

#### **VISITING SCIENTISTS**

1. Dr Darren J Player, Lecturer in Musculoskeletal Bioengineering, Division of Surgery and Interventional Science, Faculty of Medical Science, University College London, United Kingdom.
2. Raj Mitra, MD, The Senator Robert J Dole, Professor and Chairman, Department of Rehabilitation Medicine, The University of Kansas Medical Center, United States of America.

## 9.32. Physiology

**Professor and Head**  
Kishore Kumar Deepak

Hrudananda Mallick	<b>Professors</b>	Kanwal Preet Kochhar
Ratna Sharma	Debabrata Ghosh	Suman Jain
Ashok Kumar Jaryal	Nalin Mehta	Anjana Talwar
	Raj Kumar Yadav	

**Additional Professors**

Asmita Patil		Renu Bhatia
--------------	--	-------------

**Associate Professors**

Simran Kaur		Prashant Tulsidas Tayade
Dinu Santha Chandran		Nasreen Akhtar

**Assistant Professors**

Ritesh Kumar Netam		Akanksha Singh
Geetanjali Gokarn Bade		Suriya Prakash Muthukrishnan

### HIGHLIGHTS

The Department of Physiology has been involved in undergraduate and postgraduate teaching in addition to the doctoral program. The faculty also undertook to train manpower for undergraduate, postgraduate teaching and research techniques in-house by holding workshops and symposia at AIIMS and other institutions. A number of extramural and intramural research projects were taken up by the faculty in various areas such as neurophysiology (including autonomic nervous system), cellular and molecular physiology, nutrition, vascular physiology, reproduction, respiration, sleep, cognition, transcranial magnetic stimulation and yoga. The research outcomes were presented in various national and international scientific forums and published in indexed journals. On the basis of its original research, the department has provided significant support in patient care by utilizing cutting-edge technologies in autonomic and vascular function assessments, pain management, intraoperative monitoring during corrective surgeries, and yogic intervention. Several awards and honors have been received by faculty members and the students of the department in appreciation of their innovative contributions in research and medical education. The department organized “Techniques in Physiological Sciences - Advanced Workshop”, the workshop for SAARC Nations from 12 to 15 December 2019 and shared their expertise with the scientists abroad (Picture 1). The department also organized 37th Annual Meeting of Indian Academy of Neurosciences from 18 to 21 November 2019 and was a grand success (Picture 2). Neuroscientists -School Children Meet was organized by the Department to stimulate research interests in young Indian minds on 18 November 2019 (Picture 3). As a significant recognition, seven research paper presentations were invited from our Space and Environmental Physiology lab by Human Space Program, 2020 organized under the aegis of ISRO in January 2020.

**Photograph 1:** Inaugural Ceremony of Techniques in Physiological Sciences - Advanced Workshop (12 December 2019) organized by Department of Physiology

Left to right: Dr R Bhatia, Professor HN Mallick, Professor R Guleria, Professor KK Deepak

**Photograph 2:** Inaugural Ceremony of 37th Annual Conference of Indian Academy of Neurosciences (18 November 2019), organized by Departments of Physiology and Anatomy

Left to right: Professor S Jain, Professor KK Deepak, Professor P Seth, Professor SB Singh, Professor PN Tandon (Guest of Honor), Professor R Guleria (Chief Guest), Professor MK Thakur, Professor VK Khanna, Professor TS Roy, Professor S Kaur.

**Photograph 3:** Neuroscientists -School Children Meet held at Jawaharlal Auditorium on 18 November 2019, organized by Departments of Physiology and Anatomy

## EDUCATION

1. **Undergraduate teaching:** Lecture 200 hours and Practical 240 hours, UG students: Total number of students: 107
2. **Postgraduate teaching:** Total Number of PG students:
  - a. MSc students: 10
  - b. MD students: 19
  - c. PhD scholars: 27
3. **Nursing and allied courses:** Total number of students:155
4. **Short Term Training in the Department of Physiology:**
  - a. Two BSc students from Hansraj College, University of Delhi from 9 March 2020 to 18 March 2020
  - b. One faculty from GMC, Guntur from 13 August 2019 to 27 August 2019
  - c. One MSc student from School of Studies in Neuroscience, Jiwaji University, Gwalior from 3 June 2019 to 30 July 2019
  - d. Two Faculty from Gadag Institute of Medical Sciences, Gadag from 15 July 2019 to 27 July 2019
  - e. One student from University College of Science and Technology, Kolkata from 15 November 2019 to 30 November 2019
  - f. One BS-MS student from IISER, Mohali from 15 June 2019 to 31 July 2019
  - g. One senior resident from VMMC & Safdarjung Hospital, Delhi from 17 February 2020 to 16 March 2020
  - h. One student from HNB Garhwal University, Uttarakhand from 1 June 2019 to 31 July 2019
  - i. One BPTH student from MGM Allied Health Sciences Institute, Indore from 1 May 2019 to 15 June 2019
  - j. Two students from DIPSAR, Delhi from 19 June 2019 to 19 July 2019
  - k. Two students from BR Ambedkar Centre for Biomedical Research, University of Delhi from 15. June 2019 to 15 July 2019

## CMEs/Workshops/Symposia/National and International Conferences

1. Techniques in Physiological Sciences - Advanced Workshop: Workshop for SAARC Nations, 12-15 December 2019, AIIMS, New Delhi
2. Twenty seventh Annual Meeting of Indian Academy of Neurosciences, Theme: “Neuron to Behavior”, 18-21 November 2019, AIIMS, New Delhi
3. Satellite Workshop on Techniques and Protocols to study space Physiology and their earth applications as part of 8th Congress of Federation of Indian Physiological Societies (FIPS Congress) – 2019, 26 September 2019, AIIMS, New Delhi
4. Workshop on “Autonomic function Testing” during National Conference and hands on workshop on noninvasive assessment of neural and vascular functions in diabetes, 16 May 2019, Nashik
5. Workshop on “Autonomic function Testing” during National CME cum Workshop on Autonomic Neurosciences, 12 April 2019, Gadag, Karnataka
6. Workshop on “Autonomic function Testing” during CME on Basics and future trends in Autonomic Function Testing’ at Gandhi Medical College, 15 February 2020, Bhopal
7. Workshop on “Autonomic function Testing” during 65th Annual Conference of Association of Physiologist & Pharmacologist of India (APPICON 2019), Guahati Medical College, 27 November 2019, Guwahati
8. Workshop on “Autonomic function Testing” during CME and Workshop on Autonomic Neurosciences, Guntur medical College, Dr NTR University of Health Sciences, 13 October 2019, Guntur
9. Fourth National Medical Laboratory Professionals Week 2019 (NMLPW), 22 July 2019, Department of Physiology, AIIMS, New Delhi
10. Second IAPEN Clinical Nutrition Update Symposium Series-2019 themed around “Surgical Nutrition”, 22 May 2019, AIIMS, New Delhi
11. Symposium on “Quantitative EEG as a neuroimaging tool for understanding cognition” at the 8th Congress of Federation of Indian Physiological Societies (FIPS Congress 2019), 26–29 September 2019, ESIC Medical College and Hospital, Faridabad
12. Symposium on “Capturing Neural Activity to Assess Cognition” at the 27th Annual Meeting of Indian Academy of Neurosciences, 18-21 November 2019, AIIMS, New Delhi
13. Workshop on ‘QEEG: A tool to assess cognition’ at the 27th Annual Meeting of Indian Academy of Neurosciences, 18-21 November 2019, AIIMS, New Delhi
14. Workshop on Cognitive Function Tests and QEEG, Techniques in Physiological Sciences - Advanced Workshop, 12-15 December 2019, AIIMS, New Delhi
15. Workshop on Methodological basis of Expression Microarray and Functional Genomics, Techniques in Physiological Sciences - Advanced Workshop, 12-15 December 2019, AIIMS, New Delhi
16. Neuroscientists -School children meet, 18 November 2019, AIIMS, New Delhi
17. Workshop on Pain assessment in humans and animals, Techniques in Physiological Sciences - Advanced Workshop, 12-15 December 2019, AIIMS, New Delhi
18. Symposium cum workshop: ‘Innovations in digital learning & Teaching Physiology’ under the aegis of Association of Physiologists and Pharmacologists of India (APPI), Delhi Chapter, 24 June 2019, AIIMS, New Delhi
19. Symposium on ‘Recent updates in Mind, Body, Medicine’, 28 November 2019, APPICON 2019, Guahati Medical College, Guwahati
20. Workshop on Transcranial magnetic stimulation for Pain management, Techniques in Physiological Sciences - Advanced Workshop, 12-15 December 2019, AIIMS, New Delhi
21. Pre-Conference workshop at 8th International Conference of Physical Therapy, 19 December 2019, JPNTC and AIIMS, New Delhi
22. Intensive Sleep Technology Workshop, 14-19 April 2019, AIIMS, New Delhi
23. Polysomnography workshop, Techniques in Physiological Sciences - Advanced Workshop, 12-15 December 2019, AIIMS, New Delhi
24. Polysomnography Workshop, 28 November 2019, APPICON 2019, Guwahati Medical College, Guwahati

## Lectures delivered at CME/ National and International Conferences

**Kishore Kumar Deepak: 26**

**Ratna Sharma: 5**

**Raj Kumar Yadav: 3**

**Debabrata Ghosh: 4**

**Nalin Mehta: 15**

**Anjana Talwar: 7**

**Kanwal Preet Kochhar: 2**

**Suman Jain: 5**

**Asmita Patil: 6**

**Renu Bhatia: 5**  
**Dinu S Chandran: 4**  
**Ritesh Kumar Netam: 1**  
**Suriya Prakash Muthukrishnan: 5**

**Simran Kaur: 4**  
**Nasreen Akhtar: 5**  
**Geetanjali Gokarn Bade: 6**

**Prashant Tayade: 3**  
**Akanksha Singh: 4**

#### **Kishore Kumar Deepak**

1. How to convert our challenges into opportunities, State chapter of Association of Physiologist & Pharmacologist of India (UP-UK APPICON 2019), 6 April 2019, Greater Noida
2. Assessment of syncope and differentials for postural tachycardia syndrome, National CME cum workshop on autonomic neurosciences, 12 April 2019, Gadag
3. The future prospects for Physiologists, Local chapter of Association of Physiologist & Pharmacologist of India Meeting, 26 April 2019, Manipur
4. Assessment of autonomic functions in diabetes, National conference and hands on workshop on non-invasive assessment of neural & vascular functions in diabetes, 16 May 2019, Nashik
5. Yoga for health and disease , Yoga Mahotsav, Ministry of AYUSH, 2 June 2019, New Delhi
6. Autonomic functions in health & disease , Vascular physiology, physiological techniques and medical education quadrilateral physiology conference, 21 June 2019, Graz, Austria
7. Electrophysiology: Basics of all electrophysiological tests and procedures, role of tests in patient care etc, Capacity building initiative for hospital electrocardiography/ electrophysiology technical staff, AIIMS, New Delhi, 17 September 2019, New Delhi
8. Techniques and protocols to study space physiology & their earth applications, Satellite Workshop, 8th Congress of Federation of Indian Physiological Societies (FIPS Congress2019), 26 September 2019, New Delhi
9. Setting of clinical physiology and hospital services: Advantages, challenges and future directions, 8th Congress of Federation of Indian Physiological Societies (FIPS Congress 2019), 28 September 2019, Faridabad
10. Integration and innovation in physiology, CME and workshop on autonomic neurosciences, 13 October 2019, Guntur
11. Physiologic basis of Obstructive Sleep Apnea (OSA), CME on sleep medicine, 20 October 2019, Guwahati
12. Yoga for performance improvement in different operational environmental conditions, Continuing Education Program (CEP), DIPAS, DRDO, 23 October 2019, New Delhi
13. Value of autonomic function tests, Association of Physiologists and Pharmacologists of India (Local Chapter meeting), 11 November 2019, Gwalior
14. Yoga as medicine: underlying mechanisms, Fifth International Yoga Conference (IYC) on ‘Yoga for heart care’, 16 November 2019, Mysuru
15. Cerebellar and brainstem mediated autonomic regulation: An emergent prospective of central autonomic network, 37th Annual Conference of Indian Academy of Neurosciences (IAN 2019), 18-21 November 2019, New Delhi
16. Post-graduate medical education: Newer MD physiology practicals, 65th Annual Conference of Association of Physiologist & Pharmacologist of India (APPICON 2019), 27 November 2019, Guwahati
17. AFT Lab – The story from inception to country-wide establishment, 65th Annual Conference of Association of Physiologist & Pharmacologist of India (APPICON 2019), 29 November 2019, Guwahati
18. Techniques of autonomic function testing, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12 and 13 December 2019, New Delhi
19. Yoga for astronauts: The challenges, solutions and protocol, 23rd INCOFVRA (International Conference of Frontiers in Yoga Research and its Applications), 5 January 2020, Bengaluru
20. Evaluation of adrenergic and cardio-vagal function: HRV & BRS, Clinical autonomic quantitation workshop, 9 January 2020, New Delhi
21. Autonomic function testing – Relevance to sports physiologists, National workshop in sports physiology, 10 January 2020, Wardha
22. Validation of head down tilt microgravity experiment on earth, Human Space Program 2020 (HSP 2020) (An ISRO-AAI & IAA joint conf), 24 January 2020, Bengaluru
23. Yoga practitioners are better tolerant to LBNP-40 mmHg during slow breathing compared to Naive to yoga group, Human Space Program 2020 (HSP 2020) (An ISRO-AAI & IAA joint conf), 24 January 2020, Bengaluru,
24. AFT lab: An establishment *from inception to country-wide*, CME on basics and future trends in autonomic function testing, 15 February 2020, Bhopal

25. MD Physiology: Introspection and new directions, I APPI Physiology Leaders' Summit, 25 February 2020, Goa
26. Clinical application of autonomic function testing: Indian perspective, Local chapter Meeting, Association of Physiologists and Pharmacologists of India, 26 February 2020, Goa

#### **Debabrata Ghosh**

1. To investigate epigenetic landscape in endometriosis and its links to stress, BRICS symposium on integrative physiology of stress, 23 September 2019, St. Petersburg, Russia
2. Integrative physiology of stress-induced disorders in female reproduction, International conference on integrative stress physiology, 24 September 2019, St. Petersburg, Russia
3. Foreword on the IUPS Hands-on Workshop on Medical Education Techniques, Hands-on workshop on medical teaching methodologies: IUPS initiative, 5 November 2019, Gangtok
4. Chairperson's address in the Panel Discussion on Competency based Medical Education, Hands-on Workshop on Medical Teaching Methodologies: IUPS initiative, 7 November 2019, Gangtok

#### **Kanwal Preet Kochhar**

1. Enhanced social cognition and motor cognition improves functional outcomes in extreme environments, International workshop on social network of animals in extreme environment with special reference to penguins, 22-24 April 2019, Port Blair
2. Psychosocial skills to cope with stigma and stress in digital age, 26th National Conference on Indian Association for Social Psychiatry 2019, 29 November–1 December 2019, Bhubaneswar

#### **Ratna Sharma**

1. Stress management and conflict resolution, Workshops on "Mental health at workplace", 18 September -11 December 2019, New Delhi
2. "Neuroimaging through QEEG to understand cortical functions" and "Neuroimaging through QEEG: Success so far", 8th Congress of Federation of Indian Physiological Societies (FIPS Congress 2019), 26–29 September 2019, Faridabad
3. QEEG: An emerging tool to capture neural sources of cognition, 27th Annual Meeting of Indian Academy of Neurosciences, 18-21 November 2019, New Delhi
4. Quantitative EEG as a neuroimaging tool for understanding cognition, Cognitive Neuroscience Society of India (CNSI-2020) Conference, 20-22 January 2020, Gandhinagar
5. Seminar as a teaching tool in post graduate teaching, APPI Physiology Leaders' Summit, 25 and 26 February 2020, Goa

#### **Nalin Mehta**

1. Bioethics in healthcare & research, State chapter of Association of Physiologist & Pharmacologist of India (UP-UK APPICON 2019), 5 and 6 April 2019, Greater Noida
2. Ethical review of research protocols, 4th Capacity building CME cum Workshop on GCP guidelines and role of ethics in research, 23 May 2019, Rohtak
3. Submission of research protocols to institutional ethics committee: Common errors and issues, Capacity building CME cum Workshop on GCP guidelines and role of ethics in research, 23 May 2019, Rohtak
4. Ethical issues in biomedical research, Round table conference on importance of research methodology and ethics, 5-7 August 2019, Pune
5. How to write a research grant proposal, Round Table Conference on Importance of Research Methodology and Ethics, 5-7 August 2019, Pune
6. Concept of professionalism and ethics, Foundation Course for MBBS 2019, admission batch, Dr BSA Medical College, 27 August 2019, New Delhi
7. Bioethics: History and relevance, continuing dental education program on "Ethics and Biomedical Research Series 1.0", 6 November 2019, New Delhi
8. Research involving vulnerable population, Continuing dental education program on "Ethics and Biomedical Research Series 1.0", 6 November 2019, New Delhi
9. Benefit – risk analysis, continuing dental education program on "Ethics and Biomedical Research Series 1.0", 6 November 2019, New Delhi

10. How to prevent lifestyle diseases, Emerging technologies & innovation in healthcare in India - Open Technology Festival – 2019, 6 and 7 December 2019, New Delhi
11. Do we really practice what we preach in medical education? Medical Education Conference 2020, 23–25 January 2020, Bhubaneswar
12. Ethical issues in research involving animals, 1st APPI Physiology Leader's Summit, 25 and 26 February 2020, Goa
13. Ethics of biomedical research, One-week short term course on plagiarism & ethical issues in research work, 3–9 March 2020, Amritsar
14. Writing a research grant proposal , One-week short term course on plagiarism & ethical issues in research work, 3 –9 March 2020, Amritsar
15. Academic fraud and plagiarism, One-week short term course on plagiarism & ethical issues in research work, 3–9 March 2020, Amritsar

#### **Suman Jain**

1. Potential of iron oxide nanoparticles to induce neuroregeneration in spinal cord injury, International Brain Research Organization School, 22 April - 6 May 2019, Trivandrum
2. Nanotechnology and magnetic field stimulation for recovery in spinal cord injury, 8th Congress of Federation of Indian Physiological Societies (FIPS Congress 2019), 27-29 September 2019, Faridabad
3. Nanotechnology and transcranial magnetic stimulation for functional recovery in Parkinson's disease, 33rd Annual Conference of Society of Neurochemistry, 10-12 October 2019, New Delhi
4. Panel discussant on challenges in neuroscience research and funding opportunities, 37th Annual Meeting of Indian Academy of Neurosciences, 19-21 November 2019, New Delhi
5. Teachers/educators role in creating educational equity and ethics in science, National conference on women in science education, 6 and 7 March 2020, Bengaluru

#### **Raj Kumar Yadav**

1. Yoga-based intervention for management of obesity and glaucoma , National Yoga Seminar 2019, 16 May 2019, New Delhi
2. Evidence-based Mind-Body-Medicine, 65th Annual Conference of Association of Physiologist & Pharmacologist of India (APPICON 2019), 28 November 2019, Guwahati
3. Mind- Body- Medicine: recent trends, Evidence-based non-invasive therapies: Futuristic medicine, 19 November 2019, Greater Noida

#### **Anjana Talwar**

1. Exhaled nitric oxide: How to do and interpretation, Advanced Lung Function Testing Workshop, 28 July 2019, Noida
2. Sputum evaluation for inflammatory cells, School Course on severe asthma, 18 August 2019, Noida
3. What goes wrong in OSA: Pathophysiology and risk factors, National Sleep Medicine Course, 7 September 2019, Chennai
4. Physiology of exercise in patients with respiratory diseases, 22st NAPCON 2019; Workshop-pulmonary rehabilitation, 21 November 2019, Kochi
5. Assessment of exercise testing: CPET and 6MWT, 21st NAPCON 2019; Workshop-pulmonary rehabilitation, 21 November 2019, Kochi
6. Pulmonary function testing by spirometry, impulse oscillometry and diffusing capacity of lungs, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12-15 December 2019, New Delhi
7. Real time data acquisition during incremental exercise, exercise and physical activity: Recent trends and future challenges, 28 February 2020, New Delhi

#### **Asmita Patil**

1. Use of physiograph in research and education, CME in Kriya Sharir by AYUSH, CBPACS, 8 May 2019, New Delhi
2. Use of ECG in education and research, CME in Kriya Sharir by AYUSH, CBPACS, 9 May 2019, New Delhi

3. Health and Hygiene , Health and Wellness Workshop, 3 July 2019, New Delhi
4. Adolescence and puberty, Health and Wellness Workshop, 1 October 2019, New Delhi
5. Application of expression microarray in research, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12 December 2019, New Delhi
6. Women leaders in science education -India perspective, Women leaders in science education (WISE), 7 March 2020, Bengaluru

#### **Renu Bhatia**

1. Strategies for pain modulation: Brain stimulation, State chapter of Association of Physiologist & Pharmacologist of India (UP-UK APPICON 2019), 5 April 2019, Greater Noida
2. Pain assessment in animals and humans, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12 December 2019, New Delhi
3. Transcranial magnetic stimulation for pain management, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 14 December 2019, New Delhi
4. Brain stimulation for chronic pain, VIII International conference of physical therapy, 22 December 2019, New Delhi
5. Transcranial magnetic stimulation, Pre-conference workshop of 8th International Conference of physical therapy, 19 December 2019, New Delhi

#### **Simran Kaur**

1. Neuroimaging of cognition in health, 8th Congress of Federation of Indian Physiological Societies (FIPS Congress 2019), 26–29 September 2019, Faridabad
2. Introduction to microteaching, Microteaching Workshop, AIIMS, Delhi, 23 October 2019, New Delhi
3. QEEG: A tool to assess cognition: Introduction to cognitive physiology, 27th Annual Meeting of Indian Academy of Neurosciences, 18 November 2019, New Delhi
4. Introduction to cognitive function tests, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12-15 December 2019, New Delhi

#### **Prashant Tayade**

1. QEEG: What is the future?, 8th Congress of Federation of Indian Physiological Societies (FIPS Congress 2019), 26–29 September 2019, Faridabad
2. Introduction to QEEG, 27th Annual Meeting of Indian Academy of Neurosciences, 18-21 November 2019, New Delhi
3. Introduction to QEEG, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12-15 December 2019, New Delhi

#### **Dinu S Chandran**

1. Introduction to case-based learning, Hands-on workshop on medical teaching methodologies: IUPS initiative, 5 November 2019, Gangtok
2. Role of vascular function tests as ancillary tools for comprehensive evaluation of autonomic dysregulation, 65th Annual National Conference of Association of Physiologists and Pharmacologists of India, APPICON- 2019, 29 November 2019, Guwahati
3. Assessment of heart rate variability, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12–15 December 2019, New Delhi
4. Introduction to non-invasive assessment of vascular function, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12–15 December 2019, New Delhi

#### **Nasreen Akhtar**

1. Principles of polysomnography, Intensive sleep tech workshop, 18 April 2019, New Delhi
2. Conventions hypnotics in management of insomnia, National Sleep Medicine Course, 7 September 2019, Chennai
3. Effect of endocannabinoids on sleep wakefulness, 65th Annual National Conference of Association of Physiologists and Pharmacologists of India, APPICON- 2019, 27 November 2019, Guwahati

4. Introduction to polysomnography, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12-15 December 2019, New Delhi
5. Recording of EEG, sleep lab and sleep apnoea, Sleep physiology, University College of medical Sciences, 2 March 2020, New Delhi

#### **Akanksha Singh**

1. Intraoperative neurophysiological monitoring, Neurotrauma- 2019, Preconference Workshop, 22 August 2019, Agra
2. Intraoperative neurophysiological monitoring, Extension lecture , 14 September 2019, Aligarh
3. Intraoperative neurophysiological monitoring, Neuro-spine 2019, Preconference Workshop, 20 September 2019, Kathmandu, Nepal
4. Intraoperative neurophysiological monitoring – (Case discussion), Neuroanaesthesia update 2019- Intraoperative Neurophysiology (IONP) Workshop, 18 October 2019, New Delhi

#### **Ritesh Kumar Netam**

1. Techniques and application of GI manometry and electro-gastrography, 65th Annual National Conference of Association of Physiologists and Pharmacologists of India, APPICON- 2019, 29 November 2019, Guwahati

#### **Geetanjali Gokarn Bade**

1. Exhaled nitric oxide: How to do and interpretation, Advanced lung function testing Workshop, 28 July 2019, Noida
2. Sputum evaluation for inflammatory cells, School Course on Severe Asthma , 18 August 2019, Noida
3. Physiology of exercise in patients with respiratory diseases, 21st NAPCON 2019; Workshop-pulmonary rehabilitation, 21 November 2019, Kochi
4. Assessment of exercise testing: CPET and 6 MWT, 21st NAPCON 2019; Workshop-pulmonary rehabilitation, 21 November 2019, Kochi
5. Pulmonary function testing by spirometry, impulse oscillometry and diffusing capacity of lungs, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12-15 December 2019, New Delhi
6. Real time data acquisition during incremental exercise, Exercise and physical activity: Recent trends and future challenges, 28 February 2020, New Delhi

#### **Suriya Prakash Muthukrishnan**

1. Processing & analysis of electrophysiological signals and task designing through MATLAB and E-Prime, CME cum workshop on processing and analysis of electrophysiological signals and task designing using MATLAB and E-prime, 30 and 31 March 2019, Rishikesh
2. Neuroimaging of cognition in neurodegenerative and psychiatric disorders, VIII Congress of Federation of Indian Physiological Societies (FIPS Congress 2019), 26–29 September 2019, Faridabad
3. Flipped Class Room (FCR), Hands-on workshop on medical teaching methodologies”, an International Union of Physiological Sciences (IUPS) initiative, 5-7 November 2019, Gangtok
4. Time frequency analysis, source localization, X27th Annual Meeting of Indian Academy of Neurosciences, 18-21 November 2019, New Delhi
5. EEG analysis strategies, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations, 12-15 December 2019, New Delhi

## RESEARCH

### Funded projects

#### *Ongoing*

1. A novel combinatorial approach for neuroregeneration in an in-vivo spinal cord injured rat model: neurotrophic factors coated iron oxide nanoparticles impregnated in a biocompatible hydrogel system, Suman Jain, DST, 3 years, 2017-2020, Rs 32.24 lakhs
2. A study of EEG microstates and source connectivity as state and trait markers in schizophrenia with depression, Ratna Sharma, ICMR, 3 years, 2018-2021, Rs20.73 lakhs
3. Characterization of thermosensitive neurons of preoptic area, Nasreen Akhtar, AIIMS, 2 years, 2018-2020, Rs 9.97 lakhs
4. Clinical research to assess efficacy of repetitive transcranial magnetic stimulation along with implantation of neurotrophic coated nanoparticles in complete spinal cord injury patients, Suman Jain, DBT, 3 years, 2020-2023, Rs 88.35 lakhs

5. Correlation of cortical sources and brain iron during rest and visuospatial working memory in Attention deficit hyperactive disorder, Simran Kaur, DHR, 2.5 years, 2017-2020, Rs 17.74 lakhs
6. EEG microstates and phase synchrony correlates of cognitive deficits in Parkinson's Disease, Ratna Sharma, ICMR, 4 years, 2016-2020, Rs 17.44 lakhs
7. EEG microstates as a biomarker in addictive disorders, Simran Kaur, AIIMS, 2 years, 2019-2021, Rs 8.05 lakhs
8. Effect of acute changes in ambient air pollutants on pulmonary variables and inflammatory markers in healthy subjects and asthmatics, Geetanjali Gokarn Bade, AIIMS, 2 years, 2019-2021, Rs 2 lakhs
9. Effect of chronic exposure to low intensity magnetic field on streptozotocin induced synaptic dysfunction and amyloid precursor protein processing in rats, Suman Jain, ICMR, 3 years, 2019-2022, Rs 13.20 lakhs
10. Effect of extremely low frequency magnetic field on neuroregeneration in severely injured spinal cord in rat model, Suman Jain, ICMR, 3 years, 2017-2020, Rs 12.50 lakhs
11. Effect of functional magnetic resonance imaging neurofeedback-guided motor imagery training on corticomotor excitability and pain status in rheumatoid arthritis, Renu Bhatia, ICMR, 3 years, 2019-2022, Rs 26 lakhs
12. Effect of Probiotic supplementation on Cognition and Motor symptoms in patients with Fluctuating Parkinson's Disease, KP Kochhar, DST, 3 years, 2019-2022, Rs 53.94 Lakhs
13. Effect of repetitive transcranial magnetic stimulation on pain status and corticomotor excitability in chronic low back pain patients, Renu Bhatia, AIIMS, 1 year, 2019-2020, Rs 5 lakhs
14. Effect of yoga on pain status and corticomotor excitability in chronic low back pain patients, Renu Bhatia, DST, 3 years, 2017-2020, Rs 22.63 lakhs
15. Effect of yogic intervention on pain status in fibromyalgia patients, Renu Bhatia, DST, 3 years, 2019-2022, Rs 56 lakhs
16. Efficacy of a yoga-meditation based lifestyle intervention in patients with obesity and major depressive disorder: A randomized controlled trial, Raj Kumar Yadav, DST, 3 years, Rs 79 lakhs
17. Formulation of phantom brain to establish dosimetry of magnetic fields following repetitive transcranial magnetic field stimulation, Suman Jain, AIIMS, 1 year, 2019-2020, Rs 5 lakhs
18. Functional and morphological study of antigravity muscle in spinal cord transected rats: combinatorial effect of electromagnetic field exposure and iron oxide nanoparticle implantation, Suman Jain, ICMR, 3 years, 2019-2022, Rs 13.20 lakhs
19. Gender differences in phase relationship between circadian rhythm and sleep: a spindle architecture and spectral analysis study, Nasreen Akhtar, AIIMS, 1 year, 2019-2020, Rs 1.98 lakhs
20. Immunophenotyping and functional characterisation of peripheral and in-vitro induced T regulatory cells: putative role in pathogenesis of COPD, Anjana Talwar, AIIMS, 2 years, 2018-2020, Rs 20 lakhs
21. Molecular basis of estrogenism in endometriosis, Debabrata Ghosh, SERB, 5 years, 2016 - 2020, Rs 49.72 lakhs
22. Neurohormonal response to mild haemorrhage using the model of blood donation, Akanksha, AIIMS, 2 years, 2018-2020, Rs 9 lakhs
23. Neuromodulation of cortical excitability and plasticity by low frequency repetitive transcranial magnetic stimulation in infantile hemiplegic cerebral palsy patients, Suman Jain, ICMR, 3 years, 2019-2022, Rs 51.35 lakhs
24. Prognostic value of endothelial dysfunction and arterial stiffness for major adverse cardiovascular events in patients with Non-ST elevation Acute coronary syndromes, Dinu S Chandran, AIIMS, 2 years, 2019-2021, Rs 9.92 lakhs
25. QEEG based neural correlates and microstates of attention and interference in ADHD: An endophenotypic marker, Simran Kaur, CSRI, DST, 1.5 years, 2017-2020, Rs 11.97 lakhs
26. QEEG correlates of default mode network activity and its correlation with cognitive deficits in multiple system atrophy-parkinsonian type and multiple system atrophy -cerebellar ataxia type, Ratna Sharma, ICMR, 3 years, 2019-2022, Rs 21.58 lakhs
27. Quantification of systemic inflammatory biomarkers and immunophenotyping of immune cells in post tuberculosis sequelae patients, Geetanjali Gokarn Bade, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
28. Study of EEG microstates in Om chanting, Prashant Tayade, AIIMS, 1 year, 2019-2020, Rs 4.63 lakhs
29. To investigate the biochemical and functional alterations by novel diagnostic tool GluCEST and prevention of progression of Alzheimer's disease by non-invasive Magnetic field stimulation therapy in streptozotocin (STZ) induced rat model, Suman Jain, ICMR, 3 years, 2019-2022, Rs 21.58 lakhs
30. To study effect of exposure to diesel biodiesel and biodiesel blend fuel-engine exhaust on testicular morphology and spermatogenesis in male Wistar rats, Asmita Patil, AIIMS-IIT, 3 years, 2019-2021, Rs 10 lakhs
31. To study the relationship between resting retrograde shear and atherogenic profile in peripheral, central and coronary arteries in patients of myocardial infarction, Dinu S Chandran, ICMR, 3 years, 2018-2020, Rs

10.68 lakhs (Funded for SRF position)

32. Transcriptomic landscaping for endometriosis from genome-wide analysis (GWA) of expression arrays, Debabrata Ghosh, DST, 5 years, 2015-2020, Rs 47.37 lakhs

### **Completed**

1. Acute effects of slow breathing on cardiovascular variability during head up tilt, head down tilt and lower body negative pressure in naïve healthy subjects and trained yoga practitioners, KK Deepak, AYUSH, 3 years, 2016-2019, Rs 66.76 lakhs
2. Circadian rhythm disruption, social jet lag and sleep disorders in urban young adults, Nasreen Akhtar, ICMR -STS Award, 1 year, 2019
3. Comparison of inflammatory and oxidative stress markers in exhaled breathcondensates of smoker COPD and biomass smoke exposed COPD, Geetanjali Gokarn Bade, AIIMS, 2 years, 2017-2019, Rs 7.32 lakhs
4. Continuous noninvasive blood pressure waveform measuring device for cardiovascular health, Dinu S Chandran, BIRAC, 1.5 years, 2018-2019, Rs 5.88 lakhs
5. Development and validation of peripheral arterial applanation tonometer to derive altered shear profile in conduit arteries, Dinu S Chandran, AIIMS, 1 year, 2018-2019, Rs 4.50 lakhs
6. Effect of hypothalamic inflammation on glucose sensing neurons in arcuate Nucleus in high fat diet induced obesity rat model, Ritesh Kumar Netam, AIIMS, 3 years, 2017-2020, Rs 10 lakhs
7. QEEG based neural correlates of perceptual dominance, Simran Kaur, AIIMS, 3 years, 2016-2018, Rs 6.62 lakhs

### **Departmental projects**

#### **Ongoing**

1. A morphological and functional study on intracerebroventricular streptozotocin induced rat model of Alzheimer's disease: effect of magnetic field stimulation
2. A study of cortical connectivity and EEG sources in Autism spectrum disorder
3. A study of endothelial function and gene expression in healthy individuals, and their correlation with various somatotype classifications
4. A study of pain status and corticomotor excitability in chronic low back pain patients: Effect of transcranial magnetic stimulation
5. A study of pulmonary functions and inflammatory biomarkers in post-pulmonary tuberculosis sequelae patients
6. Acute cardio-autonomic responses to graded head down tilt in long term Sirsasana Yoga practitioners
7. Cortical reorganization in complete spinal cord injured rats: Effect of superparamagnetic nanoparticles and low intensity magnetic field exposure
8. Default mode network in major depressive disorder: A Quantitative EEG study
9. EEG cortical sources and connectivity of working memory and language processing in Attention Deficit Hyperactivity Disorder
10. EEG Microstates in major depressive disorder
11. Effect of countermeasure gravity loading body gear on antigravity muscle activity and autonomic function
12. Effect of deep hypothermia on nerve conduction in humans
13. Effect of electrolytic and neurotoxic lesion of VLPO on sleep and wakefulness in rats
14. Effect of graded lower body positive pressure on dynamic cerebral autoregulation
15. Effect of head down tilt on phasic events during sleep in healthy adult subjects
16. Effect of sympatho-inhibitory manoeuvres on resting retrograde shear in brachial artery of middle aged and elderly human subjects
17. Effect of yoga on pain and corticomotor excitability in chronic low back pain
18. Effective brain connectivity in visual object recognition
19. Effects of short-term yoga-based lifestyle intervention on hypothyroidism: A Randomized Controlled Trial
20. Emotional interference in opioid addiction: A QEEG study
21. Evaluation of autonomic function in different types of achalasia patients diagnosed by high resolution manometry

22. Evaluation of protein expression of microchimeric Y-Chromosome in ovarian endometriosis
23. Evaluation of pulmonary functions in ankylosing spondylitis
24. Genomic expression and protein profile correlates of peripheral blood mononuclear cells in obesity after yoga-based lifestyle intervention
25. Hemodynamic correlates of retrograde shear augmentation in brachial artery by lower body negative pressure (LBNP)
26. Immunophenotyping and functional characterization of peripheral T regulatory cells in COPD
27. Muscle regeneration in complete spinal cord injury: Effect of iron oxide nanoparticle implantation along with magnetic field exposure in rats
28. Neuromuscular changes in sleep and sleep deprivation
29. Neuroregeneration following implantation of iron oxide nanoparticle along with magnetic field exposure in spinal cord injured rats
30. QEEG based neural correlates and microstates of attention and interference in ADHD: An endophenotypic marker
31. Quantitative EEG correlates of single nostril breathing
32. Study on association between pain and neurotrophins in ovarian endometriosis
33. To investigate the arterial wall mechanics of low flow mediated constriction
34. To study the effect of simulated microgravity on the baroreflex sensitivity and carotid artery structure in rats
35. To study the mechanism of altered spontaneous baroreflex sensitivity during blood donation
36. To study the neural correlates of local sleep and its association with cognition: A QEEG study
37. To study the role of vascular function and pain sensitivity in post myocardial patients
38. To study the vascular mechanisms contributing to augmentation of brachial artery retrograde shear in response to graded cuff pressure over forearm

### ***Completed***

1. A neoplastic potential of endometrial stromal cells in endometriosis
2. A study of offset analgesia in trigeminal neuralgia
3. A study of transcriptomic landscape of ovarian endometriosis
4. Acute effects of slow breathing on cardiovascular variability during head up tilt, head down tilt and lower body negative pressure in naïve subjects and trained yoga practitioners
5. Brain computer interface based on EEG data of motor imagery
6. Cortical sources of working memory in opioid addicted patients: A Quantitative EEG study
7. Default mode network of addictive disorders- A quantitative EEG study
8. Effect of Angiotensin converting enzyme inhibitor on autonomic vascular & endothelial function in diabetics with newly diagnosed hypertensive
9. Effect of physiological challenges on regional brain temperature in Rats
10. Effect of short-term Yoga-based lifestyle intervention on stress, airway resistance and inflammation in bronchial asthma patients: A randomized controlled trial
11. Effect of static handgrip exercise on frequency dependence of baroreflex sensitivity
12. Effect of vitamin D supplementation on pancreatic beta cell functions in obese Indian subjects: A Randomized Controlled Trial
13. Endometrial telomerase reverse transcriptase protein expression in ovarian endometriosis
14. Evaluation of autonomic functions in patients of spinocerebellar ataxia types 1, 2 and 3 & comparison with morphological changes in brain
15. Evaluation of autonomic tone, vascular and endothelial function in myocardial on Infraction patients undergoing yoga best cardiac rehabilitation
16. Flow mediated slowing of pulse wave velocity during reactive hyperemia as a measure of endothelial function
17. Molecular basis of estrogenism in endometriosis
18. Neural correlates of cognitive performance in glaucoma: A quantitative EEG study
19. Neural processing of congruency and affective valence during binocular rivalry: A QEEG study
20. Polysomnographic studies of the effect of pranayamas on various physiological functions

21. Quantitative EEG correlates of emotion induced changes in cognitive performance in healthy volunteers
22. Quantitative EEG correlates of visuo-spatial working memory in Schizophrenia
23. Role of mediodorsal thalamic nuclei in sleep
24. Role of the lateral septal nuclei in sleep in Rats
25. The effect of motor imagery on pain status and corticomotor excitability in rheumatoid arthritis patients
26. To study radial artery low flow mediated constriction in response to shear modulation by graded supra-systolic occlusion
27. To study the electrophysiological signatures of arousal from sleep in adult human subjects
28. To study the therapeutic effect of superparamagnetic iron oxide nanoparticles implantation and magnetic field stimulation on motor, cognitive in a 6-OHDA rat model of Parkinson's Disease
29. To study the vascular mechanisms contributing to augmentation of brachial artery retrograde shear in response to graded cuff pressure over forearm
30. Understanding the pathophysiology of endometriosis by protein profiling and its correlation with stress

## **Collaborative projects**

### ***Ongoing***

1. A Cross Sectional Study to assess the Severity of Chronic Pruritus and its effect on Quality of life using the 12 Item Pruritus Severity Scale and the 5-D Itch Scale, Dermatology and Venereology
2. A prospective study to evaluate the restoration of abdominal wall dynamics in patients with incisional hernia following laparoscopic IPOM plus repair in comparison to healthy controls using surface EMG, Surgery
3. A randomized controlled trial of adjunctive incremental pregabalin therapy vs placebo for pain management in chronic pancreatitis, Gastroenterology and Human Nutrition
4. A randomized sham-controlled trial of targeted low frequency repetitive transcranial magnetic stimulation therapy in childhood and adolescent with focal onset refractory epilepsy, Pediatrics
5. A randomized, double-blind, placebo-controlled, split-head trial to study the effects of autologous platelet-rich plasma on hair growth and lesional T-helper and T-regulatory cells expression markers in alopecia areata, Dermatology and Venerology
6. A study for determination of allocentric neural navigation process schematic utilizing dynamic optic array for prospective control, Psychiatry
7. A study of autonomic functions in adolescents with specific learning disorder (dyslexia) with and without ADHD, Psychiatry
8. A study of brain activation using functional near infrared spectroscopy and quantitative electroencephalographic spectral analysis in depression, negative and positive schizophrenia, Psychiatry
9. A study of the functional brain activation and electro-physiological spectral analysis in catatonia, Psychiatry
10. Analysis of anti-neurotoxicity of amyloid beta (A $\beta$ ) in Alzheimer's disease (AD) pathology targeting lipoxygeanse, Biophysics
11. Change in Sleep pattern, perceived stress and coping strategies at the end of first year among first year medical undergraduate students: A prospective study, Medicine
12. Comparative assessment of cognition, default mode networks and analysis of psychosocial behavior and lifestyle, between obese and post-bariatric surgery groups of patients, Surgery
13. Comparative study of effects of lignocaine vs dexmedetomidine administration on the incidence of Postoperative cognitive dysfunction in the elderly, Anesthesiology, Pain Medicine and Critical Care
14. Cortical excitability in children with electrical status epilepticus in sleep compared to non-epileptic healthy children using Transcranial magnetic stimulation, Pediatrics
15. Delhi glaucoma epidemiology study, RPC for ophthalmic Sciences
16. Development of countermeasure gravity loading bodysuit and its potential association with cardiovascular and muscular system, Dr BR Ambedkar National Institute of Technology, Jalandhar
17. DTI, fMRI and qEEG correlates of cognition and behaviour in children and adolescents with well controlled nonlesional epilepsy: An observational study, Pediatric Neurology
18. Effect of acute changes in ambient air pollutants on pulmonary variables and inflammatory markers in healthy subjects and asthmatics, Pulmonary, critical care and sleep medicine

19. Effect of repetitive magnetic field stimulation on neurogenesis in streptozotocin induced rat model of Alzheimer's disease, Biotechnology
20. Effect of Suryanamaskara practice on physiological variables: A pilot study, Centre for Integrative Medicine and Research
21. Effect of vitamin D on monocrotaline induced pulmonary artery hypertension in rats, Pharmacology
22. Effect of yoga based lifestyle intervention on biomarkers of cellular aging in patients with depression, Anatomy
23. Effect of yoga on maternal and perinatal outcome in pregnancy, Obstetrics and Gynecology
24. Efficacy of a family based comprehensive yoga program for weight reduction among overweight children and adolescents, Pediatrics
25. Endometrial neurotrophic factors and nerve fibres in endometriosis-associated pain, Obstetrics & Gynecology
26. Endothelial dysfunction in young patients with non-alcoholic fatty liver disease, Medicine
27. Evaluation of effect of mindfulness based stress reduction on optic disc perfusion using OCT-angiography in glaucoma patients: A Randomized Controlled Trial, RPC for ophthalmic Sciences
28. Evaluation of immediate and occlusal pattern changes and their influence on electromyographic activity of jaw muscles in growing patients treated with rapid maxillary expansion for posterior crossbite- A prospective clinical study, Centre for Dental Education and Research
29. Evaluation of pulmonary functions in ankylosing spondylitis, Physical Medicine and Rehabilitation
30. Evaluation of repetitive transcranial magnetic stimulation as an adjunct to modified constraint induced movement therapy in improving upper limb function in children with hemiparetic cerebral palsy aged 5–18 years - A Randomized Controlled Trial, Pediatrics
31. Evaluation of the effect of mind fullness based stress reduction in patients with advanced glaucoma, Ophthalmology
32. Exploring graphene functionalized 3D scaffolds for enhanced neuronal differentiation of human mesenchymal stem cells and use in rat Parkinson's disease model, Stem Cell facility, IRCH
33. Identification of biomarkers in Parkinson's disease using NMR, NMR
34. Immunophenotyping and functional characterization of peripheral and in-vitro induced T regulatory cells: putative role in pathogenesis of COPD, Pulmonary, critical care and sleep medicine
35. Impact of supervised diet and lifestyle modifications on weight loss, body fat distribution and insulin resistance in adult Indian obese patients, Surgical disciplines
36. Impact of yoga and meditation on epigenetic profile in rheumatoid arthritis, Anatomy
37. Investigation of heart-brain interactions during internally operative versus externally operative attention regulatory mechanisms, Dr BR Ambedkar National Institute of Technology, Jalandhar
38. Is central sensitization is a characteristic feature of chronic nonspecific neck arm pain? - a comparison with fibromyalgia and healthy individuals, Neurosurgery
39. Isolation and molecular characterization of colorectal cancer stem cells, Biochemistry
40. Longitudinal changes in EMG activity of masseter and temporalis muscles of patients undergoing temporomandibular joint replacement, Centre for Dental Education and Research
41. Neurobiological basis of early life stress induced aggressive behavior, Institute of Genomics and Integrative Biology, Delhi
42. Nutritional profile and lifestyle of Indian women (18-40 years) with infertility, Lady Irwin College, Delhi University
43. Quantification of systemic inflammatory biomarkers and immunophenotyping of immune cells in post tuberculosis sequelae patients, Pulmonary, critical care and sleep medicine
44. Repetitive transcranial magnetic stimulation to the inferior parietal lobule in task specific focal hand dystonia: A randomized cross over blinded outcome assessment study, Neurology
45. Role of cytokine levels in recurrent pregnancy loss and effect of progesterone on cytokine levels, Obstetrics & Gynecology
46. Role of Regulatory T Cells in COPD, Pulmonary Medicine
47. Role of selective neuropeptides in the spinal cord of morphine treated rats, Anatomy
48. Role of Yoga based intervention as an adjunct in improving quality of life of glaucoma patients, RPC for ophthalmic Sciences
49. Sternocleidomastoid and trapezius muscle activity before and after twin block therapy in skeletal class ii growing patients, Centre for Dental Education and Research
50. Study of clock genes in rat model of mania-like behavior, Neurology

51. Study of cognitive function in patients with chronic kidney disease and the effect of renal transplantation, Nephrology
52. The neurophysiological effect of pranayama in comparison to slow breathing, Centre for integrative medicine and Research
53. The study of synaptic plasticity in rat model of chronic post-surgical pain, Anatomy
54. To evaluate combination of biochemical endothelial markers and arterial stiffness in prediction of preeclampsia, Obstetrics and Gynecology
55. To evaluate neck muscles activity after mandibular postural changes in growing class II High angle patients with twin block therapy-An EMG study, Centre for Dental Education and Research
56. To study the changes in Bereitschafts potentials or movement related cortical potentials in fibromyalgia syndrome, Psychiatry, PMR
57. To study the effect of collagen-based scaffoldson the functional recovery in complete spinal cord injured rats, NIPER, Ahmedabad
58. To study the effectiveness of repetitive transcranial magnetic stimulation (rTMS) on activities of daily living, behavioral and cognitive ability (A-B-C) of Parkinson disease patients, Neuropsychology
59. Unique aspects of idiopathic hypoparathyroidism, Endocrinology and Metabolism

### **Completed**

1. A cross sectional study to assess autonomic nervous system imbalance and its correlation with cutaneous manifestation in patients with systemic sclerosis, Dermatology and Venereology
2. A pilot study for development of visual cue-induced craving paradigm for alcohol dependence and its QEEG correlates, Psychiatry
3. A pilot study of the role of intercessory prayer in determining the outcome after severe traumatic brain injury, Department of Neurosurgery, RML, New Delhi; Neurosurgery, AIIMS, New Delhi
4. A study of autonomic functions in adolescents with specific learning disorder (dyslexia) with and without comorbid ADHD, Psychiatry
5. A study of impulse oscillometry in sarcoidosis, Pulmonary Medicine
6. A study of respiratory impedance, resistance and reactance in interstitial lung disease, Pulmonary Medicine
7. An exploratory study with a purpose of finding a relationship between stress and pain perception/ modulation in context of presence or absence of anxiety, Department of Psychology, University of Delhi
8. Assessment of autonomic function across frailty status in Indian elderly, Geriatric Medicine
9. Association of lean mass, muscle strength and physical performance with diabetes and metabolic parameters, Medicine
10. Blood heavy metal levels and quantitative EEG correlates in children with autism, Pediatrics
11. Cardiac autonomic tone and reactivity in patients with alcohol use disorders undergoing treatment of acute withdrawal symptoms, Psychiatry and NDDTC
12. Central serous chorio-retinopathy and meditation: Functional and morphological outcome study, RPC for Ophthalmic Sciences
13. Characterization of dynamic interaction between cardiovascular and respiratory signal during autonomic stimulation, Dr BR Ambedkar National Institute of Technology, Jalandhar
14. Comparison of inflammatory and oxidative stress markers in exhaled breath condensates of smoker COPD and biomass smoke exposed COPD, Pulmonary, critical care and sleep medicine
15. Comparison of one session vs four session formats of journal clubs in postgraduate teaching, VMMC and Safdarjung Hospital, New Delhi
16. Comparison of propofol and ketofol on transcranial motor evoked potentials in patients undergoing thoracolumbar spine surgery, Neuro-anaesthesiology and Critical Care
17. Differential pre frontal cortex (PFC) activation for Attention Deficit Hyperactive Disorder (ADHD) patients and control group in response to emotional stimuli: A Functional Near Infrared Spectroscopy (fNIRS) study, Department of Psychology, University of Delhi
18. Effect of Yoga-based intervention on intraocular pressure, quality of life, inflammatory markers and gene expression profile in glaucoma patients: A Randomized Controlled Trial, RPC for Ophthalmic Sciences
19. Endothelial dysfunction in young patients with non-alcoholic fatty liver disease, Medicine
20. Evaluation of effect of mindfulness-based stress reduction in patients with primary open angle glaucoma, RPC

for Ophthalmic Sciences

21. Feasibility of introducing structured yoga programme and its effect on stress and perceived well-being on new medical undergraduate students of AIIMS, New Delhi, Centre for Community Medicine
22. Impact of nutritional and lifestyle modification in subjects with BMI 25-29.9 kg/m<sup>2</sup> vs 30-34.9 kg/m<sup>2</sup> and to assess the effect of bariatric surgery in BMI  $\geq$ 35 kg/m<sup>2</sup>, Surgical Disciplines
23. Polyneuropathy in critically ill mechanically ventilated children, Pediatrics
24. Study of autonomic function in children and adolescents with specific learning disability, Psychiatry
25. Study of potential modulator targeting pathways involved in the hyperphosphorylation of tau in Alzheimer disease, Biophysics
26. The study of the effect of static magnetic field exposure on red blood cells and blood flow in humans, Biomedical Engineering, IIT Delhi

## PUBLICATIONS

**Journals: 41**

**Abstracts: 14**

**Chapters in Books: 2**

## PATIENT CARE

**Autonomic Function lab and Vascular Function lab** provide diagnostic facility for referred patients. The labs provide routine test of autonomic reactivity along with autonomic tone quantification. A total number of 1038 of humans have been tested for autonomic function test this year, which included 1011 patients and 27 healthy subjects.

**Gastrointestinal Physiology** provided diagnostic facility (upper GI manometry) for 55 referred patients from Gastroenterology and Surgery.

**Intraoperative Neurophysiology** intraoperative neuro-monitoring support was provided to 350 patients from departments of neurosurgery, 100 from orthopedics, 10 from trauma center, 5 from CTVS, and 1 from pediatric surgery.

**Integral Health Clinic (IHC)** is a facility for mind, medicine & meditation integration, primarily for health promotional activities. IHC is an outpatient facility which is used not only for therapeutic gains but also as part of a developing health consciousness. As a de-stressor facility, the IHC is a supportive facility to de-stress AIIMS employees including faculty, students, residents and staff. A total of 619 subjects were enrolled at IHC for short-term yoga-based intervention, and a total of 4532 subjects (on daily basis/ day-wise) were trained & benefited at IHC during the year 2019 -2020. This includes patients of chronic diseases (like diabetes type 2, obesity, hypothyroidism, cardiovascular diseases, chronic depression, etc) and, referred patients from different departments of AIIMS (R.P.C. for ophthalmic sciences, Endocrinology & Metabolism, Psychiatry, Orthopedics, etc.)

**Respiratory Physiology lab** provided 20 cardiopulmonary exercise testing (CPET) for pre-operative assessment of patients for Lung resection.

**Pain Research and TMS laboratory** 886 rTMS (Repetitive Transcranial Magnetic Stimulation) sessions given at Motor cortex/ Dorsolateral Prefrontal cortex, 480 supervised Yoga sessions with flexibility assessment and 44 motor imagery sessions to chronic pain patients were given. Pain and Somatosensory assessment of 108 chronic pain patients and 20 healthy volunteers were done. EMG recordings of pericranial and cervical muscles done for 35 patients. Corticomotor excitability measurement and evaluation of 70 chronic pain patients and 40 healthy volunteers was also conducted. Quantitative sensory testing was performed for 53 patients. The chronic pain patients included patients with chronic low back pain, fibromyalgia, rheumatoid arthritis, chronic neck and shoulder pain, chronic pruritus, hypothyroidism and young children undergoing orthodontic therapy. Patients were referred from various clinical departments of AIIMS namely Rheumatology, Physical Medicine and Rehabilitation, Orthopedics, Neurosurgery, Oral and maxillofacial surgery, Orthodontics, Dermatology, Endocrinology, Anesthesiology and Neurology.

## Social Outreach Programmes

Media coverage (Television):

1. Internet (YouTube), Exercise and Brain Health, <https://youtu.be/IqcTCT71wXk>; Medical experts: Prof. KK Deepak, Dr Geetanjali Bade, Dr H Barun Sharma, Gagan Banodhe, 4 August 2018, Accessible on the internet
2. Television, DD News: Fit India Mission Prof. KK Deepak, 1 April 2018, 7.30 pm to 8.00 pm, 10.30 pm-11 pm
3. Television, DD NEWS channel live show 'TOTAL HEALTH' on "Prevention of diseases by Yoga"; Medical expert: Prof. Raj Kumar Yadav, 1 April 2019, 8.30 am to 9.30 am
4. Television, DD NEWS channel live program "Total health" on Yoga, medicine & health; Medical expert: Professor Raj Kumar Yadav, 16 June 2019, 8.30 am to 9.30 am
5. Television, DD NEWS channel program "Yoga Parv" on Yoga & medicine; Medical expert: Professor Raj Kumar Yadav, 20 June 2019, 3.30 pm to 4.30 pm

6. Television, DD National Channel live program “Yogatsav” on ‘Yoga International Day’; Medical expert: Professor Raj Kumar Yadav, 21 June 2019, 11 to 11.45 pm
7. Television, DD NEWS (Both Hindi & English news) program ‘FIT INDIA’; Medical expert: Prof. Raj Kumar Yadav, 29 August 2019, 8 pm to 9 pm (Hindi) 9 pm to 10 pm (English)

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor KK Deepak** is the Executive Editor, Indian Journal of Physiology and Pharmacology (IJPP) 2017-2020; Chairman, Committee for the development of age appropriate fitness protocols, Ministry of Youth Affairs and Sports, Department of Sports (Fit India Cell, FIT India Mission), GOI; Chairman, Committee to finalize tender document and monitor all further process for tender hiring of agency/consulted/service provider for computer-based test online examination for various examinations, Examination Section, AIIMS, New Delhi; Chairman, Negotiation Committee, AIIMS, New Delhi; Member, Store Purchase Committee, AIIMS New Delhi; Member, Board of studies of the Department of paramedical sciences, School of Nursing sciences and Allied health, Jamia Hamdard, Delhi; Member, Board of studies for PhD program of the Guru Govind Singh University (2019); Chairman, Committee for management system for Examination Section, AIIMS New Delhi; Member, Selection committee “Khelo India”, Ministry of Sports and Youth Affairs, GOI; Member, Biomedical Device and Technology Development (BDTD) Expert Advisory Group (EAG) DST, GOI; Member of Initial Screening Committee (ISC), Technology Development Board, Govt. of India; Expert member of Executive Board of DRDO; Member of NRDC National Innovation Awards, National Societal Innovation Awards & National Budding Innovators Awards 2019; Co-chair, 37th Annual conference of Indian Academy of Neurosciences (November, IAN 2019); Organizing Secretary, Techniques in Physiological Sciences - Advanced Workshop, 2019: Workshop for SAARC Nations; Member, Expert Committee for standardization of curriculum and admission qualifications for various courses in the Universities identified for funding, Ministry of Sports & Youth Affairs, GOI (2019); External expert in the meeting of Personal Promotion Assessment Board” for promotion of faculty member at department of Physiology, IGIMS, Patna; Member in Program Advisory Group of the Technology Enabling Centre of University of Hyderabad (TEC-UoH), Department of Science and Technology (DST), Govt. of India; National advisor, VIII Congress of Federation of Indian Physiological Societies (FIPS Congress – 2019) held at ESIC Medical College and Hospital, Faridabad; Convener of the Symposium: Cerebellar and brainstem mediated autonomic Modulation, 37th Annual Conference of Indian Academy of Neurosciences (November, IAN 2019); Served as panelist for interaction with more than 500 School children during 37th Annual Conference of Indian Academy of Neurosciences (IAN 2019) held at AIIMS, New Delhi; National advisor, 65th Annual Conference of Association of Physiologist & Pharmacologist of India (APPICON 2019); Executive Member, Association of Physiologist & Pharmacologist of India; Member PG committee of Medical Council of India; Member, Initial Screening Committee (ISC) Meeting for National Award-2020 applications, Technology Development Board, Department of Science & Technology, GOI.

**Professor Kanwal Preet Kochhar** was Chairperson, 4th National CME and Certificate Course on Repetitive Transcranial Magnetic Stimulation (rTMS) organized by Department of Psychiatry, AIIMS, New Delhi held on 12-14 December 2019; Special Guest in IAN-2019 37th Annual Meet of Indian Academy of Neurosciences “Neuron to Behaviour” was held on 18th to 21st November 2019 organized by Department of Physiology & Anatomy; Speaker in FIPS Congress-2019 was held Workshop on 26 September 2019 and Conference on 27-29 September 2019 organized by Department of Physiology, ESIC Medical College & Hospital, NH-3, NIT Faridabad; Speaker in the CME entitled “Global Trends in Neuropsychophysiology Research” Workshop on “Clinical Electro-diagnostic Tools for Teaching and Research organized by the Department of Physiology, Maulana Azad Medical College, Delhi on 16 September 2019; Technical Subject Expert for the area of preventive and promotive healthcare services for the body and mind and Coping Skills and Stress Management in a Video Conference on 18th April 2019 at the office of Directorate General, Ministry of Home Affairs, RK Puram.

**Professor Nalin Mehta** was Honorary Advisor to the General Secretary and Board of Governors in supersession to the Medical Council of India; Member, UG expert Committee appointed by the Board of Governors in Supersession of MCI; Member, Selection Committee for Faculty at Guru Nanak Dev University (GNDU), Amritsar, Punjab; Member Research Ethics Board, Regional Institute of Medical Sciences (RIMS), Imphal, Manipur; External Expert Member, Standing Selection Committee for Selection of Faculty (Physiology), AIIMS, Jodhpur; External Member, Board of Studies, for Undergraduate courses, AIIMS, Bhubaneswar.

**Professor Suman Jain** was Vice President of Indian Academy of Neurosciences; Member of IUPS-IUPHAR committee by INSA; Secretary of Delhi-NCR Chapter of Indian Academy of Neurosciences; Subject Expert of Physiology by Standing Selection Committee of JIPMER Pondicherry for appointment to regular faculty posts and assessment promotions; Member of “Project Review Committee-Basic Sciences” by competent authority, AIIMS New Delhi; Member of committee constituted for appointment of Nurses officer for temporary post at AIIMS, New Delhi; Member for counseling of Non-Academic Junior residents, AIIMS Delhi; Judge to evaluate posters of PhD and Postdoc students during Research Day at AIIMS Delhi; Technical expert for purchase of Transcranial Magnetic Stimulation for Centre of advance research and excellence on Neuromodulation and Mental Health of ICMR; External Expert by Vice Chancellor, Bharathiar University for Doctoral Research Committee of PhD student at Defense Institute of Physiology and Allied Sciences, Delhi; External

Expert of Research Advisory Committee of PhD scholar by NIRMA University, Ahmedabad; Adjunct faculty to National Brain Research Centre, Manesar, Haryana and Dept. of Biotechnology, AIIMS, New Delhi.

**Professor Raj Kumar Yadav** was Member Editorial board: Annals of yoga and physical therapy; Editor: International Journal of clinical and experimental physiology; Deputy Hostel Superintendent, AIIMS, New Delhi; Finance Secretary, TIPS 2019, Techniques in Physiological Sciences for SAARC nations, AIIMS, New Delhi, December 2019; General Secretary: FAIIMS: Faculty Association of AIIMS, New Delhi (Till January 2020); Secretary, Association of Physiologists & Pharmacologists of India (APPI), Delhi chapter; Secretary, Faculty Club, AIIMS, New Delhi; Member, Committee to formalize Scientific Cadre, AIIMS, New Delhi; Member, AIIMS Students Benevolent Fund Committee for UG students; Member, Oversight Committee, AIIMS Power Grid Vishram Sadan, JPNA Trauma Centre, AIIMS, New Delhi (Since May 2018); Wellness program for Post Graduate Trainees: as speaker & resource faculty at Ramalingaswami Board Room, AIIMS, New Delhi, 2019 (multiple sessions); Chaired a Scientific Session during 'Evidence-Based Non-invasive Therapies: Futuristic Medicine' At Govt Institute of Medical Sciences, Greater Noida; 19 November 2019; Guest of Honour, Secretary, APPI, Delhi chapter, AIIMS, New Delhi, 24 June, 2019.

**Dr Renu Bhatia** was a Member of International Association for Study of Pain (IASP), a Member of AIIMS UG Curriculum organizing group and Member of Women in Brain Stimulation.

**Dr Suriya Prakash M** received "Young Researcher Award" for the Poster presentation (Medical Sciences category) with 2nd Cash prize of Rs.15000/- for the research work titled "The Potential of EEG-Derived Resting-State Functional Cortical Connectivity as a Diagnostic Biomarker for Alzheimer's disease and Mild Cognitive Impairment" at 2nd National Biomedical Research Competition (NBRCOM-2019), 17 November 2019, PGIMER, Chandigarh. He is Member, Committee for MBBS Curricular Reforms, AIIMS, New Delhi And was awarded travel support of Rs. 99661/- by Science & Engineering Research Board (SERB) for presenting research work titled "Brain networks communicate through theta oscillations to encode high load in a visuospatial working memory task: An EEG connectivity study" at Neuroscience 2019, 49th Annual Meeting of Society for Neuroscience, 19-23 October 2019, Chicago IL, USA

**Dr Akansha Singh** was Joint Secretary-Finance, TIPS 2019 (Techniques in Physiological Sciences) for SAARC nations, AIIMS, New Delhi, December 2019.

#### **VISITING SCIENTISTS**

Dr Elad Fein, CEO iFEEL, Israel on Heart Rate variability in Department of Physiology on 9 December 2019.

## 9.33. Plastic, Reconstructive and Burns Surgery

### Professor and Head

Maneesh Singhal

### Assistant Professors

Raja Tiwari  
Rajkumar Manas

Shashank Chauhan  
Rakesh Dawar

### HIGHLIGHTS

The Department was established in July 2015. Presently, the department has 5 faculty members, 15 MCh senior residents, 2 non-academic senior residents and 5 non-academic junior residents. The monthly inflow in out-patient department as well as admissions has steadily increased over the past one year. We have specialized clinics in hand, cleft, and Dermatotomy. We provide services for creation of arteriovenous fistulas and reconstruction of various defects in collaboration with Oncosurgery, Neurosurgery, Cardiothoracic surgery, Orthopedic, Pediatric surgery, General surgery, Ocular surgery teams and various other departments. At Jai Prakash Narayan Apex Trauma Center, we are providing the complete spectrum of post-traumatic reconstructive surgeries including microvascular surgery and replantation, along with a special clinic for evaluation and management of patients with brachial plexus injuries. The department has conducted various national and international cadaveric courses and hands-on workshops on reconstructive flap cover surgeries. We also run an OPD at Ballabgarh, Haryana for outreach to the rural population. There have been multiple presentations by our faculty and residents at various national and international conferences. Department has successfully conducted the MCh exams of seven candidates.

### Infrastructure Development

Establishment of Burn and Plastic block. The future endeavors of the department include starting of a state-of-the-art Center for Burn Care and Reconstructive Surgery, a dedicated skin bank, and a composite tissue allotransplantation program for hand and face transplant.

### CMEs/Workshops/Symposia/National and International Conferences

#### Organized by the Department

1. ISVCA 2019, 28 and 29 September 2019, New Delhi
2. Masterclass in craniomaxillofacial reconstruction, 17 October 2019 at AIIMS, New Delhi
3. Cadaveric Dissection Course for Filler and BOTOX, ACS(I)CON 2019, New Delhi
4. Cadaveric Dissection Course for Skin grafts and Flaps, at ACS(I)CON 2019, New Delhi
5. Member of expert group, Development of First Aid for the Community, a WHO project in association with the Ministry of Health & Family Welfare, Government of India
6. Organized CMETi: Workshop on wound care and Pressure sore prevention, 21 January 2019, at AIIMS, New Delhi
7. Organized CMETi: Workshop on wound care and pressure sore prevention, 3 March 2019 at AIIMS, New Delhi

**Lectures Delivered****Maneesh Singhal: 7****Raja Tiwari: 7****Raj Kumar Manas: 8****Shashank Chauhan: 6****Maneesh Singhal**

1. Surgical Management of Cleft Lip and Palate CDER CDE series 20 August 2019, AIIMS, New Delhi
2. Protocol for Tendon Repairs of Forearm, INCPT, 22 September 2019, AIIMS, New Delhi
3. THERMAL INJURIES Interactive Discussion, ATLS, 29 November 2019, Dr RML Hospital, New Delhi
4. Planning of plastic surgery in separation of Craniopagus twins. APSICON, 14 December 2019, SOA, Bhubaneswar
5. Planning for Emergency Department & Mass Causality Incident, Triage, fatality management in hospital IPHACON, 28 February 2020, NIHF, New Delhi
6. Initial assessment and approach First Aid training utilizing the First Aid Module for Community, 12, 13 and 16 March 2020, Rural Health Training Centre (RHTC) Najafgarh, New Delhi
7. Course Director General principles and overview Wound Care & amp; Pressure Sore Prevention, 21 January 2020, AIIMS, New Delhi

**Raja Tiwari**

1. Moderator and co-organizer of CME Masterclass in craniomaxillofacial reconstruction, 17 October 2019, New Delhi
2. Moderator and co-organizer of Cadaver workshop on Vascularised composite all transplantation, ISVCA 2019, 28 and 29 September 2019, New Delhi
3. A comparative analysis of different cartilage grafts used for secondary correction of nasal deformities in cleft lip and palate patients APSICON 2019, 15 December 2019, Bhubaneswar
4. Faculty, Chairperson and speaker- Advances in Microsurgery CME- Basic and Recent Trends in Plastic Surgery, 12 October 2019, Rewa
5. Scalp Replantation: Tips and trick, APSI: Delhi Chapter, 12 January 2019, New Delhi
6. Management of Acute and Chronic Wounds CMETi: Workshop on wound care and Pressure sore prevention, 21 January 2019, New Delhi
7. Basic principles of wound healing CMETi: Workshop on wound care, 3 March 2019, New Delhi

**Raj Kumar Manas**

1. Tips and Tricks for combined use of Groin and Hypogastric Flap for aesthetic reconstruction of Hands ISSH 2019, Annual Conference of Indian Society of Surgery of Hands, 15 September 2019, Puri, Odisha
2. Recent Management of Post Burn Sequelae, APSICON 2019, Association of Plastic Surgeons of India Meeting, 15 December 2019, SOA University, Bhubaneswar
3. Our 5 years of experiences of Burns Prevention Programme NABICON 2019, Annual Meeting of National Academy of Burns-India, 23 February 2020, Shimla
4. Challenges of Nerve Graft in Nerve Gap WSRM 2019, 10th Congress of World Society of Reconstructive Microsurgery, 13 June 2019, Palazzo della cultura e dei congressi Bologna, Italy
5. Tips and Tricks for combined use of Groin and Hypogastric Flap for aesthetic reconstruction of Hands, ISSHCON 2019, Annual Conference of Indian Society of Surgery of Hand, 15 June 2019, Odisha
6. Recent Management of Post Burn Sequelae, APSICON 2019, Association of Plastic Surgeons of India Meeting, 15 December 2019, SOA University, Bhubaneswar
7. Our 5 years of experiences of Burns Prevention Programme, NABICON 2019, Annual Meeting of National Academy of Burns-India, 23 February 2019, Shimla
8. Our experiences of nerve reconstruction, ISPNS 2020, Annual Meeting of Indian Society of Peripheral Nerve Surgeons, 29 February 2020, Ganga Hospital, Coimbatore

**Shashank Chauhan**

1. How to decide on reconstruction of tongue and buccal mucosa defects: Introduction to regional and free flaps International Head & Neck Dissection Course, 28 March 2019, AIIMS Cadaveric Surgical Skills Training (ACSST), Jai Prakash Narayan Apex Trauma Centre (JPNATC), New Delhi
2. Panel Discussion and Consensus Statement on "Setting up a burn unit" – Physical Planning NABICON 2019, 3 March 2019, Kumbh Tent City, Allahabad (Prayagraj)

3. Surgical Anatomy of lip and palate in cleft IOS PG Students Convention 2019, 21 February 2019, ITS Dental College, Greater Noida
4. Principles of Primary Lip and Palate Surgeries IOS PG Students Convention 2019, 21 February 2019, ITS Dental College, Greater Noida
5. Skin flaps in Conjoined twins separation, 1st International Conference on Conjoint Twins (ICC), 15 February 2019, AIIMS, New Delhi
6. Total scalp avulsion: A two and half years' experience at our newly started Plastic surgery department, APRASOCON, 12 January 2019 AIIMS, Bhubaneswar, Odisha

#### **Oral Papers/Posters presented: 12**

1. Chauhan S, Tiwari R, Gupta D, Sabapathy SR, Venkataramani H, Singhal M. Skin flaps in Conjoined Twins Separation, Presented at the 1st International Conference on Conjoint Twins at AIIMS, New Delhi from 14 to 15 February 2019
2. Chauhan S, Tiwari R, Gupta D, Sabapathy SR, Venkatramani H, Singhal M. Plastic & Reconstructive Surgery Aspects in Craniopagus Separation Surgery: Indian Experience. Presented at the 25th Congress of the Asian Association of Pediatric Surgeons, APS 2018, 29 November–3 December 2018, Dubai, UAE.
3. Kashyap N, Singhal M, Chauhan S. Reliability of outcomes with Liposuction Assisted Subcutaneous Mastectomy in Gynecomastia. Presented at the Association of Plastic Surgeons of India Conference, APSICON 2018, 21-25 November 2018, Lucknow, UP, India
4. Manas RK. Challenges of Nerve Graft in Nerve Gap WSRM 2019, 10th Congress of World Society of Reconstructive Microsurgery, 13 June 2019, Palazzo della cultura e dei congressi, Bologna, Italy
5. Manas RK. Our 5 years of experiences of Burns Prevention Programme, NABICON 2019, Annual Meeting of National Academy of Burns-India, 23-February 2020, Kandaghat, Shimla
6. Manas RK. Our experiences of nerve reconstruction, ISPNS 2020, Annual Meeting of Indian Society of Peripheral nerve surgeons, 29 February 2020, Ganga Hospital, Coimbatore
7. Manas RK. Recent Management of Post Burn Sequelae, APSICON 2019, Association of Plastic Surgeons of India Meeting, 15 December 2019, SOA University, Bhubaneswar
8. Manas RK. Tips and Tricks for combined use of Groin and Hypogastric Flap for aesthetic reconstruction of Hands: ISSHCON 2019, Annual Conference of Indian Society of Surgery of Hand, 15 June 2019, Puri, Odisha
9. Naalla R, Tiwari R, Chauhan S, Singhal M. Microsurgical Salvage of Lower Extremities Following Gustilo-Anderson Grade IIIb Open Tibial Fractures- An Analysis of Functional Outcome at 14th Congress of the European Federation of Societies for Microsurgery held on 5-8 May 2018 in Belgrade, Serbia
10. Saha S, Singhal M, Chauhan S, Tiwari R, Dave A. Aesthetics in breast reconstruction for Poland's syndrome: What we can achieve? Presented at BRASCON, 2 February 2018, Lucknow, UP

## **RESEARCH**

### **Funded projects**

#### ***Ongoing***

1. Role of Microdialysis in post-operative assessment of Microvascular free flaps, Shashank Chauhan, AIIMS, 2 years, 2018-2020, Rs 4.95 lakhs
2. Pilot Study on utility of Robotic surgery for Brachial plexus reconstruction, Raja Tiwari, AIIMS, 2 years, 2020-2022, Rs 29.5 lakhs

#### ***Completed***

1. Controlled Clinical trial to assess the effectiveness of topical application of C1 herbal oil on split thickness skin graft donor. (Phase I), Maneesh Singhal, Ministry of AYUSH, 4 years, 2014–2018, Rs 17.22 lakhs
2. Developing First Aid Module for Community, Maneesh Singhal, WHO & Ministry of Health and Family Welfare, Govt of India, 6 months, 2018, Rs 6.1 lakhs

## Departmental Projects

### *Ongoing*

1. A prospective study to evaluate the efficacy of Fluorescent angiography in detection of nipple Areolar perfusion in patients undergoing reduction Mammoplasty
2. Outcomes after breast cancer treatment: An International perspective
3. Epidemiology of hand injuries in single centre JPNATC AIIMS, Retrospective and prospective study
4. Effectiveness of a regular training program on microsurgery skills in plastic surgery residents.
5. Prognostic factors associated with outcome in patients who were treated for spaghetti wrist injuries
6. To study the clinical and electrophysiological outcomes of using Platelet-rich plasma in acute peripheral nerve injury repair
7. Analysis of factors affecting survival of digital replant
- 8.

### *Completed*

1. Liposuction assisted subcutaneous mastectomy
2. Soft tissue profile of patients with cleft lip and palate in the Indian population
3. Evaluation of the suitability and outcome of Profunda artery perforator flap for different defects

## Collaborative Research

### *Ongoing*

1. Cleft lip and palate anomaly in India: Clinical profile risk factors and current status of treatment: A hospital-based study, Centre for Dental Education & Research

### *Completed*

1. A Clinical Study on the investigation of caries risk in children with cleft lip and palate (CL/P) and non-cleft control, Centre for Dental Education & Research

## PATIENT CARE

Facilities available in the department

### a) Inpatient patient care facilities:

- Hyperbaric Oxygen therapy facility
- Microvascular facility
- Hand and congenital anomalies surgery facility
- Craniofacial and cleft surgery
- Aesthetic surgery
- Head and neck reconstruction
- Trunk and extremity reconstruction

### b) Clinics:

- Combined Cleft clinic
- Hand clinic
- Brachial Plexus Clinic
- Combined leprosy Clinic

### c) Community Service/Camps:

- Organised a “**Burn Prevention Awareness and primary Aid Programme**” at CHRPC, Ballabgarh and AIIMS New Delhi Trauma Centre in which we delivered a public lecture on burn prevention, firecrackers and other types of burns and first aid management. About 100 patients and patient’s relatives attended the programme in the OPD premises and were educated on prevention of burns
- Plastic Surgery OPD services at CHRPS, Ballabgarh, Haryana every Tuesday

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Maneesh Singhal** was awarded ICMR-DHR International Fellowships for Senior Indian Biomedical Scientist 2019-20; Expert committee members on Video Spots on Burn Injuries under NPPMBI, Ministry of Health and Family Welfare, Government of India; Expert committee members on IEC development for awareness and prevention of Burn Injuries under NPPMBI, Ministry of Health and Family Welfare, Government of India; Expert committee members on awareness and prevention of Drowning under Ministry of Health and Family Welfare, Government of India; Central expert for monitoring for Trauma Care Facilities and Burn Units of Chandigarh and Odisha; Ad-hoc committee members for giving suggestions and monitoring infrastructure development of AIIMS, Raebareli; Invited member for Education Working Group, International Federation of Red Cross and Red Crescent Societies; ISTACT consensus meeting, Consensus meeting on ISTAC Guidelines for the management of Solid organ injuries to be held on 18 and 19 January, 2020 at DELNET, Vasant Kunj, New Delhi; Member of the INDICEFT task force, ICMR, New Delhi; Nominated by Ministry as expert for National Workshop on Highway Accidents & Emergency Medical Management India International Centre, New Delhi: 28 February 2020; Member of project sanctioning committee, Central Sector Scheme for up gradation to Centre of Excellence (COE), Ministry of AYUSH; Member of Constitution committee to revise the strategy of implementation of Trauma & Burn Programme at National Level; Expert group Member for development of Guidelines for management of Cleft Anomalies in India, ICMR, New Delhi; Faculty for ATLS course, 28-30 November ABVIMS & Dr RML Hospital, New Delhi; Chairperson for Session VI of NANOBIOTECK - 2019, 21-23 November 2019, Aerocity, Delhi; Member, Committee for MBBS curricular reforms at AIIMS, New Delhi; Member, Institute ethics Committee for MBBS curricular reforms at AIIMS, New Delhi; Member of Faculty selections panel at SSCI&H, Lucknow; Expert Group Meeting for developing National Guidelines on Patient Safety, MOHFW, New Delhi; Advisory committee member of 100 Bedded General Hospital at RHTC, Najafgarh; Expert member for Medical Device Division, Central Drugs Standard Control Organisation DGHS, Ministry of Health & Family Welfare, New Delhi-110002; Examiner for national board of examination for DNB, Plastic surgery.

**Dr Raja Tiwari** was First Indian to be awarded Fellowship in Advanced Reconstructive Microsurgery from Royal Melbourne Hospital, Australia. Fellowship duration 6 months from 1 April 2019 to 30 September 2020; Chairperson: CME-Basic and Recent Trends in Plastic Surgery, 12 October 2019, Rewa, MP; Moderator and co-organiser in masterclass craniomaxillofacial reconstruction in jai Prakash Narayan Trauma Centre, Delhi, 17 October 2019.

**Dr Rakesh Dawar** was invited faculty and chairperson, 12-15 September 2019, Puri, Odisha India; Co-organiser in masterclass craniomaxillofacial reconstruction in Jai Prakash Narayan Trauma Centre, Delhi, 17 October 2019.

**Dr Raj Kumar Manas** was invited faculty and chairperson in NABICON 2019 and elected as Executive Member of NABI, National Academy of Burns-India during the meeting held in Kandaghat; Invited faculty and chairperson and Judge for best poster presentation in ISSH 2019, Annual Conference of Indian Society of Surgery of Hand held in Puri; Invited faculty and chairperson in ISVCA 2019, International Congress of International Society of Vascularised Composite tissue allotransplantation, moderated the session on research and experimental vascularised allo-transplantation, held in New Delhi.

**Dr Shashank Chauhan** was judge of Competitive Paper Session, APRASOCON 2019, 13 January 2019, Bhubaneswar.

### *Clinical posting*

First year – 8 months in psychiatry ward and one month in psychiatry OPD

Second year – 3-4 months in psychiatry ward

### *Thesis work*

Conduct their thesis work in psychiatry OPD and ward

### **Training of Junior Residents posted from other departments**

Junior residents from Departments of Medicine, Geriatric Medicine, Emergency Medicine and Palliative Medicine, and DM trainees in Neurology are posted to department of psychiatry for a period of 2-4 weeks for training in psychiatry

### **MD (Psychiatry) and PhD Teaching**

- Seminar once a week
- Case Conference once a week
- Journal discussion once a week
- Thesis protocol and midterm presentation once a week
- Tutorials once a week
- Psychotherapy supervision for postgraduate psychiatry and doctoral level clinical psychology students
- Supervision of Consultation-Liaison training for junior residents in psychiatry

### **CMEs/Workshops/Symposia/National and International Conferences**

- National CME on Strengthening Home-based Care for Severe Mental Disorders in Low Resource Settings at **Conference Hall, AIIMS, New Delhi**, 27th April 2019
- Mental Health Fiesta 2019 in JLN Auditorium AIIMS New Delhi, 4th October 2019
- 21st Annual Conference of the International Society of Addiction Medicine, New Delhi, 13-16 November 2019
- Fourth National CME and Certificate Course on Repetitive Transcranial Magnetic Stimulation at Ramalingaswamy Board Room & TMS Lab, AIIMS, New Delhi, 12–14 December 2019.

### **Lectures Delivered**

**Rakesh Kumar Chadda: 12**

**Nand Kumar: 9**

**Raman Deep: 4**

**Bichitra Patra: 3**

**Barre Vijay Prasad: 3**

**Pratap Sharan: 11**

**Mamta Sood: 6**

**Koushik Sinha Deb: 12**

**Gagan Hans: 7**

**Renu Sharma: 4**

**Rajesh Sagar: 51**

**Sujata Satapathy: 2**

3. Brain mapping using diffuse optical topography in cognitive neurosciences EEG analysis and allied technologies, 1-5 July 2019, IIT, New Delhi
4. rTMS: Principles and Practical Aspects National CME on Brain Stimulation and Electroconvulsive Therapy in Psychiatric Disorders, 15 September 2019, PGIMER, Chandigarh
5. The utility of rTMS in psychiatric disorders National CME on Brain Stimulation and Electroconvulsive Therapy in Psychiatric Disorders, 15 September 2019, PGIMER, Chandigarh
6. Role of Non-Invasive Brain Stimulation in Substance Use Disorders XXI Annual Conference of the International Society of Addiction Medicine, 13-16 November 2019, New Delhi
7. Substance use disorders in severe mental disorders 21st Annual Conference of the International Society of Addiction Medicine, 13-16 November 2019, New Delhi
8. Functional Near Infra-Red Spectroscopy: Utility and Future 37th Annual Conference of Indian Academy of Neurosciences, 19-21 November 2019, AIIMS, New Delhi
9. Suicidal behavior in current scenario 26th National Conference of Indian Association for Social Psychiatry, 29 November– 1 December 2019, Bhubaneswar, Orissa
10. Neuro-navigation in rTMS 4th National CME and Certificate Course on Repetitive Transcranial Magnetic Stimulation, 12-14 December 2019, AIIMS, New Delhi
11. Hands-on Training Workshop 4th National CME and Certificate Course on Repetitive Transcranial Magnetic Stimulation, 12-14 December 2019, AIIMS, New Delhi

### **Bichitra Patra**

1. Legal Aspects: Indian context as a part of Symposium titled “Psychiatric Disability among Children” 15th Biennial National Conference of Indian Association for Child and Adolescent Mental Health (IACAM), 9 November 2019, Chandigarh
2. Suicidal behavior in adolescent population as a part of Symposium titled “Suicidal behavior in current scenario” 26th National Conference of Indian association for Social Psychiatry 2019 at Bhubaneswar, 1 December 2019, Bhubaneswar, Odisha
3. Methodology (WHO Quality Rights) and Odisha state findings: As a part of Symposium titled “Assessment of quality and best practices under District Mental Health Program” 72nd Annual National Conference of Indian Psychiatric Society, 25 January 2020, Kolkata

### **Gagan Hans**

1. Innovation in the care of SMDs: Young Mental Health Professionals Strengthening Home-based care for Severe Mental Disorders in General Hospital Settings, 27 April 2019, Conference Hall, AIIMS, New Delhi
2. Test anxiety, stress and coping Orientation for 1st Semester MBBS students, 9 September 2019, AIIMS Raebareli, Uttar Pradesh
3. Let there be time... Work-life balance, time management Wellness Program for Post-Graduate Trainees, 24 October 2019, Dr Ramalinga Swamy Board Room, AIIMS, New Delhi
4. Management of Addictive Disorders in India: current status 21st Annual Conference of the International Society of Addiction Medicine, 2019, 14 November 2019, New Delhi
5. Domestic Violence and Mental Health in Digital Age National Conference of Indian Association for Social Psychiatry 2019, 30 November 2019 Bhubaneswar, Odisha
6. Neuroimaging in Psychiatry: Past, present and future, The 72nd Annual National Conference of Indian Psychiatric Society, 2020, 24 January 2020, Kolkata, West Bengal
7. Conflict within health care system, Workshop on Communication Skills for Nurses, 21 February 2020, MS Seminar Room, AIIMS, New Delhi

### **Vaibhav Patil**

1. Oral communication 21st Annual Conference of the International Society of Addiction Medicine, 2019, 16 November 2019, New Delhi
2. Domestic Violence and Mental Health in Digital Age, National Conference of Indian Association for Social Psychiatry 2019, 30 November 2019, Bhubaneswar, Odisha
3. Suicidal behaviour in current scenario National Conference of Indian Association for Social Psychiatry 2019, 1 December 2019, Bhubaneswar, Odisha
4. Neuroimaging in Psychiatry: Past, present and future, The 72nd Annual National Conference of Indian Psychiatric Society, 2020, 24 January 2020, Kolkata, West Bengal

### **Barre Vijay Prasad**

1. Psychological consequences of Cleft lip and palate among children and their parents National Training Program in Cleft and Craniofacial orthodontics 21 August 2019, Conference Hall, Trauma Center, AIIMS, New Delhi
2. 5 Days training program (Lectures throughout 5 days on different topics) “Training of trainers program for Trauma assessment and Intervention for child abuse” 7-11 January 2020, Board Room, CDER, AIIMS, New Delhi
3. Enhancing Communication skills with children and adolescents training workshop for junior nursing officers, 21 February 2020 Board Room, MS Office, New Delhi

### **Renu Sharma**

1. Assessing the Impact of Abuse on Children, 1st National Training of Trainer’s Program on Psychological Trauma Assessment and Intervention in Child Abuse, 8 January 2020, AIIMS, New Delhi
2. Etiology of Child Abuse, 1st National Training of Trainer’s Program on Psychological Trauma Assessment and Intervention in Child Abuse, 8 January 2020, AIIMS, New Delhi
3. Introduction to Psychological Intervention for Child Abuse 1st National Training of Trainer’s Program on Psychological Trauma Assessment and Intervention in Child Abuse, 10 January 2020, AIIMS, New Delhi
4. Interpersonal Communication: Principle and Processes Workshop on Communication Skills for Nurses, 21 February 2020, AIIMS, New Delhi

## Oral Papers/Posters Presented

1. Ahmad A, Salve H, Nongkynrih B, Sagar R, Krishnan A. Common mental disorders among adolescents in an urban area of Delhi: 64th Annual National Conference of Indian Public Health Association; 29 February to 2 March 2020, New Delhi

## RESEARCH

### Funded Projects

#### *Ongoing*

1. A study of acute and longitudinal effects of brain stimulation in treatment of depression and schizophrenia, Rohit Verma, AIIMS, 1 year, 2018-2020, Rs 10 lakhs
2. Assessment of Clinical profile, mitochondrial DNA 10398, peripheral glucose utilization (HOMA<sub>IR</sub>) and inflammation (TNF- $\alpha$ ) in Matrilineal Bipolar Disorder Raman Deep, AIIMS, 2019-2021, 2 years, Rs 3.9 lakhs
3. Assessment of emotional and behavioral problems and quality of life among children and adolescents with cleft lip and palate, Rajesh Sagar, ICMR, 2 years, 2020-2021, Rs 39.89 lakhs
4. Assessment of quality and best practices under District Mental Health Programme Rajesh Sagar, WHO-Country and Ministry of Health and Family Welfare, 6 months, 2019–2020, Rs 9.94 lakhs
5. Biomarkers of Lithium response in Bipolar disorder: Assessment of the clinical markers, peripheral blood based markers and gray matter volume in individuals with bipolar disorder on long-term lithium prophylaxis, Raman Deep, DST: ECRA, 3 years, 2018-2021, Rs 24 lakh (approx)
6. Center for Advance Research and Excellence (CARE) in Neuromodulation on Mental Health, Nand Kumar, ICMR, 5 years, 2019, Rs 450 lakhs
7. Clinical Study, translation, cross-cultural adaptation and development of norms of Cognitive Assessment system (COGNISTAT) for persons from Northern India Rajesh Sagar, Cognitive Health Rehabilitation System LLP, 2 years, 2018-2020, Rs 7.92 lakhs
8. Cognitive and Psycho-Physiological Effects of AIIMS Cognitive Training Toolkit (CTT) and Computer Based Cognitive Training (PSS CogRehab) on Children with ADHD aged 6-11 years: A Randomized Control Pilot Study, Sujata Satapathy, DST/CSRI, 3 years, 2019-2022, Rs 53 lakhs
9. Deliberate self-harm in adolescents: A school-based study, Bichitra Nanda Patra, ICMR, 2 years, 2019-2021, Rs 27 lakhs
10. Detection of New Psychoactive Substances among Substance Abuse Treatment Seekers in India – Multi Centric Study, RK Chadda, Department of Revenue, Govt of India, 3 years, 2017-2020, Rs 651 lakhs
11. Development of Panic and Anxiety Indian Questionnaire (PANIQ) Pratap Sharan, ICMR 3 years, 2018-2020, Rs 180 lakhs
12. Diffuse optical tomography based cortical analysis for evaluating auditory semantic and prosodic content, language acquisition and facial identification as determinants of emotion recognition in schizophrenia, Rohit Verma, DST CSRI, 3 years, 2018-2021, Rs 51.98 lakhs

13. H1-MR Spectroscopy based evaluation of metabolic abnormalities in anterior cingulate cortex, hippocampus and amygdala in treatment naïve patients with unipolar and bipolar depression and its relationship with peripheral glutaminase, Gagan Hans, AIIMS, 2 years, 2019-2020, Rs 3.6 lakhs
14. Impact of Post-Partum Depression and Anxiety on Infant Growth and Development: A Community Cohort Study Rajesh Sagar, 3 years, 2016-2019, Rs 8.57 lakhs
15. NIHR Global Health Research Group on Psychosis Outcomes: Protocol based assessment and management of First Episode Psychosis (AIIMS Centre), Mamta Sood, National Institute of Health Research, UK, 3 years, 2017-2020, Rs 106 lakhs
16. NIHR Global Health Research Group on Psychosis Outcomes: The Warwick-India-Canada {WIC} Network, RK Chadda, National Institute of Health Research, UK 3 years, 2017-2020, GBP 269,146
17. Psychiatric morbidity and its early antecedents in the New Delhi Birth Cohort, Rajesh Sagar, QED and WHO-SEARO, 3 years, 2018-2020, Rs 8.67 lakhs
18. Psychosocial Dynamics of Pregnancy Loss: Development of a Multidimensional Scale and Development and Efficacy (a Randomized Control Trial) of a Group Psychological Intervention Module, Sujata Satapathy, ICMR, 3 years, 2019-2022, Rs 59 lakhs
19. To develop audio-visual and digital content on Bio-Psycho and Socio-cultural model for students of VI to VIII to improve their resilience, Mental Health and overall health, Nand Kumar, AAI, 2 years, 2019, Rs 98 lakhs
20. Validation and Standardization of Indicators/Markers of Penetrative CSA in Children's Draw-A-Person-Test (DAPT), Sujata Satapathy, NCPCR, 6 months, 2020, Rs 3.99 lakhs

### ***Completed***

1. Feasibility and Efficacy Testing of Newly Developed AIIMS CTT (Non-computer based Cognitive Training Intervention Kit) for 6-11 years Old Children with ADHD, Sujata Satapathy, AIIMS, 2 years, 2018-2020, Rs 3.6 lakhs
2. H1-MR spectroscopy-based evaluation of metabolic abnormalities in right dorsolateral prefrontal cortex in patients with obsessive compulsive disorder- a pilot study, Gagan Hans, AIIMS, 2 years, 2017-2019, Rs 0.9 lakhs
3. Psycho-social outcome and Cognitive functions in Bipolar disorder: - A longitudinal study, Rajesh Sagar, DST, 3 years, 2016-2019, Rs 28.53 lakhs
4. To study the effect of high-frequency Repetitive Transcranial Magnetic Stimulation (rTMS) in cognitive function and predominately negative symptoms in people suffering from Schizophrenia in Randomized Sham Controlled Double Blind Trial, Nand Kumar, DST, 3 years, 2015-2019, Rs 50.56 lakhs

### **Departmental Projects**

#### ***Ongoing***

1. A Cross-Sectional Study of Childhood Adversity, Perceived Parenting, Perceived Social Support, and Psychological Health among Treatment Seeking Adults suffering from Common Mental Disorders
2. A Cross-Sectional Study of Childhood Adversity, Perceived Parenting, Perceived Social Support and Psychological Wellbeing among Treatment Seeking Adults suffering from Common Mental Disorders and Healthy Controls
3. A pilot randomized controlled trial of targeted prefrontal cortex modulation with anodal transcranial direct current stimulation (tDCS) for examining task dependent effect on executive functioning
4. A randomized controlled single blind trial of ketamine versus modified electroconvulsive therapy to improve neuropsychological and clinical outcomes in treatment resistant depression
5. A Study of Autonomic Functions in Adolescents with Specific learning disorder (Dyslexia) with and without Comorbid ADHD
6. A Study of Serum Brain-Derived Neurotrophic Factor levels in Patients of Schizophrenia on Clozapine therapy and its Association with Clinical Profile
7. Assessing factors affecting treatment response to antidepressant medications in Indian patients with non-psychotic depression – A longitudinal follow-up study.
8. Assessment of clinical characteristics of suicide attempters among remitted patients with recurrent mood disorders: A descriptive study
9. Assessment of Treatment Response, Inflammatory Cytokine (TNF- $\alpha$ ) And MtDNA 10398a/G Polymorphism in Familial Bipolar Disorder (BD) I
10. Behavioral effects of transcranial direct current stimulation (tDCS) induced dorsolateral prefrontal cortex plasticity

in alcohol dependence

11. Effectiveness of Nurse LED Intervention on Self Care Behaviour, Psychological symptoms and quality of life among kidney transplant recipients in a Selected Tertiary Care Hospital of New Delhi
12. Effects of brain stimulation in treatment of depression: A diffuse optical tomography study of acute and longitudinal effects on brain function
13. Medical co-morbidities in bipolar affective disorder and its correlates
14. Metacognitive therapy in depressive disorders
15. Preliminary assessment of the therapeutic efficacy of intermittent theta-burst magnetic stimulation (iTBS) in treatment resistant depression: A double-blind sham-controlled study
16. Preliminary assessment of the tolerability and efficacy of intermittent theta-burst magnetic stimulation (iTBS) on negative symptoms and cognitive functioning in schizophrenia
17. Psycho-behavioural and Cognitive Functioning of Children with Acute Lymphoblastic Leukaemia: Development and Feasibility of Composite Psychological Intervention Module
18. Psychological Trauma Resilience in Children and Adolescents: Development and Psychometric Properties of a Multidimensional Scale
19. Repetitive transcranial magnetic stimulation in medication non-responsive obsessive compulsive disorder: A randomized double blind parallel group sham controlled trial to compare different sites of stimulation
20. Study of immunological, oxidative markers and cognitive function in ADHD

### ***Completed***

1. A comparative study of serum brain-derived neurotrophic factor levels in patients with alcohol dependence, depression and co-morbid alcohol dependence and depression
2. A descriptive study of anxiety and depression following myocardial infarction
3. A pilot randomized controlled trial of targeted prefrontal cortex modulation with bilateral transcranial direct current stimulation (tDCS) for reducing craving in patients with opioid dependence
4. A randomized trial of add on effect of repetitive transcranial magnetic stimulation (rTMS) in non-responding obsessive compulsive disorder patients
5. Assessment of Gray Matter Volume and White Matter Integrity in patients with suicidality in Bipolar Disorder type I
6. Child Sexual Abuse: Development of Multidimensional scale and Psychological Trauma Focused Intervention Module
7. Development of Home-based Intervention for Specific Learning Disorder
8. Neuro-physiological and neuro-cognitive markers of prefrontal functioning as predictors of treatment response in first episode psychosis
9. Psychiatric morbidity, quality of sleep, and mental adjustment style among adult myeloma patients in active treatment and maintenance phase
10. Repetitive transcranial magnetic stimulation in medication non-responsive obsessive-compulsive disorder: A randomized double-blind parallel group sham-controlled trial to compare different sites of stimulation
11. Study on role of intensive physiotherapy and trans cranial magnetic stimulation (TMS) in stroke recovery and the correlation of growth factors with intervention and recovery
12. Substance use Disorders in Children and Adolescents with ADHD
13. To assess the effect of repetitive transcranial magnetic stimulation (rTMS) on cognitive functioning in patients with moderate TBI
14. Transcranial direct current stimulation (tDCS) in treatment resistant obsessive –compulsive disorder: An open label trial

### **Collaborative Projects**

#### ***Ongoing***

1. A comparative study to assess the impact of nature based Virtual Reality intervention on physiological parameters in caregivers of individuals suffering from severe mental illness. College of Nursing
2. A Cross Sectional study to assess the severity of chronic pruritus and its effect on quality of life using the 12 item pruritus severity scale and the 5-d itch scale, Dermatology

3. A hermeneutic phenomenological study on experiences of patients post heart transplantation at AIIMS New Delhi, College of Nursing
4. A pilot multicentre open label parallel arm RCT evaluating whether yoga can delay initiation of insulin therapy in patients with type 2 diabetes mellitus with suboptimal glycemic control on near maximal oral drugs and/or who may require insulin therapy in near future, Endocrinology
5. A Prospective study on the effect of prenatal and postnatal yoga on weight gain in pregnancy and postpartum period, psychological stress, quality of life, pulmonary functions in pregnancy and its association with pregnancy outcome, Gyne & Obs
6. A prospective study to evaluate the restoration of abdominal wall dynamics in patients with incisional hernia following laparoscopic IPOM plus repair in comparison to healthy controls using surface energy EMG, Surgical Disciplines
7. A quasi experimental study to assess the effectiveness of structured group counseling among caregivers of heart failure patients on selected outcomes in cardiology unit at AIIMS, New Delhi, College of Nursing
8. A randomised, two arm, comparative, clinical study to evaluate the effectiveness of early integrated palliative care versus routine oncological care in advanced sarcoma patients in tertiary care centre in India, Medical Oncology, IRCH
9. A Randomized Control Trial to study the impact of Yoga Intervention in lower limb amputees following trauma in relation to postsurgical outcome, behavior and quality of life at Level-I, Trauma Surgery-JPNATC
10. A study of allocentric neural navigation process schematic utilizing dynamic optic array for prospective control, Physiology
11. A Study of serum biomarkers of kynurenine pathway in major depressive disorder (MDD), Anatomy
12. A study to assess the factors influencing delay in treatment seeking in patients of common mental disorders, College of Nursing
13. A Translational randomized trial of yoga-based lifestyle intervention for major depressive disorder (MDD) management in India and analyzing biomarkers of cellular aging associated with it, Anatomy
14. AADAR-Dementia Science Program (DSP), NBRC, INCLEN & premier institutions
15. Adolescents' Resilience and Treatment Needs for Mental health in Indian Slums (ARTEMIS), George Institute of Global Health, New Delhi
16. Altered microRNA expression in peripheral blood and brain following severe traumatic brain injury, Lab Medicine, JPNATC
17. An Exploratory Study to Evaluate Surgical Outcome and Financial Burden in Patients Treated with 3D Printing Technology Assisted Surgery versus Conventional Surgery for Facial Fractures at Level 1 Trauma Centre, AIIMS, New Delhi, Trauma Surgery, JPNATC
18. An open-label 3 arm RCT to evaluate the effect of different modalities of lifestyle intervention on HbA1C in individuals with type 2 DM on half maximal dose of 2 or more oral anti-hyperglycemic drugs for at least 3 months, CIMR
19. Analyzing EEG data for hearing impaired persons Department of Computer Science, Indraprastha Institute of Information Technology, Delhi
20. Assessment of Cognitive, Neuroanatomical and Neurofunctional abnormalities in adults with Type 1 Diabetes, Endocrinology
21. Assessment of distress, anxiety and depression symptoms amongst patients of suspected familial cancer visiting the IRCH genetic clinic for counselling and analysis of the effect of genetic counselling on them: A prospective cohort study, Medical Oncology, IRCH
22. Assessment of Emotional and Behavioral Problems and Quality of life among Children with Cleft lip and palate, Centre for Dental Education and Research
23. Assessment of Sexual Health of cancer patients undergoing chemotherapy and their knowledge and attitude regarding sexual health and intimacy. Medical Oncology, IRCH
24. Association of Common Mental Disorders with Diabetes Mellitus - A Community based Case-control Study in north India, Community Medicine
25. Association of social cognition and behavioral impairment in persons with epilepsy on antiepileptic drug monotherapy: Correlation with neuroimaging findings and trace elements status, Pharmacology
26. Burden and associated factors of chronic multimorbidity among adults (>30 years) in rural Ballabgarh, North India, Community Medicine
27. Center for Advance Research & Excellence (CARE) in Neuroassistive technologies in stroke recovery. IIT, New Delhi

28. Cleft Lip and Palate anomaly in India; Clinical profile Risk factors and current status of treatment: A hospital-based study-Main phase, Centre for Dental and Educational Research
29. Comparative study of cortical activation using fMRI and fNIRS across cognitive tasks in patients with depression, NMR
30. Comparison of “Multigene hereditary panel testing” profiles in breast cancer patients qualifying and not qualifying the NCCN 2018 criteria for genetic testing: A prospective study in North Indian population, Medical Oncology, IRCH
31. Comparison of effect of antidepressants on neurodegeneration in patients with depression, Pharmacology
32. Comparison of Insulin Resistance as Marker of Psychological Morbidity (perceived stress, depression and anxiety) and Quality of Life (QOL) Between PCOS and non-PCOS Infertile women- A case control study, Obstetrics & Gynaecology
33. Comparison of outcomes in post cochlear implantation children with and without congenital inner ear malformation, Otorhinolaryngology
34. Convergent validation of proposed behavioural indicators of intellectual and adaptive behaviour functioning for ICD-11, University of Ottawa & World Health Organization, Geneva, Switzerland
35. Correlation between preoperative CSF melatonin levels and post-operative delirium in geriatric hip fractures, Orthopaedics
36. Correlation of cortical sources and brain iron during rest and visuospatial working memory in Attention deficit hyperactive disorder, Physiology
37. Development and Assessment of Efficacy and Acceptability of Comprehensive Treatment Module in the management of Patients with Medically Unexplained Physical Symptoms, Medicine
38. Development and Validation of Comprehensive Psychological Autopsy, Forensic Sciences and Toxicology
39. DTI, fMRI and qEEG correlates of cognition and behaviour in children and adolescents with well controlled non-lesional epilepsy: An observational study, Pediatric Neurology
40. EEG cortical sources and connectivity of working memory and language processing in Attention Deficit Hyperactivity Disorder, Physiology
41. Effect of antidepressants on neurodegeneration and neuroplasticity in patients with depression, Pharmacology
42. Effect of integrated Yoga on ART outcomes and Psychological stress in patients undergoing In-Vitro-Fertilization (IVF) cycles: A Prospective Randomized Controlled Trial, Obstetrics & Gynaecology
43. Effect of Mindfulness Based Stress Reduction (MBSR) on optic disc perfusion using oct angiography in glaucoma patients: A randomized controlled trial, Dr Rajendra Prasad Centre for Ophthalmic Sciences
44. Effect of paravertebral anaesthesia on quality of life scores and circulating tumour cells in breast cancer patients, Anaesthesia
45. Effect of Structured Yoga Program on Stress and Professional Quality of Life among Selected Nursing Staff in a Tertiary Care Hospital of Delhi - A Small Scale Phase-II Trial, CCM
46. Effect of structured yoga programme on stress and professional quality of life among selected nursing staff in tertiary care hospital of Delhi: A small scale phase 2 trial, CIMR
47. Effect of Yoga on psychological, cognitive and glycemic control in patients with T2DM and Depression: Two arm parallel Randomized controlled trial, Endocrinology
48. Effect of yoga on Psychological, cognitive and glycemic control in patients with T2DM: Two arm Randomized control trial, CIMR
49. Effect of yoga on stress and psychological wellbeing in ICU nurses: A RCT, CIMR
50. Effect of yoga therapy on QoL in laparoscopic Incisional hernia repair, Surgical Disciplines
51. Effect of yoga therapy on Quality of life in patients undergoing laparoscopic incisional hernia and ventral hernia repair- a randomized control trial, Surgical Disciplines
52. Effects of environmental and occupational noise on cognition, NMR
53. Efficacy of a Family based comprehensive Yoga Program for weight reduction among over- weight Children and Adolescents Pediatrics, AYUSH
54. Efficacy of Yoga on Symptom Severity and Quality of Life of Patients Suffering from Pain Predominant Medically Unexplained Physical Symptoms (MUPS), Medicine
55. Evaluation of brain behaviour relationship associated with cognitive deficit in early-onset schizophrenia (EOS) using multi-model MRI, NMR
56. Evaluation of prevalence, regional phenotypic variation, comorbidities, risk factors and the variations in response

- to different therapeutic modalities among Indian women with polycystic ovary syndrome (PCOS): A multicenter study across India, Endocrinology
57. Evaluation of Risk Factors Causing Residual Refractive Error in Corneal Refractive Surgery, RP Centre
  58. Evaluation of role of oral eplerenone as an adjunct to reduce fluence photodynamic therapy in Central Serous Chorioretinopathy: An open label randomized control trial, Ophthalmology
  59. Feasibility of Introducing Yoga and Its Effect on Stress and Perceived Well-Being on New Medical Under Graduate Students of AIIMS, New Delhi, CCM
  60. Feasibility of Introducing Yoga and its effect on Stress and Psychological Well-Being on First and Second Year Under Graduate Nursing Students of AIIMS, New Delhi, CIMR
  61. Financing of expenditure on mental illness-a case study, IGNOU, Delhi
  62. Genetic association of cytokines with suicidal behavior in Indian population, Forensic Medicine & Toxicology
  63. Genetic expression of monoaminergic neurotransmission related polymorphisms and their association with antidepressant response in Indian patients suffering from depression, Pharmacology
  64. Incidence and Severity of Psycho-social and somatic disorders in survivors of childhood solid malignant tumors. Pediatric-Oncology
  65. Interventions for stigma in persons with epilepsy in India funded by institute, CIMR
  66. Long term outcome of patients with walled off necrosis/pseudocyst of pancreas in terms of recurrence of pancreatitis, fluid collection and functional consequences following internal drainage by laparoscopic or endoscopic method, Surgical Disciplines
  67. Mapping functional and biochemical correlates in brain of Parkinson's Patient with Mild Cognitive Impairment, NMR
  68. Mental Health Risk Factors among Older Adolescents living in Urban Slums: An Intervention to Improve Resilience (ANUMATI), George Institute of Global Health
  69. Morphological, functional, Biochemical and Behavioral evaluation post – EMF radiation, NMR
  70. Neural correlates of obsessive-compulsive disorder and its washing subtype: A cross-sectional fMRI study, Nuclear Magnetic Resonance
  71. Neurocognitive rehabilitation modules for patients with schizophrenia, Neuropsychology, CN Centre
  72. Neuropsychological Basis of Decision Making: Testing Lateralization of Cognitive Function in Medial Temporal Lobe Epilepsy, Neurology & Department of Psychology. Indian Institute of Technology, Delhi
  73. Optimizing diet and insulin regimes in children with Type 1 Diabetes in low- resource settings, Pediatrics
  74. Prevalence and factors affecting Preoperative anxiety, depression, and distress in cancer patients: A prospective cross-sectional study, Onco-Anesthesia and Palliative Medicine, IRCH
  75. Prevalence of mental health problems (anxiety, depression and stress reactions) in mothers of preterm infants admitted to NICU- A cross sectional study, Obstetrics and Gynecology
  76. Prospective randomized controlled trial comparing the effects of intraoperative dexmedetomidine and lignocaine administration over the incidence of post-operative cognitive decline in elderly, Anaesthesiology
  77. Psychiatric morbidity in HIV/TB co-infection, Medicine & Microbiology
  78. QEEG based neural correlates and microstates of attention and interference in ADHD: An endophenotypic marker, Physiology
  79. Quality of life following BCS and mastectomy along with sentinel node biopsy in operable breast cancer, Surgery
  80. Reconstruction of Post-Traumatic Facial Defects using Adipose Tissue Derived Mesenchymal Stem Cells Seeded on 3D Printed Hydroxyapatite Scaffold guided by CAD Models in Zygomatico- orbito maxillary complex fractures, Trauma surgery
  81. Role of Frontal Asymmetry in Valence and Decision Processing in Select Clinical Disorder Department of Psychology, Indian Institute of Technology, Delhi
  82. Severity and pattern of early childhood caries and parental stress among pre-school children and its association with various behavioral factors- A hospital based study. Centre for Dental Education and Research
  83. Study of cortical sources of EEG and brain iron levels during rest and visuospatial working memory in Attention deficit hyperactivity disorder (ADHD), Physiology
  84. Study of molecular and peripheral blood biomarkers and their utility to diagnose mild and moderate TBI induced cognitive impairment, Lab Medicine
  85. Systematic Medical Appraisal, Referral and Treatment (SMART) Mental Health Programme for Wellcome Trust-DBT Alliance Fellowship George Institute of Global Health, New Delhi

86. The feasibility and efficacy of yoga on Quality of Life and psychophysiological parameters among adolescents and adult patients treated for Cyanotic Congenital Heart Disease (CCHD) more than a year ago: A randomized controlled trial, Cardiology
87. The Integrative Systematic Palliative Care (ISPC) vs Standard Oncology Care in Advanced Non-Small Cell Lung Cancer at A Tertiary Care Centre In India: A Prospective Randomized Controlled Trial, Onco-Anesthesia and Palliative Medicine, IRCH
88. The Psychometric Properties of Family Vitiligo Impact Scale: A Quality of Life Scale for Family Members of Patients with Vitiligo, Dermatology
89. To compare different cochlear implantation outcome scores with auditory cortical activity seen on functional near infrared spectroscopy in prelingual profound sensorineural hearing loss patients at least 3 years after cochlear implantation, Otorhinolaryngology
90. To determine the association between decreased cerebral blood flow in the prefrontal cortex intraoperatively and incidence of postoperative emergence delirium in children (2-5 years) induced and maintained with sevoflurane: An fNIRS based observational study, Anaesthesiology
91. To develop a technology driven intervention of Psychological First Aid (PFA) model for Mental Health Challenges. Mental Health Foundation (India)
92. To develop an Oral Health Toolkit for Paediatric Oncology Patients (OHTPOP) and compare its effectiveness for a better oral health status and lesser oral complications versus standard of care , Centre of Dental Education and Research
93. To evaluate Results of Soft Tissue Reconstruction and Augmentation with Structural Fat Grafting in Patients with Post Traumatic Facial Disfigurement, Trauma Surgery, JPNATC
94. To study effects of antidepressant drugs in mild and moderate depression in patients with epilepsy- A randomized controlled trial, Neurology
95. To study the impact of Yoga on pulmonary functions, immune response and quality of life in chest trauma patients at level-I trauma Centre, Trauma Surgery, JPNATC
96. To study the prevalence and the risk factors of psychiatric morbidity and sleep problems in pediatric Acute Lymphoblastic Leukemia survivors, Pediatrics
97. To test effects of breath-focus on lateralized cognitive and affective processing in Generalized Anxiety Disorder (GAD) patients, Physiology & Department of Psychology. Indian Institute of Technology, Delhi
98. Translational application of novel clinically accessible biological predictors to improved identification of mild and moderate Traumatic Brain Injury (TBI) induced neuro psychological impairment, Laboratory Medicine, JPNATC
99. Two Arm Parallel Open-Label Randomized Controlled Add on trial to investigate the efficacy of Shirodhara (Ayurvedic Oil-Dropping Treatment) in the subjects with Chronic Insomnia Disorder, CIMR

### **Completed**

1. A comparative study of neurochemical alteration on H1 MRS in schizophrenia, obsessive compulsive disorder and schizophrenia with obsessive compulsive symptoms, NMR
2. A Prospective study Comparing outcomes and quality of life after Laparoscopic donor nephrectomy Versus open donor nephrectomy, Surgical disciplines
3. A Study to Assess Parenting Stress and Psychological Health of Women Having Single-Parenting Experience in Delhi- NCR, College of Nursing
4. A study to assess the effectiveness of caregiver- training programme on knowledge in managing aggressive patients at home, College of Nursing
5. A Three Arm Randomized Controlled Study to Compare Sexual Functions Following Open Mesh Hernioplasty, Laparoscopic Totally Extra Peritoneal (TEP) and Trans Abdominal Pre-Peritoneal (TAPP) Repair of Groin Hernia, Surgical Disciplines
6. Assessment of Mental health services in district Faridabad, Haryana-a mixed method study, Community Medicine
7. Association Between Parental Growth Patterns and Chronic Disease Risk in their Children-An Intergenerational Study in the New Delhi Birth Cohort, Public Health Foundation of India
8. Central serous chorioretinopathy and Meditation: Functional and Morphological outcome study, Ophthalmology
9. Collaborative Care for Depression and Diabetes in India, Endocrinology
10. Common mental disorders and related Mental health Literacy among adolescents in an urban area of Delhi, Community Medicine
11. Comparison of Quality of Life after Single Stage Vs Two Stage Management of Patients With Concomitant

- Gall Stones and Common Bile Duct Stones: A Prospective Randomized Control Trial. Department of Surgical Disciplines
12. Depressive Disorders Amongst Adolescents in Rural Ballabgarh: A community based study, CCM
  13. Effect of 30 minutes of YOGA and Meditation and Life Style Modification in comparison to standard treatment on person with mild to moderate depressive disorders, Mental Health Foundation (India)
  14. Effect of cognitive and emotional stress in patients of multisomatoform disorder: A fMRI-based case-control study, Nuclear Magnetic Resonance
  15. Effect of EMF radiation due to mobile phone use on sleep and neurocognitive functions: A molecular approach, Medicine
  16. Effect of Virtual Reality Therapy (VRT) in improving Balance and Quality of life in Lower limb amputation, Trauma Centre
  17. Effects of a Preoperative Carbohydrate Drink on Postoperative Vomiting in Paediatric Strabismus Surgery: A Randomized Controlled Observer Blinded Trial, RPC, Anesthesiology
  18. Effects of yoga based lifestyle interventions on biomarkers of cellular aging in patients with depression. Laboratory for Molecular Reproduction and Genetics
  19. Evaluation of eating disorders and their effect on metabolic parameters and glycemic control in adult patients with diabetes mellitus type 2, Endocrinology
  20. Impact of Behavior and Temperament on Food intake and Diet Quality of Adolescents studying in public Schools of Delhi. Delhi University
  21. IPS Multi-centric study for long term course and outcome of Bipolar disorder. PGIMER, Chandigarh
  22. New Delhi Birth Cohort – Follow-up studies to Assess Association of Early Life Growth Patterns on Lung function, Cardio metabolic risk factors and Mental Health in a Family Cohort, Public Health Foundation of India
  23. Prevalence of common mental disorders among pregnant women in rural Ballabgarh, Haryana, Community Medicine
  24. Primary Versus Delayed Primary Closure in patients undergoing lower limb amputation following trauma: A Randomized control study, Trauma Surgery
  25. Prospective pilot study evaluating incidence of postoperative cognitive decline in older adults comparing Isoflurane and Desflurane, Anesthesiology
  26. Prospective Randomized Controlled Study Comparing Long term outcome, chronic pain, quality of life and cost effectiveness following Laparoscopic Repair of Incision and ventral hernias with different techniques of Mesh Fixation- a pilot study, Surgical disciplines
  27. Prospective Randomized Controlled Study to Compare the Outcome of Standard Four Port Laparoscopic Cholecystectomy with Single Incision Laparoscopic Cholecystectomy in patients with Gall Stone Disease, Surgical disciplines
  28. Psychosocial stress and lipid profile as predictors of adverse pregnancy outcomes, Obstetrics & Gynaecology
  29. Qualitative study exploring perspectives on the International Classification of Diseases (11th revision); Using lived experience to improve mental health Diagnosis in India. World Health Organization, Geneva, Switzerland
  30. Study of clock genes in rat model of mania-like behavior, Neuro-chemistry
  31. To correlate Functional Near Infra-Red Spectroscopy measurement of Auditory Cortex Activation with Auditory Verbal Outcome in prelingual profound sensorineural hearing loss patients after Cochlear Implantation, Otorhinolaryngology
  32. To study clinical and immunological parameters in predicting short term outcomes in polytrauma patients admitted to Trauma Surgery, Trauma Surgery
  33. To study management, outcomes and quality of life in patients with pelvic fracture at level 1 trauma Center, Trauma Surgery
  34. To study the effect of mobile phones on well-being, sleep and cognitive function, Medicine
  35. To study the effect of Yoga on Pulmonary functions, Respiratory muscle strength and endurance, Chest wall mobility, Inflammatory markers and Quality of life in blunt chest trauma patients and their correlation with Thoracic Trauma Severity Score at level-I trauma centre, Trauma Surgery
  36. Toxicological Analysis and distribution pattern of alcohol and different drugs in various biological samples and their neurobiological effects in suicidal deaths, Forensic Medicine
  37. Utility on novel Coated Platelets as a marker for early prognostication of neurocognitive impairment following traumatic injury, Lab medicine, JPNATC

## PATIENT CARE

- **Special Clinics**

- Psychosomatic Clinic: Once in a week
- Common Mental Disorders Clinic: Once in a week
- Child and Adolescent Psychiatric specialty services
- Severe Mental Disorders Clinic: Once in a week
- Brain Stimulation /TMS clinic on Thursday once in a week
- Neuropsychiatry OPD in C N Centre on Tuesday. Once in a week.
- Psychiatry services at CRHSP, Ballabgarh
- Dual Diagnosis Clinic: Once in a week

## Consultation liaison services

- **COVID-19 Services**

In the wake of ongoing COVID 19 Pandemic, the department of psychiatry has done following activities:

- Development of public health educational material on mental health issues related to the pandemic were developed. For lay public, The posters on “Coping with stress during the 2019-nCoV outbreak” and “Helping children cope with stress during 2019-nCov outbreak” by WHO were translated into various Indian languages (Hindi, Punjabi, Gujarati, Marathi, Bengali, Kannada, Telugu, Tamil, Malayalam, Odia and Manipuri), after taking due permission from the WHO.
- Development of guidance notes for healthcare workers at our hospital giving general instructions about how to identify stress in them and to cope with it. Focus on basics of stress management was done. We also prepared short video clips on the subject and these were put on social media and the Institute’s website. A tele helpline was also created for the in-house employees.
- Development of guidance notes both in English and Hindi for the persons in quarantine or put in isolation using resource materials from the relevant literature, adapting it to local needs.
- Development of guidance notes for physicians and mental health professionals.
- Teleconsultation facility for persons with mental health problems already under AIIMS psychiatry follow up was established on 28th March 2020 as outpatient services were closed on 24th March 2020. We have dedicated 3 phones for tele consultation. All the patients who have taken appointment from, are called by a psychiatrist to confirm about their current mental health status and need for a fresh prescription. In patients needing any modification, the patient is asked to send the old prescription electronically and a fresh prescription is issued and sent electronically. Till March 2020, 238 patients were offered services.

- **Facilities in Department (Special Labs)**

- Upgradation of Brain Mapping Lab facility – added wireless fNIRS system to the existing static fNIRS & QEEG system for development of a state-of-the-art facility for brain mapping
- Upgradation of MECT facility – Improved data collection/digitalization in functioning of ECT; Added computerized cognitive testing; Added utility of Ketamine use for increasing ECT effectiveness
- Initiation of Ketamine Clinic – Initiated the utility of ketamine as an anti-depressive agent for use in at-risk suicidal patients and treatment resistant depressive individuals
- Initiated High-definition Transcranial Electrical Stimulation – Initiated the HD-tDCS, tACS & tRNS facility as a neuromodulation facility
- Advanced signal analysis of Electroencephalography – In collaboration with Department of Computer Sciences, IIT, Delhi

## AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Rakesh Kumar Chadda** delivered VN Bagadia Oration, Social Psychiatry: Essence of Psychiatry- Delivered at KEM Hospital, Mumbai, 20th November 2019; Elected Secretary General, World Association of Social Psychiatry (2019-2022); Organizing Chairperson, 21st Annual Conference of International Society of Addiction Medicine, 13-16 November 2019; Chair, Awards Committee, Indian Association for Social Psychiatry, Chair, Indian Psychiatric Society Sub Committee on Psychotherapy; Member, Editorial Board, BJ Psych International; Member, Editorial Board, World Social Psychiatry; Member, Selection Committee, PGIMER, Chandigarh; AIIMS, Jodhpur; KGMU, Lucknow; UHS, Rohtak.

**Professor Pratap Sharan** is Professor-in-Charge of Student Welfare at AIIMS; Member of the International Advisory Group for Training and Implementation for ICD-11 Mental, Behavioural and Neurodevelopmental Disorders (2018 – onwards); Vice President of the Indian Association for Social Psychiatry (IASP, 2018-2020); Vice President of the Society for Promotion of Research on Mental Health; Co-Chair for PG Psychiatric Education Subcommittee for Indian Psychiatric Society (2017-2021); Senior Editor of Journal for Eating Disorders; Associate Editor of the National Medical Journal of India; Member

of the Editorial Board of the following journals: Indian Journal of Psychiatry, Indian Journal of Social Psychiatry, Journal of Indian Association for Child and Adolescent Mental Health, and Journal of Mental Health and Human Behaviour. He is also the Ombudsman for the Indian Journal of Social Psychiatry; Member, Advisory Committee of the ICMR – DHR for the developments of Standard Treatment Workflows; Chief coordinator for the Committee for MBBS curricular reforms at AIIMS; Member of AIIMS Project Review Committee (Clinical Sciences) and AIIMS Ethics Committee; Member of the Research Advisory Committee of the **George Institute for Global Health, India**; **Resource person for the Resilient Futures India Initiative** of the Queen Mary University of London; National Expert for Mental Health Capacity Building Programme of the Public Health Foundation of India; Expert member, National Steering Committee (India) for ‘Research Priorities & Agenda Setting for Migration and Health in South Asia for 2020-2030’; Expert member, Committee of “End of Life Care Policy” at AIIMS; Member, Selection Committee at Jawaharlal Nehru Institute of Postgraduate Medical Education and Research, Puducherry; Pt. BD Sharma University of Health Sciences, Rohtak & Kalpana Chawla Govt. Medical College, Karnal; and various AIIMS; Reviewer for National Institute for Health Research, UK, Medical Research Council, UK, Wellcome Trust, UK and the Indian Council of Medical Research; Completed a Johns Hopkins Online Course on Medical Education Curriculum Development; Peer reviewer for the following journals: Plos One, BMJ Open, Psychological Medicine, Psychiatry Research, BMC Psychiatry, BMC Psychology, Epidemiology and Psychiatric Sciences, Journal of Affective Disorders, World Social Psychiatry, Asian Journal of Psychiatry, the Primary Care Companion for CNS Disorders, Indian Journal of Medical Research, National Medical Journal of India, Indian Journal of Psychiatry, and Indian Journal of Social Psychiatry

**Professor Rajesh Sagar** received PPA Oration award in 15th **Biennial National Conference of Indian Association of Child and Adolescent Mental Health (IACAMCON-19)**, 9 November 2019 at Chandigarh; Received the distinguished Alumnus Award-2019 for Clinical, Academic and Research activities by Maulana Azad Medical College (MAMC), New Delhi at 61st College Annual Day & Convocation, 26 February 2020; Received felicitation award by DGHS, Ministry of Health & Family Welfare, Govt. of India on occasion of the National Doctors’ Day (1st **July 2019**) at Nirman Bhawan, New Delhi; Received ‘THE HEALING AWARD’ for long outstanding and brilliant contribution in providing a healing touch to those suffering from mental disorders in ‘The Positivity Awards-2019’ organized by the Brain Behaviour Research Foundation of India, at Constitution Club of India, New Delhi on 21 December 2019; Received Fellowship of Royal College of Physicians of Edinburgh, FRCP (Edin.) 2019; Luke Clack Young Scientist Award for the paper “Tobacco use in children and adolescents with ADHD” presented at 15th Biennial conference of Indian Association for Child and Adolescent Mental health conference held at Chandigarh, India in November 2019; Professor M Murugappan Award for the poster “Prefrontal Cortical Activity with ADHD” presented at the 72nd Annual national conference of Indian Psychiatric society held at Kolkata in January 2020; Best Paper award at International Training Conference on Brief Psychotherapies, IMHANS, Kozhikode (2019); Best Poster Award at National Annual Conference of Indian Association of Clinical Psychologists (NACIACP), 2020, Punjab University, Chandigarh (2020); Chair, **the Global Disease Burden (GBD) India of Mental Health Expert Group for India State-Level Disease Burden Initiative by ICMR, PHFI, IHME(USA)**; Honorary Professor by department of Psychiatry, University of Melbourne, Melbourne, Australia; Member, Central Mental Health Authority (Regulatory body under Mental Healthcare Act, Govt. of India); Member of Ethics Committee of Central Council of Homeopathy Research (CCRH), Ministry of AYUSH, Government of India; Honorary Advisor for mental health to Directorate General of Health Services, Ministry of Health & Family Welfare, Govt. of India, 2013 and continuing; Co-Chairman, Journal Committee of Indian Psychiatry Society, 2019; Expert Member of Project Review Committee for woman health, mental health of ICMR, CCRH, DBT; Expert member of Signal Review Panel of National Coordination Centre-Pharmacovigilance Programme of India. Indian Pharmacopoeia Commission; Expert Member of the Institutional Ethics Committee of the Public Health Foundation of India (PHFI-IEC); Invited as expert in Doordarshan, DD News, DD National, DD Kisan, Loksabha TV, Rajya sabha TV and Radio program, FM Rainbow, All India Radio; Expert member and advisor in Ministry of Health & FW for various activities such as contributed in development of format to collect information from States/UT about rehabilitation of patients with psychiatric illness under direction of Hon’ble Supreme Court, Expert member of committee for revision of the existing District Mental Health Programme Guidelines-Dte GHS, Ministry of Health & Family Welfare, meeting on 10 May 2019, nominated for meeting in NCBC on 5 July 2019, Expert member of group to finalize the CMHA Regulations as per Mental Healthcare Act-2017-meeting on 21 March 2020; Hosted & coordinated the International meet on WHO’s Schedule for Clinical Assessment in Neuropsychiatry (SCAN) Advisor group at AIIMS, 24-26 February 2020, AIIMS, New Delhi.

**Professor Nand Kumar** was nominated as Chairperson, *Physical Treatment - Sub Committee by Indian Psychiatry Society (IPS) From 14th March 2020 till now*; Member, screening committee meeting of TIDE (Technological intervention of elderly and disable, Dept of science and technology on 29 and 30 January 2020 in Delhi; Organising secretary, 4th National CME on “TMS: Global Medical Revolution” being organized by the Department of Psychiatry, All India Institute of Medical Sciences (AIIMS), New Delhi on 12 to 14 December 2019; Organizing chairperson for Mental Health Fiesta on 10 October 2019, Organized jointly by registered, not for profit organization MHFI and Department of Psychiatry AIIMS, New Delhi.

**Professor Mamta Sood** is Secretary General, Indian Association for Social Psychiatry; Organizing Secretary, National CME on Strengthening Home-based care for Severe Mental Disorders in General Hospital Settings.

**Dr Koushik Sinha Deb** received 2019: Balint Award - 26th National Conference of Indian Association for Social Psychiatry (NCIASP); 2020-2021: Chairperson, Website Committee, Indian Psychiatric Society.

**Dr Rohit Verma** is Assistant Editor of the Journal – “Asian Journal of Cognitive Neurology”; Secretary General & Founder Member of Neuromodulation Society (India).

**Dr Bichitra Nanda Patra** received Luke Clack Young Scientist Award for the paper “Tobacco use in children and adolescents with ADHD” presented at 15th Biennial conference of Indian Association for Child and Adolescent Mental health conference held at Chandigarh, India in November 2019; Dr VK Varma Award for the paper “Initial treatment dropout in patients with substance use disorders attending a tertiary care de-addiction centre in north India” at the annual national conference of Indian Association for Social Psychiatry held at Bhubaneswar, Odisha, India in November-December 2019; Professor M Murugappan Poster Session–II Award for the poster “Prefrontal Cortical Activity with ADHD” presented at the 72nd Annual National Conference of Indian Psychiatric society held at Kolkata in January 2020.

**Dr Gagan Hans** was awarded AIIMS Intramural Project grant for the year 2019-2020 for the project in collaboration with the Department of NMR, AIIMS; Served as Peer Reviewer for the Journal of Mental Health and Human Behavior and Clinical Case Reports.

**Dr Renu Sharma** is Member, Medical Board for Autism Spectrum Disorder in Department of Psychiatry, AIIMS, New Delhi in accordance with Ministry of Social Justice and Empowerment.

**Dr Vandana Chowdhary** was nominated for Helmut Remschmidt Research Seminar (HRRS) 2019 residential research training of IACAPAP held from 25 to 30 August 2019 at Singapore to discuss “*Developing Research and Collaborations in Child & Adolescent Mental Health in Asia*”.

### HIGHLIGHTS

Department organized an annual conference on Pulmonary, Critical Care & Sleep Medicine “PULMOCRIT 2020”. The conference consisted of 2 days AIIMS-CHEST Workshop on Sleep Medicine and 2 days of update on Pulmonary, Critical Care and Sleep Medicine. For the workshop there were 3 faculties who came from the United States of America and close to 30 Indian faculties contributed and gave hands-on training to the participants. Despite the Covid-19 scare, our workshop was full and attended by 100 Physicians. There was positive response from the participants. Similarly, for 2 days long update there were close to 400 attendees from whole country and neighboring countries also.

During the academic session, Smt Rajbir Kaur Interventional Bronchoscopy and Pulmonology Laboratory, a “State of the Art” interventional pulmonology suite has also been inaugurated by Honourable Director and is functional since 31 July 2019. The suite is fully equipped with advanced bronchoscopic sampling techniques (TBAN, EBUS, Radial- EBUS, Lung Point), therapeutics in pulmonology (airway stenting, debulking) and medical thoracoscopy. The suite is equipped with anesthesia station to do any diagnostic or therapeutic procedure here.

## EDUCATION

### CMEs/Workshops/Symposia/National and International Conferences

1. **AIIMS PULMOCRIT 2020: UPDATE in Pulmonary, Critical Care and International Workshop on Sleep Medicine** from 5 to 8 March 2020.
2. **Establishing diagnosis of ILD: A Multi-disciplinary approach (AIIMS Pulmonology Course 2019 (APC))** September 2019, AIIMS

### Lectures delivered

**Anant Mohan: 26**

**Karan Madan: 17**

**Vijay Hadda: 17**

**Saurabh Mittal/Pawan Tiwari: 5**

### Anant Mohan

1. Interventional Pulmonology: ABCD (Airway, Bleeding/ Blood pressure, Complications /counselling, Do's & Don't's), Interventional Pulmonary League, 1 June 2019, Mumbai
2. Infections transmitted at Bronchoscopy and Thoracoscopy, Interventional Pulmonary League, 1 June 2019, Mumbai
3. Pleuroscopy Masterclass: Approach to recurrent Pneumothorax and Povidone Iodine & Talc, Interventional Pulmonary League, 1 June, 2019, Mumbai
4. Interventional Pulmonology in ICU & Lung Transplantation Step by Step on Bronchoscopy in Hemoptysis, Interventional Pulmonary League, 1 June 2019, Mumbai
5. Technical and patient factors affecting Nebulizer Performance, RESPIRATORY UPDATE, 5 May 2019, GUWAHATI
6. Optimizing Antimicrobial Therapy of Sepsis and Septic Shock: Focus on Antibiotic Combination Therapy, RESPIRATORY UPDATE, 5 May 2019, GUWAHATI
7. Diagnosis and Management on Pharmacotherapy of asthma, Workshop on Respiratory Allergy, 9 May 2019, VPCI, Delhi
8. Asthma and Pulmonary embolism, PACS, 17-18 August 2019, Metro Hospital, Noida
9. VBN workshop, RESPICON, 30 – 31 August 2019, Jaipur Golden Hospital, Delhi
10. Inhaler devices usage, Pulmonary CME, 31 August 2019, Delhi
11. Management of lung cancer, HERMES, 13 September 2019, BHU, Varanasi
12. Update in treating lung cancer, PG Pulmonary Update, 15 September 2019, Safdarjung, Delhi
13. Panel discussion, Thoracic Surgery CME, 22 September 2019, AIIMS
14. Bronchoscopy in ICU, Haryana Pulmocon, 29 September 2019, Olympus Centre, Gurgaon
15. Lung transplant symposium, Annual Transplant conference, 2 October 2019, Delhi
16. Therapeutic bronchoscopy, RAJAPICON, 11 October 2019, Jaisalmer
17. Lung cancer panel moderator, PGI Update, 14 October 2019, PGIMER, Chandigarh

18. Biologics in asthma, National Asthma and Allergy Conference, 8 November 2019, NITRD, Delhi
19. Recent advances in TB., Guest lecture, 14 November 2019, Base Hospital, Delhi
20. Bronchoscopy Workshop, NAPCON, 19 November 2019, Medical College, Kochi
21. Panel discussion on Lung Cancer., Thoracic Radiology Update, 1 December 2019, AIIMS
22. Rehabilitation in COPD, Pulmonary Update, 8 December 2019, VP Chest Institute, Delhi
23. Clinical and Radiological differences between SCLC and NSCLC, NALLCON, 15 December 2019, Lucknow
24. Equipment, Technique of EBUS, EBUS Workshop, 22 December 2019, Olympus Centre, Gurugram
25. Lung Cancer case-based discussion, Safdarjung hospital Annual CME, 12 January 2020, Safdarjung Hospital, Delhi
26. Impact of education and Technology on Health, FIP MHFDC under PMMMMNMTT, 9 July 2019, Hansraj College, Delhi University, Delhi

### **Vijay Hadda**

1. Introduction: Mechanics of respiration, Basic physiology, Basic concept of NIV, NIV Workshop: Basic concepts, 21 July 2019, GMC, Patiala,
2. Develop a systematic approach to ABG analysis, NIV Workshop: Basic concepts, 21 July 2019, GMC, Patiala,
3. Targeted therapy for Sarcoidosis, PACS, 2019, 18 July 2019, Hyatt Regency, New Delhi
4. Medical Thoracoscopy: similarity & differences, Respicon, 2019, 31 August 2019, Jaipur Golden Hospital, New Delhi
5. Establishing diagnosis of ILD: A Multi-disciplinary approach, AIIMS Pulmonology Course, 2019, 07 September 2019, AIIMS, New Delhi
6. Approaching OHS, PG Pulmonary Update -2019, 15 September 2019, VMMC & Safdarjung Hospital, New Delhi

### Chief Technical Officer (Group A)

Mr Braham Singh

Mrs Renu Soorma

## HIGHLIGHTS

The Departmental faculty was actively engaged in patient care, education and research. The department made a concerted and successful attempt to reduce the waiting period for various imaging procedures. Reporting of all investigations is currently electronic and done on work-stations. During this period three portable ultrasound machines and one film scanner were added to the diagnostic armamentarium of the department. Faculty members delivered over 206 lectures in various CMEs, national and international conferences. Faculty members were actively involved in research, and published 137 papers in various indexed national and international journals and contributed 42 chapters to text-books of Radiology. They also edited four books on Radiology. About 60 posters and oral papers were presented in various conferences in India and abroad. The department faculty members were principal investigators in 4 funded projects. Besides, they were involved in 21 ongoing departmental projects and over 64 collaborative projects with other clinical departments. The department conducted two Radiology courses, one national conference and one state branch conference during this period which were very well received and attended by a large number of delegates from across the country.

## EDUCATION

### *Undergraduate*

The department faculty was actively involved in teaching undergraduate students. There were a total of 62 lectures taken by the faculty for them in this period.

### *Postgraduate*

There were a total of 25 junior residents in the department during this period, including 6 new residents who joined the department. The department had six fellows pursuing their fellowships during this period. Academic activities for post-graduate students included around 36 seminars, 35 journal clubs, 70 case discussions, 70 interesting film sessions and 80 didactic lectures. The department provided short term training to five radiologists from all over the country and one from Nepal, during this period.

### *BSc (Hons) Medical Technology in Radiography (MTR):*

This course is of three years duration and a total of 29 students are pursuing this course.

### **CMEs/Workshops/Symposia/National Conferences organized:**

1. Fourth AIIMS-MAMC-PGI Imaging Course on Recent Advances in Imaging Technology, 5 and 6 April 2019
2. Seventeenth Annual National Conference of the Indian Society of Pediatric Radiology ISPR2019, 7 and 8 September 2019
3. AIIMS Radiology Course Series, Imaging of Chest Tumors, 30 November and 1 December 2019
4. Department of Radiodiagnosis in collaboration with Delhi Branch of Indian Radiology & Imaging Association organized the Annual Conference of the state branch: DIU 2020, 7 and 8 February 2020

14. Malformations of Cortical Development, 1st National Symposium on Pediatric Neuroradiology – “Bridging Clinical & Radiological Perspectives, 19 and 20 October 2019, New Delhi
15. Pediatric Neuroradiology:Imaging in Malformations of Cortical Development, 21st Annual Meeting of Indian Society of Neuroradiology (ISNR 2019), 31 October - 3 November 2019, New Delhi
16. Film Reading Session - Neuroradiology, Budding Radiologists Training Program of ICRI, 3 November 2019, Gurugram
17. Imaging of Genitourinary Trauma, AIIMS-MAMC-PGI Imaging Series –Genitourinary Imaging, 15 and 16 November 2019, New Delhi
18. Interventional radiology in abdominal trauma-key concepts, Annual Meeting of Society for Emergency Radiology, 30 November 2019, New Delhi
19. Radiology in Splenic Injury, Consensus Meeting to Formulate ISTAC Guidelines for the management of solid organ injuries, 18 and 19 January 2020, New Delhi
20. Imaging approach in blunt vs penetrating abdominal injuries., 73rd Annual conference of Indian Radiological and Imaging Association, 23-26 January 2020, Ahmedabad

### **Chandan Jyoti Das**

1. MR Imaging of Rectal cancer, Dr RK Goulatia CME of the Indian Radiology & Imaging Association, 13 October 2019, Kaziranga, Assam
2. A Potpourri of Interesting cases for residents, 45th Annual Conference of Assam IRIA at Guwahati, 12 January 2020, Guwahati, Assam
3. Image guided Genito-urinary, interventions CME on Image Guided therapies in Clinical Medicine, 20 and 21 January 2020, Male', Maldives
4. Image guide Interventions in Oncology, CME on Image Guided therapies in Clinical Medicine, 20 and 21 January 2020, Male', Maldives
5. Multiparametric vs biparametric MRI in prostate malignancies, 73rd Annual conference of Indian Radiological and Imaging association with Asian Radiology Forum, 25 January 2020, Gandhinagar, Gujarat

### **Madhusudhan KS**

1. Digital Subtraction Angiography and Fluoroscopy, 4th AIIMS-MAMC-PGI imaging course series – advances in imaging technology, 5 and 6 April 2019, New Delhi
2. Intricacies and controversies in diagnosis of autoimmune hepatitis - Panel discussion, Current Perspectives in Liver Diseases, 5 October 2019, Delhi
3. Interventional Radiology Technique - Role of Interventional radiologist in Biliary and pancreatic lesions, 29th National Conference of Indian Association of Surgical Gastroenterology, 9–13 October 2019, Delhi
4. Chronic pancreatitis – Panel discussion, 29th National Conference of Indian Association of Surgical Gastroenterology, 9–13 October 2019, Delhi
5. Microwave ablation: Technique and hardware, Workshop on tumor ablation, 8 and 9 November 2019, Chandigarh
6. Radiology of acute pancreatitis: Diagnosis and intervention, SURGICON AIIMS Raipur, 23 and 24 November 2019, Raipur

### **Surabhi Vyas**

1. Digital mammography in Advances in Imaging Technology, AIIMS-MAMC-PGI Imaging Series, 6 April 2019, New Delhi
2. Approach to Paediatric musculoskeletal ultrasound, ISPR 2019, 7 September 2019, New Delhi
3. Shoulder ultrasound examination, Delhi State IRIA MSK CME, 20 October 2019, New Delhi
4. Panel discussion pleural and chest wall masses, Imaging of Chest Tumours, AIIMS radiology course series, 30 November 2019, New Delhi
5. Thoracic masses: Signs of localization, Imaging of Chest Tumours, AIIMS radiology course series, 1 Decemebr 2019, New Delhi
6. Sonography of Breast: BIRADS, Elastography and Interventions- A Comprehensive Guide with Case Studies., Ultravision 2019, 14 December 2019, New Delhi
7. Panel discussion on Connective tissue related interstitial lung disease, DRA Annual Rheumatology Update 2020, 16 December 2019, New Delhi
8. Overview of breast imaging, International Women's Day 2020' CME, 8 March 2020, New Delhi

### **Manisha Jana**

1. Ultrasound contrast agents, AIIMS-MAMC-PGI Imaging Series, 6 April 2019, New Delhi
2. Imaging in primary immunodeficiency disorders, SCIICON 2019, 13 April 2019, Vellore
3. Imaging of adrenals, ISPR 2019, 7 September 2019, New Delhi
4. Interpretation of CT Scan Brain - Case Vignette Approach, Neuroimaging in Psychiatry, 16 November 2019, Kolkata
5. Challenging pediatric cases: Mock tumor board, Imaging of Chest Tumours, AIIMS radiology course series, 1 December 2019, New Delhi
6. Imaging pediatric chest tumors, Imaging of Chest Tumours, AIIMS radiology course series, 1 December 2019, New Delhi

7. Skeletal dysplasia: a radiographic approach, 1st outreach program of ISPR, 8 December 2019, Jodhpur
8. Imaging in pediatric acute abdomen, 1st outreach program of ISPR, 8 December 2019, Jodhpur
9. Imaging in primary immunodeficiency disorders, 2nd outreach program of ISPR, 9 February 2020, Patna
10. Imaging in pediatric airway, 2nd outreach program of ISPR, 9 February 2020, Patna
11. Chest contrast studies, AIIMS Pediatric Pulmonology and Intensive Care Course Module, 23 February 2020, New Delhi
12. MRI in pediatric chest disorders, AIIMS Pediatric Pulmonology and Intensive Care Course Module, 23 February 2020, New Delhi

### **Devasenathipathy Kandasamy**

1. RIS - PACS Basics, 4th AIIMS-MAMC-PGI Imaging Series (4th Course on Advances in Imaging Technology), 5 and 6 April 2019, New Delhi
2. Diffusion weighted imaging, 4th AIIMS-MAMC-PGI Imaging Series (4th Course on Advances in Imaging Technology), 5 and 6 April 2019, New Delhi
3. Workshop on MR optimisation and sequences, ISPR 2019, 7 and 8 September 2019, New Delhi
4. Faculty film reading session, ISPR 2019, 7 and 8 September 2019, New Delhi
5. Film reading session, ISPR 2019, 7 and 8 September 2019, New Delhi
6. Inflammatory bowel disease in children, ISPR 2019, 7 and 8 September 2019, New Delhi
7. Inflammatory bowel disease with multidisciplinary panel discussion, 3rd Annual conference of Indian Society of Gastrointestinal & Abdominal Radiology (ISGAR), 27-29 September 2019, Kochi
8. Imaging in metabolic bone disease, Hematopoietic and Endocrine disorders, IREP 2019, 23-25 August 2019, New Delhi
9. Imaging approach to cancer research, World cancer Day CME, 24 September 2019, Noida
10. Pediatric adrenal imaging, Dr RK Goulatia CME 2019, 12 and 13 October 2019, Kaziranga
11. Approach to chest Radiograph, Dr RK Goulatia CME 2019, 12 and 13 October 2019, Kaziranga
12. Chest Tumors Imaging Techniques & Applications, AIIMS Radiology Course on Imaging of Chest Tumours, 30 November - 1 December 2019, New Delhi
13. Imaging in Neonatal Jaundice, 73rd Annual Conference of Indian Radiological and Imaging association with Asian Radiology Forum, 23-26 January 2020, Gandhinagar
14. Imaging in Neonatal Jaundice, ISPR outreach CME, 9 February 2020, Patna
15. Imaging in pediatric bowel disorders, ISPR outreach CME, 9 February 2020, Patna
16. Spotters in peripheral vascular IR, ISVIR Delhi State branch CME on Peripheral Vascular Interventions, 23 February 2020, New Delhi
17. USG chest part II: Abnormality of lungs, pleura and diaphragm etc., AIIMS Pediatric Pulmonology and Intensive Care Course Module 9: Pediatric Pulmonology Diagnostics, 22 and 23 February 2020, New Delhi
18. CT chest part I: Basics, indications, normal anatomy, newer CT modalities, AIIMS Pediatric Pulmonology and Intensive Care Course Module 9: Pediatric Pulmonology Diagnostics, 22 and 23 February 2020, New Delhi

### **Smita Manchanda**

1. CT Hardware and DECT: An update, AIIMS MAMC PGI Series on Advances in Imaging Technology, 5 April 2019, New Delhi
2. Complications in ILD, SCIICON 2019, 12 April 2019, Vellore
3. Doppler and Radiation Safety in Pregnancy, Sono Summit IRIA 2019, 29 June 2019, Chennai
4. Pelvic Mass in a Female Patient : What a Resident must know, Delhi IRIA Resident Education Program, 23 August 2019, New Delhi
5. CSOM in Children: Comprehensive Reporting, 17th National Conference Indian Society of Paediatric Radiology(ISPR) 2019, 7 September 2019, New Delhi
6. Quiz for Residents: XVII National Conference Indian Society of Paediatric Radiology(ISPR) 2019, 7 September 2019, New Delhi
7. Workshop on CT Optimization Techniques, 17th National Conference Indian Society of Paediatric Radiology(ISPR) 2019, 7 September 2019, New Delhi

8. Adenomyosis Sonographic signs and Diagnostic Accuracy, Medanta Ultrasound Update: Genitourinary and Gynaecological Ultrasound Basics to Advances, 14 September 2019, New Delhi
9. Panelist in panel discussion on Lung Cancer, Symposium on Thoracic Surgery, 22 September 2019, New Delhi
10. Imaging in Malignancies of the Uterine Corpus, 17th Annual Conference of Women's Cancer Initiative (WCI-TMH), 18 October 2019, Mumbai
11. Tumour Board panellist: Challenging Cases in Ovarian Cancer, 17th Annual Conference of Women's Cancer Initiative (WCI-TMH), 19 October 2019, Mumbai
12. Imaging in Malignant Ovarian disease, AIIMS MAMC PGI Series on Genitourinary Imaging, 16 November 2019, New Delhi
13. Ultrasound of Oral Cavity and Airways : How I do it: Technique and Current Applications, Ultravision Delhi IRIA 2019, 14 December 2019, New Delhi
14. Ovarian Masses : Understanding the IOTA rules and ORADS, Ultravision Delhi IRIA 2019, 14 December 2019, New Delhi
15. MDT: Case based discussion of pulmonary nodules/ masses, AIIMS Radiology Courses: Imaging of Chest Tumours, 30 November 2019, New Delhi
16. Missed Lung Cancers: How to avoid!, AIIMS Radiology Courses: Imaging of Chest Tumours, 30 November 2019, New Delhi
17. Pre-FESS Imaging, 2nd FESS Hands on Cadaveric Workshop, 18 January 2020, New Delhi
18. 1st Trimester Aneuploidy markers and beyond, 73rd Annual Conference of Indian Radiological and Imaging Association, 23 January 2020, Gandhinagar
19. Imaging in Uterine Malignancies, International Women's Day Celebration by ICRI, 8 March 2020, New Delhi

#### **Ankur Goyal**

1. Evidence-based Radiology and Primer on Biostatistics, 4th AIIMS-MAMC-PGI Imaging Series (4th Course on Advances in Imaging Technology), 5 and 6 April 2019, New Delhi
2. Thoracic Ultrasound, First SCIICON, 12 and 13 April 2019, Vellore
3. Workshops on Musculoskeletal ultrasound, SonoSummit 2019, 27-30 June 2019, Chennai
4. Ultrasound guided MSK interventions, IRIA outreach program on Interventional Radiology CME, organized by Delhi IRIA & ICRI, July 2019, New Delhi
5. MSK manifestations in HIV / AIDS, 7th National Conference of Musculoskeletal Society (MSS) of India, 24 and 25 August 2019, Pune
6. Lecture on 'Pediatric Renal Masses', conducted workshop on 'contrast-enhanced ultrasound' and participated in Panel discussion on 'Ethical issues in Publishing', ISPR 2019, 7 September 2019, New Delhi
7. Pitfalls of diffusion-weighted imaging in abdomen and Remedies, 3rd Annual conference of Indian Society of Gastrointestinal & Abdominal Radiology (ISGAR), 27-29 September 2019, Kochi
8. Film Reading Session, Delhi State IRIA Musculoskeletal Imaging conference, 20 October 2019, New Delhi
9. Ultrasound in MSK and Sports Injuries, 'Sports Imaging & MSK Radiology' on International Day of Radiology IDOR 2019, 8 November 2019, New Delhi
10. Imaging of Retroperitoneum, 4th AIIMS-MAMC-PGI IMAGING COURSE SERIES (5th course on Genitourinary Imaging), 15 and 16 November 2019, New Delhi
11. "Ultrasound of upper limb" and "anterior knee pain patellar maltracking" and faculty in workshops on ultrasound of extremity joints and cadaveric workshop for ultrasound guided interventions. Conference on Advanced Joint Imaging & MSK Interventions conducted by Telangana State Chapter of IRIA & Kamineni Academy of Medical Sciences and Research Centre, 16 and 17 November 2019, Hyderabad
12. 'Interventional Radiology in MSK system', 'Entrapment syndromes of upper limb' and conducted an interesting film reading session on MSK cases, International Day of Radiology CME on MSK Imaging at AIIMS, Patna, 23 November 2019, Patna
13. 'IR in chest tumors: Biopsy & beyond' and 'Chemotherapy Drug-related Pulmonary complications: Imaging perspective', Imaging of Chest Tumours, AIIMS radiology course series, 30 November 2020, New Delhi
14. Keeping track of patellar maltracking, 73rd Annual Conference of IRIA, 23-26 January, 2020, Gandhinagar
15. Quiz, ISVIR Delhi State branch CME on Peripheral Vascular Interventions, 23 February 2020, New Delhi

## Priyanka Naranje

1. Spotters Quiz, AIIMS-MAMC-PGI Imaging Series –Advances in Imaging Technology, 5-6 April 2019, New Delhi
2. MRI Thorax, Annual Conference of Society of Chest Imaging and Interventions- SCIICON 2019, 12 and 13 April 2019, Vellore
3. Localized lung cancer (Panelist), 2nd Annual Masterclass in Lung cancer, 20 and 21 July 2019, Mumbai
4. Basics of Pediatric Intervention (workshop), 17th Annual National Conference of the Indian Society of Paediatric Radiology ISPR 2019, 7 and 8 September 2019, New Delhi
5. Tumor Board: Thoracic Masses in Childhood, 17th Annual National Conference of the Indian Society of Paediatric Radiology ISPR 2019, 7 and 8 September 2019, New Delhi
6. Non-vascular Thoracic Interventions in Childhood, 17th Annual National Conference of the Indian Society of Paediatric Radiology ISPR 2019, 7 and 8 September 2019, New Delhi
7. Hemophilia MSK workshop, HAEMATOCON19: 60th Annual Conference of Indian Society of Haematology and Blood Transfusion, 7 November 2019, New Delhi
8. Tubercular infection of urinary tract, 4th AIIMS-MAMC-PGI IMAGING COURSE SERIES (5th course on Genitourinary Imaging), 15 and 16 November 2019, New Delhi
9. Approach to posterior mediastinal masses, Imaging of Chest Tumours, AIIMS radiology course series, 30 November and 1 December 2019, New Delhi
10. Imaging in Airway Malignancies, Imaging of Chest Tumours, AIIMS radiology course series, 30 November and 1 December 2019, New Delhi
11. Quiz: Score and be rewarded! Imaging of Chest Tumours, AIIMS radiology course series, 30 November and 1 December 2019, New Delhi
12. CT chest part II: Abnormalities-mediastinum, lung, vessels, bones etc. (and CT PNS in brief), AIIMS Pediatric Pulmonology and Intensive Care Course Module 9: Pediatric Pulmonology Diagnostics, 22 and 23 February 2020, New Delhi
13. A case based approach to a patient with chylothorax, AIIMS-Pulmocrit, 7 and 8 March 2020, New Delhi
14. CPC, AIIMS-Pulmocrit, 7 and 8 March 2020, New Delhi

## Oral Papers/posters presented

1. Baby A, Dhamija E, Thulkar S. Distant metastasis from Carcinoma cervix: Experience from a tertiary care centre, Korean Congress of Radiology, 2019, 18-21 September 2019, Seoul, South Korea
2. Baby A, Dhamija E, Thulkar S. Infiltrative nature of metastatic lymph nodes in Carcinoma Cervix – An unusual and morbid entity, Korean Congress of Radiology, 2019, 18-21 September 2019, Seoul, South Korea
3. Baby A, Dhamija E, Thulkar S. Skeletal metastasis in carcinoma cervix- Not a common occurrence - Retrospective analysis of 2 years, Korean Congress of Radiology, 2019, 18-21 September 2019, Seoul, South Korea
4. Bagga B, Karthika S, Manchanda S, Bhalla AS. Cochlear Otosclerosis: CE-MRI dilemma solved on CT (\*), Delhi imaging update 2020, 7-9 February 2020, New Delhi (**3rd prize poster presentation**)
5. Bansal A, Vyas S, Dhamija E, Hari S. Can MRI predict post neoadjuvant chemotherapy pathological complete response in patients with breast cancer, Annual conference of breast imaging society of India, 2019, 15-17 November 2019, Hyderabad (**Best oral paper award**)
6. Bansal S, Mahapatra M, Naranje P, Mahapatra S, Xess I. Abdominal infections in immunocompromised hosts; A clinical, radiological & microbiological correlation, HEMATOCON 19: 60th Annual Conference of Indian Society of Haematology and Blood Transfusion, 7 November 2019, New Delhi
7. Bhalla AS, Malla SR, Manchanda S, Kandasamy D. Dynamic contrast enhanced MRI: The key to head and neck schwannoma vs Paraganglioma enigma, Korean Congress of Radiology, 2019, 18-21 September 2019, Seoul, South Korea
8. Bhalla AS, Naranje P, Kapur S. Lung MRI in Adults: An underutilized tool!, KCR 2019, 18-21 September 2019, Seoul, Korea
9. Gabra P, Jana M, Gupta AK, Naranje P. Progressive Pseudorheumatoid Arthropathy of Childhood (PPAC): A mimicker of JIA! Delhi Imaging Update 2020, 7-9 February 2020, New Delhi
10. Gabra P, Jana M, Gupta AK, Yadav R. Diastrophic dysplasia: A case report, Delhi Imaging Update 2020, 7-9 February 2020, New Delhi
11. Gabra P, Ramaswamy PK, Gupta AK, Sharma R, Kumar A, Gupta N, et al. Normal Imaging appearances in

- perinatal post-mortem magnetic resonance imaging, Indian Society of Paediatric Radiology 2019, 6 September 2019, New Delhi
12. Ghosh A, Kandasamy D. Dissecting the Artificial Intelligence Black Box: Why, When, and How, Radiological Society of North America, 2019, 1-6 December 2019, Chicago, USA
  13. Goyal A, Sangwan A, Kumar A, Kandasamy D, Seith AS. Vascular Anomalies: Avoiding Misdiagnosis and Missing the Diagnosis, 119th ARRS Annual Meeting, 5-10 May 2019, Honolulu Convention Center, Hawaii, USA
  14. Goyal A, Sangwan A, Kumar A, Singhal M, Arava S. Fibro-Adipose Vascular Anomaly: Old Wine or New Cocktail, 119th ARRS Annual Meeting, 5-10 May 2019, Honolulu Convention Center, Hawaii, USA (**Cum Laude award**)
  15. Goyal A, Sharma R, Gamanagatti S, Seith AS, Seth A. Navigator versus Belt Methods of Respiratory-Triggered Diffusion-Weighted MRI in Renal Lesions: Comparison of Image Quality and ADC Values, 119th ARRS Annual Meeting, 5-10 May 2019, Honolulu Convention Center, Hawaii, USA
  16. Gupta D, Chaudhary R, Dhamija E, Sharma S, Hari S. Uniqueness of Mammography in contrast to routine radiography, 7th Annual Conference of Breast Imaging Society of India, 15-17 November 2019, Hyderabad

## RESEARCH

### Funded projects

#### *Ongoing*

1. Application of Artificial Intelligence, in MRI Spine for degenerative & traumatic spine diseases, Raju Sharma, M/s Synapsica Technologies Private Limited, New Delhi, 2 years, 2019-2021, Rs 10.85 lakhs
2. Interstitial lung Diseases: Texture based analysis for quantification, Ashu Seith Bhalla, CSIR-IGIB, 2 years, 2018-2020, Sub-project under CSIR Mission Mode Project titled “Intelligent Systems (IS)-Intelligent Technology and Solutions”
3. To study the radiological and histological features of fibro-adipose vascular anomaly and develop a scoring system for diagnosis and prognostication, Ankur Goyal, AIIMS (Intramural), 2 years, 2019-2021, Rs 5 lakhs per year
4. Use of artificial intelligence to detect breast cancer on mammogram and its use in the Indian population, Arun Kumar Gupta, DBT, 3 years, 2020-2023, Rs 89.19 lakhs

### Departmental projects

#### *Ongoing*

1. Advanced magnetic resonance imaging and radiological interventions in patients of osteoarthritis of knee
2. Clinico-Radiological profile of symptomatic breast patients : A prospective study at a Tertiary care centre in India
3. Deep Learning for detection and classification of abnormalities on Full Field Digital Mammography
4. Diagnostic accuracy of MRI with respect to HRCT in connective tissue disease related interstitial lung disease
5. Diagnostic utility of dual energy CT in pulmonary nodules and masses
6. Evaluation of split-bolus dual energy CT in staging of carcinoma larynx
7. Fibroadipose Vascular Anomaly: Comprehensive analysis of clinic-radiologic-pathological features and treatment outcomes of this new entity
8. Genetic variations of Pituitary adenoma in cushing’s syndrome
9. Imaging and interventions in pediatric Budd Chiari syndrome.
10. Imaging and radiological interventions in patients presenting with non-variceal gastrointestinal hemorrhage: Technical and clinical outcomes.
11. IVIM DWI MRI in patients with lymphoma
12. Modalities of therapeutic intervention and assessment of multi-system complications in idiopathic hypoparathyroidism
13. MRI vs MDCT in pediatric bronchiectasis: A non-inferiority trial
14. Percutaneous image guided interventions in spinal diseases
15. Response assessment of Hepatocellular carcinoma to TACE
16. Response Assessment to Anti-Tubercular Therapy in Tuberculosis of Spine on MRI
17. Role of dual energy computed tomography and magnetic resonance imaging in the evaluation of chronic pancreatitis

18. Role of imaging for clinical outcome evaluation in pelvic fracture patients
19. Role of ultrasound guided wire localization and surgical removal of clipped pretreatment positive axillary lymph nodes in increasing the diagnostic accuracy of sentinel lymph node biopsy after neoadjuvant chemotherapy in breast cancer patients.
20. To investigate the arterial wall mechanics of low flow mediated constriction

### **Completed**

1. 3D ultrasound to evaluate fetal femoral volume
2. Advanced MR Imaging and Image Guided Interventions in chronic low back pain
3. Characterization of Renal Cell Carcinoma with Dual Energy Computed Tomography and Multiparametric Magnetic Resonance Imaging and Correlation with Histopathology.
4. Diagnostic and prognostic role of MRI in acute cervical cord trauma
5. Evaluation of soft tissue vascular anomalies using contrast-enhanced ultrasound and shear wave elastography
6. IVIM DWI MRI in patients with osteosarcoma and ESFT
7. Multimodality imaging evaluation of chronic mass forming mastitis and role of ultrasound-guided core needle biopsy in determining the etiology
8. Role of Advanced CT & MR techniques in Pancreatic masses
9. Role of Contrast Enhanced Ultrasound and MR Perfusion in the characterization of neck masses
10. Role of HRCT in the diagnosis of apparently idiopathic interstitial lung diseases.
11. Sclerotherapy in low-flow vascular malformations: Assessment of clinical effectiveness of the current practices in a tertiary care center
12. To identify imaging features of chronic cavitory pulmonary aspergillosis and differentiate it from simple aspergilloma on DECT in patients with postTb sequelae and hemoptysis

### **Collaborative projects**

#### **Ongoing**

1. A comparison of ultrasonography and MRI in assessing tumour characteristics and locoregional spread in carcinoma cervix, Obstetrics and Gynaecology
2. A morphological study of the human Temporomandibular joint, Anatomy
3. A study to evaluate the predictors of outcome in patients with Blunt Liver Trauma, Trauma Surgery
4. A Three Arm Randomized Study to Compare Sexual Functions and Fertility Indices Following Open Mesh Hernioplasty (OMH), Laparoscopic Totally Extra Peritoneal (TEP) And Trans Abdominal Pre- Peritoneal (TAPP) Repair of Groin Hernia, Surgery
5. Applicability of Laparoscopic Ultrasound in Various Intra-Abdominal Pathologies, A Prospective Observational Study, Surgery
6. Assessment of liver fibrosis in patients with Chronic liver disease using Transient elastography, Shear wave elastography and Serum biochemical markers, Gastroenterology
7. Assessment of tumor response to locoregional therapy in patients of Hepatocellular carcinoma using Shear wave elastography, Gastroenterology
8. Association of *Pneumocystis jirovecii* infection in bronchiectasis and its effect on clinical characteristics and disease progression, Microbiology
9. Baseline and post neoadjuvant chemotherapy imaging of optic nerve in extraocular retinoblastoma. Can MRI Predict Prognosis? RP Centre
10. BIPSS in ACTH dependent Cushing's syndrome, Endocrinology and Metabolism
11. Clinical Profile, Pulmonary Function And Quality of Life of Patients with Post Tuberculosis Chronic Lung Disorders in a Tertiary Care Hospital, Pulmonary Medicine and Sleep Disorders
12. Coblation Assisted Endoscopic Excision Of Juvenile Nasopharyngeal Angiofibroma: A Prospective Pilot Study, ENT and Head & Neck Surgery
13. Comparison of Cervical Shear Wave Elastography, Bishop Score, and Transvaginal Cervical Length Measurement for Prediction of Successful Labor Induction: A Pilot Study, Obstetrics and Gynaecology

14. Comparison of mesotherapy (non operative) with surgery in management of superficial lipomas, Surgical Disciplines
15. Comparison of outcomes in post cochlear implantation children with and without congenital inner ear malformation, ENT and Head & Neck Surgery
16. Comparison of Transarterial radioembolization versus Transarterial chemoembolization in the management of intermediate Hepatocellular Carcinoma : A Randomized Control Trial, Gastroenterology, Nuclear Medicine
17. Correlation of first trimester metabolic parameters and maternal body fat indices with development of gestational diabetes mellitus in asian indian women- a comparative study, Obstetrics and Gynaecology
18. Correlation of placental vascularisation indices and placental elastography in IUGR pregnancies with perinatal outcome: A case control study., Obstetrics and Gynaecology
19. Derivation of nomograms for aortic and iliofemoral dimensions using multidetector computed tomography in the Indian population, Cardiac Radiology
20. Diagnostic accuracy of Contrast enhanced Ultrasound in detecting early response to Neoadjuvant Chemotherapy in Breast cancer patients, Surgical and Medical Oncology
21. Diagnostic Accuracy of Transcranial Ultrasound to Detect Clinically Significant Condition in post Craniectomy Patient, Emergency Medicine
22. Disconnected pancreatic duct syndrome is uncommon and asymptomatic following cystogastrostomy for pseudocyst/walled off necrosis in patients with acute pancreatitis, Gastroenterology
23. Double blind randomised control trial to assess the outcome of open vs arthroscopic excision of dorsal wrist ganglion, Orthopedics
24. Economic Burden, Prevention and Control of Pneumonia among Elderly, Centre for Community Medicine
25. Effect of phrenic nerve stimulation on diaphragm strength and thickness in mechanically ventilated patients. An Randomized Controlled Trial, Physiotherapy
26. Effects of use of bolster and its orientation on kidney position in reference to prone percutaneous lithotomy, Urology
27. Efficacy and tolerability of hyperbaric oxygen therapy in structuring & fistulizing small bowel Crohn's disease, Gastroenterology
28. Etiological Evaluation of Microcephaly in Young Patients, Genetics
29. Etiological Evaluation of Microcephaly in Young Patients, Pediatrics
30. Evaluation of 99 m Technetium labelled antibiotic scintigraphy in diagnosis and monitoring of tuberculosis with abdomen involvement, Medicine
31. Evaluation of Dual dye technique for sentinel lymph node biopsy in breast cancer: Two arm open label parallel design Non-inferiority Randomized Controlled Trial, Surgery
32. Evaluation of Hormonal and Metabolic Parameters in Adolescent and Young Indian Girls with Menstrual dysfunction, Obstetrics and Gynaecology
33. Evaluation of intralesional bleomycin in periocular and adnexal vascular lesions, RP Centre
34. Exploring the usage of Ultrasonography in assessing mid palatal suture opening in Rapid Palatal Expansion: Pilot study, Orthodontics
35. Feasibility of Enhanced recovery after surgery protocol in general thoracic surgery : prospective cohort study, Surgery
36. Incidence and outcome of neutropenic enterocolitis in paediatric cancer patients, Paediatrics
37. Minimally invasive autopsy (MIA) in the evaluation of fetal malformations and stillbirths- A feasibility study for the development of a standard protocol for stillbirth evaluation, Paediatrics
38. Neoadjuvant chemotherapy with short course radiotherapy for locally advanced rectal cancer: A pilot study, Surgery
39. Normative Values Of Renal Length And Parenchymal Thickness and Renal Elastography in Indian Paediatric Population, Paediatric Surgery
40. Oncological outcomes of breast conservation surgery in patients with locally advanced breast cancer post neoadjuvant chemotherapy, Surgery
41. Outcomes of patients of microtia with canal atresia undergoing same stage pinna reconstruction and canalplasty, ENT and Head & Neck Surgery
42. Prediction of Difficult Laryngoscopy and Orotracheal Intubation Using Lateral Neck X-ray: A Prospective Observational Double Blind Study, Anaesthesiology, Pain medicine and Critical Care
43. Prosthetic material(mesh) anchored by mechanical device versus glue during laparoscopic repair of ventral hernia: A double blind randomised controlled trial, Surgery
44. Randomized Control Trial Comparing Radiological, Clinical and Functional Outcomes following Uniaxial vs

Polyaxial Plating in Management of Tibial Plateau Fractures and CT Guided Mapping of Proximal Tibial Fractures in Indian Population, Orthopedics

45. Role of contrast enhanced USG in assessing activity in non specific aortoarteritis, Cardiac Radiology
46. Role of Liquid Biopsy Biomarkers in Hepatocellular carcinoma and Hepatitis B virus induced carcinogenesis, Gastroenterology
47. Role of MR guided biopsy in detection of prostate cancer, NMR
48. Safety and efficacy of Stem cell therapy in Perianal fistula in Crohn's disease, Gastroenterology
49. Sensitivity and specificity of Focussed Assessment with Sonography for Trauma (FAST) in determining pediatric solid organ injury following blunt trauma abdomen, Pediatric Surgery
50. Spectrum and profile of patients with Interstitial lung diseases presenting at a tertiary care center in north India (AIIMS-ILD registry), Pulmonary, Critical Care and Sleep Medicine
51. Study of risk factors for breast cancer in Indian women: A case control study, Surgery
52. Systemic effect of surgery in obstructive sleep apnea severity- an evaluation with inflammatory markers, Otorhinolaryngology- Head and neck surgery
53. To compare the diagnostic performance of Whole Body Low dose Computed Tomography (WB LDCT) and Conventional Skeletal Survey (CSS) in diagnosis and management of patients with Multiple Myeloma (MM) in a tertiary care centre, Hematology
54. To determine by Ultrasound the Optic Nerve Sheath Diameter in Pediatric Patient with Intracranial Pressure Compared with Control Group, Emergency Medicine
55. To determine incidence of paratracheal lymph node metastases in laryngeal and hypopharyngeal carcinoma, ENT and Head & Neck Surgery
56. To establish an algorithm for the management of axilla in patients with early operable breast cancer having clinically negative axilla, Surgery
57. To study the management outcomes in patients with Primary Aldosteronism, Endocrinology and Metabolism
58. To study the usefulness of pre-operative USG guided FNAC in avoiding radical surgery in patients with gallbladder wall thickness or polyp associated with gallstone disease, Surgery
59. Understanding differences in the patterns of osteoarthritis in Indian and Western population : impact on symptoms, treatment options and their outcome, Orthopaedics

### ***Completed***

1. Abdominal infections in immunocompromised hosts: A Radiological, Microbiological and Clinical Correlation, Hematology
2. Achalasia cardia: Long term outcome and assessment of factors predicting outcome following laparoscopic heller's cardiomyotomy, Surgery
3. Age estimation between age 1 and 18 years by Radiological Study of Epiphyseal Union Around the Elbow and Wrist Joints, Forensic Medicine
4. Changes in muscle mass thickness and echogenicity in critically ill patients over 7 days, Paediatrics
5. Comparison of 3 Different Methods of Orotracheal Tube Length Estimation in Neonates: A Post-mortem Study, Paediatrics
6. Comparison of quality of life and oncological outcomes of Skin Sparing Mastectomy versus Breast Conservative Surgery among ladies with Early Breast Cancer: A Randomized comparison with superiority hypothesis, Surgery
7. Double blind randomized control trial to assess the outcome of pulley release and pulley reconstruction for de Quervain's tenosynovitis', Orthopedics
8. Evaluation of 2 Dimensional and 3 Dimensional Ultrasonography in preoperative assessment of adnexal masses, Obstetrics and Gynaecology
9. Evaluation of diaphragm function of ventilated children using bedside ultrasonography, Paediatrics
10. Evaluation of outcome of intra-lesional bleomycin in orbital lymphangioma, RP Centre
11. Evaluation of various clinical and immunological parameters in predicting the outcomes of sino-nasal and skull base invasive fungal diseases : A descriptive study, ENT
12. In vivo assessment of somatostatin receptor expression with 68Ga DOTANOC PET/CT in patients with autoimmune and immune-related orbitopathy, Nuclear Medicine
13. Incidence and risk factors of preterm brain injury (periventricular leukomalacia and/or intraventricular hemorrhage)

in very low birth weight neonates (32 weeks gestation or 1500 gm birth weight): A prospective cohort study, Paediatrics

14. Multimodality imaging evaluation of chronic mass forming mastitis and role of ultrasound guided core needle biopsy in determining its etiology, Surgery
15. Non-alcoholic Fatty Liver Disease in Indian Children with Down Syndrome, Paediatrics
16. Pre- and Post-Operative Dysglycemia in Cases Of Pheochromocytoma / Paraganglioma –A Tertiary Care Centre Study in Northern India, Endocrinology and Metabolism
17. Prospective Pilot Study for Evaluating Incidence of Occult Lymph Node Metastasis in Patients of Olfactory Neuroblastoma, ENT
18. Randomized Parallel Comparative Study for the Evaluation of Effect of Vitamin K Supplementation on Bone Mineral Density in Prostate Cancer Patients, Pharmacology
19. Role of microRNAs as a biomarker in hepatocellular carcinoma, Gastroenterology
20. Role of placental growth factor, uterine artery doppler and 3D doppler ultrasound of placenta for prediction of pre-eclampsia in high risk pregnancies., Obstetrics and Gynaecology
21. Safety, suitability and clinical effectiveness of unicompartmental knee replacement in the Indian population, Orthopaedics
22. Sonographic comparison of Subclavian vein and Inferior Vena Cava collapsibility index for the assessment of volume status of hypotensive patients, Medicine
23. Synthesis Quality Control and Biodistribution Studies of 99 m Technetium (99 m Te) Labelled Antibiotics for Infection Imaging, Nuclear Medicine
24. The effect of 1 cm versus 2 cm resection margin and oncoplastic closure of breast parenchymal defect on oncological and aesthetic outcome in ladies with early breast cancer: A 2X2 factorial Randomized Controlled Trial, Surgery
25. The pattern of visual impairment in spectrum of hypoxic ischemic encephalopathy (RPC), RP Centre
26. To study and compare the prevalence of NAFLD in women with and without previous history of GDM, Endocrinology and Metabolism
27. To study the prevalence of primary aldosteronism in subjects with hypertension, Endocrinology and Metabolism
28. Ultrasound assessment of gastric emptying of clear fluids with different energy content in children: A cross over pilot study, Anesthesiology, Pain Medicine and Critical care
29. Utility of trabecular bone score and bone mineral density in assessing bone health including vertebral fracture in primary hyperparathyroidism and their change after parathyroidectomy, Endocrinology and Metabolism

#### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor Arun Kumar Gupta** was Executive committee member of ‘Indian Journal of Pediatrics.

**Professor Deep Narayan Srivastava** was President of the section of Medical Sciences for 2019-2020 and also Council Member of the “Indian Science Congress Association (professional body under Ministry of Science and Technology, Government of India); Associate Editor, Annals of the National Academy of Medical Science (India) published by Thieme Medical & scientific publishers private limited, Noida, UP, India.

**Professor Raju Sharma** was Member of Selection Committee for Delhi IIT for Faculty in Department of Biomedical Engineering; Member of the selection committee for Institute of Liver & Biliary Sciences; Appointed the Resident Education Coordinator for the Indian Radiology & Imaging Association; Member of the American Roentgen Ray Society; Invited to be Guest Editor of Special Issue of Journal of Gastrointestinal and Abdominal Radiology on Pancreatic Imaging.

**Professor Sanjay Sharma** received Best reviewer award of the year 2019, from *Indian Journal of Urology* at Urological Society of India Conference (USICON 2020), at Kochi on 24 Jan 2020; Organising Secretary “4th AIIMS-MAMC-PGI IMAGING COURSE SERIES (Imaging Advances and Physics)” held at AIIMS, New Delhi (5 and 6 April 2019); Member National Cancer Grid (NCG) Synoptic Reporting Formats working group.

**Professor Ashu Seith Bhalla** was President Society of Imaging and Interventions SCII; Professor MVK Shetty Oration of Indian Society of Paediatric Radiology; Distinguished Service Award by the Delhi State Chapter of Indian Radiological and Imaging association-IRIA; Member National Cancer Grid (NCG) Synoptic Reporting Formats working group.

**Professor Atin Kumar** was Elected as President Elect of Delhi State Chapter of Indian Radiological and Imaging Association; Elected as Governing body member of Indian College of Radiology and Imaging; National Leadership Award by Delhi state chapter of Indian Radiological and Imaging Association; Joint Organizing Chairman, Delhi Imaging Update DIU 2020, Annual conference of Delhi state chapter of IRIA, held at AIIMS, New Delhi on 7th-9th February 2020; Organising Secretary of Advances in Imaging Technology - 4th AIIMS-MAMC-PGI Imaging Course Series held at AIIMS, New Delhi on 5 and 6 April 2019.

**Dr Shashi B Paul** was Member of the ‘Task force on Hepatocellular carcinoma’, formed by the Indian National Association for the study of Liver (INASL); Member of Society of Oncologic Imaging India; Member of Breast Imaging Society of India; Reviewer for various Medical Journals- Abdominal Radiology, European Radiology, Diagnostic and Interventional Radiology, Oncology, Indian Journal of Medical Research, Journal of Clinical and Experimental Hepatology.

**Dr Ankur Goyal** Was Joint Organizing Secretary, Delhi Imaging Update DIU 2020, Annual Conference of Delhi State Chapter of IRIA, held at AIIMS, New Delhi on 7-9 February 2020; Treasurer in of Advances in Imaging Technology - 4th AIIMS-MAMC-PGI Imaging Course Series held at AIIMS, New Delhi on 5 and 6 April 2019; Convenor and Joint Secretary in the Musculoskeletal Imaging conference held at ABVIMS, Dr RML Hospital, New Delhi on 20 October 2019; Joint Secretary, Delhi State Chapter of IRIA 2019-20; Awarded the prestigious Professor VP Lakhapal Gold Medal for the best academic contribution in the year 2017 at the 73<sup>rd</sup> Annual conference of IRIA held at Gandhinagar (23-26 January 2020); Awarded the Fellowship of ICRI (Indian College of Radiology & Imaging) at the 73<sup>rd</sup> Annual Conference of IRIA held at Gandhinagar (23-26 January 2020).

**Dr Smita Manchanda** was Organizing Secretary “AIIMS Radiology Courses: Imaging of Chest Tumours 2019” held at AIIMS, New Delhi on 30 November and 1 December 2019; “President’s Appreciation Award” by the Delhi State Chapter of IRIA at “DIU 2020”; Joint Secretary, Society of Chest Imaging and Interventions; Member National Cancer Grid (NCG) Synoptic Reporting Formats working group.

## 9.37. Reproductive Biology

### Professor and Head

Ashutosh Halder

### Professor and Officer In-charge CRIA facility

Pradeep Kumar Chaturvedi

### Associate Professors

Surabhi Gupta

Mona Sharma

### Scientist II

Deepak Pandey

Neeraj Kumar

### Scientist I

Manish Jain

### HIGHLIGHTS

Department is mainly involved in teaching, training and research works besides diagnostic services (reproductive hormones and cancer biomarkers) and reproductive genetic counseling. Most of reproductive genetic counseling was self-referral (cases were with reproductive disorders, malformation, cancer, infertility, etc.). CRIA facility (diagnostic section of the department) provided tests for more than 47 parameters including cancer markers, thyroid profile and reproductive hormones. Department has started online reporting for CRIA tests. CRIA facility has done 2,62,304 tests this year; an increase of approx. 24000 tests from last year. This year methotrexate test was introduced for in- and out-patients. Department is also providing semen analysis and various FISH and PCR related services (diagnostic, teaching, training, research, etc).

Training and teaching provided to our own PhD students, MSc students and various trainees of the department besides other departments of AIIMS. Faculty members of the department were invited by several national academics for different academic contributions (NII stem cell committee, NABL core accreditation committee, ICMR APS & SRF project review/selection committee, MCI assessment for DM (medical genetics) courses, PAC & IRB committee member of NIHFWS, taskforce member of various committee of DBT, Ayush, etc.). Dr. Ashutosh Halder received this year Dr. Subhash Mukherjee Oration Award of Endocrine Society of India and joined as Editorial Board of the official Journal of ISSRF (Journal of Reproductive Health & Medicine, published by Scientific Scholar LLC, USA).

### EDUCATION

- PhD students (Registered/Ongoing): 10
- MSc students (Reproductive Biology and Clinical Embryology): 11
- JRF/SRF/RA/RO: 2
- Weekly seminars and weekly journal club
- Biweekly laboratory data presentation
- Day to day case wise/laboratory work discussion
- Postgraduate: MD Laboratory Medicine Students (Laboratory training for 15 days)  
MD Biochemistry students (Laboratory training for 15 days)
- Summer training student from IIT Kharagpur

CMEs/Workshops/Symposia/National and International Conferences

### Lectures delivered

Ashutosh Halder: 7

Mona Sharma: 1

Ashutosh Halder

1. Interpretation of semenological & endocrinological investigations with male reproductive functions, Training course on Application of Research Techniques to Assess Male Reproductive Function, 21 October 2019, NIHFWS, New Delhi
2. Cytogenetics techniques, CME Hemotech, Haematocon 2019, 7 November 2019, New Delhi

3. Applications of FISH in clinical cytogenetics, Hands-on FISH workshop, 6 December 2019, Dept. of Pediatrics, MAMC, New Delhi
4. Associations of Bisphenol A and heavy metal with Reproductive Disorders (plenary talk), 39th Annual Meeting of Society of Toxicology, 27-29 December 2019, Jiwaji University, Gwalior, MP
5. Dihydrotestosterone (DHT) and DHT/Estradiol (E2) ratio: Potential biomarkers of hyperandrogenaemia in PCOS, 3rd Annual Conference of MP PCOS Society, 18-19 January 2020, Hyderabad
6. Genetic disorder as cause of fertility decline in women & men, 30th Annual Meeting of the Indian Society for the Study of Reproduction and Fertility (ISSRF), 14-16 February 2020, Shri Mata Vaishno Devi University, Katra, Jammu
7. Female Reproductive Disorders: Our Recent Research Experiences, Golden Jubilee Celebration & International Conference on Women's Health, 20-23 February 2020, Mumbai University Campus, Santacruz, Mumbai

Mona Sharma

1. Puberty awareness, CME on Child Abuse, 12 November 2019, AIIMS, New Delhi

### **Oral papers/posters presented**

1. Choudhury J, Kanika, Gupta S. Epigenetic Regulation of Epithelial to Mesenchymal Transition in Trophoblast Cells is Mediated by Il-6 Signaling, World Congress on Reproductive Health with Emphasis on Reproductive Cancers, Infertility and Assisted Reproduction & 30th Annual Meeting of the Indian Society for the Study of Reproduction and Fertility (ISSRF), 14-16 February 2020, Katra, Jammu (Best Poster Award)
2. Halder A. Bone mineral density in hyperprolactinemia, ESICON 2019, 21-24 November 2019, Nagpur
3. Halder A. Potential biomarkers of PCOS, 3rd Annual Conference of SPEED (SPEEDCON 2020), 1-2 February 2020, Gurugram
4. Joginder, Halder A, Mahey R, Gupta S, Sharma M. Study of citrate synthase expression in human sperm and its role in oocyte activation: A pilot study, World Congress on Reproductive Health with Emphasis on Reproductive Cancers, Infertility and Assisted Reproduction & 30th Annual Meeting of the Indian Society for the Study of Reproduction and Fertility (ISSRF), 14-16 February 2020, Katra, Jammu
5. Kanika, Gupta S, Choudhury J. Role of Exosomes in Modulating Trophoblast Cell Proliferation and Invasion, World Congress on Reproductive Health with Emphasis on Reproductive Cancers, Infertility and Assisted Reproduction & 30th Annual Meeting of the Indian Society for the Study of Reproduction and Fertility (ISSRF), 14-16 February 2020, Katra, Jammu
6. Nagesh M, Chaturvedi PK, Gupta S, Pandey D. Effect of Fisetin and Quercetin on Hormone Mediated Stromal-epithelial Interaction in Prostate Cells, 30th Annual Meeting of the ISSRF along with the World Congress on Reproductive Health with Emphasis on Reproductive Cancers, Infertility and Assisted Reproduction (ISSRF-2020), 14-16 February 2020, Katra, Jammu
7. Rana R, Halder A, Gupta S, Sharma M. Role of l-carnitine in TNF-A induced mice oocyte apoptosis, World Congress on Reproductive Health with Emphasis on Reproductive Cancers, Infertility and Assisted Reproduction & 30th Annual Meeting of the Indian Society for the Study of Reproduction and Fertility (ISSRF), 14-16 February 2020, Katra, Jammu (Best Poster Award)
8. Rana R, Halder A, Gupta S, Sharma M. TNF-alpha induced oocyte apoptosis, 15th Annual Congress of Indian Fertility Society, Fertilivision 2019, 6-8 December 2019, Gurugram
9. Singh P, Pandey D, Gupta S, Chaturvedi PK. Potential Anti-Cancer Activity of Herbal Seed Extracts for Prostate Cancer, World Congress on Reproductive Health with Emphasis on Reproductive Cancers, Infertility and Assisted Reproduction & 30th Annual Meeting of the Indian Society for the Study of Reproduction and Fertility (ISSRF), 14-16 February 2020, Katra, Jammu (Best Poster Award)

## **RESEARCH**

### **Funded projects**

#### ***Ongoing***

1. An investigation to find out genetic factors in idiopathic familial ovarian failure, Ashutosh Halder, DST-SERB, 3 years, 2018-2021, Rs. 44 lakhs
2. An Investigation to find out reasons for Phenotypic Heterogeneity/Variability in 22q11.2 deletion Syndrome, Ashutosh Halder, ICMR, 3 years, 2015-2018, Rs. 41 lakhs

3. Effects of Non-ionizing Electro Magnetic Field (EMF) on Human Health, PK Chaturvedi, ICMR, 5 years, 2017-2022, Rs. 15 lakhs
4. Elucidating health-span regulatory modules by genome-wide combinatorial effects of transcription factors downstream of insulin signaling, Neeraj Kumar, DBT, 3 years, 2018-2021, Rs. 50 lakhs
5. Embryo-uterine cross-talk for implantation & beyond: Role for exosomal microRNAs, Surabhi Gupta, DST-SERB, 3 years, 2018–2021, Rs. 44.2 lakhs
6. Generation of genome-edited mice using CRISPR/Cas-9 based knock-out/knock-in technology to study mammalian sperm-egg fusion, Surabhi Gupta, DBT, 3 years, 2017-2020, Rs. 75.5 lakhs
7. High resolution Genomic Screening using SNP Microarray to find out Genomic Causes in Idiopathic Sertoli Cell Only Syndrome (SCOS) cases, Manish Jain, AIIMS, 3 years, 2017-2020, Rs. 10 lakhs
8. Idiopathic Sertoli Cell Only Syndrome (SCOS): An Investigation to find out Epigenomic Etiologies, Manish Jain, ICMR, 3 years, 2020-2023, Rs. 45 lakhs
9. In vitro evaluation of effects of electromagnetic field on male reproductive system, PK Chaturvedi, ICMR, 3 years, 2019-2022, Rs. 58.27 lakhs
10. Integrative analysis of ovarian cancer transcriptome to identify potential therapeutic targets & biomarker discovery, Ashutosh Halder, ICMR, 3 years, 2020-2023, Rs. 54 lakhs
11. Poly Cystic Ovarian Syndrome (PCOS): An investigation to find out reasons for discrepancy between hyperandrogenism (clinical) & hyperandrogenemia (biochemical) and underlying etiologic (epigenetic & genetic) factors, Ashutosh Halder, DST-SERB, 3 years, 2018-2021, Rs. 51 lakhs
12. Quality control for hCG kits, PK Chaturvedi, HLL Lifecare Limited/Ministry of Health and Family Welfare, Yearly, Yearly, Rs. 9 lakhs
13. Role of Mitochondrial Fatty Acid Shuttle System in Premature Ovarian Failure, Mona Sharma, ICMR, 3 years, 2020-23, Rs. 41 lakhs
14. Study of potential sperm factors and related signaling pathways in eliciting oocyte intracellular calcium rise, Mona Sharma, AIIMS, 2 years, 2018-2020, Rs. 10 lakhs
15. To decipher the functional interaction of reproductive longevity targets induced by TGF-beta and insulin signaling in gonads, Neeraj Kumar, ICMR, 3 years, 2020-2023, Rs. 50 lakhs
16. To elucidate the impact of micronutrients and vitamins on sex-steroid mediated stromal-epithelial interaction in prostate cells: role in maintenance of normal prostate physiology, Deepak Pandey, ICMR, 3 years, 2020-23, Rs. 42.3 lakhs

### **Completed**

1. HDAC inhibitor(s) mediated genome-wide dynamics of healthy aging in *Caenorhabditis elegans*, Neeraj Kumar, DST-SERB, 3 years, 2017-2020, Rs. 50 lakhs
2. Role of 3,5,3'-L-triiodothyronine (T3) in the modulation of VEGF expression and leydig cell function, Surabhi Gupta, DBT, 3 years, 2016-2019, Rs. 39 lakhs
3. To elucidate the oxidative stress mediated regulation of turnover and translation regulatory mRNA binding proteins (TTR-RBPs) during embryo development, Neeraj Kumar, AIIMS, 2 years, 2017-2019, Rs. 10 lakhs
4. To study the effects of dietary flavonoids on prostate epithelial cells growing under the influence of prostate stromal cells, Deepak Pandey, AIIMS, 2 years, 2017-2019, Rs. 10 lakhs

### **Departmental projects**

#### **Ongoing**

1. An investigation to find out genetic factors in idiopathic familial ovarian failure
2. Analysis of anti-cancer activity of herbal extracts on prostate cancer cell lines
3. Characterization of TEX29 protein and its potential role in fertilization.
4. Effect of Human Sperm Vitrification on Phospholipase C zeta Expression
5. Effects of Selective Estrogen Receptor Modulators (SERMs) on stromal-epithelial interaction in prostate cells
6. Epigenetic changes during epithelial to mesenchymal transition in trophoblast cells under physiological and pathological conditions.
7. Etiology and Biomarker of Polycystic Ovarian Syndrome
8. Functional characterization of human ovarian orthologs regulating insulin signalling dependent reproductive longevity in *Caenorhabditis elegans*

9. Genetics of POF
10. Genomics and epigenomics of PCOS
11. MicroRNA expression profiles in Sertoli cell only syndrome (SCOS) cases
12. Role of Indoleamine 2,3-dioxygenase in Trophoblast Biology.
13. Role of L-Carnitine in oocyte activation
14. Role of microRNAs in regulation of angiogenic factors in trophoblast cells
15. Role of miR-143-3p in modulating Trophoblast cell invasion
16. Role of placenta derived exosomes in decidualization in Recurrent pregnancy loss patients.

### ***Completed***

1. Assessment of HDACi on embryo developmental competence during reproductive aging
2. Biological basis of skewed sex ratio
3. Chromosome mosaicism and aneuploidy in preimplantation mouse embryo
4. Citrate synthase expression in human sperm and oocyte activation in mice
5. Double blind randomized clinical trial of polyherbal preparation Ashokarista on post- menopausal women
6. Effects of dietary flavonoids on hormone mediated stromal-epithelial interaction in prostate cells
7. Etiopathology of Macroprolactinemia
8. Evaluation of molecular basis of clinical aggressiveness in cervical carcinoma of young age
9. Genetic Study on Sertoli Cell Only Syndrome (SCOS)
10. Genetics of primary testicular failure
11. Mutational Analysis of HS6ST2: A Candidate Gene In Idiopathic Premature Ovarian Failure
12. Rapid Detection of Chromosome 13 & 21 Aneuploidy by Primed In Situ Labeling
13. Role of Cytokines in Premature Ovarian Failure
14. Role of microRNAs in regulation of angiogenic factors in trophoblast cells
15. Spermiation defect: Role of heavy metal, vitamin A and sertoli cell maturity
16. Testicular Germ cell arrest (maturation arrest): An Investigation of Phenotype-Genotype Correlation
17. The Genetic Determinants of Premature Ovarian Failure
18. To study the effect of Oxidative stress on the expression of mRNA 3' UTR binding protein genes in early embryo development
19. To study the role of conserved RNA binding proteins (RBPs) in reproductive aging using Caenorhabditis elegans as model system

### **Collaborative projects**

#### ***Ongoing***

1. Age specific nomogram of Anti-mullerian Hormone and Antral follicle counts in infertile and fertile Indian women, Obstetrics and Gynecology
2. Clinico-genetic prognostic signatures for development of metastatic Castration Resistant Prostate Cancer, Urology
3. Effect of tyrosine kinase inhibitors on sperm parameters and pituitary gonadal axis in males with chronic myeloid leukemia, Haematology
4. Establishment of a normal reference range (nomogram) for Testosterone and Dihydrotestosterone in boys of age group 0– 14 years, Pediatric Surgery
5. Impact of Checkpoint inhibitors on suppressed state of immunity in tuberculosis, Transplantation Immunology & Immunogenetics
6. Impact of parental history of type 2 diabetes in Indian women with PCOS, Endocrinology
7. malignant lesions, Dental Science Centre
8. MicroRNA and hTERT gene profiles as biomarkers in oral potentially malignant and
9. Molecular Genetic Evaluation of Unexplained Stillbirths, Genetics Unit, Pediatrics
10. Reference range of serum alpha feto protein in Indian children below 3 years of age, Pediatric Surgery
11. Role of Bone Marrow Microenvironment in Multiple Myeloma, Medical Oncology, IRCH
12. Role of miRNA mediated modulation of signal transduction in pancreatic cancer, Gastroenterology

13. Therapeutic targeting of ER Chaperones exploiting Small Molecules: A Virtual Screening Approach to alleviate ER stress in Preeclampsia, Department of Bioinformatics, Bharathiar University, Coimbatore, Tamil Nadu
14. To study the long-term effects of disease and its treatment in survivors of pediatric solid tumors, Pediatric Surgery
15. Understanding the pathophysiology of endometriosis by protein profiling and correlation with stress, Physiology
16. Unique aspects of idiopathic hypoparathyroidism, Endocrinology

### **Completed**

1. A correlative study of fetomaternal hydrogen sulfide production with umbilical artery velocimetry in preeclampsia, Anatomy
2. Characterization of chromosomal anomalies in multiple myeloma using cytogenetics and FISH, Medical Oncology, IRCH
3. Effect of transabdominal inguinal hernia repair on semen analysis and sexual function, Surgery
4. Evaluation of C MET gene expression in gastric adenocarcinoma & co-relation with conventional clinic-pathological parameters- A descriptive study, Pathology, UCMS/GTB, Delhi University
5. Evaluation of hTERT amplification in cervical cytology specimens as a marker of histologic grade of cervical intraepithelial neoplasia, Pathology, UCMS/GTB, Delhi University
6. Lymphocyte reconstitution and infectious morbidity post autologous hematopoietic stem cell transplantation, Medical Oncology, IRCH
7. Molecular biology of early immature T-cell acute lymphoblastic leukemia, Laboratory Oncology, IRCH
8. Molecular biology of Multiple Myeloma, Medical Oncology, IRCH
9. Role of microRNA in Spermatogenesis, National Institute of Immunology, Delhi
10. Study of clinico-dysmorphic profile and associated malformation in children with cardiac malformation, MAMC, Delhi University

### **PUBLICATIONS**

Journals: 9

Chapters in Books: 1

### **PATIENT CARE**

Over 100 cases were referred to Dr. Halder, mainly from other hospitals of Delhi or self-referral for Counseling/ Planning of Management/Advice and related to Reproductive Genetics in particular Male Primary Hypogonadism, Recurrent Abortion, Recurrent IVF failure, Genetic Disorders and Malformation Syndromes.

Workload in the form of laboratory service

Standardized additional molecular cytogenetic technique (in addition to ongoing fluorescent in situ hybridization services) using STR/microsatellite markers and used for patient care

Special laboratory facilities in Department of Reproductive Biology (Molecular Cytogenetics lab), AIIMS

Microdeletion FISH on blood (Interphase/ Metaphase cell), buccal cell, urine cell, solid tissue etc.

Total 300 patients have been recruited which all are suspected microdeletion syndrome. We have done FISH & QF-PCR of all cases in our Molecular Cytogenetics lab and given report of all the patients. We have standardized Methyl Specific PCR for PWS cases and start facility of Methyl Specific PCR in our lab. We are going to start the facility of microarray of all microdeletion syndromes in our department as soon as possible (tender already uploaded).

List of Microdeletion Syndrome:

- Digeorge syndrome (22q11.2)
- William syndrome (7q11.23)
- Prader willi syndrome (15q11.13)
- Retenoblastoma (13q)
- Miller decker syndrome (17p13.3)
- Langer Giedions syndrome (8q24.11)
- 1p36.13
- Wolff Hirschhorn (4p16.3)

Prenatal FISH (Amniotic fluid cells/chorionic tissue)

- Trisomy 21 (Down syndrome)

- Trisomy 18 (Edward Syndrome)
- Trisomy 13 (Patau Syndrome)
- Any autosomal aneuploidies (on request)

Karyotyping (only research use)

Sex Chromosome FISH (X, Y, SRY: only research & infertility)

Yq Microdeletion PCR (Cover app. 20 primer)

PRINS (Chromosome13, 18, 21, X, Y)

QF-PCR (DG, WS, PWS, RB, MD, Langer-Giedions, Trisomy 13, 18, 21, etc.)

**Methyl Specific PCR** (PWS)

DNA Microarray (Microdeletion Syndrome/ Primary Testicular Failure / POF/PCOS)

CRIA Facility:

Routine assays of **47** parameters for LH, FSH, Prolactin, T3, T4, TSH, Testosterone, Estradiol, Progesterone, alpha Feto-Protein, Prostate Specific Antigen (PSA), Beta hCG, CA-125, cortisol and vitamin D, Anti TPO, Anti Tg, free T3, free T4, BNP, Troponin I, CKMB, Homocysteine, SHBG, CEA, CA 19.9, CA 15.3, Free PSA, Pro Grp, HE4, Active B12, Ferritin, Folate, Insulin, PTH, C-peptide, HbA1c and anti CCP, DHT, 17 Hydroxy progesterone, ACTH, GH, Inhibin B and AMH and Procalcitonin (PCT) the blood samples of in- and out-patients were carried out in the facility. We have started new test—methotrexate.

#### Tests

JSSK: 5900

BPL: 9200

AB-PMJAY: 395

Number of tests performed has increased from 2,37,956 last year to 2,62,304 this year. In addition, more than 4000 various tests were done for research project studies. Andrology services were given to approx. 50 patients that included complete sperm parameters (sperm counts, motility, vitality, morphology).

#### AWARDS, HONOURS AND SIGNIFICANT EVENTS

**Professor KR Laumas oration** of the department for the year 2019 was received by Professor AJ Rao, IISc, Bangalore. **Three Best Poster Awards** at World Congress on Reproductive Health with Emphasis on Reproductive Cancers Infertility and Assisted Reproduction and 30th Annual Meeting of the ISSRF held at Jammu, 14-16 February 2020: Palak Singh, Surabhi Gupta, Deepak Pandey, PK Chaturvedi. Potential Anti-cancer activity of Herbal seed extract for Prostate cancer; Rana R, Halder A, Gupta S, Sharma M. Role of l-carnitine in TNF-A induced mice oocyte apoptosis; Choudhury J, Kanika, Gupta S. Epigenetic Regulation of Epithelial to Mesenchymal Transition in Trophoblast Cells is Mediated by Il-6 Signaling.

**Professor Ashutosh Halder** received Dr. Subhash Mukharjee Oration Award of Endocrine Society of India 2019 during ESICON 2019; Chaired 3 sessions in 3 different conferences (ISSRF, SPEEDCON2020 & STOX); Judge for poster award in various national conference (SIAMG, NIRRH, etc.); Task Force member of Human Developmental and Disease Biology - Maternal and Child Health Program of DBT; Task Force member of Medical Genetics of MCI; Advisory panel- expert member (Genetics) and Membership of the Advisory Panel (Biotechnology) of NAMS; Member of Program Advisory Committee (PAC) and Institutional Review Board (IRB) of NIHFW; Member of Institutional Committee-Stem Cell Research (IC-SCR) of NII; Executive Member of MP PCOS Society; Accreditation Committee Member of NABL on Genetics & Cytogenetics; Expert Committee Member of CCRAS (under ministry of AYUSH); External Examiner for DM (Medical Genetics; SGPGIMS, Lucknow) and PhD (thesis & viva) in various university (JNU, CDRI, DU, SGPGI, Bundelkhand University, Kerala University, etc.); Assessment Board Expert for promotion of ICMR scientists; PAC committee member,

ICMR (SRF/RA projects); Selection Committee member for selection of Faculty, IGIMS, Patna; Reviewer for many international & national journals (mostly indexed peer reviewed) including Andrology, Molecular Genetics & Genomic Medicine, Reproductive Biology, Acta Obstetrica et Gynecologica Scandinavica, Molecular cytogenetics, Journal of Pediatric Genetics, Journal of Genetics, Toxin Reviews, Scholars Report, Science Alert, British Journal of Medicine and Medical Research, Clinical Medicine Insights: Reproductive Health, Case Reports in Genetics, Journal of Assisted Reproduction and Genetics, Peer J, Sciencedomain international, Indian Pediatrics, IJMR, etc.; New citations over 100 (total over 1000; google scholar citation 977); **Editorial/Advisory Board/Executive Member: *International Journals***—Open Journal of Clinical Diagnostics of Scientific Research (publishes more than 200 open access journals); Journal Clinical Case Reports and Reviews (CCRR); JBR Journal of Clinical Diagnosis and Research; Asian Journal of Medical Sciences (until 2012); Austin Journal of Reproductive Medicine & Infertility; Bioinfo Publications Journals; Global Journal of Human Genetics & Gene Therapy; Clinical Research and Development: Open Access; Asian journal of pharmaceutical and clinical research, etc. ***National Journals***—Journal of Reproductive Health & Medicine (ISSRF: ISSN: 2214-420X, published by Scientific Scholar LLC, USA), Journal of the Association of Physicians of India (Genetics section); Clinical Research and Development; Innovare Journal of Medical Science.

**Professor Pradeep Kumar Chaturvedi** was Course coordinator for MSc Reproductive Biology and clinical embryology; Attended the International conference 52nd Annual Meeting of Society for the study of Reproduction (USA) ‘Beyond Possible: Remarkable transformation of Reproductive Biology held at San Jose CA, USA, 18-21 July 2019; Chaired one Session in World Congress on Reproductive Health with Emphasis on Reproductive cancers Infertility and Assisted Reproduction and 30th Annual Meeting of the ISSRF held at Jammu, 14-16 February 2020; **Expert/Committee/Task Force Member of Government Institute/ Organization/ National Society:** Member of ethic committee for PG, AIIMS, Examiner for PhD and MSc\_PhD examiner IMTech Chandigarh, Gwahati University, Calcutta University, NDRI Karnal, Reviewer of projects of Department of Biotechnology (DBT), Member Selection Committee ICMR), Member expert committee ICMR for review projects on Centre for Advance Research and also Ad-hoc projects, Reviewer Journal of Andrologia.

## 9.38. Rheumatology

### Professor and Head

Uma Kumar

### Assistant Professors

Ranjan Gupta  
Rudra Prosad Goswami

Danveer Bhadu  
Brijnandan Gupta (Immunopathology)

### HIGHLIGHTS

Department of Rheumatology was created and notified in Aug 2015. This department is providing state-of-the-art patient care services and is also instrumental in building resources which are required to deal with tremendous load of patients with rheumatological illnesses. Because of space constraint department is able to conduct only two OPDs and one Rheumatology clinic. Its 6-bed Rheumatology Day Care service, which was started in 2012, first in India, is catering to the needs of patients requiring short admissions for various interventions, treatments and procedures. Various educational activities to increase awareness about arthritis and related disorders amongst the public and medical professionals are regular features. Department has been on the forefront in research also; it has research grant of Rs. 8,23,54,949.00 (Eight crores twenty-three lakhs fifty-four thousand nine hundred and ninety nine) and many collaborative projects are also running. Department faculty had numerous publications in reputed scientific journals. Departmental Clinical Immunology lab caters to whole hospital in terms of performing various immunological investigations which are phenomenal in numbers. Realizing the need for trained Rheumatology specialists, short-term training to medical specialists from various Government organizations is being provided on regular basis. Department has active teaching programme and it is trying to start super-specialty course 'DM' in Rheumatology.

### EDUCATION

#### Undergraduates

1. Scope of clinical Immunology, present concept in autoimmunity & autoimmune disorders; for semester 8; 19 March 2020
2. Systemic lupus erythematosus; for semester 8; 25 March 2020
3. Management of rheumatoid arthritis on 18 February 2020 for VIII semester
4. Inflammatory myositis on 20 February 2020 for VIII semester
5. Small vessel vasculitis on 26 February 2020 for VIII semester
6. Systemic sclerosis & Overlap syndromes on 18 February 2019 for VIII semester
7. Approach to a patient with polyarthritides on 19 March 2019 for VIII semester  
Bedside teaching for 4th, 6th, and 8th semester was regularly done

**Postgraduate Seminars**, bedside teaching, mortalities reviews, Journal scan and Journal club, case discussions every week

**Nursing lectures:** Lecture series on rheumatological disorders for various cadres of nursing staff

#### Short term training provided to physicians

1. Dr Md Alauddin All Mamun, Bangladesh, 18 February 2020-14 April 2019
2. Dr Chiranjeeva Phukan, Assam, 16 February 2020- 26 March 2020
3. Dr Ann Sebastian, UK, 30 May 2019-7 June 2019

**Telemedicine lectures** on 'Rheumatoid arthritis'.

#### CMEs/Workshops/Symposia/National and International Conferences

1. Organized a hands on workshop on "Common Immunological Investigations in Rheumatology: A primer for Residents" (10 November 2019)

#### Lectures delivered

**Uma Kumar: 18                      Danveer Bhadu: 4                      Ranjan Gupta: 4**  
**Rudra Prosad Goswami: 3**

### **Uma Kumar**

1. RA-How early to hit, Mid Term CME, HPAPI 12 to 13 April 2019 HPAPI, IG Medical College, Shimla
2. Management of Sicca symptoms, Summer Rheumatology Meet, IRA Kerala Chapter, 27 to 28 April 2019, Calicut, Kerala
3. Arthritis in diabetes mellitus: diagnose & management, Uttarakhand State Chapter of RSSDI-2019, 4 May 2019, Rudrapur
4. Demystifying Wolf “The Lupus”, Rheumatology CME, 5 May 2019, SMS Medical College, Jaipur
5. Polyarthralgia-approach & management, Mid-term conference, 7 July 2019, IFP and SMS Medical College, Jaipur
6. Latest guidelines for immunosuppressives in uveitis (focus), 2nd Uvea Rheumatology Interface 2019, 21 July 2019, India Habitat Centre, Delhi
7. Spondyloarthropathies: Overview API\_DSC\_CME, 28 July 2019, Ashoka Road, New Delhi
8. Swasth Bharat-Affordable health practice for combating chronic disease, Tech4Seva, 12 August 2019, IIT, Delhi
9. Basics and beyond, International Conference on recent advance in pain-2019, 14 September 2019, Nagpur
10. Arthritis & other musculoskeletal problem, Public lecture, 15 October 2019, Jamia Millia Islamia, New Delhi
11. Science in day-to-day life, Health Research Conclave, 5th International Sciences Festival (IISF), 5 to 8 November 2019, Kolkata
12. CTD-ILD 27th Annual Conference of the Indian Association of Clinical Medicine, 16-17 November 2019, Gautam Buddha University, Greater Noida
13. Lab Diagnosis on Rheumatoid Arthritis, 1st Indian Autoimmunity seminar, 1 December 2019, Connaught Place, Delhi
14. The Lung & origins of RA IRACON-2019, 5-8 December 2019, JIPMER, Puducherry
15. Immunogenicity: Are we immune to it? Biologics Summit-2019, 15 December 2019, APJ Abdul Kalam Road, Delhi
16. 15 Key points: Systemic Sclerosis APICON-2019, 6 January 2020, Agra
17. Moderator: Multi-Disciplinary Team (MDT) Approach to CTD-ILD: Panel Discussion, DRA Annual Update 2020: “Rheumatology Beyond Joints” 16 February 2020, Delhi
18. I am for Generation Equality: Realizing Women’s Rights, CSIR-NISCAIR, 5 March 2020, CSIR - NISTADS, Delhi

### **Danveer Bhadu**

1. Debate on Asymptomatic Hyperuricemia treatment (For), Celebrating Rheumatology-2019, KGMU 11 May 2019, Lucknow
2. Early ILD in systemic sclerosis should be treated or not? IRACON-2019, 7 December 2019, Puducherry
3. Role of Musculoskeletal Ultrasound and Nail Fold Capillaroscopy in Rheumatic Disease, Medicine Update-2020, Maulana Azad Medical College, 29 february 2020, Delhi
4. Isolated elevated alkaline phosphatase (ALP) in SLE (an interesting case), DRA update, 16 February 2020, New Delhi

### **Ranjan Gupta**

1. Autoimmune Diagnostics: Clinical perspectives, CME & Hands on Workshop ANA & ANCA in Autoimmune Diagnostics, 20 October 2019, Kochi
2. Immunotherapy tidal wave–Time for Rheumatologists to be involved?, IRACON 2019, 5 December 2019, Puducherry
3. Diagnosis of Systemic Autoimmune Rheumatic disorders–Clinical perspective, CME for Immunofluorescence in to immune Diagnostics, 31 January 2020, Visakhapatnam
4. VASCULAR IT IS but not vasculitis (Interesting case), DRA update, 16 February 2020, New Delhi

### **Rudra Prosad Goswami**

1. USG in Rheumatology, 75th Annual Conference of Association of Physicians of India, 6 January 2020, Agra
2. MAS in Lupus, Lupus Meet, 11 January 2020, Kolkata
3. Multi Disciplinary Team (MDT) Approach to CTD-ILD: Panel Discussion, DRA Annual Update 2020: “Rheumatology Beyond Joints”, 16 February 2020, Delhi

### **Oral papers/posters presented**

1. Arya A, Arya S, Kumar U, Srikumar V, Bhatia R. Corticomotor excitability in Rheumatoid Arthritis patients: A case control study, Federation of Indian Physiological Societies (FIPS), 27–29 September 2019, Faridabad

2. Arya A, Arya S, Kumar U, Bhatia R. Effect of Motor imagery on Corticomotor excitability in Rheumatoid Arthritis patients: a case control study. XXXVII Annual meeting of Indian Academy of Neuroscience (IAN). 19-21 November 2019, New Delhi
3. Chakraborty S, Gupta R, Kumari R, Mitra DK. Impact of Interleukin-9 on the Immune Suppressive Functions of Regulatory T Cells in Rheumatoid Arthritis, American College of Rheumatology Annual Meeting, 2019, 10 November 2019 Atlanta, USA
4. Gautam S, Kumar M, Kumar U, Dada R. Yoga induces immunological tolerance and remission at cellular level in rheumatoid arthritis: A randomized controlled trial, ICNPHH-2020, 27-29 February 2020, University of Delhi, Delhi (Best Oral Presentation)
5. Gautam S, Kumar M, Kanga U, Kumar U, Dada R. Association of HLA-G 3' Untranslated Region Polymorphisms with Disease Susceptibility and Soluble HLA-G Levels in Rheumatoid Arthritis, NATCON 67, 18-21 November 2019, VMMC, Delhi
6. Gautam S, Kumar M, Kanga U, Kumar U, Mishra R, Dada R. Molecular remission and immunological tolerance in rheumatoid arthritis by yoga based lifestyle intervention: A randomized controlled trial, NATCON 67, 18-21 November 2019, VMMC, Delhi

## RESEARCH

### Funded projects

#### *Ongoing*

1. A Multicenter, Double-blind, long term extension study to assess the Safety and Efficacy of Filgotinib in subjects with Rheumatoid Arthritis, Uma Kumar, Gilead Pharmaceuticals, 6 years, 2019-2025, Rs. 21.29 lakhs
2. A Phase IV Clinical Trial to evaluate safety and efficacy of Glenmark Aprezo® (Apremilast) Tablets in subjects with Active Psoriatic Arthritis, Uma Kumar, Glenmark Pharmaceuticals, 2 years, 2019-2021, Rs 4.5 lakhs
3. A prospective, multicentre, post-marketing surveillance to monitor safety associated with usage of Simponi® (golimumab injection 50 mg) in Indian subjects with Rheumatoid Arthritis (RA) as per locally approved prescribing information. Uma Kumar, Siro Clinpharm, 2 years, 2019-2020, Rs 2.5 lakhs
4. A randomized, double-blind, active control, multicenter study to evaluate the efficacy at week 52 of subcutaneously administered secukinumab monotherapy compared with subcutaneously administered adalimumab monotherapy in patients with active psoriatic arthritis. Uma Kumar, Novartis India Ltd., 2 years, 2018-2020, Rs 9.39 lakhs
5. Endogenous TLR4 ligands MRP8/14 and Tenascin-C as biomarkers of lupus nephritis disease activity: Cross sectional and longitudinal assessment, Ranjan Gupta, AIIMS, 3 years, 2017-2020, Rs 10 lakhs
6. Markers of muscle senescence in inflammatory myositis, Danveer Bhadu, Indian Rheumatology Association, 1 year, 2020-2021, Rs. 2 lakhs
7. Prediction of response to methotrexate in rheumatoid arthritis: Role of adenosine ectoenzyme network on mononuclear cells, Ranjan Gupta, APLAR, 2 years, 2017-2020, Rs 7.5 lakhs
8. Role of TLR-4 in Acute Gouty Arthritis, Danveer Bhadu, AIIMS, 1 year, 2020-2021, Rs. 2.3 lakhs
9. SENSICISM- ON (Extension): An open-label extension trial to assess the long term safety of nintedanib in patients with 'Systemic Sclerosis associated Interstitial Lung Disease' (SSc-ILD), Uma Kumar, Boehringer Ingelheim, 3 years, 2018-2021, Rs 49.52 lakhs
10. Soluble Tumor Necrosis Factor (TNF) Receptors TNFRSF1B and TNFRSF6B in Lupus Nephritis as Biomarkers, Ranjan Gupta, Delhi Rheumatology Association, 1 year, 2018-2019, Rs 1 lakh
11. Systems biology of complex diseases: from genetic findings to lead molecule development for rheumatoid arthritis. Centre of Excellence on GENOME SCIENCES AND PREDICTIVE MEDICINE (GESPREM) PHASE II, Uma Kumar, DST, 5 years, 2015- 2020, Rs 59.6 lakhs
12. To study the interplay of air pollution with autoimmunity and inflammation, Uma Kumar, DST, 3 years, 2017-2020, Rs 49.3 lakhs

#### *Completed*

1. A Randomized, Double-blind, Placebo- and Active-controlled, Multicenter, Phase 3 Study to Assess the Efficacy and Safety of Filgotinib Administered for 52 weeks in Combination with Methotrexate to Subjects with Moderately to Severely Active Rheumatoid Arthritis Who Have an Inadequate Response to Methotrexate, Uma Kumar, Gilead Pharmaceutical, 2 years, 2018-2019, Rs 23.8 lakhs
2. A Randomized, Double-blind, Placebo- and Active-controlled, Multicenter, Phase 3 Study to Assess the Efficacy and Safety of Filgotinib Administered for 52 Weeks alone and in Combination with Methotrexate (MTX) to Subjects with Moderately to Severely Active Rheumatoid Arthritis Who Are Naïve to MTX Therapy, Uma Kumar, Gilead Pharmaceutical, 2 years, 2018-2019, Rs 15.86 lakhs
3. A Phase III, randomized, double-blind, placebo controlled multi-center study of subcutaneous secukinumab (150 mg and 300 mg) in prefilled syringe to demonstrate efficacy (including inhibition of structural damage), safety, and tolerability up to 2 years in subjects with active psoriatic arthritis (FUTURE 5), Uma Kumar, Novartis Pharmaceutical, 2 years, 2018-2020, Rs 19.44 lakhs

### Collaborative projects

#### *Ongoing*

1. A combined metabolome and proteome profiling to develop a predictive biomarker set for Rheumatoid Arthritis assessment, Institute of Genomic and Integrative Biology, New Delhi
2. An Indian Initiative to Study Granulomatosis with Polyangiitis Through Clinical and Genomics Approach, Central University of Punjab, Bhatinda, Punjab
3. Clinical and Genetic Characterization of Patients presenting with Renal Tubular Acidosis in Primary Sjögren's syndrome, Department of Rheumatology, St. Stephen's Hospital, Delhi

4. Effects of antiphospholipid antibodies of varying specificities on inflammasome activation and NETosis in Antiphospholipid Syndrome and Rheumatoid Arthritis, National Institute of Immunology, New Delhi
5. Evaluation of the role of Salivary Scavenger and Agglutinin (SALSA) and lectin pathway components in Rheumatoid Arthritis (RA), Guru Govind Singh University, New Delhi
6. Identification of new and specific proteins biomarkers in rheumatoid arthritis using proteomic approach, Institute of Genomic and Integrative Biology, New Delhi
7. Impact of Yoga and Meditation on Epigenetic Profile in Rheumatoid Arthritis, Anatomy
8. Multi-institutional Network Program on Systemic lupus Erythematosus: Understanding the diversity of SLE, PGIMER, Chandigarh, SGPGIMS, Lucknow, NIMS, Hyderabad, JIPMER, Puducherry, CMC, Vellore, St. John's Medical College, Bangalore, Institute of Life Sciences, Bhubaneswar, SCB Medical College, Cuttack, IPGIMER, Kolkata
9. Musculoskeletal symptoms and their impact on physical and psychological health in adolescent school children, Department of Community Medicine, Santosh University, Ghaziabad, Uttar Pradesh

### **Completed**

1. Development of targeted Nano medicine for the treatment of Rheumatoid Arthritis, Pathology
2. Understanding biology of Rheumatoid arthritis: Functional characterization of some/novel genetic determinants, Department of Genetics, South Campus, Delhi University

### **PUBLICATIONS**

**Journals: 7**

**Abstracts: 2**

**Chapters in Books: 2**

### **PATIENT CARE**

**OPD:** Total number of patients seen: 28,641 (New 6939 & Follow up 21702)

#### **Rheumatology Day Care facility**

Biologics/immunosuppressive drug infusions: 1582

SC/IM injections (biologic, steroids, etc.): 845

Ultrasound: 417

**Total: 5031**

Intra-articular injection: 1186

Biopsies: 64

Others: 85

#### **Clinical Immunology Lab**

**Total blood and synovial samples analyzed: 42528**

**RF:** 7570

**ENA:** 351

**ASMA:** 2324

**C4:** 146

**Cryoglobulin & Cryofibrin:** 92

**ANA:** 11345

**ANCA:** 5461

**IgA IgG:** 1032

**ACL-IgG ACL-IgM:** 4544

**Synovial fluid for crystal:** 205

**dsDNA:** 4398

**LKM-1:** 2318

**C3:** 2742

### **Public/Patient awareness activities**

#### **Community service**

1. Medical Camp at Leh, Ladakh & Pratapgarh
2. Organized public awareness programs on arthritis at AIIMS
3. Organized public awareness program on SLE at AIIMS
4. Writing in print media to increase awareness about rheumatological disorders
5. Participating in TV and Radio programs on arthritis
6. Published public awareness booklet on Poses & Postures (musculoskeletal health for all)
7. Published public awareness booklet on air pollution & autoimmunity: Are they related?

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

**Professor Uma Kumar** received National award (2020) for outstanding efforts in popularizing science and technology communication amongst masses using electronic medium on 28 February 2020 (National Science Day); awarded Atal Swasthya Bhushan Samman (2019) in recognition of her services for the society by Savron Foundation, India; received 'Founder President Dr MC Gupta' oration for the year 2019; Guest of honour in an event organized by CSIR-NISTAD, Delhi on the occasion of International Women's Day; National health coordinator for Health Research Conclave, 5th India

International Science Festival (IISF) flagship event of Ministry of Health & Family Welfare, GOI, held in Kolkata from 5 to 8 November 2020; appointed member of Programme Review & Monitoring Advisory Committee (PRMAC) on Science Channel Programme under NCSTS, DST, GOI; appointed expert member IND committee by DCGI, GOI; Member of various selection committees and expert groups; chaired sessions in various meetings like International Lupus Meet Kolkata, 2020; External Examiner for DM Rheumatology; Invited expert Geriatric, nutrition and functional foods for prevention of chronic disease Brainstorming meeting by DBT, GOI.

**Dr Ranjan Gupta** received Shakuntala Amirchand Prize, 2018 by ICMR for the best published research work in the field of biomedical science including clinical research; received IUIS-FIMSA Travel Bursary to attend the IIS-IUIS-FIMSA Immunology Course at Jaipur.

#### **VISITING SCIENTIST**

Professor (Dr) Georg Schett, Professor and Head of Department of Medicine Rheumatology and Immunology, Universitätsklinikum Erlangen FAU Erlangen-Nurnberg, Austria

## 9.39. Surgical Disciplines

### Professor and Head

Anurag Srivastava

### Professors

Sunil Chumber  
Sandeep Aggarwal

Rajinder Parshad  
Virinder Kumar Bansal

V Seenu (on assignment)  
Anita Dhar

### Additional Professor

Hemanga K. Bhattacharjee

### Associate Professors

Asuri Krishna  
Mohit Joshi

Piyush Ranjan  
Yashwant Singh Rathore  
Suhani

Manjunath Maruti Pol  
Kamal Kataria

### Assistant Professor

Om Prakash

## HIGHLIGHTS

The department of Surgical Disciplines is involved in Minimal Invasive, Thoracic, Vascular, Renal transplant, Breast, Endocrine, Gastrointestinal, Bariatric and general Surgery. We are running specialized Breast cancer, Bariatric and Renal Transplant clinics. Apart from this, the department has been running a Minimal invasive training program for basic and advanced Laparoscopic training. The department also provides short term training to many surgeons from nearby countries. The department has organized regular academic events with emphasis on imparting knowledge in focused areas of surgical armamentarium such as breast, minimally invasive, bariatric, thoracic surgery. These activities include CME, conferences and wet lab workshops. Some of the key academic programs organized by the department include the AIIMS Breast course, BARICON and Symposium on Thoracic surgery. A cadaveric workshop was also organized on lung transplant to familiarize our team with the practical aspects of lung harvest and transplant. Our department faculty has been actively participating in various academic activities including development of simulation-based teaching and skill modules for improving various undergraduate and post-graduate teaching programs. Our residents and faculty have been regularly presenting research work at various national and international fora and have received awards as well as appreciation for the same. The past year also saw visit by some Eminent international faculty who shared their experiences. The department has received third prize for poster and video presentation at Institute Day Celebration held on 25 September 2019. We have also been awarded the rolling trophy for conducting the best monthly meet of Delhi state chapter of Association of Surgeons of India during the annual conference of the society held in November 2019. The department has actively participated in public awareness activities for diseases such as breast cancer, obesity and now COVID 19.

## EDUCATION

1. Postgraduate Seminar weekly
2. MCh seminar weekly
3. Mortality and mortality discussions by Junior/Senior Resident once in a week in each unit
4. Lectures, Teaching Schedule in OPD/Ward for MBBS students
5. Internal Assessment from time to time conducted for Junior and MCh Residents and MBBS students
6. Lectures for Nursing students
7. Lectures for BSc OT technicians
8. **CCRs** presented by the Department:
  - Unit I: What keeps cool angry
  - Unit II: Once in a blue moon
  - Unit III: A mysterious facet of Peau d' orange: An unsolved riddle
  - Unit IV: A tale of multiple VT-cured by surgery
9. **CGRs** by the Department:

Unit III: Surging ahead into new horizons: Our experience with minimal access thoracic and upper GI surgeries

Unit IV: Evolution of Laparoscopic surgery in a single unit: A journey of 3 decades

10. (During the COVID 19 pandemic, departmental academic activities were conducted as webinars and virtual meetings)

#### **CMEs/Workshops/Symposia/National and International Conferences**

1. Laparoscopic cadaver training course for MCh resident at SET Facility, AIIMS, New Delhi
2. Hands on training for residents: Cadaveric multiorgan retrieval in CAST 2019, from SET Facility, AIIMS New Delhi
3. Operative Laparoscopy (5-day course) – 4 courses in April, May, July and August 2019
4. Laparoscopic Suturing
5. Hands on training for residents: Cadaveric multiorgan retravel and Endo-training session
6. Laparoscopic Suturing Skills (3-day course) – 1 course in April 2019
7. Laparoscopic Hernia Surgery (3-day course) – 2 courses in April and July 2019
8. AIIMS Breast course, April 2019, AIIMS, New Delhi
9. Abdominal wall closure technique workshop at SET facility, February 2020, AIIMS, New Delhi
10. Workshop on Art of colorectal anastomosis, September 2019, AIIMS, New Delhi
11. Pre-Conference Cadaver Workshop on General Thoracic Surgery, September 2019, SET Facility, AIIMS, New Delhi
12. Contemporary practices in surgery: Symposium on Thoracic surgery, September 2019, AIIMS, New Delhi
13. Workshop on Uniportal VATS, September 2019, AIIMS, New Delhi
14. Workshop on colorectal anastomosis, September 2019, AIIMS, New Delhi
15. AIIMS BARICON 2019 – 2nd International Conference on Bariatric & Metabolic Surgery, November 2019, AIIMS, New Delhi
16. 1st Cadaver Hands on Course in Bariatric Surgery
17. 2nd Cadaver Hands-On-Course in Bariatric Surgery as a Part of SELSICON 2019 at SET Facility, September 2019, at AIIMS, New Delhi
18. 3rd Cadaver Hands on Course in Bariatric Surgery as a Part of Pre-Conference Workshop for OSSICON 2020 - 18th National Conference of Obesity and Metabolic Surgery Society of India, February 2020; SET Facility, AIIMS, New Delhi
19. 4th IAGES (Indian Association of Gastrointestinal Endoscopic Surgeons) Fellowship Course in Bariatric & Metabolic Surgery (FALS), November 2019, AIIMS, New Delhi
20. Lung Transplant with Cadaver Workshop, March 2020, at SET Facility, AIIMS
21. Operative workshop on newer minimally invasive incisional and ventral hernia repairs, December 2019, AIIMS, New Delhi

#### **Lectures Delivered**

**Anurag Srivastava: 6**

**Sandeep Aggarwal: 22**

**Hemanga K. Bhattacharjee: 5**

**Manjunath Maruti Pol: 1**

**Kamal Kataria: 2**

**Sunil Chumber: 3**

**Virinder Kumar Bansal: 16**

**Asuri Krishna: 4**

**Mohit Joshi: 14**

**Suhani: 17**

**Rajinder Parshad: 19**

**Anita Dhar: 3**

**Piyush Ranjan: 12**

**Yashwant Rathore: 1**

**Om Prakash: 5**

#### **Anurag Srivastava**

1. Benign breast disease, ABSICON Conference, 31 August 2019 to 1 September 2019, Jaipur
2. Sentinel node biopsy in breast cancer, EAFO Breast Cancer Forum, 10-15 October 2019, Moscow, Russia
3. Current management of axilla and sentinel node mapping in breast cancer. ASIRAJ - Annual Conference of association of surgeons of India –Rajasthan Chapter, 18-20 October 2019, Jodhpur
4. Issues related to cost utility and cost effectiveness analysis. Workshop on foundations in health economics, 3-5 December 2019, Vellore
5. Breast cancer axillary node staging and sentinel node mapping and clinical breast examination, State Level Conference of Breast Disease & Management: Changing Trends 10-11 January 2020, Raipur

6. Safe technique on abdominal closure to gynecologists and obstetricians. 63rd ACOG - 2020, 29 January 2020 to 2 February 2020, Lucknow

### **Sunil Chumber**

1. Primary Hyperparathyroidism MAMC Surgery Update September 2019, New Delhi
2. Status of thyroidectomy Association of surgeons of India, Rajasthan chapter ASIRAJ 2019, 18 October 2019, Jodhpur
3. Case presentation on thyroid, CME in Surgery, Lady Harding Medical College 1 February 2020, New Delhi

### **Rajinder Parshad**

1. Surgery for early lung cancer 2nd Annual Masterclass in Lung Cancer 20-21 July 2019, Mumbai
2. Moderated a session in live operative workshop. ISES UGI/MAX Cancer Congress, 16th August, 2019, New Delhi
3. VATS thymectomy: Tips for safe surgery 14th PG Course in Endocrine Surgery, 2-7 September, 2019, Lucknow
4. Laparoscopic Management of Achalasia Cardia, 12th Annual National Conference of Society of Endoscopic and Laparoscopic Surgeons of India (SELSICON-2019, 13-15 September 2019, New Delhi)
5. Live demonstration of Laparoscopic Inguinal Hernia Repair Workshop on Laparoscopic Inguinal Hernia Repair, 4 October 2019, Jammu
6. Lecture: Laparoscopic management of Groin Hernia Workshop on Laparoscopic Inguinal Hernia Repair, 4 October 2019, Jammu
7. Fundoplication in GERD: Choosing the right one and doing it well IAGSCON 2019, 11 October 2019, New Delhi
8. Video presentation on TAPP Annual Conference of the India - Rajasthan Chapter, ASIRAJ – 2019, 19 October 2019, Jodhpur
9. Video presentation on Achalasia Cardia Annual Conference of the India-Rajasthan Chapter, ASIRAJ-2019, 19 October 2019, Jodhpur
10. VATS THYMECTOMY Thoracic CME of Department of CTVS, 15-16 November 2019, Jammu
11. Fungal Infection and Surgeon Thoracic CME of Department of CTVS 15-16 November, 2019, Jammu
12. Evolution of Surgical Management of GERD GurukulACSCON, 6 March 2020, New Delhi
13. VATS Thymectomy 2nd Annual National Conference of Indian Society of Thoracic Surgeons, 18-19 January 2020, New Delhi
14. Robotic thymectomy, ROBOLAPCON-2020, 31 January-1 February 2020, Rishikesh
15. Robotic Hellers Myotomy, ROBOLAPCON-2020, 31 January-1 February 2020, Rishikesh
16. Laparoscopic APR, ROBOLAPCON-2020, 31 January-1 February 2020, Rishikesh
17. Moderator in Long case LHMC Surgery Clinical update, 2 February 2020, New Delhi
18. Laparoscopic management of GERD, SCOPE course, 6 March 2020, New Delhi

### **Sandeep Aggarwal**

1. Bariatric Live Virtual- RYGBP/LSG, ROBOLAP, 27th April' 2019, New Delhi
2. Outcomes in Super Obese Patients Undergoing One Anastomosis Gastric Bypass or Laparoscopic Sleeve Gastrectomy, 7th International Forum of Bariatric & Metabolic Surgery in Nanjing, 3-5 May 2019, Nanjing, China
3. Panelist- Emergency Hernia Surgery, HSICON 2019, 29-30 August 2019, Kolkata
4. Moderator on Panel Discussion in Complications in bariatric surgery SELSICON 2019, 13-15 September 2019, New Delhi
5. GERD following sleeve gastrectomy SELSICON 2019, 13-15 September 2019, New Delhi
6. Conversion of sleeve to "What, When & How", 4th IAGES Fellowship Course in Bariatric & Metabolic Surgery (FALS), 26-28 September 2019, New Delhi
7. Bariatric Surgery in CLD - special consideration, 4th IAGES Fellowship Course in Bariatric & Metabolic Surgery (FALS), 26-28 September 2019, New Delhi
8. Panelist in Reaching out to fellow medical colleagues - PANEL DISCUSSION Laparofit 2019 & Asia Pacific Summit, 18-19 October 2019, Chennai
9. Panelist in Success vs Failure: Surgeon vs Patient – PANEL Laparofit 2019 & Asia Pacific Summit, 18-19 October 2019, Chennai
10. Obesity- Causes, Prevention and Surgical Management AIIMS Public Lecture, 16 October 2019, New Delhi

11. Pediatric Obesity - Indian Experience & Genetic Obesity, Surgical Treatment Obesity Week 2019 of American Society of Metabolic and Bariatric Surgery (ASMBS) and The Obesity Society (TOS), 3-7 November 2019, Las Vegas, USA
12. HHR during Sleeve- Important Risk Reduction strategy for Denovo GERD AIIMS BARICON 2019 – 2nd International Conference on Bariatric & Metabolic Surgery, 13-16 November 2019, New Delhi
13. Intraoperative Mishaps- Lessons Learnt AIIMS BARICON 2019 – 2nd International Conference on Bariatric & Metabolic Surgery, 13-16 November 2019, New Delhi
14. Revision of Sleeve - When, What and How?, AIIMS BARICON 2019 – 2nd International Conference on Bariatric & Metabolic Surgery, 13-16 November 2019, New Delhi
15. Strategies for management of T2DM in Obese- Role of LSG London International Bariatric Surgery Symposium (LIBSS – 2019), 21-22 November 2019, London, UK
16. Video Pearls- Technical Pitfalls London International Bariatric Surgery Symposium (LIBSS – 2019), 21-22 November 2019, London, UK
17. Bariatric Surgery and Polycystic Ovarian Disease (PCOD), 3rd Annual Conference of the MP PCOS Society, 18-19 January 2020, Hyderabad
18. Intraoperative Mishaps during Gastric Bypass Lessons Learnt 17th Annual Congress of the Indian Association of Gastrointestinal Endosurgeons, IAGES 2020, 6-9 February 2020, Guwahati
19. Laparoscopic Splenectomy-Options for Management of Hilum 17th Annual Congress of the Indian Association of Gastrointestinal Endosurgeons, IAGES 2020, 6-9 February 2020, Guwahati
20. Top Publications from India- Utility of Transient Elastography & Impact of Bariatric Surgery on NAFLD OSSICON 2020 - 18th National Conference of Obesity and Metabolic Surgery Society of India, 27-29 February 2020 New Delhi
21. Bariatric Surgery Techniques – Cadaver Hands On Course, Pre Conference Course- OSSICON 2020 - 18th National Conference of Obesity and Metabolic Surgery Society of India, 27 February 2019, New Delhi
22. Obesity Management- Bariatric Surgery ICMR Expert Group Meeting on PCOD: Phase II&III, 1 March 2020, New Delhi

#### **Virinder Kumar Bansal**

1. Rare abdominal wall hernia, IHSCON 2019, 28 July 2020, Allahabad
2. Debate - Robotic Surgery- is it more market driven? WZ SELSICON, 23 February 2020, Mumbai
3. Symposium on emerging minimally invasive techniques in incisional hernia repair NZ SELSICON, 8 February 2020, Patiala
4. Debate – Robotic Surgery in ventral and incisional hernia repair SELSICON, 13-15 2019, New Delhi
5. Live operative Demonstration of Laparoscopic repair of TAPP repair of inguinal hernia IHSCON, August 2019, Allahabad
6. Live operative Demonstration of Laparoscopic repair of incisional hernia, SELSICON, 13-15 September 2019, New Delhi
7. Live operative Demonstration of Laparoscopic repair of TAPP repair of inguinal hernia SELSICON, North Zone, February 2020, Patiala
8. Live operative Demonstration of Laparoscopic repair of TAPP repair of inguinal hernia SELSICON, West Zone, February 2020, Mumbai
9. Moderated a Clinical Case Discussion on Abdominal lump LHMC PG CLINICAL UPDATE 2019, January 2020, New Delhi
10. Moderated a panel discussion on “Intra-operative and postoperative management of patient with bile duct injury”, West Zone conference of SELSI-2020, 21-23 February 2020. Mumbai
11. Moderated a panel discussion on Bile Duct Injury NZ SELSI-2020, 7- 8 February 2020, Patiala
12. Moderated a panel discussion on “Laparoscopic IPOM repair, IHSCON-2019, 27-28 July 2019, Allahabad
13. Moderated a panel discussion on “Difficult Laparoscopic cholecystectomy SELSICON, 13-15 September 2019, New Delhi
14. Moderated a panel discussion on “Laparoscopic Cholecystectomy ASIRAJ-2019, 18-19 October 2019, Jodhpur
15. How to perform a safe cholecystectomy (CVS) ASIRAJ-2019, 18-19 October 2019, Jodhpur
16. Recurrent stone after cholecystectomy Northern Chapter of Association of Surgeons of India (NC-ASI), 16-17 November 2019, Chandigarh

**Anita Dhar**

1. Panelist in master classes Surgery Update 2019, 27 September 2019, New Delhi
2. Expert in master classes: Varicose Veins, Diabetic foot, Peripheral Vascular, Disease Gurukul- SCOPE, 4 January 2020, New Delhi
3. Management of Lymphedema SURGICON 2019, 23 November 2019, New Delhi

**Hemanga K. Bhattacharjee**

1. Structure of a manuscript 2nd International Conference on Bariatric and Metabolic Surgery, AIIMS BARICON, 13-16 November 2019, New Delhi
2. Laparoscopic training outside the OR: The AIIMS way 45th Annual Conference, UP State Chapter, ASI. 8-10 November 2019, Meerut
3. Ileostomy and colostomy Stoma Care Workshop, Indian Association of Surgical Gastroenterology Annual Conference, 9-13 October 2019, New Delhi
4. Recent advances and newer procedures in rectal cancer (Panel Discussion), 12th Annual National Conference of Society of Endoscopic & Laparoscopic Surgeons of India, SELSICON 2019, 13-15 September 2019, New Delhi
5. Cadaveric skill laboratory: A boon for clinicians CME on Body and Organ Donation. Government Institute of Medical Sciences, 18 September 2019, Greater Noida, UP

**Asuri Krishna**

1. Rare abdominal wall hernia, IHSCON 2019, 28 July 2020, Allahabad
2. Debate - Robotic Surgery- Is it more market driven, WZ SELSICON, 23 February 2020, Mumbai
3. Symposium on emerging minimally invasive techniques in incisional hernia repair, NZ SELSICON, 8 February 2020, Patiala
4. Debate – Robotic Surgery in ventral and incisional hernia repair, SELSICON, 13th-15<sup>th</sup> September 2019, New Delhi

**Piyush Ranjan**

1. Video presentation and panel discussion in dilemma in Breast Radiology, ASOMACON, 15-17 November 2019, Bhubaneswar
2. Post crash management Training Program on Road Safety for the District Level Safety Committee members of Tripura State By Central Road Research Institute, 3 June 2019, Agartala
3. Initial Management ATLS provider course, ATLS provider course, August 2019, Rishikesh
4. ASIRAJ video presentation ASI Rajasthan, 18-20 October 2019, Jodhpur
5. Panel discussion on -Challenges in cancer care World cancer Research Day, 24 September 2019, Noida
6. Initial Management, ATLS, ATLS provider course, December 2019, Jaipur
7. Debate on Thyroid Incidentaloma Surgicon, 23-24 November 2019, Delhi
8. Extremity examination SCOPE Gurukul, November 2019, Delhi
9. Video presentation LHMC PG update, 1 February 2020, Delhi
10. Breast cancer screening ECHO, 25 October 2019, Noida
11. Communication skills-EM India, EMINIDA 2019, 31 July to 4 August 2019, Delhi
12. Panel Discussion SELSICON, 13th-15th September 2019, Delhi

**Manjunath Maruti Pol**

1. Sutures in Surgery UG suturing workshop for interns at SET facility: abdomen wall closure, 6 April 2019, Delhi

**Mohit Joshi**

1. 'How nutrition helps in recovery of surgical patients, Symposium on 'Nutrition in Surgical patients', in association with IAPEN, 22 May 2019, Delhi
2. Interesting cases Trauma-2019, 28-30 August 2019, Lucknow
3. Non-operative management in blunt trauma abdomen, TRAUMASICON-2019, 6-8 September 2019, Ahmedabad
4. Shared Decision-Making and Religious Inequalities Progressing with partnerships: shared decision-making among vulnerable groups, 16-17 September 2019, New Delhi
5. (1) Surgical anatomy of hilum and (2) How to put and care for ICD Tube Symposium on thoracic surgery-2019, 20-22 September 2019, New Delhi

6. CME -Thyroid diseases- from crux to consensus Guidelines for management of medullary and anaplastic thyroid cancer, 9 November 2019, New Delhi
7. Faculty development workshop on simulation, 4th Annual Meeting of Pediatric Research and Education Society of India, 22 November 2019, New Delhi
8. Pitfalls in management of chest tubes ISTSCON, 2nd Annual National Conference of ISTS, 18-19 January 2020, New Delhi
9. Follow up and imaging in splenic and liver injuries Consensus meeting to formulate ISTAC guidelines for the management of solid organ injuries, 18-19 January 2020, New Delhi
10. Fidelity in simulation Workshop for nurses, 4 February 2020, New Delhi
11. Triage, Regional H.E.L.P. Course, 3 March 2020, New Delhi
12. How do I manage non-resolving pneumothorax PULMOCRIT 2020, 7-8 March 2020, New Delhi, Case-based discussion on chylothorax PULMOCRIT 2020, 7-8 March 2020, New Delhi
13. Small and large group teaching in CBME, Competency based medical education-concepts and application, 29-10 April 2020, Ludhiana
14. Assessment of attitudinal domain, Competency based medical education-concepts and application, 29-10 April 2020, Ludhiana

#### **Yashwant Rathore**

1. UNIPOINT VATS in Lung Hydatid ASIRAJ-2019, 20 October 2019, Jodhpur

#### **Kamal Kataria**

1. Endoscopic Thyroidectomy, ASIRAJ 2019 (Annual Conference of the Association of Surgeons of India – Rajasthan Chapter) 18-20 October 2019, Jodhpur
2. Necrotising Fasciitis, EMINDIA 2019, 31 July to 4 August 2019, New Delhi

#### **Suhani**

1. Why should I write?, Scientific writing workshop, 16 June 2019, New Delhi
2. Plagiarism Scientific writing workshop, DSC ASI in association with Indian chapter American College of Surgeons, 16 June 2019, New Delhi
3. How I do it? Laparoscopic Cholecystectomy, SCOPE 2019, 23 August 2019, New Delhi
4. Chest tube insertion SCOPE 2019, 23 August 2019, New Delhi
5. Panelist: PG case discussion, SCOPE 2019, 23 August 2019, New Delhi
6. Panelist: Ward rounds, SCOPE 2019, 23 August 2019, New Delhi
7. Moderator Panel Discussion on Inflammatory Lung Diseases Symposium on Thoracic surgery, 21 September 2019, New Delhi
8. What is new in general surgery literature? Surgery Update MAMC, 28 September 2019, New Delhi
9. Innovative Manikins & simulators at SET, SET Facility, 31 October 2019, New Delhi
10. Why should I write?, SURGICON 2019, 23 November 2019, New Delhi
11. Judge: Competition poster SURGICON 2019, 24 November 2019, New Delhi
12. Preoperative consideration in Breast Oncoplasty GurukulACSCON, 4 January 2020, New Delhi
13. Panelist: PG case discussion, GurukulACSCON, 2 January 2020, New Delhi
14. Moderator: case presentation groin hernia & Laparoscopic instruments LHMC Surgery Update, 1 February 2020, New Delhi
15. Breast Oncoplasty: How I plan it? ASICON CME, 23 February 2020, New Delhi
16. Chest tube insertion: How to do? SCOPE Course, 6 March 2020, New Delhi
17. How I do it? Laparoscopic Cholecystectomy, SCOPE Course, 8 March 2020, New Delhi

#### **Om Prakash**

1. Laparoscopic management of common bile duct stone CG ASICON, 6-7 March 2020, Raipur
2. Laparoscopic transgastric stapled cystogastrostomy for pseudocyst/walled off necrosis of pancreas CG ASICON, 6-7 March 2020, Raipur
3. Surgical management in field CRPF Academy, 8 January 2020, Haryana

4. Laparoscopic CBD exploration for management of common bile duct stone; ASIRAJ, 17-19 September 2019, Jodhpur
5. Laparoscopic cystogastrostomy for Pseudocyst/walled of Necrosis following acute pancreatitis SELSICON 13th-15th September 2019, New Delhi

**Oral Papers/Posters Presented: 61**

1. Aggarwal S, Bhambri A. Bariatric Surgery in super obese patient with cirrhosis, Grade III Esophageal Varices and multiple other comorbidities – the ultimate challenge, 24th World Congress of International Federation for the Surgery of Obesity and Metabolic Disorders (IFSO) World Congress, 3-7 September 2019, Madrid, Spain

## RESEARCH

### Funded projects

#### *Ongoing*

1. A Label Extension, Single Arm Multicentric Phase III Study to Assess the Efficacy and Safety of Approved Product Stempeucel® in Patients with Critical Limb Ischemia Due to Buerger's Disease, Anita Dhar, Stempeutics Pvt. Ltd., 5 years, 2018-2023, Rs. 7 lakhs
2. A Label Extension, Single Arm Multicentric Phase III Study to Assess the Efficacy and Safety of Approved Product Stempeucel® in Patients with Critical Limb Ischemia Due to Atherosclerotic Peripheral Arterial Disease, Anita Dhar, Stempeutics Pvt. Ltd., 5 years, 2019-2024 years, Rs 3 lakhs
3. A Study of gut microbiome in patients with gall bladder carcinoma, Asuri Krishna, AIIMS, 2 years, 2019-2021, Rs. 10 lakhs
4. Complete estrogen Blockade in recalcitrant mastalgia: A randomized clinical trial, Suhani, AIIMS, 2 years, 2018-2020, Rs 4.99 lakhs
5. Long Term Outcome of Patients with Walled off Necrosis/Pseudocyst of Pancreas in terms of Recurrence of Acute Pancreatitis, Fluid Collection and Functional Consequences following Internal Drainage by Laparoscopic or Endoscopic method. Om Prakash, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
6. To check the feasibility of aortic balloon dilatation catheter for endovascular occlusion of aorta- A cadaveric study, Mohit Kumar Joshi, AIIMS, 1 year, 2019, Rs 0.75 lakhs

#### *Completed*

1. To study the pattern of FOXP3, OX40, PD1, and TIM-3 among renal allograft patients and its correlation with risk of kidney injury, Manjunath Maruti Pol, AIIMS, 2 years, 2017-2019

### Departmental projects

#### *Ongoing*

1. A prospective randomized control study to compare antral resection versus antral preservation during Laparoscopic Sleeve Gastrectomy for Morbidly Obese
2. A prospective randomized trial comparing laparoscopic versus endoscopic drainage for walled off necrosis following acute pancreatitis
3. A prospective study to evaluate the restoration of abdominal wall dynamics in patients with incisional hernia following laparoscopic IPOM plus repair in comparison to healthy controls using surface EMG
4. A randomized control study to evaluate the use of oral metronomic chemotherapy versus conventional systemic chemotherapy, and to further conduct a randomized control trial on patients amenable to breast conservation surgery after chemotherapy
5. A Randomized control trial to compare the safety and outcome of trans-oral vestibular vs axillo-breast approach for endoscopic hemi-thyroidectomy in patients with benign thyroid swellings
6. A Randomized controlled trial to compare efficacy of complete decongestive therapy vs complete decongestive therapy and placement of hydrophobic silicone tube and look for their long term patency by ICG in upper limb lymphedema following ALND in breast cancer
7. A study of fluorescein spectrometry, indocyanine green imaging, Raman spectrometry and Doppler flowmetry analysis comparing malignant and benign lesions of breast.
8. A study to evaluate the predictors of outcome in patients with blunt liver trauma Prospective Observational study
9. Abdominal wall incisions: A Double Blinded Randomized Control Trial
10. Analysis of genes related to metabolic flexibility in subjects undergoing weight reduction surgery
11. Assessment of post cholecystectomy symptoms and quality of life evaluation: A prospective cohort study
12. Association of different modalities of treatment with expression of various subsets of T lymphocytes in patients with breast cancer and their clinical outcome
13. Biochemistry PhD thesis: Investigation of the involvement of plasma membrane ATP binding transporter A1 (ABCA1) mediated insulin resistance
14. Comparison between banded and Non- Banded Laparoscopic Sleeve Gastrectomy for Weight Loss in Obese subjects: A Randomized Controlled Trial

15. Comparison of Cost Effectiveness and Quality of Life in patients undergoing a level 1 vs. Complete Axillary Lymph Node Dissection for operable breast cancer: An Ambispective study
16. Comparison of Early Outcomes of Interrupted Double 'X' suture vs Continuous Near Far- Far Near Method for closure of hernia
17. Comparison of Early Outcomes of Interrupted Double 'X' suture vs Continuous Near Far- Far Near Method for closure of abdominal wall incisions: A Double Blinded Randomised Control Trial
18. Comparison of eTEP vs IPOM for Management of Primary and Incisional Hernia in Terms of Early Outcomes and Cost Effectiveness – A Randomized Controlled Trail.
19. Comparison of identification rate and cost effectiveness of Indocyanine green vs fluorescein for sentinel lymph node detection in ladies with operable breast cancer - Arandomized controlled trial
20. Comparison of learning curve on Two-Dimensional (2D) endo-vision system, Ultra-High Definition (HD) (4K) endo-vision system and three-dimensional (3D) HD endo-vision system for standardized phantom tasks: An ex-vivo study
21. Comparison of Quality of Life and oncological outcomes of Skin Sparing Mastectomy with Autologous Fat Grafting versus Skin Sparing Mastectomy with silicone implant versus Breast Conservative Therapy among ladies with Early Breast Cancer: A Randomized comparison
22. Comparison of quality of life between patients undergoing endoscopic thyroidectomy and open thyroid surgery.
23. Decision analysis approach in management of non lactational mastitis
24. Development of aptamer-based assay for diagnosis of breast tuberculosis (TB breast)
25. Diagnostic study evaluation in patients presenting with sign and symptoms of abdominal and inguinoscrotal region
26. Effect of Yoga Therapy on Quality of Life in Patients Undergoing Laparoscopic Incisional and Ventral Hernia Repair- A Randomized Control Trial
27. Electrolyte and acid-base disturbances in renal transplant patients – A prospective observational study
28. Evaluation of Dual dye technique for sentinel lymph node biopsy in breast cancer: Two arm open label parallel design Non-inferiority Randomized controlled trial
29. Feasibility of enhanced recovery after surgery protocol in general thoracic surgery: Prospective cohort study
30. Follow up Study to Evaluate Correlation of Imaging and Operative findings with Clinical and Biochemical Outcome in Patients with Primary Hyperparathyroidism
31. Improving Pain Management following Laparoscopic Surgery: A Randomized Quality Improvement Study
32. Incidence of Barret's Esophagus in Morbidly Obese Patients after Laparoscopic Sleeve Gastrectomy
33. Incidence of Postoperative Hypocalcemia after Indocyanine Green Fluorescence guided Vs Conventional assessment of Parathyroid Function following Total thyroidectomy- A Randomized Controlled Trial
34. Long Term outcome of patients with Benign Breast Diseases An ambispective Study
35. Mesh fixation with penetrating fixation device versus fibrin sealant during laparoscopic repair of ventral hernia: A double blind randomised control trial
36. Neoadjuvant Chemotherapy with Short Course Radiotherapy for Locally Advanced rectal cancer: A Pilot Study
37. Nipple discharge in women; Evaluation and Randomized trial comparing limited length ductal cone excision (1.5 cm) with 3 cm ductal cone excision in women presenting with non-bloody nipple discharge
38. Omega loop gastric bypass (mini gastric bypass) versus Roux-en-Y gastric bypass for resolution of type-II diabetes Mellitus in obese subjects: A Prospective Randomized controlled trial
39. Oncological outcomes of breast conservation surgery in patients with locally advanced breast cancer post neoadjuvant chemotherapy
40. Outcomes of laparoscopic sleeve gastrectomy with or without hiatal hernia repair in terms of resolution of symptoms of GERD
41. Outcomes of Minimal Access Thymectomy of patient with Thymoma
42. Prospective Open Label clinical trial for evaluating the feasibility, safety and efficacy of left gastric artery embolization for reduction of the weight in class I obesity
43. Prospective randomized control trial comparing angle of his accentuation v/s Toupet fundoplication as a anti reflux procedure in patients of achalasia cardia undergoing Heller's Cardiomyotomy
44. Randomized controlled study comparing stainless steel clip with silicone tube tip for localization of breast cancer after neoadjuvant chemotherapy within patients with breast cancer. A Non-inferiority study
45. Randomized Trial to Compare Effectiveness of Vacuum Suction Drainage Versus Needle Aspiration in Lactational Breast Abscess: Superiority Hypothesis Trail

46. Short term and long term outcomes following laparoscopic donor nephrectomy and open donor nephrectomy: An Ambispective comparative study
47. Standardized umbilical hygiene to reduce port site complications in laparoscopic cholecystectomy –A prospective randomized controlled study
48. Study effect of Bariatric Surgery induced weight loss on urinary incontinence
49. Study the significance of tumor infiltrating lymphocytes in breast cancer
50. Symptomatic outcomes in patients of asymptomatic gall stones after laparoscopic cholecystectomy
51. To assess the cost effectiveness of laparoscopic standardized laparoscopic mesh repair in ventral hernia
52. To assess the functional outcomes in patients undergoing standardized laparoscopic mesh repair in small and medium ventral midline hernias
53. To determine the best non-invasive marker or a combination of them correlate the most with liver biopsy in extent of fibrosis in morbidly obese patients with non-alcoholic fatty liver disease undergoing bariatric surgery
54. To determine the non-invasive investigations which correlate with liver biopsy in extent of fibrosis in morbidly obese patients undergoing bariatric surgery
55. To establish an algorithm for the management of axilla in patients of early operable breast cancer with clinically negative axilla
56. To evaluate the role of age adjusted Charlson comorbidity index scoring in predicting 30 day postoperative outcomes in patients undergoing surgery under general and regional anaesthesia
57. To study causes of cancellation among patients scheduled for elective operations
58. To study the complications of laparoscopic inguinal repair
59. To study the correlation between pre operative pain threshold measured using Quantitative Sensory Testing with post operative pain scores using Visual Analogue Score in patients with laparoscopic groin hernia repair - A case control study
60. To study the usefulness of pre-operative USG guided FNAC in avoiding radical surgery in patients with gallbladder wall thickness or polyp associated with gall stone disease
61. Use of Platelet rich plasma in management of diabetes with PAD
62. Validation of a careful clinical examination with venous Doppler studies in the management of patients presenting with varicose veins

### ***Completed***

1. A randomized controlled trial to compare decongestive compression therapy (DCT), DCT with inj. BPG and hydrophobic silicone tube placed drainage in lymphedema of upper limb post breast cancer treatment
2. A study of gut microbiome in patients with gallbladder cancer
3. A study of physiological outcome and correlation with symptomatic outcome following laparoscopic Heller cardiomyotomy in primary Achalasia cardia
4. A study to evaluate the predictors of outcome in patients with blunt liver trauma Prospective Observational study
5. A Three Arm Randomized Controlled Study to Compare Sexual Functions Following Open Mesh Hernioplasty, Laparoscopic Totally Extra Peritoneal (TEP) and Trans Abdominal Pre-Peritoneal (TAPP) Repair of Groin Hernia
6. A Two Arm Parallel Design Superiority Randomised Trial Comparing Penicillin +Standard of Care Vs Standard of Care Alone in Achieving Complete Healing of Leg Ulcers in Patients with Chronic Venous Hypertension
7. Comparison of efficacy of Ormeloxifene and Tamoxifen in the treatment of cyclical mastalgia: A five-armed double-blinded randomised controlled trial
8. Comparison of mesotherapy (non operative) with surgery in management of superficial lipoma
9. Comparison of Oncologic and Functional Outcomes in Ladies with Breast Cancer Treated with Breast Conservation Compared to Those Treated with Mastectomy: An Ambispective Study
10. Comparison of three-dimensional (3D) endo-vision system versus ultra-high definition (HD) (4K) endo-vision system in minimally invasive surgical procedures-An open labelled randomized study
11. Comparison of Two-Dimensional (2D) endovision system, Ultra-High Definition (HD) (4K) endovision system and three-dimensional (3D) HD endovision system on standardized phantom tasks: An ex-vivo study
12. Dosimetric Study in children and young adults with Differentiated Thyroid Cancer undergoing Radioiodine (<sup>131</sup>I-Na) therapy
13. Ergonomic analysis of muscle activity during laparoscopy and influence of training
14. Evaluation of gamma synuclein as a serum bio-marker in breast cancer

15. Follow up Study to Evaluate Correlation of Imaging and Operative findings with Clinical and Biochemical Outcome in Patients with Primary Hyperparathyroidism
16. ICG fluorescence imaging for identifying and assessing the perfusion of parathyroid gland during thyroid surgery
17. Impact of Nutritional & Lifestyle Modifications in Subjects with BMI 25-29.9 vs 30-34.9 kg/m<sup>2</sup> and Impact of Bariatric Surgery in BMI > 35 kg/m<sup>2</sup>
18. Isolation, identification and characterization of cancer stem cells from different histopathological grades of colorectal carcinoma
19. Omega Loop Gastric Bypass versus Roux En Y Gastric Bypass for type 2 diabetes mellitus in obese subjects: A Randomized Controlled Trial
20. Pilot study on parathyroid dissection and preservation from thyroidectomy specimen and correlation with postoperative calcium and parathormone levels
21. Prospective randomized control trial comparing angle of his accentuation v/s Toupet fundoplication as a anti reflux procedure in patients of achalasia cardia undergoing Hellers Cardiomyotomy
22. Stent vs no stent in ureteroneocystostomy in live related renal transplant: A prospective randomized controlled trial
23. Study of Androgen Receptors mediated events and molecular heterogeneity in Breast Cancer
24. Study port placement and ergonomics in laparoscopic splenectomy
25. Study the impact of Bariatric Surgery induced weight loss on cardiovascular disease risk reduction in morbid obese patients
26. Study the impact of Laparoscopic Mini Gastric Bypass on weight loss and co morbidities in morbidly obese patients undergoing Bariatric Surgery
27. Surgical outcome in geriatric population
28. The effect of 1cm vs. 2 cm resection margin and oncoplastic closure of breast parenchymal defect on oncological and aesthetic outcome in ladies with early breast cancer: A 2x2 factorial randomized controlled trial
29. The feasibility and safety of the sub-xiphoid video assisted thymectomy for myasthenia gravis: A pilot study
30. Three Arm Randomized Comparison of Laparoscopic Peritoneal Dialysis Catheter Insertion with or Without Omentectomy Versus Conventional Open Peritoneal Dialysis Catheter Insertion in Chronic Kidney Disease Stage 5 Patients in Terms of Catheter Malfunction and Post-operative Complications
31. To define surgical outcome in patients who are converted to minimally invasive surgery to open procedure
32. Validation of different methods of physical examination for swelling in thyroid region and sonographic correlation - a cross-sectional study
33. Validation of different methods of physical examination of breast and axilla in patients with breast diseases: a cross-sectional study

## **Collaborative Projects**

### ***Ongoing***

1. A molecular and immunohistochemical study of human colorectal carcinomas to classify them according to the consensus molecular subtypes and to evaluate its prognostic and therapeutic relevance, Pathology
2. A prospective randomized controlled study to compare the effectiveness of moist occlusive honey dressing Vs. JatyadiTaila dressing in complete healing of dushtavrana (Chronic Wound) Department of Shalya Tantra, All India Institute of Ayurveda
3. Development of labyrinth based mechanical and fast isolation technique for identifying circulating tumour cells of colorectal carcinomas for metastatic evaluation, Pathology
4. Efficacy and safety of Semaglutide 2.4 mg once weekly in subjects with overweight and obesity, Endocrinology
5. Elucidating the role of differentially expressed genes in colorectal cancer stem cells, Biochemistry
6. Extracellular Matrix Remodelling in Obesity Induced Adipose Tissue Dysfunctions and Insulin Resistance, Biochemistry
7. Immunohistochemical and quantitative analysis of cytokeratin and cKIT in gastrointestinal and respiratory neuroendocrine tumours, Anatomy
8. Role of T-Regulatory cells (T-regs) in obesity and their clinical correlation in obesity associated inflammation in type 2 diabetic and chronic kidney disease (CKD), Nephrology
9. Study of Vascular Endothelial Growth Factor (VEGF) and Its Isoforms in Obesity Associated Adipose Tissue Dysfunctions, Biochemistry

10. Studying the role of WnT non-canonical pathway in sustaining colorectal cancer stem cells (CSC) and evaluating its role in cancer stem cell metabolism, Biochemistry
11. The Modulation of Insulin resistance and HDL quality by adipose tissue ABCA1 and metabolic status, Biochemistry
12. To study the role of regulatory T cells in immune suppression in patient with colorectal cancer, Transplant Immunology and Immunogenetics
13. Unravelling the role of novel proteins in gastroenteropancreatic and respiratory neuroendocrine tumours, Anatomy

### **Completed**

1. Endoplasmic Reticulum (ER) Stress in Obesity Induced Adipose Tissue Dysfunction and Inflammation, Biochemistry

### **PUBLICATIONS**

**Journals: 31**

**Abstracts: 20**

**Chapters in Books: 5**

### **PATIENT CARE**

The department is providing regular services in multiple fields including multimodality treatment for breast cancer patients, minimally invasive surgery, renal transplantation, hepatobiliary and pancreatic surgery, thoracic and thoracoscopic surgery, endocrine surgery, metabolic and bariatric surgery, vascular surgery including surgery for vascular access in end stage renal disease patients and cancer surgery. Our department is actively involved in indoor and outdoor patient management. The department runs the following special clinic besides regular General surgery OPD:

- Bariatric Clinic
- Breast Cancer clinic
- Follow up Clinics
- Combined pulmonary surgery clinic
- Renal Transplant clinic

The department holds regular patient support group meetings for various core areas like bariatric surgery, breast cancer. It has been actively participating in spreading awareness of these diseases in community settings via health awareness camps, delivering talks on national FM radio, writing articles in magazines and attending public awareness seminars organized by various organizations. Faculty members have also provided their services at Leh as part of the Ashoka Mission.

During the COVID 19 pandemic, the department has been providing telephonic consultations of various patients and emergent patient care as per the institutional SOPs.

### **AWARDS, HONOURS AND SIGNIFICANT EVENTS**

#### **Department**

- Third prize for poster and video presentation at Institute Day Celebration held on 25 September 2019.
- Awarded the rolling trophy for conducting the best monthly meet of Delhi state chapter of Association of Surgeons of India for the year 2018 during the annual conference of the society held in November 2019.

**Professor Anurag Srivastava** delivered oration at SURGICON 2019 – Manekshaw Centre, Delhi Cantt., New Delhi, 25 November 2019; Elected as the President Elect of the Delhi state chapter of Association of Surgeons of India.

**Professor Sunil Chumber** provided services at Leh as part of the Ashoka Mission.

**Professor Rajinder Parshad** delivered SK Sen memorial oration – “Changing trend in the management of breast cancer - an experience of 3 decades” - SURGICON 2019 – Manekshaw Centre, Delhi Cantt., New Delhi, 24 November 2019.

**Professor Sandeep Aggarwal** was invited as an Expert from India for a Course on Pediatric Obesity-Global Perspectives at the Obesity Week organized by The Obesity Society (TOS) and American Society of Metabolic and Bariatric Surgery (ASMBS).

**Professor Virinder Kumar Bansal** is Member, Institute Body, JIPMER, Puducherry May 2019 till May 2024; Co-Chairman, Surgery Expert Group for Standard Treatment Workflow for ICMR and National Health Authority, Ayushmann Bharat, New Delhi, 2019; Member, Apex Technical Committee for Renal Transplantation under NOTTO, January 2020; Visiting Professor, Department of Organ Transplant, University of Michigan, USA, 15-23 October 2019; President, Society of Endoscopic and Laparoscopic surgeons of India, (SELSI), January 2020; Vice President, Indian Hernia Society, 2019; Secretary, International College of Laparoscopic Surgeons 2019, 2020.

**Professor Anita Dhar** was awarded PhD from AIIMS, New Delhi; Medical Board member, Constituted at AIIMS Hon'ble National Consumer Disputes Redressal Commission, New Delhi in Consumer Case.

**Dr Hemanga K. Bhattacharjee** received the Smith International Surgical Scholarship 2020 awarded by the Department of Colorectal Surgery, Cleveland Clinic Florida, Florida, USA; Awarded American Society of Colon and Rectal Surgeons' (ASCRS) International Career Development Scholarship Award for the year 2019; The European Society of Coloproctology awarded International observership award; Received the award of certificate of appreciation for contribution to various academic activities at the SET Facility by Director, AIIMS.

**Dr Asuri Krishna** was elected Secretary Indian Hernia Society 2020-2022.

**Dr Piyush Ranjan** was awarded by Meadows foundation; National core group of experts for strengthening Emergency and Trauma Care services; Felicitated by DGHS on National Doctors Day; Resource person for developing Emergency and trauma care curriculum guideline; Attended as expert - WHO Bi-Regional (South East Asian & Western Pacific Regions) Drowning Prevention Status Report- Multi Stakeholder Meeting.

**Dr Suhani** was awarded for contribution in surgical education: by Delhi state chapter, Association of Surgeons of India at SURGICON 2019; Recipient of "Betadine Young Surgeon Award 2019" at ASICON 2019 at Bhubaneswar; Received certificate of Appreciation for contribution towards content development at SET facility AIIMS by Honorable Director, AIIMS, Delhi; Member of the Expert group for developing National Guidelines on Patient safety for National Patient Safety Implementation framework of India (2018-25).

#### **Residents:**

- Dr. Vitish Singla received Presidents Medal from Delhi State chapter of ASI for best research paper publication.
- Dr. Eshan Verma received BSI travel award to attend the World Congress of Surgery in Krakow, Poland 2019.
- Dr. Neha Gupta was awarded fellowship from EORTC (European Organization for research treatment & Cancer) to visit and present the research work in March 2020 in EBCC (European Breast Cancer Conference).
- Dr. Adarsh Pratap Singh received the Presidential young lymphologist award during the 27th ISL World Congress of Lymphology held at Argentina, Europe
- Dr. Kush Raj Lohani received clinical scholar award at San Antonio breast cancer symposium, USA

#### **VISITING SCIENTISTS**

- Dr. Ismal Jatoti, chief of the division of surgical oncology and endocrine surgery at UT Health San Antonio visited the department on 4 and 5 April 2019 during the AIIMS Breast course.
- Dr. Dieugini, thoracic surgeon from Shanghai Pulmonary Hospital visited the department as part of operative workshop on uniportal VATS in September 2019.
- Dr. Khalid Mohammad Ali Amer, consultant thoracic surgeon, South Hampton, UK visited the department for two weeks in September 2019 for mentorship of residents and faculty in the field of thoracic surgery.
- Dr Reinhard Bittner and Dr Li Binggen from Rottenburg, Germany (Hernia Center) visited as part of Operative workshop on newer minimally invasive incisional and ventral hernia repairs on 14 and 15 December 2019.

## 9.40. Transfusion Medicine

### Professor and Head

DK Sharma

### Chief Medical Officer, Incharge

Poonam Coshic

### Assistant Professors

Hem Ch. Pandey  
(Main Hospital)

Gopal Patidar  
(CN Centre)

Rahul Chaurasia  
(JPNATC)

Diptiranjana Rout (from September 2019)  
(NCI, Jhajjar)

### HIGHLIGHTS

The department is committed to patient care and blood safety and works tirelessly to achieve its aim of providing “Right blood to right patient at right time”. The blood bank services are provided 24x7 throughout the year.

The MD Transfusion Medicine was started in 2017 with first student joining in Jan. 2017. Presently we have eleven students pursuing MD. One student, the first student in the programme graduated in 2019.

Sincere efforts have been made to boost the voluntary blood donation and as a result we were able to make a record of collecting 3000 blood units on 27 February 2020 in the “Mega Blood Donation Event!”

Donor education, motivation and recruitment are being strengthened in rural areas also which have added to the voluntary donation.

Blood safety is an ongoing effort and all blood units collected in the three existing blood banks 100% are tested with NAT, in addition to serologic testing thereby providing an additional layer of safety. NAT laboratory of Main Blood Bank is the central testing facility for infectious markers for CNC blood bank and JPNATC blood bank.

Testing facility of Antibody screening using extended panel has been extended to emergency patients also. Antibody identification in patients having irregular antibodies is now being done regularly as a routine procedure.

Blood bank is supporting ABO incompatible kidney transplants by performing plasmapheresis procedures and antibody titer testing for the patients. A storage centre has been started at NCI Jhajjar which receives blood component support from Main Blood bank as its mother blood bank. The setting up of the “Blood Center” at National Cancer Institute, AIIMS, Jhajjar campus is under process.

### EDUCATION

1. CMET course on “Good Transfusion Practices” for nursing staff.
2. MBBS UG classes on Blood banking.
3. Regular training of OT technicians (B.Sc. OTT) in various laboratory techniques related to safe blood transfusion practices.
4. Regular orientation and training programmes for AIIMS nursing students.
5. MD Transfusion Medicine has been started and presently eleven students are pursuing this programme.
6. Teaching of Postgraduate students from Deptt. of Pathology, Lab. Medicine and Hematology is being done during their posting.
7. Training classes for Nursing officers posted at National Cancer Institute, AIIMS, Jhajjar campus regarding “Safe Bed-side transfusion practices”

### CMEs/Workshops/Symposia/National and International Conferences

1. CME on Blood Safety and Quality: Infectious Diseases, 5 April 2019, AIIMS, New Delhi

### Lectures delivered

Poonam Coshic: 1

Hem Chandra Pandey: 11

Gopal Kumar Patidar: 4

Rahul Chaurasia: 1

### **Poonam Coshic**

1. Panel discussion on Perinatal and neonatal transfusion practices, CME on Update on perinatal, neonatal and paediatric transfusion practices, 31 August 2019, New Delhi

### **Hem Chandra Pandey**

2. Panel discussion on “False positivity, donor notification, donor re-entry and donor deferral & its impact”, CME on Blood Safety and Quality: Infectious Diseases, 5 April 2019, New Delhi
3. Panel Discussion on “National Blood and Plasma policy–Towards strengthening Transfusion services in India”, CME on ‘Introducing PBM-Transition from Product to Patient Centric Approach’, 29-30 November 2019, Jaipur
4. Panel discussion on “Perinatal and neonatal transfusion practices”, CME on “Advancements & New Horizons in Pediatric Transfusion Practices”, 31 August 2019, New Delhi
5. Pre-transfusion testing and compatibility issues, NHM “Training of Trainers for Strengthening of Blood Services and e-RaktKosh” for blood bank officials of Madhya Pradesh, 13 June 2019, Noida
6. Pre-transfusion testing and compatibility issues, NHM “Training of Trainers for Strengthening of Blood Services and e-RaktKosh” for blood bank officials of Telangana, 31 July 2019, Noida
7. Pre-transfusion testing and compatibility issues, NHM “Training of Trainers for Strengthening of Blood Services and e-RaktKosh” for blood bank officials of Uttarakhand, 28 August 2019, Noida
8. Pre-transfusion testing and compatibility issues, NHM “Training of Trainers for Strengthening of Blood Services and e-RaktKosh” for blood for blood bank officials of Telangana, 19 December 2019, Noida
9. Pre-transfusion testing and compatibility issues, NHM “Training of Trainers for Strengthening of Blood Services and e-RaktKosh” for blood for blood bank officials of Maharashtra, 23 January 2020, Noida
10. Pre-transfusion testing and compatibility issues, NHM “Training of Trainers for Strengthening of Blood Services and e-RaktKosh” for blood for blood bank officials of Chhattisgarh, 4 February 2020, Noida
11. Pre-transfusion testing and compatibility issues, NHM “Training of Trainers for Strengthening of Blood Services and e-RaktKosh” for blood for blood bank officials of Chhattisgarh, 3 March 2020, Noida
12. Significance of DAT in neonatal hyperbilirubinemia—interpretation and management, CME on “Advancements & New Horizons in Pediatric Transfusion Practices”, 31 August 2019, New Delhi

### **Gopal Kumar Patidar**

1. Blood Donor HvPI followed by Case studies, CME on Hemovigilance Program of India, 6th Feb 2020, Udaipur, Rajasthan
2. Blood Donor HvPI followed by Case studies, CME on Hemovigilance Program of India, 11th Feb 2020, Jodhpur, Rajasthan
3. Blood Donor HvPI followed by Case studies, CME on Hemovigilance Program of India, 24th Feb 2020, Rajkot, Gujrat
4. Blood Donor HvPI followed by Case studies, CME on Hemovigilance Program of India, 14 February 2020, Chennai, Tamil Nadu

### **Rahul Chaurasia**

1. Massive Blood Transfusion Protocol, EMINDIA2019 (National Emergency Medicine Conference), 3 August 2019, New Delhi

### **Oral papers/posters presented**

1. Chaurasia R, Akhtar N, Arya V, Karjee S, Arulselvi S. Reappraisal of the concept of massive transfusion in trauma patients presenting with hemorrhagic shock. TRANSMEDCON 2019-8th Annual Conference of Indian Society of Transfusion Medicine, 9-11 January 2020, Mumbai
2. Chippy CS, Pandey HC, Seth T, Coshic P, Thapliyal RM, Sharma V. High dose IVIG & steroid for incompatible transfusion in a case with multiple alloantibody, HEAMATOCAN 2019 60th Annual conference of Indian Society of Hematology and Blood Transfusion, 7-10 November 2019, New Delhi
3. Chippy CS, Pandey HC, Thapliyal RM, Sharma V. Pan reactivity in antibody screen and identification: is it justified to transfuse least incompatible red cells?, TRANSMEDCON 2019-8th Annual Conference of Indian Society of Transfusion Medicine, 9-11 January 2020 Mumbai
4. Dhiman Y, Patidar GK, Hazarika A, Family History during screening blood donors. Do we really give much importance?, 29th regional congress of ISBT, 22-26 June 2019, Basel, Switzerland
5. Jain R, Kumar R, Coshic P, Pandey HC. Audit of Blood Transfusion Requisitions and role of implementation of

blood bank software clinician module with resident training in improving transfusion practice at a tertiary care hospital, TRANSMEDCON 2019-8th Annual Conference of Indian Society of Transfusion Medicine, 9-11 January 2020, Mumbai

6. Khan AI, Khan AK, Patidar GK, Hazarika A. Audit of Blood Usage in Elective Cardiac Surgery Procedures AABB Annual Meeting, October 19–22, 2019, San Antonio, Texas
7. Khan AK, Singh K, Patidar GK, Hazarika A. Blood Utilization Practices in Elective Neurosurgical Procedures AABB Annual Meeting, 19-22 October 2019, San Antonio, Texas
8. Kumar R, Pandey HC, Jain R, Coshic P. Retrospective comparison between non-treponemal and treponemal tests for screening of blood donors for syphilis and their correlation with donor history at tertiary care hospital, TRANSMEDCON 2019-8th Annual Conference of Indian Society of Transfusion Medicine, 9-11 January 2020, Mumbai
9. Meena SK, Pandey HC, Thapliyal RM, Sharma V. Use of adsorption studies to detect underlying alloantibodies in AIHA patients—experience of a referral center, TRANSMEDCON 2019-8th Annual Conference of Indian Society of Transfusion Medicine, 9-11 January 2020, Mumbai
10. Nivedita K, Dhiman Y, Patidar GK, Hazarika A. Comparative analysis of two commonly used transfusion-Transmitted infection testing (TTI) methods, TRANSMEDCON 2019, 9-11 January 2020, Mumbai
11. Pandey HC. Retrospective analysis of differences in red cell usage across different age groups and specialties in a tertiary care hospital, TRANSMEDCON 2019-8th Annual Conference of Indian Society of Transfusion Medicine, 9-11 January 2020, Mumbai

## RESEARCH

### Funded projects

#### *Ongoing*

1. A randomized control trial for evaluation of effects of leukoreduced blood transfusion on infection risk in severely injured trauma patients, Rahul Chaurasia, AIIMS, 2 years, 2019-2021, Rs 10 lakhs
2. A Randomized Control Trial for evaluation of Transfusion Related Immuno-modulation in patients with meningioma, Gopal Kumar Patidar, AIIMS, 2 years, 2018-2020, Rs 10 lakhs
3. Diagnostic accuracy of using cell free fetal DNA isolated from mother's plasma for determination of fetal Rh D status during antenatal period as compared to determination of D status using serological tests in cord blood, Hem Chandra Pandey, AIIMS, 2 years, 2019-2021, Rs 10 lakhs

### Departmental projects

#### *Ongoing*

1. A cost descriptive study in the treatment of Guillain-Barré Syndrome and Myasthenia Gravis patients at tertiary level hospital
2. A randomized control trial for evaluation of effects of leukoreduced blood transfusion on infection risk in severely injured trauma patients
