

M.Sc. NURSING DISSERTATIONS PROJECT ON NEPHROLOGICAL NURSING

Sl. No	Title	Name of Student	Year
1	A study to assess coping strategies and quality of life among hemodialysis patients.	Ms Uma Rani Adhikar	2006
2	An exploratory study to assess psychosocial problems of patients with chronic kidney disease (Stage V), undergoing hemodialysis, and waiting for renal transplantation.	Ms Anita Rani Kansal	2006
3	A study to identify the factors affecting medication non-compliance in renal transplant recipients.	Ms Ambily MG	2007
4	A study to assess the knowledge of patients regarding end-stage renal disease who are on dialysis, and to correlate their knowledge score with subjective well-being.	Mr. Hemant Kumar Saini	2007
5	A comparative study to examine the self-concept of patients having nephrotic syndrome with controls, and correlate it with handling practices of their parents.	Ms. Manju	2008
6	A study to assess the effect of cryotherapy in the reduction of arteriovenous fistula puncture pain in hemodialysis patients.	Ms. Sabita PB	2008
7	A study to assess the effect of foot massage on fatigue, sleep, and depression in patients on maintenance hemodialysis.	Biney Joshna	2009
8	A study to assess the quality of sleep in patients on hemodialysis and in patients after renal transplantation.	Merin Lisa Kusiakose	2010
9	A study to assess the quality of life of renal allograft recipients one year post-transplantation, and to compare it with the normal health population.	Anie Tresa	2011
10	An exploratory study to assess intradialytic and interdialytic pain in patients on hemodialysis.	Shinu Thomas	2011
11	A study to assess the motivational factors and concerns for kidney donation in living related kidney donors.	Neelam	2011
12	A study to assess hemodialysis stressors and coping strategies among hemodialysis patients attending the nephrology department, AIIMS, New Delhi.	Jiya Maria Thomas	2017
13	A descriptive study to assess perception of information and knowledge regarding hemodialysis and related self-care among hemodialysis patients attending the nephrology department, AIIMS, New Delhi.	Teena Mary James	2017
14	A study to compare the quality of life of children with steroid-sensitive nephrotic syndrome (SSNS), steroid-resistant nephrotic syndrome (SRNS), and chronic kidney disease (CKD) patients attending the pediatric OPD at AIIMS, New Delhi.	Savita Gahalain	2017

15	A cross-sectional study to assess alexithymia and depression in hemodialysis patients seeking treatment at AIIMS, with a view to develop a module for its management for caregivers.	Madhu	2018
16	A study to assess knowledge, self-efficacy, and problems faced by patients who have undergone renal transplantation at AIIMS, New Delhi, with a view to develop a renal transplant education booklet.	Ritu Rani	2018
17	A study to evaluate the effect of low intensity intradialytic exercises on serum urea, creatinine, and fatigue level of CKD patients undergoing hemodialysis at a tertiary care hospital.	Anubha D	2019
18	An observational study to assess medication administration practices and gaps related to transcription, administration, and documentation in general wards of AIIMS, New Delhi.	Seema Kumari	2019
19	A study to assess the effectiveness of an education booklet on knowledge of CKD among hypertensive and/or diabetic patients at AIIMS, New Delhi.	Jyoti Jangi	2019
20	A study to assess the relationship between fluid overload and quality of sleep in patients on maintenance hemodialysis at AIIMS, New Delhi.	Manisha Mehra	2020
21	A descriptive cross-sectional study to assess the knowledge and adherence to treatment regimens among chronic kidney disease patients at AIIMS, New Delhi.	S. Christina	2020
22	A study to assess knowledge regarding peritoneal dialysis home care and quality of life among peritoneal dialysis patients at AIIMS, with a view to develop an information booklet.	Spandana Kapudasi	2020
23	A Study To Develop Hemodialysis Patient Safety Care Protocol For The Patients Undergoing Hemodialysis At Aims, New Delhi And To Assess Its Feasibility, Nurses Acceptability And Patient Satisfaction.	Ranjana Kashyap	2021
24	A Study To Assess Anxiety, Depression And Quality Of Life Among Patients With Lupus Nephritis Reporting At Aiims, New Delhi	Ritambra Dadwal	2021
25	A Hermeneutic Phenomenological Study On Experiences Of Living Kidney Donors Post-Transplant At A.I.I.M.S, New Delhi	Minu Varghese	2021
26	A Pre-Experimental Study To Assess The Satisfaction Of Caregivers Of Children With Nephrotic Syndrome With Utsarjan App-Based Home Care And Management	Navid Iqbal	2022

27	A Study To Assess Quality Of Life (Qol) And Problems Faced By Stoma Patients During Covid19 Pandemic	Aarya Samridhi	2022
28	A Randomized Control Trial To Assess The Efficacy Of Renal Care Bundle On Quality Of Life (Qol) Among Ckd Patients At Aiims, New Delhi	Harpreet Kaur	2022
29	A Study To Assess The Effect Of Audio Visual Distraction On Fistula Cannulation Pain And Biophysiological Parameters Among Patients Undergoing Hemodialysis At Aiims, New Delhi	Pranita Kashyap	2023
30	A Study To Assess Effectiveness Of Video-Assisted Teaching Program On Kegel's Exercise To Reduce The Severity Of Urinary Incontinence Symptoms And On Quality Of Life Among Women Visiting Urology And Gynaecology Opd At Aims, New Delhi	Divya Shikha	2023
31	Clinical Audit Of Selected Nephrology Nursing Procedures Performed In Nephrology Unit Of Aiims With A View To Develop Nephrology Nursing Procedure Protocol Following Covid-19 Guidelines	Mamta Thakur	2023
32	Randomized Control Trial to assess the impact of web - based home care management programme on quality of life, adherence to treatment and nutritional markers among chronic peritoneal dialysis patients of selected hospitals of Delhi.	Mansi Bajaj	2024
33	“A study to assess the effectiveness of video assisted teaching on knowledge and behavioral practices regarding renal health among employees at AIIMS, New Delhi.”	Suman Kumari	2024
34	“A Study to Assess the Effectiveness of Mobile Application Based Home Care Management Programme of Kidney Transplant Upon Knowledge and Practice of Patients Undergone Kidney Transplantation in AIIMS, New Delhi”	Sajithra S	2024

With Kind Regards

Dr. Latha Venkatesan
Professor cum Principal
College of Nursing

Dr. Smita Das
Associate Professor
College of Nursing
