There is no material change in academic/research pursuit of Dr. Rama Jayasunder since she appeared for the promotion to the grade of Professor earlier. She has no basic understanding on functional MRI in clinical applications.

Sl. No.	Name of candidate	Batch	Recommendations
01	DR. SUBHADRA SHARMA	01.07.2013	'UNFIT'*

***Reason:** Dr. Subhadra Sharma was interviewed by two external experts and the Chairman and Members of Selection committee for more than 20 minutes. Dr. Subhadra Sharma's overall performance was extremely poor during the period for which she was considered and also at the time of this interview. She lacked basic knowledge and understanding of Laboratory Technology and Haematology. She did not have any research projects to her own credit. She could not answer questions on the papers published by her as co-author. She lacked basic concept of haematological parameters e.g. RDW, platelet function and G6PD enzyme. She also lacked basic understanding of microcytic hypochromic anaemia. When she was asked about the disposal of blood and needle, she even lacked this basics knowledge as a Lab person. A faculty Member of Lab. Medicine (Haematology) needs to have this essential knowledge to be able to guide others.

Therefore, Dr. Subhadra Sharma was declared unfit by both the external experts and Members of the Selection Committee.

3. PROFESSOR OF NEURO ANAESTHESIOLOGY (UNDER ASSESSMENT PROMOTION SCHEME)

Dr. Umamaheswra Rao GS, Senior Professor, Deptt. of Neuroanaesthesia, National Institute of Mental Health and Neurosciences, Bangalore- 560 029 and Dr. Vinod Grover, Professor, Deptt. of Anaesthesiology & Intensive Care, PGIMER, Chandigarh - 160 012 assisted as Technical Advisors/Experts.

The recommendations of the Standing Selection Committee for promotion to the grade of Professor of Neuro Anaesthesiology under Assessment Promotion Scheme are as under :-

Sl. No.	Name of candidate	Batch	Recommendations
01	DR. RAJENDRA SINGH CHAUHAN	01.07.2013	'UNFIT' *
02	DR. MIHIR PRAKASH PANDIA	01.07.2014	'FIT'

* **Reason** : Dr. Rajendra Singh Chauhan was interviewed by two external experts and the Chairman and Members of Selection committee for more than 30 minutes. The qualities expected of a faculty member holding the post of a Professor are to be knowledgeable in his speciality and the related areas, be a leader in organizing efficient clinical services and be a researcher by himself and guide the juniors in performing research. During the interview Dr. Chauhan was unable to suggest any concrete measures to improve the clinical services in Neuro Anaesthesia. His knowledge of advances and frontier areas in Neuro Anaesthesia and critical care was not satisfactory. Most importantly, during the review period he neither had any funded or non funded research projects to his credit nor was he the first author or the corresponding author of any research publication.

In view of the above facts Dr. R.S. Chauhan was not found to be fit for promotion to grade of Professor of Neuro Anaesthesiology.
