

**ALL INDIA INSTITUTE OF MEDICAL SCIENCES
ANSARI NAGAR, NEW DELHI - 110029**

No.F-37/Circular/2025-Estt. (H.)

Dated: 12.04.2025

Subject: Providing preferential consultation / treatment to the AIIMS employees including their dependent EHS beneficiary patients in OPD's / speciality Clinics / Diagnostic investigations and inpatient hospitalization.

The AIIMS employees including faculty / residents / students / officers / nurses / technical / administrative and group C staff / retired employees have been raising a genuine issue/concern in various forums/representations that occasionally, the EHS beneficiary patients including the employees and their dependent beneficiaries are not given any preferential treatment in the OPD's/Speciality clinics / Diagnostic Investigations and have to wait for long periods before being attended to. It has also been seen that some of us want preferential consultation / treatment for ourselves & our dependent family members but are unwilling to extend similar preferential facility to our colleagues & subordinate staff.

As such it is considered imperative that the institute employees, being a part of the AIIMS fraternity ought to be given some reasonable preferential consideration when seeking consultation/treatment for themselves or their dependent family members.

Accordingly all heads of clinical departments/units are requested to advise the faculty members and residents in their respective department/unit to accord due priority to the institute employees/EHS beneficiary patients.
