Reminder-1

Subject: Deactivation of e-Hospital users who have not verified themselves in e-hospital

This is to notify that e-Hospital is a critical Infrastructure and all the users who access the HMIS need to be verified and identified in the system.

On November 8 , 2023, users were asked to verify themselves in HMIS. Till date 2648 users have been verified themselves in HMIS. From **21-02-2024 after 2:00 PM** all login IDs in e-Hospital which are not verified will stop working. Users whose login IDs have stopped working can still login after verifying themselves in e-hospital. Steps to "user self authentication" are attached herewith.

For any doubt or help, kindly contact helpdesk at Computer Facility or email at tripta@aiims.gov.in/sushmacf@aiims.gov.in.

In view of security concerns, no further extension not permitted.

CIRCULAR

Subject: eHospital application user self authentication with employee code

To strengthen eHospital application user security, each user has to self-authenticate in the application with uniquely identifiable organization employee code. The employee code is going to be made mandatory in the application. Hence, all the users of the application must verify themselves in the application by 30-Nov-23, failing which they will not be able to login into the system.

Steps for self authentication to verify existing eHospital user in the application:

1. Open application: https://ehr.aiims.edu or https://ehospital.aiims.edu
2. Click on link: **Verify/Validate**
    a. Login:
        i. Enter user name (existing eHospital user id)
        ii. Enter Captcha, click on Next button
            In case of error HTTP Status 500 (clear cache or change browser)
    b. User Details Validate Form:
        i. User Type:
            1. select 'AIIMS Employee' if you are AIIMS Permanent Employee
            2. select 'AIIMS Contractual' if you are a contractual Employee on AIIMS Payroll
            3. select 'Other Company Contractual' if you are a Outsource Agency Employee such as BECIL or any other
        ii. Enter PAN No and Employee Code (printed in your salary slip)
        iii. Enter Mobile No (an OTP will be received on this number) and Click on button Send OTP
        iv. Enter OTP, Click on button Verify
    c. Success message pop up on screen: User details successfully verified

eHospital application users who are not be able to successfully verify themselves, need to contact Computer Facility or email their concern at tripta@aiims.gov.in
