7. Dr. Sanjay Kr. Arya, Prof. of Hosp. Admn. & PIC-Faculty Cell	--	Member
8. Sh. B.S. Gill, Sr. Administrative Officer	--	Member

[Dr Dr. Binod Kumar Khaitan, Prof. of Dermatology & Ven. (Liaison Officer for EWS), could not attend the meeting]

Committee was briefed about the methodology adopted for preparing Reservation Roster of Professor (Direct):-

STEP-I : As per Teacher's Cadre 2019, reservation rosters for Professors have been redrawn and adjustment made. The methodology adopted in the same as used for redrawing roster of Assistant Professor. This was as below:

- 120 point roster for Direct Recruitment on all-India basis otherwise than by open competition is implemented while drawing this roster.
- All posts of Professor of various disciplines have been plotted in a Single Cadre.
- All posts occupied at present have been plotted as per date of joining of present incumbents.
- In cases where more than one person has joined on the same day & time(FN/AN), in those cases posts on which elder in age had joined have been plotted on the roster before those who are younger.

- All the vacancies/new creations have been plotted as per date of occurrence, if date of occurrence is same then the order of plotting is in alphabetical order of the departments.

STEP-II : MAKING RATIONAL ADJUSTMENTS

- For the purpose of making rational adjustments, all these posts were grouped as in old roster.
- Percentage of reservation in various specialties/department was calculated.
- Those specialties/deptt. where adjustment need/could to be made(not exact 50% but near about 50% as much as possible depending on total post in that specialties/Deptt.) were identified.
- Deptt./specialties(which were identified for adjustments were segregated into 3 groups:-
 - Group (A) - Super specialties
 - Group (B) - Clinical specialties
 - Group (C) - Others including Dental.
- Adjustments were made from top to bottom in each of these group. These were first made in super-specialties group, followed by Clinical specialties group and then others group. While doing this, left over adjustments from Group A were carried to Group B and then to Group C.
- For each adjustments in one group, adjustment was made with nearest point.
- Where adjustment could not be made within same group, these were made in the next group in the order of group A, B and C.

STEP-III : FINALISING ROSTER

- After adjustments were made, percentage of reservation was again calculated and compared with calculation made before adjustments.
- Roster after these adjustments is finalized.

Committee approved to methodology adopted to re-draw reservation roster. Committee went through the draft roster (which has also been shared with them through e mail) and approved in principle.

It was agreed that, draft revised roster will be again shared with all members and will be finalized in next meeting.

Following agenda items (which has been circulated along with meeting notice) were discussed and decision made.

1) Draft roster for the post of Professor (Direct)

Committee approved the Roster of Professors

2) **Reservation Roster of Medical Superintendent:-** Roster of Medical Superintendent was finalized by this committee and post was advertised as UR. We had then received representation about reservation point. The issue was examined and it was noted that for preparing 13 point Reservation Roster, DoPT Guidelines are as under:-
Rosters registers shall be maintained for cadre with 2 to 13 posts. For preparing Roster, names of all incumbents in the cadre as on 02.07.1997 may be entered in the register starting from earliest appointee. If an appointee in the cadre is a Scheduled Caste Candidate, SC may be entered in column 5 of register against his name. If that candidate was appointed by reservation, SC may be written in column 6 also but he was appointed on his own merit, UR will be written in column 6. If the next appointee is a General Category candidate, general shall be written in column 5 against his name and UR in column 6 and so on till all appointment are adjusted. In doing so, a general category candidate, may appear in on a reserved point and an SC/ST/OBC candidate may appear against unreserved point. If name of an SC/ST/OBC candidate appointed by reservation is entered against general point, entries may be made in remarks column against that point and also against nearest point reserved for SCs/STs/OBCs, as the case may be, to the effect that such a candidate is to be treated to have been adjusted against the relevant reserved point. Likewise, entries will be made in remarks column for candidates who are appointed as general category candidates but whose names appear against reserved point. Similar adjustments will be made in respect of SC candidates appearing against a point reserved for STs or OBCs and so on. After all the 14 points are consumed, fresh cycle of the roster may stated. As many roster points may be treated to have been consumed on the date of start of the roster register as many roster points may be treated to have been consumed on the date of start of the roster register as many employees occupy the roster

[Handwritten signatures and initials]

points as on the date start of the register. From the point onward, vacancies may be filled as per roster points subject to adjustment of reserved category candidates appointed by reservation and general category candidates as explained above.

Details of all incumbents to the post of Medical Superintendent since 1997 is as under:-

S. No.	Name of appointee	Date of appointment as MS	Date of Birth	Resigned/Retired/VRS	Remarks
01	Dr. R.C. Anand	Not available	14.06.1941	Superannuated on 30.06.2003	On that time, age of superannuation was 62 years.
02	Shakti Kumar Gupta	23.09.2005	10.01.1956	Superannuated on 31.01.2021	Age of superannuation is 65
03	Dr. D.K. Sharma	23.09.2005	29.05.1962	--	--

In 2021, after superannuation of Dr. Shakti Kumar Gupta, this post (RPC will be plotted at point No. 4 which is OBC. Thus as per roster, present vacancy has been plotted at point No. 4.

Accordingly, the committee was told that roster finalized earlier for the post of Medical Superintendent need to be withdrawn and roster redrawing as per DoPT guidelines needs to be considered for approval.

Committee approved the revised roster.

- 3) **Reverting Reservation Roster of Associate Professor and Tutor in College of Nursing:-** Committee was informed that while implementing Teachers Cadre Act, 2019 for Assistant Professor, it was understood that all reservation rosters are to prepared afresh. However, this was not to be so. We were to redraw those roster where teachers post similar in pay scale had been grouped in more than one group, were to be redrawn as per Teachers Cadre Act,2019 on 120 point roster. Since all post of Associate Professor, College of Nursing and Tutors were earlier plotted in single group in two separate rosters, these rosters were not needed to be revised.

Accordingly, it was submitted that these revised rosters may be treated as Null & Void and we may continue to use existing Reservation Rosters (before revision) for these 02 posts.

Committee approved the same.

- 4) Plotting 32 posts of Assistant Professors, in Reservation Roster due to for which Recruitment Rule are yet to be finalized.

Sl.No.	Name of Department	No. of posts
01.	Blood Bank, Surgical Block	02
02.	Gynec Oncology(NCI, Jhajjar)	03
03.	Tumor Pathobiology(NCI, Jhajjar)	03
04.	Hemato Oncology (NCI, Jhajjar)	03
05.	Psychology Oncology(NCI, Jhajjar)	02
06.	Trauma Surgery(JPNATC)	10
07.	Surgical Clinical Care(JPNATC)	06

[Handwritten signatures and initials are present below the table, including 'Smt', 'Pril', 'Smt', and others.]

08.	Ophthalmology (Oculoplasry) (JPNATC)	01
09.	Epeidomology , NDDTC	01
10.	Home Care & Outreach Programme(National Centre for Aging)	01
	Total:	32

Before Teachers Cadre Act 2019 came into being faculty posts had been grouped on the basis of Recruitment Rules. Those post without Recruitment Rules could not be added to the roster.

After Teacher's Cadre Act, 2019, all faculty posts have been grouped together. Thus it not required to have Recruitment Rules as a pre-requisite to plot these posts. Accordingly, these posts have been plotted in Reservation Roster as per approved methodology i.e. as per date of creation. If date of creation is same then the posts have been plotted as per order in creation order.

Committee approved the updated roster of Assistant Professor.
