Ref. No. 15/SO(DO)/Pediatric/PAC/2024-25/M&E

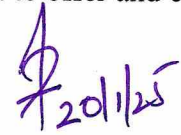

Dated:- 20.01.2025

Sub: Purchase of “Upgradation of Phadia 100 to 200 machine (Automated Immunoassay Analyser” for the Department of Pediatric, at AIIMS, New Delhi-110029, on Proprietary basis inviting comments thereon.

The request has been received from Department of Pediatrics, Store Section (DO) for purchase of “Upgradation of Phadia 100 to 200 machine (Automated Immunoassay Analyser” from on PAC basis-01 unit from OEM M/s. **Thermo Fisher Scientific India Pvt Ltd.**, through its authorized distributor M/s. **Manvy Pharma** along with has following documents are as under:-

1. Principle Proprietary Certificate (Copy Attached)
2. PAC duly signed by Departmental TSEC (Copy Attached)
3. Technical Specification duly signed by Departmental TSEC (Copy Attached)
4. Performa Invoice from principle/authorized distributor M/s. Manvy Pharma (Copy Attached)
5. Authorized to M/s. Manvy Pharma (Copy Attached)
6. GeM Non-availability report (Copy Attached)
7. Land Boarder sharing certificate (Copy attached)

The above documents are being uploaded for open information to submit objection, comments, if any, from any manufacturer regarding proprietary nature of equipment/ item within issue of 15 days giving tender reference No. 15/SO(DO)/Pediatric/PAC/2024-25/M&E. The Comments should reach to the office of Sr. Store Officer (DO), Store Section (DO), 1st Floor Animal Facility, Near Gate No. 02, Ansari Nagar, AIIMS, New Delhi-110029 on or before 04/02/2025 at 04:00 p.m. failing which it will be presumed that any other vendor is having no comment to offer and case will be decided on merits.

PROPRIETARY/SPECIFIC BRAND GOOD CERTIFICATE

1. Item/Type/Model no. required along with specification	Phadia 200 machine
2. Is the item a spare part/attachment or accessory for an existing equipment	NA
3. Name of the manufactures/supplier of the item proposed by the indentor	Principal Company: M/s Phadia AB, Sweden & Thermo Fisher Scientific India Pvt. Ltd.
4. Are they sole manufacture/sole distributors of the item	Yes
5. Is there any other item with similar/equivalent specification available in the market to meet the job requirement envisaged. If the answer is yes, way the same can't be procured. Demanding officer should bring out comparative functional advantages/cost effectiveness of the recommended item form these offered by other	N.A.
6. What were the efforts made to locate alternative source of supply or use other substitutes.	Internet & market places search, no other make/brand suitable with the existing machine
7. Why open/limited tender can't be resorted to for locating alternative source	Proprietary based item, only manufactured by M/s Phadia AB, Sweden. Compatibility of their products.
8. Are the proprietary item certify that the rates are reasonable or not	Yes
9. Any other justification for procuring item from single source.	As above

Item name: Upgradation of Phadia 100 to Phadia 200 (Automated immunoassay Analyser)

Quantity: 1

Approximate cost: Rs 45 lakhs.

Justification for upgradation: The department installed the current immunoassay analyzer Phadia 100 in 2015. The company, ThermoFisher Scientific has phased out the Phadia 100 equipment on 30th June 2016 (Annexure I). Though they committed to supply spare parts, assays, system reagents etc, until 30th June 2024.

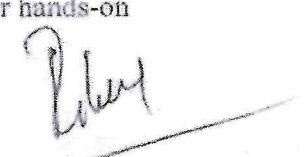

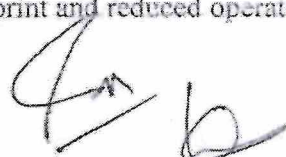

We need to upgrade the equipment before company stops all support for the existing equipment that is phased out.

Moreover, we are in need for more allergen tests to handle the load of required tests.

So, we request for upgradation of Phadia 100 to Phadia 200 with following specifications.

Specifications

1. It should be able to perform both allergic and autoimmune tests.
2. It should be compact so that can be installed on benchtop and need minimum space.
3. It must provide fully quantitative results of clinically relevant antibodies.
4. The assay should be based on fluorescent enzyme immunoassay (FEIA technology).
5. The specific IgE assay should have Gold standard technology which is an in-vitro quantitative assay for measurement of allergen specific IgE.
6. It should have batch workflow of 42 samples, 48 Autoimmunity tests OR 42 samples, 96 Allergen tests.
7. The system should run both autoimmunity and Allergy tests on the same platform.
8. The system should be automatic with reagent and sample scanning, Traceable 96 position carrier loading trays, ImmunoCAPTM and EliATM test dispensing, and on-board dilution.
9. It should be calibrated according to the WHO standards.
10. The system should have 28 days storage of calibration curves.
11. The system should be able to perform dispensing, washing, incubation, and reading on the same instrument, and take care of evaporation control and external light elimination during incubation.
12. It should have stand-alone operation with prime interface and touch screen for easy operation.
13. It should be easy to move within and between labs.
14. It should have provision of integration into Lab IT infrastructure, LIS connection for rapid and safe transfer of sample information and results, Connected to Instrument software on external PC for easy stock management and ordering, software connection for remote troubleshooting and support.
15. It should be able to perform daily tests as follows: Allergy 2 x 96 results per day/
Autoimmunity 2 x 48 results per day.
16. It should have maximized tests with minimal footprint and reduced operator hands-on

time.

17. It should have automatic cap dispensing, simplified maintenance, stand-alone or external PC connection option.
18. It should have large touch screen display to control all functions of the unit.
19. It should run on 220 V/50 Hz AC current and on room temperature.
20. The price should include all software and consumable for period of 3 years (500 tests per annum) total 1500 tests.
21. Rate of consumables to be frozen for 10 years (5 years warranty and 5 years CMC).
22. It should be US FDA approved or European CE approved.
23. Warranty of 5 years to be provided.
24. There must be 5 years of CMC after end of warranty.
25. Service station should be Delhi/NCR based.
26. Should be supplied with list of spare parts and consumables with price fixed for next five years.
27. Quotes should include costs of basic equipment along with all software.
28. There should be provision for training of personnel by an expert.
29. The principal company and the quoting firm should not have an active blacklist/ban anywhere in India from any government/semi government institute/hospital/agency.
30. Copies of all certifications e.g. Quality Standard certificate, Proprietary Item/parts, Patent of parts/ technology, Principal company/Authorised Distributorship should be attached with the quotations.
31. Penalty clause: In no case the instrument should remain in non-working condition for more than 2 days, beyond which a penalty of 2% of machine cost will be charged per day.
32. All technical bids comparative statement to the tender specifications must be enclosed (including consumables) along with the reference page no., paragraph no., from the original catalogue of equipment. The bid for the particular equipment may be summarily rejected in case bid fails to provide compliance statement with its reference from the catalogue.

GeM Availability Report and Past Transaction Summary

GeM Availability Report and past transaction summary report is generated based on the specifications searched by the Buyer. The specification may be modified appropriately for searching relevant categories on GeM. Buyer may navigate to GeM category page by clicking on the category link to view category specifications and products/services available in the category.

Order Count and Order Value displayed is on a cumulative basis since GeM inception.

1. Search String: Phadia 200 Systems

Search type: Product

1. There are categories available on GeM matching your requirements (as listed here). You can create a bid on GeM with a product closest matching your required specifications and add additional parameters in specifications through Corrigendum using RMS functionality.
2. If you feel that category TP needs updating you can submit category updating request also through RMS.
3. If you do not want to use any of the above option and want to proceed for procurement outside GeM, please suggest the specifications of the required product for creation of new category on GeM for future procurement.

Search Result: Category available/suggested on GeM but marked as "not matching requirements" by the buyer with undertaking as under:

It is certified that I have thoroughly checked all probable categories suggested by GeM and I am satisfied that the product required is not covered / does not fall in any of the suggested categories and can not be procured under any of these categories even after inclusion of List of Values(LOV) wherever possible in category specifications of suggested categories. It is also certified that the technical specification requirement are such that these can not be covered even by adding specification parameters using ATC in any of the GeM suggested categories. This is a one-time requirement hence new category creation is not proposed / or requirement is recurring but request for new category creation will be submitted separately post generation of GeMARPTS.
