GeM Availability Report and Past Transaction Summary

GeM Availability Report and past transaction summary report is generated based on the specifications searched by the Buyer. The specification may be modified appropriately for searching relevant categories on GeM. Buyer may navigate to GeM category page by clicking on the category link to view category specifications and products/services available in the category.

Order Count and Order Value displayed is on a cumulative basis since GeM inception.

1. Search String: Olympus Gastrointestinal Video Scope

Search type: Product

1. There are categories available on GeM matching your requirements (as listed here). You can create a bid on GeM with a product closest matching your required specifications and add additional parameters in specifications through Corrigendum using RMS functionality.
2. If you feel that category TP needs updating you can submit category updating request also through RMS.
3. If you do not want to use any of the above option and want to proceed for procurement outside GeM, please suggest the specifications of the required product for creation of new category on GeM for future procurement.

Search Result: Category available/suggested on GeM but marked as "not matching requirements" by the buyer with undertaking as under:

It is certified that I have thoroughly checked all probable categories suggested by GeM and I am satisfied that the product required is not covered / does not fall in any of the suggested categories and can not be procured under any of these categories even after inclusion of List of Values(LOV) wherever possible in category specifications of suggested categories. It is also certified that the technical specification requirement are such that these can not be covered even by adding specification parameters using ATC in any of the GeM suggested categories. This is a one-time requirement hence new category creation is not proposed / or requirement is recurring but request for new category creation will be submitted separately post generation of GeMARPTS.

File No.29/cons.items-RC/Ortho/2026-27

Subject: Proposal for finalization of Rate Contract (RC) for consumables required for Gait and Movement Analysis Lab System - Orthopaedics Department.

This is with reference to the Gait and Movement Analysis Lab System model BTS smart DX-7000, 12 TVC (S/n 0417-0219) vide S.O. No.27-23/Ortho/2016-17/FSC-I dated 18.02.2017 installed in the Department of Orthopaedics on 15.02.2018 by M/s. Hospimedica International Ltd. (Principal Firm: M/s BTS S.P.A. Italy). It is submitted that the Comprehensive Annual Maintenance Contract (CAMC) for the said equipment was executed vide File No. XV/1-49/Ortho/2022-23/ST with M/s. Hospimedica International Ltd., which is valid from 08.02.2023 to 07.02.2028. For effective and uninterrupted functioning of the Gait & Movement Analysis Lab System, various consumables are required on a regular basis for patient care services.

In this regard, a discussion was held with the Faculty In-charge, Gait Lab and Faculty In-charge (Store), Department of Orthopaedics. It was decided that a Rate Contract needs to be finalized to fix the rates for procurement of the said consumables.

In this regard, M/s Hospimedica International Ltd., has provided quotation (list of consumables to be used in said Gait and Movement Analysis Lab System) for necessary action of creation of Rate Contract.

In view of the above, the file is hereby forwarded to the Store Section(DO) with the request to kindly initiate the process for finalization of Rate Contract (RC) at the earliest and provide the approved RC to this department, so that consumables can be procured through RC and the working status of the machine can be maintained for effective patient care services.

Submitted for kind perusal and necessary action, please.

(Dr. Ravi Mittal)
