Sub.- Invitation for Pre-NIT Meeting regarding Hiring of agency for Providing Services for Installation of new DTH/ Internet Protocol Television (IPTV), Internet TV Connections in Televisions at AIIMS, New Delhi on 02 years rate contract basis-reg.

Dear Sir,
Greetings for the day!

As you would know that AIIMS, New Delhi is the premier multi-disciplinary super specialty health sciences institution of India. It was established in 1956 by an Act of Parliament. AIIMS has a trinity of mission, which is medical education, research and patient care.

You are hereby informed that AIIMS, New Delhi, being a premier medical institution of the country, intends to initiate a fresh Rate Contract for providing DTH/Internet Protocol Television (IPTV)/Internet TV connections and related services for televisions installed at various locations of AIIMS, New Delhi, for a period of 02 years.

At present, conventional Cable TV services are being provided at the Institute. However, considering the rapid advancement in television and digital communication technology, AIIMS, New Delhi proposes to explore modern and technologically advanced television services, including DTH, IPTV and Internet TV services.

In this regard, a Pre-NIT meeting is being to be conducted with leading/reputed service providers to obtain their views and suggestions regarding the latest available technology, service models, technical specifications, connectivity requirements, subscription plans, installation and maintenance services, payment mechanism and other relevant aspects.

The meeting will provide an opportunity to the prospective service providers to brief the Institute regarding the following:

- i. Latest DTH/IPTV/Internet TV technology and available service models.
- ii. Technical requirements and infrastructure required for providing the services.
- iii. Available channel packages and subscription plans suitable for an institution such as AIIMS, New Delhi.
- iv. Installation, commissioning, operation and maintenance of the services.
- v. Service support mechanism, complaint resolution and response time.
- vi. Scalability and future up gradation of the proposed system.
- vii. Any other suggestions/recommendations which may facilitate preparation of comprehensive and technology-neutral technical specifications for the proposed tender.
